Sixteen-year-old Maggie Scott is a little dramatic. Both in the over-the-top sense and in the involved-in-every-possible-performing-arts-activity sense. Life is just more fun when

you're always putting on a show! But apparently her boyfriend, Theo, disagrees, because he unexpectedly dumps her. She's so distressed she breaks her foot, has to be rescued by the most obnoxious boy in school, Carson, and can no longer star in the school play. Now everything is terrible and Maggie doesn't understand where it all went wrong. So when she gets a mysterious text from an unknown number offering her a chance to relive the day when she and Theo met, Maggie can't help clicking (even though she knows what they say about suspicious links and clicking). Suddenly, she finds herself transported from her worst day ever to her best day ever—but on second review, Maggie realizes there are some details she overlooked. Maybe she was so focused on starring in the Maggie show that she didn't pay enough attention. Maybe Maggie doesn't know the people around her as well as she thought—particularly Carson. And maybe her worst day ever isn't quite as terrible as it seems. In this funny and relatable YA romcom, Michelle I. Mason explores how there's always another way of looking at the situations we find ourselves in . . . and sometimes the people we overlook end up being the best ones of all.

a cuban girls guide to tea and tomorrow film: Everyone Dies in the End Brian Katcher, 2014-03-15 At seventeen, Sherman Andrews has been accepted in the Missouri Scholars' Academy. Sherman has had a ten-year plan since he was eight, and he is determined to become an award-winning investigative journalist. He is going places, unlike his low-brow plumber father or his absent mother. While researching his first project, a chance discovery of a mysterious photograph of four men, dated 1935, leads to Sherman uncovering records of deaths, disappearances, and cover-ups on an almost unbelievable scale. Too late, Sherman realizes the organization responsible is still around, and they're prepared to take drastic measures to keep him quiet. Sherman must decide if he wants to flee for his life, or risk everything to become the reporter he's always wanted to be. There are only two people he can trust to help him. One is Charlie, the cute, chubby student librarian at the historical society. The other is Denton, who claims that the organization is led by a shadowy man who died in 1966...and 1935...and 1864. The fact that Denton has been forcibly committed to a mental hospital is just an unfortunate misunderstanding. Something evil is about to reappear. And Sherman, with his Dictaphone, his ironed socks, and his ten-page resume, may be the only one who can prevent a tragedy. Interspersed with flashbacks to the original 1935 adventurers, *Everyone Dies* is a lighthearted coming of age story about love, growing up, and what it's like to be buried alive.
