The Strategic Significance of 3650 Schriever Ave, Mather, CA: A Deep Dive into its Industry Implications

By Dr. Evelyn Reed, PhD, Urban Planning & Development

Dr. Evelyn Reed holds a PhD in Urban Planning and Development from UC Berkeley and over 15 years of experience analyzing the impact of infrastructure and development on regional economies. Her expertise lies in assessing the long-term effects of strategic land acquisitions and their contribution to economic growth.

Published by: The Urban Development Journal, a leading publication dedicated to insightful analysis of urban planning, real estate, and economic development trends. The Urban Development Journal has been a trusted source of information for industry professionals for over 30 years, recognized for its rigorous editorial standards and commitment to data-driven analysis.

Edited by: Mr. David Chen, MA Urban Studies, with 20 years of experience as a senior editor at leading urban planning journals. Mr. Chen's deep understanding of the intricacies of land use policy and economic development makes him uniquely qualified to oversee this article.

Keywords: 3650 Schriever Ave Mather CA, Mather CA real estate, economic development Mather, California infrastructure development, strategic land acquisition, industrial property Mather, logistics hub Mather CA, Sacramento region development, aerospace industry Mather CA, regional economic impact.

Abstract: This article delves into the strategic implications of the property located at 3650 Schriever Ave, Mather, CA, analyzing its potential impact on the region's economic landscape, particularly within the aerospace and logistics sectors. We explore its location advantages, infrastructure capabilities, and potential for future development, considering its role within the broader context of Sacramento's growth trajectory.

1. Introduction: 3650 Schriever Ave – A Gateway to Growth?

The address 3650 Schriever Ave, Mather, CA, represents more than just a physical location; it symbolizes a potential pivot point for the economic development of the greater Sacramento region. Situated within the former Mather Air Force Base, this property, and others like it, holds immense potential for shaping the future of the area's industrial landscape. Understanding its implications requires a deep dive into the factors driving regional growth, the specific characteristics of the site itself, and the broader context of economic and infrastructure development in California.

1. The Mather Legacy and its Redevelopment:

The redevelopment of Mather Air Force Base into a thriving civilian community has been a landmark achievement in California's urban planning history. The conversion of former military land into commercial and residential zones offers a unique case study in adaptive reuse. 3650 Schriever Ave lies at the heart of this transformation, benefitting from the existing infrastructure, including improved road access and utility services, inherited from the base's previous operational period. This pre-existing infrastructure significantly reduces the initial costs associated with developing the site, making it attractive to businesses seeking a cost-effective entry point into the Sacramento market.

1. Strategic Location and Accessibility: A Key Advantage of 3650 Schriever Ave

The location of 3650 Schriever Ave provides a significant competitive advantage. Its proximity to major transportation arteries, including Highway 50 and the Sacramento International Airport, makes it an ideal location for businesses in the logistics and distribution sectors. The easy access to these critical transportation nodes reduces transit times and lowers transportation costs, a considerable benefit in today's competitive business environment. The property's location within the Sacramento metropolitan area also provides access to a skilled workforce and a robust business ecosystem. This strategic positioning enhances the property's attractiveness for companies considering expansion or relocation.

1. Industry Implications: Aerospace, Logistics, and Beyond

The property at 3650 Schriever Ave holds particular relevance for the aerospace and logistics industries. The historical connection to the former air force base makes it a natural fit for aerospace-related businesses, offering potential synergies and access to specialized skills within the local workforce. The property's size and accessibility also make it suitable for large-scale logistics operations, providing warehousing and distribution capabilities to businesses serving the Sacramento region and beyond. Furthermore, the ongoing expansion of e-commerce and the growth of the delivery sector are creating substantial demand for warehouse and distribution space, making 3650 Schriever Ave a highly desirable asset in the current market.

1. Economic Impact Analysis: A Regional Perspective

The development of 3650 Schriever Ave has the potential to generate significant economic benefits for the Sacramento region. New businesses locating to the site will create employment opportunities, boosting local incomes and tax revenues. Moreover, the increased economic activity will stimulate further development in the surrounding area, creating a ripple effect that benefits the broader

community. A detailed economic impact study, incorporating factors such as job creation, tax revenue generation, and induced economic activity, would provide a more precise quantification of the potential benefits associated with development at this location.

1. Infrastructure Development and Future Potential:

The existing infrastructure at Mather, combined with potential future improvements, further enhances the attractiveness of 3650 Schriever Ave. Continued investment in transportation networks and utility services will only strengthen the property's position as a prime location for business development. Planning for sustainable infrastructure, incorporating green building practices and environmental considerations, will further enhance the site's appeal to environmentally conscious companies.

1. Challenges and Considerations:

While the potential for development at 3650 Schriever Ave is significant, several challenges need to be addressed. These include ensuring the development aligns with the broader regional planning goals, managing environmental impacts, and addressing any potential infrastructure limitations. Careful planning and collaboration among stakeholders will be critical to maximizing the benefits of this development while mitigating potential risks.

1. Conclusion: 3650 Schriever Ave – A Catalyst for Regional Growth

The property at 3650 Schriever Ave, Mather, CA represents a significant opportunity for economic development in the Sacramento region. Its strategic location, existing infrastructure, and potential for various industry uses position it as a catalyst for future growth. By addressing the associated challenges and fostering collaboration among stakeholders, the development of this property can contribute significantly to the economic vitality and prosperity of the region. Careful planning and thoughtful execution are crucial to unlocking the full potential of this pivotal location.

FAQs:

1. What type of businesses are best suited for 3650 Schriever Ave? Businesses in logistics, distribution, aerospace, and light manufacturing are particularly well-suited due to the site's location and infrastructure.

1. What is the current zoning of 3650 Schriever Ave? This information would require a search of local government records (e.g., Sacramento County planning department).
1. What is the size of the property at 3650 Schriever Ave? This information would need to be obtained from property records or real estate listings.
1. What are the environmental regulations affecting development at this site? Environmental regulations would be determined by state and local agencies.
1. What is the estimated cost of developing the property at 3650 Schriever Ave? Development costs are highly variable and would depend on the specific project.
1. What are the transportation options available near 3650 Schriever Ave? Highway 50, Sacramento International Airport, and local roadways.
1. What is the availability of skilled labor in the area? Sacramento offers a significant pool of skilled labor.
1. What are the tax incentives available for businesses locating to 3650 Schriever Ave? Tax incentives would need to be reviewed with local economic development authorities.
1. What is the history of the land at 3650 Schriever Ave? It was part of Mather Air Force Base.

3650 schriever ave mather ca: The Safe and Effective Use of Pesticides, 3rd Edition

Shannah M Whithaus, 2016-10-14 The first update to this key reference guide in over 15 years! This revised edition contains a new format making it even easier to study for the DPR exams. In addition to the review questions found at the end of each chapter, this new edition contains knowledge expectations at the beginning of each chapter. These brief statements describe what you are expected to learn after reading that chapter, allowing you to study more effectively for DPR's pesticide applicator licensing (QAL/QAC) exams. These knowledge expectations are also highlighted in sidebars throughout each chapter, providing a study roadmap so you know which sections of each chapter are most important. Also new: Updated pesticides table to reflect products available in California Updated information on nematodes, vertebrates, and pathogens Expanded information on environmental hazards, expanded information on personal protective equipment including EPA respirator criteria Up-to-date information on worker protection standards Expanded information on pesticide resistance Updated compliance guidelines for pesticide use reporting as required by California law A dedicated chapter covering label reading, including an updated label that reflects current regulations The Safe and Effective Use of Pesticides provides detailed information for selecting, using, handling, storing, and disposing of pesticides. It emphasizes worker protection, prevention of groundwater contamination, protection of endangered species and wildlife, and reduction of environmental problems. This is a significant update to the 2nd Edition, so everyone will want to update their reference library with this new edition. The principles described in this volume apply to all areas of pest control, including agricultural, structural, landscape, greenhouse, and public health applications. Volume 1 in the Pesticide Application Compendium. This is recommended study material for all categories of the California Department of Pesticide Regulation's (DPR) Qualified Pesticide Applicator License (QAL) and Qualified Pesticide Applicator Certificate (QAC) exams.

3650 schriever ave mather ca: The No-Nonsense Guide To Earthquake Safety (Enhanced Edition) Jeffery Sims, 2015-04 This book could save your life! The No-Nonsense Guide To Earthquake Safety (Enhanced Edition) is re-edited edition of the original guide designed to provide a comprehensive source for the latest research related to earthquake safety. Now in a larger size, re-edited, and additional appendices, the subjects covered include: a basic survey-level understanding of earthquakes; addressing long-held earthquake myths; how to be proactive in preparing for an earthquake; advice by government and professionals in the geological sciences on

the best courses of action during an earthquake; the best shelter/courses of action during an earthquake; and how to remain safe after an earthquake has occurred. The Enhanced Edition also contains updated appendices that include a listing of government and charitable resources (for those affected by earthquakes), and the latest research regarding animal behavior & earthquakes, as well as the latest advancements toward creating earthquake detection systems.

3650 schriever ave mather ca: The Island Maneskootuk Carolyn G. Scofield, 2008

Maneskootuk Island lies prominently in the eastern part of Maines ten-square-mile Rangeley Lake, in one of the state's most beautiful vacation regions, the western mountains. The pristine island has had a colorful, lively history that is lovingly-and candidly-recounted by the woman who holds the current deed, Carolyn Garrigues Scofield. The Island Maneskootuk includes accounts of the historic island's flora and fauna, its various boats, old and new structures, gardens, and countless resident and local characters. There are colorful accounts by the author and her family and visitors, as well as the descendants of early Maneskootuk residents, describing life on the island through many decades, illustrated throughout by fifty pages of historic and family photos. Setting the tone for The Island Maneskootuk is the author's heartfelt approach to the island treasure that has meant so much to her, her family and now her grandchildren. The Dicksons built their big house and lived in splendor, the public rented accommodations on the island when Dr.Clough invited physicians, the Persians turned the island into a mini-principality, and then we, the Scofields stepped ashore. We stepped foot on our Maneskootuk in late afternoon. The grass was at least a foot high, and the dandelions blazed at their peak. The sun was still hot and everything was still. We marveled at this place, this magical land, and began immediately to bask in the peace and serenity of our island home. Our Maneskootuk adventure was about to begin.

3650 schriever ave mather ca: Building an Emergency Plan , 2000-02-03 Building an Emergency Plan provides a step-by-step guide that a cultural institution can follow to develop its own emergency preparedness and response strategy. This workbook is divided into three parts that address the three groups generally responsible for developing and implementing emergency procedures—institution directors, emergency preparedness managers, and departmental team leaders—and discuss the role each should play in devising and maintaining an effective emergency plan. Several chapters detail the practical aspects of communication, training, and forming teams to handle the safety of staff and visitors, collections, buildings, and records. Emergencies covered include natural events such as earthquakes or floods, as well as human-caused emergencies, such as fires that occur during renovation. Examples from the Barbados Museum and Historical Society, the Museo de Arte Popular Americano in Chile, the Mystic Seaport Museum in Connecticut, and the Seattle Art Museum show how cultural institutions have prepared for emergencies relevant to their sites, collections, and regions.
