a modest proposal commonlit assessment answers: A Modest Proposal Jonathan Swift, 2024-05-30 In one of the most powerful and darkly satirical works of the 18th century, a chilling solution is proposed to address the dire poverty and overpopulation plaguing Ireland. Jonathan Swift presents a shockingly calculated and seemingly rational argument for using the children of the poor as a food source, thereby addressing both the economic burden on society and the issue of hunger. This provocative piece is a masterful example of irony and social criticism, as it exposes the cruel attitudes and policies of the British ruling class towards the Irish populace. Jonathan Swift's incisive critique not only underscores the absurdity of the proposed solution but also serves as a profound commentary on the exploitation and mistreatment of the oppressed. A Modest Proposal remains a quintessential example of satirical literature, its biting wit and moral indignation as relevant today as it was at the time of its publication. JONATHAN SWIFT [1667-1745] was an Anglo-Irish author, poet, and satirist. His deadpan satire led to the coining of the term »Swiftian«, describing satire of similarly ironic writing style. He is most famous for the novel *Gulliver's Travels* [1726] and the essay *A Modest Proposal* [1729].

a modest proposal commonlit assessment answers: *You Kiss by th' Book* Gary Soto, 2016-03-22 Inspired by Shakespeare, an award-winning poet creates "smart, surprising and affecting [poetry] . . . Poems that are easy to read and difficult to forget" (David Scott Kastan, Yale University). In his engaging new collection, National Book Award finalist Gary Soto creates poems that each begin with a line from Shakespeare and then continue in Soto's fresh and accessible verse. Drawing on moments from the sonnets, *Hamlet*, *Macbeth*, *A Midsummer Night's Dream*, *Romeo and Juliet*, and others, Soto illuminates aspects of the source material while taking his poems in directions of their own, strategically employing the color of "thee" and "thine," kings, thieves, and lovers. The results are inspired, by turns meditative, playful, and moving, and consistently fascinating for the conversation they create between the bard's time and language and our own here and now. "I read Gary Soto's poems with delight. There's no one I know, certainly in this language, who writes like him." —Gerald Stern, National Book Award-winning poet "Soto insists on the possibility of a redemptive power, and he celebrates the heroic, quixotic capacity for survival in human beings and the natural world." —Publishers Weekly "Gary Soto is a consummate storyteller . . . Intelligent, funny, and bitingly honest. He is also a craftsman, a master of metaphor and simile, his language capable of dazzling somersaults." —Martin Espada, National Book Award-winning poet "Shakespeare's words are never more alive than when they are being seized upon, twisted, remade and made anew. Gary Soto, a brilliant recycler, has laden his ship with old gold. Himself a brilliant recycler, Shakespeare might well have been pleased." —The Norton Shakespeare

a modest proposal commonlit assessment answers: *Leapfrogging Inequality* Rebecca Winthrop, 2018-05-15 Exemplary stories of innovation from around the world In an age of rising inequality, getting a good education increasingly separates the haves from the have nots. In countries like the United States, getting a good education is one of the most promising routes to upper-middle-class status, even more so than family wealth. Experts predict that by 2030, 825 million children will reach adulthood without basic secondary-level skills, and it will take a century for the most marginalized youth to achieve the educational levels that the wealthiest enjoy today. But these figures do not even account for the range of skills and competencies needed to thrive today in work, citizenship, and life. In a world where the ability to manipulate knowledge and information, think critically, and collaboratively solve problems are essential to thrive, access to a quality education is crucial for all young people. In *Leapfrogging Inequality*, researchers chart a new path for global education by examining the possibility of leapfrogging—harnessing innovation to rapidly accelerate educational progress—to ensure that all young people develop the skills they need for a fast-changing world. Analyzing a catalog of nearly 3,000 global education innovations, the largest such collection to date, researchers explore the potential of current practices to enable such a leap. As part of this analysis, the book presents an evidence-based framework for getting ahead in education, which it grounds in the here-and-now by narrating exemplary stories of innovation from around the world. Together, these stories and resources will inspire educators, investors, leaders of nongovernmental organizations, and policymakers alike to rally around a new vision of educational progress—one that ensures we do not leave yet another generation of young people behind.

a modest proposal commonlit assessment answers: **Debating Gender in Early Modern England, 1500-1700** C. Malcolmson, M. Suzuki, 2002-08-02 This book explores the construction of gender ideology in early modern England through an analysis of the querelle des femmes - the debate about the relationship between the sexes that originated on the continent during the middle ages and the Renaissance and developed in England into the Swetnam controversy, which revolved around the publication of Joseph Swetnam's The arraignment of lewd, forward, and inconstant women and the pamphlets which responded to its misogynist attacks. The volume contextualizes the debate in terms of its continental antecedents and elite manuscript circulation in England, then moves to consider popular culture and printed texts from the Jacobean debate and its effects on women's writing and the developing discourse on gender, and concludes with an examination of the ramifications of the debate during the Civil War and Restoration. Essays focus attention on the implications of the gender debate for women writers and their literary relations, cultural ideology and the family, and political discourse and ideas of nationhood.
