Introduction:

March is Women's History Month, a time dedicated to recognizing the vital roles women have played and continue to play in shaping our world. The 2023 Women's History Month theme, while not officially mandated with a single, overarching phrase by a single governing body, centers on the ongoing struggle for gender equality and celebrates the significant progress made while acknowledging the persistent challenges that remain. This exploration delves into the multifaceted perspectives that constitute the 2023 Women's History Month theme.

Celebrating the Achievements: Progress Towards Equality

The 2023 Women's History Month theme necessitates acknowledging the remarkable strides women have made across various sectors. From the suffrage movement's hard-fought victories to the increasing representation of women in leadership positions across business, politics, and academia, progress has been undeniable. We see a growing awareness of gender-based violence and systemic inequalities, leading to vital legal reforms and social movements. The 2023 Women's History Month theme, therefore, rightly honors the activists, pioneers, and everyday women who courageously fought for and achieved these significant advancements. This includes celebrating diverse accomplishments, considering intersectionality - recognizing how race, class, sexual orientation, and other identities interact to shape individual experiences of gender inequality. The 2023 Women's History Month theme should highlight the unique contributions of women from marginalized communities, whose struggles and victories often go unrecognized.

Persistent Challenges: The Unfinished Agenda of the 2023 Women's History

Month Theme

Despite the undeniable progress, the 2023 Women's History Month theme must also confront the persistent challenges women face globally. The gender pay gap remains a stark reality, with women earning less than their male counterparts for comparable work in many countries. Underrepresentation in leadership roles persists across various sectors, reinforcing systemic barriers to women's advancement. The ongoing struggle against gender-based violence, including sexual harassment, domestic abuse, and femicide, underscores the urgent need for continued action. Access to reproductive healthcare and education continues to be a significant challenge for women in many parts of the world. The 2023 Women's History Month theme should highlight these continuing struggles and serve as a call to action.

Intersectionality and the 2023 Women's History Month Theme

A crucial aspect of the 2023 Women's History Month theme is the recognition of intersectionality. The experiences of women are not monolithic; they are shaped by intersecting identities such as race, class, sexual orientation, disability, and immigration status. Women of color, LGBTQ+ women, women with disabilities, and immigrant women often face compounded forms of discrimination and oppression. The 2023 Women's History Month theme, therefore, must actively center the experiences of these marginalized groups and highlight their struggles for justice and equality. Celebrating their resilience and achievements is paramount.

The 2023 Women's History Month Theme and the Future

The 2023 Women's History Month theme is not just about commemorating past achievements; it is about looking forward and strategizing for a more equitable future. It is a call to action to dismantle systemic barriers, challenge patriarchal norms, and create a world where all women can thrive. This requires sustained advocacy, policy changes, and cultural shifts. It calls for continued education and awareness campaigns to address implicit biases and promote inclusivity.

Conclusion:

The 2023 Women's History Month theme serves as a powerful reminder of the ongoing struggle for gender equality. It is a celebration of women's progress and achievements, a recognition of persistent challenges, and a call to action for a more equitable future. By embracing intersectionality and centering the experiences of marginalized groups, we can build a more just and inclusive world where the potential of all women is fully realized. The theme should not merely be a month-long commemoration but a year-round commitment to advancing women's rights and building a world where gender equality is a lived reality.

2023 womens history month theme: *Like a Mother* Angela Garbes, 2018-05-29 A candid, feminist, and personal deep dive into the science and culture of pregnancy and motherhood Like most first-time mothers, Angela Garbes was filled with questions when she became pregnant. What exactly is a placenta and how does it function? How does a body go into labor? Why is breast best? Is wine totally off-limits? But as she soon discovered, it's not easy to find satisfying answers. Your obstetrician will cautiously quote statistics; online sources will scare you with conflicting and often inaccurate data; and even the most trusted books will offer information with a heavy dose of judgment. To educate herself, the food and culture writer embarked on an intensive journey of exploration, diving into the scientific mysteries and cultural attitudes that surround motherhood to find answers to questions that had only previously been given in the form of advice about what women ought to do—rather than allowing them the freedom to choose the right path for themselves. In *Like a Mother*, Garbes offers a rigorously researched and compelling look at the physiology, biology, and psychology of pregnancy and motherhood, informed by in-depth reportage and personal experience. With the curiosity of a journalist, the perspective of a feminist, and the intimacy and urgency of a mother, she explores the emerging science behind the pressing questions women have about everything from miscarriage to complicated labors to postpartum changes. The result is a visceral, full-frontal look at what's really happening during those nine life-altering months, and why women deserve access to better care, support, and information. Infused with humor and born out of awe, appreciation, and understanding of the female body and its strength, *Like a Mother* debunks common myths and dated assumptions, offering guidance and camaraderie to women navigating one of the biggest and most profound changes in their lives.

2023 womens history month theme: *The Rise of Women in Higher Education* Gary A. Berg, 2019-11-28 The story of the American university in the past half century is about the rise of women in participation as students, faculty members, college athletes, and in subsequently changing the overall university culture for the better. Now almost sixty percent of the overall college student population in America is female, and still growing. By the year 2000, women surpassed men worldwide in attendance at higher education institutions. At the same time, after years of a disproportionate dominant male professoriate, female faculty members are now becoming the majority of university professors. While top university presidents are still largely male, women have achieved real gains in the overall administrative ranks and trustee positions. In all areas of the university disparities still exist in terms of compensation and balance in key areas of the academy, but the overall positive trend is clear. Few to this date have recognized and chronicled this extraordinary change in college education—one of society's fundamental and influential institutions. For universities the test for the future is to make the changes needed in broad areas within higher education from financial aid to curriculum, student activities, and overall campus culture in order to better foster a newly empowered majority of women students.

Roxane Gay: I

encourage you to check out Eloquent Rage out now. Joy Reid, *Cosmopolitan*: A dissertation on black women's pain and possibility. America Ferrera: Razor sharp and hilarious. There is so much about her analysis that I relate to and grapple with on a daily basis as a Latina feminist. Damon Young: Like watching the world's best Baptist preacher but with sermons about intersectionality and Beyoncé instead of Ecclesiastes. Melissa Harris Perry: "I was waiting for an author who wouldn't forget, ignore, or erase us black girls...I was waiting and she has come in Brittney Cooper." Michael Eric Dyson: "Cooper may be the boldest young feminist writing today...and she will make you laugh out loud." So what if it's true that Black women are mad as hell? They have the right to be. In the Black feminist tradition of Audre Lorde, Brittney Cooper reminds us that anger is a powerful source of energy that can give us the strength to keep on fighting. Far too often, Black women's anger has been caricatured into an ugly and destructive force that threatens the civility and social fabric of American democracy. But Cooper shows us that there is more to the story than that. Black women's eloquent rage is what makes Serena Williams such a powerful tennis player. It's what makes Beyoncé's girl power anthems resonate so hard. It's what makes Michelle Obama an icon. Eloquent rage keeps us all honest and accountable. It reminds women that they don't have to settle for less. When Cooper learned of her grandmother's eloquent rage about love, sex, and marriage in an epic and hilarious front-porch confrontation, her life was changed. And it took another intervention, this time staged by one of her homegirls, to turn Brittney into the fierce feminist she is today. In Brittney Cooper's world, neither mean girls nor fuckboys ever win. But homegirls emerge as heroes. This book argues that ultimately feminism, friendship, and faith in one's own superpowers are all we really need to turn things right side up again. 2023 womens history month theme: Feminisms Lucy Delap, 2020-08-27 How has feminism developed? What have feminists achieved? What can we learn from the global history of feminism? Feminism is the ongoing story of a profound historical transformation. Despite being repeatedly written off as a political movement that has achieved its aim of female liberation, it has been continually redefined as new generations of women campaign against the gender inequity of their age. In this absorbing book, historian Lucy Delap challenges the simplistic narrative of 'feminist waves' - a sequence of ever more progressive updates - showing instead that feminists have been motivated by the specific concerns of their historical moment. Drawing on an extraordinary range of examples from Japan to Russia, Egypt to Germany, Delap explores different feminist projects to show that those who are part of this movement have not always agreed on a single programme. This diverse history of feminism, she argues, can help us better navigate current debates and controversies. A tour de force from an award-winning expert, *Feminisms* shows that a rich relationship to the past can infuse today's activism with a sense possibility and inspiration.

2023 womens history month theme: *So Many Beginnings: A Little Women Remix* Bethany C. Morrow, 2021-09-07 Four young Black sisters come of age during the American Civil War in *So Many Beginnings*, a warm and powerful YA remix of the classic novel *Little Women*, by national bestselling author Bethany C. Morrow. North Carolina, 1863. As the American Civil War rages on, the Freedpeople's Colony of Roanoke Island is blossoming, a haven for the recently emancipated. Black people have begun building a community of their own, a refuge from the shadow of the old life. It is where the March family has finally been able to safely put down roots with four young daughters: Meg, a teacher who longs to find love and start a family of her own. Jo, a writer whose words are too powerful to be contained. Beth, a talented seamstress searching for a higher purpose. Amy, a dancer eager to explore life outside her family's home. As the four March sisters come into their own as independent young women, they will face first love, health struggles, heartbreak, and

new horizons. But they will face it all together. Praise for *So Many Beginnings: A Little Women Remix* Morrow's ability to take the lingering stain of slavery on American history and use it as a catalyst for unbreakable love and resilience is flawless. 2023 womens history month theme: Ladies Can't Climb Ladders Jane Robinson, 2020-01-23 It is a myth that either of the World Wars liberated women. The Sex Disqualification (Removal) Act of 1919 was one of the most significant pieces of legislation in modern Britain. It marked at once political watershed and a social revolution; the point at which women of 21 and over were recognised in law as being as competent as men. But were they? What actually happened when this bill was passed? This is the story of what happened next. *Ladies Can't Climb Ladders* focuses on the lives of six women - six pioneers - forging paths in the fields of medicine, law, academia, architecture, engineering and the church. Robinson's startling study into the public and private lives of these women sheds light not on the desires and ambitions of her subjects but how family and society responded to the working woman and what their legacy looks like today. This book is written in their honour. It is a book about live subjects: equal opportunity, the gender pay gap, and whether women can expect, or indeed deserve, to have it at all. 'An important and crackingly good read.' - Telegraph

2023 womens history month theme: A Girl from Yamhill Beverly Cleary, 2009-10-06 Told in her own words, *A Girl from Yamhill* is Newbery Medal-winning author Beverly Cleary's heartfelt and relatable memoir—now with a beautifully redesigned cover! Generations of children have read Beverly Cleary's books. From Ramona Quimby to Henry Huggins, Ralph S. Mouse to Ellen Tebbits, she has created an evergreen body of work based on the humorous tales and heartfelt anxieties of middle graders. But in *A Girl from Yamhill*, Beverly Cleary tells a more personal story—her story—of what adolescence was like. In warm but honest detail, Beverly describes life in Oregon during the Great Depression, including her difficulties in learning to read, and offers a slew of anecdotes that were, perhaps, the inspiration for some of her beloved stories. For everyone who has enjoyed the pranks and schemes, embarrassing moments, and all of the other poignant and colorful images of childhood brought to life in Beverly Cleary's books, here is the fascinating true story of the remarkable woman who created them.

2023 womens history month theme: Go Do Some Great Thing Kilian Crawford, 2020-10-10 Living in pre-Civil War Philadelphia, young Black activist Mifflin Gibbs was feeling disheartened from fighting the overwhelming tide of White America's legalized racism when abolitionist Julia Griffith encouraged him to "go do some great thing." These words helped inspire him to become a successful merchant in San Francisco, and then to seek a more just society in the new colony of Vancouver Island, where he was to become a prominent citizen and elected official. Gibbs joined a movement of Black American emigrants fleeing the increasingly oppressive and anti-Black Californian legal system in 1858. They hoped to establish themselves in a new country where they would have full access to the rights of citizenship and would be free to seek success and stability. Some six hundred Black Californians made the trip to Victoria in the midst of the Fraser River Gold Rush, but their hopes of finding a welcoming new home were ultimately disappointed. They were to encounter social segregation, disenfranchisement, limited employment opportunities and rampant discrimination. But in spite of the opposition and racism they faced, these pioneers played a pivotal role in the emerging province, establishing an all-Black militia unit to protect against American invasion, casting deciding votes in the 1860 election and helping to build the province as teachers, miners, artisans, entrepreneurs and merchants. Crawford Kilian brings this vibrant period of British Columbia's history to life, evoking the chaos and opportunity of Victoria's gold rush boom and describing the fascinating lives of prominent Black pioneers and trailblazers, from Sylvia Stark and Saltspring Island's notable Stark family to lifeguard and special constable Joe Fortes, who taught a generation of Vancouverites to swim. Since its original publication in 1978, Go Do Some Great Thing has remained foundational reading on the history of Black pioneers in BC. Updated and with a new foreword by Adam Rudder, the third edition of this under-told story describes the hardships and triumphs of BC's first Black citizens and their legacy in the province today. Partial proceeds from each copy sold will be donated to the Hogan's Alley Society.

2023 womens history month theme: *A House Built by Slaves* Jonathan W. White, 2022-02-12 Readers of American history and books on Abraham Lincoln will appreciate what Los Angeles Review of Books deems an accessible book that puts a human face — many human faces — on the story of Lincoln's attitudes toward and engagement with African Americans and Publishers Weekly calls a rich and comprehensive account. Widely praised and winner of the 2023 Gilder Lehrman Lincoln Prize, this book illuminates why Lincoln's unprecedented welcoming of African American men and women to the White House transformed the trajectory of race relations in the United States. From his 1862 meetings with Black Christian ministers, Lincoln began inviting African Americans of every background into his home, from ex-slaves from the Deep South to champions of abolitionism such as Frederick Douglass and Sojourner Truth. More than a good-will gesture, the president conferred with his guests about the essential issues of citizenship and voting rights. Drawing from an array of primary sources, White reveals how African Americans used the White House as a national stage to amplify their calls for equality. Even more than 160 years after the signing of the Emancipation Proclamation, Lincoln's inclusion of African Americans remains a necessary example in a country still struggling from racial divisions today.

2023 womens history month theme: *Deviant Maternity* Angela Joy Muir, 2020-02-17 This is the first-ever book to explore illegitimacy in Wales during the eighteenth century. Drawing on previously overlooked archival sources, it examines the scope and context of Welsh illegitimacy, and the link between illegitimacy, courtship and economic precarity. It also goes beyond courtship to consider the different identities and relationships of the mothers and fathers of illegitimate children in Wales, and the lived experience of conception, pregnancy and childbirth for unmarried mothers. This book reframes the study of illegitimacy by combining demographic, social and cultural history approaches to emphasise the diversity of experiences, contexts and consequences.

2023 womens history month theme: *Women, Business and the Law 2021* World Bank, 2021-04-05 *Women, Business and the Law 2021* is the seventh in a series of annual studies measuring the laws and regulations that affect women's economic opportunity in 190 economies. The project presents eight indicators structured around women's interactions with the law as they move through their lives and careers: Mobility, Workplace, Pay, Marriage, Parenthood, Entrepreneurship, Assets, and Pension. This year's report updates all indicators as of October 1, 2020 and builds evidence of the links between legal gender equality and women's economic inclusion. By examining the economic decisions women make throughout their working lives, as well as the pace of reform over the past 50 years, *Women, Business and the Law 2021* makes an important contribution to research and policy discussions about the state of women's economic empowerment. Prepared during a global pandemic that threatens progress toward gender equality, this edition also includes important findings on government responses to COVID-19 and pilot research related to childcare and women's access to justice.

2023 womens history month theme: *A Black Women's History of the United States* Daina Ramey Berry, Kali Nicole Gross, 2020-02-04 The award-winning *Revisioning American History* series continues with this "groundbreaking new history of Black women in the United States" (Ibram X. Kendi)—the perfect companion to *An Indigenous People's History of the United States* and *An African American and Latinx History of the United States*. An empowering and intersectional history that centers the stories of African American women across 400+ years, showing how they are—and have always been—instrumental in shaping our country. In centering Black women's stories, two award-winning historians seek both to empower African American women and to show their allies that Black women's unique ability to make their own communities while combatting centuries of oppression is an essential component in our continued resistance to systemic racism and sexism. Daina Ramey Berry and Kali Nicole Gross offer an examination and celebration of Black womanhood, beginning with the first African women who arrived in what became the United States to African

American women of today. A Black Women's History of the United States reaches far beyond a single narrative to showcase Black women's lives in all their fraught complexities. Berry and Gross prioritize many voices: enslaved women, freedwomen, religious leaders, artists, queer women, activists, and women who lived outside the law. The result is a starting point for exploring Black women's history and a testament to the beauty, richness, rhythm, tragedy, heartbreak, rage, and enduring love that abounds in the spirit of Black women in communities throughout the nation.

2023 womens history month theme: Love and Resistance Jason Baumann, 2019-03-05 More than one hundred vivid photographs of the LGBTQ revolution—and its public and intimate moments in the 1960s and 70s—that lit a fire still burning today. A ragtag group of women protesting behind a police line in the rain. A face in a crowd holding a sign that says, "Hi Mom, Guess What!" at a gay rights rally. Two lovers kissing under a tree. These indelible images are among the thousands housed in the New York Public Library's archive of photographs of 1960s and '70s LGBTQ history from photojournalists Kay Tobin Lahusen and Diana Davies. Lahusen is a pioneering photojournalist who captured pivotal moments in the LGBTQ civil rights movement. Davies, in turn, is one of the most important photojournalists who documented gay, lesbian, and trans liberation, as well as civil rights, feminist, and antiwar movements. This powerful collection—which captures the energy, humor, and humanity of the groundbreaking protests that surrounded the Stonewall Riots—celebrates the diversity of this rights movement, both in the subjects of the photos and by presenting Lahusen and Davies' distinctive work and perspectives in conversation with each other. A preface, captions, and part introductions from curator Jason Baumann provide illuminating historical context. And an introduction from Roxane Gay, best-selling author of *Hunger*, speaks to the continued importance of these iconic photos of resistance.

Adapted by celebrated academics and comics artists Damian Duffy and John Jennings, this graphic novel powerfully renders Butler's mysterious and moving story, which spans racial and gender divides in the antebellum South through the 20th century. Butler's most celebrated, critically acclaimed work tells the story of

Dana, a young black woman who is suddenly and inexplicably transported from her home in 1970s California to the pre-Civil War South. As she time-travels between worlds, one in which she is a free woman and one where she is part of her own complicated familial history on a southern plantation, she becomes frighteningly entangled in the lives of Rufus, a conflicted white slaveholder and one of Dana's own ancestors, and the many people who are enslaved by him. Held up as an essential work in feminist, science-fiction, and fantasy genres, and a cornerstone of the Afrofuturism movement, there are over 500,000 copies of *Kindred* in print. The intersectionality of race, history, and the treatment of women addressed within the original work remain critical topics in contemporary dialogue, both in the classroom and in the public sphere. Frightening, compelling, and richly imagined, *Kindred* offers an unflinching look at our complicated social history, transformed by the graphic novel format into a visually stunning work for a new generation of readers.

2023 womens history month theme: Redefining Realness Janet Mock, 2014-02-04 New York Times Bestseller • Winner of the 2015 WOMEN'S WAY Book Prize • Goodreads Best of 2014 Semi-Finalist • Books for a Better Life Award Finalist • Lambda Literary Award Finalist • Time Magazine "30 Most Influential People on the Internet" • American Library Association Stonewall Honor Book In her profound and courageous New York Times bestseller, Janet Mock establishes herself as a resounding and inspirational voice for the transgender community—and anyone fighting to define themselves on their own terms. With unflinching honesty and moving prose, Janet Mock relays her experiences of growing up young, multiracial, poor, and trans in America, offering readers accessible language while imparting vital insight about the unique challenges and vulnerabilities of a marginalized and misunderstood population. Though undoubtedly an account of one woman's quest for self at all costs, *Redefining Realness* is a powerful vision of possibility and self-realization, pushing us all toward greater acceptance of one another—and of ourselves—showing as never before how to be unapologetic and real.

2023 womens history month theme: Mother Maya Angelou, 2006-04-11 Perfect for Mother's Day, or for any day on which we wish to acknowledge this all-important bond, *Mother* is an awe-inspiring affirmation of the enduring love that exists in every corner of the globe. With her signature eloquence and heartfelt appreciation, renowned poet and national treasure Maya Angelou celebrates the first woman we ever knew: Mother. "You were always the heart of happiness to me," she acknowledges in this loving tribute, "Bringing nougats of glee / Sweets of open laughter." From the beginnings of this profound relationship through teenage rebellion and, finally, to adulthood, where we stand to inherit timeless maternal wisdom, Angelou praises the patience, knowledge, and compassion of this remarkable parent.

2023 womens history month theme: Phenomenal Woman Maya Angelou, 2011-10-05 A collection of beloved poems about women from the iconic Maya Angelou These four poems, "Phenomenal Woman," "Still I Rise," "Weekend Glory," and "Our Grandmothers," are among the most remembered and acclaimed of Maya Angelou's poems. They celebrate women with a majesty that has inspired and touched the hearts of millions. "Phenomenal Woman" is a phenomenal poem that speaks to us of where we are as women at the dawn of a new century. In a clear voice, Maya Angelou vividly reminds us of our towering strength and beauty.

2023 womens history month theme: *This Is Your Time* Ruby Bridges, 2020-11-10 NEW YORK TIMES BESTSELLER • CBC KIDS' BOOK CHOICE AWARD WINNER Civil rights icon Ruby Bridges—who, at the age of six, was the first black child to integrate into an all-white elementary school in New Orleans—inspires readers and calls for action in this moving letter. Her elegant, memorable gift book is especially uplifting in the wake of Kamala Harris making US history as the first female, first Black, and first South Asian vice president-elect. Written as a letter from civil rights activist and icon Ruby Bridges to the reader, *This Is Your Time* is both a recounting of Ruby's

experience as a child who had to be escorted to class by federal marshals when she was chosen to be one of the first black students to integrate into New Orleans' all-white public school system and an appeal to generations to come to effect change. This beautifully designed volume features photographs from the 1960s and from today, as well as stunning jacket art from *The Problem We All Live With*, the 1964 painting by Norman Rockwell depicting Ruby's walk to school. Ruby's honest and impassioned words, imbued with love and grace, serve as a moving reminder that "what can inspire tomorrow often lies in our past." *This Is Your Time* will electrify people of all ages as the struggle for liberty and justice for all continues and the powerful legacy of Ruby Bridges endures.

2023 womens history month theme: *The Women's History of the Modern World* Rosalind Miles, 2021-02-02 The internationally bestselling author of *Who Cooked the Last Supper?* presents a wickedly witty and very current history of the extraordinary female rebels, reactionaries, and trailblazers who left their mark on history from the French Revolution up to the present day. Now is the time for a new women's history—for the famous, infamous, and unsung women to get their due—from the Enlightenment to the #MeToo movement. Recording the important milestones in the birth of the modern feminist movement and the rise of women into greater social, economic, and political power, Miles takes us through through a colorful pageant of astonishing women, from heads of state like Empress Cixi, Eugenia Charles, Indira Gandhi, Jacinda Ardern, and Ellen Johnson Sirleaf to political rainmakers Kate Sheppard, Carrie Chapman Catt, Anna Stout, Dorothy Height, Shirley Chisholm, Winnie Mandela, STEM powerhouses Jocelyn Bell Burnell, Rosalind Franklin, Sophia Kovalevskaya, Marie Curie, and Ada Lovelace, revolutionaries Olympe de Gouges, Harriet Tubman, Sojourner Truth, Patyegarang, and writer/intellectuals Mary Wollstonecraft, Simon de Beauvoir, Elaine Morgan, and Germaine Greer. Women in the arts, women in sports, women in business, women in religion, women in politics—this is a one-stop roundup of the tremendous progress women have made in the modern era. A testimony to how women have persisted—and excelled—this is a smart and stylish popular history for all readers.

2023 womens history month theme: *WHAT KIND OF GIRL* CAROLINE KAUTSIRE, 2020-07-31 For Caroline, being a girl is already confusing, and growing up in the small African country of Malawi, she is constantly asked the question, What kind of girl behaves this way? With a thousand cultural ideas flooding into her head from American TV and movies, she struggles to fit into the traditional African society she was born into. Instead, she chooses to stand out by taking risks that are curious beyond what is proper, leading to disapproval and harsh consequences. At nine years old, she finds herself enrolled in a high school at a boarding school far from her home and parents. Alone, she must finally answer the question What kind of girl are you? for herself. *What Kind of Girl?* is a sweeping coming of age story about a girl in Malawi who must tangle with the gender restrictions, religious institutions, American cultural attitudes, and African traditions that seek to define who she can be as a woman. It is also a tale of how one girl's story in a distant country in Africa can become all of our stories.

2023 womens history month theme: *The Politics of Women's Suffrage* Alexandra Hughes-Johnson, Lyndsey Jenkins, 2021-11 A history of the early twentieth-century movement for women's suffrage in the United Kingdom and the Commonwealth. In the United Kingdom, the question of women's suffrage represented the most substantial challenge to the constitution since 1832, seeking not only to expand but to redefine definitions of citizenship and power. At the same time, it was inseparable from other urgent contemporary political debates--the Irish question, the decline of the British Empire, the Great War, and the increasing demand for workers' rights. This

collection positions women's suffrage as central to, rather than separate from, these broader political discussions, demonstrating how they intersected and were mutually constitutive. In particular, this collection pays close attention to the issues of class and Empire which shaped this era. It demonstrates how campaigns for women's rights were consciously and unconsciously played out, impacting attitudes to motherhood, spurring the radical birth-strike movement, and burgeoning communist sympathies in working-class communities around Britain and beyond.
