Yzaguirre, Claire Frazier Yzaguirre, 2015-08-24 Since our first publication of *Thriving Marriages*, we have given seminars on its content to over 300,000 people across the United States. Two areas emerged that needed further clarification and elaboration: how to make conflict resolution more effective and how to communicate our needs more clearly. As a result, we have rewritten Chapter 10: Solving Conflicts with Wisdom and Respect. The new chapter simplifies the conflict resolution process focusing on the role of Understanding, Validating and Acting, which we refer to as the UVA response. This type of empathic response allows people to integrate their differences and transform the conflict into an opportunity to grow in their unity. The chapter also includes a new questionnaire which covers the skills required and can be used as a tool to engage in constructive dialogue. For those of you involved in Marriage and Family Life, Religious Education, and Adult Faith Formation ministries, we invite you to include this new edition of *Thriving Marriages* in your curriculum and ministries as well
