

a history of the world in 6 glasses audiobook

A Deep Dive into "A History of the World in 6 Glasses Audiobook": Challenges, Opportunities, and Lasting Impact

Tom Standage's "A History of the World in 6 Glasses" has captivated readers for years with its unique approach to historical storytelling. Now, available as an engaging audiobook, "A History of the World in 6 Glasses audiobook" offers a fresh perspective on global history through the lens of six beverages: beer, wine, spirits, coffee, tea, and cola. This article will delve into the audiobook adaptation, examining its strengths and weaknesses, while exploring the opportunities and challenges it presents in the realm of historical education and entertainment.

Author and Credibility: Tom Standage

Tom Standage is a British journalist and author known for his ability to weave intricate historical narratives with contemporary relevance. His background as a science and technology editor at The Economist provides him with a unique perspective, allowing him to blend historical analysis with an understanding of technological and societal progress. This expertise lends significant credibility to his work, including "A History of the World in 6 Glasses audiobook." His journalistic experience ensures a clear, concise, and engaging writing style ideally suited for an audiobook format. His established reputation within the field ensures a high level of authority and trust in the accuracy and insightful analysis presented in the book.

Exploring the Narrative: Primary Arguments and Insights of "A History of the World in 6 Glasses Audiobook"

"A History of the World in 6 Glasses audiobook" uses the history of six beverages as a framework to explore major historical trends. Standage masterfully connects the production, trade, and consumption of each drink to broader social, economic, and political changes across various civilizations and eras. The audiobook effectively conveys the following key insights:

- **The Power of Trade and Globalization:** The narrative powerfully illustrates how the trade of these beverages facilitated the exchange of ideas, cultures, and technologies across continents, shaping global interactions and economic systems.

- **Social and Cultural Transformations:** The book demonstrates how these drinks impacted social hierarchies, rituals, and everyday life, highlighting the cultural significance of each beverage throughout history.
- **Technological Innovation:** The audiobook effectively showcases how advancements in agriculture, manufacturing, and transportation were closely intertwined with the production and distribution of these popular drinks.
- **Political and Economic Power:** Standage highlights the role these drinks played in influencing political power dynamics, economic growth, and the formation of empires.
- **The Modern World:** The audiobook culminates in a discussion of the modern context of these beverages, including issues of globalization, sustainability, and consumerism.

The audiobook format adds another layer to the experience. The narrator's voice infuses the story with emotion and nuance, enhancing the listener's engagement with the historical events and their connection to the beverages. The pacing and tone of the narration are crucial to maintaining the listener's interest throughout the extensive historical scope.

Challenges and Opportunities of the "A History of the World in 6 Glasses Audiobook"

While the audiobook offers a convenient and engaging way to experience Standage's work, it also presents challenges. The sheer breadth of history covered necessitates a concise narrative, potentially sacrificing some depth of detail compared to the written version. Maintaining listener engagement over a potentially long listening time requires skilled narration and careful pacing. However, the audiobook format also offers opportunities. It allows for accessibility to a wider audience, including those who prefer listening to reading. Furthermore, the audio format can enhance the narrative's impact, especially through the use of sound effects or musical interludes (if included in the production).

Publisher and Reputation: (Example - Replace with Actual Publisher)

Let's assume the audiobook is published by Penguin Random House Audio. Penguin Random House is a leading publisher globally, renowned for its high-quality production values and diverse catalog. Their reputation for producing well-researched and professionally narrated audiobooks ensures a high standard for "A History of the World in 6 Glasses audiobook," enhancing its credibility and reach. Their extensive marketing and distribution networks maximize the audiobook's accessibility to a broader audience.

Editor and Expertise: (Example - Replace with Actual Editor)

Let's assume the editor is Sarah Jane Smith, a seasoned editor with extensive experience in history and audiobook production. Her expertise would encompass ensuring historical accuracy, maintaining narrative flow and pacing appropriate for an audiobook, and overseeing the technical aspects of the production process, such as sound quality and narration. Her contribution would be invaluable in crafting a high-quality and engaging listening experience.

Conclusion

The "A History of the World in 6 Glasses audiobook" presents a unique and compelling approach to historical storytelling. While the challenges inherent in adapting such a broad topic to an audio format exist, the opportunities for accessibility and engagement are significant. The strength of Standage's writing, coupled with the potential for high-quality production, makes this audiobook a valuable contribution to both popular history and the expanding world of audio entertainment. Its success hinges on a skilled narrator, effective pacing, and a production that enhances rather than detracts from the richness of Standage's original work.

Frequently Asked Questions (FAQs)

1. What makes "A History of the World in 6 Glasses audiobook" different from other history audiobooks? Its unique approach uses six beverages as a lens to explore broad historical trends, making it engaging and memorable.
1. Is the audiobook suitable for beginners in history? Yes, the clear and engaging narration makes it accessible to a wide audience, regardless of prior historical knowledge.
1. How long is the "A History of the World in 6 Glasses audiobook"? The length will vary depending on the narration speed and the publisher's version, but it's likely to be several hours long.
1. What is the target audience for this audiobook? It appeals to a wide audience interested in history, popular science, and cultural studies.

1. Are there any supplementary materials available with the audiobook? Some publishers may offer additional content, such as discussion guides or author interviews. Check the publisher's website for details.
1. What type of narration style is used in the audiobook? The style will depend on the narrator chosen, but a clear, engaging, and authoritative voice is essential for this type of historical narrative.
1. Can I listen to the "A History of the World in 6 Glasses audiobook" offline? Most audiobook platforms allow for offline listening once the content is downloaded.
1. What are the reviews like for the "A History of the World in 6 Glasses audiobook"? Reviews generally praise its engaging storytelling and unique perspective, though some may find the brevity of certain sections a drawback.
1. Where can I purchase the "A History of the World in 6 Glasses audiobook"? The audiobook is likely available on major audiobook platforms like Audible, Spotify, and Google Play Books.

a history of the world in 6 glasses audiobook: A History of the World in 6 Glasses Tom Standage, 2009-05-26 New York Times Bestseller * Soon to be a TV series starring Dan Aykroyd "There aren't many books this entertaining that also provide a cogent crash course in ancient, classical and modern history." -Los Angeles Times Beer, wine, spirits, coffee, tea, and Coca-Cola: In Tom Standage's deft, innovative account of world history, these six beverages turn out to be much more than just ways to quench thirst. They also represent six eras that span the course of civilization—from the adoption of agriculture, to the birth of cities, to the advent of globalization. A History of the World in 6 Glasses tells the story of humanity from the Stone Age to the twenty-first century through each epoch's signature refreshment. As Standage persuasively argues, each drink is in fact a kind of technology, advancing culture and catalyzing the intricate interplay of different societies. After reading this enlightening book, you may never look at your favorite drink in quite the same way again.

a history of the world in 6 glasses audiobook: *An Edible History of Humanity* Tom Standage, 2010-05-03 A lighthearted chronicle of how foods have transformed human culture throughout the ages traces the barley- and wheat-driven early civilizations of the near East through the corn and potato industries in America.

a history of the world in 6 glasses audiobook: *Writing on the Wall* Tom Standage, 2014-09-16 Chronicles social media over two millennia, from papyrus letters that Cicero used to exchange news across the Empire to today, reminding us how modern behavior echoes that of prior centuries and encouraging debate and discussion about how we'll communicate in the future.

a history of the world in 6 glasses audiobook: *Consider the Fork* Bee Wilson, 2012-10-09 Award-winning food writer Bee Wilson's secret history of kitchens, showing how new technologies - from the fork to the microwave and beyond - have fundamentally shaped how and what we eat. Since prehistory, humans have braved sharp knives, fire, and grindstones to transform raw ingredients into something delicious -- or at least edible. But these tools have also transformed how we consume, and how we think about, our food. In *Consider the Fork*, award-winning food writer Bee Wilson takes readers on a wonderful and witty tour of the evolution of cooking around the world, revealing the hidden history of objects we often take for granted. Technology in the kitchen does not just mean the Pacojets and sous-vide machines of the modern kitchen, but also the humbler tools of everyday cooking and eating: a wooden spoon and a skillet, chopsticks and forks. Blending history, science, and personal anecdotes, Wilson reveals how our culinary tools and tricks came to be and how their influence has shaped food culture today. The story of how we have tamed fire and ice and wielded whisks, spoons, and graters, all for the sake of putting food in our mouths, *Consider the Fork* is truly a book to savor.

a history of the world in 6 glasses audiobook: *The World's Worst Children* David Walliams, 2016-05-19 From the world's favourite author, David Walliams - ten cautionary tales and a delightfully dreadful cast of characters; all in glorious FULL COLOUR!

a history of the world in 6 glasses audiobook: *How the Word Is Passed* Clint Smith, 2021-06-01 This "important and timely" (Drew Faust, Harvard Magazine) #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be. Winner of the National Book Critics Circle Award for Nonfiction Winner of the Stowe Prize Winner of 2022 Hillman Prize for Book Journalism A New York Times 10 Best Books of 2021

a history of the world in 6 glasses audiobook: *For All the Tea in China* Sarah Rose, 2010-03-18 A dramatic historical narrative of the man who stole the secret of tea from China In 1848, the British East India Company, having lost its monopoly on the tea trade, engaged Robert

Fortune, a Scottish gardener, botanist, and plant hunter, to make a clandestine trip into the interior of China—territory forbidden to foreigners—to steal the closely guarded secrets of tea horticulture and manufacturing. For *All the Tea in China* is the remarkable account of Fortune's journeys into China—a thrilling narrative that combines history, geography, botany, natural science, and old-fashioned adventure. Disguised in Mandarin robes, Fortune ventured deep into the country, confronting pirates, hostile climate, and his own untrustworthy men as he made his way to the epicenter of tea production, the remote Wu Yi Shan hills. One of the most daring acts of corporate espionage in history, Fortune's pursuit of China's ancient secret makes for a classic nineteenth-century adventure tale, one in which the fate of empires hinges on the feats of one extraordinary man.

a history of the world in 6 glasses audiobook: *The Philosophy of History* Georg Wilhelm Friedrich Hegel, 1902

a history of the world in 6 glasses audiobook: *Thinking History Globally* Diego Olstein, 2014-11-04 The book brings together many recent trends in writing history under a common framework: thinking history globally. By thinking history globally, the book explains, applies, and exemplifies the four basic strategies of analysis, the big C's: comparing, connecting, conceptualizing, and contextualizing, using twelve different branches of history.

a history of the world in 6 glasses audiobook: *Coffeeland* Augustine Sedgewick, 2021-04-06 A New York Times Book Review Editors' Choice "Extremely wide-ranging and well researched . . . In a tradition of protest literature rooted more in William Blake than in Marx." —Adam Gopnik, *The New Yorker* The epic story of how coffee connected and divided the modern world Coffee is an indispensable part of daily life for billions of people around the world. But few coffee drinkers know this story. It centers on the volcanic highlands of El Salvador, where James Hill, born in the slums of Manchester, England, founded one of the world's great coffee dynasties at the turn of the twentieth century. Adapting the innovations of the Industrial Revolution to plantation agriculture, Hill helped turn El Salvador into perhaps the most intensive monoculture in modern history—a place of extraordinary productivity, inequality, and violence. In the process, both El Salvador and the United States earned the nickname "Coffeeland," but for starkly different reasons, and with consequences that reach into the present. Provoking a reconsideration of what it means to be connected to faraway people and places, *Coffeeland* tells the hidden and surprising story of one of the most valuable commodities in the history of global capitalism.

a history of the world in 6 glasses audiobook: *Uncommon Knowledge* Tom Standage, 2019-11-07 The world can be an amazing place if you know the right questions to ask: How did carrots become orange? What's stopping us from having a four-day week? How can we remove all the broken bits of satellite from orbit? If everything is so terrible, why is the global suicide rate falling? The keen minds of the Economist love to look beyond everyday appearances to find out what really makes things tick. In this latest collection of *The Economist Explains*, they have gathered together the juiciest fruits of their never-ending quest for answers. For an uncommonly interesting read, take a peek at some *Uncommon Knowledge* - and pass it on! The world only gets more amazing when discoveries are shared.

a history of the world in 6 glasses audiobook: *Bourbon Empire* Reid Mitenbuler, 2015-05-12 How bourbon came to be, and why it's experiencing such a revival today Unraveling the many myths and misconceptions surrounding America's most iconic spirit, *Bourbon Empire* traces a history that spans frontier rebellion, Gilded Age corruption, and the magic of Madison Avenue. Whiskey has profoundly influenced America's political, economic, and cultural destiny, just as those same factors have inspired the evolution and unique flavor of the whiskey itself. Taking readers behind the curtain of an enchanting—and sometimes exasperating—industry, the work of writer Reid Mitenbuler crackles with attitude and commentary about taste, choice, and history. Few products better embody the United States, or American business, than bourbon. A tale of innovation, success, downfall, and resurrection, *Bourbon Empire* is an exploration of the spirit in all its unique forms, creating an indelible portrait of both bourbon and the people who make it.

a history of the world in 6 glasses audiobook: *Drink* Iain Gately, 2008-07-03 A spirited look at the history of alcohol, from the dawn of civilization to the modern day Alcohol is a fundamental part of Western culture. We have been drinking as long as we have been human, and for better or worse, alcohol has shaped our civilization. Drink investigates the history of this Jekyll and Hyde of fluids, tracing mankind's love/hate relationship with alcohol from ancient Egypt to the present day. Drink further documents the contribution of alcohol to the birth and growth of the United States, taking in the War of Independence, the Pennsylvania Whiskey revolt, the slave trade, and the failed experiment of national Prohibition. Finally, it provides a history of the world's most famous drinks-and the world's most famous drinkers. Packed with trivia and colorful characters, Drink amounts to an intoxicating history of the world.

a history of the world in 6 glasses audiobook: *The Lessons of History* Will Durant, Ariel Durant, 2012-08-21 A concise survey of the culture and civilization of mankind, The Lessons of History is the result of a lifetime of research from Pulitzer Prize-winning historians Will and Ariel Durant. With their accessible compendium of philosophy and social progress, the Durants take us on a journey through history, exploring the possibilities and limitations of humanity over time. Juxtaposing the great lives, ideas, and accomplishments with cycles of war and conquest, the Durants reveal the towering themes of history and give meaning to our own.

a history of the world in 6 glasses audiobook: *Promised Land* David Stebenne, 2021-07-20 Explains how the American middle class ballooned at mid-century until it dominated the nation, showing who benefited and what brought the expansion to an end--

a history of the world in 6 glasses audiobook: *A Popular History of Ireland* Thomas D'Arcy McGee, 1863

a history of the world in 6 glasses audiobook: *A History of the Bible* John Barton, 2020-08-04 A literary history of our most influential book of all time, by an Oxford scholar and Anglican priest In our culture, the Bible is monolithic: It is a collection of books that has been unchanged and unchallenged since the earliest days of the Christian church. The idea of the Bible as Holy Scripture, a non-negotiable authority straight from God, has prevailed in Western society for some time. And while it provides a firm foundation for centuries of Christian teaching, it denies the depth, variety, and richness of this fascinating text. In A History of the Bible, John Barton argues that the Bible is not a prescription to a complete, fixed religious system, but rather a product of a long and intriguing process, which has inspired Judaism and Christianity, but still does not describe the whole of either religion. Barton shows how the Bible is indeed an important source of religious insight for Jews and Christians alike, yet argues that it must be read in its historical context--from its beginnings in myth and folklore to its many interpretations throughout the centuries. It is a book full of narratives, laws, proverbs, prophecies, poems, and letters, each with their own character and origin stories. Barton explains how and by whom these disparate pieces were written, how they were canonized (and which ones weren't), and how they were assembled, disseminated, and interpreted around the world--and, importantly, to what effect. Ultimately, A History of the Bible argues that a thorough understanding of the history and context of its writing encourages religious communities to move away from the Bible's literal wording--which is impossible to determine--and focus instead on the broader meanings of scripture.

a history of the world in 6 glasses audiobook: *A New Pair of Glasses* Chuck C., 1984

a history of the world in 6 glasses audiobook: *Green Gold* Alan Macfarlane, Iris Macfarlane, 2011-11-30 Apart from water, tea is more widely consumed than any other food or drink. Tens of billions of cups are drunk every day. How and why has tea conquered the world? Tea was the first global product. It altered life-styles, religions, etiquette and aesthetics. It raised nations and shattered empires. Economies were changed out of all recognition. Diseases were thwarted by the magical drink and cities founded on it. The industrial revolution was fuelled by tea, sealing the fate of the modern world. Green Gold is a remarkable detective story of how an East Himalayan camellia bush became the world's favourite drink. Discover how the tea plant came to be transplanted onto every continent and relive the stories of the men and women whose lives were transformed out of all

recognition through contact with the deceptively innocuous green leaf.

a history of the world in 6 glasses audiobook: Destiny Disrupted Tamim Ansary, 2010 In *Destiny Disrupted*, Ansary tells the rich story of world history as it looks from that other perspective. With the evolution of the Muslim community at the center, his story moves from the lifetime of Mohammed through a succession of far-flung empires, to the struggles and ideological movements that have wracked the Muslim world in recent centuries, to the tangle of modern conflicts that culminated in the events of 9/11. He introduces the key people, events, ideas, legends, religious disputes, and turning points of world history from that other perspective, recounting not only what happened but how those events were interpreted and understood in that framework. He clarifies why these two great civilizations grew up oblivious to each other, what happened when they intersected, and how the Islamic world was affected by its slow recognition that Europe - a place it long perceived as primitive - had somehow hijacked destiny.--BOOK JACKET.

a history of the world in 6 glasses audiobook: A History of the World in 100 Objects Neil MacGregor, 2011-10-06 This book takes a dramatically original approach to the history of humanity, using objects which previous civilisations have left behind them, often accidentally, as prisms through which we can explore past worlds and the lives of the men and women who lived in them. The book's range is enormous. It begins with one of the earliest surviving objects made by human hands, a chopping tool from the Olduvai gorge in Africa, and ends with an object from the 21st century which represents the world we live in today. Neil MacGregor's aim is not simply to describe these remarkable things, but to show us their significance - how a stone pillar tells us about a great Indian emperor preaching tolerance to his people, how Spanish pieces of eight tell us about the beginning of a global currency or how an early Victorian tea-set tells us about the impact of empire. Each chapter immerses the reader in a past civilisation accompanied by an exceptionally well-informed guide. Seen through this lens, history is a kaleidoscope - shifting, interconnected, constantly surprising, and shaping our world today in ways that most of us have never imagined. An intellectual and visual feast, it is one of the most engrossing and unusual history books published in years.

a history of the world in 6 glasses audiobook: Humankind Rutger Bregman, 2020-06-02 AN INSTANT NEW YORK TIMES BESTSELLER The "lively" (The New Yorker), "convincing" (Forbes), and "riveting pick-me-up we all need right now" (People) that proves humanity thrives in a crisis and that our innate kindness and cooperation have been the greatest factors in our long-term success as a species. If there is one belief that has united the left and the right, psychologists and philosophers, ancient thinkers and modern ones, it is the tacit assumption that humans are bad. It's a notion that drives newspaper headlines and guides the laws that shape our lives. From Machiavelli to Hobbes, Freud to Pinker, the roots of this belief have sunk deep into Western thought. Human beings, we're taught, are by nature selfish and governed primarily by self-interest. But what if it isn't true? International bestseller Rutger Bregman provides new perspective on the past 200,000 years of human history, setting out to prove that we are hardwired for kindness, geared toward cooperation rather than competition, and more inclined to trust rather than distrust one another. In fact this instinct has a firm evolutionary basis going back to the beginning of Homo sapiens. From the real-life Lord of the Flies to the solidarity in the aftermath of the Blitz, the hidden flaws in the Stanford prison experiment to the true story of twin brothers on opposite sides who helped Mandela end apartheid, Bregman shows us that believing in human generosity and collaboration isn't merely optimistic—it's realistic. Moreover, it has huge implications for how society functions. When we think the worst of people, it brings out the worst in our politics and economics. But if we believe in the reality of humanity's kindness and altruism, it will form the foundation for achieving true change in society, a case that Bregman makes convincingly with his signature wit, refreshing frankness, and memorable storytelling. The Sapiens of 2020. —The Guardian Humankind made me see humanity from a fresh perspective. —Yuval Noah Harari, author of the #1 bestseller Sapiens Longlisted for the 2021 Andrew Carnegie Medal for Excellence in Nonfiction One of the Washington Post's 50 Notable Nonfiction Works in 2020

a history of the world in 6 glasses audiobook: A History of the World in 12 Maps Jerry Brotton, 2014-10-28 A New York Times Bestseller "Maps allow the armchair traveler to roam the world, the diplomat to argue his points, the ruler to administer his country, the warrior to plan his campaigns and the propagandist to boost his cause... rich and beautiful." – Wall Street Journal Throughout history, maps have been fundamental in shaping our view of the world, and our place in it. But far from being purely scientific objects, maps of the world are unavoidably ideological and subjective, intimately bound up with the systems of power and authority of particular times and places. Mapmakers do not simply represent the world, they construct it out of the ideas of their age. In this scintillating book, Jerry Brotton examines the significance of 12 maps - from the almost mystical representations of ancient history to the satellite-derived imagery of today. He vividly recreates the environments and circumstances in which each of the maps was made, showing how each conveys a highly individual view of the world. Brotton shows how each of his maps both influenced and reflected contemporary events and how, by considering it in all its nuances and omissions, we can better understand the world that produced it. Although the way we map our surroundings is more precise than ever before, Brotton argues that maps today are no more definitive or objective than they have ever been. Readers of this beautifully illustrated and masterfully argued book will never look at a map in quite the same way again. "A fascinating and panoramic new history of the cartographer's art." – The Guardian "The intellectual background to these images is conveyed with beguiling erudition.... There is nothing more subversive than a map." – The Spectator "A mesmerizing and beautifully illustrated book." —The Telegraph

a history of the world in 6 glasses audiobook: Virtual Light William Gibson, 2012-11-21 NEW YORK TIMES bestseller • 2005: Welcome to NoCal and SoCal, the uneasy sister-states of what used to be California. The millennium has come and gone, leaving in its wake only stunned survivors. In Los Angeles, Berry Rydell is a former armed-response rentacop now working for a bounty hunter. Chevette Washington is a bicycle messenger turned pickpocket who impulsively snatches a pair of innocent-looking sunglasses. But these are no ordinary shades. What you can see through these high-tech specs can make you rich—or get you killed. Now Berry and Chevette are on the run, zeroing in on the digitalized heart of DatAmerica, where pure information is the greatest high. And a mind can be a terrible thing to crash. . . . Praise for Virtual Light "Both exhilarating and terrifying . . . Although considered the master of 'cyberpunk' science fiction, William Gibson is also one fine suspense writer."—People "A stunner . . . A terrifically stylish burst of kick-butt imagination."—Entertainment Weekly "Convincing . . . frightening . . . Virtual Light is written with a sense of craft, a sense of humor and a sense of the ultimate seriousness of the problems it explores."—Chicago Tribune "In the emerging pop culture of the information age, Gibson is the brightest star."—The San Diego Union-Tribune

a history of the world in 6 glasses audiobook: At Home Bill Bryson, 2013-10-29 Bill Bryson has one of the liveliest, most inquisitive minds on the planet, and *At Home* is likely to become the most illuminating book on the way we lived then and live now--the why and the where and the how of it--ever written. Now, in this handsome new edition, his sparkling prose will be enhanced by some 200 carefully curated full-colour images from both the past and the present. Selected from a staggering array of sources to bring Bill's journey to vivid life, these pictures will make reading *At Home* an immersive experience. When you've finished this book, you will see your house--and your daily life--in a new and revelatory light.

a history of the world in 6 glasses audiobook: A Short History of Drunkenness Mark Forsyth, 2018-05-08 From the internationally bestselling author of *The Etymologicon*, a lively and fascinating exploration of how, throughout history, each civilization has found a way to celebrate, or to control, the eternal human drive to get sloshed "An entertaining bar hop though the past 10,000 years."—The New York Times Book Review Almost every culture on earth has drink, and where there's drink there's drunkenness. But in every age and in every place drunkenness is a little bit different. It can be religious, it can be sexual, it can be the duty of kings or the relief of peasants. It can be an offering to the ancestors, or a way of marking the end of a day's work. It can send you to

sleep, or send you into battle. Making stops all over the world, *A Short History of Drunkenness* traces humankind's love affair with booze from our primate ancestors through to the twentieth century, answering every possible question along the way: What did people drink? How much? Who did the drinking? Of the many possible reasons, why? On the way, learn about the Neolithic Shamans, who drank to communicate with the spirit world (no pun intended), marvel at how Greeks got giddy and Sumerians got sauced, and find out how bars in the Wild West were never quite like in the movies. This is a history of the world at its inebriated best.

a history of the world in 6 glasses audiobook: *Proof* Adam Rogers, 2014 Presents a look at the science of alcohol production and consumption, from the principles behind the fermentation, distillation, and aging of alcoholic beverages, to the psychology and neurobiology of what happens after it is consumed.

a history of the world in 6 glasses audiobook: *When Women Ruled the World* Kara Cooney, National Geographic Society (U.S.), 2018 Explores the lives of six remarkable female pharaohs, from Hatshepsut to Cleopatra--women who ruled with real power ... What was so special about ancient Egypt that provided women this kind of access to the highest political office? What was it about these women that allowed them to transcend patriarchal obstacles? What did Egypt gain from its liberal reliance on female leadership, and could today's world learn from its example?--

a history of the world in 6 glasses audiobook: *Dude, You're Gonna Be a Dad!* John Pfeiffer, 2011-03-18 There are approximately 3,712 ways for a guy to look stupid during pregnancy - this book's here to help you avoid all(most) of them. And here's your first hint: Focus on what you can be doing for her rather than what's happening to her. She's pregnant. She knows that. You know that. And her 152 baby books tell her exactly what she can expect. Your job is to learn what you can do between the stick turning blue and the drive to the delivery room to make the next nine months go as smoothly as possible. That's where John Pfeiffer steps in. Like any good coach, he's been through it. He's dealt with the morning sickness and doctor visits, painting the baby's nursery and packing the overnight bag, choosing a name, hospital, and the color of the car-seat cover. All the while he remained positive and responsive - there with a You're beautiful when necessary - but assertive during the decision-making process (he didn't want to wind up with a kid named Percy). And now it's your turn. She might be having the baby, but you have plenty of responsibilities.

a history of the world in 6 glasses audiobook: *Imbibe!* David Wondrich, 2007-11-06 The newly updated edition of David Wondrich's definitive guide to classic American cocktails. Cocktail writer and historian David Wondrich presents the colorful, little-known history of classic American drinks--and the ultimate mixologist's guide--in this engaging homage to Jerry Thomas, father of the American bar. Wondrich reveals never-before-published details and stories about this larger-than-life nineteenth-century figure, along with definitive recipes for more than 100 punches, cocktails, sours, fizzes, toddies, slings, and other essential drinks, along with detailed historical and mixological notes. The first edition, published in 2007, won a James Beard Award. Now updated with newly discovered recipes and historical information, this new edition includes the origins of the first American drink, the Mint Julep (which Wondrich places before the American Revolution), and those of the Cocktail itself. It also provides more detail about 19th century spirits, many new and colorful anecdotes and details about Thomas's life, and a number of particularly notable, delicious, and influential cocktails not covered in the original edition, rounding out the picture of pre-Prohibition tipples. This colorful and good-humored volume is a must-read for anyone who appreciates the timeless appeal of a well-made drink--and the uniquely American history behind it. From the Hardcover edition.

a history of the world in 6 glasses audiobook: *In the Wake of the Plague* Norman F. Cantor, 2015-03-17 The Black Death was the fourteenth century's equivalent of a nuclear war. It wiped out one-third of Europe's population, taking millions of lives. The author draws together the most recent scientific discoveries and historical research to pierce the mist and tell the story of the Black Death as a gripping, intimate narrative.

a history of the world in 6 glasses audiobook: *Indigenous Writes* Chelsea Vowel, 2016-08-02

Delgamuukw. Sixties Scoop. Bill C-31. Blood quantum. Appropriation. Two-Spirit. Tsilhqot'in. Status. TRC. RCAP. FNPOA. Pass and permit. Numbered Treaties. Terra nullius. The Great Peace... Are you familiar with the terms listed above? In *Indigenous Writes*, Chelsea Vowel, legal scholar, teacher, and intellectual, opens an important dialogue about these (and more) concepts and the wider social beliefs associated with the relationship between Indigenous peoples and Canada. In 31 essays, Chelsea explores the Indigenous experience from the time of contact to the present, through five categories—Terminology of Relationships; Culture and Identity; Myth-Busting; State Violence; and Land, Learning, Law, and Treaties. She answers the questions that many people have on these topics to spark further conversations at home, in the classroom, and in the larger community. *Indigenous Writes* is one title in The Debwe Series.

a history of the world in 6 glasses audiobook: *The Birds, Our Teachers* John Stott, 2011
Stott's labor of love Biblical lessons from a lifelong bird watcher John Stott traces his lifelong love of bird-watching back to boyhood country walks with his father, who told him to shut his mouth and open his eyes and ears. Because of these lessons in observation, Stott learned to carry his binoculars and camera with him wherever he travels. In this unique and intriguing book, he takes seriously Jesus' exhortation on the Sermon on the Mount, Behold the fowls of the air (Matt. 6:26). He reveals lessons on faith from the feeding of ravens, on repentance from the migration of storks, on freedom from the flight of the eagle, on joy from the song of the lark and more. Illustrated with full-color photographs taken by the author in his travels around the world, *The Birds Our Teachers* combines information about birds with biblical truths and personal anecdotes that will fascinate bird-lovers and Bible readers. DVD includes audio-visual footage from Stott's trip to the Falkland Islands, as well as a separate audio book track. Stott calls his work an introduction to the science of orni-theology.

a history of the world in 6 glasses audiobook: *The World in Six Songs* Daniel J. Levitin, 2008-08-19
The author of the New York Times bestseller *This Is Your Brain on Music* reveals music's role in the evolution of human culture in this thought-provoking book that "will leave you awestruck" (The New York Times). Daniel J. Levitin's astounding debut bestseller, *This Is Your Brain on Music*, enthralled and delighted readers as it transformed our understanding of how music gets in our heads and stays there. Now in his second New York Times bestseller, his genius for combining science and art reveals how music shaped humanity across cultures and throughout history. Here he identifies six fundamental song functions or types—friendship, joy, comfort, religion, knowledge, and love—then shows how each in its own way has enabled the social bonding necessary for human culture and society to evolve. He shows, in effect, how these "six songs" work in our brains to preserve the emotional history of our lives and species. Dr. Levitin combines cutting-edge scientific research from his music cognition lab at McGill University and work in an array of related fields; his own sometimes hilarious experiences in the music business; and illuminating interviews with musicians such as Sting and David Byrne, as well as conductors, anthropologists, and evolutionary biologists. *The World in Six Songs* is, ultimately, a revolution in our understanding of how human nature evolved—right up to the iPod.

a history of the world in 6 glasses audiobook: *The Uncommon Reader* Alan Bennett, 2007-09-18
From one of England's most celebrated writers, a funny and superbly observed novella about the Queen of England and the subversive power of reading When her corgis stray into a mobile library parked near Buckingham Palace, the Queen feels duty-bound to borrow a book. Discovering the joy of reading widely (from J. R. Ackerley, Jean Genet, and Ivy Compton-Burnett to the classics) and intelligently, she finds that her view of the world changes dramatically. Abetted in her newfound obsession by Norman, a young man from the royal kitchens, the Queen comes to question the prescribed order of the world and loses patience with the routines of her role as monarch. Her new passion for reading initially alarms the palace staff and soon leads to surprising and very funny consequences for the country at large. With the poignant and mischievous wit of *The History Boys*, England's best loved author Alan Bennett revels in the power of literature to change even the most uncommon reader's life.

a history of the world in 6 glasses audiobook: *Seriously Curious* Tom Standage,

2018-11-01 Some questions you never think to ask. Others, you didn't know you didn't know. And some facts are so surprising they cry out for answers. What can a president actually do? Why do cities sink into the ground? Why is Australia seemingly invulnerable to recessions? Why do people in couples do more housework than singletons? The brilliant minds of the Economist collect these questions. Individually, they might seem bite-sized and inconsequential, but taken together they can reveal a whole new world.

a history of the world in 6 glasses audiobook: The Clockwork Universe Edward Dolnick, 2011-02-08 New York Times bestselling author Edward Dolnick brings to light the true story of one of the most pivotal moments in modern intellectual history—when a group of strange, tormented geniuses invented science as we know it, and remade our understanding of the world. Dolnick's earth-changing story of Isaac Newton, the Royal Society, and the birth of modern science is at once an entertaining romp through the annals of academic history, in the vein of Bill Bryson's *A Short History of Nearly Everything*, and a captivating exploration of a defining time for scientific progress, in the tradition of Richard Holmes' *The Age of Wonder*.

a history of the world in 6 glasses audiobook: Chop Suey Nation Ann Hui, 2019-02-02 The surprising history and vibrant present of small-town Chinese restaurants from Victoria, BC, to Fogo Island, NL
