The good news is that you don't have to do it alone-the tarot can give you advice when you need it most! Reading the tarot for advice requires a different approach than reading for prediction. Tarot: Your Everyday Guide presents a new method of tarot interpretation. You'll learn how to use the tarot to help you make an informed decision and determine a course of action for just about any life situation. For example, in an advice reading the Two of Wands could mean you should set up your own challenges to work out goals, define issues, and work out compromises. If the King of Cups comes up in an advice reading, it means you must give encouragement, acknowledge the accomplishments of others, give rewards, and let others enjoy the limelight. Alternatively, it could mean you need to seek a mentor who has these qualities. The position of a given card within a spread, and the cards before and after it, will clarify the cards' advice for you. You can even use advice readings to augment traditional divination. If a divinatory spread shows trouble ahead, consult the cards for advice on how to avoid the situation or lessen its impact. Whether you're an experienced tarot reader or have never even shuffled the cards before, this unique and practical book will open new doors of understanding and help you integrate the rich symbolism of the tarot into your daily life. 7 of cups tarot guide: Osho Zen Tarot Osho, 1995-04-15 Osho Zen Tarot, from the #1 bestselling mystic and spiritual author Osho! When life seems to be full of doubt and uncertainty we tend to look for a source of inspiration: what will happen in the future? What about my health, the

children? What will happen if I make this decision and not that one? This is how the traditional tarot is often used, to satisfy a longing to know about the past and future. The Osho Zen Tarot focuses instead on gaining an understanding of the here and now. It is a system based on the wisdom of Zen, a wisdom that says events in the outer world simply reflect our own thoughts and feelings, even though we ourselves might be unclear about what those thoughts and feelings are. So it helps us to turn our attention away from outside events so we can find a new clarity of understanding in our innermost hearts. The conditions and states of mind portrayed by the contemporary images on the cards are all shown as being essentially transitional and transformative. The text in the accompanying book helps to interpret and understand the images in the simple, straightforward and down to earth language of Zen.

Inspired by the rich pattern and naive style of the ancient Italian tarot cards, this exquisite deck brings in all the archetypal symbols of the tarot—so when you learn to read cards with The Golden Tarot, you'll not only be reading your own cards confidently, but be able to interpret many other decks, too. 7 of cups tarot guide: *THE TAROT GUIDE [From Beginners to Professionals]* Pailong, 2021-12-12 First of all, I have to apologize to everyone for my incomplete English grammar. I started studying tarot card reading at 16 years old. I am fond of the Rider Waite series of cards because of the pictures that convey the full meaning. The first book that I learned was written in my native language. I am very fond of how to make predictions using tarot cards. Often, I use tarot card prediction to earn income after school. Until I worked in a travel company, I had extra income from fortune telling. Now I am currently 41 years old. Over time, I studied how to read more cards from English books. Until I had enough experience to pass it on to people in my country. I am currently a recognized tarot card reading instructor. For the various techniques I wrote in this book, I use them regularly. It is suitable for beginners up to the level of professional fortune tellers. The highlight of my book is that - Can use tarot cards in all questions. - The ability of tarot cards that ordinary people may never experience. - Use tarot cards as a consultant for everyday life. - Use tarot cards to answer suspicions about business. - Tarot card reading in various meanings. - Examples of fortune telling and card reading in various questions For this book, I will use the word instead of those who do tarot card reading with Fortune tellers and I will use the word instead of the fortune owner or the answer recipient with Predictors. Let's all get a new experience from my book. Thank you all for your support.
