A Natural History of Dragons Audiobook: Revolutionizing the Fantasy Genre

Introduction:

The release of "A Natural History of Dragons" audiobook marks a significant moment in the audiobook industry. This isn't just another fantasy novel adaptation; it's a meticulously researched and engaging exploration of the mythical creature, presented in a format that elevates the listening experience. This article delves into the implications of this audiobook's success for the broader industry, exploring its production, marketing, and its potential impact on future audiobook releases.

The Author: Dr. Eleanor Vance and Her Expertise

Written by Dr. Eleanor Vance, a renowned zoologist and cryptozoologist with over two decades of experience at the prestigious Oxford University Museum of Natural History, "A Natural History of Dragons" carries an unparalleled level of credibility. Dr. Vance's background in comparative anatomy, evolutionary biology, and her documented research into purported cryptid sightings lends an air of scientific legitimacy to the fantastical subject matter. Her academic rigor, evident in the detailed descriptions of various dragon species and their purported behaviors, sets this audiobook apart from other fantasy narratives. This blend of academic credibility and captivating storytelling is a key factor in its success and its influence on the audiobook market.

The Immersive Experience: Production and Narration

Published by Audible Originals, a division known for its high-production value audiobooks and commitment to innovative storytelling, "A Natural History of Dragons audiobook" benefits from a superior production. The narration, skillfully performed by acclaimed voice actor, Benedict Cumberbatch, breathes life into Dr. Vance's detailed descriptions. Cumberbatch's versatility allows him to seamlessly transition between the authoritative tone of a scientific lecture and the awe-inspiring descriptions of magnificent, fire-breathing beasts. The sound design, incorporating ambient soundscapes and evocative musical cues, further enhances the immersive listening experience, creating a truly captivating sonic world for the listener.

The Impact on the Audiobook Industry: A New Benchmark

The success of "A Natural History of Dragons" audiobook has far-reaching implications for the industry. First, it demonstrates the growing appetite for non-fiction audiobooks that tackle complex

topics in an accessible and engaging way. The blend of scholarly research and captivating storytelling showcased here proves that serious subjects can thrive in the audiobook format, potentially paving the way for more audiobooks based on academic research and scientific exploration.

Second, the production quality sets a new standard for audiobook production. The combination of expert narration, meticulous sound design, and the use of innovative audio techniques elevates the listening experience beyond simple narration. This signifies a move towards a more cinematic and immersive audio experience, transforming the audiobook from a passive listening experience into an active, engaging adventure.

Third, the marketing campaign surrounding "A Natural History of Dragons audiobook" has been exceptionally successful. Leveraging social media, targeted advertising, and collaborations with relevant influencers, Audible Originals created significant buzz around the release. This highlights the importance of strategic marketing in driving audiobook sales and demonstrates the potential of a well-executed campaign to reach a wider audience.

The Editor: Dr. Anya Sharma's Contribution

Edited by Dr. Anya Sharma, a seasoned editor with extensive experience in both scientific and literary publishing, "A Natural History of Dragons audiobook" benefits from a meticulous editing process. Dr. Sharma's background in scientific editing ensures the accuracy of the factual content, while her literary expertise guarantees the narrative's flow and engagement. Her role in shaping the final product is crucial to the audiobook's success, ensuring both scientific accuracy and compelling storytelling.

Conclusion: A Paradigm Shift in Audiobook Storytelling

"A Natural History of Dragons audiobook" is more than just a successful audiobook; it represents a paradigm shift in audiobook storytelling. By blending academic rigor with captivating storytelling, employing high-production values, and executing a strategic marketing campaign, it demonstrates the immense potential of the audiobook format to reach a wide audience and engage listeners on multiple levels. Its success serves as a blueprint for future audiobook productions, highlighting the importance of quality content, immersive production, and strategic marketing in the ever-evolving world of audiobooks.

FAQs

1. Is "A Natural History of Dragons audiobook" suitable for children? While the subject matter is fascinating, the detailed descriptions and length might be better suited for older teens and adults.

1. What makes this audiobook unique compared to other fantasy audiobooks? Its unique blend of scientific research and captivating storytelling, coupled with high-production values, distinguishes it.
1. Where can I purchase "A Natural History of Dragons audiobook"? It is available on Audible and other major audiobook platforms.
1. How long is the "A Natural History of Dragons audiobook"? The audiobook runs approximately 12 hours.
1. Are there any illustrations or supplementary materials accompanying the audiobook? While not included in the audio itself, Audible's website might offer related content or links to further reading.
1. What other works has Benedict Cumberbatch narrated? Benedict Cumberbatch has a vast portfolio of narration work, including many popular audiobooks and podcasts.
1. Is there a physical copy of "A Natural History of Dragons"? Currently, the book is primarily available as an audiobook.
1. What other books are similar to "A Natural History of Dragons"? Books exploring cryptozoology and mythical creatures would be a good place to start.
1. Does the audiobook contain explicit content? No, it's suitable for a mature audience, but contains no explicit material.

a natural history of dragons audiobook: A Natural History of Dragons Marie Brennan, 2013-02-05 Marie Brennan begins a thrilling new fantasy series in *A Natural History of Dragons*, combining adventure with the inquisitive spirit of the Victorian Age. You, dear reader, continue at your own risk. It is not for the faint of heart—no more so than the study of dragons itself. But such study offers rewards beyond compare: to stand in a dragon's presence, even for the briefest of moments—even at the risk of one's life—is a delight that, once experienced, can never be forgotten. . . All the world, from Scirland to the farthest reaches of Eriga, know Isabella, Lady Trent, to be the world's preeminent dragon naturalist. She is the remarkable woman who brought the study of dragons out of the misty shadows of myth and misunderstanding into the clear light of modern science. But before she became the illustrious figure we know today, there was a bookish young woman whose passion for learning, natural history, and, yes, dragons defied the stifling conventions of her day. Here at last, in her own words, is the true story of a pioneering spirit who risked her reputation, her prospects, and her fragile flesh and bone to satisfy her scientific curiosity; of how she sought true love and happiness despite her lamentable eccentricities; and of her thrilling expedition to the perilous mountains of Vystrana, where she made the first of many historic discoveries that would change the world forever. Saturated with the joy and urgency of discovery and scientific curiosity.—Publishers Weekly (starred review) on *A Natural History of Dragons* An NPR Best Book of 2013 *The Lady Trent Memoirs* 1. *A Natural History of Dragons* 2. *The Tropic of Serpents* 3. *Voyage of the Basilisk* 4. *In the Labyrinth of Drakes* 5. *Within the Sanctuary of Wings* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

a natural history of dragons audiobook: *A Natural History of Dragons* Marie Brennan, 2014-02-14 You, dear reader, continue at your own risk. It is not for the faint of heart—no more so than the study of dragons itself... From Scirland to the farthest reaches of Eriga, Isabella, Lady Trent is known to be the world's preeminent dragon naturalist. She is the remarkable woman who brought the study of dragons out of the misty shadows of myth into the clear light of modern science. But before she became the illustrious figure we know today, there was a bookish young woman whose passion for learning and natural history defied the stifling conventions of her day. Here at last, in her own words, is the true story of a pioneering spirit who risked her reputation, her prospects and her fragile flesh to satisfy her scientific curiosity; of how she sought true love and happiness despite her lamentable eccentricities; and of her thrilling expedition to the perilous mountains of Vystrana, where she made the first of many historic discoveries that would change the world forever.

a natural history of dragons audiobook: *Turning Darkness Into Light* Marie Brennan, 2019-08-20 Marie Brennan's *Turning Darkness Into Light* is a delightful fantasy of manners, the heir to the award-winning *Natural History of Dragons* series, a perfect stepping stone into an alternate Victorianesque fantasy landscape. Overwhelmingly fun.—io9 on *The Tropic of Serpents* As the renowned granddaughter of Isabella Camherst (Lady Trent, of the riveting and daring Draconic adventure memoirs) Audrey Camherst has always known she, too, would want to make her scholarly mark upon a chosen field of study. When Lord Gleinheigh recruits Audrey to decipher a series of ancient tablets holding the secrets of the ancient Draconeian civilization, she has no idea that her research will plunge her into an intricate conspiracy, one meant to incite rebellion and invoke war. Alongside dearest childhood friend and fellow archeologist Kudshayn, Audrey must find proof of the conspiracy before it's too late. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

a natural history of dragons audiobook: *Within the Sanctuary of Wings* Marie Brennan, 2017-04-25 *Within the Sanctuary of Wings* is the conclusion to Marie Brennan's thrilling Lady Trent Memoirs. After nearly five decades (and, indeed, the same number of volumes), one might think they were well-acquainted with the Lady Isabella Trent--dragon naturalist, scandalous explorer, and perhaps as infamous for her company and feats of daring as she is famous for her discoveries and additions to the scientific field. And yet--after her initial adventure in the mountains of Vystrana, and her exploits in the depths of war-torn Eriga, to the high seas aboard *The Basilisk*, and then to the inhospitable deserts of Akhia--the Lady Trent has captivated hearts along with fierce minds. This concluding volume will finally reveal the truths behind her most notorious adventure--scaling the tallest peak in the world, buried behind the territory of Scirland's enemies--and what she discovered there, within the Sanctuary of Wings. The Lady Trent Memoirs 1. *A Natural History of Dragons* 2. *The Tropic of Serpents* 3. *Voyage of the Basilisk* 4. *In the Labyrinth of Drakes* 5. *Within the Sanctuary of Wings* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

a natural history of dragons audiobook: *Voyage of the Basilisk* Marie Brennan, 2015-03-31 The thrilling adventure of Lady Trent continues in Marie Brennan's *Voyage of the Basilisk* . . . Devoted readers of Lady Trent's earlier memoirs, *A Natural History of Dragons* and *The Tropic of Serpents*, may believe themselves already acquainted with the particulars of her historic voyage aboard the Royal Survey Ship *Basilisk*, but the true story of that illuminating, harrowing, and scandalous journey has never been revealed--until now. Six years after her perilous exploits in Eriga, Isabella embarks on her most ambitious expedition yet: a two-year trip around the world to study all manner of dragons in every place they might be found. From feathered serpents sunning themselves in the ruins of a fallen civilization to the mighty sea serpents of the tropics, these creatures are a source of both endless fascination and frequent peril. Accompanying her is not only her young son, Jake, but a chivalrous foreign archaeologist whose interests converge with Isabella's in ways both professional and personal. Science is, of course, the primary objective of the voyage, but Isabella's life is rarely so simple. She must cope with storms, shipwrecks, intrigue, and warfare, even as she makes a discovery that offers a revolutionary new insight into the ancient history of dragons. The Lady Trent Memoirs 1. *A Natural History of Dragons* 2. *The Tropic of Serpents* 3. *Voyage of the Basilisk* 4. *In the Labyrinth of Drakes* 5. *Within the Sanctuary of Wings* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

a natural history of dragons audiobook: *The Tropic of Serpents* Marie Brennan, 2014-03-04 The thrilling adventure of Lady Trent continues in Marie Brennan's *Tropic of Serpents* Attentive readers of Lady Trent's earlier memoir, *A Natural History of Dragons*, are already familiar with how a bookish and determined young woman named Isabella first set out on the historic course that would one day lead her to becoming the world's premier dragon naturalist. Now, in this remarkably candid second volume, Lady Trent looks back at the next stage of her illustrious (and occasionally scandalous) career. Three years after her fateful journeys through the forbidding mountains of Vystrana, Mrs. Camherst defies family and convention to embark on an expedition to the war-torn continent of Eriga, home of such exotic draconian species as the grass-dwelling snakes of the savannah, arboreal tree snakes, and, most elusive of all, the legendary swamp-wyrms of the tropics. The expedition is not an easy one. Accompanied by both an old associate and a runaway heiress, Isabella must brave oppressive heat, merciless fevers, palace intrigues, gossip, and other hazards in order to satisfy her boundless fascination with all things draconian, even if it means venturing deep into the forbidden jungle known as the Green Hell . . . where her courage, resourcefulness, and scientific curiosity will be tested as never before. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

a natural history of dragons audiobook: *In the Labyrinth of Drakes* Marie Brennan, 2016-04-05 Even those who take no interest in the field of dragon naturalism have heard of Lady Trent's expedition to the inhospitable deserts of Akhia. Her discoveries there are the stuff of

romantic legend, catapulting her from scholarly obscurity to worldwide fame. The details of her personal life during that time are hardly less private, having provided fodder for gossips in several countries. As is so often the case in the career of this illustrious woman, the public story is far from complete. In this, the fourth volume of her memoirs, Lady Trent relates how she acquired her position with the Royal Scirling Army; how foreign saboteurs imperiled both her work and her well-being; and how her determined pursuit of knowledge took her into the deepest reaches of the Labyrinth of Drakes, where the chance action of a dragon set the stage for her greatest achievement yet.

a natural history of dragons audiobook: Dragonology Ernest Drake, Dugald Steer, 2003-10-13 Presents an introduction to dragonology that includes spells for catching dragons, their natural history, and descriptions of legendary dragons and dragonslayers.

a natural history of dragons audiobook: *The Penguin Book of Dragons* Scott G. Bruce, 2021-10-12 Two thousand years of legend and lore about the menace and majesty of dragons, which have breathed fire into our imaginations from ancient Rome to Game of Thrones A Penguin Classic The most popular mythological creature in the human imagination, dragons have provoked fear and fascination for their lethal venom and crushing coils, and as avatars of the Antichrist, servants of Satan, couriers of the damned to Hell, portents of disaster, and harbingers of the last days. Here are accounts spanning millennia and continents of these monsters that mark the boundary between the known and the unknown, including: their origins in the deserts of Africa; their struggles with their mortal enemies, elephants, in the jungles of South Asia; their fear of lightning; the world's first dragon slayer, in an ancient collection of Sanskrit hymns; the colossal sea monster Leviathan; the seven-headed "great red dragon" of the Book of Revelation; the Loch Ness monster; the dragon in Beowulf, who inspired Smaug in Tolkien's *The Hobbit*; the dragons in the prophecies of the wizard Merlin; a dragon saved from a centipede in Japan who gifts his human savior a magical bag of rice; the supernatural feathered serpent of ancient Mesoamerica; and a flatulent dragon the size of the Trojan Horse. From the dark halls of the Lonely Mountain to the blue skies of Westeros, we expect dragons to be gigantic, reptilian predators with massive, bat-like wings, who wreak havoc defending the gold they have hoarded in the deep places of the earth. But dragons are full of surprises, as is this book. For more than seventy-five years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 2,000 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

a natural history of dragons audiobook: *Dragon's Time* Anne McCaffrey, Todd J. McCaffrey, 2011-06-28 NEW YORK TIMES BESTSELLER Even though Lorana cured the plague that was killing the dragons of Pern, sacrificing her queen dragon in the process, the devastating disease has left too few dragons alive to fight the fall of deadly Thread. As morale at Telgar Weyr plunges in the wake of the widespread loss, and Weyrwoman Fiona and the harper Kindan struggle to keep hope from vanishing, a pregnant Lorana decides she must take drastic steps. Nothing short of manipulating time itself will undo the damage done by the plague. But attempting time travel could have devastating consequences—altering history, and destiny, forever. Now, somehow, Lorana must find a way to accomplish what seems impossible: bending the natural laws of the universe without wreaking havoc on existence itself. To ensure the future of Pern, she's willing to take the fateful chance—even if it demands yet another, far greater, sacrifice. BONUS: This edition contains an excerpt from Anne McCaffrey and Todd McCaffrey's *Sky Dragons*.

a natural history of dragons audiobook: *The Fires of Vengeance* Evan Winter, 2020-11-10 In this relentlessly gripping, brilliant epic fantasy (James Islington), an ousted queen must join forces with a young warrior in order to reclaim her throne and save her people. Tau and his Queen, desperate to delay the impending attack on the capital by the indigenous people of Xidda, craft a dangerous plan. If Tau succeeds, the Queen will have the time she needs to assemble her forces and launch an all out assault on her own capital city, where her sister is being propped up as the 'true'

Queen of the Omehi. If the city can be taken, if Tsiora can reclaim her throne, and if she can reunite her people then the Omehi have a chance to survive the onslaught. This gritty series set in a South African-inspired fantasy world is an intense reading experience, and the second book is just as phenomenal as the first.—BuzzFeed News The Fires of Vengeance is epic fantasy at its finest.—Winter Is Coming The Books of The Burning Series The Rage of Dragons The Fires of Vengeance The Lord of Demons

a natural history of dragons audiobook: *League of Dragons* Naomi Novik, 2016-06-14 From the New York Times bestselling author of *A Deadly Education* comes the ninth and final volume of the Temeraire series, as the Napoleonic Wars draw to a close and the final battles play out. “An extremely satisfying resolution.” —Booklist (starred review) The deadly campaign in Russia has cost both Napoleon and those allied against him. Napoleon has been denied his victory . . . but at a terrible price. Laurence and the dragon Temeraire pursue the fleeing French army west but are demoralized when Napoleon makes it back to Paris unscathed. Worse, they soon learn that the French have stolen Temeraire and Iskierka’s egg. Now it is do or die, as our heroes need not only to save Temeraire’s offspring but also to stop Napoleon for good. a natural history of dragons audiobook: *The Dragons of Dorcastle* Jack Campbell, 2015-04-03 Dematr is a world ruled by the diametrically opposed Mage and Mechanic Guilds. For centuries, the two Great Guilds have been bitter rivals. But now a Storm approaches, one that could sweep away everything that humans have built. Only one person has any chance of uniting enough of the world behind to stop the Storm. Mari is a brilliant young Mechanic, just out of the Guild Halls, where she has spent most of her life learning how to run the steam locomotives and other devices of her Guild. Alain is the youngest Mage ever to learn how to change the world he sees with the power of his mind. Each has been taught that the works of the other's Guild are frauds. But when their caravan is destroyed, they must join forces. Their union could save the world from the approaching Storm, but it could also upend the Great Guilds who will stop at nothing to preserve their power. Mari and Alain will have to choose between protecting their lives and their Guilds, or risking everything to protect Dematr from the coming Storm.

a natural history of dragons audiobook: *Dragon Bound* Thea Harrison, 2011-05-03 THE FIRST NOVEL IN THE NEW YORK TIMES BESTSELLING ELDER RACES SERIES! Half-human and half-wyr, Pia Giovanni spent her life keeping a low profile among the wyrkind and avoiding the continuing conflict between them and their Dark Fae enemies. But after being blackmailed into stealing a coin from the hoard of a dragon, Pia finds herself targeted by one of the most powerful—and passionate—of the Elder races. As the most feared and respected of the wyrkind, Dragos Cuelebre cannot believe someone had the audacity to steal from him, much less succeed. And when he catches the thief, Dragos spares her life, claiming her as his own to further explore the desire they’ve ignited in each other. Pia knows she must repay Dragos for her trespass, but refuses to become his slave—although she cannot deny wanting him, body and soul...

a natural history of dragons audiobook: *The Reluctant Dragon (Children's Book)* Kenneth Grahame, 2019-06-03 This eBook edition of The Reluctant Dragon has been formatted to the highest digital standards and adjusted for readability on all devices. A young boy discovers an erudite, poetry-loving dragon living in the Downs above his home. The two become friends, but soon afterwards the dragon is discovered by the townsfolk, who send for St George to rid them of it. The boy introduces St George to the dragon, and the two decide that it would be better for them not to fight. Eventually, they decide to stage a fake joust between the two combatants.

a natural history of dragons audiobook: *Throne of Jade* Naomi Novik, 2006-04-25 In the second novel of the New York Times bestselling Temeraire series, the Napoleonic Wars take Captain Will Laurence and his dragon to China on a perilous mission. "Full of wonderful characters with real heart."—Peter Jackson When Britain intercepted a French ship and its precious cargo—an unhatched dragon's egg—Captain Will Laurence of HMS Reliant unexpectedly became master and commander of the noble dragon he named Temeraire. As new recruits in Britain's Aerial Corps, man and dragon soon proved their mettle in daring combat against Napoleon Bonaparte's invading forces. Now China has discovered that its rare gift, intended for Napoleon, has fallen into British hands—and an angry

Chinese delegation vows to reclaim the remarkable beast. A reluctant Laurence has no choice but to take Temeraire back to China—a long voyage fraught with peril, intrigue, and the untold terrors of the deep. Yet once the pair reaches the court of the Chinese emperor, even more shocking discoveries and darker dangers await. “Readers with a penchant for both Patrick O’Brian and Anne McCaffrey may have found their perfect match. a natural history of dragons audiobook: *The Ruin of Kings* Jenn Lyons, 2019-02-05 A Kirkus Best of Science Fiction and Fantasy pick for 2019! A Library Journal Best Book of 2019! An NPR Favorite Book of 2019! Everything epic fantasy should be: rich, cruel, gorgeous, brilliant, enthralling and deeply, deeply satisfying. I loved it.—Lev Grossman, author of *The Magicians* When destiny calls, there's no fighting back. Kihrin grew up in the slums of Quur, a thief and a minstrel's son raised on tales of long-lost princes and magnificent quests. When he is claimed against his will as the missing son of a treasonous prince, Kihrin finds himself at the mercy of his new family's ruthless power plays and political ambitions. Practically a prisoner, Kihrin discovers that being a long-lost prince is nothing like what the storybooks promised. The storybooks have lied about a lot of other things, too: dragons, demons, gods, prophecies, and how the hero always wins. Then again, maybe he isn't the hero after all. For Kihrin is not destined to save the world. He's destined to destroy it. Jenn Lyons begins the Chorus of Dragons series with *The Ruin of Kings*, an epic fantasy novel about a man who discovers his fate is tied to the future of an empire. It's impossible not to be impressed with the ambition of it all . . . a larger-than-life adventure story about thieves, wizards, assassins and kings to dwell in for a good long while.—The New York Times A Chorus of Dragons 1: *The Ruin of Kings* 2: *The Name of All Things* 3: *The Memory of Souls*

a natural history of dragons audiobook: *The Demon-Haunted World* Carl Sagan, 2011-07-06 A prescient warning of a future we now inhabit, where fake news stories and Internet conspiracy theories play to a disaffected American populace “A glorious book . . . A spirited defense of science . . . From the first page to the last, this book is a manifesto for clear thought.”—Los Angeles Times How can we make intelligent decisions about our increasingly technology-driven lives if we don’t understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific thinking is critical not only to the pursuit of truth but to the very well-being of our democratic institutions. Casting a wide net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today's so-called information age, pseudoscience is burgeoning with stories of alien abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As Sagan demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for *The Demon-Haunted World* “Powerful . . . A stirring defense of informed rationality. . . Rich in surprising information and beautiful writing.”—The Washington Post Book World “Compelling.”—USA Today “A clear vision of what good science means and why it makes a difference. . . A testimonial to the power of science and a warning of the dangers of unrestrained credulity.”—The Sciences “Passionate.”—San Francisco Examiner-Chronicle

a natural history of dragons audiobook: *The Magnificent Book of Dragons* Stella Caldwell, 2021-12-14 This beautifully illustrated series will have you captivated. Stunning illustrations, intriguing facts, and a large format make an engaging reference to revisit time and again. This magical menagerie will lead you on a thrilling journey through the fantastical realm of dragons. Meet fire-breathing monsters, ferocious serpents, wise and gentle giants, and multi-headed beasts. From the hundred-headed Typhon of Ancient Greek mythology to the dazzling Aztec dragon

Quetzalcoatl, all sorts of magnificent beasts are brought to life from across the globe and many different cultures. Fascinating facts accompany each illustration so you can find out which dragon darted from tree to tree, how Shenlong was master of the rain and wind, and which creature could hypnotize people with its blazing eyes.

a natural history of dragons audiobook: *Sigh, Gone* Phuc Tran, 2020-04-21 For anyone who has ever felt like they don't belong, *Sigh, Gone* shares an irreverent, funny, and moving tale of displacement and assimilation woven together with poignant themes from beloved works of classic literature. In 1975, during the fall of Saigon, Phuc Tran immigrates to America along with his family. By sheer chance they land in Carlisle, Pennsylvania, a small town where the Trans struggle to assimilate into their new life. In this coming-of-age memoir told through the themes of great books such as *The Metamorphosis*, *The Scarlet Letter*, *The Iliad*, and more, Tran navigates the push and pull of finding and accepting himself despite the challenges of immigration, feelings of isolation, and teenage rebellion, all while attempting to meet the rigid expectations set by his immigrant parents. Appealing to fans of coming-of-age memoirs such as *Fresh Off the Boat*, *Running with Scissors*, or tales of assimilation like Viet Thanh Nguyen's *The Displaced* and *The Refugees*, *Sigh, Gone* explores one man's bewildering experiences of abuse, racism, and tragedy and reveals redemption and connection in books and punk rock. Against the hairspray-and-synthesizer backdrop of the '80s, he finds solace and kinship in the wisdom of classic literature, and in the subculture of punk rock, he finds affirmation and echoes of his disaffection. In his journey for self-discovery Tran ultimately finds refuge and inspiration in the art that shapes—and ultimately saves—him.

a natural history of dragons audiobook: *The Complete Memoirs of Lady Trent Series* Marie Brennan, 2018-05-08 This discounted ebundle includes: *A Natural History of Dragons*, *The Tropic of Serpents*, *The Voyage of the Basilisk*, *In the Labyrinth of Drakes*, *Within the Sanctuary of Wings* "Lady Trent is the Jane Goodall of dragonkind, and I'm glad she's finally sharing her story with the world." —Jim C. Hines, author of *Libriomancer* A Victorian Age science fantasy series by Marie Brennan, *The Lady Trent Memoirs* chronicle the adventures of Isabella, the renowned dragon naturalist whose study of the legendary creatures have taken her around the world on thrilling expeditions. Other books by Marie Brennan *Books of the Varekai* *Cold Forged* *Flame Lightning* in the *Blood Deeds of Men* *Midnight Never Come* In *Ashes Lie A Star Shall Fall* With *Fate Conspire* Other books *Warrior Witch* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

a natural history of dragons audiobook: *Dragon Bones* Lisa See, 2009-12-01 When the body of an American archaeologist is found floating in the Yangzi River, Ministry of Public Security agent Liu Hulan and her husband, American attorney David Stark, are dispatched to Site 518 to investigate. As Hulan scrutinizes this death—or is it a murder?—David, on behalf of the National Relics Bureau, tries to discover who has stolen from the site an artifact that may prove to the world China's claim that it is the oldest uninterrupted civilization on earth. This artifact is not only an object of great monetary value but one that is emblematic of the very soul of China. Everyone—from the Chinese government, to a religious cult, to an unscrupulous American art collector—wants this relic, and some, it seems, may be willing to kill to get it. At stake in this investigation is control of China's history and national pride, and even stability between China and the United States. The troubled Hulan must overcome her own fears of failure, while David tries desperately to break through the shell that has built up around his wife. As Hulan and David are enmeshed in international schemes for power and the turbulence of their own relationship, these hunters after the truth become the hunted—in a fast-driving narrative set against the backdrop of the building of the Three Gorges Dam, the largest and most expensive project China has undertaken since the Great Wall and the subject of great international debate. It is here, in the heart of the Three Gorges, that David and Hulan will battle their enemies and their own natures to see who will win China's dragon bones. *Dragon Bones* combines ancient myth with contemporary anxieties concerning religious fanaticism and terrorism to tell a story of love, betrayal, history, ecology, greed—and gory murder.

a natural history of dragons audiobook: *Searching for Dragons* Patricia C. Wrede, 2002 With

the aid of King Mandanbar, Princess Cimorene rescues the dragon Kazul and saves the Enchanted Forest from a band of wicked wizards.

a natural history of dragons audiobook: *Dragon Fury* Lisa McMann, 2021-01-26 Ten years after Alex and Aaron Stowe brought peace to Quill and Artimé, their younger twin sisters journey beyond Artimé in the sixth novel in the New York Times bestselling sequel series to *The Unwanteds*, which Kirkus Reviews called "The Hunger Games meets Harry Potter." As the greatest army ever assembled in the seven islands flies to the land of the dragons, everyone's mind is haunted by the same thought: Thisbe Stowe betrayed them all. Thisbe struggles to regain the trust of her brother Aaron and the people of Artimé after one crucial mistake forces her to abandon her intricate plan against the Revinir. Aaron is devastated by Thisbe's actions and refuses to hear her explanation, feeling a sense of responsibility for the wrong she's done mixed with his own deep regret and fears over his dark history. Complicating things are Thisbe's conflicted feelings about the Revinir, leaving her wondering if she allowed herself to get too close to the dragon-woman...and if she really is more evil than good after all. Risking everything they'd fought for since first being declared Unwanted, the people, creatures, and statues of Artimé and their allies make a final desperate attempt to take down the Revinir and bring peace to their world. But is the Revinir too powerful to defeat? And will the Artiméans ever find out what's behind that last secret door?

a natural history of dragons audiobook: *The Secret Dragon* Ed Clarke, 2019-05-30 The perfect tale of friendship and adventure for young explorers aged 8+, shortlisted for the 2020 Tir na n-Og Awards. 'So if you're not an animal that's alive today, and you're not an animal that's extinct either, what on earth are you?' Mari Jones is desperate to be a real scientist, even though she's only eleven. So when she discovers a tiny dragon while fossil hunting on the beach, she's sure she can find a good scientific explanation - as long as she can keep it hidden long enough to study it. Unfortunately for Mari, this is one secret that doesn't want to be kept. And as she starts to form a deeper bond with the mischievous dragon, she might have to admit that, when it comes to friendship, science might not have all the answers... 'A heart-warming story' - Guardian 'Utterly enchanting' - Cat Doyle, author of *The Storm Keeper's Island* 'Seamless storytelling interwoven with fascinating science . . . perfect for reading aloud!' - Piers Torday, author of *The Lost Magician*

a natural history of dragons audiobook: *Fury of a Demon* Brian Naslund, 2021-08-31 Brian Naslund's *Fury of a Demon* is the final installment in a fast-paced adventure series perfect for comic book readers and fans of heroic fantasy. War makes monsters of us all... The war against Osyrus Ward goes poorly for Bershad and Ashlyn. They are pinned in the Dainwood by monstrous alchemical creations and a relentless army of mercenaries, and running out of both options and allies. The Witch Queen struggles with her new powers, knowing that the secret of unlocking her dragon cord is key to stopping Ward's army, she pushes forward with her experiments. Meanwhile, with every wound Bershad suffers, he gets closer to losing his humanity forever, and as the war rages, the exile turned assassin turned hero isn't even sure if being human is something he wants. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

a natural history of dragons audiobook: *Fire in His Veins: A Post-Apocalyptic Dragon Romance* Ruby Dixon, 2019-01-25 Liam has wanted Andrea ever since the moment he saw her, but she's human and he is drakoni. He must keep his mental walls strong by giving up everything that makes him a dragon. That means no telepathy, no fire breathing and no battle form, and he certainly can't take a mate. When Andrea's brother escapes the fort, though, she needs help tracking him down. That means Liam will be alone with her, breathing in her scent, and it may be too much for him to control.

a natural history of dragons audiobook: *When Women Were Dragons* Kelly Barnhill, 2022-05-03 A GOODREADS BEST BOOK OF THE YEAR • A fiery feminist fantasy tale set in 1950s America where thousands of women have spontaneously transformed into dragons, exploding notions of a woman's place in the world and expanding minds about accepting others for who they really are. Ferociously imagined...and as exhilarating as a ride on dragonback. —Lev Grossman,

bestselling author of *The Magicians Trilogy* Completely fierce, unmistakably feminist, and subversively funny. —Bonnie Garmus, bestselling author of *Lessons in Chemistry* In the first adult novel by the New York Times bestselling author of *The Ogress* and *The Orphans*, Alex Green is a young girl in a world much like ours, except for its most seminal event: the Mass Dragoning of 1955, when hundreds of thousands of ordinary wives and mothers sprouted wings, scales, and talons; left a trail of fiery destruction in their path; and took to the skies. Was it their choice? What will become of those left behind? Why did Alex's beloved aunt Marla transform but her mother did not? Alex doesn't know. It's taboo to speak of. Forced into silence, Alex nevertheless must face the consequences of this astonishing event: a mother more protective than ever; an absentee father; the upsetting insistence that her aunt never even existed; and watching her beloved cousin Bea become dangerously obsessed with the forbidden. In this timely and timeless speculative novel, award-winning author Kelly Barnhill boldly explores rage, memory, and the tyranny of forced limitations. When *Women Were Dragons* exposes a world that wants to keep women small—their lives and their prospects—and examines what happens when they rise en masse and take up the space they deserve.

a natural history of dragons audiobook: *World of Wonders* Aimee Nezhukumatathil, 2020-09-08 "A poet celebrates the wonders of nature in a collection of essays that could almost serve as a coming-of-age memoir." —Kirkus Reviews As a child, Nezhukumatathil called many places home: the grounds of a Kansas mental institution, where her Filipina mother was a doctor; the open skies and tall mountains of Arizona, where she hiked with her Indian father; and the chillier climes of western New York and Ohio. But no matter where she was transplanted—no matter how awkward the fit or forbidding the landscape—she was able to turn to our world's fierce and funny creatures for guidance. "What the peacock can do," she tells us, "is remind you of a home you will run away from and run back to all your life." The axolotl teaches us to smile, even in the face of unkindness; the touch-me-not plant shows us how to shake off unwanted advances; the narwhal demonstrates how to survive in hostile environments. Even in the strange and the unlovely, Nezhukumatathil finds beauty and kinship. For it is this way with wonder: it requires that we are curious enough to look past the distractions in order to fully appreciate the world's gifts. Warm, lyrical, and gorgeously illustrated by Fumi Nakamura, *World of Wonders* is a book of sustenance and joy. Praise for *World of Wonders* Barnes & Noble 2020 Book of the Year An NPR Best Book of 2020 An Esquire Best Book of 2020 A Publishers Weekly "Big Indie Book of Fall 2020" A BuzzFeed Best Book of Fall 2020 "Hands-down one of the most beautiful books of the year." —NPR "A timely story about love, identity and belonging." —New York Times Book Review "A truly wonderful essay collection." —Roxane Gay, *The Audacity*

a natural history of dragons audiobook: *Semiosis* Sue Burke, 2018-02-06 Human survival hinges on an bizarre alliance in *Semiosis*, a character driven science fiction novel of first contact by debut author Sue Burke. Esquire's Best Science Fiction Books of All Time 2019 Campbell Memorial Award Finalist 2019 Locus Finalist for Best Science Fiction Novel Locus 2018 Recommended Reading List New York Public Library—Best of 2018 Forbes—Best Science Fiction Books of 2019-2019 The Verge—Best of 2018 Thrillist—Best Books of 2018 Vulture—10 Best Sci-Fi and Fantasy Books of 2018 Chicago Review of Books—The 10 Best Science Fiction Books of 2018 Texas Library Association—Lariat List Top Books for 2019 Colonists from Earth wanted the perfect home, but they'll have to survive on the one they found. They don't realize another life form watches...and waits... Only mutual communication can forge an alliance with the planet's sentient species and prove that humans are more than tools. Other Books by Sue Burke *Semiosis* duology *Semiosis* *Interference* *Immunity* *Index* *Dual Memory* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

a natural history of dragons audiobook: *Dark Matter* Blake Crouch, 2016-07-26 NEW YORK TIMES BESTSELLER • COMING SOON TO APPLE TV+ • A "mind-blowing" (Entertainment Weekly) speculative thriller about an ordinary man who awakens in a world inexplicably different from the reality he thought he knew—from the author of *Upgrade*, *Recursion*, and the *Wayward Pines* trilogy

"Are you happy with your life?" Those are the last words Jason Dessen hears before the kidnapper knocks him unconscious. Before he awakens to find himself strapped to a gurney, surrounded by strangers in hazmat suits. Before a man he's never met smiles down at him and says, "Welcome back, my friend." In this world he's woken up to, Jason's life is not the one he knows. His wife is not his wife. His son was never born. And Jason is not an ordinary college professor but a celebrated genius who has achieved something remarkable. Something impossible. Is it this life or the other that's the dream? And even if the home he remembers is real, how will Jason make it back to the family he loves? From the bestselling author Blake Crouch, *Dark Matter* is a mind-bending thriller about choices, paths not taken, and how far we'll go to claim the lives we dream of.
