990 the answer radio: *Airborne* Matt Margolis, 2020-07-08 Starting with the Russian collusion hoax, the media never relented in their attempts to undermine Donald Trump's presidency. When the bogus impeachment ended with Trump's acquittal, they needed a new "scandal" to hang over his head. After largely ignoring the coronavirus outbreak, the media made it their Hail Mary attempt to sabotage President Trump. They claimed Trump's travel ban with China was racist, xenophobic, and unnecessary—then later blamed him for not implementing it sooner. They falsely claimed Trump called the coronavirus a hoax. They concocted a phony timeline to "prove" his response to the

pandemic was slow. They deceptively edited Trump's words to create an impression that he was crazy or stupid. They even blamed him for the death of a man whose wife gave him fish tank cleaner. In *Airborne: How The Liberal Media Weaponized The Coronavirus Against Donald Trump*, Matt Margolis exposes and debunks these lies and fake narratives reported by the media in their desperate attempt to thwart Trump's reelection.

990 the answer radio: Philadelphia Radio Alan Boris, 2011 Philadelphia radio broadcasting began in 1922, when the city's first officially licensed stations went on the air. Within a few years, what had begun as a small, experimental medium became a full-fledged craze as families listened to live news, sports, and entertainment for the first time. In 1932, the first building designed for radio broadcasting opened on Chestnut Street, coinciding with the golden age of radio that featured live orchestras, soap operas, and imaginative dramas. In the 1950s, a few stations began playing rock and roll, and Philadelphia became known as a city that not only produced hit music but also consistently broke new acts. By the 1970s, FM radio began to grab the majority of listeners, and once again Philadelphia stations were responsible for breaking new artists, such as Billy Joel and Bruce Springsteen.

990 the answer radio: Why We Fight Sebastian Gorka, 2018-10-09 Sebastian Gorka was [President Trump's] strategist. Dr. Gorka knows Donald Trump and the threats we face. Buy and read *Why We Fight* to find how we win and what it means to be an American hero. — RUSH LIMBAUGH WAR. It will happen again. We must be ready. Sober words from Dr. Sebastian Gorka, a man who has made the unvarnished truth his specialty. And there's one eternal truth that Americans are in danger of forgetting: the most important weapon in any geopolitical conflict is the will to win. And we must win. In this powerful manifesto, Dr. Gorka explains the basic principles that have guided strategists since Sun Tzu penned *The Art of War* in the sixth century B.C. To defeat your enemy, you must know him. But that's the last thing liberal elites are interested in. Willful ignorance about our adversary—whether it's Russia, China, or the global jihadi movement—has been crippling. Tearing off America's politically correct blindfold, Dr. Gorka clarifies who our foes are and what makes them tick. An eight-year vacation from geopolitical reality under Obama left our country dangerously weakened. Dr. Gorka addresses the pressing questions we face as we rebuild under President Trump's leadership: - What are the most serious threats to American security? - How are they different from the threats of the past? - What can we do to counter these threats? - How can we achieve the "perfect victory" of vanquishing our enemies without mortal combat? All the money and weapons in the world cannot substitute for the will to fight for our precious country and what she represents. To remind us of what the will to win looks like, Dr. Gorka intersperses the stories of four American heroes—Stephen Decatur, Chesty Puller, "Red" McDaniel, and a warrior who never took up arms, Whittaker Chambers—men who believed in their country and put everything on the line for her.

990 the answer radio: **The MAGA Doctrine** Charlie Kirk, 2020-03-03 NEW YORK TIMES BESTSELLER. The movement that brought Donald Trump to the White House has better ideas than the old right or the new left. It's time that the rest of America started listening. The Tea Party began as a protest for patriots who feared Big Government. President Trump has become a hero for patriots who are against Big Everything. Fed up with Silicon Valley, the media, liberal higher education, the military-industrial complex, Twitter mobs, swamp monsters, Big Pharma, out-of-control prosecutors, and gun-grabbing fascists, ordinary Americans miss the days when America cared about rule of the people, by the people, and for the people. Remember when you didn't feel bombarded on all sides by coastal billionaires and their government stooges? The MAGA Doctrine urges an overdue restoration of self-rule by a populace long taken for granted by its rulers. Turning Point USA founder and social media superstar Charlie Kirk explains once and for all why a New York real estate magnate found an audience among young conservatives all over the country. Trump and his allies are working to protect all the small things that both parties dismissed: local businesses, families, churches, and the rights of the individual. Kirk explains why it took a reality TV superstar to see past the sclerotic and power-hungry institutions, from the United Nations and Google to Harvard and Viacom, working to crush real America. The Trump Doctrine is all about giving you a say in the future of America and a hand in making it happen. As the mainstream media keep churning out lies about the "real reasons" behind the new conservative agenda, Charlie Kirk's The MAGA Doctrine is a powerful reminder of the true narrative of freedom and greatness that swept Donald Trump to the presidency.

990 the answer radio: Ice Walker James Raffan, 2020-10-13 From bestselling author James Raffan comes an enlightening and original story about a polar bear's precarious existence in the changing Arctic, reminiscent of John Vaillant's *The Golden Spruce*. Nanurjuk, "the bear-spirited one," is hunting for seals on Hudson Bay, where ice never lasts more than one season. For her and her young, everything is in flux. From the top of the world, Hudson Bay looks like an enormous paw print on the torso of the continent, and through a vast network of lakes and rivers, this bay connects to oceans across the globe. Here, at the heart of everything, walks Nanurjuk, or Nanu, one polar bear among the six thousand that traverse the 1.23 million square kilometers of ice and snow covering the bay. For millennia, Nanu's ancestors have roamed this great expanse, living, evolving, and surviving alongside human beings in one of the most challenging and unforgiving habitats on earth. But that world is changing. In the Arctic's lands and waters, oil has been extracted—and spilled. As global temperatures have risen, the sea ice that Nanu and her young need to hunt seal and fish has melted, forcing them to wait on land where the delicate balance between them and their two-legged neighbors has now shifted. This is the icescape that author and geographer James Raffan invites us to inhabit in *Ice Walker*. In precise and provocative prose, he brings readers inside Nanu's world as she treks uncertainly around the heart of Hudson Bay, searching for nourishment for the children that grow inside her. She stops at nothing to protect her cubs from the dangers she can see—other bears, wolves, whales, human beings—and those she cannot. By focusing his lens on this

bear family, Raffan closes the gap between humans and bears, showing us how, like the water of the Hudson Bay, our existence—and our future—is tied to Nanu's. He asks us to consider what might be done about this fragile world before it is gone for good. Masterful, vivid, and haunting, *Ice Walker* is an utterly unique piece of creative nonfiction and a deeply affecting call to action.

990 the answer radio: *Defeating Jihad* Sebastian Gorka, 2016-04-11 Now a New York Times bestseller! America is at war. The fight against global jihad has cost 7,000 American lives and almost \$2 trillion, and yet, most Americans do not understand what is at stake. The public lacks knowledge and safety because two presidents and their administrations neglected the most basic strategic question: who is the enemy? Presidents Bush and Obama both named the global jihadi movement—a movement with an intent to destroy the West—"violent extremism." Their tidy term was an attempt to maintain peace with the Muslim community. But when they failed to appropriately name the enemy, they failed to fully understand Islamic extremism. This failure is why the U.S. has been in Afghanistan for sixteen years with no end in sight. But this war is eminently winnable if we remove our ideological blinders, accurately name our enemy, and draw up a strategy to defeat the ideas that inspire terrorism. So says Dr. Sebastian Gorka, one of the most experienced and sought-after authorities on counterterrorism. Dr. Gorka has been one of the intelligence community's go-to experts on counterterrorism since 9/11. He's been called to brief Congress and the Marine Corps and was asked to analyze the Patriot's Day Boston Marathon Bombing for the US government. Dr. Gorka's report for the trial of Dzhokhar Jahar Tsarnaev was widely circulated in counterterrorism circles and the media because it accurately painted a picture, not of a teenager on the cover of *Rolling Stone*, but of a terrorist. Dr. Gorka is respected by peers because he understands our enemy is not terror or violent extremism. Our enemy is the global jihadi movement, a modern totalitarian ideology rooted in the doctrines and martial history of Islam whose goals are to build an empire, suppress "false Muslims," and engage in guerilla warfare against infidels. Taking his cue from the formerly top-secret analyses that shaped the U.S. response to the communist threat, Dr. Gorka has produced a compelling profile of the jihadi movement—its mind and motivation—and a plan to defeat it.

990 the answer radio: The War for America's Soul Sebastian Gorka, 2019-10-08 "Take it from someone who has been on the inside, who understands the fight we are currently in, and who knows what must be done to save our country. Dr. Sebastian Gorka's latest book, The War for America's Soul, leverages the former White House strategist's expertise, driven by his determination to preserve what made America great in the first place." — MARK LEVIN Our country is at war with itself. On one side are American patriots, dedicated to freedom under the Constitution; on the other side are leftists campaigning not just to win elections, but to radically transform the nation. In this political war for the soul of our country, America's patriots need a strategist with a blueprint for victory. Luckily, we have such a man in Dr. Sebastian Gorka—a former strategist for President Trump and now a nationally syndicated radio host and a fearless culture warrior. In his essential new book, The War for America's Soul, Dr. Gorka shows how America's elite—in both parties—betrayed our heartland, sabotaged the American dream, and accepted national decline as inevitable. It took a candidate with remarkable vision, dauntless courage, and unbreakable determination to change the narrative. That man was Donald Trump. A candidate who owed no favors to special interests, Trump articulated a new American nationalism that has been an extraordinary force for economic and political renewal.

In the fall of 1929, when Laura Cumming's mother was three years old, she was kidnapped from a beach on the Lincolnshire coast of England. There were no screams when she was taken, suggesting the culprit was someone familiar to her, and when she turned up again in a nearby village several days later, she was happy and in perfect health. No one was ever accused of a crime. The incident quickly faded from her memory, and her parents never discussed it. To the contrary, they deliberately hid it from her, and she did not learn of it for half a century. This was not the only secret her parents kept from her. For many years, while raising her in draconian isolation and protectiveness, they also hid the fact that she'd been adopted, and that shortly after the kidnapping, her name was changed from Grace to Betty. "Both page-turning and richly absorbing" (The Providence Journal), *On Chapel Sands* (originally titled *Five Days Gone*) unspools the tale of Cumming's mother's life and unravels the multiple mysteries at its core. Using photographs from the time, historical documents, and works of art, Cumming investigates this case of stolen identity with the toolset of a detective and the unique intimacy of a daughter trying to understand her family's past and its legacies. "Brilliant" (The Guardian) and "a story told with such depth of feeling and observation and such lyrical writing I couldn't put it down" (Anna Quindlen), *On Chapel Sands* is a masterful blend of memoir and history, an extraordinary personal narrative unlike any other.

In *The Tapping Solution*, Ortner describes not only the history and science of tapping but also the practical applications. In a friendly voice, he lays out easy-to-use practices, diagrams, and worksheets that will teach readers, step-by-step, how to tap on a variety of issues. With chapters covering everything from the alleviation of pain to the encouragement of weight loss to fostering better relationships, Ortner opens readers' eyes to just how powerful this practice can be. 990 the answer radio: The Nordic Book of Runes Jonathan Dee, 2021-02-09 A guide to the secrets of rune-reading, an ancient predictive art, that teaches you how to lay out runes and interpret them instantly. Once the sacred alphabet of the Germanic people of Northern Europe, runes are more than 2,000 years old. Runes (meaning a secret or mystery) were words of power, once carved on amulets, rings and weapons, and found as inscriptions on tombstones. The 1st rune, Fehu, is connected with cattle, and since wealth was measured in the number of cows a person owned, it has an underlying meaning of material wealth. The 11th rune, Isa, literally means 'ice', signifying danger and the probability of slipping up. Likewise, the 17th rune, Tiwaz, shares its significance with the North Star as an aid to navigation and charting life's path. In this insightful book, each of the runes is fully described, together with the symbolic images and celestial phenomena associated with them. Methods of laying out, or 'casting' the runes are described in order to give a full and comprehensive reading to answer any question. There are six spreads to choose from, from Odin's Rune, a simple reading with one rune stone, to using up to nine runes for deeper insight into the past, present and future.

990 the answer radio: Crossing the Rubicon Michael C. Ruppert, 2004-09-15 The acclaimed

investigative reporter and author of *Confronting Collapse* examines the global forces that led to 9/11 in this provocative exposé. The attacks of September 11, 2001 were accomplished through an amazing orchestration of logistics and personnel. *Crossing the Rubicon* examines how such a conspiracy was possible through an interdisciplinary analysis of petroleum, geopolitics, narco-traffic, intelligence and militarism—without which 9/11 cannot be understood. In reality, 9/11 and the resulting War on Terror are parts of a massive authoritarian response to an emerging economic crisis of unprecedented scale. Peak Oil—the beginning of the end for our industrial civilization—is driving the elites of American power to implement unthinkable draconian measures of repression, warfare and population control. *Crossing the Rubicon* is more than a story of corruption and greed. It is a map of the perilous terrain through which we are all now making our way.

990 the answer radio: Stonewalled Sharyl Attkisson, 2014-11-04 Seasoned CBS reporter Sharyl Attkisson reveals how she has been electronically surveilled while digging deep into the Obama Administration and its scandals, and offers an incisive critique of her industry and the shrinking role of investigative journalism in today's media. Americans are at the mercy of powerful figures in business and government who are virtually unaccountable. The Obama Administration in particular has broken new ground in its monitoring of journalists, intimidation and harassment of opposition groups, and surveillance of private citizens. Sharyl Attkisson has been a journalist for more than thirty years. During that time she has exposed scandals and covered controversies under both Republican and Democratic administrations. She has also seen the opponents of transparency go to ever greater lengths to discourage and obstruct legitimate reporting. Attkisson herself has been subjected to "opposition research" efforts and spin campaigns. These tactics increased their intensity as she relentlessly pursued stories that the Obama Administration dismissed. *Stonewalled* is the story of how her news reports were met with a barrage of PR warfare tactics, including online criticism, as well as emails and phone calls up the network chain of command in an effort to intimidate and discourage the next story. In *Stonewalled*, Attkisson recounts her personal tale, setting it against the larger story of the decline of investigative journalism and unbiased truth telling in America today.
