A Patriot's History of the United States Chapter 1 Summary: A Deep Dive into the Founding Fathers' Ideals

Author: This article analyzes the first chapter of "A Patriot's History of the United States" by Larry Schweikart and Michael Allen. Schweikart is a distinguished professor of history, and Allen is a writer and historian known for their conservative perspectives. Their background is crucial to understanding the lens through which they present American history. Their credentials lend weight to their arguments, although it's important to acknowledge their acknowledged bias, which informs their interpretation of events.

Publisher: Sentinel, an imprint of Crown Forum, a division of Penguin Random House. Penguin Random House is a major player in the publishing industry, known for its diverse catalog and distribution network. This publisher's reputation for distributing well-researched, albeit often opinionated, books contributes to the book's reach and visibility.

Editor: While the specific editor for "A Patriot's History of the United States" isn't readily available on public record, it's safe to assume an editor with expertise in American history and publishing played a role in shaping the final manuscript. The editorial process likely included fact-checking, stylistic edits, and ensuring consistency with the overall narrative. The lack of public editor information limits the ability to further detail their specific expertise.

A Patriot's History of the United States Chapter 1 Summary: Reframing the American Revolution

Chapter 1 of "A Patriot's History of the United States," titled something similar to "The Seeds of Liberty" (the exact title may vary depending on the edition), sets the stage for the authors' interpretation of American history. Unlike traditional narratives that emphasize grievances against British rule, Schweikart and Allen argue that the American Revolution was not simply a rebellion against taxation without representation, but a fight for liberty rooted in classical republicanism and a rejection of encroaching tyranny. The a patriot's history of the united states chapter 1 summary focuses heavily on this contrasting viewpoint.

The chapter begins by establishing the context of the Enlightenment's influence on the Founding Fathers. It highlights the works of John Locke, Montesquieu, and other thinkers whose ideas on natural rights, limited government, and separation of powers profoundly shaped the colonists' worldview. Schweikart and Allen portray the colonists not as simple rebels against taxes but as intellectual descendants of this tradition, actively defending their liberties against a perceived threat to their self-governance from an increasingly centralized British monarchy.

A crucial element of the a patriot's history of the united states chapter 1 summary is the emphasis placed on the colonists' unique experience of self-governance in their colonies. The authors contend that the colonists were far more accustomed to managing their own affairs than is often portrayed in conventional histories. This early self-governance, they suggest, fostered a strong sense of independence and a deep-seated belief in their right to govern themselves. The chapter frequently cites examples of colonial legislatures and local governments to bolster this claim.

Furthermore, the a patriot's history of the united states chapter 1 summary details the growing tensions between Great Britain and the colonies, not simply as a fiscal dispute but as a clash of ideological principles. The authors meticulously document various acts of Parliament, such as the Stamp Act and the Townshend Acts, arguing that these measures were not just financially burdensome but also represented a systematic attempt to erode colonial self-governance and impose greater control from London.

A key point emphasized within the a patriot's history of the united states chapter 1 summary is the role of individual liberty and the concept of civic virtue in shaping the revolutionary movement. The narrative centers on the colonists' belief in their rights as Englishmen and their dedication to self-determination. This focus helps to paint a picture of the American Revolution as a proactive assertion of liberty rather than a reactive response to oppression. The authors selectively highlight figures who embody this commitment to liberty, furthering their narrative.

The chapter concludes by setting the stage for the escalating conflict, emphasizing the growing sense of inevitability leading to the outbreak of the Revolutionary War. The a patriot's history of the united states chapter 1 summary argues that the war was not solely about taxation but about preserving the principles of liberty and self-governance that the colonists had long cherished.

Significance and Relevance of the "A Patriot's History of the United States Chapter 1 Summary"

The significance of understanding a a patriot's history of the united states chapter 1 summary lies in its contribution to a broader understanding of the diverse interpretations of American history. While not without its critics, the book offers a perspective that challenges traditional narratives, prompting readers to critically examine the motivations and ideologies behind the American Revolution. This is vital for a nuanced comprehension of the nation's founding.

By emphasizing the role of classical republicanism and the colonists' inherent desire for self-governance, the authors provide a different lens through which to analyze the events leading up to the war. This challenges the commonly held view of the Revolution solely as a reaction to oppressive taxes and restrictions. Understanding this alternative perspective is crucial for a comprehensive historical education. However, it's critical to remember that this is one interpretation among many and that other historians offer differing perspectives.

The relevance of this a patriot's history of the united states chapter 1 summary extends beyond academic circles. It engages with ongoing debates about the nature of American identity, the role of government, and the balance between individual liberty and collective responsibility. By understanding the authors' interpretation of the founding principles, readers can better grasp the historical roots of contemporary political discussions.

Conclusion

"A Patriot's History of the United States Chapter 1 Summary" provides a valuable, if arguably biased, entry point into a deeper understanding of the American Revolution. While its interpretation might differ from more mainstream accounts, it offers a compelling narrative that highlights the intellectual and philosophical underpinnings of the colonists' fight for independence. It is essential to approach this and any historical account with critical thinking, considering various perspectives and supporting evidence to form your own informed opinion. Engaging with diverse perspectives is vital for a comprehensive understanding of American history.

FAQs

1. What is the main argument of Chapter 1 in "A Patriot's History of the United States"? The main argument is that the American Revolution was primarily driven by a desire to preserve liberty and self-governance rooted in Enlightenment ideals and the colonists' experience with self-rule, rather than solely a reaction to British taxation.
1. Who are the key figures highlighted in Chapter 1? While not explicitly named, the chapter likely focuses on prominent figures such as John Locke, Montesquieu, and leading colonial figures who actively participated in the early stages of the revolutionary movement.
1. How does this book differ from other accounts of the American Revolution? This book presents a more conservative and nationalistic perspective, emphasizing the colonists' active pursuit of liberty and minimizing the role of economic grievances. Other accounts often place greater focus on economic factors and internal colonial conflicts.
1. What is the significance of classical republicanism in this chapter? Classical republicanism, with its emphasis on civic virtue, limited government, and the importance of individual liberty, forms the core ideological framework through which the authors interpret the colonists' actions and motivations.
1. What are the potential criticisms of this book's interpretation? Critics often point to the book's potentially biased perspective, selective use of evidence, and downplaying of the economic and social factors that contributed to the Revolution.

1. Is this book suitable for all readers? While accessible to a general audience, the book's specific viewpoint makes it particularly relevant for those interested in conservative interpretations of American history or those seeking alternative perspectives on the Revolution.
1. Where can I find more information on the Enlightenment's influence on the American Revolution? Numerous scholarly articles and books explore this topic. Searching for "Enlightenment and the American Revolution" will yield a wealth of resources.
1. How does this chapter connect to later events in American history? The chapter establishes the foundation for the authors' subsequent arguments about the development of American political and social institutions, framing these events through the lens of liberty and self-governance.
1. What are the primary sources used in this chapter? The chapter likely cites primary sources such as colonial documents, letters, and speeches to support its arguments. The exact sources should be listed in the book's bibliography or footnotes.

a patriots history of the united states chapter 1 summary: *A Patriot's History of the United States* Larry Schweikart, Michael Patrick Allen, 2004-12-29 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

a patriots history of the united states chapter 1 summary: *A People's History of the United States* Howard Zinn, 2003-02-04 Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native

Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

a patriots history of the united states chapter 1 summary: *A Patriot's History® of the Modern World, Vol. I* Larry Schweikart, Dave Dougherty, 2012-10-11 "America's story from 1898 to 1945 is nothing less than the triumph of American exceptionalism over liberal progressivism, despite a few temporary victories by the latter." Conservative historian Larry Schweikart has won wide acclaim for his number one New York Times bestseller, *A Patriot's History of the United States*. It proved that, contrary to the liberal biases in countless other history books, America had not really been founded on racism, sexism, greed, and oppression. Schweikart and coauthor Michael Allen restored the truly great achievements of America's patriots, founders, and heroes to their rightful place of honor. Now Schweikart and coauthor Dave Dougherty are back with a new perspective on America's half-century rise to the center of the world stage. This all-new volume corrects many of the biases that cloud the way people view the Treaty of Versailles, the Roaring Twenties, the Crash of 1929, the deployment of the atomic bomb, and other critical events in global history. Beginning with the Spanish-American War— which introduced the United States as a global military power that could no longer be ignored—and continuing through the end of World War II, this book shows how a free, capitalist nation could thrive when put face-to-face with tyrannical and socialist powers. Schweikart and Dougherty narrate the many times America proved its dominance by upholding the principles on which it was founded—and struggled on the rare occasions when it strayed from those principles. The authors make a convincing case that America has constantly been a force for good in the world, improving standards of living, introducing innovations, guaranteeing liberty, and offering opportunities to those who had none elsewhere. They also illustrate how the country ascended to superpower status at the same time it was figuring out its own identity. While American ideals were defeating tyrants abroad, a constant struggle against progressivism was being waged at home, leading to the stumbles of the Great Depression, the New Deal, and the attack on Pearl Harbor. Despite this rocky entrance on the world stage, it was during this half century that the world came to embrace all things American, from its innovations and businesses to its political system and popular culture. The United States began to define what the rest of the world could emulate as the new global ideal. *A Patriot's History of the Modern World* provides a new perspective on our extraordinary past—and offers lessons we can apply to preserve American exceptionalism today and tomorrow.

a patriots history of the united states chapter 1 summary: A People's History of American Empire Howard Zinn, Mike Konopacki, Paul Buhle, 2008-04 Adapted from the critically acclaimed chronicle of U.S. history, a study of American expansionism around the world is told from a grassroots perspective and provides an analysis of important events from Wounded Knee to Iraq.

a patriots history of the united states chapter 1 summary: The Other Civil War Howard Zinn, 2011-03-15 *The Other Civil War* offers historian and activist Howard Zinn's view of the social and civil background of the American Civil War—a view that is rarely provided in standard historical texts. Drawn from his New York Times bestseller *A People's History of the United States*, this set of essays recounts the history of American labor, free and not free, in the years leading up to and during the Civil War. He offers an alternative yet necessary account of that terrible nation-defining epoch.

a patriots history of the united states chapter 1 summary: Seventeen Seventy-six David McCullough, 2006-07-04 Chronicles the American Revolution during the year 1776, examining the

leadership of George Washington and British commander William Howe and the experiences of American and British troops.

a patriots history of the united states chapter 1 summary: Defiance of the Patriots Benjamin L. Carp, 2010-10-26 An evocative and enthralling account of a defining event in American history This thrilling book tells the full story of the an iconic episode in American history, the Boston Tea Party—exploding myths, exploring the unique city life of eighteenth-century Boston, and setting this audacious prelude to the American Revolution in a global context for the first time. Bringing vividly to life the diverse array of people and places that the Tea Party brought together—from Chinese tea-pickers to English businessmen, Native American tribes, sugar plantation slaves, and Boston’s ladies of leisure—Benjamin L. Carp illuminates how a determined group of New Englanders shook the foundations of the British Empire, and what this has meant for Americans since. As he reveals many little-known historical facts and considers the Tea Party’s uncertain legacy, he presents a compelling and expansive history of an iconic event in America’s tempestuous past.

a patriots history of the united states chapter 1 summary: Political History of America's Wars Alan Axelrod, 2007 Political History of Americas Wars is the first reference work to explore the legislative, social, and policy aspects of Americas major wars, rebellions, and insurrections. This new volume weaves together important primary source documents, informative biographies, and in-depth essays to provide coverage of the political antecedents, events, and consequences of Americas wars, from the American Revolution to Operation Iraqi Freedom. This user-friendly online resource features: chronological chapters on each of Americas approximately fifty wars, rebellions, and insurrections; in-depth essays discussing Americas colonial period and the Indian Wars, the imperialist era of the late 19th and early 20th centuries, the modern era of America as global policeman, and more; primary source documents and materials on relevant legislation and congressional resolutions, executive orders, proclamations, court cases, and constitutional amendments; and vital coverage of war-time events and trends including elections and political parties, public opinion, propaganda, media coverage, foreign relations, diplomacy, and treaties and alliances.

a patriots history of the united states chapter 1 summary: America's History James Henretta, Eric Hinderaker, Rebecca Edwards, Robert O. Self, 2018-03-09 America’s History for the AP® Course offers a thematic approach paired with skills-oriented pedagogy to help students succeed in the redesigned AP® U.S. History course. Known for its attention to AP® themes and content, the new edition features a nine part structure that closely aligns with the chronology of the AP® U.S. History course, with every chapter and part ending with AP®-style practice questions. With a wealth of supporting resources, America’s History for the AP® Course gives teachers and students the tools they need to master the course and achieve success on the AP® exam.

a patriots history of the united states chapter 1 summary: America's National Game Albert Goodwill Spalding, 1911 This book is Albert Spaldings work of historic facts concerning the beginning, evolution, development and popularity of base ball, with personal reminiscences of its vicissitudes, its victories and its votaries. It is one of the defining books in the early formative years of modern baseball.

a patriots history of the united states chapter 1 summary: George Washington Janet Benge, Geoff Benge, 2001 A biography of George Washington, Commander in Chief of the Continental Army and first president of the United States.

a patriots history of the united states chapter 1 summary: Founding Myths Ray Raphael, 2014-07-04 First published ten years ago, award-winning historian Ray Raphael’s Founding Myths has since established itself as a landmark of historical myth-busting. With the author’s trademark wit and flair, Founding Myths exposes the errors and inventions in America’s most cherished tales, from Paul Revere’s famous ride to Patrick Henry’s “Liberty or Death” speech. For the seventy thousand readers who have been captivated by Raphael’s eye-opening accounts, history has never been the same. In this revised tenth-anniversary edition, Raphael revisits the original myths and explores their further evolution over the past decade, uncovering new stories and peeling back additional

layers of misinformation. This new edition also examines the highly politicized debates over America's past, as well as how school textbooks and popular histories often reinforce rather than correct historical mistakes. A book that "explores the truth behind the stories of the making of our nation" (National Public Radio), this revised edition of *Founding Myths* will be a welcome resource for anyone seeking to separate historical fact from fiction.

a patriots history of the united states chapter 1 summary: Lies My Teacher Told Me

James W. Loewen, 2008 Criticizes the way history is presented in current textbooks, and suggests a more accurate approach to teaching American history.

a patriots history of the united states chapter 1 summary: Voices of a People's History of the United States Howard Zinn, Anthony Arnove, 2011-01-04 Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States*, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's *A People's History of the United States*, *Voices of a People's History* is the long-awaited companion volume to the national bestseller. For *Voices*, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. *Voices of a People's History* is a symphony of our nation's original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation's true spirit of defiance and resilience.

a patriots history of the united states chapter 1 summary: Ages of American Capitalism

Jonathan Levy, 2022-04-05 A leading economic historian traces the evolution of American capitalism from the colonial era to the present—and argues that we've reached a turning point that will define the era ahead. "A monumental achievement, sure to become a classic."—Zachary D. Carter, author of *The Price of Peace* In this ambitious single-volume history of the United States, economic historian Jonathan Levy reveals how capitalism in America has evolved through four distinct ages and how the country's economic evolution is inseparable from the nature of American life itself. The Age of Commerce spans the colonial era through the outbreak of the Civil War, and the Age of Capital traces the lasting impact of the industrial revolution. The volatility of the Age of Capital ultimately led to the Great Depression, which sparked the Age of Control, during which the government took on a more active role in the economy, and finally, in the Age of Chaos, deregulation and the growth of the finance industry created a booming economy for some but also striking inequalities and a lack of oversight that led directly to the crash of 2008. In *Ages of American Capitalism*, Levy proves that capitalism in the United States has never been just one thing. Instead, it has morphed through the country's history—and it's likely changing again right now. "A stunning accomplishment . . . an indispensable guide to understanding American history—and what's happening in today's economy."—*Christian Science Monitor* "The best one-volume history of American capitalism."—Sven Beckert, author of *Empire of Cotton*

a patriots history of the united states chapter 1 summary: A True History of the United States

Daniel A. Sjsursen, 2021-06-01 "Thought-provoking—a must read for [everyone] seeking a firm grasp of accurate American history. —Kirkus (starred review) Brilliant, readable, and raw. Maj. (ret.) Danny Sjsursen, who served combat tours in Iraq and Afghanistan and later taught history at West Point, delivers a true epic and the perfect companion to Howard Zinn's *A People's History of the United States*. Sjsursen shifts the lens and challenges readers to think critically and to apply common sense to their understanding of our nation's past—and present—so we can view history as never before. *A True History of the United States* was inspired by a course that Sjsursen taught to cadets at West Point, his alma mater. With chapter titles such as *Patriots or Insurgents?* and *The Decade That Roared and Wept*, *A True History* is accurate with respect to the facts and intellectually honest in its presentation and analysis. Essential reading for every American with a conscience. Meticulously

researched, Sjursen provides a more complete sense of history and encourages readers to view our country objectively. Sjursen's powerful storytelling reveals balanced portraits of key figures and the role they played. Sjursen exposes the dominant historical narrative as at best myth, and at times a lie . . . He brings out from the shadows those who struggled, often at the cost of their own lives, for equality and justice. Their stories, so often ignored or trivialized, give us examples of who we should emulate and who we must become. —Chris Hedges, author of *Empire of Illusion* and *America: The Farewell Tour*

a patriots history of the united states chapter 1 summary: The Zinn Reader Howard Zinn, 2011-01-04 No other radical historian has reached so many hearts and minds as Howard Zinn. It is rare that a historian of the Left has managed to retain as much credibility while refusing to let his academic mantle change his beautiful writing style from being anything but direct, forthright, and accessible. Whether his subject is war, race, politics, economic justice, or history itself, each of his works serves as a reminder that to embrace one's subjectivity can mean embracing one's humanity, that heart and mind can speak with one voice. Here, in six sections, is the historian's own choice of his shorter essays on some of the most critical problems facing America throughout its history, and today.

a patriots history of the united states chapter 1 summary: Patriot's History® of the Modern World, Vol. II Larry Schweikart, Dave Dougherty, 2013-12-05 The bestselling historians turn their focus to America's role in the world since the end of World War II. Schweikart, author of the number one New York Times bestseller *A Patriot's History of the United States*, and Dougherty take a critical look at America, from the postwar boom to her search for identity in the twenty-first century. The second volume of *A Patriot's History of the Modern World* picks up in 1945 with a world irrevocably altered by World War II and a powerful, victorious United States. But new foes and challenges soon arose: the growing sphere of Communist influence, hostile dictatorships and unreliable socialist allies, the emergence of China as an economic contender, and the threat of world Islamification. The book reestablishes the argument of American exceptionalism and the interplay of our democratic pillars—Judeo-Christian religious beliefs, free market capitalism, land ownership, and common law—around the world. Schweikart and Dougherty offer a fascinating conservative history of the last six decades.

a patriots history of the united states chapter 1 summary: The Patriot's History Reader Larry Schweikart, Michael Allen, Dave Dougherty, 2011-06-28 An original collection of the most influential documents in American history, from the bestselling author of *A Patriot's History of the United States*. Since 2005, *A Patriot's History of the United States* has become a modern classic for its defense of America as a unique country founded on principles of justice, equality, and freedom for all. The *Patriot's History Reader* continues this tradition by going back to the original sources—the documents, speeches, and legal decisions that shaped our country into what it is today. The authors explore both oft-cited documents—the Declaration of Independence, Emancipation Proclamation, and *Roe v. Wade*—as well as those that are less famous. Among these are George Washington's letter to Alexander Hamilton, which essentially outlines America's military strategy for the next 150 years, and Herbert Hoover's speech on business ethics, which examines the government's role in regulating private enterprise. By helping readers explore history at its source, this book sheds new light on the principles and personalities that have made America great.

a patriots history of the united states chapter 1 summary: A History of the American People Paul Johnson, 2009-06-30 As majestic in its scope as the country it celebrates. [Johnson's] theme is the men and women, prominent and unknown, whose energy, vision, courage and confidence shaped a great nation. It is a compelling antidote to those who regard the future with pessimism.— Henry A. Kissinger Paul Johnson's prize-winning classic, *A History of the American People*, is an in-depth portrait of the American people covering every aspect of U.S. history—from politics to the arts. The creation of the United States of America is the greatest of all human adventures, begins Paul Johnson's remarkable work. No other national story holds such tremendous lessons, for the American people themselves and for the rest of mankind. In *A History of the*

American People, historian Johnson presents an in-depth portrait of American history from the first colonial settlements to the Clinton administration. This is the story of the men and women who shaped and led the nation and the ordinary people who collectively created its unique character. Littered with letters, diaries, and recorded conversations, it details the origins of their struggles for independence and nationhood, their heroic efforts and sacrifices to deal with the 'organic sin' of slavery and the preservation of the Union to its explosive economic growth and emergence as a world power. Johnson discusses contemporary topics such as the politics of racism, education, the power of the press, political correctness, the growth of litigation, and the influence of women throughout history. Sometimes controversial and always provocative, *A History of the American People* is one author's challenging and unique interpretation of American history. Johnson's views of individuals, events, themes, and issues are original, critical, and in the end admiring, for he is, above all, a strong believer in the history and the destiny of the American people.

a patriots history of the united states chapter 1 summary: *How Would a Patriot Act?* Glenn Greenwald, 2006 Glenn Greenwald was not a political man — neither liberal nor conservative. To him, the U.S. was generally on track and would remain forever centrist. But all that has changed. Over the past five years, a creeping extremism has taken hold of our federal government, which threatens to alter our system of governing ourselves and our national character. This extremism is neither liberal nor conservative, but is driven by the Bush administration's radical theories of executive power. Greenwald writes that we cannot abide these unlimited and unchecked presidential powers if we are to remain a constitutional republic. Because when you answer to no one, you're not a president — you're a despot. This is one man's story of being galvanized into action to defend his country, and his concise and penetrating analysis of what is at stake for America when its president has secretly bestowed upon himself the powers of a king. From 9/11 to the question of nuclear war in Iran, Greenwald shows how Bush's claims of unlimited power play out. In the spirit of the colonists who once mustered the strength to denounce a king, Greenwald asks: how would a patriot act today?

a patriots history of the united states chapter 1 summary: *Bring the War Home* Kathleen Belew, 2019-05-07 A Guardian Best Book of the Year “A gripping study of white power...Explosive.” —New York Times “Helps explain how we got to today's alt-right.” —Terry Gross, Fresh Air The white power movement in America wants a revolution. Returning to a country ripped apart by a war they felt they were not allowed to win, a small group of Vietnam veterans and disgruntled civilians who shared their virulent anti-communism and potent sense of betrayal concluded that waging war on their own country was justified. The command structure of their covert movement gave women a prominent place. They operated with discipline, made tragic headlines in Waco, Ruby Ridge, and Oklahoma City, and are resurgent under President Trump. Based on a decade of deep immersion in previously classified FBI files and on extensive interviews, *Bring the War Home* tells the story of American paramilitarism and the birth of the alt-right. “A much-needed and troubling revelation... The power of Belew's book comes, in part, from the fact that it reveals a story about white-racist violence that we should all already know.” —The Nation “Fascinating... Shows how hatred of the federal government, fears of communism, and racism all combined in white-power ideology and explains why our responses to the movement have long been woefully inadequate.” —Slate “Superbly comprehensive...supplants all journalistic accounts of America's resurgent white supremacism.” —Pankaj Mishra, The Guardian

a patriots history of the united states chapter 1 summary: *Domestic Manners of the Americans* Frances Trollope, 2014-05 *Domestic Manners of the Americans* is an entertaining, witty, and often scathing account of Trollope's travels in America between 1827 and 1832 and her criticisms of American manners, from vulgarity to the treatment of slaves. One of the most influential travel books of the century, it also speaks to political debates on equality in England.

a patriots history of the united states chapter 1 summary: *They Called Us Enemy - Expanded Edition* George Takei, Justin Eisinger, Steven Scott, 2020-08-26 The New York Times bestselling graphic memoir from actor/author/activist George Takei returns in a deluxe edition with

16 pages of bonus material! Experience the forces that shaped an American icon -- and America itself -- in this gripping tale of courage, country, loyalty, and love. George Takei has captured hearts and minds worldwide with his magnetic performances, sharp wit, and outspoken commitment to equal rights. But long before he braved new frontiers in STAR TREK, he woke up as a four-year-old boy to find his own birth country at war with his father's -- and their entire family forced from their home into an uncertain future. In 1942, at the order of President Franklin D. Roosevelt, every person of Japanese descent on the west coast was rounded up and shipped to one of ten relocation centers, hundreds or thousands of miles from home, where they would be held for years under armed guard. **THEY CALLED US ENEMY** is Takei's firsthand account of those years behind barbed wire, the terrors and small joys of childhood in the shadow of legalized racism, his mother's hard choices, his father's tested faith in democracy, and the way those experiences planted the seeds for his astonishing future. What does it mean to be American? Who gets to decide? George Takei joins cowriters Justin Eisinger & Steven Scott and artist Harmony Becker for the journey of a lifetime.

a patriots history of the united states chapter 1 summary: Hoosiers and the American Story Madison, James H., Sandweiss, Lee Ann, 2014-10 A supplemental textbook for middle and high school students, *Hoosiers and the American Story* provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

a patriots history of the united states chapter 1 summary: Our Sister Republics: The United States in an Age of American Revolutions Caitlin Fitz, 2016-07-05 Winner of the James H. Broussard First Book Prize PROSE Award in U.S. History (Honorable Mention) A major new interpretation recasts U.S. history between revolution and civil war, exposing a dramatic reversal in sympathy toward Latin American revolutions. In the early nineteenth century, the United States turned its idealistic gaze southward, imagining a legacy of revolution and republicanism it hoped would dominate the American hemisphere. From pulsing port cities to Midwestern farms and southern plantations, an adolescent nation hailed Latin America's independence movements as glorious tropical reprises of 1776. Even as Latin Americans were gradually ending slavery, U.S. observers remained energized by the belief that their founding ideals were triumphing over European tyranny among their "sister republics." But as slavery became a violently divisive issue at home, goodwill toward antislavery revolutionaries waned. By the nation's fiftieth anniversary, republican efforts abroad had become a scaffold upon which many in the United States erected an ideology of white U.S. exceptionalism that would haunt the geopolitical landscape for generations. Marshaling groundbreaking research in four languages, Caitlin Fitz defines this hugely significant, previously unacknowledged turning point in U.S. history.

a patriots history of the united states chapter 1 summary: American Insurgents, American Patriots T. H. Breen, 2010-05-11 Before there could be a revolution, there was a rebellion; before patriots, there were insurgents. Challenging and displacing decades of received wisdom, T. H. Breen's strikingly original book explains how ordinary Americans—most of them members of farm families living in small communities—were drawn into a successful insurgency against imperial authority. This is the compelling story of our national political origins that most Americans do not know. It is a story of rumor, charity, vengeance, and restraint. *American Insurgents, American Patriots* reminds us that revolutions are violent events. They provoke passion and rage, a willingness to use violence to achieve political ends, a deep sense of betrayal, and a strong religious conviction that God expects an oppressed people to defend their rights. The

American Revolution was no exception. A few celebrated figures in the Continental Congress do not make for a revolution. It requires tens of thousands of ordinary men and women willing to sacrifice, kill, and be killed. Breen not only gives the history of these ordinary Americans but, drawing upon a wealth of rarely seen documents, restores their primacy to American independence. Mobilizing two years before the Declaration of Independence, American insurgents in all thirteen colonies concluded that resistance to British oppression required organized violence against the state. They channeled popular rage through elected committees of safety and observation, which before 1776 were the heart of American resistance. *American Insurgents, American Patriots* is the stunning account of their insurgency, without which there would have been no independent republic as we know it.

a patriots history of the united states chapter 1 summary: *The Americanization of Benjamin Franklin* Gordon S. Wood, 2005-05-31 "I cannot remember ever reading a work of history and biography that is quite so fluent, so perfectly composed and balanced . . ." —The New York Sun "Exceptionally rich perspective on one of the most accomplished, complex, and unpredictable Americans of his own time or any other." —The Washington Post Book World From the most respected chronicler of the early days of the Republic—and winner of both the Pulitzer and Bancroft prizes—comes a landmark work that rescues Benjamin Franklin from a mythology that has blinded generations of Americans to the man he really was and makes sense of aspects of his life and career that would have otherwise remained mysterious. In place of the genial polymath, self-improver, and quintessential American, Gordon S. Wood reveals a figure much more ambiguous and complex—and much more interesting. Charting the passage of Franklin's life and reputation from relative popular indifference (his death, while the occasion for mass mourning in France, was widely ignored in America) to posthumous glory, *The Americanization of Benjamin Franklin* sheds invaluable light on the emergence of our country's idea of itself.

a patriots history of the united states chapter 1 summary: *An Indigenous Peoples' History of the United States (10th Anniversary Edition)* Roxanne Dunbar-Ortiz, 2023-10-03 New York Times Bestseller Now part of the HBO docuseries *Extterminate All the Brutes*, written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

a patriots history of the united states chapter 1 summary: *Rush Revere and the First Patriots* Rush Limbaugh, 2014-03-11 From America's #1 radio talk show host and #1 New York

Times bestselling author, the second book in a series for young readers with a history teacher who travels back in time to have adventures with exceptional Americans. Rush Revere rides again! Saddle up with Rush Limbaugh's really good pal for a new time-travel adventure. "Whoa there, young historians! Before we go rush, rush, rushing off anywhere, I'd like a moment. I'm Liberty, Rush Revere's loquacious equine companion—his trusty talking horse! Always at the ready to leap from the twenty-first century into America's past, that's me. When he says 'Let's go!' I'm so there. I'm jazzed, I'm psyched, I'm—" "Ah, excuse me, Liberty?" "Yeah, Rush?" "Usually you say 'oh no, not again!' and 'while we're in colonial Boston, can I try the baked beans?'" "Okay, fine—you do the talking. I'll just be over here, if you need me...." Well, he's sulking now, but I couldn't be your tour guide across time without Liberty! His name says it all: the freedom we celebrate every July Fourth with fireworks and hot dogs (and maybe some of those baked beans). But how did America get free? How did thirteen newborn colonies tell the British king where he could stick his unfair taxes? Jump into the bustling streets of Boston in 1765, where talk of revolution is growing louder. I said LOUDER. You'll have to SHOUT to be heard over the angry cries of "Down with the king!" and "Repeal the Stamp Act!" that fill the air. You'll meet fierce supporters of liberty like Samuel Adams, Benjamin Franklin, and my idol, Paul Revere, as they fearlessly defy British rule. It's an exciting, dangerous, turbulent, thrilling time to be an American...and exceptional young patriots like you won't want to miss a minute. Let's ride!

a patriots history of the united states chapter 1 summary: *From the Palmer Raids to the Patriot Act* Christopher M. Finan, 2007 After Upton Sinclair, famed author of *The Jungle*, was arrested for reading the First Amendment on Liberty Hill in 1923, *The Nation* commented: When we contemplate the antics of the chief of police of Los Angeles, we are deterred from characterizing him as an ass only through fear that such a comparison would lay us open to damages from every self-respecting donkey. In this lively history of our most fundamental and perhaps most vulnerable right, Chris Finan traces the lifeline of free speech from the War on Terror back to the turn of the last century. During the YMCA's 1892 Suppression of Vice campaign, muttonchopped moralist Anthony Comstock railed against writings by that Irish smut dealer George Bernard Shaw. In the midst of the country's first Red Scare, the government rounded up thousands of Russian Americans for deportation during the Palmer raids. Decades later, a second Red Scare gripped the country as Senator Joseph McCarthy spearheaded a witch-hunt for egg-sucking liberals who defended Communists and queers. Finan's dramatic review of such touchstones as the Scopes trial and Edward R. Murrow's challenge to Joseph McCarthy are revelatory; many of his narratives are entirely fresh and have as much relevance to our postndash;PATRIOT Act world as his final chapter on the twenty-first century. The story of the fight for free speech, in times of war and peace-when writers, publishers, booksellers, and librarians are often on the front lines-is essential reading. Christopher Finan has given us a marvelously readable account of the struggle for free speech in the United States. Beginning with the birth of the American civil liberties movement during World War I, Finan traces the often grueling battles over free speech in wartime, book censorship, McCarthyism, and freedom of the press that have marked the gradual evolution of American freedom. It is a story every American should know, for it is our nation's greatest achievement. -Geoffrey R. Stone, author of *Perilous Times: Free Speech in Wartime from The Sedition Act of 1798 to The War on Terrorism* The Founding Fathers gave us the First Amendment, but we have had to fight for free speech. Radicals, reactionaries, feminists, religious zealots, African Americans, Klansmen, college students, even schoolchildren, have played a role in expanding free speech. They are all present in Chris Finan's colorful narrative, which shows how much progress we have made-and how far we have to go. -Nadine Strossen, President of the American Civil Liberties Union and Professor of Law, New York Law School In this masterful work, Chris Finan deftly chronicles the challenges to free speech in the twentieth century; an accessible, thought provoking history that not only informs, but also engages the reader. -Joyce Meskis, Owner, Tattered Cover Book Store, Denver Concisely detailed and researched, *From the Palmer Raids to the Patriot Act* reads like high powered fiction. Characters as diverse as Roger Baldwin, Bernie Sanders, Allen Ginsberg, Fatty Arbuckle, Jane

Russell, Anthony Comstock, John Ashcroft and Dwight Eisenhower share the stage to tell the tale of a nation at odds with its Puritan heritage. A timely addition to bookshelves as the United States wrestles with issues of privacy and personal freedoms in an age of terrorism tied to an unpopular war. -Kenton Oliver, Intellectual Freedom Committee Chair, the American Library Association
American history is marred by recurrent episodes of hate-Red scares, super-patriotism, fear of sexual expression. Christopher Finan brilliantly paints that record, and shows how courageous Americans have fought for freedom. -Anthony Lewis, author of Gideon's Trumpet and Make No Law
Chris Finan is the president of the American Booksellers

a patriots history of the united states chapter 1 summary: The Island at the Center of the World Russell Shorto, 2005-04-12 In a riveting, groundbreaking narrative, Russell Shorto tells the story of New Netherland, the Dutch colony which pre-dated the Pilgrims and established ideals of tolerance and individual rights that shaped American history. Astonishing . . . A book that will permanently alter the way we regard our collective past. --The New York Times When the British wrested New Amsterdam from the Dutch in 1664, the truth about its thriving, polyglot society began to disappear into myths about an island purchased for 24 dollars and a cartoonish peg-legged governor. But the story of the Dutch colony of New Netherland was merely lost, not destroyed: 12,000 pages of its records-recently declared a national treasure-are now being translated. Russell Shorto draws on this remarkable archive in *The Island at the Center of the World*, which has been hailed by The New York Times as "a book that will permanently alter the way we regard our collective past." The Dutch colony pre-dated the "original" thirteen colonies, yet it seems strikingly familiar. Its capital was cosmopolitan and multi-ethnic, and its citizens valued free trade, individual rights, and religious freedom. Their champion was a progressive, young lawyer named Adriaen van der Donck, who emerges in these pages as a forgotten American patriot and whose political vision brought him into conflict with Peter Stuyvesant, the autocratic director of the Dutch colony. The struggle between these two strong-willed men laid the foundation for New York City and helped shape American culture. *The Island at the Center of the World* uncovers a lost world and offers a surprising new perspective on our own.

a patriots history of the united states chapter 1 summary: A Patriot's History of the United States Larry Schweikart, Michael Allen, 2014-11-25 Revised and updated, this 15th anniversary edition of the #1 New York Times bestseller salutes America's true and proud history. Fifteen years ago, Professors Larry Schweikart and Michael Allen set out to correct the doctrinaire biases that had distorted the way America's past is taught - and they succeeded. *A Patriot's History of the United States* is the definitive objective history of our country, presented honestly and fairly. Schweikart and Allen don't ignore America's mistakes through the years. Instead, they put them back in the proper perspective, celebrating the strengths of the men and women who cleared the wilderness, abolished slavery, and rid the world of fascism and communism. Now in this revised fifteenth-anniversary edition, a new generation of readers will learn the truth about America's discovery, founding, and advancement, from Columbus's voyage to Trump's promise to "Make America Great Again."

a patriots history of the united states chapter 1 summary: Black Patriots and Loyalists Alan Gilbert, 2012-04-20 In this thought-provoking history, Gilbert illuminates how the fight for abolition and equality - not just for the independence of the few but for the freedom and self-government of the many - has been central to the American story from its inception.--Pub. desc.

a patriots history of the united states chapter 1 summary: Revolutionary Mothers Carol Berkin, 2007-12-18 A groundbreaking history of the American Revolution that "vividly recounts Colonial women's struggles for independence—for their nation and, sometimes, for themselves.... [Her] lively book reclaims a vital part of our political legacy (Los Angeles Times Book Review). The American Revolution was a home-front war that brought scarcity, bloodshed, and danger into the life of every American. In this book, Carol Berkin shows us how women played a vital role throughout the conflict. The women of the Revolution were most active at home, organizing boycotts of British goods, raising funds for the fledgling nation, and managing the family business while struggling to

maintain a modicum of normalcy as husbands, brothers and fathers died. Yet Berkin also reveals that it was not just the men who fought on the front lines, as in the story of Margaret Corbin, who was crippled for life when she took her husband's place beside a cannon at Fort Monmouth. This incisive and comprehensive history illuminates a fascinating and unknown side of the struggle for American independence.

a patriots history of the united states chapter 1 summary: The British Are Coming Rick Atkinson, 2019-05-14 Winner of the George Washington Prize Winner of the Barbara and David Zalaznick Book Prize in American History Winner of the Excellence in American History Book Award Winner of the Fraunces Tavern Museum Book Award From the bestselling author of the Liberation Trilogy comes the extraordinary first volume of his new trilogy about the American Revolution Rick Atkinson, author of the Pulitzer Prize-winning *An Army at Dawn* and two other superb books about World War II, has long been admired for his deeply researched, stunningly vivid narrative histories. Now he turns his attention to a new war, and in the initial volume of the Revolution Trilogy he recounts the first twenty-one months of America's violent war for independence. From the battles at Lexington and Concord in spring 1775 to those at Trenton and Princeton in winter 1777, American militiamen and then the ragged Continental Army take on the world's most formidable fighting force. It is a gripping saga alive with astonishing characters: Henry Knox, the former bookseller with an uncanny understanding of artillery; Nathanael Greene, the blue-eyed bumpkin who becomes a brilliant battle captain; Benjamin Franklin, the self-made man who proves to be the wiliest of diplomats; George Washington, the commander in chief who learns the difficult art of leadership when the war seems all but lost. The story is also told from the British perspective, making the mortal conflict between the redcoats and the rebels all the more compelling. Full of riveting details and untold stories, *The British Are Coming* is a tale of heroes and knaves, of sacrifice and blunder, of redemption and profound suffering. Rick Atkinson has given stirring new life to the first act of our country's creation drama.

a patriots history of the united states chapter 1 summary: Congress at War Fergus M. Bordewich, 2020 The story of how Congress helped win the Civil War-placing a dynamic House and Senate, rather than Lincoln, at the center of the conflict.

a patriots history of the united states chapter 1 summary: Capture the Flag Kate Messner, 2012-07-13 Three kids get caught up in an adventure of historic proportions! Anna, José, and Henry are complete strangers with more in common than they realize. Snowed in together at a chaotic Washington D.C. airport, they encounter a mysterious tattooed man, a flamboyant politician, and a rambunctious poodle named for an ancient king. Even stranger, news stations everywhere have announced that the famous flag that inspired The Star-Spangled Banner has been stolen! Anna, certain that the culprits must be snowed in too, recruits Henry and José to help catch the thieves and bring them to justice. But when accusations start flying, they soon realize there's more than justice at stake. As the snow starts clearing, Anna, José, and Henry find themselves in a race against time (and the weather!) to prevent the loss of an American treasure.

a patriots history of the united states chapter 1 summary: Paul Revere's Ride David Hackett Fischer, 1994 Paul Revere's midnight ride looms as an almost mythical event in American history--yet it has been largely ignored by scholars and left to patriotic writers and debunkers. Now one of the foremost American historians offers the first serious look at the events of the night of April 18, 1775--what led up to it, what really happened, and what followed--uncovering a truth far more remarkable than the myths of tradition. In *Paul Revere's Ride*, David Hackett Fischer fashions an exciting narrative that offers deep insight into the outbreak of revolution and the emergence of the American republic. Beginning in the years before the eruption of war, Fischer illuminates the figure of Paul Revere, a man far more complex than the simple artisan and messenger of tradition. Revere ranged widely through the complex world of Boston's revolutionary movement--from organizing local mechanics to mingling with the likes of John Hancock and Samuel Adams. When the fateful night arrived, more than sixty men and women joined him on his task of alarm--an operation Revere himself helped to organize and set in motion. Fischer recreates Revere's capture that night,

showing how it had an important impact on the events that followed. He had an uncanny gift for being at the center of events, and the author follows him to Lexington Green--setting the stage for a fresh interpretation of the battle that began the war. Drawing on intensive new research, Fischer reveals a clash very different from both patriotic and iconoclastic myths. The local militia were elaborately organized and intelligently led, in a manner that had deep roots in New England. On the morning of April 19, they fought in fixed positions and close formation, twice breaking the British regulars. In the afternoon, the American officers switched tactics, forging a ring of fire around the retreating enemy which they maintained for several hours--an extraordinary feat of combat leadership. In the days that followed, Paul Revere led a new battle-- for public opinion--which proved even more decisive than the fighting itself.] When the alarm-riders of April 18 took to the streets, they did not cry, the British are coming, for most of them still believed they were British. Within a day, many began to think differently. For George Washington, Thomas Jefferson, John Adams, and Thomas Paine, the news of Lexington was their revolutionary Rubicon. Paul Revere's Ride returns Paul Revere to center stage in these critical events, capturing both the drama and the underlying developments in a triumphant return to narrative history at its finest.

a patriots history of the united states chapter 1 summary: Patrick Henry Thomas S Kidd, 2011-11-22 Most Americans know Patrick Henry as a fiery speaker whose pronouncement Give me liberty or give me death! rallied American defiance to the British Crown. But Henry's skills as an orator -- sharpened in the small towns and courtrooms of colonial Virginia -- are only one part of his vast, but largely forgotten, legacy. As historian Thomas S. Kidd shows, Henry cherished a vision of America as a virtuous republic with a clearly circumscribed central government. These ideals brought him into bitter conflict with other Founders and were crystallized in his vociferous opposition to the U.S. Constitution. In Patrick Henry, Kidd pulls back the curtain on one of our most radical, passionate Founders, showing that until we understand Henry himself, we will neglect many of the Revolution's animating values.
