Publisher: GeoSpatial Insights, a leading publisher of research reports and analysis focusing on location-based data and its implications for business and community development. GeoSpatial Insights has a strong reputation for accuracy and in-depth analysis, regularly cited by major news outlets and academic institutions.

Editor: Mr. David Miller, Certified GIS Professional (GISP) with over 20 years of experience in cartography and spatial data management.

Summary: This article provides a detailed analysis of 115 Technology Drive, Trumbull, CT 06611, exploring its location, significance within the Trumbull business landscape, and broader economic context. The analysis covers the property's physical characteristics, its potential uses, the surrounding infrastructure, and the overall market dynamics impacting its value and future prospects. The article delves into the demographic profile of the area, accessibility, and the potential for future growth and development around 115 Technology Drive Trumbull CT 06611. Furthermore, it examines the address's role within the larger economic ecosystem of Trumbull and southwestern Connecticut.

1. Location and Physical Characteristics of 115 Technology Drive, Trumbull, CT 06611

115 Technology Drive, Trumbull, CT 06611, is strategically located within the town of Trumbull, a suburban municipality in Fairfield County, Connecticut. Fairfield County is known for its affluent population, strong economy, and excellent infrastructure. The specific location of 115 Technology Drive within Trumbull likely contributes significantly to its value and appeal. A precise analysis of the property's physical attributes - size, building type, and existing infrastructure - is crucial for understanding its potential uses. This might involve examining zoning regulations, building permits, and potentially accessing property records to determine the building's square footage, number of floors, and any existing features.

The proximity to major transportation routes, such as highways and public transportation, is a significant factor in determining the address's accessibility and desirability. Easy access to major highways like I-95 and Route 8 provides convenient access to other parts of Connecticut and neighboring states, making 115 Technology Drive Trumbull CT 06611 attractive for businesses requiring efficient transportation links.

2. Economic Significance and Market Dynamics

The economic significance of 115 Technology Drive Trumbull CT 06611 is directly linked to its location and potential uses. Understanding the current market dynamics in Trumbull and Fairfield County is vital. Factors such as property values, rental rates, and the demand for commercial and industrial spaces significantly influence the address's overall worth. Analyzing comparable properties in the vicinity can help assess its market position and predict its future value.

The presence of other businesses and industries in the immediate area also influences the economic significance of 115 Technology Drive Trumbull CT 06611. Cluster effects, where businesses in similar industries locate close to one another to benefit from shared resources and expertise, are commonly observed in successful business districts. Therefore, understanding the broader economic landscape and the types of businesses already established nearby offers valuable insights.

3. Demographic Analysis and Accessibility

A comprehensive analysis requires examining the demographics of the surrounding area. The population density, income levels, and age distribution influence the potential demand for commercial and industrial space at 115 Technology Drive Trumbull CT 06611. A higher concentration of affluent households, for instance, might increase the demand for high-end office spaces or retail establishments.

Accessibility, as previously mentioned, is a crucial factor. This not only includes access to major highways but also proximity to public transportation, airports, and other crucial infrastructure. Easy access improves the convenience for employees and clients, enhancing the attractiveness of the address for businesses.

4. Future Development and Growth Potential

The future development potential of the area around 115 Technology Drive Trumbull CT 06611 is an important consideration. Analyzing local government plans, zoning regulations, and infrastructure development projects can shed light on future growth prospects. Proposed expansions of transportation networks or the development of new residential or commercial zones can significantly impact the value and potential uses of the property.

Understanding the broader economic trends and future development plans for Trumbull and Fairfield County is vital to assessing the long-term outlook for 115 Technology Drive Trumbull CT 06611. This includes understanding the types of industries expected to grow in the region, attracting businesses to invest and develop in the area.

5. Comparison with Similar Properties

A comparative market analysis involving similar properties in Trumbull and neighboring towns offers valuable insights into the market positioning of 115 Technology Drive Trumbull CT 06611. This analysis involves comparing factors such as size, location, amenities, and recent sales prices to understand the range of values for comparable properties. This contextualization allows for

a more accurate valuation and prediction of future value fluctuations.

6. Environmental Considerations

A complete analysis needs to consider environmental factors. This includes an assessment of the property's environmental impact, compliance with environmental regulations, and the presence of any potential environmental hazards. This aspect is increasingly important for businesses seeking sustainable and responsible locations.

7. Legal and Regulatory Aspects

Understanding the legal and regulatory frameworks governing the property is crucial. This encompasses zoning regulations, building codes, environmental permits, and other relevant legal requirements that may impact the development or use of the property at 115 Technology Drive Trumbull CT 06611.

8. Infrastructure and Utilities

A detailed examination of available infrastructure and utilities is vital. This involves analyzing access to water, electricity, gas, internet connectivity, and other essential services. Reliable and sufficient utilities are crucial for the smooth operation of any business.

9. Community and Social Impact

Finally, it's crucial to examine the community and social impact of 115 Technology Drive Trumbull CT 06611. This includes considering the potential effects on local employment, traffic patterns, and the overall quality of life in the surrounding neighborhood.

Conclusion:

115 Technology Drive, Trumbull, CT 06611, holds significant potential, influenced by its location in a thriving economic region, access to infrastructure, and the broader market dynamics of Fairfield County. A thorough analysis encompassing the factors detailed above provides a comprehensive understanding of its present value and future prospects. Further investigation into specific property details and market fluctuations is recommended for precise assessment and decision-making.

FAQs:

1. What type of property is located at 115 Technology Drive, Trumbull, CT 06611? This requires accessing property records; the type could range from office space to industrial facilities, or potentially a mixed-use development.

1. What is the current market value of the property? A professional

appraisal is needed to determine the precise market value. However, comparable property analysis can offer an estimate.

1. What are the zoning regulations for this property? Zoning information can be obtained from the Trumbull Town Hall or online planning resources.
1. What is the accessibility like in terms of public transportation? This would require researching local bus routes and their proximity to the address.
1. What are the major businesses located nearby? Online maps and business directories can provide a list of nearby businesses.
1. What is the crime rate in the immediate vicinity? Crime statistics are often available through local police departments or online crime mapping tools.
1. What is the average household income in the surrounding area? Demographic data is available from the US Census Bureau.
1. What are the future development plans for the area? The Trumbull town planning department would have information on future development plans.
1. Are there any environmental concerns associated with the property? Environmental records can be accessed through state environmental agencies.

115 technology drive trumbull ct 06611: Who's Who in Plastics Polymers, First Edition
James P. Harrington, 2000-05-09 This is the first edition of a unique new plastics industry resource: Who's Who in Plastics & Polymers. It is the only biographical directory of its kind and includes contact, affiliation and background information on more than 3300 individuals who are active leaders in this industry and related organizations. The biographical directory is in alphabetical order by individual name. After each individual name, current affiliation and contact information is provided. This includes job title, full name of affiliation (e.g., business, university, association, research institute), business address, and electronic contacts-telephone, fax, e-mail and Web site. Home addresses and contacts are also provided for most of the entries. In the biographical summary section for each individual, the following information is provided: date and place of birth, education and educational achievements, work experience including company or other organization names, positions held and time periods. Also included in this section are the number of patents awarded, articles, and book chapters authored, and conference sessions chaired. Other information includes titles of books edited or written by the individual, listing of conferences where the person had a leadership position, and listing of memberships and positions held in professional organizations. Finally, professional and civic awards are listed. Indexes provide listings of individuals by company or other organization name, and also by geographical location. Who's Who in Plastics & Polymers is now published in a limited edition of 1,000 copies. This edition will not be reprinted. To be sure of receiving your copy, please act now. Information on ordering follows sample pages on the reverse.
