record scratch *freeze frame on Haru Koyama getting choked by a horny naked dude* Yep, that's me. You're probably wondering how I got into this situation. Not by choice, I can tell you that! It started when my weirdo classmate, Chiba, tried to save me from a runaway truck and got us both killed instead. Idiot. Then we got transported to another world, which I guess is like an otaku dream come true, or something? Chiba ends up with cheat abilities, and what do I get? Nothing! Lucky me, I get to be a sex worker instead. Gotta earn money somehow Å but since I have to do it, I'm gonna kick ass at it. This world treats women even worse than the one we came from, so things get...rough. Still, I've made friends with some of the girls, and if I can juggle Chiba's idiocy and Sumo the virgin's emotions on top of all the various kinks my customers throw at me, things will be all right...won't they?

a guide of sorts ffxiv: The Fourth Marker L. Gibbons, 2013-05-14 With a supernatural undercurrent, The Fourth Marker is the story of an elderly man, Gabriel Townsend, whose spirit is being crushed between the metaphoric anvil of his pragmatic views and the falling hammer of his wife's pending death. The story revolves around a family, the Townsends, whose heritage is partly Native American. The United States' Indian Removal Act of 1830, which resulted in the Trail of Tears episode in American history, required all indigenous people, with few exceptions, to leave their tribal lands in the southeast and east, along the eastern seaboard. Some Lenape (Delaware) tribal members on the Delmarva Peninsula as well as other areas in the east, defied the government and remained on their ancestral lands, hiding from authorities in the Great Pocomoke Forest, outlying islands, and swamps on the southern peninsula. A conscious decision to hide in plain sight or not, they eventually intermarried and bred with local whites, African-Americans, and mulattoes. Many families whose ties to Delmarva date back a hundred years or more share a heritage with those aboriginal people; however, the prejudice and racial bias of a bygone era caused many to ignore - even deny - their lineage. In the story, while a child on the family farm during the Great Depression, Gabe Townsend rejected legends of his Native American ancestors and ignored miraculous cures of family members. Gabe's half-breed grandfather, Noopah, tried to teach him tribal legends and the old ways, explaining that, after most Indians had been killed or driven from their lands by the Army and settlers, tribal elders returned to their lands in spirit form after their deaths. They dwelled at a sacred hill on the family's land and protected their descendants from early death and white man's diseases. During those years, three family members were cured of life-threatening diseases, but Gabe's mother blindly credited their recoveries to the nascent field of modern medicine. After each recovery, a person of evil character and not of tribal blood disappeared, followed by the mysterious appearance of a wood marker on the sacred tribal hill. Yet, despite those events and Noopah's words, Gabe adhered to his mother's intractable views. Now facing the loss of his wife, he relives his childhood memories, guided by the spirit of his grandfather from beyond - well beyond - the grave. Finally understanding the truth of long ago, he decides to beg the tribal spirits to take his life in exchange for his wife's, aware that a fourth marker would signify his own life - and death. As Gabe's father noted, some understand only what they see; others see only what they understand. The Fourth Marker highlights this most human of vices against the backdrop of Native American legends with ample helpings of farm life during the Great Depression.

It's a village where nothing happens and everybody knows each other. But now, people are dying. School is out for the spring, and schoolteacher Theodore Saen is ready to spend the next few months relaxing with his family. But when the town's resident white mage falls ill and several townspeople begin to show similar symptoms, they must call on a new mage. Aava has freshly graduated from the nearby mage

academy when she is swiftly hired to deduce the cause of the unknown illness and craft a cure before the entire town is afflicted. Aiding her is an ex-mercenary named Ryckert who keeps to himself but has grown bored with retirement and is itching for a new investigation when a suspicious young man appears in the local pub the same night the sickness begins to spread. On top of it all, whatever is causing the sickness seems to be attracting strange insectoid creatures from the surrounding woods, desecrating the bodies of the victims and tearing through anyone unlucky enough to cross their path. Theo, Aava, and Ryckert must come together to discover the cause of the illness and put a stop to it before there is nobody left alive in Balam.

a guide of sorts ffxiv: *Principles of Creature Design* Terryl Whitlatch, 2015 Designing a captivating creature simply for it to exist against a white background and going no further is a purely academic exercise. Designing a creature that can survive in a world, interact with its own and other species, and go on to make an impact, is designing with intent. This is the end goal of creature design and what you will witness in this latest book from industry expert Terryl Whitlatch. With decades of experience in the entertainment industry, developing creatures for Star Wars: Episode 1 -- The Phantom Menace and Beowulf, among other films, Whitlatch offers an abundance of valuable advice throughout the Principles of Creature Design. For Whitlatch, there's not limit to what can be imagined with an open mind, though the journey may not always be an easy one. It's what she calls Chasing the unicorn. We will surely enjoy joining her on her journey, filled with creatures so vivid, whimsical, and elaborate that we will wish -- or wonder -- if they are real.--Back cover.
