2023 coleman lantern lt 17b owners manual: The Evolution of Sexuality Todd K. Shackelford, Randal D. Hansen, 2014-09-12 Attraction, mating, reproduction: it is a given that as a species, human beings are concerned with sex. And whether the study compares sexual behaviors of men and women or considers the proportions between nature and nurture, most roads lead back to our distant ancestors and/or our fellow animals. *The Evolution of Sexuality* collects stimulating new empirical findings and theoretical concepts regarding both familiar themes and emerging areas of interest. Following earlier titles in this series, an interdisciplinary panel of contributors examines topics specific to the whys of male and female sex-related behavior, here ranging from biological bases for male same-sex attraction to the seemingly elusive purpose of the female orgasm. This vantage point between biology and psychology gives readers profound insights not just into human differences and similarities, but also why they continue to matter despite our vast understanding of culture and socialization. And intriguing dispatches from the humanities review sexual themes in classic works of literature and explore the role of parent-offspring conflict in the English Revolution of the seventeenth century. Among the topics covered: Sexual conflict and evolutionary psychology:

toward a unified framework. Assortative mating, caste, and class. The functional design and phylogeny of female sexuality. Is oral sex a form of mate retention behavior? Two behavioral hypotheses for the evolution of male homosexuality in humans. Sperm competition and the evolution of human sexuality. The Evolution of Sexuality will attract evolutionary scientists across a variety of disciplines. Faculty, graduate and undergraduate students, and researchers interested in sexuality will find it a springboard for discussion, debate, and further study.

2023 coleman lantern lt 17b owners manual: Early Livermore , 2006 Englishman Robert Livermore jumped ship in Southern California in 1822, yet just 15 years later became the respected owner of the 40,000-acre Las Positas land grant. Here he built his new Californio wife an adobe house in 1839. The wealth that flowed into California during the gold rush allowed Livermore to import a two-story house around the Horn, but entrepreneurs and squatters flowed in as well. Nathaniel Patterson opened the first hotel in the old Livermore adobe, frequented by miners on their way from the South Bay to the Sierra gold mines. Laddsville, a village built where the roads to Stockton and Dublin met, was also a going concern until the Central Pacific pushed over the Altamont Pass. On this line grew the town founded by William Mendenhall in 1869, named for pioneer Livermore, who had died more than a decade earlier. Soon Livermore became the valley's

commercial center for hay, wheat, barley, wine grapes, and ranching.

2023 coleman lantern lt 17b owners manual: Yvain Chretien de Troyes, 1987-09-10 The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, Yvain, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. Yvain is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

2023 coleman lantern lt 17b owners manual: Homosexual Behaviour in Animals Volker Sommer, Paul L. Vasey, 2006-07-27 Behavioural observations from both the field and captivity indicate that same-sex sexual interactions are widespread throughout the animal kingdom, and occur quite frequently in certain non-human species. Proximate studies of these phenomena have yielded important insights into genetic, hormonal and neural correlates. In contrast, there has been a relative paucity of research on the evolutionary aspects. Homosexual Behaviour in Animals seeks to readdress this imbalance by exploring animal same-sex sexual behaviour from an evolutionary perspective. Contributions focus on animals that routinely engage in homosexual behaviour and include birds, dolphin, deer, bison and cats, as well as monkey and apes, such as macaques, gorillas and bonobos. A final chapter looks at human primates. This book will appeal to graduate students and researchers in evolutionary biology, biological anthropology, zoology, evolutionary psychology, animal behaviour and anyone interested in the current state of knowledge in this area of behavioural studies.

I Am the Central Park Jogger recounts the mesmerizing, inspiring, often wrenching story of human strength and transcendent recovery. Called "Hero of the Month" by Glamour magazine, Meili tells us who she was before the attack—a young Wall Street professional with a promising future—and who she has become: a woman who learned how to read, write, walk, talk, and love again...and turn horrifying violence and certain death into extraordinary healing and victorious life. With "moments of unexpected grace and insights into life's challenges....Meili's story—the story the public never knew—is unforgettable" (The Buffalo News).

2023 coleman lantern lt 17b owners manual: Tales of the West Riding Phyllis Bentley, 2012-09-28 It is a wonderfully wide and multifarious pageant of West Riding life that Phyllis Bentley has spread before us down the years: and now, in *Tales of the West Riding* (six stories, one of them almost a novel in itself), she enriches it with a number of episodes as vivid as any that have come from her pen. They are dated 1434, 1641, 1845, 1870, 1930 and 1962, and their temporal span is matched by the variety of the emotions they embody. There is, for instance, the quiet but poignant story of a woman's lifelong silence for the sake of an unrequited love: and there is that other story of jealousy in a woman's heart as cruel as the grave. At the beginning of the series, in 1434, Richard Askrode must seek permission from Rome to marry the girl he loves: at the end of it, in 1962 we see in *The Hardaker Affair* the other side of *Room at the Top*. In this exciting novella, with its terrible ending, Phyllis Bentley's power of characterisation is seen at its very highest.
