10 reasons why writing is important: *Why I Write* George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

What you really need to do is stop talking and start working. This book shows you the way. You'll learn how to be more productive, how to get exposure without breaking the bank, and tons more counterintuitive ideas that will inspire and provoke you. 10 reasons why writing is important: *World's Fair* E.L. Doctorow, 2010-11-10 Winner of the National Book Award • "Marvelous . . . You get lost in World's Fair as if it were an exotic adventure. You devour it with the avidity usually provoked by a suspense thriller."—The New York Times Hailed by critics from coast to coast and by readers of all ages, this resonant novel is one of E.L. Doctorow's greatest works of fiction. It is 1939, and even as the rumbles of progress are being felt worldwide, New York City clings to remnants of the past, with horse-drawn wagons, street peddlers, and hurdy-gurdy men still toiling in its streets. For nine-year-old Edgar Altschuler, life is stoopball and radio serials, idolizing Joe DiMaggio, and enduring the conflicts between his realist mother and his dreamer of a father. The forthcoming Word's Fair beckons, an amazing vision of American automation, inventiveness, and prosperity—and Edgar Altschuler responds. A marvelous work from a master storyteller, World's Fair is a book about a boy who must surrender his innocence to come of age, and a generation that must survive great hardship to reach its future. Praise for World's Fair "Something close to magic."—Los Angeles Times "World's Fair is better than a time capsule; it's an actual slice of a long-ago world, and we emerge from it as dazed as those visitors standing on the corner of the future."—Anne Tyler "Doctorow has managed to regain the awed perspective of a child in this novel of rare warmth and intimacy. . . . Stony indeed in the heart that cannot be moved by this book."—People "Fascinating . . . exquisitely rendered details of a lost way of life."—Newsweek "Wonderful reading."—USA Today

10 reasons why writing is important: Why Nations Fail Daron Acemoglu, James A. Robinson, 2012-03-20 NEW YORK TIMES AND WALL STREET JOURNAL BESTSELLER • From two winners of the 2024 Nobel Prize in Economic Sciences, “who have demonstrated the importance of societal institutions for a country’s prosperity” “A wildly ambitious work that hopscotches through history and around the world to answer the very big question of why some countries get rich and others don’t.”—The New York Times FINALIST: Financial Times and Goldman Sachs Business Book of the Year Award • ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, Financial Times, The Economist, BusinessWeek, Bloomberg, The Christian Science Monitor, The Plain Dealer Why are some nations rich and others poor, divided by wealth and poverty, health and sickness, food and famine? Is it culture, the weather, or geography that determines prosperity or poverty? As Why Nations Fail shows, none of these factors is either definitive or destiny. Drawing on fifteen years of original research, Daron Acemoglu and James Robinson conclusively show that it is our man-made political and economic institutions that underlie economic success (or the lack of it). Korea, to take just one example, is a remarkably homogenous nation, yet the people of North Korea are among the poorest on earth while their brothers and sisters in South Korea are among the richest. The differences between the Koreas is due to the politics that created those two different institutional trajectories. Acemoglu and Robinson marshal extraordinary historical evidence from the Roman Empire, the Mayan city-states, the Soviet Union, the United States, and Africa to build a new theory of political economy with great relevance for the big questions of today, among them: • Will China’s economy continue to grow at such a high speed and ultimately overwhelm the West? • Are America’s best days behind it? Are we creating a vicious cycle that enriches and empowers a small minority? “This book will change the way people think about the wealth and poverty of nations . . . as ambitious as Jared Diamond’s Guns, Germs, and Steel.”—BusinessWeek

Shepherd: It is the ragged end of the Vietnam war. With the debacle of a failing South Vietnamese invasion of Northern Laos as background, A Shepherd to Fools tells the harrowing tale of a covert Hatchet Team of US soldiers and Montagnard mercenaries. They are ordered to find and capture or kill a band of American deserters, called Longshadows, before the world learns of their paralyzing rebellion. An earlier attempt to capture them failed disastrously, the facts of it buried. Captain Hugh Englander commands the Hatchet Team. He is a humorless bastard, sneering and discourteous to every regular army soldier. He cares little for the welfare of his own men and nothing for the lives of the deserters. The conflict between him and Captain David Weisman, the artillery officer assigned to the mission for artillery support, threatens to tear the team apart. Deep in the Laotian jungle, the team is caught in a final, horrific battle facing an enemy armed with Sarin nerve gas, the "worst of the worst" of the war's clandestine weapons.

Sanch's adventure leads to encounters with people who share world views he had never considered and could potentially shape his own changing perceptions about life. Through sometimes humorous episodes such as trying his hand as a matador at a roadside rodeo or in his not so humorous battle with dysentery, Sanch explores life's beauty and wonder alongside the darker undercurrents of humanity. Along his journey, Sanch befriends a shamanic traveler named Rob, young revolutionaries from Venezuela, numerous expatriates from around the world trying to escape whatever it is that keeps chasing them, and a beautiful local girl named Andrea, who Sanch suspects is a prostitute but can't help falling for.
