9:30 Club History: A Comprehensive Guide

Author: Ethan Carter, Music Historian and author of "Washington D.C. Music Scenes: A Cultural History," with over 15 years of experience researching and writing about the D.C. music scene, including extensive work on the 9:30 Club's impact.

Publisher: D.C. Music Scene Press, a leading publisher specializing in books and articles about the vibrant music history of Washington, D.C., known for their accurate and in-depth historical accounts.

Editor: Amelia Hernandez, experienced editor with over 10 years in publishing, specializing in music history and cultural studies. She has a deep familiarity with D.C. history and ensures factual accuracy and engaging writing.

Summary: This guide delves into the rich history of the 9:30 Club, exploring its origins, its pivotal role in shaping the D.C. music scene, and its lasting impact on the global music industry. We'll examine key moments, influential figures, and the club's evolution while highlighting best practices and common pitfalls faced by similar venues.

I. The Genesis of a Legend: Early Years of the 9:30 Club (1980-1990)

The 9:30 Club's story begins not in a grand hall, but in a relatively modest space at 930 F Street NW in Washington D.C. Its opening in 1980 marked a turning point for the city's music scene. Unlike larger, more established venues, the 9:30 Club fostered an intimate atmosphere that attracted both emerging and established artists. This intimate setting, coupled with a commitment to diverse genres, became a defining characteristic of the 9:30 Club history. Early years saw performances from a who's who of alternative rock, go-go, and punk bands, laying the foundation for its future success. Understanding this early period is crucial to comprehending the 9:30 Club's lasting influence. One of the key best practices employed early on was the club's willingness to book unknown acts, taking risks that paid off handsomely in cultivating a loyal following and discovering future stars. A common pitfall avoided was the temptation to rigidly stick to one genre; the eclectic programming broadened the club's appeal.

II. The 9:30 Club's Rise to Prominence: 1990s and Beyond

The 1990s saw the 9:30 Club solidify its reputation as a launchpad for countless artists. The 9:30 Club history of this decade is interwoven with the rise of alternative rock and the flourishing of the D.C. music scene. The club's booking policy continued to be a key factor in its success. They consistently sought out cutting-edge artists before they hit mainstream

success, nurturing a reputation for discovering talent. This foresight is a crucial lesson for aspiring venue owners: early adoption of new sounds and styles can significantly impact longevity. However, a potential pitfall during this period (and one that continues to challenge venues today) is maintaining financial stability while consistently booking diverse acts, many of whom may not initially draw large crowds. The 9:30 Club successfully navigated this by cultivating relationships with sponsors and strategically balancing high-profile acts with emerging artists.

III. The 9:30 Club Today: Legacy and Innovation

The 9:30 Club continues to thrive in the 21st century. Its 9:30 Club history isn't just about the past; it's about its ongoing evolution. While maintaining its core commitment to showcasing diverse musical talents, it has adapted to changing industry trends, incorporating technology and embracing new forms of media. This adaptation demonstrates a best practice: venues must remain flexible and responsive to the ever-changing landscape of the music industry. A current challenge (and a pitfall to avoid) is the ongoing competition from larger venues and the impact of streaming services on live music attendance. The 9:30 Club addresses this by consistently providing high-quality experiences and fostering a strong sense of community among its patrons and performers.

IV. The 9:30 Club's Impact on D.C. and Beyond

The 9:30 Club's impact extends far beyond its physical location. It has become a cultural landmark, a symbol of D.C.'s vibrant music scene. Its influence on the careers of countless artists is undeniable. The 9:30 Club history is a testament to the power of a dedicated team, a keen ear for talent, and a commitment to fostering a unique and memorable live music experience. This legacy serves as an inspiration for other venues and a valuable case study for understanding the dynamics of a successful music venue.

Conclusion: The 9:30 Club's history is a compelling narrative of resilience, innovation, and the power of live music to bring people together. By understanding both its triumphs and its challenges, aspiring venue owners and music enthusiasts alike can glean invaluable lessons about the intricacies of building and maintaining a successful and influential live music space. Its ongoing success is a testament to its adaptability and enduring commitment to fostering a vibrant and diverse music scene.

930 club history: Turbo 3. 0 (Publisher's Edition) Rya Snodgrass, 2018-01-30 Carefully researched using the Porsche factory archives, private collections, period documentation and intensive study. In an attempt to cover everything an owner, restorer, historian or enthusiast would want to know about the dawn of Porsche's turbocharged supercar, the Turbo 3.0 book includes a considerable amount of material never before published. For example: comprehensive discussions of original options, close-up photos of key details, scenes from factory production, coverage of special one-off models and period motorsports. This exhaustive volume not only covers the privateer racing exploits of the 3.0-liter Turbo, but also the development of production-based turbocharged race cars by examining the Carrera RSR Turbo 2.14 and Turbo RSR 934/934.5. Additionally, it includes interviews with factory engineers, development drivers and racing pilots involved with the development of Porsche's original Turbo. This is the definitive book about Porsche's immortal 3.0-liter Turbo and it is essential reading for anyone who has ever owned, driven or simply lusted after the first supercar of the modern era.

930 club history: Black Broadway in Washington, DC Briana A. Thomas , 2021 Before chain coffeeshops and luxury high-rises, before even the beginning of desegregation and the 1968 riots, Washington's Greater U Street was known as Black Broadway. From the early 1900s into the 1950s, African Americans plagued by Jim Crow laws in other parts of town were free to own businesses here and built what was often described as a city within a city. Local author and journalist Briana A. Thomas narrates U Street's rich and unique history, from the early triumph of emancipation to the days of civil rights pioneer Mary Church Terrell and music giant Duke Ellington, through the recent struggle of gentrification --

930 club history: Punk Love Susie J. Horgan, Ian MacKaye, 2007-01-30 Celebrating friendships that have been bound together by music since 1979, Susie J. Horgan's largely unpublished images were taken as friend and participant on the music scene, rather than as a journalist, and are both an exceptional contribution to the history of punk as well as a true reflection of punk values. She captured iconic photographs of such hardcore legends as Minor Threat, S.O.A., Teen Idles, Dead Kennedys, Black Flag, The Cramps, Untouchables, Youth Brigade, the Germs, and many others. Punk Love documents specifically the birth of the early Washington, D.C., punk movement in 1979. D.C. punk was a different kind of punk. It was hardcore. It was explosive. It was revolutionary. But people misread punk rock as being about hate and anger. It was spiritual. It was about self-respect and justice-basic morals and values. This is punk love.

930 club history: American Hardcore Steven Blush, 2010-10-01 Hardcore, the hard-edged second generation of punk rock, whose peak period ranged from 1980 to 1986, has never before been captured in the way Steven Blush's authoritative, extensively illustrated oral history revisits its dynamic and sordid past. All the major hardcore scenes, particularly in Southern California, San Francisco, Washington D.C., Boston, New York City and Texas are given provocative voice through its major players, from drugged-out suburban Metal misfits to shit-kicking skinheads to vegan anti-drug pacifists. American Hardcore; A Tribal History not only recapitulates an important and influential scene, its provocative sociological snapshots reveal the apocalyptic desperation of a singular time in American history. Author Steven Blush was a prime mover in the scene he writes about; in the 80s, he promoted many hardcore tours and shows, DJ'd an influential college radio show, and ran a record label. Later Blush published Seconds magazine, and wrote for Paper, Spin, Interview, Village Voice, Details and High Times magazines. The primary photographers included in

this volume are Edward Colver and Karen O Sullivan. Flyers, set lists, logos, and record covers have been provided by many collectors, and the book includes an extensive discography of Hard core rock releases from 1980 to 1986.

930 club history: How Revolutionary Were the Bourgeois Revolutions? (Abridged Edition) Neil Davidson, 2017-03-27 An abridged edition of the insightful work praised as “an impressive contribution both to the history of ideas and to political philosophy” (Alasdair MacIntyre, author of *After Virtue*). Once of central importance to left historians and activists alike, recently the concept of the “bourgeois revolution” has come in for sustained criticism from both Marxists and conservatives. In this abridged edition of his magisterial *How Revolutionary Were the Bourgeois Revolutions?* Neil Davidson expertly distills his theoretical and historical insights about the nature of revolutions, making them accessible for general readers. Through extensive research and comprehensive analysis, Davidson demonstrates that what’s at stake is far from a stale issue for the history books—understanding that these struggles of the past offer far reaching lessons for today’s radicals.

930 club history: *Listen to Punk Rock!* June Michele Pulliam, 2021-04-19 *Listen to Punk Rock!* Exploring a Musical Genre discusses the evolution of punk from its inception in 1975 to the present, delving into the lasting impact of the genre throughout society today. *Listen to Punk Rock!* provides readers with a fuller picture of punk rock as an inclusive genre with continuing relevance. Organized in a roughly chronological manner, it starts with an introduction that explains the musical and cultural forces that shaped the punk genre. Next, 50 entries cover important punk bands and subgenres, noting female punk bands as well as bands of color. The final part of the book discusses how punk has influenced other musical genres and popular culture. The book will give those new to the genre an overview of important bands and products related to the movement in music, including publications, fashion, and films about punk rock. Notably, it pays special attention to diversity within the genre, discussing bands often overlooked or mentioned only in passing in most histories of the movement, which focus mainly on The Sex Pistols, The Clash, and The Ramones as the pioneers of punk.

930 club history: Lincoln's Grave Robbers (Scholastic Focus) Steve Sheinkin, 2013-01-01 A true crime thriller -- the first book for teens to tell the nearly unknown tale of the brazen attempt to steal Abraham Lincoln's body. Reissued in Scholastic Focus, with an exciting new cover. The action begins in October of 1875, as Secret Service agents raid the Fulton, Illinois, workshop of master counterfeiter Ben Boyd. Soon after Boyd is hauled off to prison, members of his counterfeiting ring gather in the back room of a smoky Chicago saloon to discuss how to spring their ringleader. Their plan: grab Lincoln's body from its Springfield tomb, stash it in the sand dunes near Lake Michigan, and demand, as a ransom, the release of Ben Boyd -- and \$200,000 in cash. From here, the action alternates between the conspirators, the Secret Service agents on their trail, and the undercover agent moving back and forth between them. Along the way readers get glimpses into the inner workings of counterfeiting, grave robbing, detective work, and the early days of the Secret Service. The plot moves toward a wild climax as robbers and lawmen converge at Lincoln's tomb on election night: November 7, 1876. A dynamic and thrilling tale from critically acclaimed author Steve Sheinkin.

930 club history: *The Guernsey Literary and Potato Peel Pie Society* Mary Ann Shaffer, Annie Barrows, 2009-05-10 The beloved, life-affirming international bestseller which has sold over 5 million copies worldwide - now a major film starring Lily James, Matthew Goode, Jessica Brown Findlay, Tom Courtenay and Penelope Wilton To give them hope she must tell their story It's 1946. The war is over, and Juliet Ashton has writer's block. But when she receives a letter from Dawsey Adams of Guernsey - a total stranger living halfway across the Channel, who has come across her name written in a second hand book - she enters into a correspondence with him, and in time with all the members of the extraordinary Guernsey Literary and Potato Peel Pie Society. Through their letters, the society tell Juliet about life on the island, their love of books - and the long shadow cast by their time living under German occupation. Drawn into their irresistible world, Juliet sets sail for the island, changing her life forever.

930 club history: Carroll Shelby Rinsey Mills, 2014-03-15 The definitive record of the twentieth century's preeminent car builder and racer is now available in an updated paperback edition. It was motoring author Rinsey Mills' passion for AC cars and motorsports history that led to his first meeting with Carroll Shelby. His suggestion that they should collaborate in order to create an accurate record of Shelby's life and achievements at first was rebuffed but later taken up with enthusiasm. This authorized biography is the result. Carroll Shelby: The Authorized Biography was a long time in the making, as Mills left no stone unturned in his quest to produce the complete study of Shelby's remarkable life. He carried out extensive research and conducted numerous interviews, fully capturing the narrative of Carroll Shelby within and outside of the automotive racing world: his childhood in Texas, wartime tenure with the Army Air Force, and postwar entrepreneurship; his earliest race wins in 1952 and his legendary 1959 victory at the 24 Hours of Le Mans; his monumental release of the first Cobra and the formation of Shelby American in 1962; his historical partnership with Ford that would last for decades; all the way through to Shelby's personal hobbies, travels, and present-day legacy. Fascinating photographs from Shelby's personal collection complete a book whose original hardcover edition was published mere weeks before his passing, making Carroll Shelby: The Authorized Biography a magnificent and lasting tribute to one of the greatest automotive figures of the twentieth century.

930 club history: *Live...Suburbia!* Anthony Pappalardo, Max G. Morton, 2011-10-11 *Live...Suburbia!* is a collection of stories and images of the post-1960s subcultures that define America. It's kids taking their urethane wheels to empty pools, picking British Punk in broad downstrokes and creating Hardcore, it's skinheads wearing sneakers and moshing in Connecticut warehouses. *Live...Suburbia!* is dedicated to denim devils twirling butterfly knives and hasty tags thrown down with Rust-Oleum touch-up paint stolen from your parent's garage. Most importantly *Live...Suburbia!* is a new approach in compiling a book. We have Tumblr, Facebook, Flickr and thousands of blogs documenting subcultures, but we're interested in the other side: real people's archives and memories, the ones that haven't been passed around so many times that we have no idea where they came from. The book begins with Kiss. From there *Live...Suburbia!* rushes through years packed with ninjas, long metal hair, BMX dirt jumps, karate, seven-ply skateboards, bathroom mohawks, skinheads, jockey hardcore kids, basement DJs, graffiti murals behind supermarkets, and finally we arrive in the 1990s where it all collides.

930 club history: **This Book Is Anti-Racist** Tiffany Jewell, 2020-01-07 #1 NEW YORK TIMES BESTSELLER Featured by Oprah's Book Club on the Anti-Racist Books for Young Adults list curated by bestselling author Jacqueline Woodson A USA TODAY Bestseller Recommended by The Guardian, Time, Grazia, The Telegraph, Express, and The Sun 'This is one for you, your neighbour, the children in your lives and especially that 'only slightly' racist colleague... A guide to the history of racism and a blueprint for change' —The Guardian Who are you? What is racism? Where does it come from? Why does it exist? What can you do to disrupt it? Learn about social identities, the history of racism and resistance against it, and how you can use your anti-racist lens and voice to move the world toward equity and liberation. 'In a racist society, it's not enough to be non-racist—we must be ANTI-RACIST.' —Angela Davis Gain a deeper understanding of your anti-racist self as you progress through 20 chapters that spark introspection, reveal the origins of racism that we are still experiencing and give you the courage and power to undo it. Each chapter builds on the previous one as you learn more about yourself and racial oppression. 20 activities get you thinking and help you grow with the knowledge. All you need is a pen and paper. Author Tiffany Jewell, an anti-bias, anti-racist educator and activist, builds solidarity beginning with the language she chooses - using gender neutral words to honour everyone who reads the book. Illustrator Aurélia Durand brings the stories and characters to life with kaleidoscopic vibrancy. After examining the concepts of social identity, race, ethnicity and racism, learn about some of the ways people of different races have been oppressed, from indigenous Americans and Australians being sent to boarding school to be 'civilized' to a generation of Caribbean immigrants once welcomed to the UK being threatened with deportation by strict immigration laws. Find hope in stories of strength, love, joy and revolution that

are part of our history, too, with such figures as the former slave Toussaint Louverture, who led a rebellion against white planters that eventually led to Haiti's independence, and Yuri Kochiyama, who, after spending time in an internment camp for Japanese Americans during WWII, dedicated her life to supporting political prisoners and advocating reparations for those wrongfully interned. Learn language and phrases to interrupt and disrupt racism. So, when you hear a microaggression or racial slur, you'll know how to act next time. This book is written for EVERYONE who lives in this racialised society—including the young person who doesn't know how to speak up to the racist adults in their life, the kid who has lost themselves at times trying to fit into the dominant culture, the children who have been harmed (physically and emotionally) because no one stood up for them or they couldn't stand up for themselves and also for their families, teachers and administrators. With this book, be empowered to actively defy racism and xenophobia to create a community (large and small) that truly honours everyone.

930 club history: Rock and Roll Explorer Guide to San Francisco and the Bay Area Mike Katz, Crispin Kott, 2021-05-14 San Francisco's rich and unique cultural history since its time as a gold rush frontier town has long made it a bastion of forward thinking and freedom of expression. It makes perfect sense, then, that both it and the surrounding Bay Area should prove to be a crucible for some of the most enduring and influential music of the rock and roll era. From the heady days of Haight-Ashbury in the '60s to today, San Francisco and the Bay Area have provided a distinctive soundtrack to the American experience that has often been confrontational, controversial, enlightening, and always entertaining. Perhaps best known for the '60s psychedelic scene which included the Grateful Dead, Jefferson Airplane, Creedence Clearwater Revival, Santana, the Steve Miller Band, Sly & the Family Stone, and Janis Joplin, the Bay Area's rock and roll history twists and turns like Lombard Street itself. The first wave San Francisco punks wrought the Avengers and Dead Kennedys; punk later gripped the East Bay, giving us Green Day and Rancid. From the folk and blues eras through the chart-topping sounds of Journey and Huey Lewis & the News. The rock equivalent of Manifest Destiny carried wave upon wave of young musicians in search of fame, fortune and the great lost chord to Golden Gate City. San Francisco and the surrounding Bay Area have collectively produced countless key figures in rock and roll, from musicians to journalists to entrepreneurs. The modern concept of the vast outdoor rock festival took root in and around San Francisco. The Bay Area is also where music history happened to artists from almost everywhere else: San Francisco is where the Beatles played their final concert and the Sex Pistols fell apart; where the Clash recorded much of their second album; where a drug-addled Keith Moon passed out during a concert by the Who only to be replaced behind the drum kit by an eager fan. Rock and roll is baked into the Bay Area's culture and story to this day. A guide to the places that shaped the local scene and world-famous sound, the Rock and Roll Explorer Guide to San Francisco and the Bay Area will take you to where music makers lived, rocked, performed, recorded, met, broke up, and much, much more.

930 club history: *The History of American Graffiti* Roger Gastman, Caleb Neelon, 2011-09-20 Book description to come.

930 club history: *Taking Steps* Alan Ayckbourn, 1981 Roland, a hard drinking tycoon, is considering buying an old Victorian house, once a brothel. His solicitor and the vendor, a builder, arrive to complete the deal. Also in the house are his wife, a frustrated dancer who is always considering leaving him, her brother and later the brother's fiancée, who is uncertain whether or not to run away. In the course of one hectic night and morning, with continual running up and downstairs and in and out of rooms, these characters, each immersed in a personal problem, try to sort themselves out. The first act curtain finds the solicitor in bed with the wife thinking her to be a ghost and the fiancée inadvertently shut in the attic cupboard by the distraught tycoon who has taken refuge there in the spare bed. All this takes place in a highly ingenious and original setting in which all the rooms, passages and stairs are on a single level--

930 club history: *The Book of Drugs* Mike Dougherty, 2012-01-10 Recounts the addiction and recovery of the world-renowned solo artist and former lead singer and songwriter of Soul Coughing.

930 club history: From Cradle to Stage Virginia Hanlon Grohl, 2017-04-18 Written by Virginia Grohl, the mother of Dave Grohl—former Nirvana drummer and current frontman for the Foo Fighters—*From Cradle to Stage* shares stories and exclusive photos featuring mothers of rock icons, the icons themselves, and their Behind the Music-style relationships While the Grohl family had always been musical-the family sang together on long car trips, harmonizing to Motown and David Bowie-Virginia never expected her son to become a musician, let alone a rock star. But when

she saw him perform in front of thousands of screaming fans for the first time, she knew that rock stardom was meant to be for her son. And as Virginia watched her son's star rise, she often wondered about the other mothers who raised sons and daughters who became rock stars. Were they as surprised as she was about their children's fame? Did they worry about their children's livelihood and wellbeing in an industry fraught with drugs and other dangers? Did they encourage their children's passions despite the odds against success, or attempt to dissuade them from their grandiose dreams? Do they remind their kids to pack a warm coat when they go on tour? Virginia decided to seek out other rock star mothers to ask these questions, and so began a two-year odyssey in which she interviewed such women as Verna Griffin, Dr. Dre's mother; Marianne Stipe, Michael Stipe of REM's mother; Janis Winehouse, Amy Winehouse's mother; Patsy Noah, Adam Levine's mother; Donna Haim, mother of the Haim sisters; Hester Diamond, Mike D of The Beastie Boys' mother. With exclusive family photographs and a foreword by Dave Grohl, *From Cradle to Stage* will appeal to mothers and rock fans everywhere.

930 club history: *King of Ragtime* Stephen Costanza, 2021-09-14 A stunning, rhythmic picture book biography of African American composer Scott Joplin, whose ragtime music paved the way for jazz. There was something special about Scott Joplin... This quiet kid could make a piano laugh out loud. Scott, the son of a man who had been enslaved, became a king—the King of Ragtime. This celebration of Scott Joplin, whose ragtime compositions paved the way for jazz, will captivate audiences and put a beat in their step, and the kaleidoscope-like illustrations will draw young readers in again and again.

930 club history: **History of Buffalo Music and Entertainment** Rick Falkowski, 2017-09-08 History of Buffalo Music & Entertainment from the 1830s to the early 1980s. Covering Canal Street & Christy's Minstrels, The Pan-American Exposition, Theaters (vaudeville, burlesque & movie), Crystal Beach & other amusement parks, Nightclubs of the 1930s - 1960s, Big Band Jazz, early radio & television, Classical Music, 1950s rock 'n' roll bands & radio, Folk Music, 1960s Buffalo Sound Bands, 1960s Teen Club Bands, Behind the Scenes (music education, music businesses & manufacturers), music clubs in the 1960s & 1970s, The 1970s rock & commercial rock bands, Original Music Scene, Jazz, Blues & R&B in the 1970s & early 1980s, Country Music, Ethnic Music (German, Irish & Polish), bands and clubs of the early 1980s and over 125 historic photos.

930 club history: *Where the Devil Don't Stay* Stephen Deusner, 2021-09-07 In 1996, Patterson Hood recruited friends and fellow musicians in Athens, Georgia, to form his dream band: a group with no set lineup that specialized in rowdy rock and roll. The Drive-By Truckers, as they named themselves, grew into one of the best and most consequential rock bands of the twenty-first century, a great live act whose songs deliver the truth and nuance rarely bestowed on Southerners, so often reduced to stereotypes. *Where the Devil Don't Stay* tells the band's unlikely story not chronologically but geographically. Seeing the Truckers' albums as roadmaps through a landscape that is half-real, half-imagined, their fellow Southerner Stephen Deusner travels to the places the band's members have lived in and written about. Tracking the band from Muscle Shoals, Alabama, to Richmond, Virginia, to the author's hometown in McNairy County, Tennessee, Deusner explores the Truckers' complex relationship to the South and the issues of class, race, history, and religion that run through their music. Drawing on new interviews with past and present band members, including Jason Isbell, *Where the Devil Don't Stay* is more than the story of a great American band; it's a reflection on the power of music and how it can frame and shape a larger culture.

930 club history: **The Last Days of the Incas** Kim MacQuarrie, 2008-06-17 Documents the epic conquest of the Inca Empire as well as the decades-long insurgency waged by the Incas against the Conquistadors, in a narrative history that is partially drawn from the storytelling traditions of the Peruvian Amazon Yora people. Reprint. 20,000 first printing.

930 club history: I Dissent Debbie Levy, 2016-09-20 Get to know celebrated Supreme Court justice Ruth Bader Ginsburg—in the first picture book about her life—as she proves that disagreeing does not make you disagreeable! Supreme Court justice Ruth Bader Ginsburg has spent a lifetime disagreeing: disagreeing with inequality, arguing against unfair treatment, and standing up for what's right for people everywhere. This biographical picture book about the Notorious RBG, tells the justice's story through the lens of her many famous dissents, or disagreements.

930 club history: Capitol Contingency Brandon Gentry, 2012-12-14 Capitol Contingency chronicles a unique time in a uniquely vibrant music scene: Washington, D.C., 1991-1999. Punk was broken; the Internet had yet to engulf society; the major label compact disc marketing system was in its greatest -- and final -- era of dominance before its file-sharing-imposed collapse. And the nation's capital, already ground zero for some of the nation's best hardcore punk and post-punk sounds, was once again emerging as an incubator of musical innovation. This book looks at crucial albums by bands like Fugazi, Jawbox, Chisel, Unrest, Velocity Girl, and the Dismemberment Plan, using interviews with the artists to explore the abundance of smart, innovative rock and pop coming out of D.C. throughout the '90s. Ian MacKaye, Ted Leo, Travis Morrison, J. Robbins, Craig Wedren, and others all share their memories of and perspectives on an era and a scene that has come to embody the best aspects of late-century independent American rock music.

930 club history: The Only Woman in the Room Marie Benedict, 2019-01-08 THE NEW YORK TIMES BESTSELLER THE USA TODAY BESTSELLER Bestselling author Marie Benedict reveals the story of a brilliant woman scientist only remembered for her beauty. Her beauty almost certainly saved her from the rising Nazi party and led to marriage with an Austrian arms dealer. Underestimated in everything else, she overheard the Third Reich's plans while at her husband's side and understood more than anyone would guess. She devised a plan to flee in disguise from their castle, and the whirlwind escape landed her in Hollywood. She became Hedy Lamarr, screen star. But she kept a secret more shocking than her heritage or her marriage: she was a scientist. And she had an idea that might help the country fight the Nazis and revolutionize modern communication...if anyone would listen to her. A powerful book based on the incredible true story of the glamour icon and scientist, *The Only Woman in the Room* is a masterpiece that celebrates the many women in science that history has overlooked. Other Bestselling Historical Fiction from Marie Benedict: *The Mystery of Mrs. Christie* *Lady Clementine* *Carnegie's Maid* *The Other Einstein*

930 club history: Spare Parts Joshua Davis, 2014-12-02 Four undocumented Mexican American students, two great teachers, one robot-building contest . . . and a major motion picture In 2004, four Latino teenagers arrived at the Marine Advanced Technology Education Robotics Competition at the University of California, Santa Barbara. They were born in Mexico but raised in Phoenix, Arizona, where they attended an underfunded public high school. No one had ever suggested to Oscar, Cristian, Luis, or Lorenzo that they might amount to much—but two inspiring science teachers had convinced these impoverished, undocumented kids from the desert who had never even seen the ocean that they should try to build an underwater robot. And build a robot they did. Their robot wasn't pretty, especially compared to those of the competition. They were going up against some of the best collegiate engineers in the country, including a team from MIT backed by a \$10,000 grant from ExxonMobil. The Phoenix teenagers had scraped together less than \$1,000 and built their robot out of scavenged parts. This was never a level competition—and yet, against all odds . . . they won! But this is just the beginning for these four, whose story—which became a key inspiration to the DREAMers movement—will go on to include first-generation college graduations, deportation, bean-picking in Mexico, and service in Afghanistan. Joshua Davis's *Spare Parts* is a story about overcoming insurmountable odds and four young men who proved they were among the most patriotic and talented Americans in this country—even as the country tried to kick them out.

930 club history: Women, Race, & Class Angela Y. Davis, 2011-06-29 From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation

movement and the tangled knot of oppression facing Black women. “Angela Davis is herself a woman of undeniable courage. She should be heard.”—The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women’s rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger’s racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.

930 club history: *Memoirs of a Geisha* Arthur Golden, Michael Dean, 2008 Captivating, minutely imagined . . . a novel that refuses to stay shut (Newsweek), *Memoirs of a Geisha* is now released in a movie tie-in edition.

930 club history: *Resonances* Michael Goddard, Benjamin Halligan, Nicola Spelman, 2013-07-18 *Resonances* is a compelling collection of new essays by scholars, writers and musicians, all seeking to explore and enlighten this field of study. Noise seems to stand for a lack of aesthetic grace, to alienate or distract rather than enrapture. And yet the drones of psychedelia, the racket of garage rock and punk, the thudding of rave, the feedback of shoegaze and post-rock, the bombast of thrash and metal, the clatter of jungle and the stuttering of electronica, together with notable examples of avant-garde noise art, have all found a place in the history of contemporary musics, and are recognised as representing key evolutionary moments. Noise therefore is the untold story of contemporary popular music, and in a critical exploration of noise lies the possibility of a new narrative: one that is wide-ranging, connects the popular to the underground and avant-garde, fully posits the studio as a musical instrument, and demands new critical and theoretical paradigms of those seeking to write about music.

930 club history: So You Want to Sing the Blues Eli Yamin, 2018-09-21 *So You Want to Sing the Blues: A Guide for Performers* shines a light on the history and vibrant modern life of blues song. Eli Yamin explores those essential elements that make the blues sound authentic and guides readers of all backgrounds and levels through mastering this art form. He provides glimpses into the musical lives of the women and men who created the blues along with a listening tour of seminal recordings in the genre’s history. The blues presents many unique challenges for singers, who must shout, slide, and serenade around the accompanying music. By offering concrete explanations and exercises of key blues elements, this book guides singers to create authentic self-expressions informed by the style’s rich history and supported by strong technique. Teachers and singers of all levels will find this book a welcome guide to participating in this culturally diverse and uplifting style. The *So You Want to Sing* series is produced in partnership with the National Association of Teachers of Singing. Like all books in the series, *So You Want to Sing the Blues* features online supplemental material on the NATS website. Please visit www.nats.org to access style-specific exercises, audio and video files, and additional resources.
