III. Crafting Powerful Narratives: Best Practices for "A Left-Handed Woman: Essays"

To create impactful essays, consider these best practices:

Show, Don't Tell: Use vivid descriptions and sensory details to bring your experiences to life. Instead of stating that you felt marginalized, describe a specific instance where this feeling manifested.

Embrace Vulnerability: Authenticity is key. Sharing personal struggles and vulnerabilities creates a deeper connection with the reader and enriches the narrative.

Find the Universal in the Specific: Even a highly personal experience, like the challenges of being left-handed, can resonate with a broader audience. Connect your experiences to larger themes of identity, resilience, and societal expectations.

Strong Narrative Arc: Structure your essays with a clear beginning, middle, and end. Each essay should have a central theme or argument that unfolds organically throughout the narrative.

Reflective Voice: Engage in introspection, reflecting on the significance of your experiences and how they have shaped you.

IV. Common Pitfalls to Avoid

Overgeneralization: Avoid making sweeping statements about all left-handed women based on your individual experiences.

Self-Indulgence: While vulnerability is essential, avoid dwelling excessively on self-pity. Focus on the narrative arc and the insights gained.

Lack of Focus: Ensure each essay has a clear central theme and avoids straying into irrelevant tangents.

Weak Conclusion: The conclusion should summarize your key points and leave the reader with a lasting impression.

Judith Thurman, a prolific staff writer at The New Yorker for more than two decades, has gathered a selection of her essays and profiles in *A Left-Handed Woman*. They consider our culture in all its guises: literature, history, politics, gender, fashion, and art, though their paramount subject is the human condition. Thurman is one of the preeminent essayists of our time—"a master of vivisection," as Kathryn Harrison wrote in *The New York Times*. "When she's done with a subject, it's still living, mystery intact."

a left handed woman essays: Men Explain Things to Me Rebecca Solnit, 2014-04-14 The National Book Critics Circle Award-winning author delivers a collection of essays that serve as the perfect "antidote to mansplaining" (*The Stranger*). In her comic, scathing essay "Men Explain Things to Me," Rebecca Solnit took on what often goes wrong in conversations between men and women. She wrote about men who wrongly assume they know things and wrongly assume women don't, about why this arises, and how this aspect of the gender wars works, airing some of her own hilariously awful encounters. She ends on a serious note— because the ultimate problem is the silencing of women who have something to say, including those saying things like, "He's trying to kill me!" This book features that now-classic essay with six perfect complements, including an examination of the great feminist writer Virginia Woolf's embrace of mystery, of not knowing, of doubt and ambiguity, a highly original inquiry into marriage equality, and a terrifying survey of the scope of contemporary violence against women. "In this series of personal but unsentimental essays, Solnit gives succinct shorthand to a familiar female experience that before had gone unarticulated, perhaps even unrecognized." —*The New York Times* "Essential feminist reading." —*The New*

Republic "This slim book hums with power and wit." —Boston Globe "Solnit tackles big themes of gender and power in these accessible essays. Honest and full of wit, this is an integral read that furthers the conversation on feminism and contemporary society." —San Francisco Chronicle "Essential." —Marketplace "Feminist, frequently funny, unflinchingly honest and often scathing in its conclusions." —Salon

It chronicles the interactions of ten young married couples in a seaside New England community who make a cult of sex and of themselves. The group of acquaintances form a magical circle, complete with ritualistic games, religious substitutions, a priest (Freddy Thorne), and a scapegoat (Piet Hanema). As with most American utopias, this one's existence is brief and unsustainable, but the "imaginative quest" that inspires its creation is eternal. Praise for *Couples* "Couples [is] John Updike's tour de force of extramarital wanderlust."—The New York Times Book Review "Ingenious . . . If this is a dirty book, I don't see how sex can be written about at all."—Wilfrid Sheed, The New York Times Book Review

a left handed woman essays: Don't Let It Get You Down Savala Nolan, 2022-07-19 An incisive and vulnerable yet powerful and provocative collection of essays, Savala offers poignant reflections on living between society's most charged, politicized, and intractably polar spaces: between black and white, between rich and poor, between thin and fat - as a woman. The daughter of an Afro-Latinx father and a white mother, Savala's light complexion has always contrast her kinky hair and broad nose to embody what old folks used to call a whole lot of yellow wasted. With her mother's beckoning, she began her first diet at the age of three and has been nearly skeletal and truly fat, multiple times. She has lived in poverty and had an elite education, with regular access to wealth and privilege. She has been in the in between. It is these liminal spaces - the living in the in-between of race, class and body type that gives the essays in *Nearly, Not Quite* their strikingly clear and refreshing point of view on the defining tension points in our culture. Each of the twelve essays, that comprises this collection are rife with unforgettable and insightful anecdotes, and are as humorous and as full of Savala's appetites as they are of anxieties. The result is a lyrical and magnetic read. In *On Dating White Guys While Me*, Savala realizes her early romantic pursuits of rich, preppy white guys wasn't about preference, but about self-erasure. In *Don't Let it Get You Down* we traverse the beauty and pain of being Black in America as men of color face police brutality and large Black females are ignored in hospital waiting rooms. Savala offers an angle to inequities that is as deft as it is lyrical. In *Bad Education* we mine how women learn to internalize violence and rage in hopes of truly having power. And in *To Wit and Also* we meet Filliss, Peggy, and Grace the enslaved women owned by her ancestors, reckoning with how America's original sin lives intimately within our stories. Over and over again, Savala reminds readers that our true identities are often most authentically lived not in the black and white in the grey, in the in-between. Perfect for fans of *Heavy* by Kiese Laymon and *Bad Feminist* by Roxane Gay, this book delivers a fresh perspective on race, class, bodies, and gender, that is both an entertaining and engaging addition to the ongoing social and cultural conversation--

a left handed woman essays: I Know This Much Is True Wally Lamb, 1998-06-03 With his stunning debut novel, *She's Come Undone*, Wally Lamb won the adulation of critics and readers with his mesmerizing tale of one woman's painful yet triumphant journey of self-discovery. Now, this brilliantly talented writer returns with *I Know This Much Is True*, a heartbreaking and poignant multigenerational saga of the reproductive bonds of destruction and the powerful force of forgiveness. A masterpiece that breathtakingly tells a story of alienation and connection, power and abuse, devastation and renewal--this novel is a contemporary retelling of an ancient Hindu myth. A

proud king must confront his demons to achieve salvation. Change yourself, the myth instructs, and you will inhabit a renovated world. When you're the same brother of a schizophrenic identical twin, the tricky thing about saving yourself is the blood it leaves on your hands--the little inconvenience of the look-alike corpse at your feet. And if you're into both survival of the fittest and being your brother's keeper--if you've promised your dying mother--then say so long to sleep and hello to the middle of the night. Grab a book or a beer. Get used to Letterman's gap-toothed smile of the absurd, or the view of the bedroom ceiling, or the influence of random selection. Take it from a godless insomniac. Take it from the uncrazy twin--the guy who beat the biochemical rap. Dominick Birdsey's entire life has been compromised and constricted by anger and fear, by the paranoid schizophrenic twin brother he both deeply loves and resents, and by the past they shared with their adoptive father, Ray, a spit-and-polish ex-Navy man (the five-foot-six-inch sleeping giant who snoozed upstairs weekdays in the spare room and built submarines at night), and their long-suffering mother, Concettina, a timid woman with a harelip that made her shy and self-conscious: She holds a loose fist to her face to cover her defective mouth--her perpetual apology to the world for a birth defect over which she'd had no control. Born in the waning moments of 1949 and the opening minutes of 1950, the twins are physical mirror images who grow into separate yet connected entities: the seemingly strong and protective yet fearful Dominick, his mother's watchful monkey; and the seemingly weak and sweet yet noble Thomas, his mother's gentle bunny. From childhood, Dominick fights for both separation and wholeness--and ultimately self-protection--in a house of fear dominated by Ray, a bully who abuses his power over these stepsons whose biological father is a mystery. I was still afraid of his anger but saw how he punished weakness--pounced on it. Out of self-preservation I hid my fear, Dominick confesses. As for Thomas, he just never knew how to play defense. He just didn't get it. But Dominick's talent for survival comes at an enormous cost, including the breakup of his marriage to the warm, beautiful Dessa, whom he still loves. And it will be put to the ultimate test when Thomas, a Bible-spouting zealot, commits an unthinkable act that threatens the tenuous balance of both his and Dominick's lives. To save himself, Dominick must confront not only the pain of his past but the dark secrets he has locked deep within himself, and the sins of his ancestors--a quest that will lead him beyond the confines of his blue-collar New England town to the volcanic foothills of Sicily 's Mount Etna, where his ambitious and vengefully proud grandfather and a namesake Domenico Tempesta, the *sostegno del famiglia*, was born. Each of the stories Ma told us about Papa reinforced the message that he was the boss, that he ruled the roost, that what he said went. Searching for answers, Dominick turns to the whispers of the dead, to the pages of his grandfather's handwritten memoir, *The History of Domenico Onofrio Tempesta*, a Great Man from Humble Beginnings. Rendered with touches of magic realism, Domenico's fablelike tale--in which monkeys enchant and religious statues weep--becomes the old man's confession--an unwitting legacy of contrition that reveals the truth's of Domenico's life, Dominick learns that power, wrongly used, defeats the oppressor as well as the oppressed, and now, picking through the humble shards of his deconstructed life, he will search for the courage and love to forgive, to expiate his and his ancestors' transgressions, and finally to rebuild himself beyond the haunted shadow of his twin. Set against the vivid panoply of twentieth-century America and filled with richly drawn, memorable characters, this deeply moving and thoroughly satisfying novel brings to light humanity's deepest needs and fears, our aloneness, our desire for love and acceptance, our struggle to survive at all costs. Joyous, mystical, and exquisitely written, *I Know This Much Is True* is an extraordinary reading experience that will leave no reader untouched.

a left handed woman essays: *Fun Home* Alison Bechdel, 2007 A fresh and brilliantly told memoir from a cult favorite comic artist, marked by gothic twists, a family funeral home, sexual angst, and great books. This breakout book by Alison Bechdel is a darkly funny family tale, pitch-perfectly illustrated with Bechdel's sweetly gothic drawings. Like Marjane Satrapi's *Persepolis*, it's a story exhilaratingly suited to graphic memoir form. Meet Alison's father, a historic preservation expert and obsessive restorer of the family's Victorian home, a third-generation funeral home director, a high school English teacher, an icily distant parent, and a closeted homosexual who, as it turns out, is involved with his male students and a family babysitter. Through narrative that is alternately heartbreaking and fiercely funny, we are drawn into a daughter's complex yearning for her father. And yet, apart from assigned stints dusting caskets at the family-owned fun home, as Alison and her brothers call it, the relationship achieves its most intimate expression through the shared code of books. When Alison comes out as homosexual herself in late adolescence, the denouement is swift, graphic -- and redemptive.

This is an important collection of eloquent, elegant pieces by one of our most acclaimed contemporary writers." —Elizabeth Hand, *The Washington Post Book World* "I have decided that the trouble with print is, it never changes its mind," writes Ursula K. And what a mind—strong, supple, disciplined, playful, ranging over the whole field of its concerns, from modern literature to menopause, from utopian thought to rodeos, with an eloquence, wit, and precision that makes for exhilarating reading. "If you are tired of being able to predict what a writer will say next, if you are bored stiff with minimalism, if you want excess and risk and intelligence and pure orneriness, try Le Guin." —Mary Mackey, *San Francisco Chronicle*

Sebald meets Maggie Nelson in an autobiographical narrative of embodiment, visual art, history, and loss. How do the bodies we inhabit affect our relationship with art? How does art affect our relationship to our bodies? T Fleischmann uses Felix Gonzáles-Torres's artworks—piles of candy, stacks of paper, puzzles—as a path through questions of love and loss, violence and rejuvenation, gender and sexuality. From the back porches of Buffalo, to the galleries of New York and L.A., to farmhouses of rural Tennessee, the artworks act as still points, sites for reflection situated in lived experience. Fleischmann combines serious engagement with warmth and clarity of prose, reveling in the experiences and pleasures of art and the body, identity and community.

Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). a left handed woman essays: *Black Is the Body* Emily Bernard, 2019-01-29 “Blackness is an art, not a science. It is a paradox: intangible and visceral; a situation and a story. It is the thread that connects these essays, but its significance as an experience emerges randomly, unpredictably. . . . Race is the story of my life, and therefore black is the body of this book.” In these twelve deeply personal, connected essays, Bernard details the experience of growing up black in the south with a family name inherited from a white man, surviving a random stabbing at a New Haven coffee shop, marrying a white man from the North and bringing him home to her family, adopting two children from Ethiopia, and living and teaching in a primarily white New England college town. Each of these essays sets out to discover a new way of talking about race and of telling the truth as the author has lived it. *Black Is the Body* is one of the most beautiful, elegant memoirs I've ever read. It's about race, it's about womanhood, it's about friendship, it's about a life of the mind, and also a life of the body. But more than anything, it's about love. I can't praise Emily Bernard enough for what she has created in these pages. --Elizabeth Gilbert WINNER OF THE CHRISTOPHER ISHERWOOD PRIZE FOR AUTOBIOGRAPHICAL PROSE NAMED A BEST BOOK OF THE YEAR BY NPR AND KIRKUS REVIEWS ONE OF MAUREEN CORRIGAN'S 10 UNPUTDOWNABLE READS OF THE YEAR

a left handed woman essays: *How to Travel with a Salmon* Umberto Eco, 1995-09-15
"Impishly witty and ingeniously irreverent" essays on topics from cell phones to librarians, by the author of *The Name of the Rose* and *Foucault's Pendulum* (*The Atlantic Monthly*). A cosmopolitan curmudgeon the *Los Angeles Times* called "the Andy Rooney of academia"—known for both nonfiction and novels that have become blockbuster New York Times bestsellers—Umberto Eco takes readers on "a delightful romp through the absurdities of modern life" (*Publishers Weekly*) as he journeys around the world and into his own wildly adventurous mind. From the mundane details of getting around on Amtrak or in the back of a cab, to reflections on computer jargon and soccer fans, to more important issues like the effects of mass media and consumer civilization—not to mention the challenges of trying to refrigerate an expensive piece of fish at an English hotel—this renowned writer, semiotician, and philosopher provides "an uncanny combination of the profound and the profane" (*San Francisco Chronicle*). "Eco entertains with his clever reflections and with his unique persona." —Kirkus Reviews Translated from the Italian by William Weaver

a left handed woman essays: *Pain Woman Takes Your Keys, and Other Essays from a Nervous System* Sonya Huber, 2017 Rate your pain on a scale of one to ten. What about on a scale of spicy to citrus? Is it more like a lava lamp or a mosaic? Pain, though a universal element of human experience, is dimly understood and sometimes barely managed. *Pain Woman Takes Your Keys, and Other Essays from a Nervous System* is a collection of literary and experimental essays about living with chronic pain. Sonya Huber moves away from a linear narrative to step through the doorway into pain itself, into that strange, unbounded reality. Although the essays are personal in nature, this collection is not a record of the author's specific condition but an exploration that transcends pain's airless and constraining world and focuses on its edges from wild and widely ranging angles. Huber addresses the nature and experience of invisible disability, including the challenges of gender bias in our health care system, the search for effective treatment options, and the difficulty of articulating chronic pain. She makes pain a lens of inquiry and lyricism, finds its humor and complexity, describes its irascible character, and explores its temperature, taste, and even its beauty.

a left handed woman essays: *The Opposite of Loneliness* Marina Keegan, 2014-04-08 The instant New York Times bestseller and publishing phenomenon: Marina Keegan's posthumous collection of award-winning essays and stories "sparkles with talent, humanity, and youth" (*O, The Oprah Magazine*). Marina Keegan's star was on the rise when she graduated magna cum laude from Yale in May 2012. She had a play that was to be produced at the New York Fringe Festival and a job waiting for her at *The New Yorker*. Tragically, five days after graduation, Marina died in a car crash. Marina left behind a rich, deeply expansive trove of writing that, like her title essay, captures the hope, uncertainty, and possibility of her generation. Her short story "Cold Pastoral" was published

on NewYorker.com. Her essay "Even Artichokes Have Doubts" was excerpted in the Financial Times, and her book was the focus of a Nicholas Kristof column in The New York Times. Millions of her contemporaries have responded to her work on social media. As Marina wrote: "We can still do anything. We can change our minds. We can start over...We're so young. We can't, we MUST not lose this sense of possibility because in the end, it's all we have." The Opposite of Loneliness is an unforgettable collection of Marina's essays and stories that articulates the universal struggle all of us face as we figure out what we aspire to be and how we can harness our talents to impact the world. "How do you mourn the loss of a fiery talent that was barely a tendril before it was snuffed out? Answer: Read this book. A clear-eyed observer of human nature, Keegan could take a clever idea...and make it something beautiful" (People).

a left handed woman essays: *The Jukebox and Other Essays on Storytelling* Peter Handke, 1994 In his Essay on Tiredness, Handke transforms an everyday experience - often precipitated by boredom - into a fascinating exploration of the world of slow motion, differentiating degrees of fatigue, the types of weariness, its rejuvenating effects, as well as its erotic, cultural, and political implications.

a left handed woman essays: *SCUM Manifesto* Valerie Solanas, 2016-04-05 Classic radical feminist statement from the woman who shot Andy Warhol "Life in this society being, at best, an utter bore and no aspect of society being at all relevant to women, there remains to civic-minded, responsible, thrill-seeking females only to overthrow the government, eliminate the money system, institute complete automation and destroy the male sex." Outrageous and violent, SCUM Manifesto was widely lambasted when it first appeared in 1968. Valerie Solanas, the woman who shot Andy Warhol, self-published the book just before she became a notorious household name and was confined to a mental institution. But for all its vitriol, it is impossible to dismiss as the mere rantings of a lesbian lunatic. In fact, the work has proved prescient, not only as a radical feminist analysis light years ahead of its time—predicting artificial insemination, ATMs, a feminist uprising against underrepresentation in the arts—but also as a stunning testament to the rage of an abused and destitute woman. In this edition, philosopher Avital Ronell's introduction reconsiders the evocative exuberance of this infamous text.

a left handed woman essays: *100 Essays I Don't Have Time to Write* Sarah Ruhl, 2014-09-02 100 Essays I Don't Have Time to Write is an incisive, idiosyncratic collection on life and theater from major American playwright Sarah Ruhl. This is a book in which chimpanzees, Chekhov, and child care are equally at home. A vibrant, provocative examination of the possibilities of the theater, it is also a map to a very particular artistic sensibility, and an unexpected guide for anyone who has chosen an artist's life. Sarah Ruhl is a mother of three and one of America's best-known playwrights. She has written a stunningly original book of essays whose concerns range from the most minimal and personal subjects to the most encompassing matters of art and culture. The titles themselves speak to the volume's uniqueness: On lice, On sleeping in the theater, On motherhood and stools (the furniture kind), Greek masks and Bell's palsy.

a left handed woman essays: *Up Up, Down Down* Cheston Knapp, 2018-02-06 In the tradition of John Jeremiah Sullivan and David Foster Wallace, Cheston Knapp's Up Up, Down Down "is an always smart, often hilarious, and ultimately transcendent essay collection" (Anthony Doerr, Pulitzer Prize-winning author of All the Light We Cannot See) that brilliantly explores authenticity and the nature of identity. Daring and wise, hilarious and tender, Cheston Knapp's "glittering" (Leslie Jamison) collection of seven linked essays tackles the Big Questions through seemingly unlikely avenues. In his dexterous hands, an examination of a local professional wrestling promotion

becomes a meditation on pain and his relationship with his father. A profile of UFO enthusiasts ends up probing his history in the church and, more broadly, the nature and limits of faith itself. Attending an adult skateboarding camp launches him into a virtuosic analysis of nostalgia. And the shocking murder of a neighbor expands into an interrogation of our culture's prevailing ideas about community. Even more remarkable, perhaps, is the way he manages to find humanity in a damp basement full of frat boys. Taken together, the essays in *Up Up, Down Down* amount to a chronicle of Knapp's coming-of-age, a young man's journey into adulthood, late-onset as it might appear. He presents us with formative experiences from his childhood to marriage that echo throughout the collection, and ultimately tilts at what may be the Biggest Q of them all: what are the hazards of becoming who you are? With "a firmly tongue-in-cheek approach to the existential crises of male maturity for the millennial generation...Knapp's intelligent take on coming-of-age deserves to be widely read" (Publishers Weekly). "Compelling...Precise and laugh-inducing" (The New York Times Book Review), *Up Up, Down Down* signals the arrival of a truly one-of-a-kind voice.

a left handed woman essays: *The Givenness of Things* Marilynne Robinson, 2015-10-27 The spirit of our times can appear to be one of joyless urgency. As a culture we have become less interested in the exploration of the glorious mind, and more interested in creating and mastering technologies that will yield material well-being. But while cultural pessimism is always fashionable, there is still much to give us hope. In *The Givenness of Things*, the incomparable Marilynne Robinson delivers an impassioned critique of our contemporary society while arguing that reverence must be given to who we are and what we are: creatures of singular interest and value, despite our errors and depredations. Robinson has plumbed the depths of the human spirit in her novels, including the National Book Critics Circle Award-winning *Lila* and the Pulitzer Prize-winning *Gilead*, and in her new essay collection she trains her incisive mind on our modern predicament and the mysteries of faith. These seventeen essays examine the ideas that have inspired and provoked one of our finest writers throughout her life. Whether she is investigating how the work of the great thinkers of the past, Calvin, Locke, Bonhoeffer--and Shakespeare--can infuse our lives, or calling attention to the rise of the self-declared elite in American religious and political life, Robinson's peerless prose and boundless humanity are on display. Exquisite and bold, *The Givenness of Things* is a necessary call for us to find wisdom and guidance in our cultural heritage, and to offer grace to one another.

a left handed woman essays: *Trick Mirror* Jia Tolentino, 2019-08-06 NEW YORK TIMES BESTSELLER • "From The New Yorker's beloved cultural critic comes a bold, unflinching collection of essays about self-deception, examining everything from scammer culture to reality television."—Esquire Book Club Pick for Now Read This, from PBS NewsHour and The New York Times • "A whip-smart, challenging book."—Zadie Smith • "Jia Tolentino could be the Joan Didion of our time."—Vulture FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE'S JOHN LEONARD PRIZE FOR BEST FIRST BOOK • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK PUBLIC LIBRARY AND HARVARD CRIMSON AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • Chicago Tribune • The Washington Post • NPR • Variety • Esquire • Vox • Elle • Glamour • GQ • Good Housekeeping • The Paris Review • Paste • Town & Country • BookPage • Kirkus Reviews • BookRiot • Shelf Awareness Jia Tolentino is a peerless voice of her generation, tackling the conflicts, contradictions, and sea changes that define us and our time. Now, in this dazzling collection of nine entirely original essays, written with a rare combination of give and sharpness, wit and fearlessness, she delves into the forces that warp our vision, demonstrating an unparalleled stylistic potency and critical dexterity. *Trick Mirror* is an enlightening, unforgettable trip through the river of self-delusion that surges just beneath the surface of our lives. This is a book about the incentives that shape us, and about how hard it is to see ourselves clearly through a culture that revolves around the self. In each essay, Tolentino writes about a cultural prism: the rise of the nightmare social internet; the advent of scamming as the definitive millennial ethos; the literary heroine's journey from brave to blank to bitter; the punitive

dream of optimization, which insists that everything, including our bodies, should become more efficient and beautiful until we die. Gleaming with Tolentino's sense of humor and capacity to elucidate the impossibly complex in an instant, and marked by her desire to treat the reader with profound honesty, *Trick Mirror* is an instant classic of the worst decade yet. a left handed woman essays: Dust Off the Gold Medal Sara L. Schwebel, Jocelyn Van Tuyl, 2021-08-23 The oldest and most prestigious children's literature award, the Newbery Medal has since 1922 been granted annually by the American Library Association to the children's book it deems most distinguished. Medal books enjoy an outsized influence on American children's literature, figuring perennially on publishers' lists, on library and bookstore shelves, and in school curricula. As such, they offer a compelling window into the history of US children's literature and publishing, as well as into changing societal attitudes about which books are best for America's schoolchildren. Yet literary scholars have disproportionately ignored the Medal winners in their research. This volume provides a critically- and historically-grounded scholarly analysis of representative but understudied Newbery Medal books from the 1920s through the 2010s, interrogating the disjunction between the books' omnipresence and influence, on the one hand, and the critical silence surrounding them, on the other. *Dust Off the Gold Medal* makes a case for closing these scholarly gaps by revealing neglected texts' insights into the politics of children's literature prizing and by demonstrating how neglected titles illuminate critical debates currently central to the field of children's literature. In particular, the essays shed light on the hidden elements of diversity apparent in the neglected Newbery canon while illustrating how the books respond—sometimes in quite subtle ways—to contemporaneous concerns around race, class, gender, disability, nationalism, and globalism.

a left handed woman essays: A Woman Looking at Men Looking at Women Siri Hustvedt, 2016-12-06 A compelling, radical, "richly explored" (The New York Times Book Review), and "insightful" (Vanity Fair) collection of essays on art, feminism, neuroscience, psychology, and philosophy from prize-winning novelist Siri Hustvedt, the acclaimed author of *The Blazing World* and *What I Loved*. In a trilogy of works brought together in a single volume, Siri Hustvedt demonstrates the striking range and depth of her knowledge in both the humanities and the sciences. Armed with passionate curiosity, a sense of humor, and insights from many disciplines she repeatedly upends received ideas and cultural truisms. "A Woman Looking at Men Looking at Women" (which provided the title of this book) examines particular artworks but also human perception itself, including the biases that influence how we judge art, literature, and the world. Picasso, de Kooning, Louise Bourgeois, Anselm Kiefer, Susan Sontag, Robert Mapplethorpe, and Karl Ove Knausgaard all come under Hustvedt's intense scrutiny. "The Delusions of Certainty" exposes how the age-old, unresolved mind-body problem has shaped and often distorted and confused contemporary thought in neuroscience, psychiatry, genetics, artificial intelligence, and evolutionary psychology. "What Are We? Lectures on the Human Condition" includes a powerful reading of Kierkegaard, a trenchant analysis of suicide, and penetrating reflections on the mysteries of hysteria, synesthesia, memory and space, and the philosophical dilemmas of fiction. *A Woman Looking at Men Looking at Women* is an "erudite" (Booklist), "wide-ranging, irreverent, and absorbing meditation on thinking, knowing, and being" (Kirkus Reviews, starred review).

a left handed woman essays: The Informed Air: Essays Muriel Spark, 2014-04-29 Now in paperback, here are the sparkling essays of Muriel Spark, the writer of "the best sentences in English" (The New Yorker) A fantastic essayist, the inimitable Muriel Spark addresses here the writing life, cats, favorite writers (the Brontës, T. S. Eliot, Robert Burns, Mary Shelley), love, Piero della Francesca, life in wartime London and in glamorous "Hollywood-on-the-Tiber" 1960s Rome, faith, and parties (on her first New Year's Eve, as a baby sipping her mother's sherry: "I always loved a party"). No one was as "fearless and original" (TLS) as Muriel Spark, who believed that "art is an act of daring." Here she glides from the mysteries of Job's sufferings to Dame Edith Sitwell's cocktail advice about how to handle a nasty publisher: "My dear," she said, "you must acquire a pair

of lorgnettes, make an occasion to see that man again, focus the glasses on him and sit looking at him through them as if he was an insect. Just look and look.'"

a left handed woman essays: [A New History of Iberian Feminisms](#) Silvia Bermúdez, Roberta Johnson, 2018-01-01 A New History of Iberian Feminisms is both a chronological history and an analytical discussion of feminist thought in the Iberian Peninsula, including Portugal, and the territories of Spain - the Basque Provinces, Catalonia, and Galicia - from the eighteenth century to the present day. The Iberian Peninsula encompasses a dynamic and fraught history of feminism that had to contend with entrenched tradition and a dominant Catholic Church. Editors Silvia Bermúdez and Roberta Johnson and their contributors reveal the long and historical struggles of women living within various parts of the Iberian Peninsula to achieve full citizenship. A New History of Iberian Feminisms comprises a great deal of new scholarship, including nineteenth-century essays written by women on the topic of equality. By addressing these lost texts of feminist thought, Bermúdez, Johnson, and their contributors reveal that female equality, considered a dormant topic in the early nineteenth century, was very much part of the political conversation, and helped to launch the new feminist wave in the second half of the century.
