a million little things episode guide: A Million Little Pieces James Frey, 2004-05-11
 NATIONAL BESTSELLER • A gripping memoir about the nature of addiction and the meaning of recovery from a bold and talented literary voice. “Anyone who has ever felt broken and wished for a better life will find inspiration in Frey’s story.” —People “A great story.... You can't help but cheer his victory.” —Los Angeles Times Book Review By the time he entered a drug and alcohol treatment facility, James Frey had taken his addictions to near-deadly extremes. He had so thoroughly ravaged his body that the facility’s doctors were shocked he was still alive. The ensuing torments of detoxification and withdrawal, and the never-ending urge to use chemicals, are captured with a vitality and directness that recalls the seminal eye-opening power of William Burroughs’s *Junky*. But *A Million Little Pieces* refuses to fit any mold of drug literature. Inside the clinic, James is surrounded by patients as troubled as he is—including a judge, a mobster, a one-time world-champion boxer, and a fragile former prostitute to whom he is not allowed to speak—but their friendship and advice strikes James as stronger and truer than the clinic’s droning dogma of *How to Recover*. James refuses to consider himself a victim of anything but his own bad decisions, and insists on accepting sole accountability for the person he has been and the person he may become—which runs directly counter to his counselors’ recipes for recovery. James has to fight to find his own way to confront the consequences of the life he has lived so far, and to determine what future, if any, he holds. It is this fight, told with the charismatic energy and power of *One Flew over the Cuckoo’s Nest*, that is at the heart of *A Million Little Pieces*: the fight between one young man’s will and the ever-tempting chemical trip to oblivion, the fight to survive on his own terms, for

reasons close to his own heart.

a million little things episode guide: *Life After Suicide* Jennifer Ashton, 2019-05-07 From the chief medical correspondent of ABC News, an eloquent, heartbreaking, yet hopeful memoir of surviving the suicide of a loved one, examining this dangerous epidemic and offering first-hand knowledge and advice to help family and friends find peace. Jennifer Ashton, M.D., has witnessed firsthand the impact of a loved one's suicide. When her ex-husband killed himself soon after their divorce, her world—and that of her children—was shattered. Though she held a very public position with one of the world's largest media companies, she was hesitant to speak about the personal trauma that she and her family experienced following his death. A woman who addresses the public regularly on intimate health topics, she was uncertain of revealing her devastating loss—the most painful thing she'd ever experienced. But with the high-profile suicides of Kate Spade and Anthony Bourdain, Dr. Ashton recognized the importance of talking about her experience and the power of giving voice to her grief. She shared her story with her Good Morning America family on air—an honest, heartbreaking revelation that provided comfort and solace to others, like her and her family,

who have been left behind. In *Life After Suicide*, she opens up completely for the first time, hoping that her experience and words can inspire those faced with the unthinkable to persevere. Part memoir and part comforting guide that incorporates the latest insights from researchers and health professionals, *Life After Suicide* is both a call to arms against this dangerous, devastating epidemic, and an affecting story of personal grief and loss. In addition, Dr. Ashton includes stories from others who have survived the death of a loved one by their own hand, showing how they survived the unthinkable and demonstrating the vital roles that conversation and community play in recovering from the suicide of a loved one. The end result is a raw and revealing exploration of a subject that's been taboo for far too long, providing support, information, and comfort for those attempting to make sense of their loss and find a way to heal.

a million little things episode guide: *Now Is Not the Time to Panic* Kevin Wilson, 2022-11-08 NATIONAL BESTSELLER Named a Best Book of the Year by: Time * Kirkus Reviews * USA Today * Entertainment Weekly * Garden & Gun * Vox * Atlanta Journal-Constitution A Most Anticipated Book of Fall from: Associated Press * Atlanta Journal-Constitution * BookPage * Book Riot * The Boston Globe * Entertainment Weekly * Esquire * Garden & Gun * LitHub * St. Louis Post-Dispatch * Sunset Magazine * Time * Town & Country * The Millions * USA Today * Vogue * Vulture * The Week An exuberant, bighearted novel about two teenage misfits who spectacularly collide one fateful summer, and the art they make that changes their lives forever Sixteen-year-old Frankie Budge—aspiring writer, indifferent student, offbeat loner—is determined to make it through yet another summer in Coalfield, Tennessee, when she meets Zeke, a talented artist who has just moved into his grandmother's house and who is as awkward as Frankie is. Romantic and creative sparks begin to fly, and when the two jointly make an unsigned poster, shot through with an enigmatic phrase, it becomes unforgettable to anyone who sees it. The edge is a shantytown filled with gold seekers. We are fugitives, and the law is skinny with hunger for us. When the posters begin appearing everywhere, people wonder who is behind them and start to panic. Satanists? Kidnappers? The rumors won't stop, and soon the mystery has dangerous repercussions that spread far beyond the town. Twenty years later, Frances Eleanor Budge gets a call that threatens to upend her carefully built life: a journalist named Mazzy Brower is writing a story about the Coalfield Panic of 1996. Might Frances know something about that? A bold coming-of-age story, written with Kevin Wilson's trademark wit and blazing prose, *Now Is Not the Time to Panic* is a nuanced exploration of young love, identity, and the power of art. It's also about the secrets that haunt us—and, ultimately, what the truth will set free.

a million little things episode guide: *Lady in the Lake* Laura Lippman, 2019-07-23 SOON TO BE A SERIES FROM APPLE TV! A New York Times Bestseller The revered New York Times bestselling author returns with a novel set in 1960s Baltimore that combines modern psychological insights with elements of classic noir, about a middle-aged housewife turned aspiring reporter who pursues the murder of a forgotten young woman. In 1966, Baltimore is a city of secrets that everyone seems to know—everyone, that is, except Madeline “Maddie” Schwartz. Last year, she was a happy, even pampered housewife. This year, she's bolted from her marriage of almost twenty

years, determined to make good on her youthful ambitions to live a passionate, meaningful life. Maddie wants to matter, to leave her mark on a swiftly changing world. Drawing on her own secrets, she helps Baltimore police find a murdered girl—assistance that leads to a job at the city's afternoon newspaper, the Star. Working at the newspaper offers Maddie the opportunity to make her name, and she has found just the story to do it: Cleo Sherwood, a missing woman whose body was discovered in the fountain of a city park lake. If Cleo were white, every reporter in Baltimore would be clamoring to tell her story. Instead, her mysterious death receives only cursory mention in the daily newspapers, and no one cares when Maddie starts poking around in a young Black woman's life—except for Cleo's ghost, who is determined to keep her secrets and her dignity. Cleo scolds the ambitious Maddie: You're interested in my death, not my life. They're not the same thing. Maddie's investigation brings her into contact with people that used to be on the periphery of her life—a jewelry store clerk, a waitress, a rising star on the Baltimore Orioles, a patrol cop, a hardened female reporter, a lonely man in a movie theater. But for all her ambition and drive, Maddie often fails to see the people right in front of her. Her inability to look beyond her own needs will lead to tragedy and turmoil for all sorts of people—including Ferdie, the man who shares her bed, a police officer who is risking far more than Maddie can understand.

a million little things episode guide: Building a StoryBrand Donald Miller, 2017-10-10
More than half-a-million business leaders have discovered the power of the StoryBrand Framework, created by New York Times best-selling author and marketing expert Donald Miller. And they are making millions. If you use the wrong words to talk about your product, nobody will buy it. Marketers and business owners struggle to effectively connect with their customers, costing them and their companies millions in lost revenue. In a world filled with constant, on-demand distractions, it has become near-impossible for business owners to effectively cut through the noise to reach their customers, something Donald Miller knows first-hand. In this book, he shares the proven system he has created to help you engage and truly influence customers. The StoryBrand process is a proven solution to the struggle business leaders face when talking about their companies. Without a clear, distinct message, customers will not understand what you can do for them and are unwilling to engage, causing you to lose potential sales, opportunities for customer engagement, and much more. In *Building a StoryBrand*, Donald Miller teaches marketers and business owners to use the seven universal elements of powerful stories to dramatically improve how they connect with customers and grow their businesses. His proven process has helped thousands of companies engage with their existing customers, giving them the ultimate competitive advantage. Building a StoryBrand does this by teaching you: The seven universal story points all humans respond to; The real reason customers make purchases; How to simplify a brand message so people understand it; and How to create the most effective messaging for websites, brochures, and social media. Whether you are the marketing director of a multibillion-dollar company, the owner of a small business, a politician running for office, or the lead singer of a rock band, Building a StoryBrand will forever transform the way you talk about who you are, what you do, and the unique value you bring to your customers.

a million little things episode guide: Tanzania Safari Guide Philip Briggs, Chris McIntyre, 2023-05-05 This new, thoroughly updated ninth edition of Bradt's Tanzania Safari Guide remains the only practical guidebook to the country that reflects tourism's shift away from backpackers and budget camping safaris to upper-end and mid-range safaris and beach holidays. Unlike other guidebooks, the main focus is practical information about Tanzania's peerless collection of national parks, game reserves and other safari destinations, including the Serengeti, Ngorongoro Crater, Tarangire, Ruaha, Katavi, Gombe Stream, Mahale Mountains, and four new national parks designated in 2019, including Nyerere, which encompasses much of the former Selous Game Reserve and is thought Africa's largest National Park. Every major reserve is given a dedicated chapter detailing its ecology, wildlife, accommodation options, game drives and other activities.

Written by acknowledged Africa experts and prolific guidebook writers Philip Briggs and Chris McIntyre, Bradt's Tanzania Safari Guide also focuses on other popular and off-the-beaten-track tourist attractions, including Mount Kilimanjaro, the 'Spice Island' of Zanzibar and the mysterious Kilwa Ruins and Kondo Rock Art (UNESCO World Heritage Sites often relegated to the small print of other guides). Accommodation listings for the safari destinations are the most detailed and authoritative available, the authors weeding through the ever-growing number of lodges and camps to create a critically selective list of the best properties in every price bracket (upmarket, mid-range and budget). Meanwhile, a 48-page wildlife colour field guide details all species a visitor can expect to find on a safari. Since the mid-1980s, when only basic camping safaris were feasible, Tanzania has grown to be one of Africa's top safari destinations. This new edition actively responds to this evolution by focusing on the country mainly as a safari and short-stay fly-in holiday destination. It also reflects the growing trend away from large lodges towards small, exclusive eco-friendly camps in remote parts of national parks and bordering community concessions. Beyond spectacular year-round game-viewing, Tanzania is one of Africa's most varied countries, its long palm-fringed coastline offering post-safari relaxation and complemented by the Great Rift Valley, portions of Africa's three largest lakes, and impressive mountains. Use this guide to discover everything Tanzania has to offer.

Brad Montague originally created Circles as an Instagram video adorably narrated by his kids, and now this picture book adaptation is the perfect way to start a conversation about how to expand our worlds with kindness and inclusivity—even if it seems scary or uncomfortable. This book makes an ideal new-baby, first-day-of-school, or graduation gift, or any milestone that celebrates someone's world getting bigger.
