📖 **660am the answer listen live: Defeating Jihad** Sebastian Gorka, 2016-04-11 Now a New York Times bestseller! America is at war. The fight against global jihad has cost 7,000 American lives and almost \$2 trillion, and yet, most Americans do not understand what is at stake. The public lacks knowledge and safety because two presidents and their administrations neglected the most basic strategic question: who is the enemy? Presidents Bush and Obama both named the global jihadi movement—a movement with an intent to destroy the West—“violent extremism.” Their tidy term was an attempt to maintain peace with the Muslim community. But when they failed to appropriately name the enemy, they failed to fully understand Islamic extremism. This failure is why the U.S. has been in Afghanistan for sixteen years with no end in sight. But this war is eminently winnable if we remove our ideological blinders, accurately name our enemy, and draw up a strategy to defeat the ideas that inspire terrorism. So says Dr. Sebastian Gorka, one of the most experienced and sought-after authorities on counterterrorism. Dr. Gorka has been one of the intelligence community’s go-to experts on counterterrorism since 9/11. He’s been called to brief Congress and the Marine Corps and was asked to analyze the Patriot’s Day Boston Marathon Bombing for the US government. Dr. Gorka’s report for the trial of Dzhokhar Jahar Tsarnaev was widely circulated in counterterrorism circles and the media because it accurately painted a picture, not of a teenager on the cover of Rolling Stone, but of a terrorist. Dr. Gorka is respected by peers because he understands our enemy is not terror or violent extremism. Our enemy is the global jihadi movement, a modern totalitarian ideology rooted in the doctrines and martial history of Islam whose goals are to build an empire, suppress “false Muslims,” and engage in guerilla warfare against infidels. Taking his cue from the formerly top-secret analyses that shaped the U.S. response to the communist threat, Dr. Gorka has produced a compelling profile of the jihadi movement—its mind and motivation—and a plan to defeat it.

660am the answer listen live: The MAGA Doctrine Charlie Kirk, 2020-03-03 NEW YORK TIMES BESTSELLER. The movement that brought Donald Trump to the White House has better ideas than the old right or the new left. It's time that the rest of America started listening. The Tea Party began as a protest for patriots who feared Big Government. President Trump has become a hero for patriots who are against Big Everything. Fed up with Silicon Valley, the media, liberal higher education, the military-industrial complex, Twitter mobs, swamp monsters, Big Pharma, out-of-control prosecutors, and gun-grabbing fascists, ordinary Americans miss the days when America cared about rule of the people, by the people, and for the people. Remember when you didn't feel bombarded on all sides by coastal billionaires and their government stooges? The MAGA Doctrine urges an overdue restoration of self-rule by a populace long taken for granted by its rulers. Turning Point USA founder and social media superstar Charlie Kirk explains once and for all why a New York real estate magnate found an audience among young conservatives all over the country. Trump and his allies are working to protect all the small things that both parties dismissed: local businesses, families, churches, and the rights of the individual. Kirk explains why it took a reality TV superstar to see past the sclerotic and power-hungry institutions, from the United Nations and Google to Harvard and Viacom, working to crush real America. The Trump Doctrine is all about giving you a say in the future of America and a hand in making it happen. As the mainstream media keep churning out lies about the "real reasons" behind the new conservative agenda, Charlie Kirk's The MAGA Doctrine is a powerful reminder of the true narrative of freedom and greatness that swept Donald Trump to the presidency.

660am the answer listen live: The Baseball Codes Jason Turbow, Michael Duca, 2011-03-22 An insider's look at baseball's unwritten rules, explained with examples from the game's most fascinating characters and wildest historical moments. Everyone knows that baseball is a game of intricate regulations, but it turns out to be even more complicated than we realize. All aspects of baseball—hitting, pitching, and baserunning—are affected by the Code, a set of unwritten rules that governs the Major League game. Some of these rules are openly discussed (don't steal a base with a big lead late in the game), while others are known only to a minority of players (don't cross between the catcher and the pitcher on the way to the batter's box). In The Baseball Codes, old-timers and all-time greats share their insights into the game's most hallowed—and least known—traditions. For the learned and the casual baseball fan alike, the result is illuminating and thoroughly entertaining. At the heart of this book are incredible and often hilarious stories involving national heroes (like Mickey Mantle and Willie Mays) and notorious headhunters (like Bob Gibson and Don Drysdale) in a century-long series of confrontations over respect, honor, and the soul of the game. With The

Baseball Codes, we see for the first time the game as it's actually played, through the eyes of the players on the field. With rollicking stories from the past and new perspectives on baseball's informal rulebook, *The Baseball Codes* is a must for every fan.

660am the answer listen live: *El Conservador* George H. Rodriguez, 2018-09-12 George H. Rodriguez has dedicated his life to sharing conservative values with fellow Hispanics and all Americans. As a Ronald Reagan and George H. Bush appointee, he worked with the Department of Justice in community relations and immigration outreach, going on to work with the White House and on President Bush's 1988 presidential campaign. In recent years, Rodriguez has served with the GOP and was one of the first Hispanics to be president of a major Tea Party group. Now in *El Conservador: Conservative Opinions*, George H. Rodriguez shares a hard-hitting collection of his political essays and commentaries. As a nationally known blogger and political commenter, George Rodriguez is a constitutional conservative Texan of Mexican descent, also known as a Tejano. His essays reflect his belief in personal freedom, and they support the idea that all Texans and Americans should live life as they wish, as long as it does not harm others or infringe on another person's rights. With a commitment to conservative values--and in some cases with a little bit of a chile picoso attitude--Rodriguez focuses on critical political topics that all Americans should be informed about: from the basics of constitutional government, personal property ownership, and states' rights to contemporary issues like the debt, immigration, and so-called diversity. Because liberal misinformation and a growing government can be dangerous to the freedom and liberty of citizens, Rodriguez believes it is important to remember why America is the greatest nation on earth and protect its God-given destiny.

660am the answer listen live: *The Jazz Age President* Ryan S. Walters, 2022-02-15 Presidents are ranked wrong. In *The Jazz Age President: Defending Warren G. Harding*, Ryan Walters mounts a case that Harding deserves to move up—and supplies the evidence to make that case strong. -Amity Shlaes, bestselling author of *Coolidge* He's the butt of political jokes, frequently subjected to ridicule, and almost never absent a Worst Presidents list where he most often ends up at the bottom. Historians have labeled him the Worst President Ever, Dead Last, Unfit, and Incompetent, to name but a few. Many contemporaries were equally cruel. H. L. Mencken called him a nitwit. To Alice Roosevelt Longworth, he was a slob. Such is the current reputation of our 29th President, Warren Gamaliel Harding. In an interesting survey in 1982, which divided the scholarly respondents into conservative and liberal categories, both groups picked Harding as the worst

President. But historian Ryan Walters shows that Harding, a humble man from Marion, Ohio, has been unfairly remembered. He quickly fixed an economy in depression and started the boom of the Roaring Twenties, healed a nation in the throes of social disruption, and reversed America's interventionist foreign policy.

Dr. Sebastian Gorka's latest book, *The War for America's Soul*, leverages the former White House strategist's expertise, driven by his determination to preserve what made America great in the first place." — MARK LEVIN Our country is at war with itself. On one side are American patriots, dedicated to freedom under the Constitution; on the other side are leftists campaigning not just to win elections, but to radically transform the nation. In this political war for the soul of our country, America's patriots need a strategist with a blueprint for victory. Luckily, we have such a man in Dr. Sebastian Gorka—a former strategist for President Trump and now a nationally syndicated radio host and a fearless culture warrior. In his essential new book, *The War for America's Soul*, Dr. Gorka shows how America's elite—in both parties—betrayed our heartland, sabotaged the American dream, and accepted national decline as inevitable. It took a candidate with remarkable vision, dauntless courage, and unbreakable determination to change the narrative. That man was Donald Trump. A candidate who owed no favors to special interests, Trump articulated a new American nationalism that has been an extraordinary force for economic and political renewal.

660am the answer listen live: *Laptop from Hell* Miranda Devine, 2021-11-30 As seen on Tucker Carlson Tonight! USA Today and Wall Street Journal Bestseller! The inside story of the laptop that exposed the president’s dirtiest secret. When a drug-addled Hunter Biden abandoned his waterlogged computer at a Mac repair shop in Delaware in the spring of 2019, just six days before his father announced his candidacy for the United States presidency, it became the ticking time bomb in the shadows of Joe Biden’s campaign. The dirty secrets contained in Hunter’s laptop almost derailed his father’s presidential campaign and ignited one of the greatest media coverups in American history. This is the unvarnished story of what’s really inside the laptop and what China knows about the Bidens, by the New York Post journalist who brought it into the open. It exposes the coordinated censorship operation by Big Tech, the media establishment, and former intelligence operatives to stifle the New York Post’s coverage, in a chilling exercise of raw political power three weeks before the 2020 election. A treasure trove of corporate documents, emails, text messages, photographs, and voice recordings, spanning a decade, the laptop provided the first evidence that President Joe Biden was involved in his son’s ventures in China, Ukraine, and beyond, despite his repeated denials. This intimate insight into Hunter’s dissolute lifestyle shows he was incapable of holding down a job, let alone being paid tens of millions of dollars in high-powered international business deals by foreign interests, unless he had something else of value to sell—which of course he did. He was the son of the vice president who would go on to become the leader of the free world.

A lush green lawn is one of the great pleasures of the natural world, whether it's outside your front door or on a majestic fairway at a legendary golf course. But anyone who's tried to grow the perfect lawn the conventional way knows it requires an endless cycle of watering and applying synthetic fertilizers and toxic chemical pesticides that costs a lot of money and kills all the life in the soil, on the surface, and on the grass. Fortunately, there's a better way. Organic lawn care is not only healthier for the environment, it's actually cheaper and less water-intensive, whether you're managing a small yard or acres of turf. In this book, Howard Garrett, the renowned "Dirt Doctor," takes you step-by-step through creating and maintaining turf organically. He begins with the soil, showing you how to establish a healthy habitat for grass. Then he discusses a variety of turfgrasses, including Bermudagrass, bluegrass, buffalo grass, fescue, ryegrass, St. Augustine, and zoysia. He explains in detail planting, mowing, watering, fertilizing, composting, and managing weeds and pests. And he offers alternatives to lawn grasses and turf, describing the situations in which they might be your best choice.

660am the answer listen live: Why We Fight Sebastian Gorka, 2018-10-09 Sebastian Gorka was [President Trump's] strategist. Dr. Gorka knows Donald Trump and the threats we face. Buy and read *Why We Fight* to find how we win and what it means to be an American hero. — RUSH LIMBAUGH WAR. It will happen again. We must be ready. Sober words from Dr. Sebastian Gorka, a man who has made the unvarnished truth his specialty. And there's one eternal truth that Americans are in danger of forgetting: the most important weapon in any geopolitical conflict is the will to win. And we must win. In this powerful manifesto, Dr. Gorka explains the basic principles that have guided strategists since Sun Tzu penned *The Art of War* in the sixth century B.C. To defeat your enemy, you must know him. But that's the last thing liberal elites are interested in. Willful ignorance about our adversary—whether it's Russia, China, or the global jihadi movement—has been crippling. Tearing off America's politically correct blindfold, Dr. Gorka clarifies who our foes are and what makes them tick. An eight-year vacation from geopolitical reality under Obama left our country dangerously weakened. Dr. Gorka addresses the pressing questions we face as we rebuild under President Trump's leadership: - What are the most serious threats to American security? - How are they different from the threats of the past? - What can we do to counter these threats? - How can we achieve the "perfect victory" of vanquishing our enemies without mortal combat? All the money and weapons in the world cannot substitute for the will to fight for our precious country and what she represents. To remind us of what the will to win looks like, Dr. Gorka intersperses the stories of four American heroes—Stephen Decatur, Chesty Puller, "Red" McDaniel, and a warrior who never took up arms, Whittaker Chambers—men who believed in their country and put everything on the line for her.

660am the answer listen live: Still the Best Hope Dennis Prager, 2012-04-24 Conservative radio host and syndicated columnist Dennis Prager provides a bold, sweeping look at the future of civilization with *Still the Best Hope*, and offers a strong, cogent argument for why basic American values must triumph in a dangerously uncertain world. Humanity stands at a crossroads, and the only alternatives to the "American Trinity" of liberty, natural rights, and the melting-pot ideal of national unity are Islamic totalitarianism, European democratic socialism, capitalist dictatorship, or

global chaos if we should fail. America is Still the Best Hope, as this eminently sensible, profoundly inspiring volume so powerfully proves.

660am the answer listen live: Wherever I Wind Up R.A. Dickey, 2013-03-26 The perfect gift for baseball fans, now with a new epilogue by author R.A. Dickey, winner of the 2012 Cy Young award. An astounding memoir—haunting and touching, courageous and wise.—Jeremy Schaap, bestselling author, Emmy award-winning journalist, ESPN In 1996, R.A. Dickey was the Texas Rangers' much-heralded No. 1 draft choice. Then, a routine physical revealed that his right elbow was missing its ulnar collateral ligament, and his lifelong dream—along with his \$810,000 signing bonus—was ripped away. Yet, despite twice being consigned to baseball's scrap heap, Dickey battled back. Sustained by his Christian faith, the love of his wife and children, and a relentless quest for self-awareness, Dickey is now the starting pitcher for the Toronto Blue Jays (he was previously a star pitcher for the New York Mets) and one of the National League's premier players, as well as the winner of the 2012 Cy Young award. In Wherever I Wind Up, Dickey eloquently shares his quintessentially American tale of overcoming extraordinary odds to achieve a game, a career, and a life unlike any other.

660am the answer listen live: Nine Questions People Ask About Judaism Dennis Prager, Joseph Telushkin, 1986-04-21 If you have ever wondered what being born Jewish should mean to you; if you want to find out more about the nature of Judaism, or explain it to a friend; if you are thinking about how Judaism can connect with the rest of your life -- this is the first book you should own. It poses, and thoughtfully addresses, questions like these: Can one doubt God's existence and still be a good Jew? Why do we need organized religion? Why shouldn't I intermarry? What is the reason for dietary laws? How do I start practicing Judaism? The Nine Questions People Ask About Judaism was written for the educated, skeptical, searching Jew, and for the non-Jew who wants to understand the meaning of Judaism. It has become a classic and very widely read introduction to the oldest living religion. Concisely and engagingly, authors Dennis Prager and Joseph Telushkin present Judaism as the rational, moral alternative for contemporary man.

660am the answer listen live: The Desecrators Matt Schlapp, Deal W. Hudson, 2022-02-22 The enemy is no longer hidden in the dark but instead operates in broad daylight. Its attacks on Americans are clear and intensifying: cancel culture, wokeness, public shaming, urban violence, whiteness, and critical race theory. The enemy also seeks to undermine the sacredness of human life, failing to provide basic protection for the lives of the unborn. This enemy is called the Desecrators. The Desecrators tear down not only monuments but human nature, the biblical-natural conception of marriage, the family, parental rights, fact-based education, traditional moral values, and the Church. The Desecrators are taking over the media, publishing, educational institutions, corporate boards, labor unions, amateur and professional sports, foundations, and professional associations ranging from the American Medical Association to the Chamber of Commerce. They leave nothing untouched. In this powerfully provocative book, Deal W. Hudson and Matt Schlapp provide firsthand accounts of the Desecrators' actions and intentions, including their remarkably angry and uncharitable treatment of President Donald Trump, which Hudson and Schlapp uniquely observed. The authors also describe how Catholics have been stifled for years because many bishops have failed to confront pro-abortion Catholic politicians. But fortunately, there is hope. As Hudson and Schlapp lay bare the Desecrators' path of destruction, they also lay out a plan for the faithful to turn things around. Here is a book that will embolden all people of faith and good will to make their voices heard once again in the public square and political realm by countering the enemy with reason, faith, and hope. Here is a vision to build up rather than tear down.

660am the answer listen live: Think a Second Time Dennis Prager, 2010-09-14 What are the two great lies of the 20th century? Is there a solution to evil? What matters more, blood or love? Can a good man go to a striptease show? Do you think you have the answers? ...Think a second time. Dennis Prager, theologian and philosopher turned talk-show host, is one of the most brilliant and compelling voices in America today. His extraordinarily popular radio show with the signature sign-off, Think a second time, coupled with his own biweekly newsletter, has firmly established him

as a fixture in intellectual communities nationwide. In *Think a Second Time*, Prager blends a rigorous and scholarly education with utterly original thinking on current events. From the dangers of idealism to the roots of extremism to his thoughts on God and an afterlife, Prager offers challenging answers to up-to-the-minute questions: Should a single woman have a child? Why don't good homes always produce good children? Is America really racist? Why does the Holocaust not negate the existence of God? Now, with an entirely new section on the precedent-setting Baby Richard custody case and an exploration of the issue of blood versus love, Prager continues to demonstrate his ability to draw clear moral lines in the sands of our very troubled times.

660am the answer listen live: The Coming Tsunami Jim Denison, 2022-01-25 In *The Coming Tsunami*, pastor and cultural scholar Dr. Jim Denison addresses the gravest threat Christians in America have ever faced—four cultural tidal waves threatening to submerge Christians in America and the biblical morality they proclaim. Through proactive, biblical steps, he helps us redeem these challenges so that we can live the way Jesus calls us to live. This book is a warning sign. The coming cultural tsunami is the gravest threat Christians in America have ever faced. Caused by four cultural “earthquakes,” the cultural acceptance of four specific ideologies has seismically shifted our world. With the rise of a “post-truth” culture, the expansion of the sexual revolution, the attraction of Critical Theory, and the advance of secular religion, Christians are increasingly labeled as intolerant, irrelevant, oppressive, and dangerous—the antithesis of the life Jesus calls Christians to live. These tidal waves are threatening to submerge Christians in America and the biblical morality they proclaim. And the ultimate repercussions of these issues—the coming tsunami—have yet to be fully experienced. In *The Coming Tsunami*, pastor and cultural scholar Dr. Jim Denison of the Denison Forum: assesses how our current culture came to be, identifies the enormous danger these cultural quakes represent, explores their consequences for evangelicals and our larger culture, and offers proactive, biblical steps to redeem these challenges as opportunities for God's word and grace. The coming cultural tsunami will greatly impact Christians in the coming years. It will undoubtedly influence and affect your children and grandchildren. However, unlike tsunamis in nature, which cannot be stopped once they have been created, it's not too late to stop the moral tsunamis of our day. But Christians must act now. The rain is falling.

660am the answer listen live: From Beer to the Bible Ervin Lee, 2022-10-04 Ervin Lee seemed to have it all: a lucrative career as an executive at Fortune 500 companies, a prospering liquor store chain, popularity, and the self-centered lifestyle the world promotes. Despite his outward success, Lee's inner demons were slowly destroying him. He suffered from extreme alcoholism and was in danger of losing not only his business and marriage, but also his life. After entering rehab in an effort to be restored and renewed, Lee found more than just freedom—he also found Jesus. Today, he has devoted his life to shining a light for those in the darkness of addiction, depression, and self-inflicted suffering. He survives by rigorously sticking to his spiritual sobriety kit, which includes daily physical exercise, time in prayer journaling truths gleaned from God's Word, and most importantly, walking in the power of the Holy Spirit one moment at a time. *From Beer to the Bible* is a collection of short, profound proverbs revealed to Lee during his private time with the Lord during his first years of sobriety. Readers will be challenged to dive deeper into their faith and experience the light of God's love.

660am the answer listen live: Why the Jews? Dennis Prager, Joseph Telushkin, 2007-11-01 From the bestselling authors of *The Nine Questions People Ask About Judaism* comes a completely revised and updated edition of a modern classic that reflects the dangerous rise in antisemitism during the twenty-first century. The very word Jew continues to arouse passions as does no other religious, national, or political name. Why have Jews been the object of the most enduring and universal hatred in history? Why did Hitler consider murdering Jews more important than winning World War II? Why has the United Nations devoted more time to tiny Israel than to any other nation on earth? In this seminal study, Dennis Prager and Joseph Telushkin attempt to uncover and understand the roots of antisemitism -- from the ancient world to the Holocaust to the current crisis in the Middle East. This postmillennial edition of *Why the Jews?* offers new insights and unparalleled

perspectives on some of the most recent, pressing developments in the contemporary world, including: • The replicating of Nazi antisemitism in the Arab world • The pervasive anti-Zionism/antisemitism on university campuses • The rise of antisemitism in Europe • Why the United States and Israel are linked in the minds of antisemites Clear, persuasive, and thought provoking, *Why the Jews?* is must reading for anyone who seeks to understand the unique role of the Jews in human history.

660am the answer listen live: *Happiness Is a Serious Problem* Dennis Prager, 2009-10-13 In this unique blend of self-help and moral philosophy, perfect for fans of Gretchen Rubin's *The Happiness Project* or Dan Harris' *10% Happier*, talk-radio host Dennis Prager shows us that happiness isn't just a value—it's a moral obligation. When you ask people about their most cherished values, "happiness" is always at the top of the list. In this enduring happiness manifesto, Prager examines how happiness not only makes us better people, but has an effect on the lives of everyone around us—providing them with a positive environment in which to thrive and be happy themselves. Achieving that happiness won't be easy, though: to Prager, it requires a continuing process of counting your blessings and giving up any expectations that life is supposed to be wonderful. Can we decide to be satisfied with what we have? he asks. A poor man who can make himself satisfied with his portion will be happier than a wealthy man who does not allow himself to be satisfied. Prager echoes other political commentators in complaining that too many people today see themselves as victims; he submits that the only way to achieve your desires is to take responsibility for your life rather than blaming others. If you're willing to put some thought into achieving a happier outlook, you will find plenty to mull over in *Happiness Is a Serious Problem*.
