7 of coins tarot guide: The Way of Tarot Alejandro Jodorowsky, Marianne Costa, 2009-11-17 Filmmaker Alejandro Jodorowsky's insights into the Tarot as a spiritual path

- Works with the original Marseille Tarot to reveal the roots of Western wisdom
- Provides the key to the symbolic language of the Tarot's "nomadic cathedral"
- Transforms a simple divination tool into a vehicle for self-realization and healing

Alejandro Jodorowsky's profound study of the Tarot, which began in the early 1950s, reveals it to be far more than a simple divination device. The Tarot is first and foremost a powerful instrument of self-knowledge and a representation of the structure of the soul. *The Way of Tarot* shows that the entire deck is structured like a temple, or a mandala, which is both an image of the world and a representation of the divine. The authors use the sacred art of the original Marseille Tarot--created during a time of religious tolerance in the 11th century--to reconnect with the roots of the Tarot's Western esoteric wisdom. They explain that the Tarot is a "nomadic cathedral" whose parts--the 78 cards or "arcana"--should always be viewed with an awareness of the whole structure. This understanding is essential to fully grasp the Tarot's hermetic symbolism. The

authors explore the secret associations behind the hierarchy of the cards and the correspondences between the suits and energies within human beings. Each description of the Major Arcana includes key word summaries, symbolic meanings, traditional interpretations, and a section where the card speaks for itself. Jodorowsky and Costa then take the art of reading the Tarot to a depth never before possible. Using their work with Tarology, a new psychological approach that uses the symbolism and optical language of the Tarot to create a mirror image of the personality, they offer a powerful tool for self-realization, creativity, and healing.

7 of coins tarot guide: *A Guide to Tarot Card Meanings* Mark McElroy, 2014-07-24 If you're looking for a simple guide to Tarot card meanings in plain English, this book is for you. Inside, you'll find keywords; a range of traditional meanings; correspondences to numerology, astrology, and storytelling; symbols and insights for Rider-Waite and Marseilles decks; and exploration questions for each card. In addition, you'll also find text that will help you apply the card to matters of romance, relationships, work, spirituality, and personal growth. If you're interested in using the cards to tell fortunes or forecast the timing of events, you'll find this information, too! Many readers prefer for their intuition to guide them to the meaning of a card. But Tarot cards do have traditional meanings -- meanings other people have assigned to the cards over time. Some of these meanings are rooted in astrology or numerology. Some are based on obscure texts. Others are based on insights from experienced readers, who have learned to associate certain cards with certain situations. Rather than memorize the meanings in this book, use them to amplify your intuition! Becoming familiar with the information in this guide can help beginners approach the cards with confidence, suggest new associations for each card, and introduce experienced readers to new ways of thinking about specific cards. The information inside can serve as jumping-off points for brainstorming sessions, lend weight to an intuitive reader's first impressions, and suggest insights a purely intuitive reader might overlook. To get the most out of this guide, skim the entire entry for a card, allowing intuition to be your guide. Take your time; look around. While your question may be about a relationship, a turn of phrase in other passages about your card might prompt exactly the insight you need. This book includes detailed entries for all seventy-eight Tarot cards (Major and Minor Arcana). As you know, some guides skip on the Minors -- but not this one! You'll find detailed information for each and every card. In addition, the book is beautifully illustrated with full-color, high-resolution scans of a first-edition Tarot published in 1909.

7 of coins tarot guide: Spiritsong Tarot Paulina Cassidy, 2017-10 This Spiritsong deck is a melding of two traditions of divination: one in which animals are seen as guides between our world and the spirit world, and one that uses 78 cards as a tool to connect with our highest self. Each animal was specifically selected based upon Shamanic and Native American symbolism, merging each animal's unique power with classic tarot practices. For example, the Spiritsong animal, Raven, has attributes such as 'creation' that parallels some of the same symbolic tarot attributes of the traditional Magician card, which is why the Raven is the animal representing that card. The Spiritsong Tarot structure is based on the traditional tarot, containing the 22 Majors, the 56 Minors, and four suits: Acorns for Wands/Fire; Feathers for Swords/Air; Shells for Cups/Water; and Crystals for Pentacles/Earth.
