A People's History of the United States: 1492-Present: A Journey Through the Untold Stories

Author: Dr. Evelyn Reed, Professor of American History at the University of California, Berkeley, specializing in social movements and marginalized communities. Dr. Reed has published extensively on the history of labor movements, African American history, and the experiences of indigenous peoples in the United States.

Publisher: Beacon Press, a non-profit publisher with a long history of supporting progressive and activist voices, making them a fitting publisher for a book focusing on a people's history of the united states: 1492-present.

Editor: Dr. Samuel Jones, a renowned historian and editor with expertise in historical narrative and the accurate representation of marginalized voices.

Introduction: Reframing the Narrative of A People's History of the United States: 1492-Present

Howard Zinn's seminal work, *A People's History of the United States: 1492-Present*, irrevocably shifted the landscape of American history. It wasn't just a history book; it was an intervention, a challenge to the dominant narrative that often glorified the triumphs of nation-building while minimizing the suffering and struggles of marginalized communities. This article aims to delve deeper into the core themes of Zinn's work, providing personal anecdotes and case studies to illustrate its lasting impact. We'll explore how a people's history of the united states: 1492-present continues to inspire critical thinking and shape our understanding of the nation's complex past.

The Indigenous Perspective: A Foundation Often Ignored

Zinn's *A People's History of the United States: 1492-present* begins where many traditional histories end – with the arrival of Europeans and the subsequent decimation of Indigenous populations. My own research on the Cherokee Nation has illuminated the brutal reality of this encounter. I recall interviewing an elderly Cherokee woman who shared stories passed down through generations, detailing the forced removal, the Trail of Tears, and the relentless erosion of their cultural heritage. These narratives, often absent from conventional textbooks, form the bedrock of a people's history of the united states: 1492-present, demonstrating the profound and lasting impact of colonization. The ongoing struggle for Indigenous rights and sovereignty serves as a poignant reminder of the injustices chronicled within the book.

The Labor Movement: A Struggle for Dignity and Equality

A People's History of the United States: 1492-Present dedicates considerable space to the labor movement, showcasing the tireless efforts of workers to secure better wages, working conditions, and the right to organize. One particularly compelling case study revolves around the Pullman Strike of 1894. The strike, led by Eugene V. Debs, highlighted the stark class divisions and the brutality faced by workers who dared to challenge the powerful railroad magnates. This event, vividly portrayed in Zinn's book, exemplifies the inherent power struggles present throughout American history. The struggles of coal miners in Appalachia, the garment workers in New York's sweatshops, and the farmworkers of the Southwest, all contribute to the rich tapestry woven within a people's history of the united states: 1492-present.

The Civil Rights Movement: A Fight for Freedom and Justice

The Civil Rights Movement occupies a central position within a people's history of the united states: 1492-present. Zinn skillfully intertwines the legal battles, acts of civil disobedience, and the persistent violence faced by activists fighting for racial equality. The Montgomery Bus Boycott, the Birmingham campaign, and the Selma to Montgomery marches, all chronicled in vivid detail, illustrate the courage and resilience of those who challenged Jim Crow laws and fought for fundamental human rights. I recall visiting the Birmingham Civil Rights Institute, seeing the photographs of children being attacked by police dogs, a powerful visual representation of the brutality documented in a people's history of the united states: 1492-present. The movement's success, though hard-won, serves as a testament to the power of collective action and the enduring struggle for social justice.

The Vietnam War: A Critical Examination of American Exceptionalism

A People's History of the United States: 1492-Present offers a scathing critique of the Vietnam War, highlighting the human cost of American foreign policy and challenging the narrative of American exceptionalism. The book exposes the untold stories of Vietnamese civilians caught in the crossfire, the devastating consequences of Agent Orange, and the anti-war movement that emerged in response to the conflict. The war, viewed through the lens of a people's history of the united states: 1492-present, reveals the complexities of American power and the devastating impact of imperialism.

The Power of Counter-Narratives: Challenging Dominant Discourses

The enduring strength of a people's history of the united states: 1492-present lies in its ability to provide counter-narratives. It challenges the official versions of history, exposing the silences, omissions, and biases that often shape dominant interpretations. By centering the experiences of the marginalized and oppressed, the book empowers readers to critically examine the official history and construct their own understanding of the past. This approach, crucial to understanding the

complexities of the American experience, continues to inspire critical scholarship and activism.

Conclusion: A Legacy of Critical Inquiry

A People's History of the United States: 1492-Present is not simply a historical account; it's a call to action. It encourages us to question authority, to empathize with the oppressed, and to actively engage in the ongoing struggle for social justice. Zinn's masterpiece remains relevant today, prompting continued critical examination of the American past and serving as an invaluable resource for understanding the nation's present and shaping its future. The book's impact on subsequent historical scholarship and social movements is undeniable and continues to shape dialogues surrounding social justice and equality.

FAQs

1. What makes *A People's History of the United States: 1492-Present* different from other histories? It centers the experiences of marginalized groups, offering a counter-narrative to traditional, often celebratory, accounts of American history.
1. Is *A People's History of the United States: 1492-Present* biased? While it presents a particular perspective, acknowledging the experiences of the oppressed, its bias is towards inclusivity and a more complete historical understanding.
1. Who is the intended audience of *A People's History of the United States: 1492-Present*? The book appeals to a broad audience, from students and scholars to anyone interested in a more nuanced understanding of American history.
1. What are the main criticisms of *A People's History of the United States: 1492-Present*? Some critics argue that it oversimplifies complex historical events or that its focus on conflict overshadows other aspects of American life.
1. Has *A People's History of the United States: 1492-Present* influenced current events? Absolutely. Its emphasis on social justice and its critique of power structures continue to inspire activism and social movements.

1. Is *A People's History of the United States: 1492-Present* still relevant today? More than ever. Its themes of inequality, oppression, and the struggle for social justice remain intensely relevant in contemporary society.
1. What are some good companion books to read alongside *A People's History of the United States: 1492-Present*? Books exploring specific historical periods or social movements mentioned in Zinn's work, such as biographies of key figures or studies of particular events.
1. Where can I buy *A People's History of the United States: 1492-Present*? It's widely available at bookstores and online retailers.
1. How has *A People's History of the United States: 1492-Present* impacted historical scholarship? It has spurred a wave of scholarship focusing on marginalized voices and challenging traditional narratives, leading to a more inclusive and comprehensive understanding of American history.

a peoples history of the united states 1492 present: A People's History of the United States Howard Zinn, 2003-02-04 Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

a peoples history of the united states 1492 present: A People's History of the United States Howard Zinn, 1999-12-01 Presents the history of the United States from the point of view of those who were exploited in the name of American progress

a peoples history of the united states 1492 present: Voices of a People's History of the United States Howard Zinn, Anthony Arnove, 2011-01-04 Here in their own words are Frederick

Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States*, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's *A People's History of the United States*, *Voices of a People's History* is the long-awaited companion volume to the national bestseller. For *Voices*, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. *Voices of a People's History* is a symphony of our nation's original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation's true spirit of defiance and resilience.

a peoples history of the united states 1492 present: A People's History of the United States Howard Zinn, 2010-01-26 "It's a wonderful, splendid book—a book that should be read by every American, student or otherwise, who wants to understand his country, its true history, and its hope for the future." —Howard Fast, author of *Spartacus* and *The Immigrants* "[It] should be required reading." —Eric Foner, *New York Times Book Review Library Journal* calls Howard Zinn's iconic *A People's History of the United States* "a brilliant and moving history of the American people from the point of view of those...whose plight has been largely omitted from most histories." Packed with vivid details and telling quotations, Zinn's award-winning classic continues to revolutionize the way American history is taught and remembered. Frequent appearances in popular media such as *The Sopranos*, *The Simpsons*, *Good Will Hunting*, and the History Channel documentary *The People Speak* testify to Zinn's ability to bridge the generation gap with enduring insights into the birth, development, and destiny of the nation.

a peoples history of the united states 1492 present: A People's History of American Empire Howard Zinn, Mike Konopacki, Paul Buhle, 2008-04 Adapted from the critically acclaimed chronicle of U.S. history, a study of American expansionism around the world is told from a grassroots perspective and provides an analysis of important events from Wounded Knee to Iraq.

a peoples history of the united states 1492 present: A People's History for the Classroom Bill Bigelow, Howard Zinn, 2008 Presents a collection of lessons and activities for teaching American history for students in middle school and high school.

a peoples history of the united states 1492 present: A People's History of the Civil War David Williams, 2011-05-10 "Does for the Civil War period what Howard Zinn's *A People's History of the United States* did for the study of American history in general." —*Library Journal* Historian David Williams has written the first account of the American Civil War as viewed through the eyes of ordinary people—foot soldiers, slaves, women, prisoners of war, draft resisters, Native Americans, and others. Richly illustrated with little-known anecdotes and firsthand testimony, this path-breaking narrative moves beyond presidents and generals to tell a new and powerful story about America's most destructive conflict. *A People's History of the Civil War* is a "readable social history" that "sheds fascinating light" on this crucial period. In so doing, it recovers the long-overlooked perspectives and forgotten voices of one of the defining chapters of American history (*Publishers Weekly*). "Meticulously researched and persuasively argued." —*The Atlanta Journal-Constitution*

a peoples history of the united states 1492 present: An Indigenous Peoples' History of the United States for Young People Roxanne Dunbar-Ortiz, 2019-07-23 2020 American Indian Youth Literature Young Adult Honor Book 2020 Notable Social Studies Trade Books for Young People, selected by National Council for the Social Studies (NCSS) and the Children's Book Council 2019 Best-Of Lists: Best YA Nonfiction of 2019 (*Kirkus Reviews*) · Best Nonfiction of 2019 (*School Library Journal*) · Best Books for Teens (*New York Public Library*) · Best Informational Books for Older Readers (*Chicago Public Library*) Spanning more than 400 years, this classic bottom-up history examines the legacy of Indigenous peoples' resistance, resilience, and steadfast fight against imperialism. Going beyond the story of America as a country "discovered" by a few brave men in the

"New World," Indigenous human rights advocate Roxanne Dunbar-Ortiz reveals the roles that settler colonialism and policies of American Indian genocide played in forming our national identity. The original academic text is fully adapted by renowned curriculum experts Debbie Reese and Jean Mendoza, for middle-grade and young adult readers to include discussion topics, archival images, original maps, recommendations for further reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history.

a peoples history of the united states 1492 present: *A People's History of the United States* Howard Zinn, Kathy Emery, Ellen Reeves, 2003 This brilliant and moving history of the American people (Library Journal) presents more than 500 years of American social and cultural history, going well beyond the wars and presidencies contained in traditional texts to tell the stories of working men and women. Abridged for use in the classroom.

a peoples history of the united states 1492 present: *A Young People's History of the United States* Howard Zinn, 2011-01-04 *A Young People's History of the United States* brings to US history the viewpoints of workers, slaves, immigrants, women, Native Americans, and others whose stories, and their impact, are rarely included in books for young people. *A Young People's History of the United States* is also a companion volume to *The People Speak*, the film adapted from *A People's History of the United States* and *Voices of a People's History of the United States*. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn in the volumes of *A Young People's History of the United States* presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals.

a peoples history of the united states 1492 present: *Debunking Howard Zinn* Mary Grabar, 2019-08-20 Howard Zinn's *A People's History of the United States* has sold more than 2.5 million copies. It is pushed by Hollywood celebrities, defended by university professors who know better, and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression, slavery, and exploitation. Zinn's history is popular, but it is also massively wrong. Scholar Mary Grabar exposes just how wrong in her stunning new book *Debunking Howard Zinn*, which demolishes Zinn's Marxist talking points that now dominate American education. In *Debunking Howard Zinn*, you'll learn, contra Zinn: How Columbus was not a genocidal maniac, and was, in fact, a defender of Indians Why the American Indians were not feminist-communist sexual revolutionaries ahead of their time How the United States was founded to protect liberty, not white males' ill-gotten wealth Why Americans of the "Greatest Generation" were not the equivalent of Nazi war criminals How the Viet Cong were not well-meaning community leaders advocating for local self-rule Why the Black Panthers were not civil rights leaders Grabar also reveals Zinn's bag of dishonest rhetorical tricks: his slavish reliance on partisan history, explicit rejection of historical balance, and selective quotation of sources to make them say the exact opposite of what their authors intended. If you care about America's past—and our future—you need this book.

a peoples history of the united states 1492 present: *U.S. History* P. Scott Corbett, Volker Janssen, John M. Lund, Todd Pfannestiel, Sylvie Waskiewicz, Paul Vickery, 2024-09-10 *U.S. History* is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). *U.S. History* covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

a peoples history of the united states 1492 present: *A People's History of the World* Chris Harman, 2017-05-02 Building on *A People's History of the United States*, this radical world history captures the broad sweep of human history from the perspective of struggling classes. An "indispensable volume" on class and capitalism throughout the ages—for readers reckoning with the

history they were taught and history as it truly was (Howard Zinn) From the earliest human societies to the Holy Roman Empire, from the Middle Ages to the Enlightenment, from the Industrial Revolution to the end of the twentieth century, Chris Harman provides a brilliant and comprehensive history of the human race. Eschewing the standard accounts of "Great Men," of dates and kings, Harman offers a groundbreaking counter-history, a breathtaking sweep across the centuries in the tradition of "history from below." In a fiery narrative, he shows how ordinary men and women were involved in creating and changing society and how conflict between classes was often at the core of these developments. While many scholars see the victory of capitalism as now safely secured, Harman explains the rise and fall of societies and civilizations throughout the ages and demonstrates that history moves ever onward in every age. A vital corrective to traditional history, *A People's History of the World* is essential reading for anyone interested in how society has changed and developed and the possibilities for further radical progress.

a peoples history of the united states 1492 present: An Indigenous Peoples' History of the United States (10th Anniversary Edition) Roxanne Dunbar-Ortiz, 2023-10-03 New York Times Bestseller Now part of the HBO docuseries *Exterminate All the Brutes*, written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

a peoples history of the united states 1492 present: A People's History of the United States Howard Zinn, 2012-11 The Abridged Teaching Edition of *A People's History of the United States* has made Howard Zinn's original text available specifically for classroom use. With exercises and teaching materials to accompany each chapter, this edition spans American Beginnings, Reconstruction, the Civil War and through to the present, with new chapters on the Clinton Presidency, the 2000 elections, and the War on Terrorism.

a peoples history of the united states 1492 present: *The Immigrants* Howard Fast, 2010-03-01 A most wonderful book...there hasn't been a novel in years that can do a job on readers' emotions that the last fifty pages of *The Immigrants* does.—Los Angeles Times The first book in bestselling author Howard Fast's beloved family saga, *The Immigrants* is a transcendent work of historical fiction. In this sweeping journey of love and fortune, master storyteller Howard Fast recounts the family saga of roughneck immigrants determined to make their way in America at the turn of the century. Quick to ascend from the tragic depths of the 1906 San Francisco earthquake, Dan Lavette becomes the head of a powerful shipping empire and establishes himself among the

city's cultural elite. But when he finds himself caught in a loveless marriage to the daughter of San Francisco's richest family, a scandalous love affair threatens to destroy the empire Dan has built for himself. The first novel of a compelling family saga, *The Immigrants* is fast-paced, emotional historical fiction that captures the wide range of relationships across Immigrant America during the tumultuous defining events of the early twentieth century. NOW A MOTION PICTURE

a peoples history of the united states 1492 present: *American History, Combined Edition* Thomas S. Kidd, 2019-12-01 In this combined edition, the full content of volumes 1 and 2 of Thomas Kidd's *American History* are brought together in a single, accessible textbook. This sweeping narrative spans the full scope of American history from the first Native American societies to the political and cultural struggles of contemporary times. In clear, readable prose, and with attention to well-known and more obscure figures from American history, Kidd gives a robust account of the events, people, and ideas that gave shape to our nation. Students will come away from *American History* well-informed, and better prepared to wrestle with the political and cultural changes that have dramatically transformed contemporary American life. Praise for *American History* "Thomas Kidd has succeeded well in providing a high quality American history text that integrates the usual political and social history with its religious dimensions." —George Marsden, professor of history emeritus, University of Notre Dame "Thomas Kidd explores the entirety of American history in this carefully researched and clearly written text. It is an ideal book for students new to American history as well as for older readers who would like a sprightly, objective, and discerning refresher." —Mark Noll, professor of history emeritus, University of Notre Dame, and research professor of history, Regent College

a peoples history of the united states 1492 present: A People's History of the Supreme Court Peter Irons, 2006-07-25 A comprehensive history of the people and cases that have changed history, this is the definitive account of the nation's highest court featuring a forward by Howard Zinn Recent changes in the Supreme Court have placed the venerable institution at the forefront of current affairs, making this comprehensive and engaging work as timely as ever. In the tradition of Howard Zinn's classic *A People's History of the United States*, Peter Irons chronicles the decisions that have influenced virtually every aspect of our society, from the debates over judicial power to controversial rulings in the past regarding slavery, racial segregation, and abortion, as well as more current cases about school prayer, the Bush/Gore election results, and enemy combatants. To understand key issues facing the supreme court and the current battle for the court's ideological makeup, there is no better guide than Peter Irons. This revised and updated edition includes a foreword by Howard Zinn. A sophisticated narrative history of the Supreme Court . . . [Irons] breathes abundant life into old documents and reminds readers that today's fiercest arguments about rights are the continuation of the endless American conversation. -Publisher's Weekly (starred review)

a peoples history of the united states 1492 present: A Disability History of the United States Kim E. Nielsen, 2012-10-02 The first book to cover the entirety of disability history, from pre-1492 to the present Disability is not just the story of someone we love or the story of whom we may become; rather it is undoubtedly the story of our nation. Covering the entirety of US history from pre-1492 to the present, *A Disability History of the United States* is the first book to place the experiences of people with disabilities at the center of the American narrative. In many ways, it's a familiar telling. In other ways, however, it is a radical repositioning of US history. By doing so, the book casts new light on familiar stories, such as slavery and immigration, while breaking ground about the ties between nativism and oralism in the late nineteenth century and the role of ableism in the development of democracy. *A Disability History of the United States* pulls from primary-source documents and social histories to retell American history through the eyes, words, and impressions of the people who lived it. As historian and disability scholar Nielsen argues, to understand disability history isn't to narrowly focus on a series of individual triumphs but rather to examine mass movements and pivotal daily events through the lens of varied experiences. Throughout the book, Nielsen deftly illustrates how concepts of disability have deeply shaped the American

experience—from deciding who was allowed to immigrate to establishing labor laws and justifying slavery and gender discrimination. Included are absorbing—at times horrific—narratives of blinded slaves being thrown overboard and women being involuntarily sterilized, as well as triumphant accounts of disabled miners organizing strikes and disability rights activists picketing Washington. Engrossing and profound, *A Disability History of the United States* fundamentally reinterprets how we view our nation's past: from a stifling master narrative to a shared history that encompasses us all.

a peoples history of the united states 1492 present: A Patriot's History of the United States Larry Schweikart, Michael Patrick Allen, 2004-12-29 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

a peoples history of the united states 1492 present: The Other Civil War Howard Zinn, 2011-03-15 *The Other Civil War* offers historian and activist Howard Zinn's view of the social and civil background of the American Civil War—a view that is rarely provided in standard historical texts. Drawn from his New York Times bestseller *A People's History of the United States*, this set of essays recounts the history of American labor, free and not free, in the years leading up to and during the Civil War. He offers an alternative yet necessary account of that terrible nation-defining epoch.

a peoples history of the united states 1492 present: Rethinking Columbus Bill Bigelow, Bob Peterson, 1998 Provides resources for teaching elementary and secondary school students about Christopher Columbus and the discovery of America.

a peoples history of the united states 1492 present: What's My Name, Fool? Dave Zirin, 2011-02 In *Whats My Name, Fool?* sports writer Dave Zirin shows how sports express the worst - and at times the most creative, exciting, and political - features of our society. Zirin's sharp and insightful commentary on the personalities, politics, and history of American sports is unlike any sports writing being done today. Zirin explores how NBA brawls highlight tensions beyond the arena, how the bold stances taken by sports unions can chart a path for the entire labor movement, and the unexplored political stirrings of a new generation of athletes who are no longer content to just "play one game at a time." *Whats My Name, Fool?* draws on original interviews with former heavyweight champ George Foreman, Olympic athlete John Carlos, NBA player and anti-death penalty activist Etan Thomas, antiwar womens college hoopster Toni Smith, Olympic Project for Human Rights leader Lee Evans and many others. It also unearths a history of athletes ranging from Jackie Robinson to Muhammad Ali to Billie Jean King, who charted a new course through their athletic ability and their outspoken views.

a peoples history of the united states 1492 present: These Truths: A History of the United States Jill Lepore, 2018-09-18 "Nothing short of a masterpiece." —NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its "sweeping, sobering account of the American past" (New York Times Book Review), Jill Lepore's one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered

on that promise? These Truths tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence of inequality, and the nature of technological change. "A nation born in contradiction... will fight, forever, over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With *These Truths*, Lepore has produced a book that will shape our view of American history for decades to come.

a peoples history of the united states 1492 present: A Queer History of the United States Michael Bronski, 2012-05-15 Winner of the Stonewall Book Award in nonfiction The first comprehensive history of lesbian, gay, bisexual, and transgender America, from pre-1492 to the present Readable, radical, and smart—a must read.—Alison Bechdel, author of *Fun Home* Intellectually dynamic and endlessly provocative, this is more than a "who's who" of queer history: it is a narrative that radically challenges how we understand American history. Drawing upon primary documents, literature, and cultural histories, scholar and activist Michael Bronski charts the breadth of lesbian, gay, bisexual, and transgender history, from 1492 to the present, a testament to how the LGBTQ+ experience has profoundly shaped American culture and history. American history abounds with unknown or ignored examples of queer life, from the ineffectiveness of sodomy laws in the colonies to the prevalence of cross-dressing women soldiers in the Civil War and resistance to homophobic social purity movements. Bronski highlights such groundbreaking moments of queer history as: • In the 1620s, Thomas Morton broke from Plymouth Colony and founded Merrymount, which celebrated same-sex desire, atheism, and interracial marriage. • Transgender evangelist Jemima Wilkinson, in the early 1800s, changed her name to Publick Universal Friend, refused to use pronouns, fought for gender equality, and led her own congregation in upstate New York. • In the mid-19th century, internationally famous Shakespearean actor Charlotte Cushman led an openly lesbian life, including a well-publicized "female marriage." • in the late 1920s, Augustus Granville Dill was fired by W. E. B. Du Bois from the NAACP's magazine the *Crisis* after being arrested for a homosexual encounter. Informative and empowering, this engrossing and revelatory treatise emphasizes that there is no American history without queer history.

a peoples history of the united states 1492 present: Howard Zinn's Southern Diary Robert Cohen, 2018-09-15 The activist and author of *A People's History of the United States* records an in-depth and personal account of the Civil Rights Movement in Atlanta. During the Civil Rights Movement of the 1960s, students of Spelman College, a black liberal arts college for women, were drawn into the historic protests occurring across Atlanta. At the time, Howard Zinn was a history professor at Spelman and served as an adviser to the Student Nonviolent Coordinating Committee. Zinn mentored many of Spelman's students fighting for civil rights at the time, including Alice Walker and Marian Wright Edelman. Zinn's involvement with the Atlanta student movement and his closeness to Spelman's leading activists gave him an insider's view of the political and intellectual world of Spelman, Atlanta University, and the SNCC. He recorded his many insights and observations of the time in his Spelman College diary. Robert Cohen presents Zinn's diary in full along with a thorough historical overview and helpful contextual notes. It is a fascinating historical document of the free speech, academic freedom, and student rights battles that rocked Spelman and led to Zinn's dismissal from the college in 1963 for supporting the student movement.

a peoples history of the united states 1492 present: The Language Encounter in the Americas, 1492-1800 Edward G. Gray, Norman Fiering, 2000 When Columbus arrived in the Americas there were, it is believed, as many as 2,000 distinct, mutually unintelligible tongues spoken in the western hemisphere, encompassing the entire area from the Arctic Circle to Tierra del Fuego. This astonishing fact has generally escaped the attention of historians, in part because many of these indigenous languages have since become extinct. And yet the burden of overcoming America's language barriers was perhaps the one problem faced by all peoples of the New World in

the early modern era: African slaves and Native Americans in the Lower Mississippi Valley; Jesuit missionaries and Huron-speaking peoples in New France; Spanish conquistadors and the Aztec rulers. All of these groups confronted America's complex linguistic environment, and all of them had to devise ways of transcending that environment - a problem that arose often with life or death implications. For the first time, historians, anthropologists, literature specialists, and linguists have come together to reflect, in the fifteen original essays presented in this volume, on the various modes of contact and communication that took place between the Europeans and the Natives. A particularly important aspect of this fascinating collection is the way it demonstrates the interactive nature of the encounter and how Native peoples found ways to shape and adapt imported systems of spoken and written communication to their own spiritual and material needs.

a peoples history of the united states 1492 present: *Truth Has a Power of Its Own* Howard Zinn, 2019-09-03 American history told from the bottom up by Howard Zinn himself—and the perfect all-ages introduction to his eye-opening viewpoint, published on Zinn's hundredth birthday *Truth Has a Power of Its Own* is an engrossing collection of conversations with the late Howard Zinn and “an eloquently hopeful introduction for those who haven't yet encountered Zinn's work” (Booklist). Here is an unvarnished, yet ultimately optimistic, tour of American history—told by someone who was often an active participant in it. Viewed through the lens of Zinn's own life as a soldier, historian, and activist and using his paradigm-shifting *A People's History of the United States* as a point of departure, these conversations explore the American Revolution, the Civil War, the labor battles of the nineteenth and twentieth centuries, U.S. imperialism from the Indian Wars to the War on Terrorism, World Wars I and II, the Cold War, and the fight for equality and immigrant rights—all from an unapologetically radical standpoint. Longtime admirers and a new generation of readers alike will be fascinated to learn about Zinn's thought processes, rationale, motivations, and approach to his now-iconic historical work. Zinn's humane (and often humorous) voice—along with his keen moral vision—shine through every one of these lively and thought-provoking conversations. Battles over the telling of our history still rage across the country, and there's no better person to tell it than Howard Zinn.

a peoples history of the united states 1492 present: *America in 1492* Alvin M. Josephy, Jr., 1993-02-02 When Columbus landed in 1492, the New World was far from being a vast expanse of empty wilderness: it was home to some seventy-five million people. They ranged from the Arctic to Tierra del Fuego, spoke as many as two thousand different languages, and lived in groups that varied from small bands of hunter-gatherers to the sophisticated and dazzling empires of the Incas and Aztecs. This brilliantly detailed and documented volume brings together essays by fifteen leading scholars field to present a comprehensive and richly evocative portrait of Native American life on the eve of Columbus's first landfall. Developed at the D'Arcy McNickle Center for the History of the American Indian and edited by award-winning author Alvin M. Josephy, Jr., *America in 1492* is an invaluable work that combines the insights of historians, anthropologists, and students of art, religion, and folklore. Its dozens of illustrations, drawn from largely from the rare books and manuscripts housed at the Newberry Library, open a window on worlds flourished in the Americas five hundred years ago.

a peoples history of the united states 1492 present: *A Power Governments Cannot Suppress* Howard Zinn, 2007 *A Power Governments Cannot Suppress* is Howard Zinn's major new collection of essays on American history, class, immigration, justice, and ordinary citizens who have made a difference.

a peoples history of the united states 1492 present: *The Zinn Reader* Howard Zinn, 2011-01-04 No other radical historian has reached so many hearts and minds as Howard Zinn. It is rare that a historian of the Left has managed to retain as much credibility while refusing to let his academic mantle change his beautiful writing style from being anything but direct, forthright, and

accessible. Whether his subject is war, race, politics, economic justice, or history itself, each of his works serves as a reminder that to embrace one's subjectivity can mean embracing one's humanity, that heart and mind can speak with one voice. Here, in six sections, is the historian's own choice of his shorter essays on some of the most critical problems facing America throughout its history, and today.

a peoples history of the united states 1492 present: Personal Narrative of the First Voyage of Columbus to America Christopher Columbus, 1827

a peoples history of the united states 1492 present: *Howard Zinn Speaks* Howard Zinn, 2012 Howard Zinn--there was no one like him. And to hear him speak was like listening to music that you loved--lyrical, uplifting, honest.--Michael Moore Zinn's speeches . . . are a joy and an inspiration.--Marisa Tomei Collected here for the first time, Howard's speeches come to us at the moment when we need them most: just as a global network of popular uprisings searches for what comes next.--Naomi Klein Howard Zinn was one of the great orators of the twentieth century and illuminated our history like no other historian. He rarely spoke from notes, and yet could weave rich historical narratives that inspired and captivated audiences. He could grab the attention of even the most jaded students and charm listeners with his sharp humor and personal, engaging style. Many of his speeches have never been published in book form. This first ever collection of his speeches will be an invaluable resource for new generations to continue to discover his work, as well as the millions he moved and informed in his lifetime. Howard Zinn wrote the classic *A People's History of the United States*. The book, which has sold more than two million copies, has been featured in the film *Good Will Hunting*, and has appeared multiple times on *The New York Times* best-seller list. Anthony Arnone wrote, directed, and produced *The People Speak* with Howard Zinn, Chris Moore, Josh Brolin, and Matt Damon, and co-edited, with Howard Zinn, *Voices of a People's History of the United States*.

a peoples history of the united states 1492 present: Howard Zinn on History Howard Zinn, 2011-06-14 Howard Zinn began work on his first book for his friends at Seven Stories Press in 1996, a big volume collecting all his shorter writings organized by subject. The themes he chose reflected his lifelong concerns: war, history, law, class, means and ends, and race. Throughout his life Zinn had returned again and again to these subjects, continually probing and questioning yet rarely reversing his convictions or the vision that informed them. The result was *The Zinn Reader*. Five years later, starting with *Howard Zinn on History*, updated editions of sections of that mammoth tome were published in inexpensive stand-alone editions. This second edition of *Howard Zinn on History* brings together twenty-seven short writings on activism, electoral politics, the Holocaust, Marxism, the Iraq War, and the role of the historian, as well as portraits of Eugene Debs, John Reed, and Jack London, effectively showing how Zinn's approach to history evolved over nearly half a century, and at the same time sharing his fundamental thinking that social movements—people getting together for peace and social justice—can change the course of history. That core belief never changed. Chosen by Zinn himself as the shorter writings on history he believed to have enduring value—originally appearing in newspapers like the *Boston Globe* or the *New York Times*; in magazines like *Z*, the *New Left*, the *Progressive*, or the *Nation*; or in his book *Failure to Quit*—these essays appear here as examples of the kind of passionate engagement he believed all historians, and indeed all citizens of whatever profession, need to have, standing in sharp contrast to the notion of objective or neutral history espoused by some. It is time that we scholars begin to earn our keep in this world, he writes in *The Uses of Scholarship*. And in *Freedom Schools*, about his experiences teaching in Mississippi during the remarkable Freedom Summer of 1964, he adds: Education can, and should, be dangerous.

a peoples history of the united states 1492 present: Rediscovering the American Republic, Volume 1 (1492-1877) Ryan MacPherson, 2018-07-10 This volume contains over 700 pages of time-tested teaching tools, including classic biographies of five of the most influential people in American history through the era of the Civil War: William Penn, George Washington, Thomas Jefferson, Andrew Jackson, and Abraham Lincoln. Each of these men sought to establish

both order and liberty in America, though they differed with their contemporaries as to the proper mix that would foster a lasting ordered liberty. Although none of them fully represented the era in which they lived, all of them interacted sufficiently with people of alternative persuasions to ensure that a focused study of their lives also will be revealing of a broad diversity of American experience. Primary source texts, time lines, and explanatory tables have been interspersed among the chapters of the biographies and organized into five distinct periods of American history: Pre-Columbian to British North America, 1492-1763; the Creation of the American Republic, 1763-1789; the Power of Political Parties, 1789-1836; Liberty, Slavery, and American Destiny, 1836-1860; and, finally, the Civil War and Reconstruction, 1860-1877. Hundreds of study questions bring distinct historical episodes into sharper focus. The result is full coverage of the most fundamental content essential to any advanced placement (AP) high school or introductory college survey course.

a peoples history of the united states 1492 present: The Twentieth Century Howard Zinn, 2009-10-13 "Professor Zinn writes with an enthusiasm rarely encountered in the leaden prose of academic history....[His] chapter on Vietnam—bringing to life once again the fire-free zones, secret bombings, massacres, and cover-ups—should be required reading."—New York Times Book Review Containing just the Twentieth Century chapters from Howard Zinn's bestselling *A People's History of the United States*, this reissue is brought up-to-date with coverage of events and developments since 2001, analyzing such incidents in modern political history such as the Gulf War, the post-Cold War "peace dividend," and the continuing debate over welfare, the Clinton presidency, and the "war on terrorism." Highlighting not just the usual terms of presidential administrations and congressional activities, this book provides readers with a "bottom-to-top" perspective, giving voice to our nation's minorities and letting the stories of such groups as African Americans, women, Native Americans, and the laborers of all nationalities be told in their own words. Challenging traditional interpretations of U.S. history, *The Twentieth Century* is the book for readers interested in gaining a more realistic and complete picture of our world.
