Editor: Sarah Miller – Sarah Miller has been an editor at Runner's World for 8 years, specializing in training plans and race preparation. Her background in sports journalism ensures accuracy and engaging readability.

Keyword: 8 week half marathon training program

Introduction: Embarking on Your 8 Week Half Marathon Journey

The allure of crossing a half marathon finish line is powerful. This challenging yet achievable distance represents a significant accomplishment for runners, demanding dedication, planning, and a well-structured training program. This article provides a comprehensive guide to an effective 8 week half marathon training program, designed to help you reach your goal safely and successfully, even if you're a beginner. While an 8-week plan might be considered ambitious for complete beginners, this plan caters to those with a base level of running fitness. Those with no running experience should consider a longer training plan.

Understanding the Significance of an 8 Week Half Marathon Training Program

An 8 week half marathon training program is structured to build your endurance, strength, and speed gradually over a short period. This focused approach ensures you're adequately prepared for the demands of the race without overwhelming your body. The program includes key elements like:

Progressive Overload: Gradually increasing the intensity and duration of your runs to challenge your body and stimulate improvement.

Rest and Recovery: Incorporating rest days and active recovery to prevent injury and allow your body to adapt.

Variety: Including different types of runs, such as easy runs, tempo runs, interval training, and long runs, to develop various fitness aspects.

Tapering: Reducing your training volume and intensity in the final week to allow your body to fully recover before race day.

The 8 Week Half Marathon Training Plan: A Week-by-Week Breakdown

This 8 week half marathon training program is designed for runners who can already comfortably run 3-5 miles without stopping. It assumes a current running base and should be adjusted based on individual needs and fitness levels. Consult a physician before starting any new workout routine.

(Note: This is a sample plan. Adjust distances and intensity based on your current fitness level and experience. Listen to your body and don't hesitate to take rest days when needed.)

Week 1-2: Base Building

Monday: Rest

Tuesday: 3 miles easy pace

Wednesday: Cross-training (cycling, swimming, strength training)

Thursday: 3 miles easy pace

Friday: Rest

Saturday: 4 miles easy pace

Sunday: Long run: 5 miles easy pace

Week 3-4: Increasing Mileage

Monday: Rest

Tuesday: 4 miles easy pace

Wednesday: Cross-training

Thursday: 4 miles easy pace

Friday: Rest

Saturday: 5 miles easy pace

Sunday: Long run: 6 miles easy pace

Week 5: Tempo Run Introduction

Monday: Rest

Tuesday: 3 miles easy pace

Wednesday: Cross-training

Thursday: 2 miles easy pace + 1 mile tempo run (comfortably hard) + 1 mile easy pace cool down

Friday: Rest

Saturday: 4 miles easy pace

Sunday: Long run: 7 miles easy pace

Week 6: Interval Training and Long Run

Monday: Rest

Tuesday: 4 miles easy pace

Wednesday: Cross-training

Thursday: Intervals (8 x 400m at 5k pace with equal recovery)

Friday: Rest
Saturday: 5 miles easy pace
Sunday: Long run: 8 miles easy pace

Week 7: Building Endurance

Monday: Rest
Tuesday: 3 miles easy pace
Wednesday: Cross-training
Thursday: 2 miles easy pace + 1 mile tempo run + 1 mile easy pace
Friday: Rest
Saturday: 4 miles easy pace
Sunday: Long run: 9 miles easy pace

Week 8: Tapering and Race Preparation

Monday: Rest
Tuesday: 2 miles easy pace
Wednesday: Cross-training (light)
Thursday: 1 mile easy pace
Friday: Rest
Saturday: Rest or very short, easy run (1 mile max)
Sunday: RACE DAY!

Nutrition and Hydration for Your 8 Week Half Marathon Training Program

Fueling your body correctly is crucial for successful training. Prioritize a balanced diet rich in carbohydrates for energy, protein for muscle repair, and healthy fats. Stay hydrated throughout the day, especially during and after your runs. Experiment with different fueling strategies during your long runs to determine what works best for you.

Injury Prevention and Recovery Strategies in Your 8 Week Half Marathon Training Program

Listen to your body! Pay attention to any pain or discomfort and don't push through injuries. Incorporate proper warm-up and cool-down routines before and after each run. Prioritize rest and recovery, allowing your body ample time to repair and rebuild. Consider incorporating foam rolling and stretching into your routine.

Mental Preparation for Your 8 Week Half Marathon Training Program

The mental game is just as important as the physical aspect. Develop a positive mindset, set realistic goals, and break down your training into smaller, manageable chunks. Visualize yourself

successfully completing the half marathon. Celebrate your accomplishments along the way to stay motivated.

Conclusion

This 8 week half marathon training program offers a structured approach to help you achieve your running goals. Remember, consistency and listening to your body are key. By following this plan diligently and incorporating proper nutrition, rest, and mental preparation, you'll be well-equipped to tackle the challenge and enjoy the incredible sense of accomplishment that comes with finishing a half marathon. Good luck!

FAQs

1. Can I modify this 8 week half marathon training program? Yes, you can adjust the distances and intensity levels to suit your fitness level. But always prioritize safety and gradually increase your mileage.
1. What if I miss a workout in my 8 week half marathon training program? Don't worry too much about missing a single workout. Just get back on track with your next scheduled run.
1. What type of shoes should I wear for my 8 week half marathon training program? Choose running shoes that provide good support and cushioning, and are appropriate for your foot type. Consult a running specialist for assistance.
1. How important is cross-training in this 8 week half marathon training program? Cross-training is crucial for injury prevention and overall fitness. It helps build strength and endurance without the impact of running.
1. What should I eat before and after my runs? Consume carbohydrates before your runs for energy and protein after your runs for muscle recovery. Experiment to find what works best for you.
1. How much sleep should I get during my 8 week half marathon training program? Aim for 7-9 hours of quality sleep per night to promote muscle recovery and overall well-being.

1. What should I do if I experience pain during my training? Stop running immediately and consult a doctor or physical therapist if the pain persists.
1. Is this 8 week half marathon training program suitable for beginners? This plan assumes a base level of running fitness. Complete beginners should consider a longer training plan.
1. Where can I find more resources on half marathon training? Search online for "half marathon training plans" or consult running books and websites. Runner's World is a great resource.

8 week half marathon training program: *Hal Higdon's Half Marathon Training* Higdon, Hal, 2016-03-01 Hal Higdon's Half Marathon Training offers prescriptive programming for all levels of runners. Not only will it help you learn how to get started with your training, but it will show you where to focus your attention, when to progress, and how to keep it simple.

8 week half marathon training program: *Run to the Finish* Amanda Brooks, 2020-03-03 Inspiration and practical tips for runners who prioritize enjoyment over pace and embrace their place as an average runner In her first book, popular runner blogger Amanda Brooks lays out the path to finding greater fulfillment in running for those who consider themselves middle of the pack runners -- they're not trying to win Boston (or even qualify for Boston); they just want to get strong and stay injury-free so they can continue to enjoy running. Run to the Finish is not your typical running book. While it is filled with useful strategic training advice throughout, at its core, it is about embracing your place in the middle of the pack with humor and learning to love the run you've got without comparing yourself to other runners. Mixing practical advice like understanding the discomfort vs. pain, the mental side of running, and movements to treat the most common injuries with more playful elements such as Favorite hilarious marathon signs and Weird Thoughts We all Have at the Start Line, Brooks is the down-to-earth, inspiring guide for everyone who wants to be happier with their run.

8 week half marathon training program: *Faster Road Racing* Pete Pfitzinger, Philip Latter, 2014-11-24 Renowned running authority, coach, and best-selling author Pete Pfitzinger teams with Philip Latter, senior writer for Running Times, in this must-have training guide for the most popular race distances, including the 5K, 10K, and half marathon. Faster Road Racing: 5K to Half Marathon presents easy-to-follow programs proven to give you an edge in your next race. You'll discover detailed plans for race-specific distances as well as expert advice on balancing training and recovery, cross-training, nutrition, tapering, and training over age 40. And for serious runners who compete in numerous races throughout the year, Pfitzinger's multi-race, multi-distance training plans are invaluable. Faster Road Racing is your all-inclusive resource on running your fastest at distances of 5K, 8K to 10K, 15K to 10 miles, and the half marathon.

8 week half marathon training program: *Hansons Marathon Method* Humphrey Luke,

2012-11-27 In Hansons Marathon Method, the coaches of the Hansons-Brooks Distance Project reveal the methods they've used to turn their runners into race winners, national champions, and Olympians. Hansons Marathon Method offers a radical overhaul of marathon training that promises to turn any runner into a true marathoner and help experienced marathoners set new personal bests. Hansons Marathon Method does away with mega-long runs and high-mileage weekends--two outdated traditions that make most runners miserable. Instead, runners using the Hansons method will gradually build up to the moderate-high mileage required for marathon success, spreading those miles more sensibly throughout the week. Running easy days mixed with precisely paced speed, strength, and tempo workouts, runners will steel their bodies and minds to run the hardest miles of the marathon. Both Beginner and Advanced training programs feature the unique Hansons 16-mile long run which, as part of the Hansons program, is ideal for preparing the body for the marathon. Humphrey explains how runners should set their goal race pace and shows how to customize the Hansons method to their own needs, like adding extra racing, running more miles, and handling training interruptions. Detailed nutrition and hydration chapters help runners pinpoint their personal energy and hydration needs so they know precisely how much to eat and drink during workouts, race week, race day, and for recovery. The Hansons approach to pacing and nutrition means marathoners will never hit the wall. Hansons Marathon Method lays out the smartest marathon training program available from one of the most accomplished running groups in the nation. Using this innovative approach, runners will mold real marathon muscles, train their body to never hit the wall, and prepare to run their fastest marathon.

8 week half marathon training program: Runner's World Run Less Run Faster Bill Pierce, Scott Murr, 2021-01-19 Finally, runners at all levels can improve their race times while training less, with the revolutionary Furman Institute of Running and Scientific Training (FIRST) program. Hailed by the Wall Street Journal and featured twice in six months in cover stories in Runner's World magazine, FIRST's unique training philosophy makes running easier and more accessible, limits overtraining and burnout, and substantially cuts the risk of injury, while producing faster race times. The key feature is the 3 plus 2 program, which each week consists of: -3 quality runs, including track repeats, the tempo run, and the long run, which are designed to work together to improve endurance, lactate-threshold running pace, and leg speed -2 aerobic cross-training workouts, such as swimming, rowing, or pedaling a stationary bike, which are designed to improve endurance while helping to avoid burnout With detailed training plans for 5K, 10K, half marathon, and marathon, plus tips for goal-setting, rest, recovery, injury rehab and prevention, strength training, and nutrition, this program will change the way runners think about and train for competitive races. Amby Burfoot, Runner's World executive editor and Boston Marathon winner, calls the FIRST training program the most detailed, well-organized, and scientific training program for runners that I have ever seen.

8 week half marathon training program: Marathon Hal Higdon, 2005-09-03 Features instructions for runners of all ability levels on preparing for a marathon, including training schedules, advice on diet, defensive running strategies, and tips for staying motivated.

8 week half marathon training program: Daniels' Running Formula Jack Daniels, 2014 Recommended by Runner's World magazine as the best training book by the world's greatest coach, Daniels' Running Formula provides an expert training and racing blueprint for dedicated runners of all abilities.

8 week half marathon training program: The Run Walk Run® Method Jeff Galloway, 2016-05-23 Jeff's quest for the injury-free marathon training program led him to develop group training programs in 1978, and to author Runner's World articles which have been used by hundreds of thousands of runners of all abilities. His training schedules have inspired the second wave of marathoners who follow the Galloway RUN-WALK-RUN™, low mileage, three-day suggestions to an over 98% success rate. Jeff has worked with over 200,000 average people in training for specific goals. Jeff is an inspirational speaker to over 200 running and fitness sessions each year. His innovative ideas have opened up the possibility of running and completing a marathon to almost everyone. Philosophically, Jeff believes that we were all designed to run and walk, and he keeps

finding ways to bring more people into the positive world of exercise.

8 week half marathon training program: Advanced Marathoning Pete Pfitzinger, Scott Douglas, 2008-12-19 Shave minutes off your time using the latest in science-based training for serious runners. Advanced Marathoning has all the information you need to train smarter, remain injury free, and arrive on the start line ready to run the marathon of your life. Including marathon-pace runs and tempo runs, Advanced Marathoning provides only the most effective methods of training. You'll learn how to complement your running workouts with strength, core, flexibility, and form training; implement cutting-edge nutrition and hydration strategies and recovery techniques; and taper properly to reach peak performance. With easy-to-understand day-by-day training schedules for 18- and 12-week preparation for weekly distances of 55, 55 to 70, 70 to 85, and 85-plus miles, Advanced Marathoning is simply the most comprehensive and efficient approach to marathoning. If you're ready to achieve your personal best, this book is for you.

8 week half marathon training program: Dusk Before the Dawn Larry Ketchersid, 2006-04 Combining nanotechnology, martial arts and a struggle for world domination, Dusk Before the Dawn follows people struggling to not only survive in a new world order, but to shape it.

8 week half marathon training program: The Little Red Book of Running Scott Douglas, 2011-06-14 Scott Douglas offers the advice he's gleaned from three decades of running, from twenty years as a running writer, and from the deep connections he's made with top runners and coaches around the country and around the world. The 250 tips offered here are the next best thing to having a personal coach or an experienced running partner. Douglas includes tips for increasing your daily, weekly, and yearly mileage; advice on increasing your speed and racing faster; useful knowledge on how to stay injury-free and be a healthy runner; and much more. The range of tips means there's something for any runner—someone looking to start running to get in shape, a competitive high school or college runner, an athlete looking to move into running, or an experienced runner looking to improve his or her time in an up-coming marathon. You have the questions: What running apparel is best? What kind of gear do you need to run in the rain or snow? How do you find time in a busy schedule to run? How can you set and achieve meaningful goals? Douglas has the answers. In a hardcover edition handsome enough to give as a gift, The Little Red Book of Running is more than a handbook—it's a runner's new best friend.

8 week half marathon training program: Marathon David A. Smith, 1982

8 week half marathon training program: Hansons First Marathon Luke Humphrey, Keith Hanson, Kevin Hanson, 2018-10-12 The results have been proven at every level, from the beginner to the elite, the Hanson's training system works. - Desiree Davila, Olympic marathoner With the right training, ANYONE can finish a marathon! 8 week half marathon training program: Train Like a Mother Dimity McDowell, Sarah Bowen Shea, 2012-03-20 The authors of *Run Like a Mother* share a comprehensive guide to race training for busy runners of all experience levels. In *Train Like a Mother*, elite runners Dimity McDowell and Sarah Bowen Shea offer inspiration and practical advice on how to run a race—from training plan to finish line. Covering four race distances (5K, 10K, half-marathon, and marathon), they discuss pre- and post-race nutrition; strength training; injury prevention (and rehab); the importance of recovery; and everything busy women need to know to add racing to their multitasking schedules. It is all presented with the same wit, empathy, and tone the avid fans connect and identify with.

8 week half marathon training program: *No Meat Athlete* Matt Frazier, Matt Ruscigno, 2013-10 Combining the winning elements of proven training approaches, motivational stories, and innovative recipes, *No Meat Athlete* is a unique guidebook, healthy-living cookbook, and nutrition primer for the beginner, every day, and serious athlete who wants to live a meatless lifestyle. Author and popular blogger, Matt Frazier, will show you that there are many benefits to embracing a meat-free athletic lifestyle, including: Weight loss, which often leads to increased speed; Easier digestion and faster recovery after workouts; Improved energy levels to help with not just athletic performance but your day-to-day life; Reduced impact on the planet. Whatever your motivation for choosing a meat-free lifestyle, this book will take you through everything you need to know to apply your lifestyle to your training. Matt Frazier provides practical advice and tips on how to transition to

a plant-based diet while getting all the nutrition you need; uses the power of habit to make those changes last; and offers up menu plans for high performance, endurance, and recovery. Once you've mastered the basics, Matt delivers a training manual of his own design for runners of all abilities and ambitions. The manual provides training plans for common race distances and shows runners how to create healthy habits, improve performance, and avoid injuries. No Meat Athlete will take you from the start to finish line, giving you encouraging tips, tricks, and advice along the way--

8 week half marathon training program: Simple Marathon Training Jay Johnson, 2016-11-01 Book Description Do you dream of running a great marathon, but your busy life and obligations make the training commitments difficult? Do you suffer from injuries that put you on the sidelines when you desire to race? The 20-week Simple Marathon Training system can prepare you for marathon success. With a modern outlook on training schedules, innovative exercises for injury prevention and maximizing time spent training, the Simple Marathon Training system prepares you to toe the line with the confidence to run your best marathon. The Simple Marathon Training system has improved marathon times and the overall experience for many busy adult runners with hectic lives. This system works. It will for you, too. Included in Simple Marathon Training is a day-by-day schedule which includes running assignments as well as the crucial element missing from most training plans: core strength, hip strength and hip mobility exercises. You don't have to look at a sequence of photos in the book to learn these routines, rather, you will be able to watch all these strength and mobility videos online, for free. The incorporation of training videos into a sound marathon training program makes Simple Marathon a one of a kind system; a book that will help any committed athlete run a great marathon. The Geek Out section at the back of the book is another unique aspect of Simple Marathon Training. The Geek Outs are written by world-renowned physiologists and professional marathoners as well as Coach Jay's clients who have been using the system for several years to run PRs. You'll learn why it's best to do your hardest strength and mobility work on the same day as your workouts and long runs. You'll learn the correct method for fueling during a marathon. Information on imagery leading up to the race and mental skills to use during race day are just some of the topics in the Geek Out section. The bottom line is, if you're a busy adult with a hectic life, Simple Marathon Training is the right training book for you. Jay's training system works beautifully for runners who aim for excellence in every area of their lives-athletically, personally and professionally. He understands that we're busy but still want to run our best; he's helped me do just that. Cindy Kuzma, Freelance health and fitness writer and contributing editor to Runner's World Magazine

8 week half marathon training program: Run for Good Christine Many Luff, 2018-11-16 Have you always wanted to learn to run and experience the life-changing benefits of running? Or have you tried to start running in the past, but just couldn't stick with it? Maybe you thought you weren't meant to be a runner, or just didn't have the time, energy, motivation, or willpower to keep running. Whether you're brand-new to running, tried it in the past without much success, or you just can't get into a running groove, RUN FOR GOOD gives you a comprehensive roadmap to starting and maintaining a lifelong running habit. Based on her years of experience as a runner, certified running coach and trainer, and fitness writer/researcher, author Christine Luff gives you an expert-guided, step-by-step plan for creating an enduring running habit. In this book, you'll learn: -Tips on how to run, what to wear, and how to make running easier -How to establish a habit loop to make running part of your regular routine -How to deal with inevitable setbacks and roadblocks that pop up -How to run smartly and safely with the right training schedules -Tips, tricks, and effective strategies to stay motivated to keep running -Strategies for racing, proper nutrition, injury prevention to keep your running habit going -How to avoid issues and problems that have derailed your healthy habits in the past -Advice on how to make running a rewarding and fun part of your life. This ultimate guide to running will get you started on the right foot with running, help you develop (or re-discover) a love and gratitude for running, and inspire and motivate you to keep running - for good.

8 week half marathon training program: Marathoning for Mortals John Bingham, Jenny

Hadfield, 2003-05-02 Once considered a feat for superhuman athletes, the marathon is now within every mortal's grasp. Former couch potato John Bingham has joined forces with coach Jenny Hadfield to create a winning plan that works for every mortal—even you. John and Jenny stick with you every step of the way, from your first insecure thoughts to your last-minute jitters to your supreme joy at the finish line. In *Marathoning for Mortals*, you'll find:

- 8 training programs to run, run-walk, walk-run, or walk the half-marathon and marathon
- The advice you need to physically, mentally, and spiritually reach your dreams
- Tips to help you customize your training, buy the right shoes and apparel, and eat the best foods
- Guidance for common motivational, physical, and emotional roadblocks

Join John and Jenny on an amazing transformative journey where the finish line is just the beginning.

8 week half marathon training program: *Running for Mortals* John Bingham, Jenny Hadfield, 2007-04-17 The authors of *Marathoning for Mortals* - John The Penguin Bingham and Coach Jenny Hadfield, MA, CPT - now show beginning runners how to fit running into their lifestyle easily. You don't have to run fast or competitively to reap the rewards that running has to offer. What you do need is the courage to start. That is the Penguin mantra that has enabled John Bingham—through his best-selling book *No Need for Speed*, his popular monthly column for *Runner's World* magazine, and his many appearances at major running events throughout the year—to inspire thousands of men and women to take up the sport for fitness and the sheer enjoyment that running brings them. By teaming up with coach Jenny Hadfield, his wife and coauthor on *Marathoning for Mortals*, Bingham lays out strategies that will help readers to safely and effortlessly integrate runs into their busy schedules. In this book, backed by *Runner's World*, the authority of America's leading running magazine, the authors provide tips for getting started, sticking to a routine, eating for energy, hydration, and training for speed and endurance.

8 week half marathon training program: *80/20 Triathlon* Matt Fitzgerald, David Warden, 2018-09-18 A breakthrough program for triathletes -- beginner, intermediate, and advanced -- showing how to balance training intensity to maximize performance -- from a fitness expert and elite coach. Cutting-edge research has proven that triathletes and other endurance athletes experience their greatest performance when they do 80 percent of their training at low intensity and the remaining 20 percent at moderate to high intensity. But the vast majority of recreational triathletes are caught in the so-called moderate-intensity rut, spending almost half of their time training too hard--harder than the pros. Training harder isn't smarter; it actually results in low-grade chronic fatigue that prevents recreational athletes from getting the best results. In *80/20 Triathlon*, Matt Fitzgerald and David Warden lay out the real-world and scientific evidence, offering concrete tips and strategies, along with complete training plans for every distance--Sprint, Olympic, Half-Ironman, and Ironman--to help athletes implement the 80/20 rule of intensity balance. Benefits include reduced fatigue and injury risk, improved fitness, increased motivation, and better race results.

8 week half marathon training program: *Fast 5K* Pete Magill, 2019-09-10 Spend two hours with Pete Magill's *Fast 5K* and you'll know how to run your fastest 5K. In his fast-paced, ultimate guide to 5K running races, celebrated running coach Pete Magill reveals the 25 crucial keys to setting your next 5K PR. Magill shares hard-earned lessons he gained while leading 19 teams to USA national championships and setting multiple American and world age-group and masters records. *Fast 5K* shares Magill's essential keys to finding your fastest running fitness and race readiness. The 25 keys include optimal training mileage, effective tempo runs, VO2 max workouts, hill repeats, plyometrics that work, ways to prevent injuries, recovery tips, guides to diet and racing weight, choosing racing flats, and much more. Offering three 12-week and one 16-week 5K training plans, *Fast 5K* is the key to your best 5K running times. Pete Magill is a world-class 5K runner, personally holds multiple American and world age-group records in track & field and road racing and is a 5-time USA Masters Cross Country Runner of the Year. Now in this distilled guide, you can get world-class advice on how to run your fastest 5K ever.

8 week half marathon training program: *The Wim Hof Method* Wim Hof, 2022-04-14 THE

SUNDAY TIMES BESTSELLING PHENOMENON 'I've never felt so alive' JOE WICKS 'The book will change your life' BEN FOGLE My hope is to inspire you to retake control of your body and life by unleashing the immense power of the mind. 'Wim is a legend of the power ice has to heal and empower' BEAR GRYLLS 'Thor-like and potent...Wim has radioactive charisma' RUSSELL BRAND

8 week half marathon training program: Run Your Butt Off! Leslie Bonci, Sarah Butler, Budd Coates, 2011-03-15 Shed unwanted pounds and keep them off ONCE AND FOR ALL with Run Your Butt Off!, a back-to-basics, test panel-approved weight-loss plan and beginners' running program that yields sustainable, healthy results. The Run Your Butt Off! program is founded on the simple concept that in order to lose weight, calories burned must exceed calories consumed. No gimmicks, no shortcuts, no silver bullets can circumvent that reality. With this program, you'll learn to burn fat from both sides of the weight-loss equation—the calories in and the calories out—at the same time. Run Your Butt Off! will make you fitter, stronger, and leaner.

8 week half marathon training program: Once a Runner John L. Parker, 2009-04-07 The undisputed classic of running novels and one of the most beloved sports books ever published, *Once a Runner* tells the story of an athlete's dreams amid the turmoil of the 60s and the Vietnam war. Inspired by the author's experience as a collegiate champion, the novel follows Quenton Cassidy, a competitive runner at fictional Southeastern University whose lifelong dream is to run a four-minute mile. He is less than a second away when the turmoil of the Vietnam War era intrudes into the staid recesses of his school's athletic department. After he becomes involved in an athletes' protest, Cassidy is suspended from his track team. Under the tutelage of his friend and mentor, Bruce Denton, a graduate student and former Olympic gold medalist, Cassidy gives up his scholarship, his girlfriend, and possibly his future to withdraw to a monastic retreat in the countryside and begin training for the race of his life against the greatest miler in history. A rare insider's account of the incredibly intense lives of elite distance runners, *Once a Runner* is an inspiring, funny, and spot-on tale of one individual's quest to become a champion.

8 week half marathon training program: FASTER Way to Fat Loss Amanda Tress, 2019-05-20 Are you one of the millions of individuals who have tried every fad diet on the market, and still can't meet your goals? Or maybe you're killing yourself at the gym, spending hours on the treadmill to maintain the perfect number on the scale. Regardless of your failing strategy, you're feeling exhausted, discouraged, and uninspired. Enter *The FASTER Way to Fat Loss*, a behind-the-scenes look at the lifestyle sweeping the health and wellness industry. Since the creation of the program in 2016, the FASTER Way has helped tens of thousands of men and women lose fat and regain confidence. Through the book, Amanda Tress, author and creator of the FASTER Way to Fat Loss, details the core components of the FASTER Way and dives into the science that backs them up. Please note: Purchasing this book does NOT include participation in the official FASTER Way to Fat Loss program. Program registration must be purchased separately at www.fasterwaytofatloss.com.

8 week half marathon training program: *Marathon Woman* Kathrine Switzer, 2017-04-04 A new edition of a sports icon's memoir, coinciding with the 50th anniversary of Kathrine Switzer's historic running of the Boston Marathon as the first woman to run. In 1967, Kathrine Switzer was the first woman to officially run what was then the all-male Boston Marathon, infuriating one of the event's directors who attempted to violently eject her. In one of the most iconic sports moments, Switzer escaped and finished the race. She made history-and is poised to do it again on the fiftieth anniversary of that initial race, when she will run the 2017 Boston Marathon at age 70. Now a spokesperson for Reebok, Switzer is also the founder of 261 Fearless, a foundation dedicated to creating opportunities for women on all fronts, as this groundbreaking sports hero has done throughout her life. Kathrine Switzer is the Susan B. Anthony of women's marathoning.-Joan Benoit Samuelson, first Olympic gold medalist in the women's marathon

8 week half marathon training program: Marathon Jeff Galloway, 2010 *Marathon: You Can Do It* details Olympian Jeff Galloway's revolutionary walk/run training methods that have enabled tens of thousands of people to run marathons. This innovative method opens up marathon running to everyone -- not just rock-hard athletes, but also those who may be out of shape, overweight, or past their athletic prime. This updated edition includes the new magic mile time trial, fat-burning techniques, adjustments in the weekly schedule to prevent injuries and improve performance, and quick fixes to keep runners motivated during latter stages of marathon.

8 week half marathon training program: Training Essentials for Ultrarunning Jason Koop, 2016-05-01 When elite ultrarunners have a need for speed, they turn to coach Jason Koop. Now the sport's leading coach makes his highly effective ultramarathon training methods available to ultrarunners of all abilities in his book *Training Essentials for Ultrarunning*. Ultramarathoners have traditionally piled on the miles or tried an approach that worked for a friend. Yet ultramarathons are not just longer marathons; simply running more will not prepare you for the race experience you want. Ultramarathon requires a new and specific approach to training. *Training Essentials for Ultrarunning* will revolutionize training for those who want to race an ultramarathon instead of just gutting it out to the finish line. Koop's race-proven ultramarathon program is based on sound science, the most current research, and years of experience coaching the sport's star runners to podium performances. Packed with practical advice and vetted training methods, *Training Essentials for Ultrarunning* is the new, must-have resource for first-timers and ultramarathon veterans. Runners using *Training Essentials for Ultrarunning* will gain much more than Koop's training approach:

- The science behind ultramarathon performance.
- Common ultramarathon failure points and how to solve them.
- How to use interval training to focus workouts, make gains, reduce injuries, and race faster.
- Simple, effective fueling and hydration strategies.
- Koop's A.D.A.P.T. method for making the right decisions to solve a race-day crisis.
- How to plan your ultra season for better racing.
- Course-by-course coaching guides to iconic U.S. ultramarathons including American River 50, Badwater 135, Hardrock 100, Javelina 100, JFK 50, Lake Sonoma 50, Leadville 100, Vermont

100, Wasatch 100, and Western States 100. · How to achieve your goal, whether it's finishing or winning. A revolution is coming to ultrarunning as ultramarathoners shed old habits and embrace the smarter methods that science and experience show are better. Featuring stories and advice from ultrarunning stars Dakota Jones, Kaci Lickteig, Dylan Bowman, Timothy Olson, and others who work with Koop, *Training Essentials for Ultrarunning* is the go-to guide for first-time ultrarunners and competitive ultramarathoners.

8 week half marathon training program: Running Outside the Comfort Zone Susan Lacke, 2019-03-27 I laughed, I cried and I was 100% re-inspired to stick with my own personal fitness goals *Running Outside the Comfort Zone* uncovers the brash, bold, and very human sides of running, and along the way Susan Lacke rekindles her own crush on America's favorite all-comers sport. Running offers much more than road racing! After a decade of writing about running, sports columnist Susan Lacke found herself in a serious running rut. The runners around her seemed to be thriving, setting goals, and having fun, but her own interest in running was lackluster. Seeking to reengage with the sport she once loved, Lacke spends a year exploring running in its many shapes and forms, taking on running challenges that scare her, push her, and downright embarrass her. From races with giant cheese wheels to a regional wife-carrying competition, a naked 5K to climbing the dark stairwells of the Empire State Building, Lacke's brave forays and misadventures are chronicled in wondrous and funny stories.

8 week half marathon training program: Run Faster from the 5K to the Marathon Brad Hudson, Matt Fitzgerald, 2008-07-29 Learn how to run faster, unlock your potential, and reach peak performance with training advice from a former Olympic trials marathoner and coach to Olympians like Dathan Ritzenhein. Hudson is the most innovative running coach to come along in a generation. Until now, only a handful of elite athletes have been able to benefit from his methods. Now *Run Faster from the 5K to the Marathon* shows all runners how to coach themselves as confidently and effectively as Brad coaches his world-class athletes. Becoming your own best coach is the ticket to running faster at any distance. First you will learn to assess your abilities. Then you'll learn how to devise a training program specifically geared to you. Filled with easy-to-follow sample training programs for distances ranging from the 5K to the marathon and abilities ranging from novice to advanced, *Run Faster* is the cutting-edge guide for optimal performance. With Hudson's guidance, you can train smarter and more effectively—and avoid injury. And you'll soon be running faster than you ever thought possible!

8 week half marathon training program: Running & Walking For Women Over 40 Kathrine Switzer, 2014-02-04 A fun, easy, and economical route to fitness and health: "This book will give women everywhere the guidance they need" (Grete Waitz, nine-time winner of the New York City Marathon). Women's fitness pioneer Kathrine Switzer has been on her feet for over fifty years. She knows how running or walking is the fastest, easiest, and least expensive road to fitness for women of any age. For women over forty in particular, it's vital to fit an exercise regimen into their busy lives, and ensure they can stay active and healthy for many years to come. No matter how inexperienced or old you are, Switzer will guide and ease you into a new exercise schedule, making the time you give yourself the best part of your day—and your future life. Recommendations for shoes, clothing, injury prevention, nutrition, motivation, and finding the time in your life will keep you exercising safely and comfortably. For women over forty, Switzer's expert running and walking programs are specifically designed for you, enabling you to keep healthy and enjoy life to the fullest for decades to come. "For many over-forty women, this book will be a passport to the best years of their lives." —Joan Benoit Samuelson, Olympic gold medalist and US marathon record holder

8 week half marathon training program: Master the Marathon Ali Nolan, 2021-09-14 "A must-have for any woman targeting the distance." —*Runner's World* A no-nonsense, interactive guide that empowers all women at all levels to run their strongest, best marathon ever As recently as 1966, women were forbidden to run in the marathon. Professionals—including doctors—believed it was physically impossible and dangerous for women to run more than a mile and a half. But as with many other barriers women have faced over time, we fought our way in. Today, women make

up almost half of the marathoning population. Yet most marathon training manuals are written by men. And while these men are experts when it comes to how men can and should train, women need training programs tailored to our bodies—to our unique strengths and weaknesses—so that we can avoid injuries and run at our peak. The programming in this book was created by a woman, specifically for women. **Master the Marathon** is a comprehensive guide to marathon training for women at all levels of running—beginner, intermediate, and advanced. The book takes you through everything you need to know to be prepared for the 26.2 miles of the marathon, including detailed training plans, strength training programs, building your mental awareness of your physical body, nutrition, guidance on finding the best marathon for you, identifying and avoiding potential injuries, inspirational advice, and other unexpected pieces of wisdom. Both incredibly practical and deeply motivating, **Master the Marathon** will help you unlock the strength and determination inside you to embark on the spectacular journey that is the marathon.

8 week half marathon training program: The Happy Runner Roche, David, Roche, Megan, 2018-11-15 Is your daily run starting to drag you down? Has running become a chore rather than the delight it once was? Then **The Happy Runner** is the answer for you. Authors David and Megan Roche believe that you can't reach your running potential without consistency and joyful daily adventures that lead to long-term health and happiness. Guided by their personal experiences and coaching expertise, they point out the mental and emotional factors that will help you learn exactly how to become a happy runner and achieve your personal best.

8 week half marathon training program: Training Young Distance Runners Larry Greene, Russell R. Pate, 2014-12-30 As the best-selling guide in the sport, **Training Young Distance Runners** has helped countless runners achieve their best times, avoid injuries, and improve their performance progressively from season to season. Updated, expanded, and enhanced, this new edition further solidifies its standing as a must-have for athletes and coaches in cross country, track and field, and road racing. Running experts Larry Greene and Russ Pate combine the latest research with training, development, and conditioning plans from the most successful high school and college programs in the world. You'll learn to optimize performance through tempo running, interval training, and technique work to improve form. You'll gain a competitive advantage with expert advice and strategies for event-specific training, avoiding injuries, and overcoming setbacks. With guidelines for designing customized daily, weekly, and seasonal programs—as well as coverage of hot topics including nutritional supplements, barefoot running and minimalist shoes, and gearing training to the specific needs of girls and boys—**Training Young Distance Runners** is the most complete and current training guide for the sport. Essential reading for coaches, parents, and young runners, this book has everything you need to get and stay ahead of the pack.

8 week half marathon training program: Runner's World Guide to Cross-Training Matt Fitzgerald, Editors of *Runner's World* Maga, 2004-09-23 How to cross-train to improve running times and prevent overuse injuries--whether you are participating in your first 10-K or competing to win a marathon or triathlon If you want to enjoy a long, successful life of running, it's essential to incorporate non-running activities into your training program. Strength exercises will keep your muscles in balance. Flexibility exercises will keep them supple. And alternative endurance activities will help heal existing injuries while preventing future ones. In **Runner's World Guide to Cross-Training**, Matt Fitzgerald--seasoned runner, triathlete, sports and fitness journalist, and online coach to runners and triathletes--tells you everything you need to know about the very best cross-training exercises for runners, from the equipment you'll have to buy to the techniques you'll have to master. In addition to strength training and flexibility exercises, he recommends the six best non-impact cardiovascular activities for runners: pool running, elliptical training, bicycling, inline skating, swimming, and cross-country skiing. The book shows how to integrate running and cross-training, and features five complete sample programs that will train you to compete in a basic 10-K, advanced 10-K/half marathon, basic marathon, advanced marathon, and triathlon. Until now, there hasn't been a credible cross-training book designed especially for runners. With the imprimatur of *Runner's World* magazine-recognized everywhere as the most authoritative source of

information on the sport-this excellent guide will be welcomed by runners at every level as the book to consult for advice on this vital topic.
