Cooney, 1982 This is the colorful and dramatic biography of two of America's most controversial entrepreneurs: Moses Louis Annenberg, 'the racing wire king, ' who built his fortune in racketeering, invested it in publishing, and lost much of it in the biggest tax evasion case in United States history; and his son, Walter, launcher of TV Guide and Seventeen magazines and former ambassador to Great Britain.--Jacket.

They are visceral, raw, lived documents of someone who has always had to fight for everything he's achieved, most often, and most tellingly, with himself. It's a unique and brutally honest account of human weakness and strength, as told to Alex Ogg

Like an artist sketching, Barthes in these essays is working out the more fascinating details of his larger theories. In the innocuously names Proust and Names and Flaubert and Sentences, Barthes explores the relation of the author to writing that begins his transition to his later thought. In his studies of La Rochefoucauld's maxims and the illustrative plates of the Encyclopedia, Barthes reveals new vistas on common cultural artifacts, while Where to Begin? offers a glimpse into his own analytical processes. The concluding essays on Fromentin and Loti show the breadth of Barthes's inquiry. As a whole, the essays demonstrate both the acuity and freshness of Barthes's critical mind and the gracefulness of his own use of language.

In Harold Robbins' second novel, he captures a bygone era of entertainment pioneers turning cinematic dreams into reality. *The Dream Merchants* is a story of powerful men and passionate women, doing whatever they have to in order to succeed. Johnny Edge is a former carny hustler, filled with schemes and ambition. Peter Kessler trades in a life of being stuck in the hardware business for the fortunes of moviemaking. Actress Dulcie Warren isn't afraid to use her sexuality to fulfill her ambitions. And if she has to take someone down to get to the top? That's show business. Their worlds collide on the studio back lots at Magnum Pictures in moments of intrigue and entanglement. Robbins' own experiences at Universal Studios laid the foundation for *The Dream Merchants*, the novel that would later be made into an all-star miniseries featuring Mark Harmon, Morgan Fairchild, Eve Arden, Robert Culp, Jose Ferrer, Robert Goulet, and Fernando Lamas.
