a course in miracles ebook: Journey Through the Workbook of A Course in Miracles Kenneth Wapnick, 2005 This eight-volume set is the end product of a series of classes I conducted at our Foundation's former location in New York. The classes consisted of a line-by-line analysis of the lessons, introductions, reviews, summaries, and the Epilogue. I have considerably enlarged some of the original discussion, supplying additional references to other relevant portions of the Course, the Preface, the two pamphlets, poems from The Gifts of God, and the prose poem The Gifts of God. This work can thus be seen as a complete Course companion to accompany students on their own journey through the workbook. My purpose in presenting the classes originally, as it remains in this book, was to help students better understand the meaning of the lessons and their place in the curriculum of A Course in Miracles, and most of all, to help students see the importance of applying the daily lessons to their everyday lives. Without such application, the brilliance of Jesus' words is wasted, and they become simply a sterile system of intellectual teachings. This book can be read in at least three ways: 1) straight through, as one would do with the text; 2) different lessons at different times; or 3) one lesson at a time, as a companion to each lesson. I would urge students, however, if they are doing the workbook for the first time, to read the lessons as they are, without my commentary. In other words, as with all my other work on A Course in Miracles, this book is meant to supplement a student's experience of the workbook, not to substitute for the workbook as it was given to us. (Adapted from the Preface)

a course in miracles ebook: *A COURSE in MIRACLES for DUMMIES: Volume I* Thomas Wakechild, 2011-09-01 The text of A Course in Miracles (ACIM) is difficult and mystifying for most readers. Both teachers and students struggle for many years with little success in unlocking the secrets to understanding this Course. They often abandon their studies and end up confused and discouraged. This ACIM for Dummies series cuts thorough the mystery of the Course's esoteric text and makes Jesus' message alive and accessible to the ordinary reader. The richness and simplicity of ACIM's message of freedom, joy and unconditional love awaits anyone who is willing to see things differently. The Course states that “Perception is a mirror, not a fact.” Once decoded, it provides the formula that transforms and empowers the reader so that they are both free and capable of seeing things differently. You can exchange your fear-based thought system for the peace of God. Happiness is only a choice away and you can make that choice today. This is your time to shine. ACIM uses a unique terminology that references two different levels of being that are dominated by two opposing thought systems. This book demystifies the text by replacing the pronouns and unclear references with their meanings and clarifies the appropriate level associated with each passage. All antecedent references made to ACIM's second edition are clearly noted in bold print for easy reference to the original text. Each text paragraph is then followed by an explanatory note to assist the reader in their own interpretation of the paragraph. These notes are designed to foster discussion and clarity, not to limit ideas and prevent individual interpretation. As

such, ACIM for Dummies can be utilized as either a primary or secondary text for independent or group study. ACIM for Dummies is an excellent reference tool for those who seek a deeper level of understanding of the Course's teachings. This edition, A COURSE IN MIRACLES FOR DUMMIES: Volume I covers the text chapters #1-15. The complete edition of A COURSE IN MIRACLES FOR DUMMIES version covers the entire ACIM text which consists of 31 chapters. Because of publishing size restrictions, it is sold in paperback as two separate volumes. Volume I covers Chapters #1-15 of ACIM's text. Volume II covers Chapters #16-31 of ACIM's text. Alchemy is the ability to alter the frequencies of our thoughts to change how you perceive and interact with the world. Here, the Teachers of Light will help you expand your understanding of alchemy, your consciousness, and your ability to use new energy tools and manifestation techniques—all presented here for the first time in book form. Discover what alchemy can do for you as Jim Self and Roxane Burnett—creators of the popular online Mastering Alchemy program—distill the guidance of these Ascended Beings and share all the information, exercises, and practical experiences you need to: • Become conscious of the rules and limitations of your present reality. • Recognize that much of who you believe you are has very little to do with who you really are. • Step out of the unnecessary concept of “suffering” into a state of complete wellbeing. • Recreate yourself so you are no longer at the mercy of conditioned thoughts and emotionally charged reactions. • Begin to access your highest consciousness. • Create a new, strong and capable platform for experiencing the world. A Course in Miracles for the 21st century, A Course in Mastering Alchemy offers a unique, interactive, and self-contained program for accessing a totally new way of life! You can also access free supplemental meditations, lectures, videos and animations from the actual Mastering Alchemy course, guided by the Teachers of Light. A free, private online classroom is available only to readers of this book.
