Introduction: Reframing the American Narrative – A Patriot's History of the United States Audiobook

"A Patriot's History of the United States" audiobook, authored by Larry Schweikart and Michael Allen, presents a distinctly conservative interpretation of American history. Its impact extends beyond the realm of historical scholarship; it has become a significant player in shaping contemporary political and cultural debates. This analysis delves into the strengths and weaknesses of this audiobook, examining its methodology, its reception, and its contribution to the ongoing conversation surrounding American exceptionalism and national identity. Listening to "A Patriot's History of the United States" audiobook requires a critical ear, as its narrative choices frequently prioritize a particular viewpoint over comprehensive historical accuracy.

Summary of the Analysis

This analysis argues that while "A Patriot's History of the United States" audiobook offers a valuable, albeit controversial, perspective on American history, its selective use of evidence and celebratory tone limit its historical value. The audiobook's popularity highlights the ongoing cultural battles surrounding American identity and the role of historical narratives in shaping contemporary political discourse. Its impact is undeniable, influencing how some segments of the population perceive American history and their place within it. This analysis further explores the implications of this selective narrative, its contribution to the polarization of historical interpretations, and its potential to reinforce existing biases.

Methodology and Historical Accuracy in "A Patriot's History of the United States" Audiobook

Schweikart and Allen's approach in "A Patriot's History of the United States" audiobook is explicitly celebratory, emphasizing the positive aspects of American history and minimizing or downplaying the negative ones. This approach, while understandable given the authors' stated intention, leads to a number of historical inaccuracies and omissions. For example, the book's treatment of slavery and the Civil Rights movement has been widely criticized for minimizing the brutality of slavery and the systemic nature of racism. The audiobook often presents a simplified narrative that prioritizes a particular ideological viewpoint over a nuanced understanding of complex historical events. The lack of diverse perspectives, combined with a selective use of primary and secondary sources, weakens the historical credibility of "A Patriot's History of the United States" audiobook.

Reception and Impact of "A Patriot's History of the United States" Audiobook

The audiobook's reception has been sharply divided. Conservative audiences have largely embraced it, finding its celebration of American exceptionalism and its emphasis on patriotism to be compelling. However, it has drawn significant criticism from historians and academics for its selective use of evidence and its overt bias. The popularity of "A Patriot's History of the United States" audiobook demonstrates the public's desire for accessible and engaging historical narratives, even when those narratives are controversial or biased. Its impact is evident in its contribution to the ongoing debate surrounding the teaching of American history in schools and the role of history in shaping national identity. The readily accessible format of the audiobook has broadened its reach, making its potentially skewed perspective more easily consumed by a wider audience than a traditional textbook might.

The Role of "A Patriot's History of the United States" Audiobook in Shaping Contemporary Political Discourse

The audiobook has become a significant factor in contemporary political discourse. Its emphasis on American exceptionalism and its downplaying of negative aspects of American history align with certain conservative viewpoints, making it a popular resource for those seeking to reinforce their existing beliefs. This contribution to the ongoing culture wars surrounding American history cannot be ignored. Its impact lies not just in the information it presents but in its framing of that information, contributing to a climate of polarized historical interpretations.

Counter-Narratives and the Importance of Diverse Perspectives

The impact of "A Patriot's History of the United States" audiobook necessitates the consideration of counter-narratives. Many historians have published works that offer more balanced and inclusive perspectives on American history, addressing the complexities and contradictions that are often omitted or minimized in Schweikart and Allen's account. Accessing and understanding these diverse perspectives is crucial to developing a comprehensive and nuanced understanding of the American past. It's important to engage with multiple interpretations to gain a well-rounded view, rather than relying on a single, potentially biased, source like "A Patriot's History of the United States" audiobook.

Conclusion

"A Patriot's History of the United States" audiobook represents a significant contribution to the ongoing conversation surrounding American identity and historical interpretation. While its accessible format and passionate delivery have broadened its appeal, its selective use of evidence and celebratory tone raise concerns about its historical accuracy and objectivity. Its impact on contemporary political discourse is undeniable, highlighting the need for critical engagement with historical narratives and the importance of considering diverse perspectives to achieve a more complete understanding of the American past. The audiobook's popularity underscores the vital need for media literacy and critical thinking when consuming historical narratives, regardless of format.

FAQs

1. Is "A Patriot's History of the United States" audiobook historically accurate? No, many historians critique its selective use of evidence and its celebratory tone, leading to inaccuracies and omissions.
1. Who is the target audience of "A Patriot's History of the United States" audiobook? Primarily conservative audiences who appreciate its patriotic and celebratory narrative of American history.
1. What are the main criticisms of "A Patriot's History of the United States" audiobook? Its selective use of evidence, biased interpretations, and downplaying of negative aspects of American history are frequently criticized.
1. How does "A Patriot's History of the United States" audiobook contribute to current political debates? It reinforces certain conservative viewpoints on American exceptionalism and national identity, influencing political discussions and culture wars.
1. Are there alternative audiobooks offering different perspectives on American history? Yes, numerous audiobooks provide more balanced and inclusive narratives, offering counterpoints to the viewpoints presented in "A Patriot's History."
1. What is the significance of the audiobook format in the context of historical narratives? The accessibility of the audiobook format has broadened the reach of "A Patriot's History," making its message more widely available.
1. Should "A Patriot's History of the United States" audiobook be used as a primary source for learning about American history? No, it should be approached with critical analysis and compared with other historical

sources offering diverse perspectives.

1. What is the role of critical thinking when engaging with "A Patriot's History of the United States" audiobook? Critical thinking is crucial to identify biases, evaluate evidence, and compare the audiobook's narrative with other historical accounts.
1. How can one develop a more comprehensive understanding of American history beyond "A Patriot's History"? By engaging with multiple historical sources, including those offering diverse perspectives and critical analyses of American history.

a patriots history of the united states audiobook: A Patriot's History of the United States Larry Schweikart, Michael Patrick Allen, 2004-12-29 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

a patriots history of the united states audiobook: Seven Events That Made America America Larry Schweikart, 2010-06-01 A conservative historian examines some of the pivotal, yet often ignored, moments that shaped our history All students of American history know the big events that dramatically shaped our country. The Civil War, Pearl Harbor, the assassination of John F. Kennedy, and 9/11 are just a few. But there are other, less famous events that had an equally profound impact. Notable conservative historian Larry Schweikart takes an in- depth look at seven of these transformative moments and provides an analysis of how each of them spurred a trend that either confirmed or departed from the vision our Founding Fathers had for America. For instance, he

shows how Martin Van Buren's creation of a national political party made it possible for Obama to get elected almost two centuries later and how Dwight Eisenhower's heart attack led to a war on red meat, during which the government took control over Americans' diets. In his easy-to-read yet informative style, Schweikart will not only educate but also surprise readers into reevaluating our history.

a patriots history of the united states audiobook: 48 Liberal Lies about American History Larry Schweikart, 2008 As he did in his popular *A Patriot's History of the United States*, Schweikart corrects liberal bias by rediscovering facts that were once widely known. He challenges distorted books by name and debunks 48 common myths.

a patriots history of the united states audiobook: The Patriot's History Reader Larry Schweikart, Michael Allen, Dave Dougherty, 2011-06-28 An original collection of the most influential documents in American history, from the bestselling author of *A Patriot's History of the United States*. Since 2005, *A Patriot's History of the United States* has become a modern classic for its defense of America as a unique country founded on principles of justice, equality, and freedom for all. The *Patriot's History Reader* continues this tradition by going back to the original sources—the documents, speeches, and legal decisions that shaped our country into what it is today. The authors explore both oft-cited documents—the Declaration of Independence, Emancipation Proclamation, and *Roe v. Wade*--as well as those that are less famous. Among these are George Washington's letter to Alexander Hamilton, which essentially outline America's military strategy for the next 150 years, and Herbert Hoover's speech on business ethics, which examines the government's role in regulating private enterprise. By helping readers explore history at its source, this book sheds new light on the principles and personalities that have made America great.

a patriots history of the united states audiobook: A People's History of the United States Howard Zinn, 2003-02-04 Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

a patriots history of the united states audiobook: A True History of the United States Daniel A. Sjsursen, 2021-06-01 "Thought-provoking—a must read for [everyone] seeking a firm grasp of accurate American history. —Kirkus (starred review) Brilliant, readable, and raw. Maj. (ret.) Danny Sjsursen, who served combat tours in Iraq and Afghanistan and later taught history at West Point, delivers a true epic and the perfect companion to Howard Zinn's *A People's History of the United States*. Sjsursen shifts the lens and challenges readers to think critically and to apply common sense to their understanding of our nation's past—and present—so we can view history as never before. *A True History of the United States* was inspired by a course that Sjsursen taught to cadets at West Point, his alma mater. With chapter titles such as *Patriots or Insurgents?* and *The Decade That Roared and Wept*, *A True History* is accurate with respect to the facts and intellectually honest in its presentation and analysis. Essential reading for every American with a conscience. Meticulously researched, Sjsursen provides a more complete sense of history and encourages readers to view our country objectively. Sjsursen's powerful storytelling reveals balanced portraits of key figures and the

role they played. Sjursen exposes the dominant historical narrative as at best myth, and at times a lie . . . He brings out from the shadows those who struggled, often at the cost of their own lives, for equality and justice. Their stories, so often ignored or trivialized, give us examples of who we should emulate and who we must become. —Chris Hedges, author of *Empire of Illusion* and *America: The Farewell Tour*

a patriots history of the united states audiobook: A Young People's History of the United States Howard Zinn, 2011-01-04 *A Young People's History of the United States* brings to US history the viewpoints of workers, slaves, immigrants, women, Native Americans, and others whose stories, and their impact, are rarely included in books for young people. *A Young People's History of the United States* is also a companion volume to *The People Speak*, the film adapted from *A People's History of the United States* and *Voices of a People's History of the United States*. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn in the volumes of *A Young People's History of the United States* presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals.

a patriots history of the united states audiobook: American Insurgents, American Patriots T. H. Breen, 2010-05-11 Before there could be a revolution, there was a rebellion; before patriots, there were insurgents. Challenging and displacing decades of received wisdom, T. H. Breen's strikingly original book explains how ordinary Americans—most of them members of farm families living in small communities—were drawn into a successful insurgency against imperial authority. This is the compelling story of our national political origins that most Americans do not know. It is a story of rumor, charity, vengeance, and restraint. *American Insurgents, American Patriots* reminds us that revolutions are violent events. They provoke passion and rage, a willingness to use violence to achieve political ends, a deep sense of betrayal, and a strong religious conviction that God expects an oppressed people to defend their rights. The American Revolution was no exception. A few celebrated figures in the Continental Congress do not make for a revolution. It requires tens of thousands of ordinary men and women willing to sacrifice, kill, and be killed. Breen not only gives the history of these ordinary Americans but, drawing upon a wealth of rarely seen documents, restores their primacy to American independence. Mobilizing two years before the Declaration of Independence, American insurgents in all thirteen colonies concluded that resistance to British oppression required organized violence against the state. They channeled popular rage through elected committees of safety and observation, which before 1776 were the heart of American resistance. *American Insurgents, American Patriots* is the stunning account of their insurgency, without which there would have been no independent republic as we know it.

a patriots history of the united states audiobook: The Colored Patriots of the American Revolution William Cooper Nell, 2015-08-08 This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. a patriots history of the united states audiobook: *The Sum of Our Dreams* Louis P. Masur, 2020 This volume delivers a concise, clear round-up of American history starting from America's

colonial era to current days of political disagreements and social uncertainty. Covering central themes and events of American history, Masur evaluates the contested meanings of the American dream and questions its viability--

a patriots history of the united states audiobook: American History, Volume 2 Thomas S. Kidd, 2019-04-01 American History volume 2 gives a wide overview of America's history from the end of the Civil War era, to the political and cultural struggles of contemporary times. Thomas S. Kidd employs lessons learned from his own scholarly expertise and history classes to weave together a compelling narrative of the defeats and triumphs that have defined the American national experience. Unlike many textbooks of modern American history, religion and faith remain central aspects of the book's coverage, through present-day America. It gives detailed treatment of episodes such as America's military conflicts, the Civil Rights movement, and the culture wars of the past half-century. Professor Kidd also considers the development of America's obsession with entertainment, from the rise of the first movies, to the social media age. American History volume 2 will help students wrestle with the political and cultural changes that have dramatically transformed contemporary American life

a patriots history of the united states audiobook: From the Palmer Raids to the Patriot Act Christopher M. Finan, 2007 After Upton Sinclair, famed author of *The Jungle*, was arrested for reading the First Amendment on Liberty Hill in 1923, *The Nation* commented: When we contemplate the antics of the chief of police of Los Angeles, we are deterred from characterizing him as an ass only through fear that such a comparison would lay us open to damages from every self-respecting donkey. In this lively history of our most fundamental and perhaps most vulnerable right, Chris Finan traces the lifeline of free speech from the War on Terror back to the turn of the last century. During the YMCA's 1892 Suppression of Vice campaign, muttonchopped moralist Anthony Comstock railed against writings by that Irish smut dealer George Bernard Shaw. In the midst of the country's first Red Scare, the government rounded up thousands of Russian Americans for deportation during the Palmer raids. Decades later, a second Red Scare gripped the country as Senator Joseph McCarthy spearheaded a witch-hunt for egg-sucking liberals who defended Communists and queers. Finan's dramatic review of such touchstones as the Scopes trial and Edward R. Murrow's challenge to Joseph McCarthy are revelatory; many of his narratives are entirely fresh and have as much relevance to our post-PATRIOT Act world as his final chapter on the twenty-first century. The story of the fight for free speech, in times of war and peace-when writers, publishers, booksellers, and librarians are often on the front lines-is essential reading. Christopher Finan has given us a marvelously readable account of the struggle for free speech in the United States. Beginning with the birth of the American civil liberties movement during World War I, Finan traces the often grueling battles over free speech in wartime, book censorship, McCarthyism, and freedom of the press that have marked the gradual evolution of American freedom. It is a story every American should know, for it is our nation's greatest achievement. -Geoffrey R. Stone, author of *Perilous Times: Free Speech in Wartime from The Sedition Act of 1798 to The War on Terrorism* The Founding Fathers gave us the First Amendment, but we have had to fight for free speech. Radicals, reactionaries, feminists, religious zealots, African Americans, Klansmen, college students, even schoolchildren, have played a role in expanding free speech. They are all present in Chris Finan's colorful narrative, which shows how much progress we have made-and how far we have to go. -Nadine Strossen, President of the American Civil Liberties Union and Professor of Law, New York Law School In this masterful work, Chris Finan deftly chronicles the challenges to free speech in the twentieth century; an accessible, thought provoking history that not only informs, but also engages the reader. -Joyce Meskis, Owner, Tattered Cover Book Store, Denver Concisely detailed and researched, *From the Palmer Raids to the Patriot Act* reads like high powered fiction. Characters as diverse as Roger Baldwin, Bernie Sanders, Allen Ginsberg, Fatty Arbuckle, Jane Russell, Anthony Comstock, John Ashcroft and Dwight Eisenhower share the stage to tell the tale of a nation at odds with its Puritan heritage. A timely addition to bookshelves as the United States wrestles with issues of privacy and personal freedoms in an age of terrorism tied to an unpopular war. -Kenton Oliver,

Intellectual Freedom Committee Chair, the American Library Association American history is marred by recurrent episodes of hate-Red scares, super-patriotism, fear of sexual expression. Christopher Finan brilliantly paints that record, and shows how courageous Americans have fought for freedom. -Anthony Lewis, author of Gideon's Trumpet and Make No Law Chris Finan is the president of the American Booksell

a patriots history of the united states audiobook: *American Like Me* America Ferrera, 2019-09-03 INSTANT NEW YORK TIMES BESTSELLER From Academy Award-nominated actress and 2023 SeeHer award recipient America Ferrera comes a vibrant and varied collection of first-person accounts from prominent figures about the experience of growing up between cultures. America Ferrera has always felt wholly American, and yet, her identity is inextricably linked to her parents' homeland and Honduran culture. Speaking Spanish at home, having Saturday-morning-salsa-dance-parties in the kitchen, and eating tamales alongside apple pie at Christmas never seemed at odds with her American identity. Still, she yearned to see that identity reflected in the larger American narrative. Now, in *American Like Me*, America invites thirty-one of her friends, peers, and heroes to share their stories about life between cultures. We know them as actors, comedians, athletes, politicians, artists, and writers. However, they are also immigrants, children or grandchildren of immigrants, indigenous people, or people who otherwise grew up with deep and personal connections to more than one culture. Each of them struggled to establish a sense of self, find belonging, and feel seen. And they call themselves American enthusiastically, reluctantly, or not at all. Ranging from the heartfelt to the hilarious, their stories shine a light on a quintessentially American experience and will appeal to anyone with a complicated relationship to family, culture, and growing up.

a patriots history of the united states audiobook: *American Dialogue* Joseph J. Ellis, 2018-10-16 The award-winning author of *Founding Brothers* and *The Quartet* now gives us a deeply insightful examination of the relevance of the views of George Washington, Thomas Jefferson, James Madison, and John Adams to some of the most divisive issues in America today. The story of history is a ceaseless conversation between past and present, and in *American Dialogue* Joseph J. Ellis focuses the conversation on the often-asked question What would the Founding Fathers think? He examines four of our most seminal historical figures through the prism of particular topics, using the perspective of the present to shed light on their views and, in turn, to make clear how their now centuries-old ideas illuminate the disturbing impasse of today's political conflicts. He discusses Jefferson and the issue of racism, Adams and the specter of economic inequality, Washington and American imperialism, Madison and the doctrine of original intent. Through these juxtapositions--and in his hallmark dramatic and compelling narrative voice--Ellis illuminates the obstacles and pitfalls paralyzing contemporary discussions of these fundamentally important issues.

a patriots history of the united states audiobook: *Defiance of the Patriots* Benjamin L. Carp, 2010-10-26 An evocative and enthralling account of a defining event in American history This thrilling book tells the full story of the an iconic episode in American history, the Boston Tea Party—exploding myths, exploring the unique city life of eighteenth-century Boston, and setting this audacious prelude to the American Revolution in a global context for the first time. Bringing vividly to life the diverse array of people and places that the Tea Party brought together—from Chinese tea-pickers to English businessmen, Native American tribes, sugar plantation slaves, and Boston's ladies of leisure—Benjamin L. Carp illuminates how a determined group of New Englanders shook the foundations of the British Empire, and what this has meant for Americans since. As he reveals many little-known historical facts and considers the Tea Party's uncertain legacy, he presents a compelling and expansive history of an iconic event in America's tempestuous past.

a patriots history of the united states audiobook: *The Essential American* Jackie Gingrich Cushman, 2010-11-22 More than ever, Americans are realizing that if we want to keep this country great, we must be citizen patriots. And here's the handbook every citizen patriot needs: *The Essential American*, featuring the fundamental documents of our nation's history. Compiled by syndicated columnist Jackie Gingrich Cushman and featuring a foreword by her father—bestselling

author and former Speaker of the House—Newt Gingrich, *The Essential American* is the ultimate patriot's resource.

a patriots history of the united states audiobook: What Does It Mean to Be American? Rana DiOrio, Elad Yoran, 2019-03-15 An engaging picture book for children that celebrates what it means to be American--regardless of politics What does it mean to be American? Does it mean you like apple pie or fireworks? Not exactly. While politics seem to divide our country into the two opposing teams of red and blue, one truth remains: we are all Americans. But what does that mean? This continuation of the popular What Does It Mean to Be...? series provides a nonpartisan point of view perfect for any and all Americans who are proud of who they are--and where they come from, regardless of their political views. Other Titles in the What Does It Mean to Be...? Series: What Does It Mean to Be Present? What Does It Mean to Be Global? What Does It Mean to Be Kind?

a patriots history of the united states audiobook: American Heritage History of the United States Douglas Brinkley, 2015-04-08 Douglas Brinkley and American Heritage have done a grand job. This is a first-rate book: fair, clear, and enormously welcome. - David McCullough Douglas Brinkley's one-volume history is a riveting narrative of unique people who have come to call themselves American. There is no dust on these pages as the author brilliantly tells our national story with skill and brevity. In this rich and inspiring book, acclaimed historian Douglas Brinkley takes us on the incredible journey of the United States - a nation formed from a vast countryside on whose fringes thirteen small British colonies fought for their freedom, then established a democratic nation that spanned the continent, and went on to become a world power. This book will be treasured by anyone interested in the story of America.

a patriots history of the united states audiobook: The American Story David M. Rubenstein, 2019-10-29 Co-founder of The Carlyle Group and patriotic philanthropist David M. Rubenstein takes readers on a sweeping journey across the grand arc of the American story through revealing conversations with our greatest historians. In these lively dialogues, the biggest names in American history explore the subjects they've come to so intimately know and understand. — David McCullough on John Adams — Jon Meacham on Thomas Jefferson — Ron Chernow on Alexander Hamilton — Walter Isaacson on Benjamin Franklin — Doris Kearns Goodwin on Abraham Lincoln — A. Scott Berg on Charles Lindbergh — Taylor Branch on Martin Luther King — Robert Caro on Lyndon B. Johnson — Bob Woodward on Richard Nixon —And many others, including a special conversation with Chief Justice John Roberts Through his popular program The David Rubenstein Show, David Rubenstein has established himself as one of our most thoughtful interviewers. Now, in *The American Story*, David captures the brilliance of our most esteemed historians, as well as the souls of their subjects. The book features introductions by Rubenstein as well a foreword by Librarian of Congress Carla Hayden, the first woman and the first African American to lead our national library. Richly illustrated with archival images from the Library of Congress, the book is destined to become a classic for serious readers of American history. Through these captivating exchanges, these bestselling and Pulitzer Prize-winning authors offer fresh insight on pivotal moments from the Founding Era to the late 20th century.

a patriots history of the united states audiobook: The End of America Naomi Wolf, 2007-09-05 A New York Times Bestseller! "I hope we wake up quickly because history shows it's a small window in which people can fight back before it is too dangerous to fight back."—Naomi Wolf on Fox News Channel's Tucker Carlson Tonight In a stunning indictment, best-selling author Naomi Wolf lays out her case for saving American democracy. In authoritative research and documentation Wolf explains how events parallel steps taken in the early years of the 20th century's worst dictatorships such as Germany, Russia, China, and Chile. The book cuts across political parties and ideologies and speaks directly to those among us who are concerned about the ever-tightening noose being placed around our liberties. In this timely call to arms, Naomi Wolf compels us to face the way our free America is under assault. She warns us—with the straight-to-fellow-citizens urgency of one of Thomas Paine's revolutionary pamphlets—that we have little time to lose if our children are to live in real freedom. "Recent history has profound lessons for us in the U.S. today about how fascist,

totalitarian, and other repressive leaders seize and maintain power, especially in what were once democracies. The secret is that these leaders all tend to take very similar, parallel steps. The Founders of this nation were so deeply familiar with tyranny and the habits and practices of tyrants that they set up our checks and balances precisely out of fear of what is unfolding today. We are seeing these same kinds of tactics now closing down freedoms in America, turning our nation into something that in the near future could be quite other than the open society in which we grew up and learned to love liberty," states Wolf. Wolf is taking her message directly to the American people in the most accessible form and as part of a large national campaign to reach out to ordinary Americans about the dangers we face today. This includes a lecture and speaking tour, and being part of the nascent American Freedom Campaign, a grassroots effort to ensure that presidential candidates pledge to uphold the constitution and protect our liberties from further erosion. The End of America will shock, enrage, and motivate—spurring us to act, as the Founders would have counted on us to do in a time such as this, as rebels and patriots—to save our liberty and defend our nation.

a patriots history of the united states audiobook: *Ages of American Capitalism* Jonathan Levy, 2022-04-05 A leading economic historian traces the evolution of American capitalism from the colonial era to the present—and argues that we've reached a turning point that will define the era ahead. "A monumental achievement, sure to become a classic."—Zachary D. Carter, author of *The Price of Peace* In this ambitious single-volume history of the United States, economic historian Jonathan Levy reveals how capitalism in America has evolved through four distinct ages and how the country's economic evolution is inseparable from the nature of American life itself. The Age of Commerce spans the colonial era through the outbreak of the Civil War, and the Age of Capital traces the lasting impact of the industrial revolution. The volatility of the Age of Capital ultimately led to the Great Depression, which sparked the Age of Control, during which the government took on a more active role in the economy, and finally, in the Age of Chaos, deregulation and the growth of the finance industry created a booming economy for some but also striking inequalities and a lack of oversight that led directly to the crash of 2008. In *Ages of American Capitalism*, Levy proves that capitalism in the United States has never been just one thing. Instead, it has morphed through the country's history—and it's likely changing again right now. "A stunning accomplishment . . . an indispensable guide to understanding American history—and what's happening in today's economy."—*Christian Science Monitor* "The best one-volume history of American capitalism."—Sven Beckert, author of *Empire of Cotton*

a patriots history of the united states audiobook: *The Making of a Patriot* Sheila L. Skemp, 2013 In *The Making of a Patriot*, renowned Franklin historian Sheila Skemp presents a insightful, lively narrative that goes beyond the traditional Franklin biography--and behind the common myths--to demonstrate how Franklin's ultimate decision to support the colonists was by no means a foregone conclusion.

a patriots history of the united states audiobook: *American Patriots* Gail Lumet Buckley, 2002-05-14 A dramatic and moving tribute to the military's unsung heroes, *American Patriots* tells the story of the black servicemen and women who defended American ideals on the battlefield, even as they faced racism in the ranks and segregation on the home front. Through hundreds of original interviews with veterans of every war since World War I, historic accounts, and photographs, Gail Buckley brings these heroes and their struggles to life. We meet Henry O. Flipper, who withstood silent treatment from his classmates to become the first black graduate of West Point in 1877. And World War II infantry medic Bruce M. Wright, who crawled through a minefield to shield a fallen soldier during an attack. Finally, we meet a young soldier in Vietnam, Colin Powell, who rose through the ranks to become, during the Gulf War, the first black chairman of the Joint Chiefs of Staff. Fourteen years in the making, *American Patriots* is a landmark chronicle of the brave men and women whose courage and determination changed the course of American history.

a patriots history of the united states audiobook: *Reagan* Larry Schweikart, 2019-05-07 New York Times #1 bestselling author Larry Schweikart, armed with previously unseen sources from Ronald Reagan's Presidential Library, uncovers the most important president of the 20th

century and details the life and policies of a man who still remains dear to the hearts of Americans. From his time as a lifeguard in Illinois to a sports announcer to a rising actor to a labor union leader, then finally governor of California in the tumultuous 1960s and ultimately President, Reagan's life is told as it has never been before.

a patriots history of the united states audiobook: Year of the Hangman Gary Blackwood, 2004-02-09 In 1776, the rebellion of the American colonies against British rule was crushed. Now, in 1777-the year of the hangman-George Washington is awaiting execution, Benjamin Franklin's banned rebel newspaper, *Liberty Tree*, has gone underground, and young ne'er-do-well Creighton Brown, a fifteen-year-old Brit, has just arrived in the colonies. Having been shipped off against his will, with nothing but a distance for English authorities, Creighton befriends Franklin, and lands a job with his print shop. But the English general expects the spoiled yet loyal Creighton to spy on Franklin. As battles unfold and falsehoods are exposed, Creighton must decide where his loyalties lie...a choice that could determine the fate of a nation.

a patriots history of the united states audiobook: Standing in Their Own Light Judith L. Van Buskirk, 2017-03-16 The Revolutionary War encompassed at least two struggles: one for freedom from British rule, and another, quieter but no less significant fight for the liberty of African Americans, thousands of whom fought in the Continental Army. Because these veterans left few letters or diaries, their story has remained largely untold, and the significance of their service largely unappreciated. *Standing in Their Own Light* restores these African American patriots to their rightful place in the historical struggle for independence and the end of racial oppression. Revolutionary era African Americans began their lives in a world that hardly questioned slavery; they finished their days in a world that increasingly contested the existence of the institution. Judith L. Van Buskirk traces this shift to the wartime experiences of African Americans. Mining firsthand sources that include black veterans' pension files, Van Buskirk examines how the struggle for independence moved from the battlefield to the courthouse—and how personal conflicts contributed to the larger struggle against slavery and legal inequality. Black veterans claimed an American identity based on their willing sacrifice on behalf of American independence. And abolitionists, citing the contributions of black soldiers, adopted the tactics and rhetoric of revolution, personal autonomy, and freedom. Van Buskirk deftly places her findings in the changing context of the time. She notes the varied conditions of slavery before the war, the different degrees of racial integration across the Continental Army, and the war's divergent effects on both northern and southern states. Her efforts retrieve black patriots' experiences from historical obscurity and reveal their importance in the fight for equal rights—even though it would take another war to end slavery in the United States.

a patriots history of the united states audiobook: America (the Book) Jon Stewart, Ben Karlin, David Javerbaum, 2004 Amazon.com Exclusives Featuring a foreword by Thomas Jefferson, a Dress the Supreme Court layout, and, oddly enough, a profile of George The Iceman Gervin, *America (The Book): A Citizen's Guide to Democracy Inaction*, from Jon Stewart and the writers of the Emmy Award-winning *The Daily Show*, is by far one the most irreverent and wittiest (and may we add smartest) political book you're likely to encounter. Amazon.com spoke with Jon Stewart a few days before the 2004 publication of *America (The Book)* and they discussed bald eagles, magical talking cats, Thor Heyerdahl, and much more • Read the Amazon.com Interview with Jon Stewart • Listen to the Amazon.com Interview with Jon Stewart • Watch a vintage Amazon.com Exclusive Video from Jon Stewart More from Jon Stewart Naked Pictures of Famous People *America (The Book)* [Audio CD] *The Daily Show* with Jon Stewart: Indecision 2004 [DVD]

a patriots history of the united states audiobook: F Is for Flag Wendy Cheyette Lewison, 2002-04-15 June 14 is Flag Day, but with so many American flags proudly displayed, every day seems like Flag Day. Perfect for reading together with a young child, *F Is for Flag* shows in simple terms how one flag can mean many things: a symbol of unity, a sign of welcome, and a reminder that in good times and in bad everyone in our country is part of one great big family.

a patriots history of the united states audiobook: The Partly Cloudy Patriot Sarah Vowell,

2003-10 The author shares her perspective on such topics as the 2000 election, present-day civil rights activists, and the relationship between the United States and Canada.

a patriots history of the united states audiobook: Lafayette in the Somewhat United States Sarah Vowell, 2015-10-20 From the bestselling author of *Assassination Vacation* and *The Partly Cloudy Patriot*, an insightful and unconventional account of George Washington's trusted officer and friend, that swashbuckling teenage French aristocrat the Marquis de Lafayette. Chronicling General Lafayette's years in Washington's army, Vowell reflects on the ideals of the American Revolution versus the reality of the Revolutionary War. Riding shotgun with Lafayette, Vowell swerves from the high-minded debates of Independence Hall to the frozen wasteland of Valley Forge, from bloody battlefields to the Palace of Versailles, bumping into John Adams, Thomas Jefferson, Lord Cornwallis, Benjamin Franklin, Marie Antoinette and various kings, Quakers and redcoats along the way. Drawn to the patriots' war out of a lust for glory, Enlightenment ideas and the traditional French hatred for the British, young Lafayette crossed the Atlantic expecting to join forces with an undivided people, encountering instead fault lines between the Continental Congress and the Continental Army, rebel and loyalist inhabitants, and a conspiracy to fire George Washington, the one man holding together the rickety, seemingly doomed patriot cause. While Vowell's yarn is full of the bickering and infighting that marks the American past—and present—her telling of the Revolution is just as much a story of friendship: between Washington and Lafayette, between the Americans and their French allies and, most of all between Lafayette and the American people. Coinciding with one of the most contentious presidential elections in American history, Vowell lingers over the elderly Lafayette's sentimental return tour of America in 1824, when three fourths of the population of New York City turned out to welcome him ashore. As a Frenchman and the last surviving general of the Continental Army, Lafayette belonged to neither North nor South, to no political party or faction. He was a walking, talking reminder of the sacrifices and bravery of the revolutionary generation and what the founders hoped this country could be. His return was not just a reunion with his beloved Americans it was a reunion for Americans with their own astonishing, singular past. Vowell's narrative look at our somewhat united states is humorous, irreverent and wholly original.

a patriots history of the united states audiobook: Legend Marie Lu, 2011-11-29 Legend doesn't merely survive the hype, it deserves it. From the New York Times bestselling author of *The Young Elites* What was once the western United States is now home to the Republic, a nation perpetually at war with its neighbors. Born into an elite family in one of the Republic's wealthiest districts, fifteen-year-old June is a prodigy being groomed for success in the Republic's highest military circles. Born into the slums, fifteen-year-old Day is the country's most wanted criminal. But his motives may not be as malicious as they seem. From very different worlds, June and Day have no reason to cross paths - until the day June's brother, Metias, is murdered and Day becomes the prime suspect. Caught in the ultimate game of cat and mouse, Day is in a race for his family's survival, while June seeks to avenge Metias's death. But in a shocking turn of events, the two uncover the truth of what has really brought them together, and the sinister lengths their country will go to keep its secrets. Full of nonstop action, suspense, and romance, this novel is sure to move readers as much as it thrills.

a patriots history of the united states audiobook: Our First Civil War H. W. Brands, 2022-09-13 A fast-paced, often riveting account of the military and political events leading up to the Declaration of Independence and those that followed during the war ... Brands does his readers a service by reminding them that division, as much as unity, is central to the founding of our nation.—The Washington Post From best-selling historian and Pulitzer Prize finalist H. W. Brands comes a gripping, page-turning narrative of the American Revolution that shows it to be more than a fight against the British: it was also a violent battle among neighbors forced to choose sides, Loyalist or Patriot. What causes people to forsake their country and take arms against it? What prompts their neighbors, hardly distinguishable in station or success, to defend that country against the rebels? That is the question H. W. Brands answers in his powerful new history of the American Revolution.

George Washington and Benjamin Franklin were the unlikeliest of rebels. Washington in the 1770s stood at the apex of Virginia society. Franklin was more successful still, having risen from humble origins to world fame. John Adams might have seemed a more obvious candidate for rebellion, being of cantankerous temperament. Even so, he revered the law. Yet all three men became rebels against the British Empire that fostered their success. Others in the same circle of family and friends chose differently. William Franklin might have been expected to join his father, Benjamin, in rebellion but remained loyal to the British. So did Thomas Hutchinson, a royal governor and friend of the Franklins, and Joseph Galloway, an early challenger to the Crown. They soon heard themselves denounced as traitors—for not having betrayed the country where they grew up. Native Americans and the enslaved were also forced to choose sides as civil war broke out around them. After the Revolution, the Patriots were cast as heroes and founding fathers while the Loyalists were relegated to bit parts best forgotten. Our First Civil War reminds us that before America could win its revolution against Britain, the Patriots had to win a bitter civil war against family, neighbors, and friends.

a patriots history of the united states audiobook: Patriots James Wesley Rawles,
2009-04-07 'Patriots' is a man's action-adventure novel set in the near future, as America is torn-by a full scale socio-economic collapse.

a patriots history of the united states audiobook: Politically Incorrect Guide to American History Thomas E. Woods, 2004-01-04 “The problem in America isn’t so much what people don’t know; the problem is what people think they know that just ain’t so.” —Thomas E. Woods Most Americans trust that their history professors and high school teachers will give students honest and accurate information. The Politically Incorrect Guide to American History makes it quite clear that liberal professors have misinformed our children for generations. Professor Thomas E. Woods, Jr. takes on the most controversial moments of American history and exposes how history books are merely a series of clichés drafted by academics who are heavily biased against God, democracy, patriotism, capitalism and most American family values. Woods reveals the truth behind many of today's prominent myths.... MYTH: The First Amendment prohibits school prayer MYTH: The New Deal created great prosperity MYTH: What the Supreme Court says, goes From the real American “revolutionaries” to the reality of labor unions, The Politically Incorrect Guide to American History is all you need for the truth about America—objective and unvarnished.

a patriots history of the united states audiobook: The Words That Made Us Akhil Reed Amar, 2021-05-04 A history of the American Constitution's formative decades from a preeminent legal scholar When the US Constitution won popular approval in 1788, it was the culmination of thirty years of passionate argument over the nature of government. But ratification hardly ended the conversation. For the next half century, ordinary Americans and statesmen alike continued to wrestle with weighty questions in the halls of government and in the pages of newspapers. Should the nation's borders be expanded? Should America allow slavery to spread westward? What rights should Indian nations hold? What was the proper role of the judicial branch? In The Words that Made Us, Akhil Reed Amar unites history and law in a vivid narrative of the biggest constitutional questions early Americans confronted, and he expertly assesses the answers they offered. His account of the document's origins and consolidation is a guide for anyone seeking to properly understand America's Constitution today.

a patriots history of the united states audiobook: All the Way to America: The Story of a Big Italian Family and a Little Shovel Dan Yaccarino, 2012-06-27 “This immigration story is universal.” —School Library Journal, Starred Dan Yaccarino’s great-grandfather arrived at Ellis Island with a small shovel and his parents’ good advice: “Work hard, but remember to enjoy life, and never forget your family.” With simple text and warm, colorful illustrations, Yaccarino recounts how the little shovel was passed down through four generations of this Italian-American family—along with the good advice. It’s a story that will have kids asking their parents and grandparents: Where

did we come from? How did our family make the journey all the way to America? “A shovel is just a shovel, but in Dan Yaccarino’s hands it becomes a way to dig deep into the past and honor all those who helped make us who we are.” —Eric Rohmann, winner of the Caldecott Medal for *My Friend Rabbit* “All the Way to America is a charmer. Yaccarino’s heartwarming story rings clearly with truth, good cheer, and love.” —Tomie dePaola, winner of a Caldecott Honor Award for *Strega Nona*

a patriots history of the united states audiobook: *Land of Hope* Wilfred M. McClay, 2020-09-22 For too long we’ve lacked a compact, inexpensive, authoritative, and compulsively readable book that offers American readers a clear, informative, and inspiring narrative account of their country. Such a fresh retelling of the American story is especially needed today, to shape and deepen young Americans’ sense of the land they inhabit, help them to understand its roots and share in its memories, all the while equipping them for the privileges and responsibilities of citizenship in American society. The existing texts simply fail to tell that story with energy and conviction. Too often they reflect a fragmented outlook that fails to convey to American readers the grand trajectory of their own history. This state of affairs cannot continue for long without producing serious consequences. A great nation needs and deserves a great and coherent narrative, as an expression of its own self-understanding and its aspirations; and it needs to be able to convey that narrative to its young effectively. Of course, it goes without saying that such a narrative cannot be a fairy tale of the past. It will not be convincing if it is not truthful. But as *Land of Hope* brilliantly shows, there is no contradiction between a truthful account of the American past and an inspiring one. Readers of *Land of Hope* will find both in its pages.

a patriots history of the united states audiobook: *Voices of a People's History of the United States* Howard Zinn, Anthony Arnove, 2011-01-04 Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States*, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's *A People's History of the United States*, *Voices of a People's History* is the long-awaited companion volume to the national bestseller. For *Voices*, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. *Voices of a People's History* is a symphony of our nation’s original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation’s true spirit of defiance and resilience.

a patriots history of the united states audiobook: *The Plot Against America* Philip Roth, 2004-10-05 Philip Roth's bestselling alternate history—the chilling story of what happens to one family when America elects a charismatic, isolationist president—is soon to be an HBO limited series. In an extraordinary feat of narrative invention, Philip Roth imagines an alternate history where Franklin D. Roosevelt loses the 1940 presidential election to heroic aviator and rabid isolationist Charles A. Lindbergh. Shortly thereafter, Lindbergh negotiates a cordial “understanding” with Adolf Hitler, while the new government embarks on a program of folksy anti-Semitism. For one boy growing up in Newark, Lindbergh’s election is the first in a series of ruptures that threaten to destroy his small, safe corner of America—and with it, his mother, his father, and his older brother. A terrific political novel . . . Sinister, vivid, dreamlike . . . creepily plausible. . . You turn the pages, astonished and frightened.” — The New York Times Book Review
