60 minutes charles barkley interview: *Glory Days* L. Jon Wertheim, 2021 A rollicking guided tour of one extraordinary summer, when some of the most pivotal and freakishly coincidental stories all collided and changed the way we think about modern sports The summer of 1984 was a watershed moment in the birth of modern sports when the nation watched Michael Jordan grow from college basketball player to professional athlete and star. That summer also saw ESPN's rise to

media dominance as the country's premier sports network and the first modern, commercialized, profitable Olympics. Magic Johnson and Larry Bird's rivalry raged, Martina Navratilova and John McEnroe reigned in tennis, and Hulk Hogan and Vince McMahon made pro wrestling a business, while Donald Trump pierced the national consciousness as a pro football team owner. It was an awakening in the sports world, a moment when sports began to morph into the market-savvy, sensationalized, moneyed, controversial, and wildly popular arena we know today. In the tradition of Bill Bryson's *One Summer: America, 1927*, L. Jon Wertheim captures these 90 seminal days against the backdrop of the nostalgia-soaked 1980s, to show that this was the year we collectively traded in our ratty Converse for a pair of sleek, heavily branded, ingeniously marketed Nikes. This was the year that sports went big-time.

60 minutes charles barkley interview: African Americans and Popular Culture Todd Boyd, 2008-10-30 The African American influence on popular culture is among the most sweeping and lasting this country has seen. Despite a history of institutionalized racism, black artists, entertainers, and entrepreneurs have had enormous impact on American popular culture. Pioneers such as Oscar Micheaux, Paul Robeson, Satchel Paige, Josh Gibson, Langston Hughes, Bill Bojangles Robinson, and Bessie Smith paved the way for Jackie Robinson, Nina Simone, James Baldwin, Bill Russell, Muhammad Ali, Sidney Poitier, and Bill Cosby, who in turn opened the door for Spike Lee, Dave Chappelle, Dr. Dre, Jay-Z, Tiger Woods, and Michael Jordan. Today, hip hop is the most powerful element of youth culture; white teenagers outnumber blacks as purchasers of rap music; black-themed movies are regularly successful at the box office, and black writers have been anthologized and canonized right alongside white ones. Though there are still many more miles to travel and much to overcome, this three-volume set considers the multifaceted influence of African Americans on popular culture, and sheds new light on the ways in which African American culture has come to be a fundamental and lasting part of America itself. To articulate the momentous impact African American popular culture has had upon the fabric of American society, these three volumes provide analyses from academics and experts across the country. They provide the most reliable, accurate, up-to-date, and comprehensive treatment of key topics, works, and themes in African American popular culture for a new generation of readers. The scope of the project is vast, including: popular historical movements like the Harlem Renaissance; the legacy of African American comedy; African Americans and the Olympics; African Americans and rock 'n roll; more contemporary articulations such as hip hop culture and black urban cinema; and much more. One goal of the project is to recuperate histories that have been perhaps forgotten or obscured to mainstream audiences and to demonstrate how African Americans are not only integral to American culture, but how they have always been purveyors of popular culture.

60 minutes charles barkley interview: The Last Enforcer Charles Oakley, 2022-02-01 In this "incredible read on some incredible days and nights in the old association" (Adrian Wojnarowski, ESPN senior NBA insider) Charles Oakley—one of the toughest and most loyal players in NBA history—tells his unfiltered stories about his basketball journey and his relationships with Michael Jordan, LeBron James, Charles Barkley, Patrick Ewing, Phil Jackson, Pat Riley, James Dolan, Donald Trump, George Floyd, and many others. If you ask a New York Knicks fan about Charles Oakley, you better prepare to hear the love and a favorite story or two. But his individual stats weren't remarkable, and while he helped power the Knicks to ten consecutive playoffs, he never won a championship. So why does he hold such a special place in the minds, hearts, and memories of NBA players and fans? Because over the course of nineteen years in the league, Oakley was at the center of more unbelievable encounters than *Forrest Gump*, and nearly as many fights as Mike Tyson. He was the friend you wish you had, and the enemy you wish you'd never made. If any opposing player was crazy enough to start a fight with him, or God forbid one of his teammates, Oakley would end it. "I can't remember every rebound I grabbed but I do have a story—the true story—of just about every

punch and slap on my resume,” he says. In *The Last Enforcer*, Oakley shares one incredible story after the next—all in his signature “unflinchingly tough, honest, and ultimately endearing” (Harvey Araton, New York Times bestselling author) style—about his life in the paint and beyond, fighting for rebounds and respect. You’ll look back on the era of the 1990s NBA, when tough guys with rugged attitudes, unflinching loyalty, and hard-nosed work ethics were just as important as three-point sharpshooters. You’ll feel like you were on the court, in the room, can’t believe what you just saw, and need to tell everyone you know about it.

60 minutes charles barkley interview: Personal Foul Tim Donaghy, 2010-06-09 Uncover the true story behind the Netflix documentary Untold: Operation Flagrant Foul. "The book the NBA doesn't want you to read." —Deadspin.com Tim Donaghy loved basketball. In many ways, his zest for the game came from his father, who officiated high school and college games for over 30 years. After graduating from Villanova, Donaghy was unsatisfied with his career until he followed his heart and became a basketball referee, first in the CBA and then the NBA, where he officiated for 13 seasons: 772 regular-season games and 20 playoff games. He loved his job, his family, his life. He felt like he had everything. And then, suddenly, he had nothing. He succumbed to a gambling addiction and to intimidation from well-connected criminals—and began using inside information to win bets for them. Following an FBI investigation, Donaghy pled guilty to two federal charges, and on August 15, 2007, he was sentenced to 15 months in prison. He was released on November 4, 2009, after serving his sentence. This is his story, which provides a stunningly candid admission of his mistakes, as well as his insider's account of the world of professional basketball. With a foreword by Phil Scala, the FBI special agent who worked the Gambino case, *Personal Foul* reveals how the fast life of professional sports can tempt and trap the unwary and unwise. Donaghy has written an unforgettable page-turner, one of the most controversial sports books ever published. It will confirm your suspicions about the influence of the front offices of major league sports, while examining the corrosive power of money and fame. From the Introduction: I'm guilty. For 13 years I was a referee in the National Basketball Association, living a glamorous life on and off the court, rubbing elbows with superstar players and celebrity A-listers. I suppose many would say that I had it all—a great job, money, a wonderful family—but it was all an illusion. You see, during my last four years in the NBA, I led a secret life that would ultimately cost me everything: my integrity, my reputation, my career, my livelihood, my marriage, my family, and my freedom.

60 minutes charles barkley interview: Who's Afraid of Post-Blackness? Touré, 2011-09-13 How do we make sense of what it means to be Black in a world with room for both Michelle Obama and Precious? Tour , an iconic commentator and journalist, defines and demystifies modern Blackness with wit, authority, and irreverent humor. In the age of Obama, racial attitudes have become more complicated and nuanced than ever before. Americans are searching for new ways of understanding Blackness, partly inspired by a President who is unlike any Black man ever seen on our national stage. This book aims to destroy the notion that there is a correct or even definable way of being Black. It’s a discussion mixing the personal and the intellectual. It gives us intimate and painful stories of how race and racial expectations have shaped Tour ’s life as well as a look at how the concept of Post-Blackness functions in politics, psychology, the Black visual arts world, Chappelle’s Show, and more. For research Tour has turned to some of the most important luminaries of our time for frank and thought-provoking opinions, including Rev. Jesse Jackson, Henry Louis Gates Jr., Cornel West, Michael Eric Dyson, Melissa Harris-Lacewell, Malcolm Gladwell, Harold Ford, Jr., Kara Walker, Kehinde Wiley, Chuck D, and many others. Their comments and disagreements with one another may come as a surprise to many readers. Of special interest is a personal racial memoir by the author in which he depicts defining moments in his life when he confronts the question of race head-on. In another chapter—sure to be controversial—he explains why he no longer uses the word “nigga.” *Who’s Afraid of Post-Blackness?* is a complex conversation on modern America that aims to change how we perceive race in ways that are as nuanced and spirited as the nation itself.

60 minutes charles barkley interview: *Sixty-One* Chris Paul, 2023-06-20 Instant New York Times, USA Today, Publishers Weekly, and Wall Street Journal Bestseller! A powerful and unexpected memoir of family, faith, tragedy, and life's most important lessons. The day after future NBA superstar Chris Paul signed his letter of intent to play college basketball for Wake Forest, he received a world-shattering phone call. His grandfather, Nathaniel Papa Jones, a pillar of the Winston-Salem community where he owned and operated the first Black-owned service station in North Carolina, was mugged and ultimately died from a heart attack resulting from the assault. His funeral filled the largest church in the county, which held over one thousand people. He was sixty-one years old. The day after burying his grandfather, Chris was coping the best way he knew how: by playing basketball for his high school team. After pouring in shot after shot, his last attempt was an airball purposely flung out of bounds from the foul line before Chris exited the game. The next day, local news headlines declared that he fell six points shy of the statewide single game high school scoring record. But he accomplished exactly what he set out to do: scoring sixty-one points, one for each year of life lived by his grandfather. In *Sixty-One*, Chris opens up about life beyond basketball and the role his grandfather played in molding him into the man and father he is today. He'll speak about the foundation of faith and family he built his life upon, what it means to be a positive light within your community and beyond, and the importance of setting the proper example for future generations. Most importantly, Chris will talk about his home, Winston-Salem, and the close-knit family and village that raised him to become one of the most respected leaders in all of sports.

60 minutes charles barkley interview: *Downtown Owl* Chuck Klosterman, 2008-09-16 Now a major film! New York Times bestselling author and "one of America's top cultural critics"

(Entertainment Weekly) Chuck Klosterman's debut novel brilliantly captures the charm and dread of small-town life. Somewhere in rural North Dakota, there is a fictional town called Owl. They don't have cable. They don't really have pop culture, but they do have grain prices and alcoholism. People work hard and then they die. But that's not nearly as awful as it sounds; in fact, sometimes it's perfect. Mitch Hrlicka lives in Owl. He plays high school football and worries about his weirdness, or lack thereof. Julia Rabia just moved to Owl. A history teacher, she gets free booze and falls in love with a self-loathing bison farmer. Widower and local conversationalist Horace Jones has resided in Owl for seventy-three years. They all know each other completely, except that they've never met. But when a deadly blizzard—based on an actual storm that occurred in 1984—hits the area, their lives

are derailed in unexpected and powerful ways. An unpretentious, darkly comedic story of how it feels to exist in a community where local mythology and violent reality are pretty much the same thing, *Downtown Owl* is “a satisfying character study and strikes a perfect balance between the funny and the profound” (Publishers Weekly).

60 minutes charles barkley interview: When Nothing Else Matters Michael Leahy, 2012-12-11 As one of the greatest, most celebrated athletes in history, Michael Jordan conquered professional basketball as no one before. Powered by a potent mix of charisma, near superhuman abilities and a ferocious drive to dominate the game, he achieved every award and accolade conceivable before retiring from the Chicago Bulls and taking an executive post with the Washington Wizards. But retirement didn't suit the man who was once king, and at the advanced age of thirty-eight Michael Jordan decided it was time to reclaim the court that was once his. *WHEN NOTHING ELSE MATTERS* is the definitive account of Jordan's equally spectacular and disastrous return to basketball. Having closely followed Jordan's final two seasons, Michael Leahy draws a fascinating portrait of an intensely complex man hampered by injuries and assaulted by younger players eager to usurp his throne. In this enthralling book Jordan emerges as an ambitious, at times deeply unattractive character with, unsurprisingly, a monstrous ego. *WHEN NOTHING ELSE MATTERS* is an absorbing portrait not only of one athlete's overriding ambition, but also of a society so in thrall to its sports stars that it is blind to all their faults.

60 minutes charles barkley interview: Who's Afraid of a Large Black Man? Charles Barkley, 2005-03-31 In this controversial national bestseller, former NBA star and author of *I May Be Wrong But I Doubt It* Charles Barkley takes on the major issue of our time. *Who's Afraid of a Large Black Man* is a series of charged, in-your-face conversations about race with some of America's most prominent figures, including Bill Clinton, Barack Obama, Jesse Jackson, Samuel L. Jackson, Morgan Freeman, Ice Cube, Marian Wright Edelman, Tiger Woods, Peter Guber, and Robert Johnson.

60 minutes charles barkley interview: I May Be Wrong but I Doubt It Charles Barkley, 2002-10-01 Charles Barkley has never been shy about expressing his opinions. Michael Jordan once said that we all want to say the things that Barkley says, but we don't dare. But even die-hard followers of the all-time NBA great, the star of TNT's *Inside the NBA* and CNN's *TalkBack Live*, will be astonished by just how candid and provocative he is in this book—and just how big his ambitions are. Though he addresses weighty issues with a light touch and prefers to stir people to think by making them laugh, there's nothing Charles Barkley shies away from here—not race, not class, not big money, not scandal, not politics, not personalities, nothing. “Early on,” says Washington Post columnist and ESPN talk show host Michael Wilbon in his Introduction, “Barkley made his peace with mixing it up, and decided the consequences were very much worth it to him. And that makes him as radically different in these modern celebrity times as a 6-foot-4-inch power forward.” If there's one thing Charles Barkley knows, it's the crying need for honest, open discussion in this country—the more uncomfortable the subject, the more necessary the dialogue. And if the discussion leader can be as wise, irreverent, (occasionally) profane and (consistently) funny as Charles Barkley,

so much the better. Many people are going to be shocked and scandalized by *I May Be Wrong but I Doubt It*, but many more will stand up and cheer. Like Molly Ivins or Bill O'Reilly, Charles Barkley is utterly his own thinker, and everything he says comes from deep reflection. One way or another, if more blood hasn't reached your brain by the time you've finished this book, maybe you've been embalmed.

60 minutes charles barkley interview: *The War for Late Night* Bill Carter, 2010-11-04 Bill Carter, executive producer of CNN's docuseries *The Story of Late Night* and host of the *Behind the Desk: Story of Late Night* podcast, details the chaotic transition of *The Tonight Show* from host Jay Leno to Conan O'Brien—and back again. In 2010, NBC's CEO Jeff Zucker, had it all worked out when he moved Jay Leno from behind the desk at *The Tonight Show*, and handed the reins over to Conan O'Brien. But his decision was a spectacular failure. Ratings plummeted, affiliates were enraged—and when Zucker tried to put everything back the way it was, that plan backfired as well. No one is more uniquely suited to document the story of a late-night travesty than veteran media reporter and bestselling author, Bill Carter. In candid detail, he charts the vortex that sucked in not just Leno and O'Brien—but also Letterman, Stewart, Fallon, Kimmel, and Ferguson—as frantic agents and network executives tried to manage a tectonic shift in television's most beloved institution.

Johnson, 1993 Charles Barkley, five-time NBA all-star, looks back at his life and basketball career in the same no-holds-barred fashion with which he views everything. 60 minutes charles barkley interview: Vindicated Jose Canseco, 2009-03-17 In 2005, Jose Canseco blew the lid off Major League Baseball's steroid scandal--and no one believed him. His New York Times bestselling memoir *Juiced* met a firestorm of criticism and outrage from the media, coaches, clubs, and players, many of whom Canseco had personally introduced to steroids--with a needle in the ass. Baseball's former golden boy, Rookie of the Year, onetime Most Valuable Player, and owner of two World Series rings was called a liar. In *Vindicated*, Canseco picks up where *Juiced* left off, revealing details even more shocking than in his controversial first book. He spills never-before-implicated names--arguably the biggest in the game of baseball--and explores the mystery of one celebrated player about whom key information was suddenly excised from *Juiced* at the last minute. He talks candidly about what the Mitchell Report did--and didn't--get right, why

steroid use became so rampant, and how his life has changed since he tore the lid off Pandora's box.--From publisher description.
