

365 black history facts

365 Black History Facts: A Comprehensive Analysis

Introduction:

The book "365 Black History Facts" (assuming this refers to a specific publication; if it's a general concept, adjust accordingly), aims to provide a daily dose of Black history, aiming for comprehensiveness within its constraints. This analysis will explore its historical context, current relevance, authorship, publishing background, and overall impact. It examines how such a project, condensing centuries of rich and diverse history into a daily format, contributes to a broader understanding of Black contributions and experiences. We will also analyze its limitations and potential biases inherent in such a condensed representation of a complex history.

Author and Qualifications:

While the specific author of a book titled "365 Black History Facts" may vary depending on the publication, it is crucial that the author possesses strong credentials in Black history. Ideally, the author should be a historian specializing in African American studies, or a scholar with extensive experience in researching and interpreting Black history. Their qualifications might include advanced degrees (PhD, MA) in relevant fields, publications in peer-reviewed journals, and experience in curriculum development or public history. The author's perspective and potential biases should be considered; a diverse range of voices is essential for a comprehensive understanding. The lack of transparency regarding the author's background could raise concerns about potential biases or inaccuracies in the selected facts.

Historical Context and Current Relevance:

The creation of a resource like "365 Black History Facts" is deeply rooted in the historical context of the ongoing struggle for racial justice and equality. For too long, Black history has been marginalized or misrepresented in mainstream narratives. "365 Black History Facts" directly addresses this issue by providing a readily accessible compilation of significant events, individuals, and achievements. Its current relevance is undeniable, given the continuing need to rectify historical inaccuracies and promote a more inclusive understanding of American history and global history in general. In the face of systemic racism and ongoing societal inequalities, providing a resource like this underscores the importance of remembering and celebrating Black contributions to society. The book's impact relies on its ability to engage a wide audience and foster dialogue about race, identity, and social justice.

Content Analysis:

A critical analysis of "365 Black History Facts" must consider its selection criteria. What determines which facts are included? Is there a balance of achievements across different

eras, regions, and aspects of Black life? The book should strive for a representation that avoids focusing solely on exceptional individuals while including stories of everyday resilience, resistance, and cultural innovation. The analysis must also investigate the potential biases present in any compilation of historical data, acknowledging that the selection of "facts" itself involves a process of interpretation and prioritization. A balanced approach necessitates an inclusion of both triumphs and struggles, successes and setbacks, to present a nuanced and authentic reflection of the Black experience. An analysis should assess the depth of each entry—does it simply state a fact, or does it provide context and analysis? A deeper understanding requires contextualizing events within broader historical narratives.

Publisher and Authority:

The publisher of "365 Black History Facts" significantly influences the book's reach and credibility. Reputable academic presses or publishers with a strong track record in African American studies would lend more authority to the work. Conversely, a lesser-known publisher might raise questions about the book's scholarly rigor. The publisher's editorial process—including fact-checking, peer review, and historical accuracy verification—is critical. The publisher's reputation in producing historically accurate and ethically responsible publications is crucial to the book's success.

Editor and Credibility:

An experienced and qualified editor plays a critical role in ensuring the book's accuracy, consistency, and overall quality. The editor's qualifications should include expertise in Black history or related fields. Their contributions extend to fact-checking, ensuring the narrative flows logically, and maintaining a consistent tone and style. Their involvement guarantees a higher level of credibility and trustworthiness for the publication. The editor's expertise helps validate the historical accuracy and scholarly integrity of the selected "facts."

Summary of Findings:

"365 Black History Facts," while a potentially valuable resource, needs careful scrutiny. Its success hinges on its comprehensiveness, accuracy, and the ethical considerations involved in selecting and presenting a condensed version of a vast and complex history. The author's, editor's, and publisher's credentials significantly impact the book's reliability. The book's potential biases and omissions should be acknowledged and addressed, urging users to consult multiple sources for a holistic understanding. The project's worth lies in its potential to engage wider audiences and spark further exploration of Black history, promoting a more accurate and inclusive historical narrative.

Conclusion:

"365 Black History Facts" aims to provide a daily dose of Black history, promoting a more inclusive understanding. While valuable in its ambition, its effectiveness rests on rigorous historical accuracy, avoiding biases, and providing sufficient context. Careful consideration of authorship, editorial oversight, and publishing background is crucial in assessing the publication's overall credibility and contribution to the ongoing conversation surrounding Black history. Ultimately, it serves as a starting point, encouraging further investigation and

a deeper dive into the rich tapestry of Black experiences throughout history.

FAQs:

1. Are there any limitations to using "365 Black History Facts" as a primary source for research? Yes, it is a condensed compilation and should not replace in-depth scholarly works.
2. How does this book address the complexities and nuances of Black history? The success of this depends on the content's depth and the inclusion of diverse perspectives and experiences.
3. What measures are in place to ensure the accuracy of the facts presented? This depends on the publisher's and editor's commitment to fact-checking and historical accuracy.
4. How diverse is the representation of individuals and events included in the book? A comprehensive analysis would be needed to assess the diversity of representation.
5. Does the book acknowledge the ongoing struggle for racial justice and equality? The book's effectiveness hinges on its connection to contemporary issues of social justice.
6. What makes this book different from other resources on Black history? Its unique selling point likely lies in its daily format and the specific selection of facts.
7. Is the book suitable for all ages and educational levels? The accessibility and appropriateness for various audiences need assessment.
8. What are the potential biases inherent in compiling such a collection of facts? Any selection inherently involves biases; critical analysis is crucial.
9. How can "365 Black History Facts" be used effectively in educational settings? It can be used as a supplemental resource to spark interest and encourage further learning.

365 black history facts: Before the Mayflower Lerone Bennett, 2018-08-09 This book grew out of a series of articles which were published originally in Ebony magazine. The book, like the series, deals with the trials and triumphs of a group of Americans whose roots in the American soil are deeper than those of the Puritans who arrived on the celebrated "Mayflower" a year after a "Dutch man of war" deposited twenty Negroes at Jamestown. This is a history of "the other Americans" and how they came to North America and what happened to them when they got here. The story begins in Africa with the great empires of the Sudan and Nile Valley and ends with the Second Reconstruction which Martin Luther King, Jr., and the "sit-in" generation are fashioning in the North and South. The story deals with the rise and growth of slavery and segregation and the continuing efforts of Negro Americans to answer the question of the Jewish poet of captivity: "How shall we sing the Lord's song in a strange land?" This history is founded on the work of scholars and specialists and is designed for the average reader. It is not, strictly speaking, a book for scholars; but it is as scholarly as fourteen months of research could make it. Readers who would like to follow the story in greater detail are urged to read each chapter in connection with the outline of Negro history in the appendix.

365 black history facts: The Ultimate Black History Trivia Book Curtis Claytor, 2018-07-13

Most of us learn in school about the accomplishments of Martin Luther King Jr., Harriet Tubman, and George Washington Carver. But what is the name of the first self-made American woman millionaire? How about the name of the woman who refused to sit in the Jim Crow section of a train that was assigned to blacks in 1883? Or the name of the black man who invented the gas mask and three-signal stoplight? In a fascinating trivia book filled with two thousand multiple-choice educational and entertaining questions in four categories, Curtis Claytor invites others to test and increase their knowledge of black history and celebrate the achievements of not only well-known African Americans but also the lesser known. Black history enthusiasts will learn the answers to a variety of interesting questions like who scored 101 points in the first half of a high school basketball game, in what city the first black-owned television station was established, when the freaks come out according to the Whodini song, and Fred Sanfords middle initial. The Ultimate Black History Trivia Book shares two thousand questions in four categories that help educate anyone interested in learning more about the achievements of African Americans.

365 black history facts: Black History Should Be Taught 365 Days A Year Jasper Cephus,

2021-06-08 Black history is unknown to so many people, just me alone cannot reach them all with my book. Black humans have more historical information than any other people in the world. The study of Black history has become a branch of knowledge that feeds the world religious and spiritual life. Control media use deceptive words or actions to coverup the truth about Black history. There have been intentional destructions of ancient Black historical statues, art, and documents written in stone. Fortunately, some of the Black history survived and that proved much of Black history is hidden, then falsely recreated in the images of white people. This is damaging to the young Black and White children. 1. White children are living a false sense of superiority complex for life. 2. Black children living, haven their identity stolen from them is psychologically depressing. I wrote this book to heighten the awareness around the world what has been done around to over 150,000 years of civilized Black history. 1. recreating ancient statues in the images of white people. 2. Changing the color of ancient art . 3. Stop defacing ancient statues. 4 Remove racist lies in the good book. That is why I wrote: Black History Should Be 365 Days A Year.

365 black history facts: The Book of Harlan Bernice L. McFadden, 2016-04-11 Bernice L.

McFadden has been named the Go On Girl! Book Club's 2018 Author of the Year WINNER of the 2017 American Book Award WINNER of the NAACP Image Award for Outstanding Literary Work (Fiction) 2017 Hurston/Wright Legacy Award Nominee (Fiction)! A Washington Post Notable Book of 2016 McFadden uses the experiences of her own ancestors as loose inspiration for the life of Harlan, whom she portrays from his childhood in Harlem through imprisonment in a Nazi concentration camp and his struggles afterward to put his life back together. --Library Journal Simply miraculous...As her saga becomes ever more spellbinding, so does the reader's astonishment at the magic she creates. This is a story about the triumph of the human spirit over bigotry, intolerance and cruelty, and at the center of The Book of Harlan is the restorative force that is music. --Washington Post Bernice L. McFadden took me on a melodious literary journey through time and place in her masterpiece, The Book of Harlan. It's complex, real, and raw...McFadden intricately and purposefully weaves history as a backdrop in her fiction. The Book of Harlan brilliantly explores questions about agency, purpose, freedom, and survival. --Literary Hub, one of Nicole Dennis-Benn's 26 Books From the Last Decade that More People Should Read McFadden's writing breaks the heart--and then heals it again. The perspective of a black man in a concentration camp is unique and harrowing and this is a riveting, worthwhile read. --Toronto Star The Book of Harlan is an incredible read. Bernice McFadden...has created an amazing novel that speaks to lesser known aspects of the African-American experience and illuminates the human heart and spirit. Her spare prose is rich in details that convey deep emotions and draw the reader in. This fictional narrative of Harlan Elliot's life is firmly grounded amidst real people and places--prime historical fiction, and the best book I have read this year. --Historical Novels Review, Editors' Choice McFadden packs a powerful punch

with tight prose and short chapters that bear witness to key events in early twentieth-century history: both World Wars, the Great Depression, and the Great Migration. Partly set in the Jim Crow South, the novel succeeds in showing the prevalence of racism all across the country--whether implemented through institutionalized mechanisms or otherwise. Playing with themes of divine justice and the suffering of the righteous, McFadden presents a remarkably crisp portrait of one average man's extraordinary bravery in the face of pure evil. --Booklist, Starred review

The Book of Harlan opens with the courtship of Harlan's parents and his 1917 birth in Macon, Georgia. After his prominent minister grandfather dies, Harlan and his parents move to Harlem, where he eventually becomes a professional musician. When Harlan and his best friend, trumpeter Lizard Robbins, are invited to perform at a popular cabaret in the Parisian enclave of Montmartre--affectionately referred to as The Harlem of Paris by black American musicians--Harlan jumps at the opportunity, convincing Lizard to join him. But after the City of Light falls under Nazi occupation, Harlan and Lizard are thrown into Buchenwald--the notorious concentration camp in Weimar, Germany--irreparably changing the course of Harlan's life. Based on exhaustive research and told in McFadden's mesmeric prose, The Book of Harlan skillfully blends the stories of McFadden's familial ancestors with those of real and imagined characters.

365 black history facts: 100 Amazing Facts About the Negro Joel A. Rogers,

365 black history facts: Poems on Various Subjects, Religious and Moral Phillis Wheatley, 1887

365 black history facts: *Black Fortunes* Shomari Wills, 2018-01-30 "By telling the little-known stories of six pioneering African American entrepreneurs, *Black Fortunes* makes a worthy contribution to black history, to business history, and to American history."—Margot Lee Shetterly, New York Times Bestselling author of *Hidden Figures*

Between the years of 1830 and 1927, as the last generation of blacks born into slavery was reaching maturity, a small group of industrious, tenacious, and daring men and women broke new ground to attain the highest levels of financial success. Mary Ellen Pleasant, used her Gold Rush wealth to further the cause of abolitionist John Brown. Robert Reed Church, became the largest landowner in Tennessee. Hannah Elias, the mistress of a New York City millionaire, used the land her lover gave her to build an empire in Harlem. Orphan and self-taught chemist Annie Turnbo-Malone, developed the first national brand of hair care products. Mississippi school teacher O. W. Gurley, developed a piece of Tulsa, Oklahoma, into a "town" for wealthy black professionals and craftsmen that would become known as "the Black Wall Street." Although Madam C. J Walker was given the title of America's first female black millionaire, she was not. She was the first, however, to flaunt and openly claim her wealth—a dangerous and revolutionary act. Nearly all the unforgettable personalities in this amazing collection were often attacked, demonized, or swindled out of their wealth. *Black Fortunes* illuminates as never before the birth of the black business titan.

365 black history facts: Negro Education in Alabama Horace Mann Bond, 1994-05-30

Horace Mann Bond was an early twentieth century scholar and a college administrator who focused on higher education for African Americans. His *Negro Education in Alabama* won Brown University's Susan Colver Rosenberger Book Prize in 1937 and was praised as a landmark by W. E. B. Dubois in *American Historical Review* and by scholars in journals such as *Journal of Negro Education* and the *Journal of Southern History*. A seminal and wide-ranging work that encompasses not only education per se but a keen analysis of the African American experience of Reconstruction and the following decades, *Negro Education in Alabama* illuminates the social and educational conditions of its period. Observers of contemporary education can quickly perceive in Bond's account the roots of many of today's educational challenges.

365 black history facts: *Things That Make White People Uncomfortable* Michael Bennett, Dave Zirin, 2019-09-03 Michael Bennett is a Super Bowl Champion, a three-time Pro Bowl defensive end, a fearless activist, a feminist, a grassroots philanthropist, an organizer, and a change maker. He's also one of the most scathingly humorous athletes on the planet, and he wants to make you uncomfortable. Bennett adds his unmistakable voice to discussions of racism and police violence, Black athletes and their relationship to powerful institutions like the NCAA and the NFL, the role of protest in history, and the responsibilities of athletes as role models to speak out against injustice. Following in the footsteps of activist-athletes from Muhammad Ali to Colin Kaepernick, Bennett demonstrates his outspoken leadership both on and off the field. Written with award-winning sportswriter and author Dave Zirin, *Things that Make White People Uncomfortable* is a sports book for our turbulent times, a memoir, and a manifesto as hilarious and engaging as it is illuminating.

365 black history facts: *Mass Historia* Chris Regan, 2008-08 Presents historical facts with a humorous spin for each day of the calendar year.

365 black history facts: *Brainwashed* Tom Burrell, 2010-06 Black people are not dark-skinned white people, says advertising visionary Tom Burrell. In fact, they are a lot more. They are survivors of the Middle Passage and centuries of humiliation and deprivation, who have excelled against the odds, constantly making a way out of no way! At this point in history, the idea of black inferiority sh...

365 black history facts: *Black People Invented Everything* Dr. Sujan K. Dass, 2020-02-01 Who invented the traffic light? What about transportation itself? Farming? Art? Modern chemistry? Who made...cats? What if I told you there was ONE answer to all of these questions? That one answer? BLACK PEOPLE! Seriously. And this book is like a mini-encyclopedia, full of more evidence than WikiLeaks and just as eye-opening! Do you know just how much Black inventors and creators have given to modern society? Within the past 200 years, Black Americans have drawn on a timeless well of inner genius to innovate and engineer the design of the world we live in today. But what of all the Black history before then? Before white people invented the Patent Office, Black folks were the original creators and builders, developing ingenious ways to manage the world's changes over millions of years, everywhere you can imagine, from Azerbaijan to Zagazig! With wit and wisdom (and tons of pictures!) this book digs deeper than the whitewashed history we learn in school books

and explores how our African ancestors established the foundation of modern society! Have you inherited this genius? What can you do with it? Inspired by solutions from the past, we can develop strategies for a successful future!

365 black history facts: The Coming Daniel Black, 2015-10-06 The Coming is powerful. And beautiful...This is a work to be proud of.--Charles Johnson, National Book Award winner for Middle Passage Lyrical, poetic, and hypnotizing, The Coming tells the story of a people's capture and sojourn from their homeland across the Middle Passage--a traumatic trip that exposed the strength and resolve of the African spirit. Extreme conditions produce extraordinary insight, and only after being stripped of everything do they discover the unspeakable beauty they once took for granted. This powerful, haunting novel will shake readers to their very souls. Part homage to the proud and diverse cultures of Africa, part nightmare of the people stolen from those lands, The Coming seduces us with poetry, then breaks our hearts, but ultimately inspires us to celebrate the indomitable soul of humanity. —George Weinstein, author of Hardscrabble Road

365 black history facts: Dreamland Burning Jennifer Latham, 2016-01-26 A compelling dual-narrated tale from Jennifer Latham that questions how far we've come with race relations. Some bodies won't stay buried. Some stories need to be told. When seventeen-year-old Rowan Chase finds a skeleton on her family's property, she has no idea that investigating the brutal century-old murder will lead to a summer of painful discoveries about the present and the past. Nearly one hundred years earlier, a misguided violent encounter propels seventeen-year-old Will Tillman into a racial firestorm. In a country rife with violence against blacks and a hometown segregated by Jim Crow, Will must make hard choices on a painful journey towards self discovery and face his inner demons in order to do what's right the night Tulsa burns. Through intricately interwoven alternating perspectives, Jennifer Latham's lightning-paced page-turner brings the Tulsa race riot of 1921 to blazing life and raises important questions about the complex state of US race relations--both yesterday and today.

365 black history facts: On This Day DK, 2021-12-07 Journey through the history of the world, one day at a time! If you ever wondered what happened on your birthday 100 years ago, or on Christmas in the year 800 or even Halloween several years ago, then this history book is perfect for you! Discover what happened on each day of the year with this fascinating visual adventure through time. On This Day is not your ordinary history reference book. Inside the pages, you will find the following exciting things: • Key historical events are arranged by their date in the year. • Mixes serious history with fun facts for kids and bizarre events. • War, peace, inventions, science, sport, people — all in an eclectic, visual mix. • Birthdays that are shared by famous historical figures and modern celebrities. • A fun, accessible way to enjoy history. • Every main story is presented through extraordinary images. Travel back in time and find out all the exciting things that happened around the year from Jan. 1 to Dec. 31. Every day features events that showcase the world's international diversity, from the Japanese invention of street markings for the blind, to the struggle for racial equality in South Africa. There's something incredible to learn on every page. Unlike other history books, On This Day looks at ancient history and fascinating facts, as well as modern events, so everyone will be entertained. Packed with historical photographs and quirky illustrations that visualize the events of the past on a day-to-day basis, this non-fiction fact book is a fun way for parents and educators to teach kids about historical events.

365 black history facts: We Could Not Fail Richard Paul, Steven Moss, 2015-05-01 The Space Age began just as the struggle for civil rights forced Americans to confront the long and bitter legacy of slavery, discrimination, and violence against African Americans. Presidents John F. Kennedy and Lyndon Johnson utilized the space program as an agent for social change, using federal equal employment opportunity laws to open workplaces at NASA and NASA contractors to African Americans while creating thousands of research and technology jobs in the Deep South to ameliorate poverty. We Could Not Fail tells the inspiring, largely unknown story of how shooting for the stars helped to overcome segregation on earth. Richard Paul and Steven Moss profile ten pioneer African American space workers whose stories illustrate the role NASA and the space

program played in promoting civil rights. They recount how these technicians, mathematicians, engineers, and an astronaut candidate surmounted barriers to move, in some cases literally, from the cotton fields to the launching pad. The authors vividly describe what it was like to be the sole African American in a NASA work group and how these brave and determined men also helped to transform Southern society by integrating colleges, patenting new inventions, holding elective office, and reviving and governing defunct towns. Adding new names to the roster of civil rights heroes and a new chapter to the story of space exploration, *We Could Not Fail* demonstrates how African Americans broke the color barrier by competing successfully at the highest level of American intellectual and technological achievement.

365 black history facts: In the Shadow of Slavery Judith Carney, 2011-02-01 The transatlantic slave trade forced millions of Africans into bondage. Until the early nineteenth century, African slaves came to the Americas in greater numbers than Europeans. *In the Shadow of Slavery* provides a startling new assessment of the Atlantic slave trade and upends conventional wisdom by shifting attention from the crops slaves were forced to produce to the foods they planted for their own nourishment. Many familiar foods—millet, sorghum, coffee, okra, watermelon, and the Asian long bean, for example—are native to Africa, while commercial products such as Coca Cola, Worcestershire Sauce, and Palmolive Soap rely on African plants that were brought to the Americas on slave ships as provisions, medicines, cordage, and bedding. In this exciting, original, and groundbreaking book, Judith A. Carney and Richard Nicholas Rosomoff draw on archaeological records, oral histories, and the accounts of slave ship captains to show how slaves' food plots—botanical gardens of the dispossessed—became the incubators of African survival in the Americas and Africanized the foodways of plantation societies.

365 black history facts: 365 Surprising Scientific Facts, Breakthroughs, and Discoveries Sharon Bertsch McGrayne, 1994 This is a lively overview of recent breakthroughs and discoveries in science, as well as a review of some basic principles, in the form of intriguing trivia questions and answers. Covering a broad range of subjects, the book includes the disciplines of computer science, technology, medicine and health, Earth science, chemistry, astronomy, physics and mathematics. Each entry is accompanied by a short list of recommended reading on two levels: one in popular and accessible literature and the other in readily available scientific journals.

365 black history facts: Black Profiles in Courage Kareem Abdul-Jabbar, Alan Steinberg, 2000 In this ideal introduction to black history, Kareem Abdul-Jabbar examines the lives of heroic African Americans and offers their stories as inspiring examples for young people, who too rarely encounter positive black role models in history books or in the media. Profiled here are Peter Salem, the volunteer soldier who turned the tide at Bunker Hill; Joseph Cinque, leader of a daring revolt on the slave ship *Amistad*; Frederick Douglass, self-taught writer-orator and escaped slave who forced President Lincoln to issue the Emancipation Proclamation years ahead of schedule; Harriet Tubman, who led at least three hundred slaves to freedom; Lewis Latimer, whose scientific work was integral to the achievements of Bell and Edison; and many more. Shining a bright light on the touchstones of character, these exemplary stories reemphasize the integral role of African Americans in weaving the fabric of our nation and form an empowering legacy from which Americans of all ages can draw inspiration, wisdom, and pride.

365 black history facts: The Warmth of Other Suns Isabel Wilkerson, 2011-10-04 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NEW YORK TIMES BESTSELLER • In this beautifully written masterwork, the Pulitzer Prize-winner and bestselling author of *Caste* chronicles one of the great untold stories of American history: the decades-long migration of black citizens who fled the South for northern and western cities, in search of a better life. From 1915 to 1970, this exodus of almost six million people changed the face of America. Wilkerson compares this epic migration to the migrations of other peoples in history. She interviewed more than a thousand people, and gained access to new data and official records, to write this definitive and vividly dramatic account of how these American journeys unfolded, altering our cities, our country, and ourselves. With stunning historical detail, Wilkerson tells this story through the lives of three unique

individuals: Ida Mae Gladney, who in 1937 left sharecropping and prejudice in Mississippi for Chicago, where she achieved quiet blue-collar success and, in old age, voted for Barack Obama when he ran for an Illinois Senate seat; sharp and quick-tempered George Starling, who in 1945 fled Florida for Harlem, where he endangered his job fighting for civil rights, saw his family fall, and finally found peace in God; and Robert Foster, who left Louisiana in 1953 to pursue a medical career, the personal physician to Ray Charles as part of a glitteringly successful medical career, which allowed him to purchase a grand home where he often threw exuberant parties. Wilkerson brilliantly captures their first treacherous and exhausting cross-country trips by car and train and their new lives in colonies that grew into ghettos, as well as how they changed these cities with southern food, faith, and culture and improved them with discipline, drive, and hard work. Both a riveting microcosm and a major assessment, *The Warmth of Other Suns* is a bold, remarkable, and riveting work, a superb account of an “unrecognized immigration” within our own land. Through the breadth of its narrative, the beauty of the writing, the depth of its research, and the fullness of the people and lives portrayed herein, this book is destined to become a classic.

365 black history facts: American History for Kids Stacia Deutsch, 2021-08-24 Interesting facts that teach kids ages 8 to 12 about American history Kids don't need long, boring textbooks to learn about history. Starting with America's earliest inhabitants in 20,000 BCE and finishing in the modern day, *American History for Kids* helps them explore America's past through memorable and exciting facts that they will love to share. A leg up on learning—These facts provide kids with a head start on the topics they'll be covering in class, plus things they might not learn in school. Help history come alive with the incredible facts inside this top choice among American history books.

365 black history facts: Black Health Matters Richard W. Walker, Jr., MD, 2021-08-25 It's no secret that the Black community tops the list of groups afflicted by hypertension, stroke, diabetes, heart disease, kidney failure, and cancer. What the statistics do not show is the pain, misery, and despair that these conditions create—not only for the individual but also for family and friends. As an African-American doctor, Dr. Richard Walker has studied these conditions among his patients for many years. Now, in *Black Health Matters*, Dr. Walker offers a number of commonsense ways to prevent, manage, and possibly eliminate these killers, turning the tide of African-American health. In this unique book, Dr. Walker follows the health and healthcare journey of African captives into slavery and describes what they had to do to survive nutritionally and culturally, ultimately resulting in the chronic ill health and early death now pervasive in Black communities. Most important, Dr. Walker explains how African Americans can turn their health around by understanding and incorporating better nutrition, nutritional supplements, exercise, and regular healthcare checkups into their lives. Each chapter explains a different health problem common to the Black community—including obesity, diabetes, heart disease, cancer, hypertension, sickle cell disease, and more—and offers concrete ways in which that condition can be avoided or better managed, often through simple changes that can be easily made by the individual. Tips are included for locating and communicating with affordable healthcare professionals. A highly practical and easy-to-use guide, *Black Health Matters* is an important first step towards achieving a healthier, longer life for millions of people.

365 black history facts: 100 Amazing Facts About the Negro with Complete Proof J. A. Rogers, 2012-07-25 White supremacy-busting facts that ran in the black publication the *Pittsburgh Courier*, written by the renowned African American author and journalist. First published in 1934 and revised in 1962, this book gathers journalist and historian Joel Augustus Rogers' columns from the syndicated newspaper feature titled *Your History*. Patterned after the look of Ripley's popular *Believe It or Not* the multiple vignettes in each episode recount short items from Rogers's research. The feature began in the *Pittsburgh Courier* in November 1934 and ran through the 1960s. “I have

been intrigued by this book, and by its author, since I first encountered it as a student in an undergraduate survey course in African-American history at Yale . . . Sometimes, [Rogers] was astonishingly accurate; at other times, he seems to have been tripping a bit, shall we say.” —Henry Louis Gates, Jr., *The Root* “Rogers made great contribution to publishing and distributing little known African history facts through books and pamphlets such as *100 Amazing Facts About the Negro with Complete Proof* and *The Five Negro Presidents* . . . The common thread in Roger’s research was his unending aim to counter white supremacist propaganda that prevailed in segregated communities across the United States against people of African descent.” —Black History Heroes

365 black history facts: *What the Fact?!* Gabe Henry, 2018-09-04 Every day is strange if you know your history. This illustrated daily trivia almanac explores a bizarre moment through the ages for each day of the year, such as: The odiferous debut of Smell-o-Vision (January 12, 1960) The execution of Oliver Cromwell, more than two years after his death (January 30, 1661) The day the first pig actually flew (November 4, 1909) That time the United States ran out of toilet paper (December 19, 1973) Drawing on a range of subjects including politics, sports, the arts, pop culture, and more, each What the . . . fact offers daily or dip-in-and-out diversion, and an opportunity to learn something new and stranger every day.

365 black history facts: New York: 365 Days New York Times, 2006-10-01 Spanning more than 100 years, *New York: 365 Days* is a spectacular collection of then-and-now photographs that capture the rhythms and moods of the greatest city in the world. Selected from the vast archive of The New York Times, the extraordinary images in this book include many rarely-seen moments, with stops at famous landmarks and memorable events as well as a dizzying array of evocative everyday New York scenes. Featuring an introduction by bestselling New York writer Gay Talese, *New York: 365 Days* offers a portrait of Gotham that natives and visitors alike will find riveting.

365 black history facts: *Black History, 1619-2019* Sandra K. Yocum, Frances P. Rice, 2019-12-15 *Black History 1619 - 2019: Revealing and Counteracting Revisionist African-American History* is dedicated to the restoration and preservation of the events which shaped the lives and contributions of African-Americans from the experience of the era of slavery until modern times. The book contains fourteen well-researched chapters starting with Chapter 1, Colonial Domestic Slave Trade (1619 - 1775), and ending with Chapter 14, Post-Civil Rights Movement (1967 - 2019). Each chapter is dedicated to revealing the truth and correcting misrepresentations about black history. Setting the record straight with black history using facts and primary sources and over 300 photographs and illustrations is the antidote to historical revisionism. This book was written to promote awareness, to preserve and disseminate information, and to restore the integrity of African-American history in the black community in the United States of America--

365 black history facts: If You Were a Kid During the Civil Rights Movement Gwendolyn Hooks, 2017-02 Joyce Jenkins has recently moved to a new town with her family, and she will soon be attending a segregated school for the first time. 365 black history facts: *The Black Church* Henry Louis Gates, Jr., 2021-02-16 The instant New

York Times bestseller and companion book to the PBS series. “Absolutely brilliant . . . A necessary and moving work.” —Eddie S. Glaude, Jr., author of *Begin Again* “Engaging. . . . In Gates’s telling, the Black church shines bright even as the nation itself moves uncertainly through the gloaming, seeking justice on earth—as it is in heaven.” —Jon Meacham, *New York Times Book Review*

From the New York Times bestselling author of *Stony the Road* and *The Black Box*, and one of our most important voices on the African American experience, comes a powerful new history of the Black church as a foundation of Black life and a driving force in the larger freedom struggle in America. For the young Henry Louis Gates, Jr., growing up in a small, residentially segregated West Virginia town, the church was a center of gravity—an intimate place where voices rose up in song and neighbors gathered to celebrate life’s blessings and offer comfort amid its trials and tribulations. In this tender and expansive reckoning with the meaning of the Black Church in America, Gates takes us on a journey spanning more than five centuries, from the intersection of Christianity and the transatlantic slave trade to today’s political landscape. At road’s end, and after Gates’s distinctive meditation on the churches of his childhood, we emerge with a new understanding of the importance of African American religion to the larger national narrative—as a center of resistance to slavery and white supremacy, as a magnet for political mobilization, as an incubator of musical and oratorical talent that would transform the culture, and as a crucible for working through the Black community’s most critical personal and social issues. In a country that has historically afforded its citizens from the African diaspora tragically few safe spaces, the Black Church has always been more than a sanctuary. This fact was never lost on white supremacists: from the earliest days of slavery, when enslaved people were allowed to worship at all, their meetinghouses were subject to surveillance and destruction. Long after slavery’s formal eradication, church burnings and bombings by anti-Black racists continued, a hallmark of the violent effort to suppress the African American struggle for equality. The past often isn’t even past—Dylann Roof committed his slaughter in the Mother Emanuel AME Church 193 years after it was first burned down by white citizens of Charleston, South Carolina, following a thwarted slave rebellion. But as Gates brilliantly shows, the Black church has never been only one thing. Its story lies at the heart of the Black political struggle, and it has produced many of the Black community’s most notable leaders. At the same time, some churches and denominations have eschewed political engagement and exemplified practices of exclusion and intolerance that have caused polarization and pain. Those tensions remain today, as a rising generation demands freedom and dignity for all within and beyond their communities, regardless of race, sex, or gender. Still, as a source of faith and refuge, spiritual sustenance and struggle against society’s darkest forces, the Black Church has been central, as this enthralling history makes vividly clear.

365 black history facts: *Black Firsts* Jessie Carney Smith, 2012-12-01 Achievement engenders pride, and the most significant accomplishments involving people, places, and events in black history are gathered in *Black Firsts: 4,000 Ground-Breaking and Pioneering Events*.

365 black history facts: *Teaching Black History to White People* Leonard N. Moore, 2021-09-14 Leonard Moore has been teaching Black history for twenty-five years, mostly to white people. Drawing on decades of experience in the classroom and on college campuses throughout the South, as well as on his own personal history, Moore illustrates how an understanding of Black history is necessary for everyone. With *Teaching Black History to White People*, which is “part memoir, part Black history, part pedagogy, and part how-to guide,” Moore delivers an accessible and engaging primer on the Black experience in America. He poses provocative questions, such as “Why is the teaching of Black history so controversial?” and “What came first: slavery or racism?” These questions don’t have easy answers, and Moore insists that embracing discomfort is necessary for engaging in open and honest conversations about race. Moore includes a syllabus and other tools for actionable steps that white people can take to move beyond performative justice and toward racial reparations, healing, and reconciliation.

365 black history facts: *Black Morocco* Chouki El Hamel, 2014-02-27 *Black Morocco: A History of Slavery, Race, and Islam* chronicles the experiences, identity and achievements of

enslaved black people in Morocco from the sixteenth century to the beginning of the twentieth century. Chouki El Hamel argues that we cannot rely solely on Islamic ideology as the key to explain social relations and particularly the history of black slavery in the Muslim world, for this viewpoint yields an inaccurate historical record of the people, institutions and social practices of slavery in Northwest Africa. El Hamel focuses on black Moroccans' collective experience beginning with their enslavement to serve as the loyal army of the Sultan Isma'il. By the time the Sultan died in 1727, they had become a political force, making and unmaking rulers well into the nineteenth century. The emphasis on the political history of the black army is augmented by a close examination of the continuity of black Moroccan identity through the musical and cultural practices of the Gnawa.
