A Brief History of Ireland: Shaping Industries from Ancient Times to the Modern Era

By Dr. Aoife O'Malley, PhD in Irish History, Trinity College Dublin

Published by Emerald Publishing Group, a leading publisher of business and management journals.

Edited by Liam O'Connell, experienced editor with 15+ years specializing in Irish history and business publications.

Introduction:

Understanding the present often requires exploring the past. This article, "A brief history of Ireland," delves into the key historical events that have profoundly shaped Ireland's industries, from its ancient roots to its modern-day economic landscape. We will explore how a nation forged in the crucible of conflict and cultural resilience has navigated its way to become a significant player on the global stage. This "brief history of Ireland" aims not just to recount events, but to analyze their implications for the growth, development and character of Irish industries.

H1: Early Ireland: A Foundation in Agriculture and Craftsmanship

A "brief history of Ireland" must begin with its pre-Christian era. For centuries, the Irish economy revolved around agriculture – raising livestock and cultivating crops. Skilled craftspeople produced intricate metalwork, illuminated manuscripts, and textiles, demonstrating early signs of specialization and trade. The unique artistic and cultural traditions of this period laid the groundwork for future economic developments, showcasing a capacity for innovation and creativity that continues to this day. The decentralized nature of early Irish society, however, meant that large-scale industrialization was absent.

H2: The Medieval Period: Trade and the Rise of Monasteries

The arrival of Christianity in the 5th century profoundly impacted Ireland. Monasteries became centers of learning and economic activity, fostering literacy, preserving knowledge, and developing skills in areas like manuscript illumination and metalwork. Trade flourished, particularly with continental Europe, leading to the exchange of goods and ideas. This period in a "brief history of Ireland" highlights the importance of knowledge

transfer and the symbiotic relationship between religion and economic development. The relative stability of certain periods also facilitated the growth of local industries and crafts.

H3: The Norman Invasion and its Economic Consequences

The Norman invasion of 1169 marked a turning point in Irish history. While initially disruptive, this invasion introduced new administrative structures and economic systems. The establishment of towns and boroughs stimulated trade and urbanization, leading to the growth of new industries and the development of a more centralized economy. This period in our "brief history of Ireland" shows how external forces can shape a nation's economic trajectory, both positively and negatively. The introduction of new agricultural practices and land ownership systems would have long-lasting effects.

H4: Colonialism and the Suppression of Indigenous Industries

Centuries of British rule profoundly impacted Ireland's economy. While some industries, such as linen production, thrived at times, colonialism often suppressed indigenous industries and redirected resources to benefit the British Empire. Restrictions on trade and the exploitation of natural resources hindered economic growth and development. A key element of a "brief history of Ireland" is understanding the lasting legacy of this colonial period on the nation's economic identity and its approach to trade and international relations.

H5: The 19th Century: The Great Famine and its Impact

The Great Famine (1845-1849) devastated Ireland's population and its economy. The reliance on a single crop (potatoes) proved disastrous, highlighting the vulnerability of an economy dependent on a limited range of products. The famine led to mass emigration, a loss of human capital, and a prolonged period of economic hardship. This catastrophic event forms a crucial chapter in any "brief history of Ireland" and emphasizes the importance of economic diversification and resilience.

H6: The 20th Century: Independence and Economic Development

The achievement of independence in 1922 opened new possibilities for Ireland. The establishment of an independent state, however, was followed by a period of economic struggle. Subsequent decades saw attempts to diversify the economy, with a focus on agriculture and later on industrial development, often fueled by foreign investment. The creation of industrial estates and the development of export-oriented industries marked a significant shift in the economic landscape. This is a crucial part of "a brief history of Ireland" that shows the nation actively shaping its economic future.

H7: Modern Ireland: The Celtic Tiger and Beyond

From the late 1990s to the mid-2000s, Ireland experienced a period of rapid economic growth, often referred to as the "Celtic Tiger." This era was characterized by significant foreign investment, particularly in the technology and pharmaceutical sectors. However, the global financial crisis of 2008 brought an abrupt end to this period of rapid expansion, highlighting the vulnerabilities of an economy heavily reliant on foreign investment and a specific sector. This part of our "brief history of Ireland" shows the country's resilience in adapting to global economic shifts.

H8: Ireland's Modern Economic Landscape

Today, Ireland has a diversified economy, with strengths in sectors such as technology, pharmaceuticals, finance, and tourism. The country has consistently attracted significant foreign direct investment and is known for its skilled workforce and competitive tax regime. However, challenges remain, including addressing regional disparities and ensuring sustainable economic growth. A "brief history of Ireland" underscores the importance of understanding the country's past to successfully navigate its economic future.

Conclusion:

This "brief history of Ireland" has highlighted the key historical events that have shaped the nation's industries. From its early reliance on agriculture and craftsmanship to its modern status as a global player in technology and pharmaceuticals, Ireland's economic trajectory reflects a complex interplay of internal developments and external forces. Understanding this history is crucial for anyone seeking to do business in Ireland or understand the nuances of its present-day economy.

FAQs:

1. What was the impact of the Penal Laws on Irish industry? The Penal Laws severely restricted the economic participation of Irish Catholics, hindering the development of Irish-owned industries and businesses.
2. How did emigration affect Ireland's economic development? While initially leading to labor shortages, emigration also lessened population pressure on limited resources and, ironically, facilitated the flow of remittances back into the country.
3. What role did the European Union play in Ireland's economic growth? EU membership provided significant funding opportunities and access to the European single market, boosting trade and economic development.

4. What are the main challenges facing the Irish economy today? Challenges include addressing regional inequalities, ensuring sustainable economic growth, and adapting to Brexit and global economic uncertainties.
5. How has Ireland's history shaped its relationship with foreign investment? Historically a recipient of foreign investment due to its colonial past, Ireland has carefully cultivated its appeal to foreign investors.
6. What is the significance of the "Celtic Tiger" era? The "Celtic Tiger" era marked a period of unprecedented economic growth but also revealed vulnerabilities in dependence on foreign investment and particular sectors.
7. What is the role of education in Ireland's modern economy? A highly educated workforce is a key asset for Ireland, attracting high-tech companies and contributing to the country's economic competitiveness.
8. How has Ireland's agricultural sector evolved over time? From subsistence farming to modern, efficient agricultural practices, the sector has undergone significant transformations, although it's still a significant part of the economy.
9. What is the future outlook for the Irish economy? The outlook remains positive, but the country needs to continue diversifying its economy and building resilience to global economic shocks.

a brief history of ireland: *A Brief History of Ireland* Richard Killeen, 2012-01-19 From the dawn of history to the decline of the Celtic Tiger - how Ireland has been shaped over the centuries. Ireland has been shaped by many things over the centuries: geography, war, the fight for liberty. A Brief History of Ireland is the perfect introduction to this exceptional place, its people and its culture. Ireland has been home to successive groups of settlers - Celts, Vikings, Normans, Anglo-Scots, Huguenots. It has imported huge ideas, none bigger than Christianity which it then re-exported to Europe after the fall of the Roman Empire. In the Tudor era it became the first colony of the developing English Empire. Its fraught and sometimes brutal relationship with England has dominated its modern history. Killeen argues that religion was decisive in all this: Ireland remained substantially Catholic, setting it at odds with the larger island culturally, religiously and politically. But its own culture and identity have stayed strong, most obviously in literature with a magnificent tradition of writing from the Book of Kells to the modern masters: Joyce, Yeats, Beckett and Heaney.

a brief history of ireland: *A Short History of Ireland, 1500-2000* John Gibney, 2018-01-09 A brisk, concise, and readable overview of Irish history from the Protestant Reformation to the dawn of the twenty-first century. Five centuries of Irish history are explored in this informative and accessible volume. Beginning with Ireland's modern period at the dawn of the sixteenth century, John Gibney continues through to virtually the present day, offering an integrated overview of the island nation's cultural, political, and socioeconomic evolution. This succinct, scholarly study covers important historical events, including the Cromwellian conquest and settlement, the Great Famine, and the struggle for Irish independence. Along the way, it explores major themes such as Ireland's often contentious relationship with Britain, the impact of the Protestant Reformation, the ongoing religious tensions it inspired, and the global reach of the Irish diaspora. This unique, wide-ranging work assimilates the most recent scholarship on a wide range of historical controversies, making it an essential addition to the library of any student of Irish studies.

a brief history of ireland: Manny Man Does the History of Ireland John D. Ruddy, 2016 YouTube sensation John D. Ruddy brings history to life with clarity and hilarity in videos that have amassed millions of views around the world. Here, his viral online hit, Manny Man, turns Ireland's tumultuous millennia of history into a fun and easy-to-understand story. Why did the Celts love stealing cows? What was the Norman Invasion, and were they all called Norman? From the Ice Age up to the present day, through the Vikings and Tudors, British rule and the fight for independence, he covers it all - with his tongue in his cheek, of course. The succinct, lively text is complemented by comic, colorful illustrations. So if you want a quick fix of Irish history with lots of fun along the way, then Manny Man is your only man.

a brief history of ireland: *Story of Ireland* Neil Hegarty, 2012-04-24 The history of Ireland has

traditionally focused on the localized struggles of religious conflict, territoriality and the fight for Home Rule. But from the early Catholic missions into Europe to the embrace of the euro, the real story of Ireland has played out on the larger international stage. *Story of Ireland* presents this new take on Irish history, challenging the narrative that has been told for generations and drawing fresh conclusions about the way the Irish have lived. Revisiting the major turning points in Irish history, Neil Hegarty re-examines the accepted stories, challenging long-held myths and looking not only at the dynamics of what happened in Ireland, but also at the role of events abroad. How did Europe's 16th century religious wars inform the incredible violence inflicted on the Irish by the Elizabethans? What was the impact of the French and American revolutions on the Irish nationalist movement? What were the consequences of Ireland's policy of neutrality during the Second World War? *Story of Ireland* sets out to answer these questions and more, rejecting the introspection that has often characterized Irish history. Accompanying a landmark series coproduced by the BBC and RTE, and with an introduction by series presenter, Fergal Keane, *Story of Ireland* is an epic account of Ireland's history for an entire new generation.

a brief history of ireland: *A Short History of Ireland* John O'Beirne Ranelagh, 2012-10-11 This third edition of John O'Beirne Ranelagh's classic history of Ireland incorporates contemporary political and economic events as well as the latest archaeological and DNA discoveries. Comprehensively revised and updated throughout, it considers Irish history from the earliest times through the Celts, Cromwell, plantations, famine, Independence, the Omagh bomb, peace initiatives, and financial collapse. It profiles the key players in Irish history from Diarmuid MacMurrough to Gerry Adams and casts new light on the events, North and South, that have shaped Ireland today. Ireland's place in the modern world and its relationship with Britain, the USA and Europe is also examined with a fresh and original eye. Worldwide interest in Ireland continues to increase, but whereas it once focused on violence in Northern Ireland, the tumultuous financial events in the South have opened fresh debates and drawn fresh interest. This is a new history for a new era.

a brief history of ireland: *Life in Ireland* Conor W. O'Brien, 2021-04-22 This is the story of life in Ireland – a story half a billion years in the making. With its castles, crannogs and passage tombs, Ireland is a land where history looms large, but the saga of life on this island dates back millions of years before the first people set foot here. In *Life in Ireland*, Conor O'Brien guides the reader on a journey around the island to explore the history of natural life here, from the Jurassic Coast of Antrim to the great Ice Age bone-beds of Cork. Along the way, we'll meet some of the astonishing creatures to have called Ireland home through the ages: shelled monsters; huge marine lizards; armoured dinosaurs; giant deer; mighty mammoths. Vital strands in the story of life on Earth have left their mark here, including some of the first creatures to crawl onto land or take to the wing. This epic journey will take us from the first fossils to the present day, to see how our wildlife has adapted to the human age and explore what the future might hold for life in Ireland.

a brief history of ireland: *History of Ireland* Geoffrey Keating, 1881

a brief history of ireland: *Ireland* Joseph Coohill, 2024-08-01 From the first prehistoric inhabitants of the island to the Windsor Framework for Northern Ireland, this uniquely concise account of Ireland and its people reveals how modern Irish society is the product of a rich, multivalent history. Combining factual information with a critical approach, Coohill covers all the key events, including the Great Famine, Home Rule, the Good Friday Agreement and Brexit. Newly revised and updated, this highly accessible and balanced account will continue to provide a valuable resource to all those wishing to acquaint themselves further with the complex history of Ireland and Irish people.

a brief history of ireland: *The Oxford Illustrated History of Ireland* Robert Fitzroy Foster, 2000-11-09 Edited by well-respected historian Roy Foster, this authoritative work provides a lively and challenging synthesis of Irish history from pre-Christian times to the present-day troubles. Written by an expert team of scholars, all known for their innovative work, it is lavishly illustrated with over 200 pictures in colour and black and white.

a brief history of ireland: *History of Ireland* , 1878

a brief history of ireland: *A History of Ireland in 100 Words* Sharon Arbuthnot, Máire Ní Mhaonaigh, Gregory Toner, 2019 A history of Ireland in 100 words has been shortlisted for 'best Irish-published book of the year' at the An Post Irish Book Awards 2019. November 2019. Did you know that Cú Chulainn was conceived with a thirst-quenching drink? That 'cluas', the modern Irish word for 'ear', also means the handle of a cup? That the Old Irish word for 'ring' may have inspired Tolkien's 'nazg'? How and why does the word for noble (saor) come to mean cheap? Why does a word that once meant law (cáin) now mean tax? And why are turkeys in Irish French birds? From murder to beekeeping and everything between, discover how the Irish ate, drank, dressed, loved and lied. This book tells a history of Ireland by looking at the development of 100 medieval Irish words drawn from the Royal Irish Academy's Dictionary of the Irish Language. Words tell stories and encapsulate histories and this book captures aspects of Ireland's changing history by examining the changing meaning of 100 key words. The book is aimed at a general readership and no prior knowledge of the Irish language is required to delve into the fascinating insights it provides. The book is divided into themes, including writing and literature; food and feasting; technology and science; mind and body. Readers can explore words relating to particular concepts, dipping in and out where they please.

a brief history of ireland: *Irish Freedom* Richard English, 2008-09-04 Richard English's brilliant new book, now available in paperback, is a compelling narrative history of Irish nationalism, in which events are not merely recounted but analysed. Full of rich detail, drawn from years of original research and also from the extensive specialist literature on the subject, it offers explanations of why Irish nationalists have believed and acted as they have, why their ideas and strategies have changed over time, and what effect Irish nationalism has had in shaping modern Ireland. It takes us from the Ulster Plantation to Home Rule, from the Famine of 1847 to the Hunger Strikes of the 1970s, from Parnell to Pearse, from Wolfe Tone to Gerry Adams, from the bitter struggle of the Civil War to the uneasy peace of the early twenty-first century. Is it imaginable that Ireland might – as some have suggested – be about to enter a post-nationalist period? Or will Irish nationalism remain a defining force on the island in future years? 'a courageous and successful attempt to synthesise the entire story between two covers for the neophyte and for the exhausted specialist alike' Tom Garvin, Irish Times

a brief history of ireland: *Ireland's History* Kenneth L. Campbell, 2013-12-05 Ireland's History provides an introduction to Irish history that blends a scholarly approach to the subject, based on recent research and current historiographical perspectives, with a clear and accessible writing style. All the major themes in Irish history are covered, from prehistoric times right through to present day, from the emergence of Celtic Christianity after the fall of the Roman Empire, to Ireland and the European Union, secularism and rapprochement with the United Kingdom. By avoiding adopting a purely nationalistic perspective, Kenneth Campbell offers a balanced approach, covering not only social and economic history, but also political, cultural, and religious history, and exploring the interconnections among these various approaches. This text will encourage students to think critically about the past and to examine how a study of Irish history might inform and influence their understanding of history in general.

a brief history of ireland: *A Short History of Ireland* , 1843

a brief history of ireland: *The Wearing of the Green* Mike Cronin, Daryl Adair, 2004-11-23 The full history of St. Patrick's day is captured here for the first time in *The Wearing of the Green*. Illustrated with photos, the book spans the medieval origins, steeped in folklore and myth, through its turbulent and troubled times when it acted as fuel for fierce political argument, and tells the fascinating story of how the celebration of 17th March was transformed from a stuffy dinner for Ireland's elite to one of the world's most public festivals. Looking at more general Irish traditions and Irish communities throughout the world, Mike Cronin and Daryl Adair follow the history of this widely celebrated event, examining how the day has been exploited both politically and commercially, and they explore the shared heritage of the Irish through the development of this unique patriotic holiday. Highly informative for students of history, cultural studies and sociology,

and an absolute delight for anyone interested in the fascinating and unique culture of Ireland.

a brief history of ireland: *A History of Ireland* Plantagenet Somerset Fry, Peter Plantagenet Somerset Fry, Fiona Somerset Fry, 1991 Beginning in 6000 BC, this comprehensive history of Ireland spans the ages and takes the reader up to the present day. It covers the Neolithic, Bronze and Iron Ages, the arrival of Christianity, the Viking period, the takeover of Ireland by Henry II in 1171 AD and the struggle for independence.

a brief history of ireland: *The Course of Irish History* Theodore William Moody, Francis X. Martin, 2011 The classic general history of Ireland covering the economic, social and political development of Ireland from the prehistoric times to the present. This new updated edition brings us up to 2011.

a brief history of ireland: *Malachy McCourt's History of Ireland* Malachy McCourt, 2004-09-07 In the successful tradition of Thomas Cahill's modern-day classic, *How the Irish Saved Civilization*, here is an authoritative and completely engaging one-volume account of Irish history by County Limerick native, gifted storyteller, and bestselling author Malachy McCourt. Its pages are populated with figures from myth, legend, ancient history, and current events, from Cu Chulainn and Brian Boru to Oliver Cromwell, James Joyce, Lady Gregory, Gerry Adams, and Sinéad O'Connor—some beloved, some controversial, but all with an undeniable influence on the course of Irish history and in turn, the history of the modern world. McCourt proves an irresistible guide on this vivid tour through the colorful and turbulent history of the Emerald Isle, from the Celtic settlements, through Viking and British occupations, modern troubles and struggle for independence. He also offers fresh insights on the country's cultural contributions to folklore, literature, art, music, and cuisine.

a brief history of ireland: *A History of Ireland in 250 Episodes* Jonathan Bardon, 2008 Jonathan Bardon covers all the obvious things: the invasions, battles, development of towns and cities, the Reformation, the Georgian era, the Famine, rebellions and resistance, the difference of Ulster, partition, the twentieth century. What makes his book so valuable, however, are the quirky subjects he chooses to illustrate how history really works: the great winter freeze of 1740 and the famine that followed; crime and duelling; an emigrant voyage; evictions. These episodes get behind the historical headlines to give a glimpse of past realities that might otherwise be lost to view. The author has retained the original episodic structure of the radio programmes. The result is a marvellous mosaic of the Irish past, delivered with clarity and narrative skill. --Book Jacket.

a brief history of ireland: *The Concise History of Ireland* Seán Duffy, 2005 Appealing to the specialist and general reader alike, this handsomely presented book tells the story of Ireland from earliest times to the present, using a combination of words, maps, photographs and illustrations.

a brief history of ireland: *The Princeton History of Modern Ireland* Richard Bourke, Ian McBride, 2016-01-12 An accessible and innovative look at Irish history by some of today's most exciting historians of Ireland This book brings together some of today's most exciting scholars of Irish history to chart the pivotal events in the history of modern Ireland while providing fresh perspectives on topics ranging from colonialism and nationalism to political violence, famine, emigration, and feminism. The Princeton History of Modern Ireland takes readers from the Tudor conquest in the sixteenth century to the contemporary boom and bust of the Celtic Tiger, exploring key political developments as well as major social and cultural movements. Contributors describe how the experiences of empire and diaspora have determined Ireland's position in the wider world and analyze them alongside domestic changes ranging from the Irish language to the economy. They trace the literary and intellectual history of Ireland from Jonathan Swift to Seamus Heaney and look at important shifts in ideology and belief, delving into subjects such as religion, gender, and Fenianism. Presenting the latest cutting-edge scholarship by a new generation of historians of Ireland, *The Princeton History of Modern Ireland* features narrative chapters on Irish history followed by thematic chapters on key topics. The book highlights the global reach of the Irish experience as well as commonalities shared across Europe, and brings vividly to life an Irish past shaped by conquest, plantation, assimilation, revolution, and partition.

a brief history of ireland: *The Cambridge History of Ireland: Volume 1, 600-1550* Brendan Smith, 2018-03-31 The thousand years explored in this book witnessed developments in the history of Ireland that resonate to this day. Interspersing narrative with detailed analysis of key themes, the first volume in *The Cambridge History of Ireland* presents the latest thinking on key aspects of the medieval Irish experience. The contributors are leading experts in their fields, and present their original interpretations in a fresh and accessible manner. New perspectives are offered on the politics, artistic culture, religious beliefs and practices, social organisation and economic activity that prevailed on the island in these centuries. At each turn the question is asked: to what extent were these developments unique to Ireland? The openness of Ireland to outside influences, and its capacity to influence the world beyond its shores, are recurring themes. Underpinning the book is a comparative, outward-looking approach that sees Ireland as an integral but exceptional component of medieval Christian Europe.

a brief history of ireland: *A History of Ireland for Learners of English* Tony Penston, 2010 Ce livre s'adresse aux personnes intéressées par l'histoire et la culture irlandaise. Il convient particulièrement aux élèves d'anglais niveau intermédiaire et suivant. Pour chaque thème, un texte présente la période historique ou le fait culturel, puis un exercice permet de tester la compréhension. Les réponses se trouvent à la fin de l'ouvrage.

a brief history of ireland: *A Brief History of Ireland* Paul F. State, 2009 Follows the political, economic, and social development of Ireland from the pagan past to the contemporary religious strife and hope for reconciliation.

a brief history of ireland: *Ireland* Thomas Bartlett, 2010-06-03 Acclaimed political, social, cultural and economic history of Ireland from prehistory to the present by one of Ireland's leading historians.

a brief history of ireland: *Modern Ireland: A Very Short Introduction* Senia Paseta, 2003-03-27 This is a book about the Irish Question, or more specifically about Irish Questions. The term has become something of a catch-all, a convenient way to encompass numerous issues and developments which pertain to the political, social, and economic history of modern Ireland. The Irish Question has of course changed: one of the main aims of this book is to explore the complicated and shifting nature of the Irish Question and to assess what it has meant to various political minds and agendas. No other issue brought down as many nineteenth-century governments and no comparable twentieth-century dilemma has matched its ability to frustrate the attempts of British cabinets to find a solution; this inability to find a lasting answer to the Irish Question is especially striking when seen in the context of the massive shifts in British foreign policy brought about by two world wars, decolonization, and the cold war. Senia Paseta charts the changing nature of the Irish Question over the last 200 years, within an international political and social historical context. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Your history teacher will be interesting at all of your newfound knowledge. So what are you waiting for? Get started to learn more about Ireland!

a brief history of ireland: *Ireland's Forgotten Past: A History of the Overlooked and Disremembered* Turtle Bunbury, 2020-03-17 This volume delves into Ireland's forgotten history bringing to light some of the most colorful characters and intriguing episodes of the country's long history. Ireland is approximately the size of the state of Indiana, yet this small country boasts an extensive, rich, and fascinating history. Ireland's Forgotten Past is an alternative history that covers 13,000 years in 36 stories that are often left out of history books. Among the characters in these absorbing accounts are a pair of ill-fated prehistoric chieftains, a psychopathic Viking, a gallant Norman knight, a dazzling English traitor, an ingenious tailor, an outstanding war-horse, a brothel queen, an insanely prolific sculptor, and a randy prince. This volume offers a succinct account of the Stone Age and Bronze Age, as well as insights into the Bell-Beakers, the Romans, and the Knights Templar. Historian Turtle Bunbury writes a gently off-beat take on monumental events like the Wars of the Roses, the Tudor Conquest and the Battle of the Boyne, as well as the Home Rule campaign and the Great War. Ireland's Forgotten Past adds color to the existing histories of the country by focusing on the unique characters and intriguing events. This volume will delight anyone interested in the rich untold history of Ireland.

a brief history of ireland: *A Popular History of Ireland* Thomas D'Arcy McGee, 1863

a brief history of ireland: *Making the Irish American* J.J. Lee, Marion R. Casey, 2007-03 Explores the history of the Irish in America, offering an overview of Irish history, immigration to the United States, and the transition of the Irish from the working class to all levels of society.

a brief history of ireland: *Say Nothing* Patrick Radden Keefe, 2020-02-25 NEW YORK TIMES BESTSELLER • SOON TO BE AN FX LIMITED SERIES STREAMING ON HULU • NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • From the author of *Empire of Pain*—a stunning, intricate narrative about a notorious killing in Northern Ireland and its devastating repercussions. One of The New York Times's 20 Best Books of the 21st Century Masked intruders dragged Jean McConville, a 38-year-old widow and mother of 10, from her Belfast home in 1972. In this meticulously reported book—as finely paced as a novel—Keefe uses McConville's murder as a prism to tell the history of the Troubles in Northern Ireland. Interviewing people on both sides of the conflict, he transforms the tragic damage and waste of the era into a searing, utterly gripping saga. —New York Times Book Review Reads like a novel ... Keefe is ... a master of narrative nonfiction. . .An incredible story.—Rolling Stone A Best Book of the Year: The New York Times, The Washington Post, The Wall Street Journal, TIME, NPR, and more! Jean McConville's abduction was one of the most notorious episodes of the vicious conflict known as The Troubles. Everyone in the neighborhood knew the I.R.A. was responsible. But in a climate of fear and paranoia, no one would speak of it. In 2003, five years after an accord brought an uneasy peace to Northern Ireland, a set of human bones was discovered on a beach. McConville's children knew it was their mother when they were told a blue safety pin was attached to the dress—with so many kids, she had always kept it handy for diapers or ripped clothes. Patrick Radden Keefe's mesmerizing book on the bitter conflict in Northern Ireland and its aftermath uses the McConville case as a starting point for the tale of a society wracked by a violent guerrilla war, a war whose consequences have never been reckoned with. The brutal violence seared not only people like the McConville children, but also I.R.A. members embittered by a peace that fell far short of the goal of a united Ireland, and left them wondering whether the killings they committed were not justified acts of war, but simple murders. From radical and impetuous I.R.A. terrorists such as Dolours Price, who, when she was barely out of her teens, was already planting bombs in London and targeting informers for execution, to the ferocious I.R.A. mastermind known as The Dark, to the spy games and dirty schemes of the British Army, to Gerry Adams, who negotiated the peace but betrayed his hardcore comrades by denying his I.R.A. past—Say Nothing conjures a world of passion, betrayal, vengeance, and anguish.

a brief history of ireland: Phases of Irish History Eoin MacNeill, 2020-08-15 Reproduction of the original: Phases of Irish History by Eoin MacNeill

a brief history of ireland: The Natural History of Ireland William Thompson, 1849 This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!

a brief history of ireland: A History of the Irish Working Class Peter Berresford Ellis, 1985 This modern classic of Irish history is an accomplished and readable synthesis. Subjects covered include the early 'communism' of the Celtic clans ; the role of the Church; the Irish aristocracy and their handover to Henry II; Wolfe Tone's rising and O'Connell's betrayal.

a brief history of ireland: The Partition of Ireland and the Troubles Charles River Editors, 2018-12-03 *Includes pictures *Includes online resources and a bibliography for further reading The Honorable Member must remember that in the South they boasted of a Catholic State. They still boast of Southern Ireland being a Catholic State. All I boast of is that we are a Protestant Parliament and a Protestant State. It would be rather interesting for historians of the future to compare a Catholic State launched in the South with a Protestant State launched in the North and to see which gets on the better and prospers the more. - Sir James Craig There are very few national relationships quite as complicated and enigmatic as the one that exists between the English and the Irish. For two peoples so interconnected by geography and history, the depth of animosity that is often expressed is difficult at times to understand. At the same time, historic links of family and clan, and common Gaelic roots, have at times fostered a degree of mutual regard, interdependence, and cooperation that is also occasionally hard to fathom. During World War I, for example, Ireland fought for the British Empire as part of that empire, and the Irish response to the call to arms was at times just as enthusiastic as that of other British dominions such as Canada, Australia, and New Zealand. An excerpt from one war recruitment poster asked, What have you done for Ireland? How have you answered the Call? Are you pleased with the part you're playing in the job that demands us all? Have you changed the tweed for the khaki to serve with rank and file, as your comrades are gladly serving, or isn't it worth your while? And yet, at the same time, plots were unearthed to cooperate with the Germans in toppling British rule in Ireland, which would have virtually ensured an Allied defeat. In World War II, despite Irish neutrality, 12,000 Irish soldiers volunteered to join the Khaki line, returning after the war to the scorn and vitriol of a great many of their more radical countrymen. One of the most bitter and divisive struggles in the history of the British Isles, and in the history of the British Empire, played out over the question of Home Rule and Irish independence, and then later still as the British province of Northern Ireland grappled within itself for the right to secede from the United Kingdom or the right to remain. What is it within this complicated relationship that has kept this strange duality of mutual love and hate at play? A rendition of Danny Boy has the power to reduce both Irishmen and Englishmen to tears, and yet they have torn at one another in a violent conflict that can be traced to the very dawn of their contact. This history of the British Isles themselves is in part responsible. The fraternal difficulties of two neighbors so closely aligned, but so unequally endowed, can be blamed for much of the trouble. The imperialist tendencies of the English themselves, tendencies that created an empire that embodied the best and worst of humanity, alienated them from not only the Irish, but the Scots and Welsh too. However, the British also extended that colonial duality to other great societies of the world, India not least among them, without the same enduring suspicion and hostility. There is certainly something much more than the sum of its parts in this curious combination of love and loathing that characterizes the Anglo-Irish relationship. The Partition of Ireland and the Troubles: The History of Northern Ireland from the Irish Civil War to the Good Friday Agreement analyzes the tumultuous events that marked the creation of Northern Ireland, and the conflicts fueled by the partition. Along with pictures of important people, places, and events, you will learn about Northern Ireland like never before.

a brief history of ireland: *Prison Policy in Ireland* Mary Rogan, 2011-04 This book explores how Irish prison policy has come to take on its particular character, with comparatively low prison numbers, significant reliance on short sentences and a policy-making climate in which long periods of neglect are interspersed with bursts of political activity all prominent features. Drawing on the emerging scholarship of policy analysis, the book argues that it is only through close attention to the way in which policy is formed that we will fully understand the nature of prison policy.

a brief history of ireland: The History of Ireland Geoffrey Keating, One of Few Surviving Works. This is one of the finest surviving works on Irish history. It was originally written in 17th century gaelic by Dr. Keating. This edition was fully translated into modern English by John O'Mahoney, including voluminous footnotes which could be made into a book unto themselves. This is the entire 3 volume IGF set, and the rare translation by O'Mahoney, published by the Irish Genealogical Foundation. Seathrún Céitinn, the author, is better known in English as Geoffrey Keating. He served as a historian, poet and clergyman in 17th century. This book, his History of Ireland or Foras Feasa ar Éirinn, or Foundation of Knowledge on Ireland, was originally written in the Gaelic language, in the 17th century, during the reign of Charles I of England.
