3 of pentacles tarot guide: *The Way of Tarot* Alejandro Jodorowsky, Marianne Costa, 2009-11-17 Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path • Works with the original Marseille Tarot to reveal the roots of Western wisdom • Provides the key to the symbolic language of the Tarot's "nomadic cathedral" • Transforms a simple divination tool into a vehicle for self-realization and healing Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. The Way of Tarot shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the

Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

3 of pentacles tarot guide: **Spiritsong Tarot** Paulina Cassidy, 2017-10 This Spiritsong deck is a melding of two traditions of divination: one in which animals are seen as guides between our world and the spirit world, and one that uses 78 cards as a tool to connect with our highest self. Each animal was specifically selected based upon Shamanic and Native American symbolism, merging each animal's unique power with classic tarot practices. For example, the Spiritsong animal, Raven, has attributes such as 'creation' that parallels some of the same symbolic tarot attributes of the traditional Magician card, which is why the Raven is the animal representing that card. The Spiritsong Tarot structure is based on the traditional tarot, containing the 22 Majors, the 56 Minors, and four suits: Acorns for Wands/Fire; Feathers for Swords/Air; Shells for Cups/Water; and Crystals for Pentacles/Earth.

3 of pentacles tarot guide: *THE TAROT GUIDE [From Beginners to Professionals]* Pailong, 2021-12-12 First of all, I have to apologize to everyone for my incomplete English grammar. I started studying tarot card reading at 16 years old. I am fond of the Rider Waite series of cards because of the pictures that convey the full meaning. The first book that I learned was written in my native language. I am very fond of how to make predictions using tarot cards. Often, I use tarot card prediction to earn income after school. Until I worked in a travel company, I had extra income from fortune telling. Now I am currently 41 years old. Over time, I studied how to read more cards from English books. Until I had enough experience to pass it on to people in my country. I am currently a recognized tarot card reading instructor. For the various techniques I wrote in this book, I use them regularly. It is suitable for beginners up to the level of professional fortune tellers. The highlight of my book is that - Can use tarot cards in all questions. - The ability of tarot cards that ordinary people may never experience. - Use tarot cards as a consultant for everyday life. - Use tarot cards to answer suspicions about business. - Tarot card reading in various meanings. - Examples of fortune telling and card reading in various questions For this book, I will use the word instead of those who do tarot card reading with Fortune tellers and I will use the word instead of the fortune owner or the answer recipient with Predictors. Let's all get a new experience from my book. Thank you all for your support.

3 of pentacles tarot guide: Tarot and Psychology Arthur Rosengarten, 2000-04-07 What? A Clinical Psychologist Espousing Tarot Cards? Dr. Arthur Rosengarten, in Tarot and Psychology: Spectrums of Possibility, does just that. He explains Tarot to those who may want to learn to use it properly for the greatest good-individuals who desire greater spirituality in their lives, including the benefits of psychological insight and depth, without the baggage of affiliation that invariably accompanies any single set of beliefs. Tarot, they will soon find, operates on many levels of profound meaning from a purely non-affiliated platform in the truest sense. Tarot makes accessible to awareness a full spectrum of psychological and spiritual possibility with little preference for its user's qualifications or beliefs. Rather magically, one might say, Tarot captures the heartbeat of experience. This fact alone should make the deck of human possibility immediately relevant to helping professionals who deal with the heartbeats of experience daily. The use of Tarot as an oracle for creating awareness and gaining insight into particular symptoms, problems or questions-i.e. Tarot divination-is often mentioned as an afterthought, alongside other meditational exercises and alternative spread configurations. Yet today, the vast majority of individuals who have discovered the wonders and mysteries of Tarot have done so through experiences of divination. Card reading, without a doubt, is Tarot's most beguiling and potentially beneficial enterprise. Why dance around the magic? For Tarot to continue to evolve into the 21st century (and beyond) it must have a stronger application emphasis, that is, it must be relevant, accessible, and meaningful to the changing contours of people's lives. It must resonate with all who seek greater meaning, creativity, and awareness, not simply with small segments of the waning New Age. Tarot and Psychology provides an innovative new approach for understanding the psychological and spiritual possibilities of human experience.
