In *Absolutely on Music*, internationally Haruki Murakami sits down with his friend Seiji Ozawa, the revered former conductor of the Boston Symphony Orchestra, for a series of conversations on their shared passion: music. Over the course of two years, Murakami and Ozawa discuss everything from Brahms to Beethoven, from Leonard Bernstein to Glenn Gould, from Bartók to Mahler, and from pop-up orchestras to opera. They listen to and dissect recordings of some of their favorite performances, and Murakami questions Ozawa about his career conducting orchestras around the world. Culminating in Murakami's ten-day visit to the banks of Lake Geneva to observe Ozawa's retreat for young musicians, the book is interspersed with ruminations on record collecting, jazz clubs, orchestra halls, film scores, and much more. A deep reflection on the essential nature of both music and writing, *Absolutely on Music* is an unprecedented glimpse into the minds of two maestros.

947 playlist history: *Resounding International Relations* M.I. Franklin, 2016-09-23 This book explores a provocative area of inquiry for critical theory and research into world politics and popular culture: music. Not just because political science barely engages with anything musical, but also because it is clear that many opportunities for critical scholarship and reflection on global politics and economics are present in the spaces and relationships created by organized sound. It is easy to focus on the textual elements of music, but there is more at stake than just the words. Critical reflection on the intersections between music and politics also need to take into account the visceral and non-verbal elements such as counterpoint and harmony, polyphony and dissonance, noise, rhymes, rhythms, performance and the visual/aural dimensions to music-making.

947 playlist history: *Unrequited Infatuations* Stevie Van Zandt, 2021-09-28 Uncover never-before-told stories in this epic tale of self-discovery by a Rock n Roll disciple and member of the E Street Band. What story begins in a bedroom in suburban New Jersey in the early '60s, unfolds on some of the country's largest stages, and then ranges across the globe, demonstrating over and over again how Rock and Roll has the power to change the world for the better? This story. The first true heartbeat of *Unrequited Infatuations* is the moment when Stevie Van Zandt trades in his devotion to the Baptist religion for an obsession with Rock and Roll. Groups like the Beatles and the Rolling Stones created new ideas of community, creative risk, and principled rebellion. They changed him forever. While still a teenager, he met Bruce Springsteen, a like-minded outcast/true believer who became one of his most important friends and bandmates. As Miami Steve, Van Zandt anchored the E Street Band as they conquered the Rock and Roll world. And then, in the early '80s, Van Zandt stepped away from E Street to embark on his own odyssey. He refashioned himself as Little Steven, a political songwriter and performer, fell in love with Maureen Santoro who greatly expanded his artistic palette, and visited the world's hot spots as an artist/journalist to not just better understand them, but to help change them. Most famously, he masterminded the recording of *Sun City*, an anti-apartheid anthem that sped the demise of South Africa's institutionalized racism and helped get Nelson Mandela out of prison. By the '90s, Van Zandt had lived at least two lives—one as a mainstream rocker, one as a hardcore activist. It was time for a third. David Chase

invited Van Zandt to be a part of his new television show, the Sopranos—as Silvio Dante, he was the unconditionally loyal consigliere who sat at the right hand of Tony Soprano (a relationship that oddly mirrored his real-life relationship with Bruce Springsteen). Underlying all of Van Zandt's various incarnations was a devotion to preserving the centrality of the arts, especially the endangered species of Rock. In the twenty-first century, Van Zandt founded a groundbreaking radio show (Little Steven's Underground Garage), created the first two 24/7 branded music channels on SiriusXM (Underground Garage and Outlaw Country), started a fiercely independent record label (Wicked Cool), and developed a curriculum to teach students of all ages through the medium of music history. He also rejoined the E Street Band for what has now been a twenty-year victory lap. Unrequited Infatuations chronicles the twists and turns of Stevie Van Zandt's always surprising life. It is more than just the testimony of a globe-trotting nomad, more than the story of a groundbreaking activist, more than the odyssey of a spiritual seeker, and more than a master class in rock and roll (not to mention a dozen other crafts). It's the best book of its kind because it's the only book of its kind. ****Instant International Bestseller, New York Times Bestseller, USA Today Bestseller, Wall Street Journal Bestseller, Los Angeles Times Bestseller, Publishers Weekly Bestseller****

947 playlist history: Playlist for the Apocalypse Rita Dove, 2021-08-17 Finalist for the 2022 Los Angeles Times Book Prize and the 2021 NAACP Image Award for Outstanding Literary Work - Poetry A piercing, unflinching new volume offers necessary music for our tumultuous present, from “perhaps the best public poet we have” (Boston Globe). In her first volume of new poems in twelve years, Rita Dove investigates the vacillating moral compass guiding America’s, and the world’s, experiments in democracy. Whether depicting the first Jewish ghetto in sixteenth-century Venice or the contemporary efforts of Black Lives Matter, a girls’ night clubbing in the shadow of World War II or the doomed nobility of Muhammad Ali’s conscious objector stance, this extraordinary poet never fails to connect history’s grand exploits to the triumphs and tragedies of individual lives. Meticulously orchestrated and musical in its forms, *Playlist for the Apocalypse* collects a dazzling array of voices: an elevator operator simmers with resentment, an octogenarian dances an exuberant mambo, a spring cricket philosophizes with mordant humor on hip hop, critics, and Valentine’s Day. Calamity turns all too personal in the book’s final section, “Little Book of Woe,” which charts a journey from terror to hope as Dove learns to cope with debilitating chronic illness. At turns audaciously playful and grave, alternating poignant meditations on mortality and acerbic observations of injustice, *Playlist for the Apocalypse* takes us from the smallest moments of redemption to catastrophic failures of the human soul. Listen up, the poet says, speaking truth to power; what you’ll hear in return is “a lifetime of song.”

A well-proven concept that works across all industries and all categories in any given situation, it is little wonder that business leaders and procurement professionals alike are excited by, and enjoy strategizing around, the Purchasing Chessboard. This second edition of *The Purchasing Chessboard* addresses the new realities of a highly volatile economic environment and describes the many—sometimes surprising—ways in which the Purchasing Chessboard is being used in today's business world. Yet despite all of the great achievements of procurement executives and their teams, they do not always receive the recognition they deserve. In response, the authors have developed and outlined within the book an unequivocal approach to measure procurement’s impact on a company’s performance—Return on Supply Management Assets (ROSMA®).

947 playlist history: You Are My Son Amy L. B. Peeler, 2014-04-24 The author of Hebrews calls God 'Father' only twice in his sermon. This fact could account for scholarship's lack of attention to the familial dynamics that run throughout the letter. Peeler argues, however, that by having God articulate his identity as Father through speaking Israel's Scriptures at the very beginning and near the end of his sermon, the author sets a familial framework around his entire exhortation. The author enriches the picture of God's family by continually portraying Jesus as God's Son, the audience as God's many sons, the blessings God bestows as inheritance, and the trials God allows as pedagogy. The recurrence of the theme coalesces into a powerful ontological reality for the audience: because God is the Father of Jesus Christ, they too are the sons of God. But even more than the model of sonship, Jesus' relationship with his Father ensures that the children of God will endure the race of faith to a successful finish because they are an integral part of comprehensive inheritance promised by his Father and secured by his obedience. Because of the familial relationship between God and Jesus, the audience of Hebrews - God's children - can remain in the house of God forever.

947 playlist history: Black Diamond Queens Maureen Mahon, 2020-10-09 African American women have played a pivotal part in rock and roll—from laying its foundations and singing chart-topping hits to influencing some of the genre's most iconic acts. Despite this, black women's importance to the music's history has been diminished by narratives of rock as a mostly white male enterprise. In Black Diamond Queens, Maureen Mahon draws on recordings, press coverage, archival materials, and interviews to document the history of African American women in rock and roll between the 1950s and the 1980s. Mahon details the musical contributions and cultural impact of Big Mama Thornton, LaVern Baker, Betty Davis, Tina Turner, Merry Clayton, Labelle, the Shirelles, and others, demonstrating how dominant views of gender, race, sexuality, and genre affected their careers. By uncovering this hidden history of black women in rock and roll, Mahon reveals a powerful sonic legacy that continues to reverberate into the twenty-first century.

947 playlist history: You Shook Me All Campaign Long Eric T. Kasper, Benjamin S. Schoening, 2018-11-15 Music has long played a role in American presidential campaigns as a mode of both expressing candidates' messages and criticizing the opposition. The relevance of music in the 2016 campaign for the White House took various forms in a range of American media: a significant amount of popular music was used by campaigns, many artist endorsements were sought by candidates, ever changing songs were employed at rallies, instances of musicians threatening legal

action against candidates burgeoned, and artists and others increasingly used music as a form of political protest before and after Election Day. The 2016 campaign was a game changer, similar to the development of music in the 1840 campaign, when “Tippecanoe and Tyler Too” helped sing William Harrison into the White House. The ten chapters in this collection place music use in 2016 in historical perspective before examining musical messaging, strategy, and parody. The book ultimately explores causality: how do music and musicians affect presidential elections, and how do politicians and campaigns affect music and musicians? The authors explain this interaction from various perspectives, with methodological approaches from several fields, including political science, legal studies, musicology, cultural studies, rhetorical studies, and communications and journalism. These chapters will help the reader understand music in the 2016 election to realize how music will be relevant in 2020 and beyond.

947 playlist history: Marking Time Nicole R. Fleetwood, 2020-04-28 A powerful document of the inner lives and creative visions of men and women rendered invisible by America's prison system. More than two million people are currently behind bars in the United States. Incarceration not only separates the imprisoned from their families and communities; it also exposes them to shocking levels of deprivation and abuse and subjects them to the arbitrary cruelties of the criminal justice system. Yet, as Nicole Fleetwood reveals, America's prisons are filled with art. Despite the isolation and degradation they experience, the incarcerated are driven to assert their humanity in the face of a system that dehumanizes them. Based on interviews with currently and formerly incarcerated artists, prison visits, and the author's own family experiences with the penal system, *Marking Time* shows how the imprisoned turn ordinary objects into elaborate works of art. Working with meager supplies and in the harshest conditions—including solitary confinement—these artists find ways to resist the brutality and depravity that prisons engender. The impact of their art, Fleetwood observes, can be felt far beyond prison walls. Their bold works, many of which are being published for the first time in this volume, have opened new possibilities in American art. As the movement to transform the country's criminal justice system grows, art provides the imprisoned with a political voice. Their works testify to the economic and racial injustices that underpin American punishment and offer a new vision of freedom for the twenty-first century.

947 playlist history: Mixed Forms of Visual Culture Mary Anne Francis, 2021-12-02 This book celebrates and seeks to understand the overlooked appearances of hybrid forms in visual culture; artefacts and practices that meld or interweave incongruous elements in innovative ways. And with an emphasis on the material aspects of such entities, the book adopts the term 'mixed form' for them. Focusing on key phenomena in the last half millennium such as the cabinet of curiosities, the broadside ballad and the chapbook as early forms of image-text, the scrapbook, assemblage, and, in digital times, so-called 'mixed reality,' the book argues that while the quality of inconsistency is traditionally dismissed, its expression nevertheless plays a vital role in social life. Crucially, *Mixed Forms of Visual Culture* relates its phenomena to the emergence of the division of labour under

capitalism and addresses the shifting relationships between art and life, when singularity and uniformity are variously valued and dismissed in the two arenas, and at different points in history. Two of the book's chapters take the form of visual essays, with one comprising an anthology of found scrapbook pages and the other offering an analysis of artists' scrapbooks. The book is richly illustrated throughout.

947 playlist history: *Fractured Faith* Lina AbuJamra, 2021-09-07 After your faith has fractured, let what takes its place be the real thing . . . at last. Somewhere along the way, the Christianity you knew began to crumble. You began to suspect your faith was misplaced. Disillusionment set in. Churches hurt you. Their people failed you. Christian institutions were exposed as fake. And in it all, God was silent. Is He gone? Or is God really there, waiting for you to find Him instead of the counterfeits? If you're walking this difficult spiritual path, Lina AbuJamra understands you. After experiencing the near deconstruction of her own faith, Lina had to rebuild something more solid when the faith she once knew let her down. With her diagnostic style that comes from her training as an ER doc, Lina helps you grapple with questions like: Where is God in my pain? Is this how Christians are supposed to act? Why did my story end up this way? Is this the normal Christian life? Why is it so hard for Christians to love? Let *Fractured Faith* help you find your way back to God. You just might discover that the real God has been waiting for you all along.

947 playlist history: Another City, Not My Own Dominick Dunne, 2012-02-08 NEW YORK TIMES BESTSELLER • A “thoroughly absorbing” (Time) novel of love, rage, and ruin amidst the chaos in Los Angeles during the O.J. 947 playlist history: 香港 Yee Chiang, 2002 Chiang Yee's account of London, first published in 1938, is original in more ways than one. Not only one of the first widely available books written by a Chinese author in English, it also reverses the conventions of travel writing. For here the exotic subject matter is none other than London and its people, quizzically observed as an alien culture by a foreign writer.

947 playlist history: Sahaja Yoga Shri Mataji Nirmala Devi, 2018-04-15 Shri Mataji writes that “India is a very ancient country and it has been blessed by many seers and saints who wrote treatises about reality and guidelines on how to achieve it.” This is just such a book. This book is both an introduction to Sahaja Yoga, describing the nature of the subtle reality within each of us, and a step-by-step handbook on how to be a good Sahaja Yogi, the nature of Sahaj culture, how to be a leader and how to raise children. “The knowledge of Sahaja Yoga cannot be described in a few sentences or one small book, but one should understand that all this great work of creation and evolution is done by some great subtle organization, which is in the great divine form.”

947 playlist history: His & Hers Alice Feeney, 2020-07-28 FROM THE NEW YORK TIMES BESTSELLING AUTHOR OF Sometimes I Lie "Stunning. Addictive. This book should not be missed!" —Samantha Downing "Deliciously dark...will have readers tearing through the pages." —Mary Kubica "Gives Gone Girl a run for its money...I couldn't stop reading." —Christina Dalcher There are two sides to every story: yours and mine, ours and theirs, His & Hers. Which means someone is always lying. When a woman is murdered in Blackdown, a quintessentially British village, newsreader Anna Andrews is reluctant to cover the case. Detective Jack Harper is suspicious of her involvement, until he becomes a suspect in his own murder investigation. Someone isn't telling the truth, and some secrets are worth killing to keep. His & Hers is a twisty, smart, psychological thriller. A gripping tale of suspense, told by expertly-drawn narrators that will keep readers guessing until the very end. 947 playlist history: Indian Buddhist Philosophy Amber Carpenter, 2014-09-03 Organised in broadly chronological terms, this book presents the philosophical arguments of the great Indian Buddhist philosophers of the fifth century BCE to the eighth century CE. Each chapter examines their core ethical, metaphysical and epistemological views as well as the distinctive area of Buddhist ethics that we call today moral psychology. Throughout, this book follows three key themes that both tie the tradition together and are the focus for most critical dialogue: the idea of anatman or no-self, the appearance/reality distinction and the moral aim, or ideal. Indian Buddhist philosophy is shown to be a remarkably rich tradition that deserves much wider engagement from European philosophy. Carpenter shows that while we should recognise the differences and distances between Indian and European philosophy, its driving questions and key conceptions, we must resist the temptation to find in Indian Buddhist philosophy, some Other, something foreign, self-contained and quite detached from anything familiar. Indian Buddhism is shown to be a way of looking at the world that shares many of the features of European philosophy and considers themes central to philosophy understood in the European tradition.
