99 names of allah guided journal: Divine Names Rosina-Fawzia al-Rawi, 2022-11-22 The path to self-discovery and inner and outer peace... *Divine Names* is a unique contribution to understanding life and oneself on a deeper level: by learning to open to the Divine. It draws on original Arabic literature—often not available in European languages—and on the author's many years of personal practice, teaching, and guiding others on their spiritual paths to healing, to becoming whole. It focuses on the use of the Divine Names in dhikr, individual meditations and healing practices. Whether we admit it or not, human beings are searchers: we want to understand; we want to know; we want to be known. Our quest may take many forms, yet ultimately it ends in nothing but pure praising of the Divine, even if this comes after our last breath. The outside always furthers the inside because the task and the meaning of life is always about reuniting—about connecting everything on the outside to its inner truth. It is the knowledge of the heart which is always capable of uniting. Such is the path of the Sufis. The Sufi tradition centers on the opening of the heart and nothing touches the heart as much as beauty. In this book, the author's unique style of writing, which combines clarity and poetic inspiration, is coupled with distinctive and ornamental Arabic calligraphy of each of the 99 Divine Names to make it a visually stunning tribute to this tradition. It will be enjoyed regardless of a person's religious beliefs.

99 names of allah guided journal: War and Peace in Islam Ghazi bin Muhammad (Prince of Jordan.), Ibrahim Kalin, Mohammad Hashim Kamali, 2013 Written by a number of Islamic religious authorities and Muslim scholars, this work presents the views and teachings of mainstream Sunni and Shi'i Islam on the subject of jihad. It authoritatively presents jihad as it is understood by the majority of the world's 1.7 billion Muslims in the world today, and supports this understanding with extensive detail and scholarship. No word in English evokes more fear and misunderstanding than jihad. To date the books that have appeared on the subject in English by Western scholars have been either openly partisan and polemical or subtly traumatized by so many acts and images of terrorism in the name of jihad and by the historical memory of nearly 1,400 years of confrontation between Islam and Christianity. Though jihad is the central concern of War and Peace in Islam: The Uses and Abuses of Jihad, the range of the essays is not confined exclusively to the study of jihad. The work is divided into three parts: War and Its Practice, Peace and Its Practice, and Beyond Peace: The Practice of Forbearance, Mercy, Compassion and Love. The book aims to reveal the real meaning of jihad and to rectify many of the misunderstandings that surround both it and Islam's relation with the "Other."

99 names of allah guided journal: Wisdom of the Quran Mhamed Aboulalaa, 2017-02-13

The Quran is an exceptional book. It is the holy book of Islam and, most importantly, is considered as the literal words (verbatim) of God and not a human inspired text. Its content encompasses a wide range of subjects: information about God, arguments about His existence and Unity, the Creation, the evidences for that, moral values, prescription about the relationship of Man to God, messages about human destiny such as the hereafter, life after death. These subjects are also linked to the questions of the purpose of life, of man's existence, to which the Quran provides clarifications and answers. The Quran is a book that provides both guidance and moral references to men and senses to life and existence. It is a highly specific and subtle book in every aspect and it will be shown that the Quran (along with the Prophet Muhammed tradition) is, in fact, a message of wisdom, tolerance and moral improvement for humankind, to all the people. The purpose of this book is, first to present concisely the main lines of the message and parts of the wisdom contained in the Quran, and second to provide an introduction that helps for an exhaustive reading of the Text.
