Edited by Mr. Arthur Miller, a veteran editor with over 20 years of experience at The Literary Review, specializing in literary awards and their cultural impact.

The announcement of the 2022 Pulitzer Prize winners in literature always sends ripples through the literary world, but the 2022 awards felt particularly seismic. The selections, reflecting a diverse range of voices and styles, hinted at a significant shift in the landscape of American storytelling. This article will delve into the implications of the 2022 Pulitzer Prize winners literature, examining their individual merits and their collective contribution to the ongoing conversation about American identity, social justice, and the power of narrative.

H2: Fiction: "Demon Copperhead" by Barbara Kingsolver

Kingsolver's gripping reimagining of David Copperfield won the Pulitzer for Fiction, and rightfully so. Her novel, while drawing inspiration from Dickens, is distinctly American, exploring themes of poverty, addiction, and the systemic inequalities that trap individuals in cycles of hardship. The 2022 Pulitzer Prize winners literature list immediately gained a powerful voice with Kingsolver's addition; her ability to seamlessly weave social commentary into a compelling narrative resonated deeply with the judges and, importantly, with readers. The win for "Demon Copperhead" solidified a trend towards socially conscious fiction, encouraging authors to tackle difficult subjects head-on.

H2: Drama: "Fat Ham" by James Ijames

The Pulitzer Prize for Drama went to James Ijames's "Fat Ham," a bold and hilarious reimagining of Hamlet set within a contemporary Black family gathering. Ijames's play tackles themes of family, identity, and grief with wit and sensitivity, using humor to dissect serious issues. The 2022 Pulitzer Prize winners literature list, by including this work, highlighted the increasing prominence of diverse voices and perspectives within the American theatrical landscape. Its success signifies a movement towards more inclusive and representative storytelling on stage, reflecting the changing demographics of the country.

H2: Poetry: "Frankenstein in Baghdad" by Ahmed Saadawi

(translated by Jonathan Wright)

This unique win for a translated work speaks volumes about the growing recognition of global literature within the American literary canon. Ahmed Saadawi's "Frankenstein in Baghdad," translated masterfully by Jonathan Wright, is a powerful and unsettling novel that blends fantasy and realism to depict the aftermath of violence and the enduring resilience of the human spirit. The inclusion of this book within the 2022 Pulitzer Prize winners literature list underscores a significant shift: the Pulitzer committee is actively seeking out and celebrating works that transcend geographical boundaries. It's a testament to the growing understanding of literature as a global conversation, rather than a solely American one.

H2: Implications for the Industry

The 2022 Pulitzer Prize winners literature collectively represent a significant departure from some traditional narratives. The focus on social justice, diverse voices, and global perspectives signals a changing literary landscape. Publishers are likely to be more receptive to manuscripts that tackle complex social issues and celebrate marginalized communities. Literary agents will undoubtedly be seeking out authors who embody these trends. Furthermore, the growing recognition of translated works suggests a greater emphasis on international collaboration and the broadening of the literary canon. The 2022 Pulitzer Prize winners literature has undoubtedly set a precedent for future awards, encouraging a more inclusive and socially conscious approach to storytelling.

H2: Conclusion

The 2022 Pulitzer Prize winners in literature marked a turning point, showcasing a shift towards bolder, more inclusive, and socially relevant narratives. The awards validated the importance of diverse voices, global perspectives, and a commitment to tackling complex social issues. This impact is already being felt throughout the publishing industry, shaping the types of stories being commissioned, published, and celebrated. 2022 pulitzer prize winners literature: His Name Is George Floyd (Pulitzer Prize Winner) Robert Samuels, Toluse Olorunnipa, 2022-05-17 FINALIST FOR THE NATIONAL BOOK AWARD AND LOS ANGELES TIMES BOOK PRIZE; SHORT-LISTED FOR THE J. ANTHONY LUKAS PRIZE; A BCALA 2023 HONOR NONFICTION AWARD WINNER. A landmark biography by two prizewinning Washington Post reporters that reveals how systemic racism shaped George Floyd's life and legacy—from his family's roots in the tobacco fields of North Carolina, to ongoing inequality in housing, education, health care, criminal justice, and policing—telling the story of how one man's tragic experience brought about a global movement for change. "It is a testament to the power of *His Name Is George Floyd* that the book's most vital moments come not after Floyd's death, but in its intimate, unvarnished and scrupulous account of his life . . . Impressive." —New York Times Book Review (Editors' Choice) "Since we know George Floyd's death with tragic clarity, we must know Floyd's America—and life—with tragic clarity. Essential for our times." —Ibram X. Kendi, author of *How to Be an Antiracist* "A much-needed portrait of the life, times, and martyrdom of George Floyd, a chronicle of the racial awakening sparked by his brutal and untimely death, and an essential work of history I hope everyone will read." —Henry Louis Gates, Jr., author of *The Black Church: This Is Our Story, This Is Our Song* The events of that day are now tragically familiar: on May 25, 2020, George Floyd became the latest Black person to die at the hands of the police, murdered outside of a Minneapolis convenience store by white officer Derek Chauvin. The video recording of his death set off a series of protests in the United States and around the world, awakening millions to the dire need for reimagining this country's broken systems of policing. But behind a face that would be graffitied onto countless murals, and a name that has become synonymous with civil rights, there is the reality of one man's stolen life: a life beset by suffocating systemic pressures that ultimately proved inescapable. This biography of George Floyd shows the athletic young boy raised in the

projects of Houston's Third Ward who would become a father, a partner, a friend, and a man constantly in search of a better life. In retracing Floyd's story, Washington Post reporters Robert Samuels and Toluse Olorunnipa bring to light the determination Floyd carried as he faced the relentless struggle to survive as a Black man in America. Placing his narrative within the larger context of America's deeply troubled history of institutional racism, *His Name Is George Floyd* examines the Floyd family's roots in slavery and sharecropping, the segregation of his Houston schools, the overpolicing of his communities, the devastating snares of the prison system, and his attempts to break free from drug dependence—putting today's inequality into uniquely human terms. Drawing upon hundreds of interviews and extensive original reporting, Samuels and Olorunnipa offer a poignant and moving exploration of George Floyd's America, revealing how a man who simply wanted to breathe ended up touching the world.

2022 pulitzer prize winners literature: G-Man (Pulitzer Prize Winner) Beverly Gage, 2022-11-22 Winner of the 2023 Pulitzer Prize in Biography Winner of the 2022 National Book Critics Circle Award in Biography, the 2023 Bancroft Prize in American History and Diplomacy, and the 43rd LA Times Book Prize in Biography | Finalist for the 2023 PEN/Jacqueline Bograd Weld Award for Biography Named a Best Book of 2022 by The Atlantic, The Washington Post and Smithsonian Magazine and a New York Times Top 100 Notable Books of 2022 "Masterful...This book is an enduring, formidable accomplishment, a monument to the power of biography [that] now becomes the definitive work"—The Washington Post "A nuanced portrait in a league with the best of Ron Chernow and David McCullough."—The Wall Street Journal A major new biography of J Edgar Hoover that draws from never-before-seen sources to create a groundbreaking portrait of a colossus who dominated half a century of American history and planted the seeds for much of today's conservative political landscape. We remember him as a bulldog--squat frame, bulging wide-set eyes, fearsome jowls--but in 1924, when he became director of the FBI, he had been the trim, dazzling wunderkind of the administrative state, buzzing with energy and big ideas for reform. He transformed a failing law-enforcement backwater, riddled with scandal, into a modern machine. He believed in the power of the federal government to do great things for the nation and its citizens. He also believed that certain people--many of them communists or racial minorities or both-- did not deserve to be included in that American project. Hoover rose to power and then stayed there, decade after decade, using the tools of state to create a personal fiefdom unrivaled in U.S. history. Beverly Gage's monumental work explores the full sweep of Hoover's life and career, from his birth in 1895 to a modest Washington civil-service family through his death in 1972. In her nuanced and definitive portrait, Gage shows how Hoover was more than a one-dimensional tyrant and schemer who strong-armed the rest of the country into submission. As FBI director from 1924 through his death in 1972, he was a confidant, counselor, and adversary to eight U.S. presidents, four Republicans and four Democrats. Franklin Roosevelt and Lyndon Johnson did the most to empower him, yet his closest friend among the eight was fellow anticommunist warrior Richard Nixon. Hoover was not above blackmail and intimidation, but he also embodied conservative values ranging from anticommunism to white supremacy to a crusading and politicized interpretation of Christianity. This garnered him the admiration of millions of Americans. He stayed in office for so long because many people, from the highest reaches of government down to the grassroots, wanted him there and supported what he was doing, thus creating the template that the political right has followed to transform its party. *G-Man* places Hoover back where he once stood in American political history--not at the fringes, but at the center--and uses his story to explain the trajectories of governance, policing, race, ideology, political culture, and federal power as they evolved over the course of the 20th century.

2022 pulitzer prize winners literature: The End of the Myth Greg Grandin, 2019-03-05 WINNER OF THE PULITZER PRIZE A new and eye-opening interpretation of the meaning of the frontier, from early westward expansion to Trump's border wall. Ever since this nation's inception, the idea of an open and ever-expanding frontier has been central to American identity. Symbolizing a future of endless promise, it was the foundation of the United States' belief in itself as an

exceptional nation – democratic, individualistic, forward-looking. Today, though, America has a new symbol: the border wall. In *The End of the Myth*, acclaimed historian Greg Grandin explores the meaning of the frontier throughout the full sweep of U.S. history – from the American Revolution to the War of 1898, the New Deal to the election of 2016. For centuries, he shows, America's constant expansion – fighting wars and opening markets – served as a “gate of escape,” helping to deflect domestic political and economic conflicts outward. But this deflection meant that the country's problems, from racism to inequality, were never confronted directly. And now, the combined catastrophe of the 2008 financial meltdown and our unwinnable wars in the Middle East have slammed this gate shut, bringing political passions that had long been directed elsewhere back home. It is this new reality, Grandin says, that explains the rise of reactionary populism and racist nationalism, the extreme anger and polarization that catapulted Trump to the presidency. The border wall may or may not be built, but it will survive as a rallying point, an allegorical tombstone marking the end of American exceptionalism.

2022 pulitzer prize winners literature: *Proust's Duchess* Caroline Weber, 2019-11-26 From the author of the acclaimed *Queen of Fashion*--a brilliant look at the glittering world of turn-of-the-century Paris through the first in-depth study of the three women Proust used to create his supreme fictional character, the Duchesse de Guermantes. Geneviève Halévy Bizet Straus; Laure de Sade, Comtesse de Adhéaume de Cheigné; and Élisabeth de Riquet de Caraman-Chimay, the Comtesse Greffulhe--these were the three superstars of fin-de-siècle Parisian high society who, as Caroline Weber says, transformed themselves, and were transformed by those around them, into living legends: paragons of elegance, nobility, and style. All well but unhappily married, these women sought freedom and fulfillment by reinventing themselves, between the 1870s and 1890s, as icons. At their fabled salons, they inspired the creativity of several generations of writers, visual artists, composers, designers, and journalists. Against a rich historical backdrop, Weber takes the reader into these women's daily lives of masked balls, hunts, dinners, court visits, nights at the opera or theater. But we see as well the loneliness, rigid social rules, and loveless, arranged marriages that constricted these women's lives. Proust, as a twenty-year-old law student in 1892, would worship them from afar, and later meet them and create his celebrated composite character for *The Remembrance of Things Past*.

2022 pulitzer prize winners literature: *Tinkers* Paul Harding, 2019-01-01 Special edition of Paul Harding's Pulitzer Prize-winning debut novel—featuring a new foreword by Marilynne Robinson and book club extras inside In this deluxe tenth anniversary edition, Marilynne Robinson introduces the beautiful novel *Tinkers*, which begins with an old man who lies dying. As time collapses into memory, he travels deep into his past, where he is reunited with his father and relives the wonder and pain of his impoverished New England youth. At once heartbreaking and life affirming, *Tinkers* is an elegiac meditation on love, loss, and the fierce beauty of nature. The story behind this New York Times bestselling debut novel—the first independently published Pulitzer Prize winner since *A Confederacy of Dunces* received the award nearly thirty years before—is as extraordinary as the elegant prose within it. Inspired by his family's history, Paul Harding began writing *Tinkers* when his rock band broke up. Following numerous rejections from large publishers, Harding was about to shelve the manuscript when Bellevue Literary Press offered a contract. After being accepted by BLP, but before it was even published, the novel developed a following among independent booksellers from coast to coast. Readers and critics soon fell in love, and it went on to receive the Pulitzer Prize, prompting the New York Times to declare the novel's remarkable success “the most dramatic literary Cinderella story of recent memory.” That story is still being written as readers across the country continue to discover this modern classic, which has now sold over half a

million copies, proving once again that great literature has a thriving and passionate audience. Paul Harding is the author of two novels about multiple generations of a New England family: *Enon* and the Pulitzer Prize-winning *Tinkers*. He teaches at Stony Brook Southampton.

2022 pulitzer prize winners literature: Still Life Jay Hopley, 2024-03-05 A Pulitzer Prize finalist. Confronted with a terminal cancer diagnosis, Jay Hopley (1970-2022)—author of the National Book Award-finalist *The Abridged History of Rainfall*—got to work. The result of that labor is *Still Life*, a collection of poems that are heartbreaking, terrifying, and deeply, darkly hilarious. In an attempt to find meaning in a life ending right before his eyes, Hopley squares off against monsters real and imagined, personal and historical, and tries not to flinch. This work is no elegy; it's a testament to courage, love, compassion, and the fierceness of the human heart. It's a violently funny but playfully serious fulfillment of what Arseny Tarkovsky called the fundamental purpose of art: a way to prepare for death, be it far in the future or very near at hand.

2022 pulitzer prize winners literature: People of the Book Geraldine Brooks, 2008-01-01

View our feature on Geraldine Books's People of the Book. From the Pulitzer Prize-winning author of *March*, the journey of a rare illuminated manuscript through centuries of exile and war. In 1996, Hanna Heath, an Australian rare-book expert, is offered the job of a lifetime: analysis and conservation of the famed Sarajevo Haggadah, which has been rescued from Serb shelling during the Bosnian war. Priceless and beautiful, the book is one of the earliest Jewish volumes ever to be illuminated with images. When Hanna, a caustic loner with a passion for her work, discovers a series of tiny artifacts in its ancient binding—an insect wing fragment, wine stains, salt crystals, a white hair—she begins to unlock the book's mysteries. The reader is ushered into an exquisitely detailed and atmospheric past, tracing the book's journey from its salvation back to its creation. In Bosnia during World War II, a Muslim risks his life to protect it from the Nazis. In the hedonistic salons of fin-de-siècle Vienna, the book becomes a pawn in the struggle against the city's rising anti-Semitism. In inquisition-era Venice, a Catholic priest saves it from burning. In Barcelona in 1492, the scribe who wrote the text sees his family destroyed by the agonies of enforced exile. And in Seville in 1480, the reason for the Haggadah's extraordinary illuminations is finally disclosed. Hanna's investigation unexpectedly plunges her into the intrigues of fine art forgers and ultra-nationalist fanatics. Her experiences will test her belief in herself and the man she has come to love. Inspired by a true story, *People of the Book* is at once a novel of sweeping historical grandeur and intimate emotional intensity, an ambitious, electrifying work by an acclaimed and beloved author.

2022 pulitzer prize winners literature: Cuba (Winner of the Pulitzer Prize) Ada Ferrer, 2021-09-07 WINNER OF THE PULITZER PRIZE IN HISTORY WINNER OF THE LOS ANGELES TIMES BOOK PRIZE IN HISTORY "Full of...lively insights and lucid prose" (The Wall Street Journal) an epic, sweeping history of Cuba and its complex ties to the United States—from before the arrival of Columbus to the present day—written by one of the world's leading historians of Cuba. In 1961, at the height of the Cold War, the United States severed diplomatic relations with Cuba, where a momentous revolution had taken power three years earlier. For more than half a century, the stand-off continued—through the tenure of ten American presidents and the fifty-year rule of Fidel Castro. His death in 2016, and the retirement of his brother and successor Raúl Castro in 2021, have spurred questions about the country's future. Meanwhile, politics in Washington—Barack Obama's opening to the island, Donald Trump's reversal of that policy, and the election of Joe Biden—have made the relationship between the two nations a subject of debate once more. Now, award-winning historian Ada Ferrer delivers an "important" (The Guardian) and moving chronicle that demands a new reckoning with both the island's past and its relationship with the United States. Spanning more than five centuries, *Cuba: An American History* provides us with a front-row seat as we witness the evolution of the modern nation, with its dramatic record of conquest and colonization, of slavery and freedom, of independence and revolutions made and unmade. Along the way, Ferrer explores the sometimes surprising, often troubled intimacy between the two countries, documenting not only the influence of the United States on Cuba but also the many ways the island has been a recurring presence in US affairs. This is a story that will give Americans unexpected insights into the history of their own nation and, in so doing, help them imagine a new relationship with Cuba; "readers will close [this] fascinating book with a sense of hope" (The Economist). Filled with rousing stories and characters, and drawing on more than thirty years of research in Cuba, Spain, and the United States—as well as the author's own extensive travel to the island over the same period—this is a stunning and monumental account like no other.

2022 pulitzer prize winners literature: The Castle Cross the Magnet Carter Kia Corthron, 2016-01-26 Winner of the Center for Fiction's 2016 First Novel Prize The hotly anticipated first novel by lauded playwright and *The Wire* TV writer Kia Corthron, *The Castle Cross the Magnet Carter* sweeps American history from 1941 to the twenty-first century through the lives of four men—two

white brothers from rural Alabama, and two black brothers from small-town Maryland--whose journey culminates in an explosive and devastating encounter between the two families. On the eve of America's entry into World War II, in a tiny Alabama town, two brothers come of age in the shadow of the local chapter of the Klan, where Randall--a brilliant eighth-grader and the son of a sawmill worker--begins teaching sign language to his eighteen-year-old deaf and uneducated brother B.J. Simultaneously, in small-town Maryland, the sons of a Pullman Porter--gifted six-year-old Eliot and his artistic twelve-year-old brother Dwight--grow up navigating a world expanded both by a visit from civil and labor rights activist A. Philip Randolph and by the legacy of a lynched great-aunt. The four mature into men, directly confronting the fierce resistance to the early civil rights movement, and are all ultimately uprooted. Corthron's ear for dialogue, honed from years of theater work, brings to life all the major concerns and movements of America's past century through the organic growth of her marginalized characters, and embraces a quiet beauty in their everyday existences. Sharing a cultural and literary heritage with the work of Toni Morrison, Alex Haley, and Edward P. Jones, Kia Corthron's *The Castle Cross the Magnet Carter* is a monumental epic deftly bridging the political and the poetic, and wrought by one of America's most recently recognized treasures.

2022 pulitzer prize winners literature: *The Voice at the Back Door* Elizabeth Spencer, 1994-03-01 In the mid-1950s, the town of Lacey in the Mississippi hill country is a place where the lives of blacks and whites, though seemingly separate, are in fact historically and inevitably intertwined. When Lacey's fair-haired boy, Duncan Harper, is appointed interim sheriff, he makes public his private convictions about the equality of blacks before the law, and the combined threat and promise he represents to the understood order of things in Lacey affects almost every member of the community. In the end, Harper succeeds in pointing the way for individuals, both black and white, to find a more harmonious coexistence, but at a sacrifice all must come to regret. In *The Voice at the Back Door*, Mississippi native Elizabeth Spencer gives form to the many voices that shaped her view of race relations while growing up, and at the same time discovers her own voice -- one of hope. Employing her extraordinary literary powers -- finely honed narrative techniques, insight into a rich, diverse cast of characters, and an unerring ear for dialect -- Spencer makes palpable the psychological milieu of a small southern town hobbled by tradition but lurching toward the dawn of the civil rights movement. First published in 1956, *The Voice at the Back Door* is Spencer's most highly praised novel yet, and her last to treat small-town life in Mississippi.

2022 pulitzer prize winners literature: *Kingdom of Characters* (Pulitzer Prize Finalist) Jing Tsu, 2022-01-18 PULITZER PRIZE FINALIST A New York Times Notable Book of 2022 What does it take to reinvent a language? After a meteoric rise, China today is one of the world's most powerful nations. Just a century ago, it was a crumbling empire with literacy reserved for the elite few, as the world underwent a massive technological transformation that threatened to leave them behind. In *Kingdom of Characters*, Jing Tsu argues that China's most daunting challenge was a linguistic one: the century-long fight to make the formidable Chinese language accessible to the modern world of global trade and digital technology. *Kingdom of Characters* follows the bold innovators who reinvented the Chinese language, among them an exiled reformer who risked a death sentence to advocate for Mandarin as a national language, a Chinese-Muslim poet who laid the groundwork for Chairman Mao's phonetic writing system, and a computer engineer who devised

input codes for Chinese characters on the lid of a teacup from the floor of a jail cell. Without their advances, China might never have become the dominating force we know today. With larger-than-life characters and an unexpected perspective on the major events of China's tumultuous twentieth century, Tsu reveals how language is both a technology to be perfected and a subtle, yet potent, power to be exercised and expanded.

2022 pulitzer prize winners literature: The Underground Railroad Colson Whitehead, 2018-01-30 #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE WINNER • NATIONAL BOOK AWARD WINNER • An American masterpiece (NPR) that chronicles a young slave's adventures as she makes a desperate bid for freedom in the antebellum South. • The basis for the acclaimed original Amazon Prime Video series directed by Barry Jenkins. Cora is a slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood—where greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Colson Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering, like Gulliver, strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly re-creates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping tale of one woman's will to escape the horrors of bondage—and a powerful meditation on the history we all share. Look for Colson Whitehead's new novel, *Crook Manifesto*, coming soon!

2022 pulitzer prize winners literature: *Read Dangerously* Azar Nafisi, 2022-03-08 The New York Times bestselling author of *Reading Lolita in Tehran* returns with a guide to the power of literature in turbulent times, arming readers with a resistance reading list, ranging from James Baldwin to Zora Neale Hurston to Margaret Atwood. [A] stunning look at the power of reading. ... Provokes and inspires at every turn. —Publishers Weekly (starred review) Remarkable. ... Audacious. —The Progressive Stunningly beautiful and perceptive. —Los Angeles Review of Books What is the role of literature in an era when one political party wages continual war on writers and the press? What is the connection between political strife in our daily lives, and the way we meet our enemies on the page in fiction? How can literature, through its free exchange, affect politics? In this galvanizing guide to literature as resistance, Nafisi seeks to answer these questions. Drawing on her experiences as a woman and voracious reader living in the Islamic Republic of Iran, her life as an immigrant in the United States, and her role as literature professor in both countries, she crafts an argument for why, in a genuine democracy, we must engage with the enemy, and how literature can be a vehicle for doing so. Structured as a series of letters to her father, who taught her as a child about how literature can rescue us in times of trauma, Nafisi explores the most probing questions of our time through the works of Toni Morrison, Salman Rushdie, James Baldwin, Margaret Atwood, and more.

2022 pulitzer prize winners literature: *The Archivist* Rex Pickett, 2021-11-09 A November Book Pick from The New York Times When archivist Nadia Fontaine is found dead of an apparent drowning, Emily Snow is hired by Regents University to finish the job she started—to organize and process the papers of Raymond West, a famous Pulitzer Prize-winning author who has been short-listed for the Nobel. Emily's job comes with its inherent pressures. West's wife, Elizabeth, is an heiress who's about to donate \$25 million to the Memorial Library—an eight-story architectural marvel that is the crown jewel of the university. The inaugural event in just a few months will be a gala for the who's who of San Diego to celebrate the unveiling of the Raymond West Collection and the financial gift that made it all possible. As Emily sets to work on the West papers, it begins to dawn on her that several items have gone missing from the collection. To trace their whereabouts, she gains unsupervised access to the highly restricted "dark archives," in which she opens a Pandora's box of erotically and intellectually charged correspondence between Raymond West and the late Nadia Fontaine. Through their archived emails, Emily goes back a year in time and relives the tragic trajectory of their passionate love affair. Did Nadia really drown accidentally, as the police report concluded, or could it have been suicide, or, even worse, murder? Compelled to complete the collection and find the truth, Emily unwittingly morphs into an adult Nancy Drew and a one-woman archivist crusader on a mission to right the historical record. Twisting slowly like a tourniquet, *The Archivist* turns into a suspenseful murder mystery with multiple and intersecting layers. Not just a whodunit, it is also a profound meditation on love, privacy, and the ethics of destroying or preserving materials of a highly personal nature.

After a field trip to the desert yields nothing more than a colleague with a tenure problem and a student with an unwelcome crush on him, Wells returns home to find his world crumbling. His daughter has lost her edge at chess, she has developed mysterious eye problems, and her memory has lost its grasp. Powerless in the face of his daughter's slow deterioration, he finds a mysterious note asking for help tucked into the pocket of a jacket he's ordered off eBay. Desperate for someone to save, he sets off to New Mexico in secret on a quixotic rescue mission. A deeply affecting story about the lengths to which loss and grief will drive us, *Telephone* is a Percival Everett novel we should have seen coming all along, one that will shake you to the core as it asks questions about the power of narrative to save.

The pair try to overcome their pasts and ensure their futures by engaging in capitalism in one of its purest forms: drug dealing. Traumatized by his reeducation at the hands of his former best friend, Man, and struggling to assimilate into French culture, the Sympathizer finds Paris both seductive and disturbing. As he falls in with a group of left-wing intellectuals whom he meets at dinner parties given by his French Vietnamese "aunt," he finds stimulation for his mind but also customers for his narcotic merchandise. But the new life he is making has perils he has not foreseen, whether the self-torture of addiction, the authoritarianism of a state locked in a colonial mindset, or the seeming paradox of how to reunite his two closest friends whose worldviews put them in absolute opposition. The Sympathizer will need all his wits, resourcefulness, and moral flexibility if he is to prevail. Both highly suspenseful and existential, *The Committed* is a blistering portrayal of commitment and betrayal that will cement Viet Thanh Nguyen's position in the firmament of American letters.
