10 man naxx wotlk guide: You're Never Weird on the Internet (Almost) Felicia Day, 2016-04-19 The Internet isn't all cat videos. There's also Felicia Day -- violinist, filmmaker, Internet entrepreneur, compulsive gamer, hoagie specialist, and former lonely homeschooled girl who overcame her isolated childhood to become the ruler of a new world ... or at least semi-influential in the world of Internet Geeks and Goodreads book clubs. After growing up in the south where she was homeschooled for hippie reasons, Felicia moved to Hollywood to pursue her dream of becoming an actress and was immediately typecast as a crazy cat-lady secretary. But Felicia's misadventures in Hollywood led her to produce her own web series, own her own production company, and become an Internet star. Felicia's short-ish life and her rags-to-riches rise to Internet fame launched her career as one of the most influential creators in new media. Now Felicia's strange world is filled with thoughts on creativity, video games, and a dash of mild feminist activism -- just like her memoir. Felicia's story demonstrates that everyone should embrace what makes them different and be brave enough to share it with the world, because anything is possible now -- even for a digital misfit.

10 man naxx wotlk guide: Huh. I Didn't Know That! Donald Poe, 2013-07-17 Did you know that:- Squanto, the Indian who helped the Massachusetts Bay Colony survive, spoke English and had actually made 3 round-trip crossings to Europe before the Pilgrim's 1620 landing at Plymouth Rock ever took place?-The Continental Divide, the imaginary line that divides North America into rivers that flow west from those that flow east, itself divides, forming a large basin in Wyoming where water flows neither in nor out?- Abner Doubleday, the reputed father of baseball, commanded the artillery at Fort Sumter and thus fired the first Union shot of the Civil War?-The Battle of Hastings was not fought at Hastings?- The ointment Bacitracin gets part of its name from an American girl, Margaret Tracy, who had a leg wound that led to the development of the antibiotic?- Both the largest and the brightest object that you can see with human eye are located in one easy-to-find constellation?This book is, at heart, a glorified trivia book, but describing it that way really sells it just a bit short. Trivia books all too often tend to deal with material that is inherently uninteresting - it's simply trivial. Once you've read some fact in a trivia book, you tend to forget it immediately. While it's clearly an opinion, who, after reading the number of dimples on a golf ball says to himself, I think I'm going to remember that fact and maybe even tell all of my friends? This book is a series of short stories, not just a long list of questions and answers with no context. And after reading the stories in this book, people often respond with the very title of the book, as in Huh. I didn't know

that. The stories are organized into sections relating to history, geography, sports, arts and literature, science and technology and the interesting origins of words and phrases. Written with a great deal of charm and wit. CreateSpace reviewer
