2500 business center dr pearland tx 77584: Prophetic City Stephen L. Klineberg, 2021-06 Houston, Texas, long thought of as a traditionally blue-collar black/white southern city, has transformed into one of the most ethnically and culturally diverse metro areas in the nation, surpassing even New York by some measures. With a diversifying economy and large numbers of both highly-skilled technical jobs in engineering and medicine and low-skilled minimum-wage jobs in construction, restaurant work, and personal services, Houston has become a magnet for the new divergent streams of immigration that are transforming America in the 21st century. And thanks to an annual systematic survey conducted over the past thirty-eight years, the ongoing changes in attitudes, beliefs, and life experiences have been measured and studied, creating a compelling data-driven map of the challenges and opportunities that are facing Houston and the rest of the country. In Prophetic City, we'll meet some of the new Americans, including a family who moved to Houston from Mexico in the early 1980s and is still trying to find work that pays more than poverty wages. There's a young man born to highly-educated Indian parents in an affluent Houston suburb who grows up to become a doctor in the world's largest medical complex, as well as a white man who struggles with being prematurely pushed out of the workforce when his company downsizes. This timely and groundbreaking book tracks the progress of an American city like never before. Houston is at the center of the rapid changes that have redefined the nature of American society itself in the new century. Houston is where, for better or worse, we can see the American future emerging.

2500 business center dr pearland tx 77584: Revitalize - 9Marks Journal Jonathan Leeman, Bobby Jamieson, Matt Schmucker, Mike McKinley, Jeramie Rinne, Greg Gilbert, John Fulmar, J. D. Greear, Brian Croft, Andrew Davis, 2016-09-06 9Marks Journal: RevitalizeChurch planting is a great thing, and there's no need to take anything away from it. But there should also be a default setting in a Christian's heart that always longs to see dying churches revitalized. It's not like the debate in your head about whether to fork over \$2000 to the mechanic to fix your clunker of a car or to just buy a new one. It's more like a decision about whether to walk away from a dear but difficult relationship. Our hearts should never want to do that, even if once in a great while we must. Start with Andy Davis' remarkable story of reforming one church, and you'll find something that feels strangely like it's from the Bible, as if Andy were only doing what the apostles did. Then let the

biblical burden of Bobby Jamieson's article sit on you. I'm serious. You just might find some new light bulbs turning on. Matt Schmucker's and Mike McKinley's articles then round out the apologetic by offering crisp statements for why churches and pastors should pursue the work of revitalizing. If you are a pastor, keep reading into the next section, where Jeramie Rinne, Greg Gilbert, John Folmar, J. D. Greear, and Brian Croft offer valuable and practical wisdom on how to proceed with the work of reform. Could it be that church revitalization does not loom as large in the modern evangelical mindset as it did in Jesus' and the apostles'? Before you answer that question, if nothing else, read Bobby's article. You just might wonder if we've missed something basic.
