3024 business park circle: Inside the Critics' Circle Phillipa K. Chong, 2021-09-14 An inside look at the politics of book reviewing, from the assignment and writing of reviews to why critics think we should listen to what they have to say Taking readers behind the scenes in the world of fiction reviewing, *Inside the Critics' Circle* explores the ways critics evaluate books despite the inherent subjectivity involved and the uncertainties of reviewing when seemingly anyone can be a reviewer. Drawing on interviews with critics from such venues as the New York Times, Los Angeles Times, and Washington Post, Phillipa Chong delves into the complexities of the review-writing process, including the considerations, values, and cultural and personal anxieties that shape what critics do. Chong explores how critics are paired with review assignments, why they accept these time-consuming projects, how they view their own qualifications for reviewing certain books, and the criteria they employ when making literary judgments. She discovers that while their readers are of concern to reviewers, they are especially worried about authors on the receiving end of reviews. As these are most likely peers who will be returning similar favors in the future, critics' fears and frustrations factor into their willingness or reluctance to write negative reviews. At a time when traditional review opportunities are dwindling while other forms of reviewing thrive, book reviewing as a professional practice is being brought into question. *Inside the Critics' Circle* offers readers a revealing look into critics' responses to these massive transitions and how, through their efforts, literary values get made.

3024 business park circle: Touching Spirit Bear Ben Mikaelson, 2010-04-20 In his Nautilus Award-winning classic *Touching Spirit Bear*, author Ben Mikaelson delivers a powerful coming-of-age story of a boy who must overcome the effects that violence has had on his life. After severely injuring Peter Driscoll in an empty parking lot, mischief-maker Cole Matthews is in major trouble. But instead of jail time, Cole is given another option: attend Circle Justice, an alternative program that sends juvenile offenders to a remote Alaskan Island to focus on changing their ways. Desperate to avoid prison, Cole fakes humility and agrees to go. While there, Cole is mauled by a mysterious white bear and left for dead. Thoughts of his abusive parents, helpless Peter, and his own anger cause him to examine his actions and seek redemption—from the spirit bear that attacked him, from his victims, and, most importantly, from himself. Ben Mikaelson paints a vivid picture of a juvenile offender, examining the roots of his anger without absolving him of responsibility for his actions, and questioning a society in which angry people make victims of their peers and communities. *Touching Spirit Bear* is a poignant testimonial to the power of a pain that can destroy, or lead to healing. A strong choice for independent reading, sharing in the classroom, homeschooling, and book groups.

3024 business park circle: Happy at Any Cost Kirsten Grind, Katherine Sayre, 2023-03-14

From award-winning Wall Street Journal reporters, “a startling portrait of one of our greatest tech visionaries, Zappos CEO Tony Hsieh” (Robert Kolker, author of *Hidden Valley Road*), reporting on his short life, untimely death, and what that means for our pursuit of happiness. Tony Hsieh—CEO of Zappos, Las Vegas developer, and beloved entrepreneur—was famous for spreading happiness. He lived and breathed this philosophy, instilling an ethos of joy at his company, outlining his vision for a better workplace in his New York Times bestseller *Delivering Happiness*. He promoted a workplace where bosses treated employees like family members, where stress was replaced by playfulness, and where hierarchies were replaced with equality and collaboration. His outlook shaped how we work today. Hsieh also aspired to build his own utopian cities, pouring millions of dollars into real estate and small businesses, first in downtown Las Vegas, Nevada—where Zappos is headquartered—and then in Park City, Utah. He gave generously to his employees and close friends, including throwing notorious Zappos parties and organizing gatherings at his home, an Airstream trailer park. When Hsieh died suddenly in late 2022, the news shook the business and tech world. Wall Street Journal reporters Kirsten Grind and Katherine Sayre discovered Hsieh’s obsession with happiness masked his darker struggles with addiction, mental health, and loneliness. In the last year of his life, he spiraled out of control, cycling out of rehab and into the waiting arms of friends who enabled his worst behavior, even as he bankrolled them from his billion-dollar fortune. *Happy at Any Cost* sheds light on one of our most creative, yet vulnerable, business leaders. It’s about our intense need to find “happiness” at all costs, our misguided worship of entrepreneurs, the stigmas still surrounding mental health, and how the trappings of fame can mask all types of deeper problems. In turn, it reveals how we conceptualize success—and define happiness—in our modern age.
