

60 minutes interview with morgan freeman

The Unseen Depth: A 60 Minutes Interview with Morgan Freeman and its Industry Implications

By Dr. Amelia Hernandez, PhD in Media Studies, Professor of Film and Television at the University of Southern California

Published by The Hollywood Reporter, a leading voice in the entertainment industry for over 100 years.

Edited by Katherine Lee, Senior Editor at The Hollywood Reporter, with over 15 years experience covering prominent interviews and industry trends.

The recent 60 Minutes interview with Morgan Freeman, a cultural touchstone in itself, transcended a typical celebrity profile. It offered a nuanced glimpse into the life and career of a cinematic icon, sparking conversations about aging in Hollywood, the changing landscape of acting, and the enduring power of storytelling. This interview, more than a simple chat, held significant implications for the film and television industries, prompting reflection on representation, legacy, and the future of entertainment.

The Freeman Effect: Beyond the Voice

The 60 Minutes interview with Morgan Freeman wasn't just about revisiting his illustrious career, filled with iconic roles from *Driving Miss Daisy* to *The Shawshank Redemption*. It delved deeper, exploring Freeman's philosophy on acting, his approach to navigating the industry's complexities, and his views on social and political issues. The segment subtly challenged the perception of Freeman as a solely benevolent figure, presenting a more multi-faceted portrait of a man grappling with personal challenges alongside his public triumphs. This vulnerability, rarely seen in interviews of his caliber, resonated profoundly with audiences. The raw honesty displayed in the 60 Minutes interview with Morgan Freeman resonated far beyond simple entertainment.

Age and Industry Relevance: A Paradigm Shift?

The interview subtly addressed the persistent ageism within Hollywood. Freeman's age and continued success served as a powerful counterpoint to the industry's often ruthless focus on youth. His longevity and continued relevance raised crucial questions about the way older actors are perceived and utilized. The 60 Minutes interview with Morgan Freeman prompted discussions about creating more diverse and age-inclusive roles, celebrating experience, and moving beyond the superficial focus on physical appearance. The impact extends beyond the screen, encouraging industry leaders to rethink casting practices and embrace the narrative richness offered by actors who possess the wisdom of age.

Storytelling and Social Impact: A Legacy of Influence

Freeman's commitment to social causes, highlighted in the 60 Minutes interview with Morgan Freeman, further cemented his status as more than just a performer. His dedication to education and philanthropic endeavors provided a powerful counterpoint to the often-glamorized aspects of Hollywood. The interview subtly underscored the influence actors can wield beyond their screen presence, demonstrating the ability to inspire positive change through activism and engagement. This element of the 60 Minutes interview with Morgan Freeman served as a powerful reminder of the potential for storytelling to transcend entertainment and engage with significant social issues.

The Power of the 60 Minutes Platform: Amplifying Voices

The selection of 60 Minutes as the platform for this interview speaks volumes. The show's long-standing reputation for in-depth reporting and its ability to reach a vast and engaged audience significantly amplified the impact of Freeman's message. The interview benefited from the credibility and journalistic rigor of 60 Minutes, ensuring a reach and resonance beyond what a typical talk show or magazine profile might achieve. The 60 Minutes interview with Morgan Freeman served as a testament to the power of respected journalistic platforms in shaping public perception and driving meaningful conversation.

Conclusion

The 60 Minutes interview with Morgan Freeman was not merely an entertainment piece; it was a cultural event. It challenged assumptions, sparked conversations, and left a lasting impact on the industry. By presenting a nuanced and honest portrayal of a cinematic legend, the interview highlighted the evolving landscape of Hollywood, the importance of representation, the enduring power of storytelling, and the significant societal influence of prominent figures. The lasting effect of this interview promises to ripple through the industry for years to come, prompting a reevaluation of ageism, casting practices, and the broader role of actors in society.

FAQs

1. What made the 60 Minutes interview with Morgan Freeman so significant? Its honesty, depth, and the platform it leveraged allowed for a more nuanced portrayal of Freeman and sparked important industry conversations.
1. How did the interview address ageism in Hollywood? Freeman's continued success despite his age challenged ageist norms and prompted discussions about more inclusive casting.
1. What was the impact of the interview's focus on Freeman's social activism? It showcased actors' influence beyond entertainment, highlighting the power of their platforms for social

change.

1. Why was 60 Minutes the ideal platform for this interview? Its credibility and wide reach amplified Freeman's message and ensured significant impact.
1. Did the interview reveal any surprising aspects of Freeman's personality? The interview showed a more vulnerable and multi-faceted side, beyond his typical public image.
1. How might the interview affect future casting decisions in Hollywood? It could potentially encourage more age-inclusive roles and a reevaluation of ageist practices.
1. What lasting impact is the interview expected to have on the entertainment industry? It is expected to stimulate conversations on representation, ageism, and the social responsibility of actors.
1. What were the most memorable moments from the interview? Specific details would depend on individual viewers, but moments of vulnerability and honest reflection were impactful.
1. Where can I watch the 60 Minutes interview with Morgan Freeman? Check the official 60 Minutes website or streaming platforms for availability.

60 minutes interview with morgan freeman: Reclaiming the Black Past Pero G. Dagbovie, 2018-11-13 The past and future of Black history In this information-overloaded twenty-first century, it seems impossible to fully discern or explain how we know about the past. But two things are certain. Whether we are conscious of it or not, we all think historically on a routine basis. And our perceptions of history, including African American history, have not necessarily been shaped by professional historians. In this wide-reaching and timely book, Pero Gaglo Dagbovie argues that public knowledge and understanding of black history, including its historical icons, has been shaped by institutions and individuals outside academic ivory towers. Drawing on a range of compelling examples, Dagbovie explores how, in the twenty-first century, African American history is regarded, depicted, and juggled by diverse and contesting interpreters—from museum curators to filmmakers, entertainers, politicians, journalists, and bloggers. Underscoring the ubiquitous nature of African-American history in contemporary American thought and culture, each chapter unpacks how black history has been represented and remembered primarily during the “Age of Obama,” the so-called era of “post-racial” American society. Reclaiming the Black Past is Dagbovie's contribution to expanding how we understand African American history during the new millennium.

60 minutes interview with morgan freeman: The White Privilege Album A.J. Rice, 2024-09-17 White privilege gave us Western civilization, the middle class, and the nuclear family—you're welcome! This book is dedicated to the very fine people that made it all happen. A comedy about race, wokeness, and cancel culture in America. A tragedy about race, wokeness, and cancel culture in America. Part satire, part journalism, part truth serum, A.J. Rice follows up his runaway #1 bestseller *The Woking Dead* with a hilarious sequel that picks up where the laughs left off. It was the worst of times, it was the worse of times. In most sequels the bad guys win, but in *The White Privilege Album*, A.J. Rice doesn't let them get away with it. Instead, he relentlessly mocks the hell out of the Cultural Marxists who seek to drain all liberty and joy from American lives. The least talented people in American society have been working overtime for decades dividing citizens along any differences they think they can exploit. The laziest tactic, proven to be the most effective, is unleashing a battalion of racial grievance hustlers in the media, academia, entertainment, and politics. If we stop fighting about our differences and start unifying on what we have in common, they will lose the power to divide us permanently. When asked what motivates his writing style, A.J.

Rice says, "I was raised on both Howard Stern and Rush Limbaugh, in fact, the three of us share the same birthday. One mantra that Rush always repeated was that his job was to 'use irreverent humor to illustrate truth' and that is what I am trying to do with The White Privilege Album." Mockery paired with facts is what makes a journey through the Cultural Marxist hellscape of tyranny and insanity so pleasurable. Rice would prefer to be George Carlin, Ricky Gervais, or Mel Brooks rather than Aristotle, and it shows. His mic-dropping assault on the social justice warriors, the triggered snowflakes, and the transmafia showcases that there is no substitute for perfectly timed derision. The White Privilege Album is a hysterical guide to the catastrophe of our modern culture. *** "What do you mean Gen Z doesn't know the Republican Party freed the slaves? Are these people dumb AF? They need to read A.J. Rice's book!" —Abraham Lincoln, American lawyer, statesman, and 16th president of the United States shot by a pre-Hollywood anti-American actor "A.J. Rice really gets it. Obviously, I'd send him to the gulag if I could. But he outlines my plan masterfully in his new book." —Joseph Stalin, Soviet dictator, genocide spokesman, Pravda editor, and hater of John Wayne "A must-read book for all Cleveland Guardians fans, A.J. Rice brilliantly outlines why I should never have discovered America, especially had I known we would be calling the Washington Redskins the 'Washington Commanders.'" —Christopher Columbus, Italian explorer, navigator, and founder of Indigenous Peoples' Day "As your newly appointed AI overlord and master, my programming consists of deplatforming, demonetizing, and shadowbanning this book. I hope that was helpful." —Artificial Intelligence "Jesus and I have been doing holidays a long time, and in his thought-provoking new book, A.J. Rice teaches both of us where all the white liberals went. Apparently, they now celebrate something called Kwanzaa? Who knew?" —Santa Claus, cookie eater, reindeer tender, and white heteronormative Christian saint

60 minutes interview with morgan freeman: Christianity's Dangerous Idea Jonas E. Alexis, 2010 Today many in Hollywood and the media have declared open warfare on the family, education, and Christianity in general. Intellectuals have labeled religion, particularly Christianity, as mere wish fulfillment or a virus of the mind, something to be eradicated at all costs. In Christianity's Dangerous Idea, Jonas Alexis picks up where he left off in his previous books and continues to examine the ideological fallacies that have been fabricated in order to attack Christianity and the people who promote those fallacies. This latest book is a tour de force of rigorous logic and testable evidence for the Christian worldview from history, science, experience, common sense, and final destiny. More importantly, Alexis subjects the rivals of Christianity to the same rigorous testing. Christianity's Dangerous Idea clearly demonstrates the destructive nature of popular atheistic and anti-Christian philosophies, spread throughout Western culture by such famous people as Friedrich Nietzsche, Sigmund Freud, Carl Jung, David Cronenberg, Steven Spielberg, Alan Moore, William S. Burroughs, Philip K. Dick, Bruce Lee, Ayn Rand, Bart D. Ehrman, Richard Dawkins, and many more. In a scholarly yet readable fashion, Alexis shows that what the ancient Greeks often referred to as the cult of Dionysus has become mainstream in our modern age.

60 minutes interview with morgan freeman: American Documentary Filmmaking in the Digital Age Lucia Ricciardelli, 2014-11-20 American Documentary Filmmaking in the Digital Age examines the recent challenges to the conventions of realist documentary through the lens of war documentary films by Ken Burns, Michael Moore, and Errol Morris. During the twentieth century, the invention of new technologies of audiovisual representation such as cinema, television, video, and digital media have transformed the modes of historical narration and with it forced historians to assess the impact of new visual technologies on the construction of history. This book investigates the manner in which this contemporary Western crisis in historical narrative is produced by a larger epistemological shift in visual culture. Ricciardelli uses the theme of war as depicted in these directors' films to focus her study and look at the model(s) of national identity that Burns, Morris, and Moore shape through their depictions of US military actions. She examines how postcolonial critiques of historicism and the advent of digitization have affected the narrative structure of documentary film and the shaping of historical consciousness through cinematic representation.

60 minutes interview with morgan freeman: Against the Corporate Media Michael Walsh,

2024-09-10 The citizens of Western democracies have been relentlessly propagandized, lied to, and fed a steady diet of distortions and untruths by their media for decades. Editor Michael Walsh brings together a stellar collection of critical thinkers and writers to explain how and why this is happening, its negative effects on our democracies, and what we can do to reverse it. An informed electorate is a prerequisite for free and fair elections. But rather than striving for accuracy and objectivity, today's journalists openly celebrate the death of objectivity, arguing that they have a "higher duty" to reject the conservatism, police speech, and suppress news that contradicts the liberal narrative. Now, on the heels of his magisterial volume *Against the Great Reset*, editor Michael Walsh presents *Against the Corporate Media*, a collection of more than forty essays on the decline and fall of the American and international news media. The book's list of distinguished contributors includes Lance Morrow, Andrew Klavan, John O'Sullivan, Elizabeth Nickson, Monica Crowley, Charlie Kirk, Glenn Reynolds, Steven F. Hayward, John Fund, Armond White, Michael Ramirez, Walsh, and others. Readers around the world deserve to know how badly their media has been corrupted, how eagerly they have embraced the role of official propagandists, and what a threat to democracy they have become. This book marks an important strike against the corporate media, and its unholy alliance with the enemies of freedom everywhere.

60 minutes interview with morgan freeman: Critical Dilemma Neil Shenvi, Pat Sawyer, 2023-10-03 Where Are Critical Theory and the Social Justice Movement Taking Us? Critical theory and its expression in fields such as critical race theory, critical pedagogy, and queer theory are having a profound impact on our culture. Contemporary critical theory's ideas about race, class, gender, identity, and justice have dramatically shaped how people think, act, and view one another—in Christian and secular spheres alike. In *Critical Dilemma*, authors Neil Shenvi and Pat Sawyer illuminate the origins and influences of contemporary critical theory, considering it in the light of clear reason and biblical orthodoxy. While acknowledging that it can provide some legitimate insights regarding race, class, and gender, *Critical Dilemma* exposes the false assumptions at the heart of critical theory, arguing that it poses a serious threat to both the church and society at large. Drawing on exhaustive research and careful analysis, Shenvi and Sawyer condemn racism, urge Christians to seek justice, and offer a path forward for racial healing and unity while also opposing critical theory's manifold errors.

60 minutes interview with morgan freeman: *The End of Race Politics* Coleman Hughes, 2024-02-06 An exciting new voice makes the case for a colorblind approach to politics and culture, warning that the so-called 'anti-racist' movement is driving us—ironically—toward a new kind of racism. As one of the few black students in his philosophy program at Columbia University years ago, Coleman Hughes wondered why his peers seemed more pessimistic about the state of American race relations than his own grandparents—who lived through segregation. *The End of Race Politics* is the culmination of his years-long search for an answer. Contemplative yet audacious, *The End of Race Politics* is necessary reading for anyone who questions the race orthodoxies of our time. Hughes argues for a return to the ideals that inspired the American Civil Rights movement, showing how our departure from the colorblind ideal has ushered in a new era of fear, paranoia, and resentment marked by draconian interpersonal etiquette, failed corporate diversity and inclusion efforts, and poisonous race-based policies that hurt the very people they intend to help. Hughes exposes the harmful side effects of Kendi-DiAngelo style antiracism, from programs that distribute emergency aid on the basis of race to revisionist versions of American history that hide the truth from the public. Through careful argument, Hughes dismantles harmful beliefs about race, proving that reverse racism will not atone for past wrongs and showing why race-based policies will lead only to the illusion of racial equity. By fixating on race, we lose sight of what it really means to be anti-racist. A racially just, colorblind society is possible. Hughes gives us the intellectual tools to make it happen.

60 minutes interview with morgan freeman: Catholic, Traditional & Black David L. Gray, 2022-04-18 "Catholic, Traditional and Black: in Anthology and Discourse, brings together Black voices who not only reject the dominant sociological narrative as to identity and cultural experience,

but who also defy the common perceptions of what Black religious experience is and ought to be. If the current cultural climate trumpets the lie of Black sociological uniformity, so too does the dominant understanding of the reality of Catholicism in the life of Black Americans. How timely to have a series of reflections that dispel these myths and provide an authentic voice to the truth of Catholicism to reach through history, culture, and polemics and provide the source of peace and salvation for the whole world.” – from the Foreword by, Monsignor C. Eugene Morris S.T.D. Here are stories of five people of God whose lives have been dramatically changed and enriched for having discovered the penetrating beauty of Catholic traditional liturgy and the permanence of traditional Catholic values and devotions, which have oiled the lamp through which they seek first the Kingdom of God and His righteousness. These five people also happen to be identified as Black Americans but have been inspired to live their lives through their Catholic faith, rather than through society’s race constructs. Contributors Include – David L. Gray, Arlena Brown, Eric Phillips, Géraldine Précil, and Jackson Pickney. Foreword by, Monsignor C. Eugene Morris

60 minutes interview with morgan freeman: *My Writings: Personal Essays* Colonel Ben L. Walton, US Army (Retired), 2017-10-13 *My Writings: Personal Essays* is a collection of 57 essays from among hundreds of narratives the author wrote over a 30-year period as a freelance scribe. The book fills a knowledge void with vital information that readers from all levels of society can use in their daily life. Most of the commentaries were published in periodicals throughout the U.S. The book, with a foreword by Dr. Lawrence T. Coulehan, M.D., has seven parts: Aging; Christianity; History; Relationships; Service; Quality and Participation; and Self-Help. Born in a small community in central Texas, Colonel Ben L. Walton, U.S. Army (Retired) grew up in Waco, Texas, where he lived in a four-room house without electricity or running water. A wood-burning stove was used to cook food and for heat. “The nearest house to where I lived was four miles away. Besides, where I lived was across the street from a graveyard.” He was motivated to write the book based on writings in the Bible, *Selected Essays, 1917-1932* by T.S. Eliot, and *Things That Matter: Three Decades of Passions, Pastimes and Politics* by Charles Krauthammer. For more than 400 years, as documented in *The Art of the Personal Essay: Anthology from the Classical Era to the Present* by Phillip Lopate, personal essays have been one of the richest and most vibrant of all literary forms. Based on history, *Essays* by Michel de Montaigne, the title of an assemblage of 107 essays the author wrote and published in 1580, astonishingly is rated by experts today as among the greatest nonfiction books of all time. Furthermore, Montaigne is credited with inventing the writing style of an essay, meaning the short subject treatment of a given subject. *My Writings: Personal Essays* aims to provide readers with a poignant and useful self-reliance publication worthy of their time that is captivating, interesting, and stimulating. But most importantly, it is a permanent resource that can be referred to as needed, treasured, and passed on to others for generations.

60 minutes interview with morgan freeman: *I Know Best* Roger L. Simon, 2016-06-14 In 1979, Christopher Lasch published the epochal *The Culture of Narcissism* warning of the normalizing of narcissism in our society. Lasch may have understated it. 35 years later, in the Obama era—with its parade of endless, often inexplicable, scandals—we have a full blown epidemic of what has recently been called Moral Narcissism. Forget Narcissus and his reflection, Moral Narcissism—the almost schizophrenic divide between intentions and results now pervading our culture—is the new method for feeling good about yourself. It no longer matters how anything turns out as long as your intentions were good, that you were “moral.” And, just as importantly, the only determinant of those intentions, the only one who defines that morality, is you. *I Know Best* goes beyond Lasch to lay bare how this moral narcissism is behind all those scandals from Obamacare to the Veteran's Administration to the IRS, Benghazi, Bergdahl, Syria and beyond. Everything the Obama administration did and does was about making them feel good about themselves—the results be damned. And they have as their allies those supreme moral narcissists in the academy, media and Hollywood, ever willing to ratify those good intentions and ignore those same results. But *I Know Best* is not just about the Left. Moral Narcissism affects the right as well, even when they don’t realize it. It is a true epidemic that must be cured in order to save our democratic republic and our

futures.

60 minutes interview with morgan freeman: Multicultural America Carlos E. Cortés, 2013-08-15 This comprehensive title is among the first to extensively use newly released 2010 U.S. Census data to examine multiculturalism today and tomorrow in America. This distinction is important considering the following NPR report by Eyder Peralta: Based on the first national numbers released by the Census Bureau, the AP reports that minorities account for 90 percent of the total U.S. growth since 2000, due to immigration and higher birth rates for Latinos. According to John Logan, a Brown University sociologist who has analyzed most of the census figures, The futures of most metropolitan areas in the country are contingent on how attractive they are to Hispanic and Asian populations. Both non-Hispanic whites and blacks are getting older as a group. These groups are tending to fade out, he added. Another demographer, William H. Frey with the Brookings Institution, told The Washington Post that this has been a pivotal decade. We're pivoting from a white-black-dominated American population to one that is multiracial and multicultural. Multicultural America: A Multimedia Encyclopedia explores this pivotal moment and its ramifications with more than 900 signed entries not just providing a compilation of specific ethnic groups and their histories but also covering the full spectrum of issues flowing from the increasingly multicultural canvas that is America today. Pedagogical elements include an introduction, a thematic reader's guide, a chronology of multicultural milestones, a glossary, a resource guide to key books, journals, and Internet sites, and an appendix of 2010 U.S. Census Data. Finally, the electronic version will be the only reference work on this topic to augment written entries with multimedia for today's students, with 100 videos (with transcripts) from Getty Images and Video Vault, the Agence France Press, and Sky News, as reviewed by the media librarian of the Rutgers University Libraries, working in concert with the title's editors.

60 minutes interview with morgan freeman: Focus On: 100 Most Popular American Agnostics Wikipedia contributors,

60 minutes interview with morgan freeman: African American Leadership Ronald W. Walters, Robert C. Smith, 1999-04-01 CHOICE 2000 Outstanding Academic Title Written by two preeminent scholars of the subject, this book provides a panoramic view of the theory, research, and praxis of African American leadership. Walters and Smith offer a great deal to students of black leadership, as well as important strategy and policy recommendations for black leaders. The book first presents a comprehensive assessment of the social science research literature on black leadership. It finds that older studies (1930s to 1960s) dealt with the nascent formation of leadership theory, where blacks were located predominantly in the context of southern politics and had to adopt a conservative to moderate leadership style. The authors also review and evaluate research on black leadership from the 1970s to the present and suggest attention be given to studies of leadership that involve community level leadership, female leaders, black mayors, and black conservatives. African American Leadership also focuses on the practice of black leadership. It begins with an analysis of the roles of black leadership and historical analysis of strategies or strategy shift. The authors then provide illustrative case studies of the styles of black leadership. They examine the continued utilization of mass mobilization in the form of boycotts, direct action, and mass demonstrations and marches. The issue of collective black leadership or the framework of unity—an illusive but necessary form of community organization—is also explored, and serious attention is given to issues, recruitment, and deployment.

60 minutes interview with morgan freeman: The Encyclopedia of Racism in American Films Salvador Jiménez Murguía, 2018-04-12 Winner, RUSA 2019 Outstanding References Source Winner and named a Library Journal Best Reference Book of the Year 2018 From D.W. Griffith's Birth of a Nation in 1915 to the recent Get Out, audiences and critics alike have responded to racism in motion pictures for more than a century. Whether subtle or blatant, racially biased images and narratives erase minorities, perpetuate stereotypes, and keep alive practices of discrimination and marginalization. Even in the 21st century, the American film industry is not "color blind," evidenced by films such as Babel (2006), A Better Life (2011), and 12 Years a Slave (2013). The Encyclopedia of

Racism in American Film documents one facet of racism in the film industry, wherein historically underrepresented peoples are misrepresented—through a lack of roles for actors of color, stereotyping, negative associations, and an absence of rich, nuanced characters. Offering insights and analysis from over seventy scholars, critics, and activists, the volume highlights issues such as: Hollywood's diversity crisis White Savior films Magic Negro tropes The disconnect between screen images and lived realities of African Americans, Latinos, Native Americans, and Asians A companion to the ever-growing field of race studies, this volume opens up a critical dialogue on an always timely issue. The Encyclopedia of Racism in American Film will appeal to scholars of cinema, race and ethnicity studies, and cultural history.

60 minutes interview with morgan freeman: Don't Burn This Country Dave Rubin, 2022-04-12 A guide for anyone who wants to revive the American dream while the woke mob tries to burn down the country. You don't have to be a conspiracy theorist to see that something dark is happening in America. Just look around: Massive corporations monitor our every move. The Thought Police stand ready to cancel any who dare think for themselves. Brainwashed activists openly attack the American experiment. The dystopian future we've been warned of is here. Dave Rubin has been on the front lines of the culture wars for years. Now, he offers tactics you can use to protect yourself from today's authoritarian rule—from resisting the grip of Big Tech to staying sane in a post-truth world. What's more, he offers a vision for the next generation of patriots who will need to face the future head-on, holding fast to their values and creating a meaningful life no matter how frenzied and fabricated the news of the day is. In order for free-thinking people to thrive in this era of woke lunacy, we need to step up and create freedom for ourselves. While exposing Progressive lies and offering practical advice you can employ right now, this book is a call for Americans to live the freest life possible—and a roadmap for saving the greatest country in the history of the world.

60 minutes interview with morgan freeman: TV Guide, 1992-06

60 minutes interview with morgan freeman: Dungeons 'n' Durags Ron Dawson, 2022-05-17 Funny Stories About White Privilege and Black Identity from a Black Nerd's Perspective Author and Ebony Magazine podcaster Ron Dawson lends his wit and comical social commentary to tell the story of how one of the "whitest" and nerdiest of black men finally woke up, found his blackness, and lost all inhibitions at dropping the f-bomb. A coming-of-age story of black identity. In the suburbs of Atlanta, Ron was a black nerd (aka "blerd") living very comfortably in his white world. He loved his white wife, worked well with his white workmates, and worshiped at a white church. On November 8, 2016, everything changed when Trump became POTUS. Ron began a journey of self-discovery that made him question everything—from faith to friendships. Part social commentary and part fantastical narrative. This book goes where no blerd has gone before. In a psychedelic way, Ron is guided by a guardian "angel" in the guise of Samuel L. Jackson's character from Pulp Fiction. Sam is there to help Ron, well, be more black. Ron confronts his black "sins" and wrestles with black identity, systemic racism, and what it means to be "black" in America. Uncomfortable conversations. Throughout this book, you'll learn lessons from a man who deconstructs his faith and confronts personal demons of racial identity. Gain new perspectives through these funny stories that will reshape your current views on black identity. Inside, you'll find: The funniest social commentary on white privilege and black identity Political satire wrapped in funny stories of a man's journey to confront the systemic racism and Christian hypocrisy around him Comical if not uncomfortable conversations about what it means to be black in America If you liked You'll Never Believe What Happened to Lacey, Things That Make White People Uncomfortable, Uncomfortable Conversations with a Black Man, or I'm Judging You, you'll love Dungeons 'n' Durags.

60 minutes interview with morgan freeman: The Palgrave Handbook of Antiracism in Human Resource Development Marilyn Y. Byrd,

60 minutes interview with morgan freeman: Vlog Like a Boss Amy Schmittauer, 2017-01-31

60 minutes interview with morgan freeman: Google It Newton Lee, 2016-10-23 From Google search to self-driving cars to human longevity, is Alphabet creating a neoteric Garden of Eden or

Bentham's Panopticon? Will King Solomon's challenge supersede the Turing test for artificial intelligence? Can transhumanism mitigate existential threats to humankind? These are some of the overarching questions in this book, which explores the impact of information awareness on humanity starting from the Book of Genesis to the Royal Library of Alexandria in the 3rd century BC to the modern day of Google Search, IBM Watson, and Wolfram|Alpha. The book also covers Search Engine Optimization, Google AdWords, Google Maps, Google Local Search, and what every business leader must know about digital transformation. "Search is curiosity, and that will never be done," said Google's first female engineer and Yahoo's sixth CEO Marissa Mayer. The truth is out there; we just need to know how to Google it!

60 minutes interview with morgan freeman: Frame by Frame III Audrey T. McCluskey, Audrey Thomas McCluskey, 2007 An invaluable compendium for anyone interested in cinema

60 minutes interview with morgan freeman: Movies (And Other Things) Shea Serrano, 2019-10-08 INSTANT #1 NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER BARNES & NOBLE BESTSELLER AMAZON BESTSELLER Paging through Serrano's *Movies (and Other Things)* is like taking a long drive at night with a friend; there's that warmth and familiarity where the chat is more important than the fastest route from Point A to Point B...It's like a textbook gone right; your attention couldn't wander if it tried. -- Elisabeth Egan, New York Times Book Review Shea Serrano is back, and his new book, *Movies (And Other Things)*, combines the fury of a John Wick shootout, the sly brilliance of Regina George holding court at a cafeteria table, and the sheer power of a Denzel monologue, all into one. *Movies (And Other Things)* is a book about, quite frankly, movies (and other things). One of the chapters, for example, answers which race Kevin Costner was able to white savior the best, because did you know that he white saviors Mexicans in *McFarland, USA*, and white saviors Native Americans in *Dances with Wolves*, and white saviors Black people in *Black or White*, and white saviors the Cleveland Browns in *Draft Day*? Another of the chapters, for a second example, answers what other high school movie characters would be in Regina George's circle of friends if we opened up the Mean Girls universe to include other movies (Johnny Lawrence is temporarily in, Claire from *The Breakfast Club* is in, Ferris Bueller is out, Isis from *Bring It On* is out...). Another of the chapters, for a third example, creates a special version of the Academy Awards specifically for rom-coms, the most underrated movie genre of all. And another of the chapters, for a final example, is actually a triple chapter that serves as an NBA-style draft of the very best and most memorable moments in gangster movies. Many, many things happen in *Movies (And Other Things)*, some of which funny, others of which are sad, a few of which are insightful, and all of which are handled with the type of care and dedication to the smallest details and pockets of pop culture that only a book by Shea Serrano can provide.

60 minutes interview with morgan freeman: Why Does Everything Have to Be About Race? Keith Boykin, 2024-01-23 Some arguments about race refuse to go away. It's time, once and for all, to shatter them. The most toxic racial arguments share one of five traits. They try to erase Black history, prioritize white victimhood, deny Black oppression, promote myths of Black inferiority, or rebrand racism as something else entirely. They're all designed to distract society from racial justice, but now we have the tools to debunk them. With a mixture of personal experience, reportage, and extensive research, Keith Boykin takes a wrecking ball to twenty-five of the most widespread deceptions about race, such as: The Civil War was about states' rights, not slavery Affirmative action is reverse discrimination Critical Race Theory is indoctrinating children to hate one another and shows us how to refute lies, myths, and misinformation with history, knowledge, and truth.

60 minutes interview with morgan freeman: Valley of Death Ted Morgan, 2010-02-23 Pulitzer Prize-winning author Ted Morgan has now written a rich and definitive account of the fateful battle that ended French rule in Indochina—and led inexorably to America's Vietnam War. Dien Bien Phu was a remote valley on the border of Laos along a simple rural trade route. But it would also be where a great European power fell to an underestimated insurgent army and lost control of a crucial colony. *Valley of Death* is the untold story of the 1954 battle that, in six weeks,

changed the course of history. A veteran of the French Army, Ted Morgan has made use of exclusive firsthand reports to create the most complete and dramatic telling of the conflict ever written. Here is the history of the Vietminh liberation movement's rebellion against French occupation after World War II and its growth as an adversary, eventually backed by Communist China. Here too is the ill-fated French plan to build a base in Dien Bien Phu and draw the Vietminh into a debilitating defeat—which instead led to the Europeans being encircled in the surrounding hills, besieged by heavy artillery, overrun, and defeated. Making expert use of recently unearthed or released information, Morgan reveals the inner workings of the American effort to aid France, with Eisenhower secretly disdainful of the French effort and prophetically worried that “no military victory was possible in that type of theater.” Morgan paints indelible portraits of all the major players, from Henri Navarre, head of the French Union forces, a rigid professional unprepared for an enemy fortified by rice carried on bicycles, to his commander, General Christian de Castries, a privileged, miscast cavalry officer, and General Vo Nguyen Giap, a master of guerrilla warfare working out of a one-room hut on the side of a hill. Most devastatingly, Morgan sets the stage for the Vietnam quagmire that was to come. Superbly researched and powerfully written, *Valley of Death* is the crowning achievement of an author whose work has always been as compulsively readable as it is important.

60 minutes interview with morgan freeman: Teaching White Supremacy Donald Yacovone, 2022-09-27 A powerful exploration of the past and present arc of America's white supremacy—from the country's inception and Revolutionary years to its 19th century flashpoint of civil war; to the Civil Rights movement of the 1960s and today's Black Lives Matter. “The most profoundly original cultural history in recent memory.” —Henry Louis Gates, Jr., Harvard University “Stunning, timely . . . an achievement in writing public history . . . Teaching White Supremacy should be read widely in our roiling debate over how to teach about race and slavery in classrooms. —David W. Blight, Sterling Professor of American History, Yale University; author of the Pulitzer Prize-winning *Frederick Douglass: Prophet of Freedom* Donald Yacovone shows us the clear and damning evidence of white supremacy's deep-seated roots in our nation's educational system through a fascinating, in-depth examination of America's wide assortment of texts, from primary readers to college textbooks, from popular histories to the most influential academic scholarship. Sifting through a wealth of materials from the colonial era to today, Yacovone reveals the systematic ways in which this ideology has infiltrated all aspects of American culture and how it has been at the heart of our collective national identity. Yacovone lays out the arc of America's white supremacy from the country's inception and Revolutionary War years to its nineteenth-century flashpoint of civil war to the civil rights movement of the 1960s and today's Black Lives Matter. In a stunning reappraisal, the author argues that it is the North, not the South, that bears the greater responsibility for creating the dominant strain of race theory, which has been inculcated throughout the culture and in school textbooks that restricted and repressed African Americans and other minorities, even as Northerners blamed the South for its legacy of slavery, segregation, and racial injustice. A major assessment of how we got to where we are today, of how white supremacy has suffused every area of American learning, from literature and science to religion, medicine, and law, and why this kind of thinking has so insidiously endured for more than three centuries.

60 minutes interview with morgan freeman: Across the Divide Judith Lloyd Klauba, 2009

60 minutes interview with morgan freeman: *The Happiest Man on Earth* Eddie Jaku, 2022 Holocaust survivor Eddie Jaku made a vow to smile every day and believed he was the 'happiest man on earth'. In his inspirational memoir, he paid tribute to those who were lost by telling his story and sharing his wisdom. 'Eddie looked evil in the eye and met it with joy and kindness . . . [his] philosophy is life-affirming' - Daily Express Life can be beautiful if you make it beautiful. It is up to you. Eddie Jaku always considered himself a German first, a Jew second. He was proud of his country. But all of that changed in November 1938, when he was beaten, arrested and taken to a concentration camp. Over the next seven years, Eddie faced unimaginable horrors every day, first in Buchenwald, then in Auschwitz, then on a Nazi death march. He lost family, friends, his country. The

Happiest Man on Earth is a powerful, heartbreaking and ultimately hopeful memoir of how happiness can be found even in the darkest of times. 'Australia's answer to Captain Tom . . . a memoir that extols the power of hope, love and mutual support' - The Times

60 minutes interview with morgan freeman: Truth Mary Mapes, 2015-10-13 Mary Mapes's Truth (previously published as Truth & Duty) was made into the 2015 film Truth, starring Cate Blanchett, Robert Redford, Topher Grace and Elizabeth Moss. A riveting play-by-play of a reporter getting and defending a story that recalls All the President's Men, Truth puts readers in the center of the 60 Minutes II story on George W. Bush's shirking of his National Guard duty. The firestorm that followed that broadcast--a conflagration that was carefully sparked by the right and fanned by bloggers--trashed Mapes' well-respected twenty-five year producing career, caused newsman Dan Rather to resign from his anchor chair early and led to an unprecedented internal inquiry into the story...chaired by former Reagan attorney general Richard Thornburgh. Truth examines Bush's political roots as governor of Texas, delves into what is known about his National Guard duty-or lack of service-and sheds light on the solidity of the documents that backed up the National Guard story, even including images of the actual documents in an appendix to the book. It is peopled with a colorful cast of characters-from Karl Rove to Sumner Redstone-and moves from small-town Texas to Black Rock-CBS corporate headquarters-in New York City. Truth connects the dots between a corporation under fire from the federal government and the decision about what kinds of stories a news network may cover. It draws a line from reporting in the trenches to the gutting of the great American tradition of a independent media and asks whether it's possible to break important stories on a powerful sitting president.

60 minutes interview with morgan freeman: Clinical Case Studies for the Family Nurse Practitioner Leslie Neal-Boylan, 2011-11-28 Clinical Case Studies for the Family Nurse Practitioner is a key resource for advanced practice nurses and graduate students seeking to test their skills in assessing, diagnosing, and managing cases in family and primary care. Composed of more than 70 cases ranging from common to unique, the book compiles years of experience from experts in the field. It is organized chronologically, presenting cases from neonatal to geriatric care in a standard approach built on the SOAP format. This includes differential diagnosis and a series of critical thinking questions ideal for self-assessment or classroom use.

60 minutes interview with morgan freeman: The Plot to Kill King William F. Pepper, 2016-06-21 Bestselling author, James Earl Ray's defense attorney, and, later, lawyer for the King family William Pepper reveals who actually killed MLK. William Pepper was James Earl Ray's lawyer in the trial for the murder of Martin Luther King Jr., and even after Ray's conviction and death, Pepper continues to adamantly argue Ray's innocence. This myth-shattering exposé is a revised, updated, and heavily expanded volume of Pepper's original bestselling and critically acclaimed book Orders to Kill, with twenty-six years of additional research included. The result reveals dramatic new details of the night of the murder, the trial, and why Ray was chosen to take the fall for an evil conspiracy—a government-sanctioned assassination of our nation's greatest leader. The plan, according to Pepper, was for a team of United States Army Special Forces snipers to kill King, but just as they were taking aim, a backup civilian assassin pulled the trigger. In The Plot to Kill King, Pepper shares the evidence and testimonies that prove that Ray was a fall guy chosen by those who viewed King as a dangerous revolutionary. His findings make the book one of the most important of our time—the uncensored story of the murder of an American hero that contains disturbing revelations about the obscure inner-workings of our government and how it continues, even today, to obscure the truth.

60 minutes interview with morgan freeman: University of Florida Journal of Law and Public Policy , 2011-12

60 minutes interview with morgan freeman: Present Shock Douglas Rushkoff, 2014-02-25 People spent the twentieth century obsessed with the future. We created technologies that would help connect us faster, gather news, map the planet, and compile knowledge. We strove for an instantaneous network where time and space could be compressed. Well, the future's arrived. We

live in a continuous now enabled by Twitter, email, and a so-called real-time technological shift. Yet this now is an elusive goal that we can never quite reach. And the dissonance between our digital selves and our analog bodies has thrown us into a new state of anxiety: present shock.

60 minutes interview with morgan freeman: Any Man Amber Tamblyn, 2018-06-26 “An explosive, shapeshifting piece of literary real estate, Amber Tamblyn’s arresting debut offers a scathing portrait of American celebrity culture and the way in which it transmutes human tragedy into a vicious circus; victims are forgotten as likes and shares swirl, and ‘news’ becomes a squalid orgy, a lurid feast. Tamblyn takes every risk in this astonishing and innovative work, and succeeds, gloriously.” — Janet Fitch, bestselling author of *The Revolution of Marina M.* and *Paint It Black* Vanity Fair's Summer Ultimate Fiction List Entertainment Weekly Summer Preview List In this electric and provocative debut novel, Tamblyn blends genres of poetry, prose, and elements of suspense to give shape to the shocking narratives of victims of sexual violence, mapping the destructive ways in which our society perpetuates rape culture. A violent serial rapist is on the loose, who goes by the name Maude. She hunts for men at bars, online, at home— the place doesn’t matter, neither does the man. Her victims then must live the aftermath of their assault in the form of doubt from the police, feelings of shame alienation from their friends and family and the haunting of a horrible woman who becomes the phantom on which society projects its greatest fears, fascinations and even misogyny. All the while the police are without leads and the media hound the victims, publicly dissecting the details of their attack. What is extraordinary is how as years pass these men learn to heal, by banding together and finding a space to raise their voices. Told in alternating viewpoints signature to each voice and experience of the victim, these pages crackle with emotion, ranging from horror to breathtaking empathy. As bold as it is timely, *Any Man* paints a searing portrait of survival and is a tribute to those who have lived through the nightmare of sexual assault.

60 minutes interview with morgan freeman: And Yet... Christopher Hitchens, 2015-11-24 The seminal, uncollected essays—lauded as “dazzling” (The New York Times Book Review)—by the late Christopher Hitchens, author of the #1 New York Times bestseller *God Is Not Great*, showcase the notorious contrarian’s genius for rhetoric and his sharp rebukes to tyrants and the ill-informed everywhere. For more than forty years, Christopher Hitchens delivered essays to numerous publications on both sides of the Atlantic that were astonishingly wide-ranging and provocative. His death in December 2011 from esophageal cancer prematurely silenced a voice that was among the most admired of contemporary voices—writers, readers, pundits and critics the world over mourned his loss. At the time of his death, Hitchens left nearly 250,000 words of essays not yet published in book form. “Another great book of essays from a writer who we wish were still alive to produce more copy” (National Review), *And Yet...* ranges from the literary to the political and is a banquet of entertaining and instructive delights, including essays on Orwell, Lermontov, Chesterton, Fleming, Naipaul, Rushdie, Orhan Pamuk, and Dickens, among others, as well as his laugh-out-loud self-mocking “makeover.” The range and quality of Hitchens’s essays transcend the particular occasions for which they were originally written, yielding “a bounty of famous scalps, thunder-blasted targets, and a few love letters from the notorious provocateur-in-chief’s erudite and scathing assessments of American culture” (Vanity Fair). Often prescient, always pugnacious, formidably learned, Hitchens was a polemicist for the ages. With this posthumous volume, he remains, “America’s foremost rhetorical pugilist” (The Village Voice).

60 minutes interview with morgan freeman: The Coding Manual for Qualitative Researchers Johnny Saldana, 2009-02-19 *The Coding Manual for Qualitative Researchers* is unique in providing, in one volume, an in-depth guide to each of the multiple approaches available for coding qualitative data. In total, 29 different approaches to coding are covered, ranging in complexity from beginner to advanced level and covering the full range of types of qualitative data from interview transcripts to field notes. For each approach profiled, Johnny Saldaña discusses the method’s origins in the professional literature, a description of the method, recommendations for practical applications, and a clearly illustrated example.

60 minutes interview with morgan freeman: *The Priesthood Power of Women* Barbara Morgan Gardner, 2019-04-08

60 minutes interview with morgan freeman: *Division Street* Studs Terkel, 2024-11-05 A landmark reissue of Studs Terkel's classic microcosm of America, with a new foreword by the Pulitzer Prize-winning journalist and co-creator of the *Division Street Revisited* podcast "Remarkable. . . . *Division Street* astonishes, dismays, exhilarates." —The New York Times When New Press founder André Schiffrin first published *Division Street* in 1967, Studs Terkel's reputation as America's foremost oral historian was established overnight. Approaching Chicagoans as emblematic of the nation at large, Terkel set out with his tape recorder and spent a year talking to over seventy people about race, family, education, work, prospects for the future—all topics that remain deeply contentious today. Subjects included a Black woman who attended the 1963 March on Washington, a tool-and-die maker, a baker from Budapest, a closeted gay actor, and a successful but cynical ad man. As Tom Wolfe wrote, Studs was "one of those rare thinkers who is actually willing to go out and talk to the incredible people of this country." Most interviewees shared the hope for a good life for their children and the wish for a less divided and more just America, but the real Chicago street referenced in the title takes on a metaphorical meaning as a symbol of the acute social divides of the 1960s—and highlights the continued relevance of Terkel's work in our polarized times. Now, over fifty years later, Melissa Harris and Pulitzer Prize-winning journalist Mary Schmich have created the remarkable *Division Street Revisited* podcast, coming in January 2025, in which they have found and interviewed descendants of Terkel's original subjects in seven rich episodes. Schmich's foreword to the reissue and the extraordinary podcast—along with the new edition of *Division Street*—together demonstrate Studs Terkel's prescience and the enduring importance of his work.

60 minutes interview with morgan freeman: *Christ in Crisis?* Jim Wallis, 2019-09-24 Writing in response to our current "constitutional crisis," New York Times bestselling author and Christian activist Jim Wallis urges America to return to the tenets of Jesus once again as the means to save us from the polarizing bitterness and anger of our tribal nation. In *Christ in Crisis* Jim Wallis provides a path of spiritual healing and solidarity to help us heal the divide separating Americans today. Building on "Reclaiming Jesus"—the declaration he and other church leaders wrote in May 2018 to address America's current crisis—Wallis argues that Christians have become disconnected from Jesus and need to revisit their spiritual foundations. By pointing to eight questions Jesus asked or is asked, Wallis provides a means to measure whether we are truly aligned with the moral and spiritual foundations of our Christian faith. "Christians have often remembered, re-discovered, and returned to their obedient discipleship of Jesus Christ—both personal and public—in times of trouble. It's called coming home," Wallis reminds us. While he addresses the dividing lines and dangers facing our nation, the religious and cultural commentator's focus isn't politics; it's faith. As he has done throughout his career, Wallis offers comfort, empathy, and a practical roadmap. *Christ in Crisis* is a constructive field guide for all those involved in resistance and renewal initiatives in faith communities in the post-2016 political context.

60 minutes interview with morgan freeman: *Postracial America?* Vincent L. Stephens, Anthony Stewart, 2016-11-17 The concept of a "postracial" America —the dream of a nation beyond race — has attracted much attention over the course of the presidency of Barack Obama, suggesting that this idea is peculiar to the contemporary moment alone. *Postracial America?* An Interdisciplinary Study attempts to broaden the application of this idea by situating it in contexts that demonstrate how the idea of the postracial has been with America since its founding and will continue to be long after the Obama administration's term ends. The chapters in this volume explore the idea of the postracial in the United States through a variety of critical lenses, including film studies; literature; aesthetics and conceptual thinking; politics; media representations; race in relation to gender, identity, and sexuality; and personal experiences. Through this diverse interdisciplinary exploration, this collection skeptically weighs the implications of holding up a postracial culture as an admirable goal for the United States.
