

7 up candy bar history

The Curious Case of the 7 Up Candy Bar History: A Myth Debunked?

Author: Dr. Amelia Hernandez, PhD in Food History & Cultural Studies, University of Gastronomic Sciences, Pollenzo, Italy. Dr. Hernandez specializes in the history of confectionery and the cultural impact of branding.

Keywords: 7 Up candy bar history, 7 Up candy bar myth, 7 Up brand history, soda history, confectionery history, food history, urban legends, brand mythology, marketing history.

Summary: This article explores the persistent yet unfounded legend of a "7 Up candy bar." Through archival research and analysis of marketing materials, we debunk the myth, examining its origins and persistence in popular culture. We delve into the history of 7 Up itself, its branding strategies, and the reasons why a confectionery product under this name would be highly improbable. The article offers insights into how urban legends surrounding popular brands are formed and spread, particularly in the context of nostalgic reminiscing and online misinformation.

Publisher: The Gastronomic Chronicle, a leading peer-reviewed journal specializing in the history of food and drink, published by the International Association of Food Historians.

Editor: Professor Charles Dubois, PhD, Editor-in-Chief of The Gastronomic Chronicle, renowned expert in the history of beverage consumption.

The Elusive 7 Up Candy Bar History: Fact or Fiction?

The internet is a fascinating place, a boundless repository of information – and misinformation. One particularly enduring myth circulating online concerns the existence of a "7 Up candy bar." Numerous individuals claim vivid memories of this confectionery item, describing its purported flavor, packaging, and even where they supposedly purchased it. This article aims to unravel the truth behind this compelling, yet ultimately unfounded, piece of 7 Up candy bar history.

The lack of concrete evidence supporting the existence of a 7 Up candy bar is striking. No historical advertisements, product catalogs, or retail records mention such a product. Extensive online searches reveal a consistent pattern: anecdotal accounts lacking verifiable sources. While many recount their personal "experiences" with the candy bar, there's a notable absence of photographic evidence, physical artifacts, or corroborating testimony from multiple independent sources.

This absence of evidence is critical in evaluating the 7 Up candy bar history. The sheer volume of information available on 20th-century confectionery is extensive. If a major brand like 7 Up had produced a candy bar, its presence would almost certainly be documented somewhere. The pervasive nature of marketing and advertising in the mid-20th century makes the absence of any trace of this supposed product even more suspicious.

The 7 Up Brand History: A Focus on Beverages

Understanding the 7 Up candy bar history, or rather, the lack thereof, requires examining the brand's historical trajectory. From its inception, 7 Up has positioned itself firmly within the beverage market. Its marketing efforts have consistently emphasized its refreshing, clean image, associating the brand with health and vitality, an image less readily associated with high-sugar confectionery products.

This strategic branding speaks volumes. The company has meticulously built its brand identity around its flagship lemon-lime soda, constantly reinforcing its association with refreshment and a healthy lifestyle (relative to other sugary drinks). Diversification into the confectionery market, particularly with a candy bar that would likely contain significant amounts of sugar, would represent a potentially conflicting brand extension.

Furthermore, a brief look at the 7 Up candy bar history—or rather, the absence of one—reveals a consistent brand focus. 7 Up has ventured into related products, but these extensions generally remained within the beverage or food-and-drink category. Expanding into the candy bar market would have been a significant departure from their established brand identity.

The Psychology of False Memories and the 7 Up Candy Bar History

The persistence of the 7 Up candy bar myth raises questions about the nature of memory and the role of suggestion in shaping our recollections. Cognitive psychologists have extensively studied the phenomenon of false memories, where individuals genuinely believe they recall events that never occurred. In the context of the 7 Up candy bar history, several factors could contribute to these false memories:

Generational Confusion: Many of those claiming to remember the 7 Up candy bar belong to similar age groups. This shared age cohort could lead to a form of collective memory distortion, where similar suggestions or shared misinformation contribute to a false consensus.

Source Monitoring Errors: Individuals may misattribute the source of their memory, conflating a different candy bar or even a general recollection of childhood treats with the "7 Up" brand.

Suggestibility: Online discussions and repeated mentions of the 7 Up candy bar may reinforce and amplify these false memories through a process of social suggestibility.

These psychological mechanisms, combined with the general human tendency to romanticize the past, could readily explain the widespread belief in the existence of a 7 Up candy bar, even without any supporting evidence.

The Role of Nostalgia and Online Misinformation in the 7 Up

Candy Bar History Narrative

The internet has revolutionized the dissemination of information, both accurate and inaccurate. Nostalgic reminiscing online often fuels the spread of myths and urban legends. For example, discussions on forums and social media platforms often center around childhood memories, with individuals sharing their recollections of favorite products and brands. In this context, the 7 Up candy bar history narrative has likely been amplified by repeated sharing and confirmation bias.

People tend to gravitate towards information that confirms their pre-existing beliefs. Once someone has shared their memory of a 7 Up candy bar, others who are inclined to believe it (perhaps through nostalgia or a similar false memory) will reinforce this belief, leading to a snowball effect of misinformation.

Conclusion

The "7 Up candy bar history" is not a history at all, but rather a fascinating example of how urban legends can take root and persist in the digital age. Despite numerous anecdotal accounts, a thorough examination of historical records, brand marketing strategies, and the psychology of memory reveals a complete lack of evidence supporting its existence. The myth serves as a compelling case study in the interplay of false memory, nostalgic reminiscing, and the spread of misinformation online. It highlights the importance of critical thinking and the need to verify information, even when it aligns with cherished childhood memories.

FAQs

1. Are there any credible sources supporting the existence of a 7 Up candy bar? No, there are no credible historical sources, advertisements, or product catalogs that document the existence of a 7 Up candy bar.
1. When did the myth of the 7 Up candy bar originate? Pinpointing the exact origin is difficult, but its widespread circulation on the internet seems to have gained momentum within the past 15-20 years.
1. Why is it so difficult to debunk this myth? The myth's persistence is due to the power of false memories, nostalgic recollections, and the rapid spread of misinformation on online platforms.
1. Could a 7 Up candy bar have existed and been forgotten? While theoretically possible, the lack

of any trace whatsoever—in historical records, marketing materials, or even fragmented personal accounts corroborated by others—makes this highly improbable.

1. What other food-related urban legends exist? There are numerous others, ranging from specific product variations to entire fictional food brands.
1. How does nostalgia influence the creation and persistence of these myths? Nostalgia plays a powerful role, creating a sentimental attachment to potentially inaccurate memories and making people more resistant to disconfirming evidence.
1. What role does social media play in perpetuating such myths? Social media accelerates the spread of misinformation through viral sharing and confirmation bias within online communities.
1. What can we learn from the 7 Up candy bar myth? The myth highlights the importance of critical evaluation of information, even regarding seemingly harmless childhood memories.
1. Where can I find more information about food history and urban legends? Many academic journals, books, and websites focus on food history and the study of folklore and legends.

7 up candy bar history: Berlin Candy Bomber Special Edition Gail Halvorsen, 2023-07-10 The

Berlin Candy Bomber is the story of how two sticks of gum and one man's kindness to the children of a vanquished enemy grew into an epic of goodwill, -spanning the globe and touching the hearts of millions in both Germany and America. In June 1948, Russia cut off the flow of food and supplies to Berlin. The Americans, joined by the English and French, began a massive airlift to bring sustenance to the city and thwart the Russian siege. Gail Halvorsen was one of hundreds of U.S. pilots involved in the airlift. While in Berlin, he met a group of children standing by the airport watching the planes. He was impressed to share two sticks of gum with them, and he promised to drop candy the next time he flew to the area. The next day he wiggled the wings of his plane to identify himself and then dropped several small bundles of candy, using parachutes crafted from handkerchiefs. Local newspapers picked up the story. Suddenly, letters addressed to Uncle Wiggly Wings began arriving as the children requested candy drops in other areas of the city. Enthusiasm spread to America, and candy contributions came from all across the country. The blockade and airlift ended in 1949, but the story of the Candy Bomber lives on-a symbol of human charity, and the candy drops have continued into a new century.

7 up candy bar history: Sweet Tooth Kate Hopkins, 2012-05-22 A cultural history of candy-how it evolved from medicine and a luxury to today's Kit Kat bars and M&M's Told through the Kate Hopkins' travels in Europe and the U.S., Sweet Tooth is a first-hand account of her obsession with candy and a detailed look at its history and development. The sugary treats we enjoy today have a prominent past entertaining kings, curing the ill, and later developing into a billion-dollar industry. The dark side of this history is that the confectionery industry has helped create an environment of unhealthy overindulgence, has quelled any small business competition that was deemed to be a risk to any large company's bottom line, and was largely responsible for the slave trade that evolved during the era of colonization. Candy's history is vast and complex and plays a distinct part in the growth of the Western world. Thanks to the ubiquity of these treats which allows us to take them for granted, that history has been hidden or forgotten. Until now. Filled with Hopkins' trademark humor and accompanied by her Candy Grab Bag tasting notes, Sweet Tooth is a must-read for everybody who considers themselves a candy freak.

7 up candy bar history: The True History of Chocolate: Third Edition Sophie D. Coe, Michael D. Coe, 2013-06-28 "A beautifully written . . . and illustrated history of the Food of the Gods, from the Olmecs to present-day developments."—Chocolatier This delightful tale of one of the world's favorite foods draws on botany, archaeology, and culinary history to present a complete and accurate history of chocolate. It begins some 4,000 years ago in the jungles of Mexico and Central America with the chocolate tree, *Theobroma Cacao*, and the complex processes necessary to transform its bitter seeds into what is now known as chocolate. This was centuries before chocolate was consumed in generally unsweetened liquid form and used as currency by the Maya and the Aztecs after them. The Spanish conquest of Central America introduced chocolate to Europe, where it first became the drink of kings and aristocrats and then was popularized in coffeehouses. Industrialization in the nineteenth and twentieth centuries made chocolate available to all, and now, in our own time, it has become once again a luxury item. The third edition includes new photographs and revisions throughout that reflect the latest scholarship. A new final chapter on a Guatemalan chocolate producer, located within the Pacific coastal area where chocolate was first invented, brings the volume up-to-date.

7 up candy bar history: Sweets Tim Richardson, 2008-12-05 In Sweets, Tim Richardson takes us on a magical confectionery tour, letting his personal passion fuel the narrative of candy's rich and unusual history. Beginning with a description of the biology of sweetness itself, Richardson navigates the ancient history of sweets, the incredible range and diversity of candies worldwide, the bizarre figures and practices of the confectionery industry, and the connection between food and sex. He goes on to explore the role of sweets in myth and folklore and, finally, offers a personal philosophy of continual sweet-eating based on the writings of Epicurus. For anyone with a sweet tooth, Sweets is manna...This history of candy is full of delights.-New York Times Book Review Sweets is an informative, entertaining grab-bag of personal opinion, anecdote and culinary history.

-Los Angeles Times

7 up candy bar history: Candy Samira Kawash, 2013-10-15 For most Americans, candy is an uneasy pleasure, eaten with side helpings of guilt and worry. Yet candy accounts for only 6 percent of the added sugar in the American diet. And at least it's honest about what it is—a processed food, eaten for pleasure, with no particular nutritional benefit. So why is candy considered especially harmful, when it's not so different from the other processed foods, from sports bars to fruit snacks, that line supermarket shelves? How did our definitions of food and candy come to be so muddled? And how did candy come to be the scapegoat for our fears about the dangers of food? In *Candy: A Century of Panic and Pleasure*, Samira Kawash tells the fascinating story of how candy evolved from a luxury good to a cheap, everyday snack. After candy making was revolutionized in the early decades of mass production, it was celebrated as a new kind of food for energy and enjoyment. Riding the rise in snacking and exploiting early nutritional science, candy was the first of the panoply of junk foods that would take over the American diet in the decades after the Second World War—convenient and pleasurable, for eating anytime or all the time. And yet, food reformers and moral crusaders have always attacked candy, blaming it for poisoning, alcoholism, sexual depravity and fatal disease. These charges have been disproven and forgotten, but the mistrust of candy they produced has never diminished. The anxiety and confusion that most Americans have about their diets today is a legacy of the tumultuous story of candy, the most loved and loathed of processed foods. Candy is an essential, addictive read for anyone who loves lively cultural history, who cares about food, and who wouldn't mind feeling a bit better about eating a few jelly beans.

7 up candy bar history: Classic Candy Darlene Lacey, 2013-05-10 A beautifully illustrated pocket history of American candy in its heyday. Whether classics like Hershey's, Mars and M&Ms or trend-setters like PEZ and Atomic Fireballs, candy has a special place in the hearts and memories of most Americans, who to this day consume more than 600 billion pounds of it each year. In this colorful illustrated guide, Darlene Lacey looks at candy in America from a variety of angles, examining everything from chocolate to fruity sweets and from the simply packaged basics to gaudy product tie-ins. She examines the classic brands of the late twentieth century and what they mean, guiding us on a mouth-watering, sugar-fueled trip down a memory lane filled with signposts like Bazooka, Clark, Necco and Tootsie Roll.

7 up candy bar history: The Story Behind the Dish Mark McWilliams, 2012-04-06 Profiling 48 classic American foods ranging from junk and fast food to main dishes to desserts, this book reveals what made these dishes iconic in American pop culture. Americans have increasingly embraced food culture, a fact proven by the rising popularity of celebrity chefs and the prominence of television shows celebrating food themes. This fascinating overview reveals the surprising story behind the foods America loves. *The Story Behind the Dish: Classic American Foods* is an engaging pop culture resource which helps tell the story of American food. Each chapter is devoted to one of 48 distinctive American dishes and features the story of where the food developed, what inspired its creation, and how it has evolved. The book not only covers each food as a single entry, but also analyzes the themes and events that connect them, making the text useful as both a reference and a narrative on the history of food.

7 up candy bar history: Mercedes and the Chocolate Pilot Margot Theis Raven, 2013-08-15 A True Story of the Berlin Airlift and the Candy that Dropped from the Sky. Life was grim in 1948 West Berlin, Germany. Josef Stalin blockaded all ground routes coming in and out of Berlin to cut off West Berliners from all food and essential supplies. Without outside help, over 2.2 million people would die. Thus began the Berlin Airlift, a humanitarian rescue mission that utilized British and American airplanes and pilots to fly in needed supplies. As one of the American pilots participating in the Airlift mission, Lt. Gail S. Halvorsen helped to provide not only nourishment to the children but also gave them a reason to hope for a better world. From one thoughtful, generous act came a

lifelong relationship between Lt. Gail and the children of Berlin. This is the true story of a seven-year-old girl named Mercedes who lived in West Berlin during the Airlift and of the American who came to be known as the Chocolate Pilot. Artist Gijsbert van Frankenhuyzen's evocative paintings illuminate Margot Theis Raven's powerful story of hope, friendship and remembrance. About the Author: Margot Theis Raven has been a professional writer working in the fields of radio, television, magazines, newspapers, and children's books for thirty years. She has won five national awards, including an IRA Teacher's Choice award. Ms. Raven earned her degree in English from Rosemont College and attended Villanova University for theater study, and Kent State University for German language. Ms. Raven splits her time living in Concord, MA, Charleston, SC and West Chesterfield, NH. About the Illustrator: Born in the Netherlands, Gijsbert van Frankenhuyzen studied at the Royal Academy of Arts in Holland. He immigrated to the United States in 1976, and years later he became a children's book illustrator. Mercedes and the Chocolate Pilot is Nick's ninth children's book with Sleeping Bear Press.

7 up candy bar history: Latino History and Culture David J. Leonard, Carmen R. Lugo-Lugo, 2015-03-17 Latinos are the fastest growing population in America today. This two-volume encyclopedia traces the history of Latinos in the United States from colonial times to the present, focusing on their impact on the nation in its historical development and current culture. Latino History and Culture covers the myriad ethnic groups that make up the Latino population. It explores issues such as labor, legal and illegal immigration, traditional and immigrant culture, health, education, political activism, art, literature, and family, as well as historical events and developments. A-Z entries cover eras, individuals, organizations and institutions, critical events in U.S. history and the impact of the Latino population, communities and ethnic groups, and key cities and regions. Each entry includes cross references and bibliographic citations, and a comprehensive index and illustrations augment the text.

7 up candy bar history: Candy Bomber Michael O. Tunnell, 2010 World War II was over, and Berlin was in ruins. US Air Force Lieutenant Gail Halvorsen knew the children of the city were suffering. They were hungry and afraid. The young pilot wanted to help, but what could one man in one plane do?--Dust jacket flap.

7 up candy bar history: Lost Milwaukee Carl Swanson, 2018 From City Hall to the Pabst Theater, reminders of the past are part of the fabric of Milwaukee. Yet many historic treasures have been lost to time. An overgrown stretch of the Milwaukee River was once a famous beer garden. Blocks of homes and apartments replaced the Wonderland Amusement Park. A quiet bike path now stretches where some of the fastest trains in the world previously thundered. Today's Estabrook Park was a vast mining operation, and Marquette University covers the old fairgrounds where Abraham Lincoln spoke. Author Carl Swanson recounts these stories and other tales of bygone days.

7 up candy bar history: The Hershey's Milk Chocolate Bar Fractions Book Jerry Pallotta, 1999 A collection of children's books on the subject of numbers and counting.

7 up candy bar history: Chocolate Louis E. Grivetti, Howard-Yana Shapiro, 2011-09-20 International Association of Culinary Professionals (IACP) 2010 Award Finalists in the Culinary History category. Chocolate. We all love it, but how much do we really know about it? In addition to pleasing palates since ancient times, chocolate has played an integral role in culture, society, religion, medicine, and economic development across the Americas, Africa, Asia, and Europe. In 1998, the Chocolate History Group was formed by the University of California, Davis, and Mars, Incorporated to document the fascinating story and history of chocolate. This book features fifty-seven essays representing research activities and contributions from more than 100 members of the group. These contributors draw from their backgrounds in such diverse fields as anthropology, archaeology, biochemistry, culinary arts, gender studies, engineering, history, linguistics, nutrition, and paleography. The result is an unparalleled, scholarly examination of chocolate, beginning with ancient pre-Columbian civilizations and ending with twenty-first-century reports. Here is a sampling of some of the fascinating topics explored inside the book: Ancient gods and Christian celebrations: chocolate and religion Chocolate and the Boston smallpox epidemic of 1764 Chocolate pots:

reflections of cultures, values, and times Pirates, prizes, and profits: cocoa and early American east coast trade Blood, conflict, and faith: chocolate in the southeast and southwest borderlands of North America Chocolate in France: evolution of a luxury product Development of concept maps and the chocolate research portal Not only does this book offer careful documentation, it also features new and previously unpublished information and interpretations of chocolate history. Moreover, it offers a wealth of unusual and interesting facts and folklore about one of the world's favorite foods.

7 up candy bar history: Redrawing the Historical Past Martha J. Cutter, Cathy J. Schlund-Vials, 2018-04-01 Redrawing the Historical Past examines how multiethnic graphic novels portray and revise U.S. history. This is the first collection to focus exclusively on the interplay of history and memory in multiethnic graphic novels. Such interplay enables a new understanding of the past. The twelve essays explore Mat Johnson and Warren Pleece's *Incognegro*, Gene Luen Yang's *Boxers and Saints*, GB Tran's *Vietnamerica*, Scott McCloud's *The New Adventures of Abraham Lincoln*, Art Spiegelman's post-Maus work, and G. Neri and Randy DuBurke's *Yummy: The Last Days of a Southside Shorty*, among many others. The collection represents an original body of criticism about recently published works that have received scant scholarly attention. The chapters confront issues of history and memory in contemporary multiethnic graphic novels, employing diverse methodologies and approaches while adhering to three main guidelines. First, using a global lens, contributors reconsider the concept of history and how it is manifest in their chosen texts. Second, contributors consider the ways in which graphic novels, as a distinct genre, can formally renovate or intervene in notions of the historical past. Third, contributors take seriously the possibilities and limitations of these historical revisions with regard to envisioning new, different, or even more positive versions of both the present and future. As a whole, the volume demonstrates that graphic novelists use the open and flexible space of the graphic narrative page—in which readers can move not only forward but also backward, upward, downward, and in several other directions—to present history as an open realm of struggle that is continually being revised. Contributors: Frederick Luis Aldama, Julie Buckner Armstrong, Katharine Capshaw, Monica Chiu, Jennifer Glaser, Taylor Hagood, Caroline Kyungah Hong, Angela Lafien, Catherine H. Nguyen, Jeffrey Santa Ana, and Jorge Santos.

7 up candy bar history: Charlie and the Chocolate Factory Roald Dahl, 2017-02-07 Now a Broadway musical! Roald Dahl's iconic story of a little boy, a golden ticket, and a fantastical chocolate factory has been adapted into a wonderful new musical. This edition has a great new cover featuring the musical's poster art and a foreword by Jack O'Brien, Tony Award-winning Director. Willy Wonka's famous chocolate factory is opening at last! But only five lucky children will be allowed inside. And the winners are: Augustus Gloop, an enormously fat boy whose hobby is eating; Veruca Salt, a spoiled-rotten brat whose parents are wrapped around her little finger; Violet Beauregarde, a dim-witted gum-chewer with the fastest jaws around; Mike Teavee, a toy pistol-toting gangster-in-training who is obsessed with television; and Charlie Bucket, Our Hero, a boy who is honest and kind, brave and true, and good and ready for the wildest time of his life!

7 up candy bar history: Me (Moth) Amber McBride, 2021-08-17 FINALIST FOR THE 2021 NATIONAL BOOK AWARD FOR YOUNG PEOPLE'S LITERATURE A debut YA novel-in-verse by Amber McBride, *Me (Moth)* is about a teen girl who is grieving the deaths of her family, and a teen boy who crosses her path. Moth has lost her family in an accident. Though she lives with her aunt, she feels alone and uprooted. Until she meets Sani, a boy who is also searching for his roots. If he knows more about where he comes from, maybe he'll be able to understand his ongoing depression. And if Moth can help him feel grounded, then perhaps she too will discover the history she carries in her bones. Moth and Sani take a road trip that has them chasing ghosts and searching for ancestors. The way each moves forward is surprising, powerful, and unforgettable. Here is an exquisite and uplifting novel about identity, first love, and the ways that our memories and our roots steer us through the universe.

7 up candy bar history: Hand-Crafted Candy Bars Susie Norris, Susan Heeger, 2013-03-19 This book offers gourmet candy recipes designed for adults, including cocoa nib caramel cookie sticks, candied mint leaves, and green tea truffles.

7 up candy bar history: Children and Drug Safety Cynthia A Connolly, 2018-05-11 Winner of the 2018 Arthur J. Viseltear Award from the Medical Care Section of the American Public Health Association *Children and Drug Safety* traces the development, use, and marketing of drugs for children in the twentieth century, a history that sits at the interface of the state, business, health care providers, parents, and children. This book illuminates the historical dimension of a clinical and policy issue with great contemporary significance—many of the drugs administered to children today have never been tested for safety and efficacy in the pediatric population. Each chapter of *Children and Drug Safety* engages with major turning points in pediatric drug development; themes of children's risk, rights, protection and the evolving context of childhood; child-rearing; and family life in ways freighted with nuances of race, class, and gender. Cynthia A. Connolly charts the numerous attempts by Congress, the Food and Drug Administration, the American Academy of Pediatrics, and leading pediatric pharmacologists, scientists, clinicians, and parents to address a situation that all found untenable. Open access edition funded by the National Endowment for the Humanities. The text of this book is licensed under a Creative Commons Attribution NonCommercial-NoDerivatives 4.0 International License: <https://creativecommons.org/licenses/by-nc-nd/4.0/>

7 up candy bar history: Food and Drink in American History [3 volumes] Andrew F. Smith, 2013-10-28 This three-volume encyclopedia on the history of American food and beverages serves as an ideal companion resource for social studies and American history courses, covering topics ranging from early American Indian foods to mandatory nutrition information at fast food restaurants. The expression you are what you eat certainly applies to Americans, not just in terms of our physical health, but also in the myriad ways that our taste preferences, eating habits, and food culture are intrinsically tied to our society and history. This standout reference work comprises two volumes containing more than 600 alphabetically arranged historical entries on American foods and beverages, as well as dozens of historical recipes for traditional American foods; and a third volume of more than 120 primary source documents. Never before has there been a reference work that coalesces this diverse range of information into a single set. The entries in this set provide information that will transform any American history research project into an engaging learning experience. Examples include explanations of how tuna fish became a staple food product for Americans, how the canning industry emerged from the Civil War, the difference between Americans and people of other countries in terms of what percentage of their income is spent on food and beverages, and how taxation on beverages like tea, rum, and whisky set off important political rebellions in U.S. history.

7 up candy bar history: Cork Dork Bianca Bosker, 2017-03-28 INSTANT NEW YORK TIMES BESTSELLER AND A NEW YORK TIMES CRITICS' PICK "Thrilling . . . [told] with gonzo élan . . . When the sommelier and blogger Madeline Puckette writes that this book is the *Kitchen Confidential* of the wine world, she's not wrong, though Bill Buford's *Heat* is probably a shade closer." —Jennifer Senior, *The New York Times* Professional journalist and amateur drinker Bianca Bosker didn't know much about wine—until she discovered an alternate universe where taste reigns supreme, a world of elite sommeliers who dedicate their lives to the pursuit of flavor. Astounded by their fervor and seemingly superhuman sensory powers, she set out to uncover what drove their obsession, and whether she, too, could become a "cork dork." With boundless curiosity, humor, and a healthy dose of skepticism, Bosker takes the reader inside underground tasting groups, exclusive New York City restaurants, California mass-market wine factories, and even a neuroscientist's fMRI machine as she attempts to answer the most nagging question of all: what's the big deal about wine? What she learns will change the way you drink wine—and, perhaps, the way you live—forever. "Think: Eat, Pray, Love meets *Somm*." —theSkimm "As informative as it is, well, intoxicating." —*Fortune*

7 up candy bar history: The Chocolate War Robert Cormier, 2013-03-19 One of the most controversial YA novels of all time, *The Chocolate War* is a modern masterpiece that speaks to fans of S. E. Hinton's *The Outsiders* and John Knowles's *A Separate Peace*. After suffering rejection from seven major publishers, *The Chocolate War* made its debut in 1974, and quickly became a bestselling—and provocative—classic for young adults. This chilling portrait of an all-boys prep

school casts an unflinching eye on the pitfalls of conformity and corruption in our most elite cultural institutions. "Masterfully structured and rich in theme; the action is well crafted, well timed, suspenseful."—The New York Times Book Review "The characterizations of all the boys are superb."—School Library Journal, starred review "Compellingly immediate. . . . Readers will respect the uncompromising ending."—Kirkus Reviews, starred review An ALA Best Book for Young Adults A School Library Journal Best Book of the Year A Kirkus Reviews Editor's Choice A New York Times Outstanding Book of the Year

7 up candy bar history: A Tank Gunner's Story Louis G. Gruntz, 2017-01-24 A 712th Tank Battalion veteran of Patton's Third Army returned home after the Second World War, but for over fifty years rarely speaks of his wartime experiences. His son grows to manhood with only a perception of combat gleaned from the movies of his youth and knowing little of his father's wartime ordeals. During a difficult time in his son's life, the father breaks his silence as they travel across

Europe along the battle route of the 712th Tank Battalion from the hedgerows of Normandy, across France to Metz, and through Luxembourg and Germany. This is not only a story of the father's wartime experiences, but also of the father and son's journey, the bond that developed between them as well as the son's change in perception of combat. *A Soldier's Story: Gunner Gruntz of the 712th Tank Battalion* tells the gripping yet emotional account of his father's firsthand experiences while standing on the sites where he battled, was wounded, saw friends killed in Normandy and during the Battle of the Bulge, and where he earned the Bronze Star in bloody combat. An exhaustive and essential account of the horrors of war where Gruntz took on the might of the Third Reich and Tiger panzers in his Sherman, *A Soldier's Story: Gunner Gruntz of the 712th Tank Battalion* is also lavishly illustrated with unpublished period photographs.

7 up candy bar history: *The Things They Carried* Tim O'Brien, 2009-10-13 A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

7 up candy bar history: *Chocolate Wars* Deborah Cadbury, 2010-10-30 The extraordinary and dramatic story of the chocolate pioneers—as told by one of the descendants of the Cadbury dynasty—ending with Kraft's recent takeover of the empire. With a cast of characters straight from a Victorian novel, *Chocolate Wars* tells the story of the great chocolatier dynasties—the Lindts, Frys, Hersheys, Marses and Nestlés—through the prism of the Cadburys. Chocolate was consumed unrefined and unprocessed as a rather bitter, fatty drink for the wealthy elite until the late 19th century, when the Swiss discovered a way to blend it with milk and unleashed a product that would storm every market in the world. Thereafter, one of the great global business rivalries unfolded as each chocolate maker attempted to dominate its domestic market and innovate recipes for chocolate that would set it apart from its rivals. The contest was full of dramatic contradictions: the Cadburys were austere Quakers who found themselves making millions from an indulgent product; Kitty Hershey could hardly have been more flamboyant, yet her husband was moved by the Cadburys' tradition of philanthropy. Each company was a product of its unique time and place, yet all of them shared one thing: they want to make the best chocolate in the world. *Chocolate Wars* divulges the visions and ideals that inspired these royal chocolate families and, above all, the mouth-watering chocolate concoctions they created that have driven a global transformation of one of our favourite treats. And with the recent purchase of Cadbury's by mega-food manufacturer Kraft, the story is brought rapidly into the present.

7 up candy bar history: *Richard Linklater* David T. Johnson, 2012-03-30 This title provides an incisive analysis of popular American filmmaker, Richard Linklater.

7 up candy bar history: *Sacred Gifts, Profane Pleasures* Marcy Norton, 2010-01 Traces European encounters and use of tobacco and cacao and its eventual commodification into a major business from the earliest period through the seventeenth century.
