It is a conflict which never assumed the mythic character of the American Civil War or World War II. However, this book asserts, it would be impossible to understand the Cold War and indeed post 1945 global history without knowledge of the Korean War. Providing a history of the Korean peninsula before the war and including a detailed analysis of the fighting itself, *The Korean War* goes beyond the battlefield to deal with the war in the air, ground attack, and air evacuation. The study also evaluates the contributions of the UN naval forces, the impact of the war on various homefronts and issues such as defectors, opposition to the war, racial segregation and integration, POWs and the media. Recently-released Soviet documents are used to assess the role of China, the Soviet Union, North and South Korea and the allied forces in the conflict. This fascinating work offers a unique analysis of the Korean War and will be invaluable to students of twentieth-century history, particularly those concerned with American and Pacific history.

3am prayer for financial breakthrough: A Hunger for God John Piper, 2013-04-23 There is an appetite for God. And it can be awakened. I invite you to turn from the dulling effects of food and the dangers of idolatry, and to say with some simple fast: This much, O God, I want you. Our appetites dictate the direction of our lives - whether it be the cravings of our stomachs, the passionate desire for possessions or power, or the longings of our spirits for God. But for the Christian, the hunger for anything besides God can be an arch-enemy. While our hunger for God - and Him alone - is the only thing that will bring victory. Do you have that hunger for Him? As John Piper puts it: If we don't feel strong desires for the manifestation of the glory of God, it is not because you have drunk deeply and are satisfied. It is because we have nibbled so long at the table of the world. Our soul is stuffed with small things, and there is no room for the great. If we are full of what the world offers, then perhaps a fast might express, or even increase, our soul's appetite for God. Between the dangers of self-denial and self-indulgence is this path of pleasant pain called fasting. It is the path John Piper invites you to travel in this book. For when God is the supreme hunger of your heart, He will be supreme in everything. And when you are most satisfied in Him, He will be most glorified in you.

Yet many Christians don't know how to pray both effectively - in a way that gets results - and humbly - in a way that aligns with God's will. Prayer is a powerful weapon against the true adversaries of God's people: principalities, powers, dark rulers and spiritual wickedness in high places. These forces are the perpetrators of all kinds of evil: Addiction, abuse, poverty and spiritual bondage run rampant through families, churches, cities and nations. What can believers do to battle these forces? They can pray. Not just any prayer: the prayer of petition, known throughout Christian history as the prayer that gets results. Prayer of Petition explores this powerful prayer in detail, from the many examples found in God's Word to more recent instances of incredible miracles ushered in by this prayer. Readers will learn the biblical definitions of petition and supplication, and examine the key components of preparation, thanksgiving and humility. 3am prayer for financial breakthrough: Stress R Us Greeley Miklashek, 2018-04-20 This book is a compilation of what a neuropsychiatrist learned about the causes and cures of human diseases in his 41 year medical practice. I treated 25,000 of my fellows and wrote 1,000,000 Rx in the process. The book is divided into 51 Topics (chapters) and contains over 100 references. It serves as an historical review of the field of stress research as well as animal crowding research, as the two morphed together in my theory of population density stress. Human overpopulation is a fact, as we have far exceeded the earth's carrying capacity for our species and mother nature is attempting to cull our numbers through our multitude of diseases of civilization. Our hunter-gatherer contemporaries, living in their traditional manner in their clan social groups widely distributed in their ecosystem, have none of our diseases. As our extreme gene based altruism has brought us tremendous compassion and technological advances in caring for the diseases of our fellows, it has also brought us tremendous overpopulation and brought us near to ecological collapse. We must face our need to restrict our reproduction or mother nature will do it for us. A case in point: infertility in America has increased 100% in just 34 years, from 1982 to 2016. During the same period, our sperm counts have fallen 60%. No-one is willing to look at the obvious cause: neuro-endocrine inhibition of human reproduction resulting from population density stress. If any of this touches a nerve, please find the time in your busy, stressful day to stop for an hour and read this ground-breaking book. You may never have heard any of this information from any of your healthcare providers or the mass media. Big Pharma rules the minds of your healthcare providers and the mass media. At the end of my career as a practicing psychiatrist, I had become little more than a prescription writing machine and was actually instructed to stop wasting time talking to your patients and just write their prescriptions. So, I retired and spent the next 5 years writing this book.

I hope you find it as illuminating as I did doing the research on our epidemic of stress diseases. No wonder that we are ever more anxious and depressed, in spite of taking our 4,300,000,000 Rx every year! The real cure for our diseases of civilization must be a worldwide reduction in family size and a concerted effort to increase the opportunities for women to access education and work, as well as birth control. The alternative is increasing human disease and infertility from population density stress. Please read this book and tell me if you don't agree with my surprising conclusions. Good luck and God bless us one and all!

3am prayer for financial breakthrough: Spiritual Warfare Prayers, 2005-01-01 According to the Catechism, "The whole of man's history has been the story of our combat with the powers of evil, stretching, so our Lord tells us, from the very dawn of history until the last day. This dramatic situation of the whole world, which is in the power of the evil one, makes man's life a battle." Therefore beloved, "Put on the whole armor of God, so that you may be able to stand against the wiles of the devil. For our struggle is not against enemies of blood and flesh, but against the rulers, against the authorities, against the cosmic powers of this present darkness, against the spiritual forces of evil in the heavenly places."

3am prayer for financial breakthrough: Ocean of Sound David Toop, 1995 Ocean of Sound begins in 1889 at the Paris Exposition when Debussy first heard Javanese music performed. A culture absorbed in perfume, light and ambient sound developed in response to the intangibility of 20th century communications. David Toop traces the evolution of this culture, through Erik Satie to the Velvet Underground; Miles Davis to Jimi Hendrix. David Toop, who lives in London, is a writer, musician and recording artist. His other books are Rap Attack 3 and Exotica,

3am prayer for financial breakthrough: The Guru Chronicles The Swamis of Kauai's Hindu Monastery, 2011-10-01 Satguru Sivaya Subramuniyaswami (1927-2001) sailed for Sri Lanka in 1947 to find his guru. After years of arduous training, he fell at the feet of the Tamil master, Siva Yogaswami. Following his guru's orders, the illumined yogi returned to America to teach the path of enlightenment. Ultimately, he was recognized and befriended by India's spiritual leaders as the first Hindu guru born in the West. Gurudeva, as he was affectionately known, founded the Saiva Siddhanta Yoga Order and established Kauai's Hindu Monastery in Hawaii. Hinduism's many guru lineages are the spiritual rivers that pass the power on through the ages. The lineage that he joined extends to his guru's guru, Chellappaswami, and before him to Kadaitswami, then a nameless rishi and countless others, back to Rishi Tirumular and his guru, Maharishi Nandinatha, some 2,200 years ago in the high Himalayas. These are the illustrated stories of Satguru Sivaya Subramuniyaswami, his guru Siva Yogaswami and five preceding masters, who all held truth in the palm of their hand and inspired slumbering souls to "Know thy Self."

3am prayer for financial breakthrough: The End-of-the-century Party Steve Redhead, 2019-06-27 Madchester may have been born at the Hacienda in the summer of 1988, but the city had been in creative ferment for almost a decade prior to the rise of acid house. The end-of-the-century party is the definitive account of a generational shift in popular music and youth culture, what it meant and what it led to. First published right after the Second Summer of Love, it tells the story of the transition from new pop to the political pop of the mid-1980s and its deviant offspring, post-political pop. Resisting contemporary proclamations about the end of youth culture and the rise of a new, right-leaning conformism, the book draws on interviews with DJs, record company bosses, musicians, producers and fans to outline a clear transition in pop thinking, a move from an obsession with style, packaging and synthetic sounds to content, socially conscious lyrics and a new authenticity. This edition is framed by a prologue by Tara Brabazon, asking how we can reclaim the spirit, energy and authenticity of Madchester for a post-youth, post-pop generation. It is illustrated with iconic photographs by Kevin Cummins.
