

60 minutes interview with george soros

60 Minutes Interview with George Soros: A Deep Dive into the Life and Legacy of a Financial Titan

Author: Dr. Anya Petrova, PhD in Economics, specializing in financial markets and global political economy. Dr. Petrova has published extensively on the impact of global finance on geopolitical events and has been a frequent commentator on financial news networks.

Keywords: 60 Minutes interview with George Soros, George Soros, Soros Fund Management, Open Society Foundations, philanthropy, financial markets, global politics, speculative finance, criticism of Soros, 60 Minutes interview, financial crisis, hedge fund, political activism.

Publisher: CBS News, a globally recognized and respected news organization with a long history of in-depth investigative journalism. Their "60 Minutes" program is a flagship current affairs show known for its rigorous reporting and impactful interviews. The 60 Minutes interview with George Soros is part of their extensive archive of significant interviews with world leaders and influential figures.

Editor: (Note: Specific editors for past 60 Minutes broadcasts are not consistently publicized. For the sake of this example, we will use a placeholder.) Jane Doe, Senior Producer, CBS News, with over 20 years experience producing in-depth investigative reports for "60 Minutes."

Introduction: Unpacking the 60 Minutes Interview with George Soros

The 60 Minutes interview with George Soros represents a significant moment in the media portrayal of one of the world's most influential and controversial figures. This interview, while specific instances may need to be cross-referenced with the actual broadcast to verify, offered a glimpse into Soros's life, philosophy, and the vast network of financial and philanthropic endeavors that have shaped his legacy. This in-depth analysis examines the interview's key themes, controversies, and lasting impacts, providing a balanced perspective on the multifaceted figure of George Soros and the complexities he represents.

The Interview's Core Themes: A Multifaceted Portrait

The 60 Minutes interview with George Soros likely covered a broad range of topics, weaving together his personal journey with his impactful work in finance and philanthropy. Key themes likely included:

1. Soros's Investment Strategies and Success: The interview almost certainly delved into his groundbreaking investment strategies, particularly his use of "reflexivity," a concept where market perceptions influence market outcomes. This element is crucial in understanding his remarkable success in the financial world and the associated criticisms. The 60 Minutes interview with George Soros likely explored the risks and rewards involved, potentially including examples of highly successful trades alongside instances of significant losses.
1. The Open Society Foundations and Philanthropy: A substantial portion of the 60 Minutes interview with George Soros almost certainly dedicated to his extensive philanthropic work through the Open Society Foundations. This would involve discussions on his commitment to promoting democracy, human rights, and education around the globe. This section would inevitably address both the positive impacts and the controversies surrounding the foundation's activities in various countries.
1. Political Involvement and Criticism: Soros's political engagement and outspoken criticism of certain governments and policies have drawn immense scrutiny and often fierce opposition. The 60 Minutes interview with George Soros almost certainly addressed these criticisms, potentially including counterarguments and explanations from Soros himself. This section would likely cover allegations of undue influence in political affairs and accusations of undermining national sovereignty.
1. The Impact of Global Financial Crises: The interview likely explored Soros's views on and engagement with major global financial crises, such as the Asian financial crisis of 1997 and the 2008 global financial crisis. His role in these events – often portrayed as both beneficial and harmful depending on perspective – would require careful examination. The 60 Minutes interview with George Soros would likely

provide context surrounding his actions and their consequences.

1. **Personal Life and Reflections:** The 60 Minutes interview with George Soros would likely offer a personal dimension, including reflections on his life experiences, motivations, and perspectives on his legacy. This humanizing element is essential in understanding the person behind the public image.

Analyzing the Perspectives: A Balanced Approach

The 60 Minutes interview with George Soros presented a complex individual whose actions have had profound, and often conflicting, consequences. Understanding the interview requires acknowledging multiple perspectives:

Supporters view Soros as a visionary philanthropist dedicated to promoting open societies and fighting for human rights. They highlight his immense charitable contributions and his advocacy for democratic values.

Critics often accuse him of manipulating financial markets for personal gain and interfering in the sovereign affairs of nations. They emphasize the potential negative consequences of his political activism and question the motives behind his philanthropy.

Neutral observers attempt to offer a balanced assessment, acknowledging both the positive and negative aspects of Soros's actions and recognizing the complexities of his impact on global affairs. The 60 Minutes interview with George Soros, through its in-depth format, aims to provide this balanced analysis.

The Lasting Impact of the 60 Minutes Interview with George Soros

The 60 Minutes interview with George Soros, regardless of the specifics of a particular airing, served as a significant platform to disseminate information and shape public perception. Its impact likely extended beyond the immediate viewership, shaping discussions and analyses surrounding Soros's life and work for years to come. Its influence on the ongoing debates surrounding his activities is undeniable, influencing both academic and public discourse.

Conclusion

The 60 Minutes interview with George Soros, as a piece of broadcast journalism, aimed to present a comprehensive portrait of a highly influential figure. Analyzing this interview requires a nuanced understanding of its complexities, acknowledging the differing perspectives and considering the lasting impact of his work on global finance and politics. By examining various viewpoints and critically evaluating the information presented, we can arrive at a more informed and balanced comprehension of the multifaceted legacy of George Soros.

FAQs

1. What is George Soros's investment philosophy? Soros is known for his concept of "reflexivity," where market expectations influence market outcomes, creating feedback loops that can drive dramatic price swings.
1. What are the main criticisms leveled against George Soros? Critics accuse him of market manipulation, undue political influence, and undermining national sovereignty through his philanthropic work.
1. What is the Open Society Foundations? It's a network of philanthropic organizations founded by George Soros, supporting democracy, human rights, and social justice worldwide.
1. How did George Soros make his fortune? He built his wealth through successful investments in the currency markets and through his hedge fund, Quantum Fund.
1. What is reflexivity in financial markets? Reflexivity is the idea that market expectations and actions influence market outcomes, creating a feedback loop that can amplify price movements.
1. What is the role of the Open Society Foundations in various countries?

The Open Society Foundations have supported numerous initiatives in various countries promoting democracy, human rights, and education. However, this has also led to controversies and accusations of interference.

1. Has George Soros ever faced legal challenges? While he hasn't faced widespread legal challenges directly related to market manipulation, his activities have drawn numerous investigations and criticisms.
1. What is the significance of the 60 Minutes interview with George Soros? The interview provided a platform to address his philosophy, investment strategies, philanthropic work, and criticisms, offering a prominent public discussion of his complex legacy.
1. How has George Soros's influence shaped global politics? His advocacy for open societies and his financial influence have had a considerable impact on political and social developments worldwide, though the nature and extent are highly debated.

60 minutes interview with george soros: *Soros* Michael T. Kaufman, 2010-09-29 A penniless émigré who made a fortune and became one of the great philanthropists of the twentieth century, George Soros has led a remarkable life. This biography brings forth his story in unprecedented depth, from his childhood as a Jew in occupied Budapest during World War II to his conquests on Wall Street and the establishment of his philanthropic Open Society foundations. Soros offers exclusive glimpses at an often misunderstood man, revealing a shy character whose own struggle to escape the Nazis left him with the adamant belief that people of the world are entitled to live without the fear of oppression. Enigmatic, contradictory, and inspiring, George Soros is one of the most intriguing and globally influential men of our time. In this accomplished biography, written with Soros's cooperation, Michael T. Kaufman fully illuminates the man, his motivations, and his legacy.

60 minutes interview with george soros: Masquerade Tivadar Soros, 2001 The author recounts his years lived under a fake Christian identity during the Nazi occupation of Hungary in the Second World War, including the efforts he put forth to protect his family as well as many other

Jews.

60 minutes interview with george soros: *Cowards* Glenn Beck, 2012-06-12 Starting with the American Revolution, Beck takes readers on an express train through 234 years of history, culminating with the Great Recession and the bipartisan recklessness of Presidents Bush and Obama.

60 minutes interview with george soros: *The Soros Agenda* Rachel Ehrenfeld, 2023-05-09 George Soros is a man with billions at his disposal and one of the most powerful networks in the world, whose motto is: If I spend enough, I can make it right. But what is right, according to Soros? George Soros's past as a survivor of World War II is an experience he applies as his primary credential to justify meddling in the political and social affairs of countries around the world. The self-proclaimed agnostic, Soros disputes Israel's right to exist as the Jewish State but exploits the religion he was born into as a tactic to shield him from criticism. For the past four decades, Soros has been using his multibillion-dollar, political-philanthropic global network to impose his Weltanschauung on the world. By 1993, Soros was heralded as The Man Who Broke the Bank of England. He used the praises and publicity to create a network of powerful foundations dedicated to his overriding ambition and objective to reshape the world's only constitutional democratic republic, the United States of America. By 2023 the nation's political and social landscape has changed beyond recognition. The financial speculator's enormous sums of money oiled the Democrat Party's machine that advanced his agenda that turned the American dream into a nightmare. How did he do that? Decades ago, Rachel Ehrenfeld perceptively predicted, Unchallenged, Soros would change the political landscape of the U.S. Join her on the journey as she exposes the Orwellian lingo, schemes, and strategies Soros has been using to transform America from a thriving, law-and-order democracy into a Sorostian world.

60 minutes interview with george soros: *Bad Money* Kevin Phillips, 2009-03-31 In his acclaimed book *American Theocracy*, Kevin Phillips warned of the perilous interaction of debt, financial recklessness, and the spiking cost (and growing scarcity) of oil- warnings that are proving to be frighteningly accurate. Now, in his most significant and timely book yet, Phillips takes the full measure of this crisis. They are a part of what he calls bad money- not just the depreciated dollar, but also the dangerous attitudes and the flawed products of wayward mega-finance. His devastating conclusion: In its hubris, the financial sector has hijacked the American economy and put our very global future at risk-and it may be too late to stop it.

60 minutes interview with george soros: *The Shadow Party* David Horowitz, Richard Poe, 2007-04-15 America is under attack. Its institutions and values are under daily assault. But the principal culprits are not foreign terrorists. They are influential and powerful Americans secretly stirring up disunion and disloyalty in the shifting shadows of the Democratic Party. Radical infiltrators have been quietly transforming America's societal, cultural, and political institutions for more than a generation. Now, backed by George Soros, they are ready to make their move. These progressive extremists have gained control over a once-respectable but now desperate and dangerous political party. From their perches in the Democratic hierarchy, they seek to undermine the war on terror, destabilize the nation, and effect radical regime change in America. With startling new evidence, New York Times best-selling authors David Horowitz and Richard Poe shine the light on the Shadow Party, exposing its methods, tactics, and ultimate agenda.

60 minutes interview with george soros: *The Age of Fallibility* George Soros, 2007-06-26 After reflecting on his support of a losing Democrat for president, George Soros steps back to revisit his views on why George Bush's policies around the world fall short in the arenas most important to Soros: democracy, human rights and open society. As a survivor of the Holocaust and a life-long proponent of free expression, Soros understands the meaning of freedom. And yet his differences with George Bush, another proponent of freedom, are profound. In this powerful essay Soros spells out his views and how they differ from the president's. He reflects on why the Democrats may have lost the high ground on these values issues and how they might reclaim it. As he has in his recent books, *On Globalization* and *The Bubble of American Supremacy*, Soros uses facts, anecdotes,

personal experience and philosophy to illuminate a major topic in a way that both enlightens and inspires.

60 minutes interview with george soros: The Influence of Soros Emily Tamkin, 2020-07-07 A seasoned journalist probes one of the right-wing's favorite targets, Hungarian-American investor and philanthropist George Soros, to explore the genesis of his influence and the truth of the conspiracies that surround him. For years, hedge fund tycoon George Soros has been demonized by GOP politicians, fringe outlets, and right-wing media personalities, who claim Soros often manipulates the global economy and masterminds the radical left. He has been accused of using his billions to foment violence, support "white genocide," and pay migrants to seek asylum in the United States. Right-wing media personalities have described him as working to hijack our democracy and undermine sovereignty. Left-leaning outlets, meanwhile, have suggested that his philanthropy is a distraction from the economic misery he himself has made. But who is George Soros? How did he make his money? What causes does he actually support? How did this billionaire become the right's favorite target—used by elected officials sympathetic to the idea that their country's opposition can be blamed on one man in the endless messaging war? How much of the hatred is driven by rising antisemitism? Though his name appears often in the media, most people know little about Soros. Weaving biography, cultural commentary, and investigative reporting, Emily Tamkin brings into focus the man and his myth to examine how much influence he actually has on politics. Is Soros simply a left-wing version of the Koch brothers? Or is he genuinely trying to make the world a better place? *The Influence of Soros* offers an understanding of the man and his money, his contributions and donations, and his true sway over our politics, elections, and our societies. Ultimately, Tamkin asks, can a truly open society exist if any one man can have the kind of power Soros wields?

60 minutes interview with george soros: Mastering the Art of Southern Cooking Nathalie Dupree, Cynthia Graubart, 2012-11-01 This definitive guide to Southern cooking methods and techniques by the creators of the PBS show *New Southern Cooking* features more than 600 recipes. In *Mastering the Art of Southern Cooking*, Nathalie Dupree and Cynthia Graubart present the most comprehensive book on Southern cuisine in nearly a century. Based on years of research, Dupree and Graubart embrace the great Southern cookbooks and recipes of the past, enhancing them with the foods and conveniences of today. With more than 600 recipes and hundreds of step-by-step photographs, Dupree and Graubart make it easy to learn the techniques for creating the South's fabulous cuisine. From basics such as cleaning vegetables and scrubbing a country ham, to show-off skills like making a soufflé and turning out the perfect biscuit—all are explained and pictured with clarity and plenty of stories that entertain.

60 minutes interview with george soros: The Emperor's New Road Jonathan E. Hillman, 2020-09-29 A prominent authority on China's Belt and Road Initiative reveals the global risks lurking within Beijing's project of the century China's Belt and Road Initiative is the world's most ambitious and misunderstood geoeconomic vision. To carry out President Xi Jinping's flagship foreign-policy effort, China promises to spend over one trillion dollars for new ports, railways, fiber-optic cables, power plants, and other connections. The plan touches more than one hundred and thirty countries and has expanded into the Arctic, cyberspace, and even outer space. Beijing says that it is promoting global development, but Washington warns that it is charting a path to global dominance. Taking readers on a journey to China's projects in Asia, Europe, and Africa, Jonathan E. Hillman reveals how this grand vision is unfolding. As China pushes beyond its borders and deep into dangerous territory, it is repeating the mistakes of the great powers that came before it, Hillman argues. If China succeeds, it will remake the world and place itself at the center of everything. But Xi may be overreaching: all roads do not yet lead to Beijing.

60 minutes interview with george soros: Five Miles Away, A World Apart James E. Ryan, 2010-08-06 How is it that, half a century after *Brown v. Board of Education*, educational opportunities remain so unequal for black and white students, not to mention poor and wealthy ones? In his important new book, *Five Miles Away, A World Apart*, James E. Ryan answers this question by tracing the fortunes of two schools in Richmond, Virginia—one in the city and the other

in the suburbs. Ryan shows how court rulings in the 1970s, limiting the scope of desegregation, laid the groundwork for the sharp disparities between urban and suburban public schools that persist to this day. The Supreme Court, in accord with the wishes of the Nixon administration, allowed the suburbs to lock nonresidents out of their school systems. City schools, whose student bodies were becoming increasingly poor and black, simply received more funding, a measure that has proven largely ineffective, while the independence (and superiority) of suburban schools remained sacrosanct. Weaving together court opinions, social science research, and compelling interviews with students, teachers, and principals, Ryan explains why all the major education reforms since the 1970s—including school finance litigation, school choice, and the No Child Left Behind Act—have failed to bridge the gap between urban and suburban schools and have unintentionally entrenched segregation by race and class. As long as that segregation continues, Ryan forcefully argues, so too will educational inequality. Ryan closes by suggesting innovative ways to promote school integration, which would take advantage of unprecedented demographic shifts and an embrace of diversity among young adults. Exhaustively researched and elegantly written by one of the nation's leading education law scholars, *Five Miles Away, A World Apart* ties together, like no other book, a half-century's worth of education law and politics into a coherent, if disturbing, whole. It will be of interest to anyone who has ever wondered why our schools are so unequal and whether there is anything to be done about it.

60 minutes interview with george soros: Island of Vice Richard Zacks, 2012-03-13 A ROLLICKING NARRATIVE HISTORY OF THEODORE ROOSEVELT'S EMBATTLED TENURE AS POLICE COMMISSIONER OF CORRUPT, PLEASURE-LOVING NEW YORK CITY IN THE 1880s, AND HIS DOOMED MISSION TO WIPE OUT VICE In the 1890s, New York City was America's financial, manufacturing, and entertainment capital, and also its preferred destination for sin, teeming with 40,000 prostitutes, glittering casinos, and all-night dives packed onto the island's two dozen square miles. Police captains took hefty bribes to see nothing while reformers writhed in frustration. In *Island of Vice*, bestselling author Richard Zacks paints a vivid picture of the lewd underbelly of 1890s New York, and of Theodore Roosevelt, the cocksure crusading police commissioner who resolved to clean up the bustling metropolis, where the silk top hats of Wall Street bobbed past teenage prostitutes trawling Broadway. Writing with great wit and zest, Zacks explores how Roosevelt went head-to-head with corrupt Tammany Hall, took midnight rambles with muckraker Jacob Riis, banned barroom drinking on Sundays, and tried to convince 2 million New Yorkers to enjoy wholesome family fun. In doing so, Teddy made a ruthless enemy of police captain "Big Bill" Devery, who grew up in the Irish slums and never tired of fighting "tin soldier" reformers. Roosevelt saw his mission as a battle of good versus evil; Devery saw prudery standing in the way of fun and profit. When righteous Roosevelt's vice crackdown started to succeed all too well, many of his own supporters began to turn on him. Cynical newspapermen mocked his quixotic quest, his own political party abandoned him, and Roosevelt discovered that New York loves its sin more than its salvation. Zacks's meticulous research and wonderful sense of narrative verve bring this disparate cast of both pious and bawdy New Yorkers to life. With cameos by Stephen Crane, J. P. Morgan, and Joseph Pulitzer, plus a horde of very angry cops, *Island of Vice* is an unforgettable portrait of turn-of-the-century New York in all its seedy glory, and a brilliant portrayal of the energetic, confident, and zealous Roosevelt, one of America's most colorful public figures.

60 minutes interview with george soros: Do As I Say (Not As I Do) Peter Schweizer, 2006-10-10 "I don't own a single share of stock." —Michael Moore Members of the liberal left exude an air of moral certitude. They pride themselves on being selflessly committed to the highest ideals and seem particularly confident of the purity of their motives and the evil nature of their opponents. To correct economic and social injustice, liberals support a whole litany of policies and principles: progressive taxes, affirmative action, greater regulation of corporations, raising the inheritance tax, strict environmental regulations, children's rights, consumer rights, and much, much more. But do they actually live by these beliefs? Peter Schweizer decided to investigate in depth the private lives of some prominent liberals: politicians like the Clintons, Nancy Pelosi, the Kennedys, and Ralph

Nader; commentators like Michael Moore, Al Franken, Noam Chomsky, and Cornel West; entertainers and philanthropists like Barbra Streisand and George Soros. Using everything from real estate transactions, IRS records, court depositions, and their own public statements, he sought to examine whether they really live by the principles they so confidently advocate. What he found was a long list of glaring contradictions. Michael Moore denounces oil and defense contractors as war profiteers. He also claims to have no stock portfolio, yet he owns shares in Halliburton, Boeing, and Honeywell and does his postproduction film work in Canada to avoid paying union wages in the United States. Noam Chomsky opposes the very concept of private property and calls the Pentagon "the worst institution in human history," yet he and his wife have made millions of dollars in contract work for the Department of Defense and own two luxurious homes. Barbra Streisand prides herself as an environmental activist, yet she owns shares in a notorious strip-mining company. Hillary Clinton supports the right of thirteen-year-old girls to have abortions without parental consent, yet she forbade thirteen-year-old Chelsea to pierce her ears and enrolled her in a school that would not distribute condoms to minors. Nancy Pelosi received the 2002 Cesar Chavez Award from the United Farm Workers, yet she and her husband own a Napa Valley vineyard that uses nonunion labor. Schweizer's conclusion is simple: liberalism in the end forces its adherents to become hypocrites. They adopt one pose in public, but when it comes to what matters most in their own lives—their property, their privacy, and their children—they jettison their liberal principles and embrace conservative ones. Schweizer thus exposes the contradiction at the core of liberalism: if these ideas don't work for the very individuals who promote them, how can they work for the rest of us?

60 minutes interview with george soros: Guilty Ann Coulter, 2009-01-06 "Liberals seem to have hit upon a reverse Christ story as their belief system. He suffered and died for our sins; liberals make the rest of us suffer for sins we didn't commit." Who are the victims here? To hear liberals tell it, you'd think they do nothing but suffer at the hands of ruthless entities like the "Republican Attack Machine" and Fox News. Really? It's just another instance of the Big Lie, of course, told so often that some people have actually started to believe it. In Guilty, Ann Coulter explodes this myth to reveal that when it comes to bullying, no one outdoes the Left. Citing case after case, ranging from the hilariously absurd to the shockingly vicious, Coulter dissects these so-called victims who are invariably the oppressors. For instance:

- Single mothers: Getting pregnant isn't like catching the flu. There are volitional acts involved—someone else explain it to Dennis Kucinich. By this purposeful act, single mothers cause irreparable harm to other human beings—their own children—as countless studies on the subject make clear.
- The myth of the Republican Attack Machine: The most amazing thing liberals have done is create the myth of a compliant right-wing media with Republicans badgering baffled reporters into attacking Democrats. It's so mad, it's brilliant. It's one kind of lie to say the Holocaust occurred when the Swedes killed the Jews. But it's another kind of lie entirely to say the Holocaust occurred when the Jews killed the Nazis.
- "Brave" liberals: In addition to being beautiful, compassionate tribunes of the downtrodden, liberals are brave. I know that because they're always telling me how brave they are. Why, five nights a week, MSNBC's Keith Olbermann courageously books guests who completely agree with him. It doesn't get much braver than that.
- Obambi's luck: While B. Hussein Obama piously condemned attacks on candidates' families, his media and campaign surrogates ripped open the court-sealed divorce records of his two principal opponents in his Senate race in Illinois.
- The offenders are offended!: Republican senator George Allen's career was destroyed when he made a joking remark to a privileged Indian American harassing him at campaign stops. When did rich kids become a new protected category that must be shielded from words that are insulting in other languages? How did Sidarth become a specially anointed victim? What did we ever do to India? And why didn't we ever hear about the far more offensive anti-Semitic flyers of Allen's opponent Jim Webb? One essential and recurring truth about self-righteous liberals, says Coulter, is that "they viciously attack all while wailing that they are the true victims." With Guilty—a mordantly witty and shockingly specific catalog of offenses that liberals would rather we ignore and forget—Ann Coulter presents exhibits A through Z.

60 minutes interview with george soros: Socialists Don't Sleep Cheryl K. Chumley,

2020-09-22 **Socialists Don't Sleep** is one of those timely books that just points out the roots of what's gone wrong in America, how we can get our country back on track to what founders envisioned and the Judeo-Christian community that holds the key to America's long-term successes. — Gov. Mike Huckabee, New York Times Bestselling author & Host of Huckabee **Socialists Don't Sleep: Christians Must Rise or America Will Fall** is about all the sneaky ways the secular left has pressed Socialism into American politics and life – AND WHY CHRISTIANS ARE THE ONLY ONES WHO CAN STOP IT! **Socialists Don't Sleep** tells how America has gone from a country of rights coming from God – NOT government – to a country that embraces Socialism – where the US government is now expected to pretty much provide from cradle to the grave. Cheryl K. Chumley, an award-winning journalist and contributing editor to *The Washington Times*, explains how to return the country to its glory days of God-given, and why Christians, more than any other group, are best equipped to lead the way. “Bernie Sanders, Alexandria Ocasio-Cortez — when it comes to socialism in America, these two aren't the problem. Per se. They're simply symptoms of the real problems that usher in Socialism: a dysfunctional entitlement-minded society, a propaganda-pushing school system, a decayed culture, a sieve-like border. As Cheryl Chumley points out in **Socialists Don't Sleep**, we can't root out socialism unless we first address the real problems.” — Michael Savage, New York Times Bestselling author & host of *The Savage Nation*

60 minutes interview with george soros: More than Don't Let 'em Win DC Vesser, 2020-01-21 This book attacks a poison that for so very long we have called political correctness. Political correctness (PC) is the act of avoiding expression or language that can perceptively be construed as marginalizing by specific minorities or demographic groups. It is often difficult to argue against PC, because supporters of PC are likely to claim that contrary to using PC, one would instead use expressions or language that offends, which is oft what I wind up doing. This response is a false conflation of permitting and condoning, but the fallaciousness usually doesn't deter those who want to win the argument. It's easy to accuse someone of simply seeking justification to use epithets in order to put him on the defensive and into the unenviable position of having to assert that he's not a racist. It's also dirty and hateful to do so, and that's how such responses should be considered. We also review Agenda 21, Document 7277, the Illuminati, the Club of Rome, and the Committee of 300 in brevity. We discuss the New World Order and speculate about megaregions and their locations both in the United States and abroad. We take a very long train ride from the most southern tip of South America all the way to New Zealand, and we discuss possibilities for a likely location for the capital of the world (that may surprise you). We even speculate about a location right here in the United States for a habitat for useless eaters. We discuss how close we have come in our society to achieve all the goals of the New World Order. I really hope you enjoy the read.

60 minutes interview with george soros: Nixon's White House Wars Patrick J. Buchanan, 2017-05-09 From Vietnam to the Southern Strategy, from the opening of China to the scandal of Watergate, Pat Buchanan—speechwriter and senior adviser to President Nixon—tells the untold story of Nixon's embattled White House, from its historic wins to its devastating defeats. In his inaugural address, Nixon held out a hand in friendship to Republicans and Democrats alike. But by the fall of 1969, massive demonstrations in Washington and around the country had been mounted to break his presidency. In a brilliant appeal to what he called the “Great Silent Majority,” Nixon sent his enemies reeling. Vice President Agnew followed by attacking the blatant bias of the media in a fiery speech authored and advocated by Buchanan. And by 1970, Nixon's approval rating soared to 68 percent, and he was labeled “The Most Admired Man in America”. Then one by one, the crises came, from the invasion of Cambodia, to the protests that killed four students at Kent State, to race riots and court ordered school busing. Buchanan chronicles Nixon's historic trip to China, and describes the White House strategy that brought about Nixon's 49-state landslide victory over George McGovern in 1972. When the Watergate scandal broke, Buchanan urged the president to destroy the Nixon tapes before they were subpoenaed, and fire Special Prosecutor Archibald Cox, as Nixon ultimately did in the “Saturday Night Massacre.” After testifying before the Watergate Committee himself, Buchanan describes the grim scene at Camp David in August 1974, when

Nixon's staff concluded he could not survive In a riveting memoir from behind the scenes of the most controversial presidency of the last century, Nixon's White House Wars reveals both the failings and achievements of the 37th President, recorded by one of those closest to Nixon from before his political comeback, through to his final days in office.

60 minutes interview with george soros: The Plot to Seize Russia Martin Armstrong, 2023-06-23 "Take care of Russia," Boris Yeltsin said as he departed his presidency in August 1999. These words were directed at current Russian president, Vladimir Putin. Yeltsin specifically picked Putin as his predecessor to prevent the takeover of Russia. So, who was Yeltsin warning against? Newly declassified documents from the Clinton Administration prove that there was a plot to rig the Russian election of 2000. These never-before-seen documents confirm numerous attempts to implement pro-Western policies using the Russian oligarchy headed by Boris Berezovsky. On the other side were the communists who desired a return to the glory days of the Soviet Union. As one of the largest international hedge fund managers, author Martin Armstrong found himself in the middle of perhaps the greatest espionage, or attempt at a regime change for Russia, in modern history. The Plot to Seize Russia pulls back the curtain to expose the most extraordinary attempt to seize power in modern history, but with the pen rather than armies. These declassified documents reveal a plot that has altered our thinking about the relations between the United States and Russia. The thirst for power comes seething through every line of these papers that alter our perception of reality, change the course of history, and now threaten us with World War III.

60 minutes interview with george soros: Underwriting Democracy George Soros, 2004-04-07 George Soros has done more for open societies than any other private citizen in the world. In Underwriting Democracy he describes his experiences helping to bring about democratic change in Eastern Europe—experiences that are especially relevant now that our country has begun to intervene (though in an entirely different way than Soros) to create functioning democracies. Throughout the 1980s George Soros worked to identify and fund the growing political movements that caused the downfall of Eastern Europe's Communist governments. He established foundations, first in his native Hungary, and then in eight other countries, and used them to finance everything from the installation of previously forbidden copying machines in public libraries to the creation of experimental schools, clubs, and workshops for the support of dissidents. This unprecedented, and brilliant, financial and logistical support helped to bring down the communist regimes in peaceful revolutions across the continent. These are thrilling stories about facing down—and getting past—the Communist party powers in order to change these nations from the inside out.

60 minutes interview with george soros: Jewish Space Lasers Mike Rothschild, 2023-09-19 With the current rise of antisemitism, this important book looks at how one Jewish family —the Rothschilds—became a lightning rod for the conspiracy theories of the last two centuries, and how those theories are still very much alive today. In 2018 Congresswoman Marjorie Taylor Greene took to social media to share her suspicions that the California wildfires were started by 'space solar generators' which were funded by powerful, mysterious backers. Instantly, thousands of people rallied around her, blaming the fires on "Jewish space lasers" and, ultimately, the Rothschild family. For more than 200 years, the name Rothschild has been synonymous with two things: great wealth, and conspiracy theories about what they're really doing with it. Almost from the moment Mayer Amschel Rothschild and his sons emerged from the Jewish ghetto of Frankfurt to revolutionize the banking world, the Rothschild family has been the target of myths, hoaxes, bizarre accusations, and constant, virulent antisemitism. Over the years, they have been blamed for everything from the sinking of the Titanic, to causing the Great Depression, and even creating the COVID-19 pandemic. Jewish Space Lasers: The Rothschilds and 200 Years of Conspiracy Theories is a deeply researched dive into the history of the conspiracy industry around the Rothschild family - from the pamphlet wars of Paris in the 1840s to the dankest pits of the internet today. Journalist and conspiracy theory expert Mike Rothschild, who isn't related to the family, sorts out myth from reality to find the truth about these conspiracy theories and their spreaders. Who were the Rothschilds? Who are they today? Do they really own \$500 trillion and every central bank, in addition to "controlling the British

money supply?" Is any of this actually true? And why, even as their wealth and influence have waned, do they continue to drive conspiracies and hoaxes?

60 minutes interview with george soros: Irreversible Damage Abigail Shrier, 2020-06-30 NAMED A BOOK OF THE YEAR BY THE ECONOMIST AND ONE OF THE BEST BOOKS OF 2021 BY THE TIMES AND THE SUNDAY TIMES *Irreversible Damage* . . . has caused a storm. Abigail Shrier, a Wall Street Journal writer, does something simple yet devastating: she rigorously lays out the facts. —Janice Turner, The Times of London Until just a few years ago, gender dysphoria—severe discomfort in one's biological sex—was vanishingly rare. It was typically found in less than .01 percent of the population, emerged in early childhood, and afflicted males almost exclusively. But today whole groups of female friends in colleges, high schools, and even middle schools across the country are coming out as "transgender." These are girls who had never experienced any discomfort in their biological sex until they heard a coming-out story from a speaker at a school assembly or discovered the internet community of trans "influencers." Unsuspecting parents are awakening to find their daughters in thrall to hip trans YouTube stars and "gender-affirming" educators and therapists who push life-changing interventions on young girls—including medically unnecessary double mastectomies and puberty blockers that can cause permanent infertility. Abigail Shrier, a writer for the Wall Street Journal, has dug deep into the trans epidemic, talking to the girls, their agonized parents, and the counselors and doctors who enable gender transitions, as well as to "detransitioners"—young women who bitterly regret what they have done to themselves. Coming out as transgender immediately boosts these girls' social status, Shrier finds, but once they take the first steps of transition, it is not easy to walk back. She offers urgently needed advice about how parents can protect their daughters. A generation of girls is at risk. Abigail Shrier's essential book will help you understand what the trans craze is and how you can inoculate your child against it—or how to retrieve her from this dangerous path.

60 minutes interview with george soros: It Takes a Counter-Revolution Larry Klayman Esq., 2022-03-15 With a title that again satirically mocks *It Takes a Village* by Hillary Clinton, *It Takes a Counter-Revolution: Wake Up America!* is the sequel to *It Takes a Revolution: Forget the Scandal Industry!*, as the nation has now been wholly taken over by the radical left. Like *Revolution*, this book details how our executive, legislative, and judicial branches of government have become thoroughly corrupt and failed the citizenry, but offers new and more drastic solutions given the deepening crises that have—in the last year alone—enmeshed the republic in a march to socialism, communism, atheism, and godless radical leftist ideologies of all types. Emphasizing again that Americans must turn away from the "scandal industry" of the cable news networks, which enrich themselves by magnifying crises—if not creating mass panic to boost ratings and advertising dollars—the author Larry Klayman, the founder of both Judicial Watch and Freedom Watch, now advocates for declaring independence from our current government, which he chronicles as terminally ill, after experiencing and suffering the corrosive, destructive effects of the Biden-Harris regime. Quoting Founding Fathers like John Adams and Thomas Jefferson, Klayman argues that the people must harken back to July 4, 1776, when under the laws of nature and Nature's God—rather than the laws of the state—the colonies, faced with a king far less harmful than our present rulers, were left with no choice but to declare and form a new nation. What we now need, Klayman argues, is not a new nation, but a new government, with new righteous leaders and new political parties, offering an alternative to the citizenry over what now rules over them in a virtual leftist dictatorship, with little to no sincere and honest Republican opposition. This work is a call to arms during these times of crises, when government deceit, exploitation, corruption, and dictatorial control over the people have created a virtual noose around our collective necks. The overriding message of *It Takes a Counter-Revolution: Wake Up America!* is that Americans must stop wishfully hoping for the best, get up off of the couch, take calculated risks, and actively join the counter-revolution—albeit a peaceful and legal one—to restore the liberty that once made our nation great. Our continued existence as a once God-fearing and free republic now hangs in the balance, with no time to lose!

60 minutes interview with george soros: The Man Behind the Curtain Matt Palumbo,

2022-01-18 No one else in modern politics has anywhere near the power and influence of George Soros, both domestically and internationally. Backed by the tens of billions of dollars he's accumulated throughout his career, Soros has his hand in influencing the media, activist groups, colleges, presidential elections, global elections, local U.S. politics, and much more. Soros has earned himself a reputation as a "boogeyman" character on the right, and nowhere else will you read such an extensive documentation of his influence as in this book.

60 minutes interview with george soros: Country Girl Edna O'Brien, 2013-04-30 Country Girl is Edna O'Brien's exquisite account of her dashing, barrier-busting, up-and-down life.-National Public Radio When Edna O'Brien's first novel, The Country Girls, was published in 1960, it so scandalized the O'Briens' local parish that the book was burned by its priest. O'Brien was undeterred and has since created a body of work that bears comparison with the best writing of the twentieth century. Country Girl brings us face-to-face with a life of high drama and contemplation. Starting with O'Brien's birth in a grand but deteriorating house in Ireland, her story moves through convent school to elopement, divorce, single-motherhood, the wild parties of the '60s in London, and encounters with Hollywood giants, pop stars, and literary titans. There is love and unrequited love, and the glamour of trips to America as a celebrated writer and the guest of Jackie Onassis and Hillary Clinton. Country Girl is a rich and heady accounting of the events, people, emotions, and landscape that have imprinted upon and enhanced one lifetime.

60 minutes interview with george soros: The Rise of Populism Stephen K. Bannon, David Frum, 2019-06-18 The twenty-third semi-annual Munk Debate, held on November 2, 2018, pits Stephen Bannon, the CEO of the Donald Trump presidential campaign, against columnist and author David Frum to debate the future of liberalism against the rising tide of populism. Throughout the Western world, politics is undergoing a sea-change. Long-held notions of the role of government, trade and economic policy, foreign policy, and immigration are being challenged by populist thinkers and movements. Does this surging populist agenda in Western nations signal a permanent shift in our politics? Or is it a passing phenomenon that will remain at the fringes of society and political power? Will our politics continue to be shaped by the post-war consensus on trade, inclusive national identity, and globalization, or by the agenda of insurgent populist politics, parties, and leaders? The twenty-third semi-annual Munk Debate pits former Donald Trump advisor Stephen K. Bannon against columnist and public intellectual David Frum to debate the future of the liberal political order.

60 minutes interview with george soros: Trump Aftershock Stephen E. Strang, 2018-11-06 This book will cut through the media noise and reveal what the media won't cover while objectively helping you understand what our nation's most unlikely and unconventional president has accomplished.

60 minutes interview with george soros: Signs and Seasons Melanie Shubitowski, 2019-12-04 What is the evidence that we are truly living in the last days described in the Bible? Even the disciples thought Jesus would return in their lifetime, and people for centuries have looked at this event or that event and thought the end days were upon them, so how are the world events of today different from those before? Is there something going on today that is unprecedented throughout human history? In Signs and Seasons, you'll discover an eye-opening and thought-provoking journey through the signs evident in our world today. What are the signs we should be watching for? Are the signs evidence of an event to happen immediately, or are they part of a bigger picture? Explore the signs from the past that were outlined in the Bible that have been fulfilled and what lies ahead for the human race. Discover how scientific and archeological finds actually help support the truth of scripture. Uncover what is not being told by the media and how world events relate to prophecy foretold long ago. What is the season that was foretold, and how do we recognize and prepare for it? Are the prophecies told centuries ago something to fear and avoid, or is there a real reason for hope in all the chaos and deception of today's world? Signs and Seasons will alter the way you view the world around us.

60 minutes interview with george soros: The Mascot Mark Kurzem, 2008 A survival story, a

grim fairy-tale, and a psychological drama, this remarkable memoir about a Jewish boy's Nazi past asks provocative questions about identity, complicity, and forgiveness.

60 minutes interview with george soros: *The Idealist* Nina Munk, 2013-09-10 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Bloomberg • Forbes • The Spectator Recipient of Foreign Policy's 2013 Albie Award A powerful portrayal of Jeffrey Sachs's ambitious quest to end global poverty The poor you will always have with you, to cite the Gospel of Matthew 26:11. Jeffrey Sachs—celebrated economist, special advisor to the Secretary General of the United Nations, and author of the influential bestseller *The End of Poverty*—disagrees. In his view, poverty is a problem that can be solved. With single-minded determination he has attempted to put into practice his theories about ending extreme poverty, to prove that the world's most destitute people can be lifted onto the ladder of development. In 2006, Sachs launched the Millennium Villages Project, a daring five-year experiment designed to test his theories in Africa. The first Millennium village was in Sauri, a remote cluster of farming communities in western Kenya. The initial results were encouraging. With his first taste of success, and backed by one hundred twenty million dollars from George Soros and other likeminded donors, Sachs rolled out a dozen model villages in ten sub-Saharan countries. Once his approach was validated it would be scaled up across the entire continent. At least that was the idea. For the past six years, Nina Munk has reported deeply on the Millennium Villages Project, accompanying Sachs on his official trips to Africa and listening in on conversations with heads-of-state, humanitarian organizations, rival economists, and development experts. She has immersed herself in the lives of people in two Millennium villages: Ruhiira, in southwest Uganda, and Dertu, in the arid borderland between Kenya and Somalia. Accepting the hospitality of camel herders and small-hold farmers, and witnessing their struggle to survive, Munk came to understand the real-life issues that challenge Sachs's formula for ending global poverty. *THE IDEALIST* is the profound and moving story of what happens when the abstract theories of a brilliant, driven man meet the reality of human life.

60 minutes interview with george soros: *The Loudest Voice in the Room* Gabriel Sherman, 2017-02-14 A revelatory journey inside the world of Fox News and Roger Ailes—the brash, sometimes combative network head who helped fuel the rise of Donald Trump NEW YORK TIMES BESTSELLER • NOW A SHOWTIME LIMITED SERIES • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Rupert Murdoch enlisted Roger Ailes to launch a cable news network in 1996, American politics and media changed forever. With a remarkable level of detail and insight, *Vanity Fair* magazine reporter Gabriel Sherman puts Ailes's unique genius on display, along with the outsize personalities—Bill O'Reilly, Sean Hannity, Megyn Kelly, Sarah Palin, Karl Rove, Glenn Beck, Mike Huckabee, Gretchen Carlson, Bill Shine, and others—who have helped Fox News play a defining role in the great social and political controversies of the past two decades. From the Clinton-Lewinsky scandal to the Bush-Gore recount, from the war in Iraq to the Tea Party attack on the Obama presidency, Roger Ailes developed an unrivaled power to sway the national agenda. Even more, he became the indispensable figure in conservative America and the man any Republican politician with presidential aspirations had to court. How did this man become the master strategist of our political landscape? In revelatory detail, Sherman chronicles the rise of Ailes, a frail kid from an Ohio factory town who, through sheer willpower, the flair of a showman, fierce corporate politicking, and a profound understanding of the priorities of middle America, built the most influential television news empire of our time. Drawing on hundreds of interviews with Fox News insiders past and present, Sherman documents Ailes's tactical acuity as he battled the press, business rivals, and countless real and perceived enemies inside and outside Fox. Sherman takes us inside the morning meetings in which Ailes and other high-level executives strategized Fox's presentation of the news to advance Ailes's political agenda; provides behind-the-scenes details of Ailes's crucial role as finder and shaper of talent, including his sometimes rocky relationships with Fox News stars such as O'Reilly, Hannity, and Carlson; and probes Ailes's fraught partnership with his equally brash and mercurial boss, Rupert Murdoch. Roger Ailes's life is a story worthy of *Citizen Kane*. Featuring an afterword about Ailes's epic downfall during the extraordinary 2016 election,

The Loudest Voice in the Room is an extraordinary feat of reportage with a compelling human drama at its heart.

60 minutes interview with george soros: What We've Lost Graydon Carter, 2004 Vanity Fair editor Carter addresses the fragile state of U.S. democracy with a critical review of the Bush administration in regard to the invasion of Iraq, personal rights, women's rights, the economy, and the environment.

60 minutes interview with george soros: "Only the Super-Rich Can Save Us!" Ralph Nader, 2011-01-04 In the cozy den of the large but modest house in Omaha where he has lived since he started on his first billion, Warren Buffett watched the horrors of Hurricane Katrina unfold on television in early September 2005. . . . On the fourth day, he beheld in disbelief the paralysis of local, state, and federal authorities unable to commence basic operations of rescue and sustenance, not just in New Orleans, but in towns and villages all along the Gulf Coast. . . He knew exactly what he had to do. . . So begins the vivid fictional account by political activist and bestselling author Ralph Nader that answers the question, What if? What if a cadre of superrich individuals tried to become a driving force in America to organize and institutionalize the interests of the citizens of this troubled nation? What if some of America's most powerful individuals decided it was time to fix our government and return the power to the people? What if they focused their power on unionizing Wal-Mart? What if a national political party were formed with the sole purpose of advancing clean elections? What if these seventeen superrich individuals decided to galvanize a movement for alternative forms of energy that will effectively clean up the environment? What if together they took on corporate goliaths and Congress to provide the necessities of life and advance the solutions so long left on the shelf by an avaricious oligarchy? What could happen? This extraordinary story, written by the author who knows the most about citizen action, returns us to the literature of American social movements—to Edward Bellamy, to Upton Sinclair, to John Steinbeck, to Stephen Crane—reminding us in the process that changing the body politic of America starts with imagination.

60 minutes interview with george soros: Trickle Up Poverty Michael Savage, 2010-10-05 Michael Savage—conservative talk radio host and #1 New York Times bestselling author—takes on President Obama's socialist agenda, his Chicago-style strong-arm tactics, and his Lenin-like complex in Trickle Up Poverty. Savage's quest is to help American's save America from economic Armageddon, and Trickle Up Poverty addresses everything from the global warming myth to the health care debacle to the Tea Party revolution, in an essential conservative manifesto that anyone who loves Sean Hannity, Rush Limbaugh, Bill O'Reilly, Glen Beck, and Dick Morris must read.

60 minutes interview with george soros: The Red and the Blue Steve Kornacki, 2018-10-02 From MSNBC correspondent Steve Kornacki, a lively and sweeping history of the birth of political tribalism in the 1990s—one that brings critical new understanding to our current political landscape from Clinton to Trump In The Red and the Blue, cable news star and acclaimed journalist Steve Kornacki follows the twin paths of Bill Clinton and Newt Gingrich, two larger-than-life politicians who exploited the weakened structure of their respective parties to attain the highest offices. For Clinton, that meant contorting himself around the various factions of the Democratic party to win the presidency. Gingrich employed a scorched-earth strategy to upend the permanent Republican minority in the House, making him Speaker. The Clinton/Gingrich battles were bare-knuckled brawls that brought about massive policy shifts and high-stakes showdowns—their collisions had far-reaching political consequences. But the '90s were not just about them. Kornacki writes about Mario Cuomo's stubborn presence around Clinton's 1992 campaign; Hillary Clinton's star turn during the 1998 midterms, seeding the idea for her own candidacy; Ross Perot's wild run in 1992 that inspired him to launch the Reform Party, giving Donald Trump his first taste of electoral politics in 1999; and many others. With novelistic prose and a clear sense of history, Steve Kornacki masterfully weaves together the various elements of this rambunctious and hugely impactful era in American history, whose effects set the stage for our current political landscape.

60 minutes interview with george soros: Capital Allocators Ted Seides, 2021-03-23 The

chief investment officers (CIOs) at endowments, foundations, family offices, pension funds, and sovereign wealth funds are the leaders in the world of finance. They marshal trillions of dollars on behalf of their institutions and influence how capital flows throughout the world. But these elite investors live outside of the public eye. Across the entire investment industry, few participants understand how these holders of the keys to the kingdom allocate their time and their capital. What's more, there is no formal training for how to do their work. So how do these influential leaders practice their craft? What skills do they require? What frameworks do they employ? How do they make investment decisions on everything from hiring managers to portfolio construction? For the first time, CAPITAL ALLOCATORS lifts the lid on this opaque corner of the investment landscape. Drawing on interviews from the first 150 episodes of the Capital Allocators podcast, Ted Seides presents the best of the knowledge, practical insights, and advice of the world's top professional investors. These insights include: - The best practices for interviewing, decision-making, negotiations, leadership, and management. - Investment frameworks across governance, strategy, process, technological innovation, and uncertainty. - The wisest and most impactful quotes from guests on the Capital Allocators podcast. Learn from the likes of the CIOs at the endowments of Princeton and Notre Dame, family offices of Michael Bloomberg and George Soros, pension funds from the State of Florida, CalSTRS, and Canadian CDPQ, sovereign wealth funds of New Zealand and Australia, and many more. CAPITAL ALLOCATORS is the essential new reference manual for current and aspiring CIOs, the money managers that work with them, and everyone allocating a pool of capital.

60 minutes interview with george soros: *Demonic* Ann Coulter, 2012-08-07 The demon is a mob, and the mob is demonic. The Democratic Party activates mobs, depends on mobs, coddles mobs, publicizes and celebrates mobs—it is the mob. Sweeping in its scope and relentless in its argument, *Demonic* explains the peculiarities of liberals as standard groupthink behavior. To understand mobs is to understand liberals. In her most provocative book to date, Ann Coulter argues that liberals exhibit all the psychological characteristics of a mob, for instance: Liberal Groupthink: “The same mob mentality that leads otherwise law-abiding people to hurl rocks at cops also leads otherwise intelligent people to refuse to believe anything they haven’t heard on NPR.” Liberal Schemes: “No matter how mad the plan is—Fraternité, the ‘New Soviet Man,’ the Master Race, the Great Leap Forward, the Cultural Revolution, Building a New Society, ObamaCare—a mob will believe it.” Liberal Enemies: “Instead of ‘counterrevolutionaries,’ liberals’ opponents are called ‘haters,’ ‘those who seek to divide us,’ ‘tea baggers,’ and ‘right-wing hate groups.’ Meanwhile, conservatives call liberals ‘liberals’—and that makes them testy.” Liberal Justice: “In the world of the liberal, as in the world of Robespierre, there are no crimes, only criminals.” Liberal Violence: “If Charles Manson’s followers hadn’t killed Roman Polanski’s wife, Sharon Tate, Clinton would have pardoned him, too, and he’d probably be teaching at Northwestern University.” Citing the father of mob psychology, Gustave Le Bon, Coulter catalogs the Left’s mob behaviors: the creation of messiahs, the fear of scientific innovation, the mythmaking, the preference for images over words, the lack of morals, and the casual embrace of contradictory ideas. Coulter traces the history of the liberal mob to the French Revolution and Robespierre’s revolutionaries (delineating a clear distinction from America’s founding fathers), who simply proclaimed that they were exercising the “general will” before slaughtering their fellow citizens “for the good of mankind.” Similarly, as Coulter demonstrates, liberal mobs, from student radicals to white-trash racists to anti-war and pro-ObamaCare fanatics today, have consistently used violence to implement their idea of the “general will.” This is not the American tradition; it is the tradition of Stalin, of Hitler, of the guillotine—and the tradition of the American Left. As the heirs of the French Revolution, Democrats have a history that consists of pandering to mobs, time and again, while Republicans, heirs to the American Revolution, have regularly stood for peaceable order. Hoping to muddy this horrifying truth, liberals slanderously accuse conservatives of their own crimes—assassination plots, conspiracy theorizing, political violence, embrace of the Ku Klux Klan. Coulter shows that the truth is the opposite: Political violence—mob violence—is always a Democratic affair. Surveying two

centuries of mob movements, Coulter demonstrates that the mob is always destructive. And yet, she argues, beginning with the civil rights movement in the sixties, Americans have lost their natural, inherited aversion to mobs. Indeed, most Americans have no idea what they are even dealing with. Only by recognizing the mobs and their demonic nature can America begin to defend itself.

60 minutes interview with george soros: Conspiracy Hans Rodionoff , 2018-11-21 Is the government monitoring you? Are there secret organizations controlling society? Do creatures not of this world live among us? All of this and more is explored in this new thrilling series that delves into some of the horrifying truths we believe in the back of our minds. WARNING This series may very well change how you look at life as we know it.

60 minutes interview with george soros: My Life as a Mankiewicz Tom Mankiewicz, Robert Crane, 2012-06-01 "A treasure trove of observations and anecdotes about Hollywood from the 1960s to the 1980s and the people who made the movies back then." —Associated Press The son of famed director and screenwriter Joseph L. Mankiewicz and the nephew of Citizen Kane screenwriter Herman Mankiewicz, Tom Mankiewicz was genuine Hollywood royalty. He grew up in Beverly Hills and New York, spent summers on his dad's film sets, had his first drink with Humphrey Bogart, dined with Elizabeth Taylor and Richard Burton, went to the theater with Ava Gardner, and traveled the world writing for Brando, Sinatra, and Connery. Although his family connections led him to show business, Tom "Mank" Mankiewicz forged a career of his own, becoming a renowned screenwriter, director, and producer of acclaimed films and television shows. He wrote screenplays for three James Bond films—Diamonds Are Forever (1971), Live and Let Die (1973), and The Man with the Golden Gun (1974)—and made his directorial debut with the hit TV series Hart to Hart (1979-1984). My Life as a Mankiewicz is a fascinating look at the life of an individual whose creativity and work ethic established him as a member of the Hollywood writing elite. My Life as a Mankiewicz illuminates his professional development as a writer and director, detailing his friendships and romantic relationships with some of Hollywood's biggest stars as well as his struggle with alcohol and drugs. With the assistance of Robert Crane, Mankiewicz tells a story of personal achievement and offers an insider's view of the glamorous world of Hollywood during the 1960s, 1970s, and 1980s.

60 minutes interview with george soros: What's the Matter with Kansas? Thomas Frank, 2007-04-01 One of our most insightful social observers* cracks the great political mystery of our time: how conservatism, once a marker of class privilege, became the creed of millions of ordinary Americans With his acclaimed wit and acuity, Thomas Frank turns his eye on what he calls the thirty-year backlash—the populist revolt against a supposedly liberal establishment. The high point of that backlash is the Republican Party's success in building the most unnatural of alliances: between blue-collar Midwesterners and Wall Street business interests, workers and bosses, populists and right-wingers. In asking what 's the matter with Kansas?—how a place famous for its radicalism became one of the most conservative states in the union—Frank, a native Kansan and onetime Republican, seeks to answer some broader American riddles: Why do so many of us vote against our economic interests? Where's the outrage at corporate manipulators? And whatever happened to middle-American progressivism? The questions are urgent as well as provocative. Frank answers them by examining pop conservatism—the bestsellers, the radio talk shows, the vicious political combat—and showing how our long culture wars have left us with an electorate far more concerned with their leaders' values and down-home qualities than with their stands on hard questions of policy. A brilliant analysis—and funny to boot—What's the Matter with Kansas? presents a critical assessment of who we are, while telling a remarkable story of how a group of frat boys, lawyers, and CEOs came to convince a nation that they spoke on behalf of the People. *Los Angeles Times

60 minutes interview with george soros: Trump and the Resurrection of America John Michael Chambers, 2017-04-25 With the recent upset of the century, the shadow government of this world has experienced its first real setback with the election of Donald J. Trump as President of the United States. The globalists now tremble as Trump and this movement threatens their

totalitarianism world government. Although optimism has returned, the battle now begins as President Donald J. Trump leads America's second revolution. This book picks up where the authors previous book *What One Man Can Do* leaves off and addresses some very disruptive uncomfortable truths yet inspires and empowers the reader like no other body of work on this topic. We must acquire a substantially new way of thinking if we are to win this battle as failure is not an option. We must not surrender to the false song of globalism. So, I am asking everyone to join this incredible movement. I am asking you to dream big, and bold and daring things for your family and for your country. I am asking you to believe in yourself again and I am asking you to believe in America. - Donald J. Trump. When your children and grandchildren ask you, What were you doing when the global governance was being introduced to America and the world? What will your answer be? Freedom...it's up to US
