9 Week Old Puppy Training Schedule: A Comprehensive Guide

Author: Dr. Emily Carter, DVM, CPDT-KA

Dr. Emily Carter is a licensed veterinarian and a Certified Professional Dog Trainer – Knowledge Assessed (CPDT-KA). Her experience spans over 15 years, specializing in puppy development and early socialization. She has authored numerous publications on canine behavior and training, focusing specifically on crucial early interventions, including the critical period of development for puppies aged 8-16 weeks. Her expertise makes her uniquely qualified to discuss the intricacies of a 9 week old puppy training schedule.

Introduction:

Bringing home a new puppy is an exciting time, but it also marks the beginning of a significant responsibility: training. A well-structured 9 week old puppy training schedule is paramount for establishing a strong foundation for a well-behaved adult dog. This article delves into the creation and implementation of such a schedule, exploring its historical context, current best practices, and the importance of early socialization within this timeframe. We will examine various training methods, address potential challenges, and emphasize the critical role of positive reinforcement in shaping a puppy's behavior. Understanding the nuances of a 9 week old puppy training schedule is crucial for responsible pet ownership.

The Historical Context of Puppy Training

Early dog training methods were often harsh and punitive. Dominance-based training, which involved asserting control through physical corrections, was prevalent. However, scientific understanding of canine behavior has significantly advanced. We now understand the importance of positive reinforcement and the detrimental effects of fear-based training. Modern approaches prioritize building trust and a positive relationship between the owner and the puppy. A 9 week old puppy training schedule, therefore, reflects this shift toward kinder, more effective techniques.

The 9 Week Old Puppy: A Critical Period

Nine weeks old marks a pivotal stage in a puppy's development. The puppy is entering a period of increased sensory exploration and rapid learning. This

is a crucial window of opportunity to establish good habits and correct undesirable behaviors before they become ingrained. A properly structured 9 week old puppy training schedule capitalizes on this receptiveness, laying the groundwork for a lifetime of positive interactions. This is significantly different from older puppies, who may have already developed more stubborn habits.

Components of an Effective 9 Week Old Puppy Training Schedule

A successful 9 week old puppy training schedule should incorporate several key elements:

1. **Potty Training:** House training should be a top priority. This involves establishing a regular potty schedule, using positive reinforcement (treats and praise) for successful elimination outdoors, and preventing accidents through close supervision. Consistency is key; accidents should be cleaned thoroughly without punishment.
1. **Basic Obedience:** Start introducing basic commands such as "sit," "stay," "come," and "down." Keep sessions short (5-10 minutes) and frequent (multiple times a day), using high-value treats and praise as rewards. Avoid harsh corrections; focus on positive reinforcement. A well-timed "yes" or a clicker can signal good behavior.
1. **Socialization:** Exposure to various sights, sounds, people, and other dogs is critical during this period. Controlled interactions with friendly, vaccinated dogs are essential for appropriate social development. Exposing the puppy to different environments (parks, streets, stores – appropriately leashed) will minimize fear and anxiety later in life. This forms a vital aspect of any effective 9 week old puppy training schedule.
1. **Crate Training (Optional):** Many trainers recommend crate training as a safe and effective way to housebreak puppies and provide them with a den-like space. The crate should be viewed as a positive place, not a punishment.

1. **Bite Inhibition:** Puppies naturally bite during play. Teaching bite inhibition is crucial. When a puppy bites too hard, immediately stop playing and remove yourself from the interaction. This teaches the puppy that biting ends the fun.

A Sample 9 Week Old Puppy Training Schedule

(Remember to adjust this based on your puppy's breed, energy level, and individual needs.)

Morning: Potty break immediately upon waking, short training session (5-10 minutes), playtime.

Mid-morning: Potty break, supervised playtime or rest.

Afternoon: Potty break, short training session, socialization opportunity (walk, visit a friend with a dog), nap time.

Evening: Potty break, short training session, quiet playtime, final potty break before bedtime, crate time.

Note: This schedule needs flexibility. Puppies need frequent potty breaks and rest periods.

Challenges and Solutions

1. **Lack of Consistency:** Inconsistent training leads to confusion. All family members must be on the same page regarding commands and expectations.
1. **Excessive Excitement:** Puppies are easily distracted. Keep training sessions short and rewarding, gradually increasing duration as the puppy focuses better.
1. **Puppy Biting:** Consistent bite inhibition training is key to prevent this behavior from becoming ingrained.
1. **Separation Anxiety:** Gradual crate training can help reduce separation anxiety.

1. House Training Accidents: Be patient, accidents happen. Clean accidents thoroughly, and maintain a consistent potty schedule.

Positive Reinforcement: The Cornerstone of Success

Positive reinforcement is the most effective method for training a 9 week old puppy. It involves rewarding desired behaviors with treats, praise, or toys. This builds a positive association with training and encourages the puppy to repeat desirable actions. Avoid punishment; it can create fear and anxiety, hindering the training process.

The Role of Veterinary Care

Before starting any training program, ensure your puppy is healthy. Consult your veterinarian for advice on vaccinations, parasite prevention, and any health concerns that may affect your puppy's training.

Current Relevance of a 9 Week Old Puppy Training Schedule

The current relevance of a structured 9-week-old puppy training schedule cannot be overstated. In our increasingly urbanized world, well-socialized and obedient dogs are essential for peaceful co-existence. Early training prevents behavioral problems later in life, enhancing the dog's quality of life and strengthening the bond between pet and owner. It's a preventative approach that saves time and effort in the long run.

9 week old puppy training schedule: Before and After Getting Your Puppy Ian Dunbar, 2010-09-24 How to raise the perfect puppy A revolution for dogs: Very few dog trainers have not been influenced by Dr. Ian Dunbar's dog-friendly philosophy. In the 1970s, Dr. Ian Dunbar sparked a dramatic shift in puppy training — away from leash corrections and drill-sergeant adult dog training classes based on competitive obedience and toward a positive approach using toys, treats, and games as rewards for teaching basic manners, preventing behavior problems, and modifying temperament. Before Dr. Dunbar there were no classes for puppy training, very few family dog classes, and not much fun in dog training. His positive approach revolutionized the dog training field, especially puppy training. *Raising a great dog: Now, in Before and After Getting Your Puppy*, Dr. Ian Dunbar combines his two popular puppy training manuals into one indexed, value-priced hardcover dog training book. In clear steps, with helpful photos and easy-to-follow puppy training milestones, he presents a structured yet playful and humorous plan for raising a wonderful dog. Dr. Dunbar's guide is based around six developmental milestones: Your doggy education Evaluating puppy's progress Errorless housetraining and chewtoy-training Socialization with People Learning bite inhibition The world at large Fans of *The Art of Raising a Puppy*, *Training the Best Dog Ever*, or Zak George's *Dog Training Revolution*, will love Ian Dunbar's *Before and After Getting Your Puppy*.

9 week old puppy training schedule: Retrieving for All Occasions Elsa Blomster, Lena Gunnarsson, 2015-05-07 Do you have a gun dog and want to have a great time working with your dog and perhaps enter a field trial? Do you want to find a training method where your dog has just as much fun as you do? Do you want to learn how to combine reward based training and field trial training? If so, this is the book for you. *Retrieving for All Occasions* is an accessible and inspiring book about how you can use the reward based training philosophy in your gun dog training. The book describes an approach to gun dog training that will challenge you to try something new - if you

have the desire and will to do so. This book includes over 100 exercises to train a talented spaniel or retriever. The exercises are for introductory field trial classes for spaniels and retrievers, but this book is also useful for those who have pointers or setters and want to train them for gun dog work.

9 week old puppy training schedule: *Training the Best Dog Ever* Larry Kay, Dawn Sylvia-Stasiewicz, 2012-09-25 *Training the Best Dog Ever*, originally published in hardcover as *The Love That Dog Training Program*, is a book based on love and kindness. It features a program of positive reinforcement and no-fail techniques that author Dawn Sylvia-Stasiewicz used to train the White House dog, Bo Obama, and each of Senator Ted Kennedy's dogs, among countless others. *Training the Best Dog Ever* relies on trust and treats, not choke collars; on bonding, not leash-yanking or reprimanding. The five-week training program takes only 10 to 20 minutes of practice a day and works both for puppies and for adult dogs that need to be trained out of bad habits. Illustrated with step-by-step photographs, the book covers hand-feeding; crate and potty training; and basic cues—sit, stay, come here—as well as more complex goals, such as bite inhibition and water safety. It shows how to avoid or correct typical behavior problems, including jumping, barking, and leash-pulling. Plus: how to make your dog comfortable in the world—a dog that knows how to behave in a vet's office, is at ease around strangers, and more. In other words, the best dog ever.

9 week old puppy training schedule: The Other End of the Leash Patricia McConnell, Ph.D., 2009-02-19 Learn to communicate with your dog—using their language “Good reading for dog lovers and an immensely useful manual for dog owners.”—The Washington Post An Applied Animal Behaviorist and dog trainer with more than twenty years’ experience, Dr. Patricia McConnell reveals a revolutionary new perspective on our relationship with dogs—sharing insights on how “man’s best friend” might interpret our behavior, as well as essential advice on how to interact with our four-legged friends in ways that bring out the best in them. After all, humans and dogs are two entirely different species, each shaped by its individual evolutionary heritage. Quite simply, humans are primates and dogs are canids (as are wolves, coyotes, and foxes). Since we each speak a different native tongue, a lot gets lost in the translation. This marvelous guide demonstrates how even the slightest changes in our voices and in the ways we stand can help dogs understand what we want. Inside you will discover: • How you can get your dog to come when called by acting less like a primate and more like a dog • Why the advice to “get dominance” over your dog can cause problems • Why “rough and tumble primate play” can lead to trouble—and how to play with your dog in ways that are fun and keep him out of mischief • How dogs and humans share personality types—and why most dogs want to live with benevolent leaders rather than “alpha wanna-bes!” Fascinating, insightful, and compelling, *The Other End of the Leash* is a book that strives to help you connect with your dog in a completely new way—so as to enrich that most rewarding of relationships.

9 week old puppy training schedule: **101 Rescue Puppies** Kathy Callahan, 2020-09-29 Over the past decade, Kathy Callahan’s family has taken in more than a hundred rescue puppies. This delightful photo-filled book features the wonderful stories that emerged as these foster pups were suddenly surrounded by a nurturing family complete with patient adult dogs and curious cats. With a gift for capturing the moment in both words and images, Callahan brings readers inside the poignant and ultimately uplifting work of fostering. This inspiring read is indeed about puppies, but it’s also about family and human connection. It’s about finding your own way — through that one special thing you can do to light a candle, instead of cursing the darkness.

9 week old puppy training schedule: *Retriever Puppy Training* Clarice Rutherford, Cherylon Loveland, 2019-02-08 *Retriever Puppy Training* presents a program of basic training that will turn young retrievers into efficient and enthusiastic hunting companions. A step-by-step teaching schedule provides the continuity so important to fostering a puppy’s confidence. A favorite with people starting out with their first retriever or those who want to raise a hunting companion from puppyhood, the program is equally effective with young dogs starting beyond that age. Experienced handlers and those planning to trial or hunt test their dogs will also find it helpful. This dog training book covers puppy selection, puppy personality types, basic housedog manners, and a progressive retriever training program that includes water retrieves, blinds, and marks. When your pup has completed this program, he will be ready to hunt. You will have worked out of all the excuses that retrievers try to use, and you will have a well-mannered companion. Completely revised in 2010. TRAIN YOUR YOUNG RETRIEVER TO BE AN ENTHUSIASTIC HUNTER! • How to work with your retriever puppy’s unique personality • Correlate dog training to your pup’s mental and physical development • Train your dog with lessons that are thorough and effective • Teach obedience and house manners simultaneously with fieldwork Cherylon Loveland trains both hunting and field trial dogs at her Colorado training kennel, Hunt-Field, including dogs that were finalists at National Championship stakes, Derby dogs, dogs that have earned FC/AFC titles, Hunt Test qualifiers, and

Master Hunters. Clarice Rutherford was a Labrador Retriever breeder and trainer for sixteen years. She is the author/coauthor of four books, including the popular best seller, *How to Raise a Puppy You Can Live With*. Note from Dogwise Publishing: Please be aware that this older title may recommend some training techniques that are now considered outdated. At the time of publication the use of negative reinforcement and positive punishment were more widely used to teach certain types of behaviors, especially with dogs who display a high degree of resilience. We encourage owners to always use the least intrusive, minimally aversive methods possible.

9 week old puppy training schedule: After You Get Your Puppy Ian Dunbar, 2001 Now you have your puppy, the clock is ticking and you need to meet three more Developmental Deadlines before your puppy is five months old. 4th Developmental Deadline - Socializing Your Puppy to People Your Most Urgent Priority is to socialize your puppy to a wide variety of people, especially children, men, and strangers, before he is twelve weeks old. Well-socialized puppies grow up to be wonderful companions, whereas antisocial dogs are difficult, time-consuming, and potentially dangerous. As a rule of thumb, your puppy needs to meet at least one hundred people before he is three months old. Since your puppy is still too young to venture out to dog parks and sidewalks, you'll need to start inviting people to your home right away. 5th Developmental Deadline - Teaching Bite Inhibition Your Most Important Priority is that your puppy learns to inhibit the force of his bites and develop a soft mouth; before he is eighteen weeks old. Whenever a dog bites a person, or fights with another dog, the single most important prognostic factor is the degree of bite inhibition and hence, the likelihood and seriousness of injury. Accidents happen. Someone may tread on the dog's paw, or a child may trip over the dog while he's gnawing a bone. A dog may snap and lunge at a person when hurt or frightened, but if the dog has well-established bite inhibition, it is unlikely the dog's teeth will puncture, or even touch the skin. 6th Developmental Deadline - Continuing Socialization in The World at Large The Most Enjoyable Priority of dog ownership is to introduce your well-socialized puppy to the world at large. Your dog will only remain sociable and confident if he continues to meet and greet at least three unfamiliar people and three unfamiliar dogs every day. Meeting the same people and dogs over and over is not sufficient. Your dog needs to practice meeting, greeting, and getting along with strangers, not simply getting along with old friends. Regular walks with your dog are as essential as they are enjoyable.

Prevention topics include confinement/independence training, food bowl exercises, handling and restraint, and more. The book also includes: • The Developmental Life Stages of Dogs • Domestication, Social Behavior, How Dogs Perceive the World, and Canine Communication • How Dogs Learn • Positive Socialization and What to do if Your Dog is Frightened? • Applying the Problem-Solving Model to Prevent Common Behavior Problems • House Training in 5 Easy Steps • Foundation Training Exercises

9 week old puppy training schedule: Dogs of Dreamtime Karen Shanley, 2007-04-01 When does a dog's behavior become too dangerous for even the most loving person to accept? Karen Shanley tackles this question in lyrical prose and brings to life her relationships with three very different dogs: Kiera, Molly, and Magic, who all manage to capture Shanley's heart. *Dogs of Dreamtime* makes readers take a long, hard look at what matters most in life, and what does

not—what can and cannot be controlled. This is a touching story that will stay with readers forever.

9 week old puppy training schedule: *The Things They Carried* Tim O'Brien, 2009-10-13 A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

9 week old puppy training schedule: *Inside of a Dog* Alexandra Horowitz, 2010-02-18 As an unabashed dog lover, Alexandra Horowitz is naturally curious about what her dog thinks and what she knows. As a cognitive scientist she is intent on understanding the minds of animals who cannot say what they know or feel. This is a fresh look at the world of dogs -- from the dog's point of view. The book introduces the reader to the science of the dog -- their perceptual and cognitive abilities -- and uses that introduction to draw a picture of what it might be like to be a dog. It answers questions no other dog book can -- such as: What is a dog's sense of time? Does she miss me? Want friends? Know when she's been bad? Horowitz's journey, and the insights she uncovered from studying her own dog, Pumpernickel, allowed her to understand her dog better, and appreciate her more through that understanding. The reader will be able to do the same with their own dog. This is not another dog training book. Instead, *Inside of a Dog* will allow dog owners to look at their pets' behaviour in a different, and revealing light, enabling them to understand their dogs and enjoy their relationship even more.

9 week old puppy training schedule: *Puppy Primer* Brenda K. Scidmore, Patricia B. McConnell, 1996 Raise that new puppy successfully with this understandable and user-friendly primer! 9 week old puppy training schedule: *Cesar's Way* Cesar Millan, Melissa Jo Peltier, 2006-08-08 Cesar Millan—nationally recognized dog expert—helps you see the world through the eyes of your dog so you can finally eliminate problem behaviors. From his appearances on *The Oprah Winfrey Show* to his roster of celebrity clients to his reality television series, Cesar Millan is America's most sought-after dog-behavior expert. But Cesar is not a trainer in the traditional sense—his expertise lies in his unique ability to comprehend dog psychology. Tracing his own amazing journey from a clay-walled farm in Mexico to the celebrity palaces of Los Angeles, Cesar recounts how he learned what makes dogs tick. In *Cesar's Way*, he shares this wisdom, laying the groundwork for you to have stronger, more satisfying relationships with your canine companions. Cesar's formula for a contented and balanced dog seems impossibly simple: exercise, discipline, and affection, in that order. Taking readers through the basics of dog psychology and behavior, Cesar shares the inside details of some of his most fascinating cases, using them to illustrate how common behavior issues develop and, more important, how they can be corrected. You'll learn: • What your dog really needs may not be what you're giving him • Why a dog's natural pack instincts are the key to your happy relationship • How to relate to your dog on a canine level • There are no "problem breeds," just problem owners • How to choose a dog who's right for you and your family • The difference between discipline and punishment • And much more! Filled with fascinating anecdotes about Cesar's longtime clients, and including forewords by the president of the International Association of Canine Professionals and Jada Pinkett Smith, this is the only book you'll need to forge a stronger, more rewarding connection with your four-legged companion.

Koehler, 2016-04-09 For generations, The Koehler Method of Dog Training has been a beacon of wisdom for dog owners seeking effective techniques to build a strong bond with their furry companions. William Koehler's approach, rooted in respect for dogs' intelligence, remains as relevant today as it was when the book first graced the shelves. Koehler believed that dogs could make choices and be held accountable for their behavior. His method follows the pattern of Action → Memory → Desire: dogs act, remember the outcomes, and form desires based on those experiences. Correcting behavior becomes fair, reasonable, and expected once the training has been successfully imparted. In this classic guide, you'll find practical guidance for creating a well-behaved and happy canine companion. From basic obedience to advanced skills, The Koehler Method covers it all. Whether you're a seasoned dog owner or a first-time puppy parent, discover the joy of training your dog using a method that respects their intelligence and fosters a lifelong partnership.

9 week old puppy training schedule: *Puppy Training* Charlotte Schwartz, 2011-09-13 A positive-training guide to puppy training written by much-loved author and puppy -class instructor Charlotte Schwartz is a week by week training guide for all new puppy owners. The late Charlotte Schwartz had trained dogs for over forty years and was a popular, award-winning author, whose no-nonsense style of writing and training comes forth on every page of this best-selling introductory guide. Focusing on the first eight weeks that a puppy spends in the new owner's home, *Puppy Training* walks the owner through the lessons to teach one week at a time, offering commonsense solutions to obedience and housetraining problems along the way. Sidebars throughout the text offer useful tips and alternative methods to teach lessons, all of which were originated by Schwartz in her puppy classes over the decades and are illustrated here with color photographs. From the first week, during which the puppy is taught to sit and stand, to the eighth week, devoted to teach the puppy to retrieve and a trick or two, this puppy primer is the best canine educational tool available for under ten dollars!

9 week old puppy training schedule: *Puppy Socialization* Marge Rogers, Eileen Anderson, 2021-06-23 *Puppy Socialization: What It Is and How to Do It* defines and demystifies the most important thing you can do for your puppy: socialization. The authors don't just tell you what you need to know about socialization. They show you with dozens of photographs and exclusive linked videos (a live internet connection is needed to view the videos). You'll see other owners socialize their puppies under the guidance of a nationally certified dog trainer and behavior consultant. These real-life examples of socialization show you what to do when things go well and when they don't go so well. You'll learn about: • The magical time. Did you know that there is a special time in a puppy's life when he is primed to accept new things? The authors tell you when that time is, when that socialization window starts closing, and how a little effort by an owner during that time can save heartache later. • Canine body language. Puppies and dogs are talking all the time—with their body language. Learn to tell when a puppy or dog is relaxed and happy, a bit nervous about something, or outright fearful. • Myth-busting. There's a lot of advice out there about socialization and not all of it is good. Some common myths can actually cause a puppy harm. The authors give you the most up-to-date information on puppy socialization and put some harmful myths to rest. • Socializing a puppy during COVID-19. Puppies have so much to get used to: people, environments, noises, and more. The authors provide strategies for keeping humans and puppies safe while socializing puppies, even during the COVID-19 pandemic. • What supplies are needed during socialization. The authors provide checklists of things owners need when socializing a puppy at home and away from home.

9 week old puppy training schedule: *The Art of Raising a Puppy (Revised Edition)* Monks of New Skete, 2011-06-29 The classic bestseller that established the Monks of New Skete as America's most trusted authorities on dog training, canine behavior, and the animal/human bond, updated to include the latest developments in canine health. In their two now-classic bestsellers, *How to be Your Dog's Best Friend* and *The Art of Raising a Puppy*, the Monks draw on their experience as long-time breeders of German shepherds and as trainers of dogs of all breeds to provide--brilliantly distilled--the indispensable information and advice that every dog owner needs. This new edition of *The Art of Raising a Puppy* features new photographs throughout, along with updated chapters on play, crating, adopting dogs from shelters and rescue organizations, raising dogs in an urban environment, and the latest developments in canine health and canine behavioral theory.

9 week old puppy training schedule: *Treating Separation Anxiety In Dogs* Malena DeMartini-Price, CTC, 2014-04-21 **Committed trainers and owners can solve this problem!**
Treating separation anxiety in dogs is not quick or easy—but it can be done. The successful ingredients are cooperation, commitment and time on the part of the dog

trainer and the owners. In this important new book, author Malena DeMartini-Price shares her 5 Phase Treatment Protocol and related strategies to help dogs overcome the fear of being left alone and addresses the trauma it can inflict on both the dog and their owners. Trainer handouts, detailed step-by-step training tips and a sample initial interview questionnaire are included.

Learn about:

- The critical role that “suspending absences” plays in the early part of the treatment plan and how owners and trainers can make this more manageable.
- How dog trainers can make the treatment of separation anxiety in dogs a specialized business.
- The role that management techniques and medications can play to help support the recommended behavior modification strategies.
- How technology, including remote feeding devices and web cams, can be used to monitor a dog’s progress in overcoming his fear of being left alone.

9 week old puppy training schedule: The Perfect Puppy Gwen Bailey, 2017 Highly regarded dog behaviorist Gwen Bailey shares her proven system of training a puppy. Gwen Bailey's bestselling puppy care guide has helped hundreds of thousands of owners throughout the world raise a problem-free dog. The contents include: The raw material - how breeds affect behavior A puppy's view of the world The new family, life with a puppy Developmental stages Socialization Housetraining Behavior control and leadership Toys and games Preventing biting, aggression, chewing Handling and grooming Good manners and learning to be alone Training your puppy Adolescence and beyond.

9 week old puppy training schedule: Go Diaper Free Andrea Olson, 2021-02-17 Stop changing diapers?start potting your baby. Over half the world's children are potty trained by one year old, yet the average potty training age in the United States is currently three years old. This leaves parents wondering: What did people do before diapers? and How do I help my own baby out of diapers sooner?Elimination Communication, also known as EC, is the natural alternative to full-time diapers and conventional toilet training. Although human babies have been pottied from birth for all human history, we've modernized the technique to work in today's busy world.Go Diaper Free shows parents of 0-18 month babies, step-by-step, how to do EC with confidence, whether full time or part time, with diapers or without. Diaper-free doesn't mean a naked baby making a mess everywhere - it actually means free from dependence upon diapers. With this book, new parents can avoid years of messy diapers, potty training struggles, diaper rash, and unexplained fussiness. Also helpful for those considering EC, in the middle of a potty pause, or confused about how to begin.This 6th edition includes a new section on The Dream Pee, a full text and graphic revision, more photos of EC in action, and a complete list of further resources.MULTIMEDIA EDITION: includes the book and access to private video library, helpful downloads, additional troubleshooting, and our private online support group run by our Certified Coaches. For less than the cost of a case of diapers, you can learn EC hands-on, the way it's meant to be learned.

The reality is that it comes down to understanding the science behind the methods and each dog's individual needs, desires, and perseverance levels. After spending years in the industry-traveling and working with dog trainers throughout the country, training new dog trainers, and even having my own show on Animal Planet (Rescue Dog to Super Dog), I have developed a system that is easy to understand

and most importantly-easy to implement. These are techniques that I have evolved over the years by working with some of the best trainers in the industry-and now they are available to you for less than the cost of a cup of coffee!

9 week old puppy training schedule: How to Behave So Your Dog Behaves Sophia A. Yin, 2010 How to Behave So Your Dog Behaves takes a scientifically sound yet practical approach to explaining dog behavior and training theory, and then shows you how to apply these concepts so you can train your dog to be well behaved. Written by one of the leading veterinary behaviorists in the country, this revised and expanded edition of the original bestseller features brand new chapters that provide the most up-to-date science of dog behavior and explains key concepts in clear, straightforward language. The user-friendly, full-color instructional drawings enhance the informative text, while the all-positive training advice helps you change undesirable behaviors without resorting to aversive corrections such as yelling, hitting, pushing, or other outdated forms of punishment. Good behavior and problem solving exercises are broken down into easy-to-read 5 Minute sections, while Spot quizzes throughout the text help reinforce your grasp of the material. Science-based methods for observing, understanding, and modifying behavior are applied to everyday situations, offering numerous examples of how training exercises can be turned into fun games for both dogs and owners.

9 week old puppy training schedule: Way to Go! Karen B. London, Patricia B. McConnell, 2003 How to housetrain a dog of any age! This clear, concise booklet can help your puppy or adult dog learn a lifetime of good habits. In addition to a step-by-step plan to get your dog to eliminate outside and outside only. Way to Go! is loaded with practical information about how long you can expect housetraining to take, tips for knowing when your puppy needs to go outside, how to handle night time, how to clean up accidents, and how to teach your dog to eliminate on cue.

9 week old puppy training schedule: Level Up Your Dog Training Natalie Bridger Watson, 2021-04-19 Level Up Your Dog Training is written for the DIY-minded dog owner who believes in learning by doing. The core of this book is the same pet manners curriculum that I teach to local dog owners every day. As you work through the exercises, you'll train your dog how to sit, lie down, come when called, leave it, stay, settle on a mat, walk politely on a leash, potty promptly when asked and more. And in the process of teaching those behaviors to your dog, you'll pick up a few new skills yourself! You'll learn fundamental concepts of dog training such as the three ways to build any new behavior, how to train effectively with positive reinforcement, how to attach a cue to any behavior, how to level up the difficulty on your dog's skills and all the techniques you'll need to train a totally new trick from scratch without a recipe holding your hand. If you and your dog both do your homework, by the end of the book, you'll know the basics of how to teach a dog anything (some assembly required). Praise for Level Up Your Dog Training Level Up Your Dog Training is an accessible and personable guide for non-professionals to work toward professional results. With warmth and humor, Watson lays out not just step-by-step instructions, but background for why we do it this way. Laura VanArendonk Baugh, KPA-CTP CPDT-KAA Author of Fired Up, Frantic, and Freaked Out Author of Social, Civil and Savvy The perfect book for the dog owner who wants to have a well-trained dog and also wants a peek into the science behind efficient training. As a dog trainer, I'm impressed at the seamless way Natalie Bridger Watson weaves together the practical and educational components of training. This is the book I've been wanting to recommend for my students who want to dig a little deeper into the why and how of training. Abigail Curtis, DVM CPDT-KA Co-founder of International Dog Parkour Association Co-owner of Adventure Unleashed Dog Training
