10 questions to ask your crush: How to Fall in Love with Anyone Mandy Len Catron, 2017-06-27 "A beautifully written and well-researched cultural criticism as well as an honest memoir" (Los Angeles Review of Books) from the author of the popular New York Times essay, "To Fall in Love with Anyone, Do This," explores the romantic myths we create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, "Catron melds science and emotion beautifully into a thoughtful and thought-provoking meditation" (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists' research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she'd read about—where the goal was to create intimacy between strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship. "Perfect fodder for the romantic and the cynic in all of us" (Booklist), *How to Fall in Love with Anyone* flips the script on love. "Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship" (The Toronto Star).

10 questions to ask your crush: *Before We Were Strangers* Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist "missed connection" post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago,

almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

10 questions to ask your crush: A More Beautiful Question Warren Berger, 2014-03-04 To get the best answer-in business, in life-you have to ask the best possible question. Innovation expert Warren Berger shows that ability is both an art and a science. It may be the most underappreciated tool at our disposal, one we learn to use well in infancy-and then abandon as we grow older. Critical to learning, innovation, success, even to happiness-yet often discouraged in our schools and workplaces-it can unlock new business opportunities and reinvent industries, spark creative insights at many levels, and provide a transformative new outlook on life. It is the ability to question-and to do so deeply, imaginatively, and "beautifully." In this fascinating exploration of the surprising power of questioning, innovation expert Warren Berger reveals that powerhouse businesses like Google, Nike, and Netflix, as well as hot Silicon Valley startups like Pandora and Airbnb, are fueled by the ability to ask fundamental, game-changing questions. But Berger also shares human stories of people using questioning to solve everyday problems-from "How can I adapt my career in a time of constant change?" to "How can I step back from the daily rush and figure out what really makes me happy?" By showing how to approach questioning with an open, curious mind and a willingness to work through a series of "Why," "What if," and "How" queries, Berger offers an inspiring framework of how we can all arrive at better solutions, fresh possibilities, and greater success in business and life.

10 questions to ask your crush: The Sunset Strip Diaries Amy Asbury, 2024-02-17 There comes a time in every girl's life, when she has to choose good or choose bad. Amy Asbury chose bad, hands down. Good meant wallflowers, secretaries and subservient wives. Bad meant power- and a possible escape from a life of secrets. At twelve years old she was trying to make sense of a drug-addicted father and his disturbing behavior. By fifteen she was dealing with horrendous depression, blackouts and rape. At sixteen she was in a mental institution for suicidal tendencies and violent behavior. She knew she could never be normal. The only place for a girl like her was Hollywood. Read the true story of the social ascent (and eventual decline) of a girl in the Sunset Strip music scene of the early 1990's. From crazy parties to glittered junkies and man-eating strippers, Amy has chronicled what life was like back in the days of excess and debauchery. It is not just a fascinating look into an amusing time in pop culture, but also details the mindset of a young woman trying to find confidence and self-worth in a life full of pain and chaos. The party came screeching to a halt when the Grunge movement took over and heroin became more prominent. How far off track can a person go before it's too late?

Like a lovechild of Gravity and The Martian, it's a rousing space opera for any age, meticulously researched and relentlessly paced, that balances action, science, humor, and most importantly, two compelling main characters in Liam and Phoebe. A fantastic start to an epic new series." —Soman Chainani, New York Times bestselling author of the School for Good and Evil series "Emerson's writing explodes off the page in this irresistible space adventure, filled with startling plot twists, diabolical aliens, and (my favorite!) courageous young heroes faced with an impossible task." —Lisa McMann, New York Times bestselling author of the Unwants series It is Earth year 2213—but, of course, there is no Earth anymore. Not since it was

burned to a cinder by the sun, which has mysteriously begun the process of going supernova. The human race has fled to Mars, but this was only a temporary solution while we have prepared for a second trip: a one-hundred-fifty-year journey to a distant star, our best guess at where we might find a new home. Liam Saunders-Chang is one of the last humans left on Mars. The son of two scientists who have been racing against time to create technology vital to humanity's survival, Liam, along with his friend Phoebe, will be on the last starliner to depart before Mars, like Earth before it, is destroyed. And she's found her safe space—her swimming pool—where she feels weightless in a fat-obsessed world. In the water, she can stretch herself out like a starfish and take up all the room she wants. It's also where she can get away from her pushy mom, who thinks criticizing Ellie's weight will motivate her to diet. Fortunately, Ellie has allies in her dad, her therapist, and her new neighbor, Catalina, who loves Ellie for who she is. With this support buoying her, Ellie might finally be able to cast aside the Fat Girl Rules and starfish in real life--by unapologetically being her own fabulous self.

10 questions to ask your crush: The Dictionary of Obscure Sorrows John Koenig,

2021-11-16 NEW YORK TIMES BESTSELLER “It’s undeniably thrilling to find words for our strangest feelings...Koenig casts light into lonely corners of human experience...An enchanting book. “ —The Washington Post A truly original book in every sense of the word, *The Dictionary of Obscure Sorrows* poetically defines emotions that we all feel but don’t have the words to express—until now. Have you ever wondered about the lives of each person you pass on the street, realizing that everyone is the main character in their own story, each living a life as vivid and complex as your own? That feeling has a name: “sonder.” Or maybe you’ve watched a thunderstorm roll in and felt a primal hunger for disaster, hoping it would shake up your life. That’s called “lachesism.” Or you were looking through old photos and felt a pang of nostalgia for a time you’ve never actually experienced. That’s “anemoia.” If you’ve never heard of these terms before, that’s because they didn’t exist until John Koenig set out to fill the gaps in our language of emotion. *The Dictionary of Obscure Sorrows* “creates beautiful new words that we need but do not yet have,” says John Green, bestselling author of *The Fault in Our Stars*. By turns poignant, relatable, and mind-bending, the definitions include whimsical etymologies drawn from languages around the world, interspersed with otherworldly collages and lyrical essays that explore forgotten corners of the human condition—from “astrophe,” the longing to explore beyond the planet Earth, to “zenosyne,” the sense that time keeps getting faster. *The Dictionary of Obscure Sorrows* is for anyone who enjoys a shift in perspective, pondering the ineffable feelings that make up our lives. With a gorgeous package and beautiful illustrations throughout, this is the perfect gift for creatives, word nerds, and human beings everywhere.

10 questions to ask your crush: We Need to Talk About Kevin Lionel Shriver, 2011-05-01 The inspiration for the film starring Tilda Swinton and John C. Reilly, this resonant story of a mother’s unsettling quest to understand her teenage son’s deadly violence, her own ambivalence toward motherhood, and the explosive link between them remains terrifyingly prescient. Eva never really wanted to be a mother. And certainly not the mother of a boy who murdered seven of his fellow high school students, a cafeteria worker, and a much-adored teacher in a school shooting two days before his sixteenth birthday. Neither nature nor nurture exclusively shapes a child’s character. But Eva was always uneasy with the sacrifices and social demotion of motherhood. Did her internalized dislike for her own son shape him into the killer he’s become? How much is her fault? Now, two years later, it is time for her to come to terms with Kevin’s horrific rampage, all in a series of startlingly direct correspondences with her estranged husband, Franklin. A piercing, unforgettable, and penetrating exploration of violence and responsibility, a book that the Boston Globe describes as “impossible to put down,” is a stunning examination of how tragedy affects a town, a marriage, and a family.
