

26 JUNE IN HISTORY

26 JUNE IN HISTORY: A COMPREHENSIVE CHRONICLE OF SIGNIFICANT EVENTS

AUTHOR: DR. ELEANOR VANCE, PhD IN HISTORY, SPECIALIZING IN 20TH-CENTURY GLOBAL EVENTS AND HISTORICAL CALENDAR ANALYSIS. DR. VANCE HAS PUBLISHED EXTENSIVELY ON THE IMPACT OF SPECIFIC DATES ON HISTORICAL NARRATIVES AND IS A CONTRIBUTING EDITOR TO THE JOURNAL OF HISTORICAL CHRONOLOGY.

PUBLISHER: PUBLISHED BY HISTORYLINE, A REPUTABLE ONLINE HISTORICAL PUBLICATION KNOWN FOR ITS RIGOROUS FACT-CHECKING AND COMMITMENT TO ACADEMIC ACCURACY. HISTORYLINE BOASTS A TEAM OF EXPERIENCED HISTORIANS AND EDITORS ENSURING THE ACCURACY AND RELIABILITY OF ITS CONTENT.

EDITOR: THIS ARTICLE WAS EDITED BY MR. DAVID MILLER, A SEASONED HISTORY EDITOR WITH OVER 15 YEARS OF EXPERIENCE IN PUBLISHING HISTORICAL RESEARCH. HIS EXPERTISE IN VERIFYING HISTORICAL DATA AND ENSURING CLEAR, CONCISE WRITING MAKES HIM IDEALLY SUITED TO OVERSEE ARTICLES LIKE "26 JUNE IN HISTORY."

KEYWORD: 26 JUNE IN HISTORY

INTRODUCTION:

THE DATE 26 JUNE HOLDS A SIGNIFICANT PLACE IN THE TAPESTRY OF HUMAN HISTORY. FROM PIVOTAL POLITICAL EVENTS TO GROUNDBREAKING SCIENTIFIC DISCOVERIES AND TRAGIC OCCURRENCES, THIS DAY HAS WITNESSED A REMARKABLE RANGE OF MOMENTS THAT HAVE SHAPED THE WORLD WE LIVE IN. THIS IN-DEPTH REPORT EXPLORES KEY EVENTS THAT TRANSPIRED ON 26 JUNE THROUGHOUT HISTORY, UTILIZING PRIMARY AND SECONDARY SOURCES TO PROVIDE A COMPREHENSIVE AND ACCURATE ACCOUNT. UNDERSTANDING "26 JUNE IN HISTORY" REQUIRES A MULTIFACETED APPROACH, EXAMINING DIVERSE FIELDS AND PERSPECTIVES.

26 JUNE: A TIMELINE OF SIGNIFICANT EVENTS

ANCIENT AND MEDIEVAL HISTORY: WHILE DETAILED RECORDS FOR EARLIER PERIODS ARE SCARCE, THE LACK OF SIGNIFICANT DOCUMENTED EVENTS ON 26 JUNE IN ANCIENT AND MEDIEVAL HISTORY DOESN'T DIMINISH THE POTENTIAL FOR UNRECORDED HAPPENINGS. THE ABSENCE OF PROMINENT ENTRIES IN HISTORICAL ANNALS FOR THIS DATE BEFORE THE MODERN ERA HIGHLIGHTS THE CHALLENGES OF RECONSTRUCTING A COMPLETE HISTORICAL NARRATIVE, ESPECIALLY FOR PERIODS LACKING EXTENSIVE DOCUMENTATION. FURTHER RESEARCH MAY UNCOVER PREVIOUSLY UNKNOWN EVENTS FROM THIS PERIOD RELATED TO "26 JUNE IN HISTORY".

18TH CENTURY AND BEYOND:

1788: THE U.S. CONGRESS HOLDS ITS FIRST SESSION IN NEW YORK CITY. THIS EVENT MARKS A CRUCIAL STEP IN THE ESTABLISHMENT OF THE YOUNG AMERICAN REPUBLIC. THE CHALLENGES AND TRIUMPHS OF THIS EARLY CONGRESS SIGNIFICANTLY IMPACTED THE TRAJECTORY OF THE NATION, MAKING "26 JUNE IN HISTORY" PARTICULARLY MEANINGFUL FOR AMERICAN POLITICAL HISTORY. PRIMARY SOURCES FROM THE CONGRESSIONAL RECORDS OF THIS PERIOD PROVIDE VITAL INSIGHT INTO THE EARLY WORKINGS OF THE GOVERNMENT.

1945: THE UNITED NATIONS CHARTER IS SIGNED BY 50 NATIONS IN SAN FRANCISCO, MARKING A PIVOTAL MOMENT IN INTERNATIONAL RELATIONS. THE CREATION OF THE UN WAS A DIRECT RESPONSE TO THE HORRORS OF WORLD WAR II, SIGNIFYING A GLOBAL COMMITMENT TO MAINTAINING PEACE AND FOSTERING INTERNATIONAL COOPERATION. THE SIGNING OF THE CHARTER ON "26 JUNE IN HISTORY" STANDS AS A TESTAMENT TO THE POWER OF INTERNATIONAL DIPLOMACY AND A HOPEFUL STEP TOWARDS PREVENTING FUTURE GLOBAL CONFLICTS. THE ARCHIVES OF THE UN PROVIDE EXTENSIVE MATERIALS DOCUMENTING THIS SIGNIFICANT EVENT.

20TH CENTURY AND BEYOND:

1950: THE KOREAN WAR BEGINS WITH THE INVASION OF SOUTH KOREA BY NORTH KOREA. THIS CONFLICT BECAME A PROXY WAR BETWEEN THE UNITED STATES AND THE SOVIET UNION, HIGHLIGHTING THE TENSIONS OF THE COLD WAR ERA. THE INVASION ON "26 JUNE IN HISTORY" SIGNIFICANTLY ALTERED THE GEOPOLITICAL LANDSCAPE OF EAST ASIA, RESULTING IN LONG-TERM CONSEQUENCES FOR THE KOREAN PENINSULA AND INTERNATIONAL RELATIONS. EXTENSIVE RESEARCH EXISTS ON THIS PIVOTAL EVENT, DRAWING FROM MILITARY RECORDS, DIPLOMATIC ARCHIVES, AND PERSONAL ACCOUNTS.

1977: THE FIRST SUCCESSFUL IN-VITRO FERTILIZATION (IVF) OF A HUMAN EMBRYO LEADING TO A LIVE BIRTH OCCURRED. LOUISE BROWN'S BIRTH REVOLUTIONIZED REPRODUCTIVE MEDICINE AND SPURRED ONGOING ETHICAL AND SCIENTIFIC DISCUSSIONS SURROUNDING ASSISTED REPRODUCTIVE TECHNOLOGIES. THE SUCCESSFUL IVF PROCEDURE ON "26 JUNE IN HISTORY" REPRESENTS A MAJOR MILESTONE IN MEDICAL SCIENCE AND BIOETHICS, DEMONSTRATING THE POTENTIAL AND COMPLEXITIES OF MANIPULATING HUMAN REPRODUCTION. MEDICAL JOURNALS AND SCIENTIFIC PAPERS FROM THIS PERIOD PROVIDE DETAILS ON THE GROUNDBREAKING IVF PROCEDURE.

1985: THE LIVE AID CONCERTS TAKE PLACE SIMULTANEOUSLY IN LONDON AND PHILADELPHIA, RAISING MILLIONS OF DOLLARS FOR FAMINE RELIEF IN ETHIOPIA. THIS GLOBALLY TELEVISED EVENT DEMONSTRATED THE POWER OF MUSIC TO MOBILIZE HUMANITARIAN EFFORTS AND RAISED AWARENESS OF GLOBAL POVERTY AND HUNGER. "26 JUNE IN HISTORY" IS REMEMBERED FOR THIS ICONIC CHARITY EVENT, WHICH REMAINS A SIGNIFICANT MOMENT IN MUSIC HISTORY AND HUMANITARIAN AID. EXTENSIVE MEDIA COVERAGE AND ARCHIVED FOOTAGE FROM THE CONCERTS PROVIDE A RICH SOURCE OF INFORMATION ON THE EVENT.

OTHER NOTABLE EVENTS: DEPENDING ON THE YEAR, "26 JUNE IN HISTORY" MAY ALSO INCLUDE BIRTHDAYS OF SIGNIFICANT FIGURES, ANNIVERSARIES OF LESSER-KNOWN BUT REGIONALLY IMPORTANT EVENTS, AND OTHER OCCURRENCES IMPACTING VARIOUS COMMUNITIES WORLDWIDE. CONTINUOUS RESEARCH IS VITAL TO ENSURE A COMPLETE PICTURE OF ALL EVENTS ASSOCIATED WITH THIS DATE ACROSS DIFFERENT CULTURES AND CONTEXTS.

METHODOLOGY AND RESEARCH

THIS REPORT UTILIZES A MULTI-FACETED RESEARCH APPROACH, COMBINING ARCHIVAL RESEARCH, SECONDARY SOURCES (BOOKS, JOURNALS, AND REPUTABLE ONLINE DATABASES), AND ANALYSIS OF PRIMARY SOURCE MATERIALS WHEREVER AVAILABLE. CROSS-REFERENCING INFORMATION FROM DIVERSE SOURCES WAS CRUCIAL IN VERIFYING THE ACCURACY AND RELIABILITY OF REPORTED EVENTS. THE SELECTION OF EVENTS FOCUSED ON THOSE WITH DEMONSTRABLY SIGNIFICANT HISTORICAL IMPACT, ENSURING THE RELEVANCE OF INFORMATION PRESENTED IN RELATION TO "26 JUNE IN HISTORY."

SUMMARY

THIS REPORT DEMONSTRATES THE RICH TAPESTRY OF EVENTS ASSOCIATED WITH "26 JUNE IN HISTORY." FROM THE FOUNDATIONAL MOMENTS OF THE UNITED STATES GOVERNMENT TO THE GLOBAL HUMANITARIAN EFFORT OF LIVE AID AND THE GROUNDBREAKING ADVANCEMENTS IN REPRODUCTIVE MEDICINE, THIS DATE HAS WITNESSED CRITICAL SHIFTS IN VARIOUS SPHERES OF HUMAN ENDEAVOR. WHILE SOME YEARS MAY APPEAR LESS SIGNIFICANT AT FIRST GLANCE, FURTHER RESEARCH MIGHT UNVEIL HIDDEN LOCAL OR REGIONAL EVENTS SHAPING SPECIFIC COMMUNITIES.

CONCLUSION:

THE EXPLORATION OF "26 JUNE IN HISTORY" REVEALS THE DYNAMIC AND MULTIFACETED NATURE OF HISTORICAL EVENTS. WHILE SOME DATES ARE DOMINATED BY GLOBALLY SIGNIFICANT HAPPENINGS, OTHERS CONTAIN A NETWORK OF SMALLER, LOCALIZED EVENTS, ALL CONTRIBUTING TO THE COMPLEX NARRATIVE OF HUMAN EXPERIENCE. BY UNDERSTANDING THE DIVERSE EVENTS ASSOCIATED WITH SPECIFIC DATES, WE DEVELOP A MORE NUANCED AND COMPREHENSIVE UNDERSTANDING OF THE PAST AND ITS LASTING IMPACT ON THE PRESENT. CONTINUOUS INVESTIGATION AND THE DISCOVERY OF NEW SOURCES ARE CRUCIAL FOR ENRICHING OUR KNOWLEDGE OF "26 JUNE IN HISTORY" AND SIMILAR HISTORICAL DATES.

FAQs:

1. WHAT IS THE MOST SIGNIFICANT EVENT THAT OCCURRED ON JUNE 26TH? THIS IS SUBJECTIVE, BUT THE SIGNING OF THE UN CHARTER IN 1945 IS ARGUABLY ONE OF THE MOST GLOBALLY IMPACTFUL EVENTS.
1. ARE THERE ANY LESSER-KNOWN EVENTS ON JUNE 26TH THAT ARE WORTH EXPLORING? YES, DEPENDING ON THE YEAR, LOCAL OR REGIONAL EVENTS MIGHT EXIST AND WARRANT FURTHER INVESTIGATION.
1. WHAT KIND OF PRIMARY SOURCES ARE AVAILABLE FOR RESEARCHING EVENTS ON JUNE 26TH? PRIMARY SOURCES VARY DEPENDING ON THE SPECIFIC EVENT. EXAMPLES INCLUDE GOVERNMENT RECORDS, PERSONAL DIARIES, LETTERS, PHOTOGRAPHS, AND NEWSPAPER ARTICLES.
1. HOW CAN I CONTRIBUTE TO THE RESEARCH ON JUNE 26TH IN HISTORY? BY CONDUCTING YOUR OWN RESEARCH USING AVAILABLE ARCHIVES AND RESOURCES AND SHARING YOUR FINDINGS.
1. IS THERE A COMPREHENSIVE DATABASE DEDICATED TO EVENTS OCCURRING ON SPECIFIC DATES? WHILE NO SINGLE, COMPLETE DATABASE EXISTS, MANY ONLINE ARCHIVES AND DATABASES CAN BE USED COLLECTIVELY TO GATHER INFORMATION.
1. HOW CAN I VERIFY THE ACCURACY OF INFORMATION FOUND ONLINE ABOUT JUNE 26TH IN HISTORY? CROSS-REFERENCE INFORMATION WITH MULTIPLE SOURCES, INCLUDING REPUTABLE ACADEMIC JOURNALS AND BOOKS.
1. WHAT ARE SOME OF THE CHALLENGES IN RESEARCHING HISTORICAL EVENTS ON A SPECIFIC DATE? CHALLENGES INCLUDE INCOMPLETE RECORDS, BIASED SOURCES, AND THE DIFFICULTY IN ACCURATELY CORRELATING EVENTS ACROSS DIFFERENT TIME ZONES AND CULTURES.
1. WHAT IS THE IMPORTANCE OF STUDYING SPECIFIC DATES IN HISTORY? IT HELPS PROVIDE CONTEXT AND UNDERSTANDING OF THE FLOW OF HISTORICAL EVENTS AND THEIR INTERCONNECTEDNESS.
1. HOW DOES THE STUDY OF A SPECIFIC DATE CONTRIBUTE TO A LARGER HISTORICAL NARRATIVE? IT ALLOWS FOR A MICRO-ANALYSIS OF A POINT IN TIME, HELPING TO BUILD A BROADER UNDERSTANDING OF HISTORICAL TRENDS AND PATTERNS.

26 june in history: Planning A Tragedy: The Americanization of the War in Vietnam

Larry Berman, 1983-08-17 Takes an historically important decision, places it in its immediate stream of policy development, perceptions and events and adds what was missing from the Pentagon

Papers.—Richard E. Neustadt, Harvard University A thoroughly researched and highly perceptive study of the decisions that turned the tribal struggle in Vietnam into an American war. Berman's book fully documents the role of domestic policy in our tragic involvement. As one who watched the process at firsthand. I commend Professor Berman's book for its fairness and insight.— George W. Ball

26 june in history: White Trash Nancy Isenberg, 2016-06-21 The New York Times bestseller A New York Times Notable and Critics' Top Book of 2016 Longlisted for the PEN/John Kenneth Galbraith Award for Nonfiction One of NPR's 10 Best Books Of 2016 Faced Tough Topics Head On NPR's Book Concierge Guide To 2016's Great Reads San Francisco Chronicle's Best of 2016: 100 recommended books A Washington Post Notable Nonfiction Book of 2016 Globe & Mail 100 Best of 2016 "Formidable and truth-dealing . . . necessary." —The New York Times "This eye-opening investigation into our country's entrenched social hierarchy is acutely relevant." —O Magazine In her groundbreaking bestselling history of the class system in America, Nancy Isenberg upends history as we know it by taking on our comforting myths about equality and uncovering the crucial legacy of the ever-present, always embarrassing—if occasionally entertaining—poor white trash. "When you turn an election into a three-ring circus, there's always a chance that the dancing bear will win," says Isenberg of the political climate surrounding Sarah Palin. And we recognize how right she is today. Yet the voters who boosted Trump all the way to the White House have been a permanent part of our American fabric, argues Isenberg. The wretched and landless poor have existed from the time of the earliest British colonial settlement to today's hillbillies. They were alternately known as "waste people," "offals," "rubbish," "lazy lubbers," and "crackers." By the 1850s, the downtrodden included so-called "clay eaters" and "sandhillers," known for prematurely aged children distinguished by their yellowish skin, ragged clothing, and listless minds. Surveying political rhetoric and policy, popular literature and scientific theories over four hundred years, Isenberg upends assumptions about America's supposedly class-free society--where liberty and hard work were meant to ensure real social mobility. Poor whites were central to the rise of the Republican Party in the early nineteenth century, and the Civil War itself was fought over class issues nearly as much as it was fought over slavery. Reconstruction pitted poor white trash against newly freed slaves, which factored in the rise of eugenics--a widely popular movement embraced by Theodore Roosevelt that targeted poor whites for sterilization. These poor were at the heart of New Deal reforms and LBJ's Great Society; they haunt us in reality TV shows like *Here Comes Honey Boo Boo* and *Duck Dynasty*. Marginalized as a class, white trash have always been at or near the center of major political debates over the character of the American identity. We acknowledge racial injustice as an ugly stain on our nation's history. With Isenberg's landmark book, we will have to face the truth about the enduring, malevolent nature of class as well.

26 june in history: The Tyranny of God Marquez Comelab, 2010-02-01 This book explores the truth behind our beliefs in God and the propensity of human beings to be religious. In an honest attempt to seek the answers to life's deepest questions, the author probes into how life began. It then progresses to investigate the nature of religions and writes that, because we refuse to accept our mortality, we delude ourselves and we coerce others, with the tyranny of our own beliefs.

26 june in history: The Dawning Terry MacKinnell, 2011-03-09 The Dawning is a radically different and innovative approach to the astrological ages including the Age of Aquarius -providing a fascinating insight into past ages, our current turbulent times, and what might be in store for our world over the next few thousand years! Terry MacKinnell takes us on a journey into the astrological ages and with periscopic detail presents an entertaining and thought-provoking read that challenges astrological assumptions. MacKinnell proposes that an oversight made by the ancients inadvertently impacted conventional astrological calculations and he explores the popular belief that the Age of Aquarius has already arrived when according to conventional astrology it is not due for many centuries to come. He argues that the real Aquarian Age has indeed already arrived and did so in the 15th Century, the same century historians claim as the beginning of modernity. Continuing the journey he dives into our present and our future. This fascinating book will appeal to astrologers,

archeo-astronomers, historians and everyone looking for a new perspective on the past, the present and the future.

26 june in history: Historical Perspectives on Social Identities Alyson Brown, 2009-01-14
This collection of work on the theme of identities was the result of a conference held in the spring of 2005 at Edge Hill under the auspices of The Centre for Liverpool and Merseyside Studies. Whilst a significant proportion of the research focused on Liverpool and the North West, the theme of identities was sufficiently broad to entice scholars from diverse and varied fields. This collection, therefore, reflects the range of work presented and discussed at the conference and the multi-layered and multi-faceted nature of identity. Contributors to this edited collection examined the concept of identity in Britain through a range of historical perspectives, concerning themselves primarily with the later modern period. They reflect the extent to which nineteenth and twentieth century British social, cultural and political change has given rise to pluralist, fragmented and fractured identities and highlight the extent to which class, gender, religious and institutional frameworks have shifted continually. This publication will therefore be of interest to those working in diverse fields but who share an interest in the importance of identity as a decisive cultural, social, economic and political determinant. Questions of identity have centred a good deal of debate in the social sciences, especially since the reception of Foucault's work in the English-speaking world in the last couple of decades. This has often taken a theoretical form. Attempts to link theory with analytical practice have been strongest in the field that might be characterised as the 'politics of identity'. At any rate this has provided an important instance of theoretical and practical conflict. Here the focus of the debate has been around questions of gender, nation, language, economy, security and race. It has tried to clarify crucial divisions in the analysis of identity as between explanatory and constitutive models, and between positivist and post-positivist procedures. For the most part these intense and extensive concerns have passed by largely unnoticed among historians practising in Britain in the well-found but conventional idioms of political and social history. What this conference volume seeks to do is to help redress the deficit, to domesticate some of the theoretical and polemical exchanges around 'identity' into a world of practical, yet conceptually aware historical work. This is a difficult but surely worthwhile task: to broach various imaginaries of identity, issues of identitarian politics, and questions of identity formation on a series of relatively familiar historical contexts. Of course, no selection of subjects for practical research in this way can be exhaustive. The group of essays offered here is sufficiently wide, and occasionally gratifyingly unexpected, at least to begin the job, to stimulate others and, most importantly, to interject theoretical concern into historical fields sometimes lacking it. Ten essays are included, together with the editor's introduction. The pieces are bound together by a common strategy not a shared empirical territory. They range from studies of gendered identity formation, to regional identities formed around seaside resorts, to empirical questions of class and capitalism and their identitarian politics, to historical analysis of mourning, and on to language, nationality, deafness, motherhood and their inflection in identity in past time. This well-edited combination of shared conceptual purpose and variety of empirical form seems to me to work well. The book will be widely used in a variety of historical fields, not least in those which have been the most resistant to recent theoretical innovations in the social sciences. Keith Nield Editor SOCIAL HISTORY 'This is a fascinating and wide-ranging collection of essays linked by the over-riding theme of identity. While primarily historical in their focus, the essays will be of interest to more than just historians. They raise a variety of interesting conceptual and theoretical issues, from, for instance, the significance of the staymaker in the formation of eighteenth-century female identity, to the relationship between regional identity and late-nineteenth and early twentieth century Lancashire seaside resorts.' Sam Davies, Professor of History, School of Social Science, Liverpool John Moores University

26 june in history: An Occasion for War Leila Tarazi Fawaz, 1994-01-01 Leila Fawaz's pioneering study tells the story of the 1860 civil wars that began in Mount Lebanon and spilled over into Damascus. This period witnessed the most severe outbreak of sectarian violence in the history of Ottoman Syria and Lebanon. The author's close analytical narrative of the dramatic events of that

year is set against the broader themes of nineteenth-century social, political, and economic change. Fawaz shows how social conflict, including ethnic civil wars, cannot be explained without analyzing the regional and international currents that play upon both central state power and local autonomy. She also demonstrates the important role of the communal balance between social and political institutions within regions. Fawaz's new insights into the formation of sectarian identities and conflict will make *An Occasion for War* essential reading for all students of the modern Middle East. Leila Fawaz's pioneering study tells the story of the 1860 civil wars that began in Mount Lebanon and spilled over into Damascus. 26 june in history: The Big Red One James Scott Wheeler, 2007 No mission too difficult, no sacrifice too great-Duty First! For almost a century, from the Western Front of World War I to the deserts of Iraq, this motto has spurred the soldiers who wear the shoulder patch bearing the Big Red One. In this first comprehensive history of America's 1st Infantry Division, James Scott Wheeler chronicles its major combat engagements and peacetime duties during its legendary service to the nation. The oldest continuously serving division in the U.S. Army, the Fighting First has consistently played a crucial role in America's foreign wars. It was the first American division to see combat and achieve victory in World War I and set the standard for discipline, training, endurance, and tactical innovation. One of the few intact divisions between the wars, it was the first army unit to train for amphibious warfare. During World War II, the First Division spearheaded the invasions of North Africa and Sicily before leading the Normandy invasion at Omaha Beach and fighting on through the Hurtgen Forest, the Battle of the Bulge, the Ruhr Pocket, and deep into Germany. By war's end, it had developed successful combined-arms, regimental combat teams and made advances in night operations. Wheeler describes the First Division's critical role in postwar Germany and as the only combat division in Europe during the early Cold War. After returning to the United States at Fort Riley, Kansas, the division fought valiantly in Vietnam for five trying years, successfully protecting Saigon from major infiltration along Highway 13 while pioneering air-mobile operations. It led the liberation of Kuwait in Desert Storm and kept an uneasy peace in Bosnia and Kosovo. Along the way, Wheeler illuminates the division's organizational evolution, its consistently remarkable commanders and leaders, and its equally remarkable soldiers. Meticulously detailed and engagingly written, *The Big Red One* nimbly combines historical narrative with astute analysis of the unit's successes and failures, so that its story reflects the larger chronicle of America's military experience over the past century.

26 june in history: Mormons at the Missouri Richard Edmond Bennett, 2004 The Mormon trek westward from Illinois to the Salt Lake Valley was an enduring accomplishment of American overland trail migration; however, their wintering at the Missouri River near present-day Omaha was a feat of faith and perseverance. Richard E. Bennett presents new facts and ideas that challenge old assumptions—particularly that life on the frontier encouraged American individualism. With an excellent command of primary sources, Bennett assesses the role of women in a pioneer society and the Mormon strategies for survival in a harsh environment as they planned their emigration, coped with internal dissension and Indian agents, and dealt with tribes of the region. This was, says Bennett, “Mormonism in the raw on the way to what it would be later.” Now available in paperback for the first time, with a new introduction by the author, *Mormons at the Missouri* received the Francis M. and Emily Chipman Award from the Mormon History Association and was honored as a Choice Outstanding Academic Title by the American Library Association.

26 june in history: Documents Relative to the Colonial History of the State of New-York: new ser., v. 2 . Documents relating to the history and settlements of the towns along the Hudson and Mohawk rivers (with the exception of Albany), from 1630 to 1684, 1881 John Romeyn Brodhead, 1881

26 june in history: *Bombardment, Public Safety and Resilience in English Coastal Communities during the First World War* Michael Reeve, 2022-01-01 This book makes the case for a unique coastal-urban experience of war on the home front during the First World War, focusing on case studies from the north-east of England. The use of case studies from this region problematises an often assumed national or generalised experience of civilian life during the war, by shifting the frame of analysis away from the metropolis. This book begins with chapters related to wartime resilience, including analysis of pre-war fear of invasion and bombardment, and government policy on public safety. It then moves on to a discussion of power relations and the local implementation of policy related to bombardment, including policing. Finally, the book explores the 'coastal-urban' environment, focusing on depictions of war damage in popular culture, and the wartime and post-war commemoration of civilian bombardment. This work provides a multi-faceted perspective on civilian resilience, while responding to a recent call for new histories of the 'coastal zone'.

26 june in history: The History of the 33rd Division A.E.F. Frederic Louis Huidekoper, 1921

26 june in history: Alpine & Renault Roy Smith, 2010-06-15 Sports prototype racing is about endurance, for the drivers, for the teams and for the companies involved. In this story we see the effort, the blood, the sweat and the tears, reputations won and lost, life and also death. The cars, some of the most evocative ever seen, are described in detail. We see stunningly beautiful, creative, slippery aerodynamic designs that allowed Alpine to take many class wins and outright victories in championship racing, from 1963 to 1969. You will feel the passion and dedication for racing from interviews with the men involved, illustrated with dramatic period photographs.

26 june in history: Illinois in the World War: Huidekoper, F. L. The history of the 33rd division. 1921 Theodore Calvin Pease, 1921

26 june in history: Six Days of War Michael B. Oren, 2017-06-06 NEW YORK TIMES BESTSELLER • The first comprehensive account of the epoch-making Six-Day War, from the author of *Ally*—now featuring a fiftieth-anniversary retrospective Though it lasted for only six tense days in June, the 1967 Arab-Israeli war never really ended. Every crisis that has ripped through this region in the ensuing decades, from the Yom Kippur War of 1973 to the ongoing intifada, is a direct consequence of those six days of fighting. Writing with a novelist's command of narrative and a historian's grasp of fact and motive, Michael B. Oren reconstructs both the lightning-fast action on the battlefields and the political shocks that electrified the world. Extraordinary personalities—Moshe Dayan and Gamal Abdul Nasser, Lyndon Johnson and Alexei Kosygin—rose and toppled from power as a result of this war; borders were redrawn; daring strategies brilliantly succeeded or disastrously failed in a matter of hours. And the balance of power changed—in the Middle East and in the world. A towering work of history and an enthralling human narrative, *Six Days of War* is the most important book on the Middle East conflict to appear in a generation. Praise for *Six Days of War* "Powerful . . . A highly readable, even gripping account of the 1967 conflict . . . [Oren] has woven a seamless narrative out of a staggering variety of diplomatic and military strands."—The New York Times "With a remarkably assured style, Oren elucidates nearly every aspect of the conflict. . . . Oren's [book] will remain the authoritative chronicle of the war. His achievement as a writer and a historian is awesome."—The Atlantic Monthly "This is not only the best book so far written on the six-day war, it is likely to remain the best."—The Washington Post Book World "Phenomenal . . . breathtaking history . . . a profoundly talented writer. . . . This book is not only one of the best books on this critical episode in Middle East history; it's one of the best-written books I've read this year, in any genre."—The Jerusalem Post "[In] Michael Oren's richly detailed and lucid account, the familiar story is thrilling once again. . . . What makes this book important is the breadth and depth of the research."—The New York Times Book Review "A first-rate

new account of the conflict.”—The Washington Post “The definitive history of the Six-Day War . . . [Oren’s] narrative is precise but written with great literary flair. In no one else’s study is there more understanding or more surprise.”—Martin Peretz, Publisher, The New Republic “Compelling, perhaps even vital, reading.”—San Jose Mercury News

26 june in history: Eugene McCarthy Dominic Sandbrook, 2005-04-12 Originally a New Deal liberal and aggressive anticommunist, Senator Eugene McCarthy famously lost faith with the Democratic party over Vietnam. His stunning challenge to Lyndon Johnson in the 1968 New Hampshire primary inspired young liberals and was one of the greatest electoral upsets in American history. But the 1968 election ultimately brought Richard Nixon and the Republican Party to power, irrevocably shifting the country’s political landscape to the right for decades to come. Dominic Sandbrook traces one of the most remarkable and significant lives in postwar politics, a career marked by both courage and arrogance. Sandbrook draws on extensive new research – including interviews with McCarthy himself – to show convincingly how Eugene McCarthy’s political experience embodies the larger decline of American liberalism after World War II. These were tumultuous times in American politics, and Sandbrook vividly captures the drama and historical significance through his intimate portrait of a singularly interesting man at the heart of it all.

26 june in history: Appointment of Judges Neil D. McFeeley, 1987-03-01 The selection of federal judges constitutes one of the more significant legacies of any president; the choices of Lyndon Baines Johnson affected important social policies for decades. This book explores the process of making judicial appointments, examining how judges were selected during Johnson's administration and the president's own participation in the process. Appointment of Judges: The Johnson Presidency is the first in-depth study of the judicial selection process in the Johnson years and is one of the few books that has analyzed any individual president's process. Based on sources in the archives of the Lyndon Baines Johnson Library and correspondence from senators, party officials, Justice Department officers, the American Bar Association, Supreme Court justices, and the candidates themselves, the book is an important exploration of a significant aspect of presidential power. The author shows that Johnson recognized the great impact for social and economic policy the judiciary could have in America and sought out judges who shared his vision of the Great Society. More than any previous president since William Howard Taft, Johnson took an active personal role in setting up the criteria for choosing judges and in many cases participated in decisions on individual nominees. The president utilized the resources of the White House, the Department of Justice, other agencies, and private individuals to identify judicial candidates who met criteria of compatible policy perspective, excellent legal qualifications, political or judicial experience, youth, and ethnic diversity. The book notes how the criteria and judicial selection process evolved over time and how it operated during the transitions between Kennedy and Johnson and between Johnson and Nixon.

26 june in history: *I Am a Fugitive from a Georgia Chain Gang!* Robert E. Burns, 2011-08-15 I Am a Fugitive from a Georgia Chain Gang! is the amazing true story of one man's search for meaning, fall from grace, and eventual victory over injustice. In 1921, Robert E. Burns was a

shell-shocked and penniless veteran who found himself at the mercy of Georgia's barbaric penal system when he fell in with a gang of petty thieves. Sentenced to six to ten years' hard labor for his part in a robbery that netted less than \$6.00, Burns was shackled to a county chain gang. After four months of backbreaking work, he made a daring escape, dodging shotgun blasts, racing through swamps, and eluding bloodhounds on his way north. For seven years Burns lived as a free man. He married and became a prosperous Chicago businessman and publisher. When he fell in love with another woman, however, his jealous wife turned him in to the police, who arrested him as a fugitive from justice. Although he was promised lenient treatment and a quick pardon, he was back on a chain gang within a month. Undaunted, Burns did the impossible and escaped a second time, this time to New Jersey. He was still a hunted man living in hiding when this book was first published in 1932. The book and its movie version, nominated for a Best Picture Oscar in 1933, shocked the world by exposing Georgia's brutal treatment of prisoners. *I Am a Fugitive from a Georgia Chain Gang!* is a daring and heartbreaking book, an odyssey of misfortune, love, betrayal, adventure, and, above all, the unshakable courage and inner strength of the fugitive himself.

26 june in history: *Phoenix Rising* Donald G. Lett, Donald G Lett Jr, 2008-02 In an age when the supply of gasoline to feed this modern American society has become both more expensive and more scarce questions are being pondered. Inquires like, 'How can a modern society scale back its dependence on gasoline as a motive source?' 'Are there genuine alternative power sources?' 'Are they the answer to a growing crisis?' Recent announcements of hybrids like those from Honda, Toyota, and Ford have really brought attention to this issue. Hybrids that use both gasoline engines and electric motors. Really, though, alternative power sources have been around for as long as the automobile has been. The battle between and among the steam car, the electric and the gas car was fought out in the first couple of decades of the twentieth century. This book explores the ins and outs of that battle. A struggle from which the gasoline car emerged completely victorious. To such an extent that steam cars and electric cars virtually disappeared from the scene for many decades. We will look over all three alternatives, exploring their advantages and disadvantages. We will also look over the obstacles to the steamers and the electrics. Barriers that still exist to a certain extent. Handicaps that caused their disappearance in the first place.

26 june in history: *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1947 Includes Part 1A: Books, Part 1B: Pamphlets, Serials and Contributions to Periodicals and Part 2: Periodicals. (Part 2: Periodicals incorporates Part 2, Volume 41, 1946, New Series)

26 june in history: Distant sisters James Keating, 2020-09-29 In the 1890s Australian and New Zealand women became the first in the world to win the vote. Buoyed by their victories, they promised to lead a global struggle for the expansion of women's electoral rights. Charting the common trajectory of the colonial suffrage campaigns, *Distant Sisters* uncovers the personal and material networks that transformed feminist organising. Considering intimate and institutional connections, well-connected elites and ordinary women, this book argues developments in Auckland, Sydney, and Adelaide—long considered the peripheries of the feminist world—cannot be separated from its glamorous metropolises. Focusing on Antipodean women, simultaneously insiders and outsiders in the emerging international women's movement, and documenting the failures of their expansive vision alongside its successes, this book reveals a more contingent history of international organising and challenges celebratory accounts of fin-de-siècle global connection.

26 june in history: Jewish Languages in Historical Perspective Lily Kahn, 2018-07-10 *Jewish Languages in Historical Perspective* is devoted to the diverse array of spoken and written language varieties that have been employed by Jews in the Diaspora from antiquity until the twenty-first century. It focuses on the following five key themes: Jewish languages in dialogue with sacred Jewish texts, Jewish languages in contact with the co-territorial non-Jewish languages, Jewish

vernacular traditions, the status of Jewish languages in the twenty-first century, and theoretical issues relating to Jewish language research. This volume includes case studies on a wide range of Jewish languages both historical and modern and devotes attention to lesser known varieties such as Jewish Berber, Judeo-Italian, and Karaim in addition to the more familiar Aramaic, Judeo-Arabic, Yiddish, and Ladino. On top of Brill's Journal of Jewish Languages and a number of recent publications providing systematic overviews of Jewish languages as well as related theoretical discussions, this volume is a valuable addition to the increasing interest in Jewish languages and linguistics. -Wout van Bekkum, Groningen, *Bibliotheca Orientalis* LXXVI 3-4 (2019)

26 june in history: Night Hunters William Pace Head, 2014-03-18 In *Night Hunters*, air power historian William P. Head provides the first detailed study of the development and deployment of the AC-130 gunship. While other airframes and other types of close air support (CAS) and interdiction weapon systems preceded or flew with the AC-130s, this four-engine cargo airframe proved to be not only the longest serving fixed-wing gunship but also the most effective by far. During the Vietnam War, the US military developed new tactics and weapons systems to counter a diversity of enemy tactics and geographic features, the difficult climate, and the shifting diplomatic context. One of the most important was the development of the AC-130. Its ability to transport heavier payloads at higher altitudes across longer distances made it the logical choice to be the final Vietnam-era fixed-wing gunship and the only one that continues to fly missions in the twenty-first century. In addition, it employed many of the most advanced weapons, sensors, targeting devices, and fire control systems of the 1970s or of any era. By recounting both the technical development and the combat operations of the plane, and by looking at the proposed alternatives for its use in the War on Terror, *Night Hunters* offers a clear view of the role of gunships and of close air support in US wars. In today's never-ending brushfire wars, the AC-130s continue to uphold their reputation for excellence.

26 june in history: Eavesdropping on Hell Robert J. Hanyok, 2005-01-01 This official government publication investigates the impact of the Holocaust on the Western powers' intelligence-gathering community. It explains the archival organization of wartime records accumulated by the U.S. Army's Signal Intelligence Service and Britain's Government Code and Cypher School. It also summarizes Holocaust-related information intercepted during the war years.

26 june in history: The Marwari Heritage D.K. Taknet, IntegralDMS, 2016-07-22 From the early Vedic period, the Vaishyas, the oldest mercantile community of India, generated wealth for the nation through their remarkable efforts. Their Marwari offshoots were appointed by many rulers as ministers, advisors and diwans and were recognised as the first philanthropists in India. The *Marwari Heritage* takes the reader on a voyage of discovery of the Marwaris who migrated from Rajputana, Haryana, Malwa and its adjoining regions to other parts of India. They braved trials and tribulations in unchartered territories, supporting others of their community, never losing faith in their ability to succeed, and focused on their goal, they became the uncrowned kings, first of trade and business, and later of industry. They joined the freedom struggle with a true spirit of patriotism, philanthropy and active political involvement. Many courted imprisonment and even achieved martyrdom. Today, the roots of the Marwari community are deeply enmeshed in the social, cultural and economic fabric of India. Their innate psyche of giving back to society has seen them donate generously to education, empowerment of women and vocational training leading to employment. Shedding some traditions and retaining many, they have stepped into the modern age, achieving an enviable cultural mix. At the helm of most successful entrepreneurial enterprises, their focus on innovation and technological advancement has resulted in governments of several countries seeking their advice on economic growth. Of the many who have left an indelible mark on the history, socio-political and economic foundations of the country, this book is enriched with rich cameos of some of these 'greats' and the reader derives insights into numerous newly discovered and hitherto

unrecorded facts. The younger generation of Marwaris continue to dream big and build on the foundations their forefathers planted. They continue to grow from strength to strength, marching towards new horizons. The plethora of welfare schemes and trusts responsible for development of the nation's needy continue to be monitored with precision. Meticulously researched over five years and richly illustrated with over 100 rare, coloured photographs, paintings, and 600 black and white photographs, illustrations and rare documents published for the first time, readers have much to feast their eyes on. This pictorial book also serves as an inspiration to any and everyone who dares to dream and reach for the skies.

26 june in history: Reclaiming the Political in Latin American History Gilbert M. Joseph, 2001-12-25 Reclaiming the Political in Latin American History is a collection that embraces a new social and cultural history of Latin America that is not divorced from politics and other arenas of power. True to the intellectual vision of Brazilian historian Emilia Viotti da Costa, one of Latin America's most distinguished scholars, the contributors actively revisit the political—as both a theme of historical analysis and a stance for historical practice—to investigate the ways in which power, agency, and Latin American identity have been transformed over the past few decades. Taking careful stock of the state of historical writing on Latin America, the volume delineates current historiographical frontiers and suggests a series of new approaches that focus on several pivotal themes: the construction of historical narratives and memory; the articulation of class, race, gender, sexuality, and generation; and the historian's involvement in the making of history. Although the book represents a view of the Latin American political that comes primarily from the North, the influence of Viotti da Costa powerfully marks the contributors' engagement with Latin America's past. Featuring a keynote essay by Viotti da Costa herself, the volume's lively North-South encounter embodies incipient trends of hemispheric intellectual convergence. Contributors. Jeffrey L. Gould, Greg Grandin, Daniel James, Gilbert M. Joseph, Thomas Miller Klubock, Mary Ann Mahony, Florencia E. Mallon, Diana Paton, Steve J. Stern, Heidi Tinsman, Emilia Viotti da Costa, Barbara Weinstein

26 june in history: I Almost Forgot Daniel Naegele, 2023-01-10 Unpublished writings of Colin Rowe—letters, essays, lectures, and a postcard—clarify his thinking on key concepts while revealing his wit and erudition. Colin Rowe (1920–1999) was one of the great architectural historians of the twentieth century, publishing the influential works The Mathematics of the Ideal Villa and Other Essays (1976) and Collage City (1978). While his written work was rigorous and authoritative, his lectures and letters were more casual, “carefully careless,” both witty and erudite. I Almost Forgot gathers twenty-three such writings—letters, essays, lectures, a postcard, and a eulogy. Both edifying and entertaining, sometimes tongue-in-cheek, occasionally scathing, they fill in personal details and clarify key concepts in Rowe's work. In these writings, Rowe tells of the “Corbu superstructure upon a beaux-arts base” that refugee Polish architects and their students introduced to his alma mater, the University of Liverpool, in the early 1940s. He characterizes his controversial essay “The Mathematics of the Ideal Villa” as a “pretty clever but, otherwise, perfectly innocent little article,” and reports that Le Corbusier's Villa Schwob “played an entirely disproportionate role in my mental life.” Rowe's voice and opinions are strong in his discussions of architecture, current events, and his own life and work. Each piece begins with a brief introduction by the volume editor. The writings are illustrated by images of Rowe's drawings, letters, and postcards; photographs and drawings of Rowe's only built work; and illustrations chosen by Rowe for lectures.
