

a peoples history of the united states audio

A People's History of the United States Audio: A Critical Analysis

Keyword: a people's history of the united states audio

Introduction

Howard Zinn's *A People's History of the United States*, initially published in 1980, has become a cornerstone of alternative historical narratives. Its accessibility and powerful storytelling made it a widely read text, and the subsequent release of a people's history of the united states audio versions further broadened its reach. This analysis will delve into the historical context of the book, its enduring relevance in contemporary society, the author's background, and the impact of the audiobook format. We will also examine the publisher and editor's roles in ensuring the fidelity and accessibility of a people's history of the united states audio.

Historical Context and Authorial Background

Howard Zinn, a historian, playwright, and activist, penned *A People's History of the United States* from a perspective distinctly different from traditional, dominant narratives. Zinn, a veteran of World War II and a prominent figure in the Civil Rights and anti-war movements, brought a unique lens to his historical analysis. His personal experiences shaped his commitment to highlighting the voices and struggles of marginalized groups—Native Americans, enslaved people, women, workers, and other oppressed communities—often overlooked or minimized in mainstream historical accounts. This commitment is central to understanding the impact of a people's history of the united states audio. The book directly challenges the celebratory, often whitewashed, versions of American history, instead offering a counter-narrative focused on the experiences of those who suffered under systemic oppression.

The release of a people's history of the united states audio further amplified Zinn's message, making it accessible to a wider audience who may not have the time or inclination to read the extensive text. The audio format allows for listening during commutes, chores, or other activities, potentially reaching individuals who wouldn't engage with the written version. This expansion of accessibility is significant in ensuring a broader understanding of alternative historical perspectives. The availability of a people's history of the united states audio in various formats (abridged and unabridged) caters to different preferences and time commitments, enhancing its reach even further.

Current Relevance of A People's History of the United States

Audio

Despite being written decades ago, the themes explored in a people's history of the united states audio remain strikingly relevant today. Issues of racial injustice, economic inequality, and political power imbalances continue to shape American society. Zinn's analysis of historical events, particularly those concerning colonialism, slavery, and the ongoing struggles for civil rights, serves as a potent reminder of the systemic injustices that have persisted throughout American history. The audio format enhances this relevance by making Zinn's powerful words readily available to contemporary audiences grappling with similar issues. Listening to a people's history of the united states audio provides context for current events, demonstrating the long-standing nature of many social and political problems.

Furthermore, the audiobook version allows for a more emotional connection to the narrative. The narrator's intonation, pacing, and emphasis can amplify the impact of Zinn's writing, fostering a more visceral understanding of the suffering and resilience of marginalized communities. This emotional engagement is crucial for sparking dialogue and prompting critical reflection on the past and its implications for the present. The accessibility offered by a people's history of the united states audio is thus not just a matter of convenience but also a means of enhancing the emotional resonance and lasting impact of Zinn's work.

Publisher and Editor: Ensuring Accuracy and Accessibility

The publisher of a people's history of the united states audio plays a critical role in disseminating Zinn's work. The publisher's reputation and experience in handling historical texts are vital in ensuring accuracy and maintaining the integrity of the original narrative. The choice of narrator, sound quality, and accompanying materials (if any) all influence the overall listening experience and the effectiveness of the message. A reputable publisher ensures that the audiobook maintains the author's intended meaning and tone while adapting it suitably for the audio format.

Similarly, the editor of a people's history of the united states audio, if applicable, plays a key role in maintaining the quality and accuracy of the production. An editor might be responsible for working with the narrator, overseeing the sound engineering process, and ensuring that any abridgments are done responsibly, preserving the essence of Zinn's argument. Their expertise contributes to the overall credibility and success of the audiobook. A skilled editor understands both the nuances of historical narrative and the technicalities of audio production, ensuring the final product accurately and effectively conveys Zinn's message.

Summary of Main Findings

A People's History of the United States audio offers a crucial counter-narrative to traditional American history, centering the experiences of marginalized groups. The audio format increases accessibility and emotional impact, enhancing the relevance of Zinn's work in contemporary society. The publisher and editor play crucial roles in ensuring the accuracy and effectiveness of the audiobook, contributing to the overall credibility and success of the project. The book's continued relevance lies in its ability to provide context for understanding ongoing struggles with social and political inequalities.

Conclusion

A People's History of the United States audio is not merely a historical account; it's a call to action. By bringing Zinn's powerful narrative to a wider audience through the accessibility of audio format, this version ensures that the voices of the marginalized continue to be heard and that the challenges of the past continue to inform present-day struggles for justice and equality. Its enduring popularity and ongoing relevance highlight the need for continuous critical engagement with America's past to foster a more just and equitable future.

FAQs

1. Is the audiobook a complete version of the book? Both abridged and unabridged versions of a people's history of the united states audio exist. Check the product description to determine which version you're purchasing.
1. Who is the narrator of a people's history of the united states audio? The narrator will vary depending on the publisher and version. Check the product details to see the specific narrator for each version.
1. How long does it take to listen to a people's history of the united states audio? The listening time depends on the version (abridged or unabridged) and listening speed.

a peoples history of the united states audio: [A People's History of the Supreme Court](#) Peter Irons, 2006-07-25 A comprehensive history of the people and cases that have changed history, this is

the definitive account of the nation's highest court featuring a forward by Howard Zinn Recent changes in the Supreme Court have placed the venerable institution at the forefront of current affairs, making this comprehensive and engaging work as timely as ever. In the tradition of Howard Zinn's classic *A People's History of the United States*, Peter Irons chronicles the decisions that have influenced virtually every aspect of our society, from the debates over judicial power to controversial rulings in the past regarding slavery, racial segregation, and abortion, as well as more current cases about school prayer, the Bush/Gore election results, and enemy combatants. To understand key issues facing the supreme court and the current battle for the court's ideological makeup, there is no better guide than Peter Irons. This revised and updated edition includes a foreword by Howard Zinn. A sophisticated narrative history of the Supreme Court . . . [Irons] breathes abundant life into old documents and reminds readers that today's fiercest arguments about rights are the continuation of the endless American conversation. -Publisher's Weekly (starred review)

a peoples history of the united states audio: *A People's History of American Empire* Howard Zinn, Mike Konopacki, Paul Buhle, 2008-04 Adapted from the critically acclaimed chronicle of U.S. history, a study of American expansionism around the world is told from a grassroots perspective and provides an analysis of important events from Wounded Knee to Iraq.

a peoples history of the united states audio: Voices of a People's History of the United States Howard Zinn, Anthony Arnove, 2011-01-04 Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States*, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's *A People's History of the United States*, *Voices of a People's History* is the long-awaited companion volume to the national bestseller. For *Voices*, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. *Voices of a People's History* is a symphony of our nation's original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation's true spirit of defiance and resilience.

a peoples history of the united states audio: *A People's History of the United States* Howard Zinn, 2003-02-04 Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

a peoples history of the united states audio: *A Young People's History of the United States* Howard Zinn, 2011-01-04 *A Young People's History of the United States* brings to US history the viewpoints of workers, slaves, immigrants, women, Native Americans, and others whose stories, and their impact, are rarely included in books for young people. *A Young People's History of the United States* is also a companion volume to *The People Speak*, the film adapted from *A People's History of*

the United States and *Voices of a People's History of the United States*. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn in the volumes of *A Young People's History of the United States* presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals.

a peoples history of the united states audio: *A People's History of the World* Chris Harman, 2017-05-02 Building on *A People's History of the United States*, this radical world history captures the broad sweep of human history from the perspective of struggling classes. An "indispensable volume" on class and capitalism throughout the ages—for readers reckoning with the history they were taught and history as it truly was (Howard Zinn) From the earliest human societies to the Holy Roman Empire, from the Middle Ages to the Enlightenment, from the Industrial Revolution to the end of the twentieth century, Chris Harman provides a brilliant and comprehensive history of the human race. Eschewing the standard accounts of "Great Men," of dates and kings, Harman offers a groundbreaking counter-history, a breathtaking sweep across the centuries in the tradition of "history from below." In a fiery narrative, he shows how ordinary men and women were involved in creating and changing society and how conflict between classes was often at the core of these developments. While many scholars see the victory of capitalism as now safely secured, Harman explains the rise and fall of societies and civilizations throughout the ages and demonstrates that history moves ever onward in every age. A vital corrective to traditional history, *A People's History of the World* is essential reading for anyone interested in how society has changed and developed and the possibilities for further radical progress.

a peoples history of the united states audio: *What's My Name, Fool?* Dave Zirin, 2011-02 In *Whats My Name, Fool?* sports writer Dave Zirin shows how sports express the worst - and at times the most creative, exciting, and political - features of our society. Zirins sharp and insightful commentary on the personalities, politics, and history of American sports is unlike any sports writing being done today. Zirin explores how NBA brawls highlight tensions beyond the arena, how the bold stances taken by sports unions can chart a path for the entire labor movement, and the unexplored political stirrings of a new generation of athletes who are no longer content to just "play one game at a time." *Whats My Name, Fool?* draws on original interviews with former heavyweight champ George Foreman, Olympic athlete John Carlos, NBA player and anti-death penalty activist Etan Thomas, antiwar womens college hoopster Toni Smith, Olympic Project for Human Rights leader Lee Evans and many others. It also unearths a history of athletes ranging from Jackie Robinson to Muhammad Ali to Billie Jean King, who charted a new course through their athletic ability and their outspoken views.

a peoples history of the united states audio: *An Indigenous Peoples' History of the United States (10th Anniversary Edition)* Roxanne Dunbar-Ortiz, 2023-10-03 New York Times Bestseller Now part of the HBO docuseries *Exterminate All the Brutes*, written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding

myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. An Indigenous Peoples' History of the United States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

a peoples history of the united states audio: A People's History of the Civil War David Williams, 2011-05-10 "Does for the Civil War period what Howard Zinn's A People's History of the United States did for the study of American history in general." —Library Journal Historian David Williams has written the first account of the American Civil War as viewed through the eyes of ordinary people—foot soldiers, slaves, women, prisoners of war, draft resisters, Native Americans, and others. Richly illustrated with little-known anecdotes and firsthand testimony, this path-breaking narrative moves beyond presidents and generals to tell a new and powerful story about America's most destructive conflict. A People's History of the Civil War is a "readable social history" that "sheds fascinating light" on this crucial period. In so doing, it recovers the long-overlooked perspectives and forgotten voices of one of the defining chapters of American history (Publishers Weekly). "Meticulously researched and persuasively argued." —The Atlanta Journal-Constitution

a peoples history of the united states audio: Blood Crazy Simon Clark, 2014-10-28 It is a quiet, uneventful Saturday in Doncaster. Nick Aten, and his best friend Steve Price – troubled seventeen year olds – spend it as usual hanging around the sleepy town, eating fast food and planning their revenge on Tug Slatter, a local bully and their arch-enemy. But by Sunday, Tug Slatter becomes the last of their worries because somehow overnight civilization is in ruins. Adults have become murderously insane – literally. They're infected with an uncontrollable urge to kill the young. Including their own children. As Nick and Steve try to escape the deadly town covered with the mutilated bodies of kids, a group of blood-thirsty adults ambushes them. Just a day before they were caring parents and concerned teachers, today they are savages destroying the future generation. Will Nick and Steve manage to escape? Is their hope that outside the Doncaster borders the world is 'normal' just a childish dream? Blood Crazy, first published in 1995, is a gripping, apocalyptic horror from Simon Clark.

a peoples history of the united states audio: The Twentieth Century Howard Zinn, 2009-10-13 "Professor Zinn writes with an enthusiasm rarely encountered in the leaden prose of academic history....[His] chapter on Vietnam—bringing to life once again the fire-free zones, secret bombings, massacres, and cover-ups—should be required reading." —New York Times Book Review Containing just the Twentieth Century chapters from Howard Zinn's bestselling A People's History of the United States, this reissue is brought up-to-date with coverage of events and developments since 2001, analyzing such incidents in modern political history such as the Gulf War, the post-Cold War "peace dividend," and the continuing debate over welfare, the Clinton presidency, and the "war on terrorism." Highlighting not just the usual terms of presidential administrations and congressional activities, this book provides readers with a "bottom-to-top" perspective, giving voice to our nation's minorities and letting the stories of such groups as African Americans, women, Native Americans, and the laborers of all nationalities be told in their own words. Challenging traditional interpretations of U.S. history, The Twentieth Century is the book for readers interested in gaining a more realistic and complete picture of our world.

a peoples history of the united states audio: A People's History of the U.S. Military Michael A. Bellesiles, 2012-09-11 In A People's History of the U.S. Military, historian Michael A. Bellesiles draws from three centuries of soldiers' personal encounters with combat—through fascinating excerpts from letters, diaries, and memoirs, as well as audio recordings, film, and

blogs—to capture the essence of the American military experience firsthand, from the American Revolution to the wars in Iraq and Afghanistan. Military service can shatter and give meaning to lives; it is rarely a neutral encounter, and has contributed to a rich outpouring of personal testimony from the men and women who have literally placed their lives on the line. The often dramatic and always richly textured first-person accounts collected in this book cover a wide range of perspectives, from ardent patriots to disillusioned cynics; barely literate farm boys to urbane college graduates; scions of founding families to recent immigrants, enthusiasts, and dissenters; women disguising themselves as men in order to serve their country to African Americans fighting for their freedom through military service. A work of great relevance and immediacy—as the nation grapples with the return of thousands of men and women from active military duty—*A People's History of the U.S. Military* will become a major new touchstone for our understanding of American military service.

a peoples history of the united states audio: *The Other Civil War* Howard Zinn, 2011-03-15
The Other Civil War offers historian and activist Howard Zinn's view of the social and civil background of the American Civil War—a view that is rarely provided in standard historical texts. Drawn from his New York Times bestseller *A People's History of the United States*, this set of essays recounts the history of American labor, free and not free, in the years leading up to and during the Civil War. He offers an alternative yet necessary account of that terrible nation-defining epoch.

a peoples history of the united states audio: *Debunking Howard Zinn* Mary Grabar, 2019-08-20
Howard Zinn's *A People's History of the United States* has sold more than 2.5 million copies. It is pushed by Hollywood celebrities, defended by university professors who know better, and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression, slavery, and exploitation. Zinn's history is popular, but it is also massively wrong. Scholar Mary Grabar exposes just how wrong in her stunning new book *Debunking Howard Zinn*, which demolishes Zinn's Marxist talking points that now dominate American education. In *Debunking Howard Zinn*, you'll learn, contra Zinn: How Columbus was not a genocidal maniac, and was, in fact, a defender of Indians Why the American Indians were not feminist-communist sexual revolutionaries ahead of their time How the United States was founded to protect liberty, not white males' ill-gotten wealth Why Americans of the "Greatest Generation" were not the equivalent of Nazi war criminals How the Viet Cong were not well-meaning community leaders advocating for local self-rule Why the Black Panthers were not civil rights leaders Grabar also reveals Zinn's bag of dishonest rhetorical tricks: his slavish reliance on partisan history, explicit rejection of historical balance, and selective quotation of sources to make them say the exact opposite of what their authors intended. If you care about America's past—and our future—you need this book.

a peoples history of the united states audio: *You Can't Be Neutral on a Moving Train* Howard Zinn, 2018-09-18
If you're both overcome and angered by the atrocities of our time, this will inspire a "new generation of activists and ordinary people who search for hope in the darkness" (Keeanga-Yamahtta Taylor). Is change possible? Where will it come from? Can we actually make a difference? How do we remain hopeful? Howard Zinn—activist, historian, and author of *A People's History of the United States*—was a participant in and chronicler of some of the landmark struggles for racial and economic justice in US history. In his memoir, *You Can't Be Neutral on a Moving Train*, Zinn reflects on more than thirty years of fighting for social change, from his teenage years as a laborer in Brooklyn to teaching at Spelman College, where he emerged in the civil rights movement as a powerful voice for justice. A former bombardier in World War II, he later became an outspoken antiwar activist, spirited protestor, and champion of civil disobedience. Throughout his life, Zinn was unwavering in his belief that "small acts, when multiplied by millions of people, can transform the world." With a foreword from activist and scholar Keeanga-Yamahtta Taylor, this revised edition will inspire a new generation of readers to believe that change is possible.

a peoples history of the united states audio: *A Renegade History of the United States* Thaddeus Russell, 2011-07-05
From the Publisher: In this groundbreaking book, noted historian

Thaddeus Russell tells a new and surprising story about the origins of American freedom. Rather than crediting the standard textbook icons, Russell demonstrates that it was those on the fringes of society whose subversive lifestyles helped legitimize the taboo and made America the land of the free. In vivid portraits of renegades and their respectable adversaries, Russell shows that the nation's history has been driven by clashes between those interested in preserving social order and those more interested in pursuing their own desires - insiders versus outsiders, good citizens versus bad. The more these accidental revolutionaries existed, resisted, and persevered, the more receptive society became to change. Russell brilliantly and vibrantly argues that it was history's iconoclasts who established many of our most cherished liberties. Russell finds these pioneers of personal freedom in the places that usually go unexamined - saloons and speakeasies, brothels and gambling halls, and even behind the Iron Curtain. He introduces a fascinating array of antiheroes: drunken workers who created the weekend; prostitutes who set the precedent for women's liberation, including Diamond Jessie Hayman, a madam who owned her own land, used her own guns, provided her employees with clothes on the cutting-edge of fashion, and gave food and shelter to the thousands left homeless by the 1906 San Francisco earthquake; there are also the criminals who pioneered racial integration, unassimilated immigrants who gave us birth control, and brazen homosexuals who broke open America's sexual culture. Among Russell's most controversial points is his argument that the enemies of the renegade freedoms we now hold dear are the very heroes of our history books - he not only takes on traditional idols like John Adams, Thomas Jefferson, Andrew Carnegie, John Rockefeller, Thomas Edison, Franklin Roosevelt, and John F. Kennedy, but he also shows that some of the most famous and revered abolitionists, progressive activists, and leaders of the feminist, civil rights, and gay rights movements worked to suppress the vibrant energies of working-class women, immigrants, African Americans, and the drag queens who founded Gay Liberation. This is not history that can be found in textbooks - it is a highly original and provocative portrayal of the American past as it has never been written before.

a peoples history of the united states audio: A People's History of Sports in the United States Dave Zirin, 2009 A riotously entertaining chronicle of larger-than-life sporting characters and dramatic contests, this is an alternative political history of the United States as seen through the games its people played. Replete with surprises for seasoned sports, it will also amaze anyone interested in history with the connections Zirin draws between politics and sports. A groundbreaking book, it looks at the history of sports in the US through the lens of politics and culture, and shows how athlete-rebels have used sports for social and political change.

a peoples history of the united states audio: A Patriot's History of the United States Larry Schweikart, Michael Patrick Allen, 2004-12-29 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. A Patriot's History of the United States corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

a peoples history of the united states audio: Truth Has a Power of Its Own Howard Zinn, 2019-09-03 American history told from the bottom up by Howard Zinn himself—and the perfect all-ages introduction to his eye-opening viewpoint, published on Zinn's hundredth birthday Truth Has a Power of Its Own is an engrossing collection of conversations with the late Howard Zinn and "an eloquently hopeful introduction for those who haven't yet encountered Zinn's work" (Booklist). Here is an unvarnished, yet ultimately optimistic, tour of American history—told by someone who was often an active participant in it. Viewed through the lens of Zinn's own life as a soldier,

historian, and activist and using his paradigm-shifting *A People's History of the United States* as a point of departure, these conversations explore the American Revolution, the Civil War, the labor battles of the nineteenth and twentieth centuries, U.S. imperialism from the Indian Wars to the War on Terrorism, World Wars I and II, the Cold War, and the fight for equality and immigrant rights—all from an unapologetically radical standpoint. Longtime admirers and a new generation of readers alike will be fascinated to learn about Zinn's thought processes, rationale, motivations, and approach to his now-iconic historical work. Zinn's humane (and often humorous) voice—along with his keen moral vision—shine through every one of these lively and thought-provoking conversations. Battles over the telling of our history still rage across the country, and there's no better person to tell it than Howard Zinn.

a peoples history of the united states audio: [The Untold History of the United States](#) Oliver Stone, Peter Kuznick, 2013-10-15 Companion to the documentary series of the same name.

a peoples history of the united states audio: **A Little History of the United States** James West Davidson, 2015-09-15 How did a land and people of such immense diversity come together under a banner of freedom and equality to form one of the most remarkable nations in the world? Everyone from young adults to grandparents will be fascinated by the answers uncovered in James West Davidson's vividly told *A Little History of the United States*. In 300 fast-moving pages, Davidson guides his readers through 500 years, from the first contact between the two halves of the world to the rise of America as a superpower in an era of atomic perils and diminishing resources. In short, vivid chapters the book brings to life hundreds of individuals whose stories are part of the larger American story. Pilgrim William Bradford stumbles into an Indian deer trap on his first day in America; Harriet Tubman lets loose a pair of chickens to divert attention from escaping slaves; the toddler Andrew Carnegie, later an ambitious industrial magnate, gobbles his oatmeal with a spoon in each hand. Such stories are riveting in themselves, but they also spark larger questions to ponder about freedom, equality, and unity in the context of a nation that is, and always has been, remarkably divided and diverse.

a peoples history of the united states audio: **A People's Future of the United States** Charlie Jane Anders, Lesley Nneka Arimah, Charles Yu, 2019-02-05 A glittering landscape of twenty-five speculative stories that challenge oppression and envision new futures for America—from N. K. Jemisin, Charles Yu, Jamie Ford, G. Willow Wilson, Charlie Jane Anders, Hugh Howey, and more. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY In these tumultuous times, in our deeply divided country, many people are angry, frightened, and hurting. Knowing that imagining a brighter tomorrow has always been an act of resistance, editors Victor LaValle and John Joseph Adams invited an extraordinarily talented group of writers to share stories that explore new forms of freedom, love, and justice. They asked for narratives that would challenge oppressive American myths, release us from the chokehold of our history, and give us new futures to believe in. They also asked that the stories be badass. The result is this spectacular collection of twenty-five tales that blend the dark and the light, the dystopian and the utopian. These tales are vivid with struggle and hardship—whether it's the othered and the terrorized, or dragonriders and covert commandos—but these characters don't flee, they fight. Thrilling, inspiring, and a sheer joy to read, *A People's Future of the United States* is a gift for anyone who believes in our power to dream a just world. Featuring stories by Violet Allen • Charlie Jane Anders • Lesley Nneka Arimah • Ashok K. Banker • Tobias S. Buckell • Tananarive Due • Omar El Akkad • Jamie Ford • Maria Dahvana Headley • Hugh Howey • Lizz Huerta • Justina Ireland • N. K. Jemisin • Alice Sola Kim • Seanan McGuire • Sam J. Miller • Daniel José Older • Malka Older • Gabby Rivera • A. Merc Rustad • Kai Cheng Thom • Catherynne M. Valente • Daniel H. Wilson • G. Willow Wilson • Charles Yu

a peoples history of the united states audio: **U.S. History** P. Scott Corbett, Volker Janssen, John M. Lund, Todd Pfannestiel, Sylvie Waskiewicz, Paul Vickery, 2024-09-10 *U.S. History* is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have

shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). U.S. History covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

a peoples history of the united states audio: The History of the World John Morris Roberts, Odd Arne Westad, 2013 A survey of the major events, developments, and personalities that have shaped human history.

a peoples history of the united states audio: Postwar Tony Judt, 2006-09-05 Finalist for the Pulitzer Prize • Winner of the Council on Foreign Relations Arthur Ross Book Award • One of the New York Times' Ten Best Books of the Year "Impressive . . . Mr. Judt writes with enormous authority." —The Wall Street Journal "Magisterial . . . It is, without a doubt, the most comprehensive, authoritative, and yes, readable postwar history." —The Boston Globe Almost a decade in the making, this much-anticipated grand history of postwar Europe from one of the world's most esteemed historians and intellectuals is a singular achievement. Postwar is the first modern history that covers all of Europe, both east and west, drawing on research in six languages to sweep readers through thirty-four nations and sixty years of political and cultural change—all in one integrated, enthralling narrative. Both intellectually ambitious and compelling to read, thrilling in its scope and delightful in its small details, Postwar is a rare joy. Judt's book, *Ill Fares the Land*, republished in 2021 featuring a new preface by bestselling author of *Between the World and Me* and *The Water Dancer*, Ta-Nehisi Coates.

a peoples history of the united states audio: Politically Incorrect Guide to American History Thomas E. Woods, 2004-01-04 "The problem in America isn't so much what people don't know; the problem is what people think they know that just ain't so." —Thomas E. Woods Most Americans trust that their history professors and high school teachers will give students honest and accurate information. The *Politically Incorrect Guide to American History* makes it quite clear that liberal professors have misinformed our children for generations. Professor Thomas E. Woods, Jr. takes on the most controversial moments of American history and exposes how history books are merely a series of clichés drafted by academics who are heavily biased against God, democracy, patriotism, capitalism and most American family values. Woods reveals the truth behind many of today's prominent myths.... MYTH: The First Amendment prohibits school prayer MYTH: The New Deal created great prosperity MYTH: What the Supreme Court says, goes From the real American "revolutionaries" to the reality of labor unions, *The Politically Incorrect Guide to American History* is all you need for the truth about America—objective and unvarnished.

a peoples history of the united states audio: The Lessons of History Will Durant, Ariel Durant, 2012-08-21 A concise survey of the culture and civilization of mankind, *The Lessons of History* is the result of a lifetime of research from Pulitzer Prize-winning historians Will and Ariel Durant. With their accessible compendium of philosophy and social progress, the Durants take us on a journey through history, exploring the possibilities and limitations of humanity over time. Juxtaposing the great lives, ideas, and accomplishments with cycles of war and conquest, the Durants reveal the towering themes of history and give meaning to our own.

a peoples history of the united states audio: These Truths: A History of the United States Jill Lepore, 2018-09-18 "Nothing short of a masterpiece." —NPR Books A New York Times Bestseller and a Washington Post Notable Book of the Year In the most ambitious one-volume American history in decades, award-winning historian Jill Lepore offers a magisterial account of the origins and rise of a divided nation. Widely hailed for its "sweeping, sobering account of the American past" (New York Times Book Review), Jill Lepore's one-volume history of America places truth itself—a devotion to facts, proof, and evidence—at the center of the nation's history. The American experiment rests on three ideas—"these truths," Jefferson called them—political equality, natural rights, and the sovereignty of the people. But has the nation, and democracy itself, delivered on that promise? *These Truths* tells this uniquely American story, beginning in 1492, asking whether the course of events over more than five centuries has proven the nation's truths, or belied them. To answer that question, Lepore wrestles with the state of American politics, the legacy of slavery, the persistence

of inequality, and the nature of technological change. "A nation born in contradiction... will fight, forever, over the meaning of its history," Lepore writes, but engaging in that struggle by studying the past is part of the work of citizenship. With *These Truths*, Lepore has produced a book that will shape our view of American history for decades to come.

a peoples history of the united states audio: Part of Our Lives Wayne A. Wiegand, 2015 Challenges conventional thinking and top-down definitions, instead drawing on the library user's perspective to argue that the public library's most important function is providing commonplace reading materials and public space. Challenges a professional ethos about public libraries and their responsibilities to fight censorship and defend intellectual freedom. Demonstrates that the American public library has been (with some notable exceptions) a place that welcomed newcomers, accepted diversity, and constructed community since the end of the 19th century. Shows how stories that cultural authorities have traditionally disparaged- i.e. books that are not serious- have often been transformative for public library users.

a peoples history of the united states audio: A Good Country Sofia Ali-Khan, 2022-07-05 A leading advocate for social justice excavates the history of forced migration in the twelve American towns she's called home, revealing how White supremacy has fundamentally shaped the nation. "At a time when many would rather ban or bury the truth, Ali-Khan bravely faces it in this bracing and necessary book."—Ayad Akhtar, Pulitzer Prize-winning author of *Homeland Elegies* Sofia Ali-Khan's parents emigrated from Pakistan to America, believing it would be a good country. With a nerdy interest in American folk history and a devotion to the rule of law, Ali-Khan would pursue a career in social justice, serving some of America's most vulnerable communities. By the time she had children of her own—having lived, worked, and worshipped in twelve different towns across the nation—Ali-Khan felt deeply American, maybe even a little extra American for having seen so much of the country. But in the wake of 9/11, and on the cusp of the 2016 election, Ali-Khan's dream of a good life felt under constant threat. As the vitriolic attacks on Islam and Muslims intensified, she wondered if the American dream had ever applied to families like her own, and if she had gravely misunderstood her home. In *A Good Country*, Ali-Khan revisits the color lines in each of her twelve towns, unearthing the half-buried histories of forced migration that still shape every state, town, and reservation in America today. From the surprising origins of America's Chinatowns, the expulsion of Maroon and Seminole people during the conquest of Florida, to Virginia's stake in breeding humans for sale, Ali-Khan reveals how America's settler colonial origins have defined the law and landscape to maintain a White America. She braids this historical exploration with her own story, providing an intimate perspective on the modern racialization of American Muslims and why she chose to leave the United States. Equal parts memoir, history, and current events, *A Good Country* presents a vital portrait of our nation, its people, and the pathway to a better future.

a peoples history of the united states audio: A History of the World Andrew Marr, 2012-09-27 Fresh, exciting and vividly readable, this is popular history at its very best. Our understanding of world history is changing, as new discoveries are made on all the continents and old prejudices are being challenged. In this truly global journey, political journalist Andrew Marr revisits some of the traditional epic stories, from classical Greece and Rome to the rise of Napoleon, but surrounds them with less familiar material, from Peru to the Ukraine, China to the Caribbean. He looks at cultures that have failed and vanished, as well as the origins of today's superpowers, and finds surprising echoes and parallels across vast distances and epochs. *A History of the World* is a book about the great change-makers of history and their times, people such as Cleopatra, Genghis Khan, Galileo and Mao, but it is also a book about us. For 'the better we understand how rulers lose touch with reality, or why revolutions produce dictators more often than they produce happiness, or why some parts of the world are richer than others, the easier it is to understand our own times.'

a peoples history of the united states audio: The Making of Asian America Erika Lee, 2015-09 In the past fifty years, Asian Americans have helped change the face of America and are now the fastest growing group in the United States. But as ... historian Erika Lee reminds us, Asian Americans also have deep roots in the country. *The Making of Asian America* tells the little-known

history of Asian Americans and their role in American life, from the arrival of the first Asians in the Americas to the present-day. An epic history of global journeys and new beginnings, this book shows how generations of Asian immigrants and their American-born descendants have made and remade Asian American life in the United States: sailors who came on the first trans-Pacific ships in the 1500s to the Japanese Americans incarcerated during World War II. Over the past fifty years, a new Asian America has emerged out of community activism and the arrival of new immigrants and refugees. No longer a despised minority, Asian Americans are now held up as America's model minorities in ways that reveal the complicated role that race still plays in the United States. Published to commemorate the fiftieth anniversary of the passage of the United States' Immigration and Nationality Act of 1965 that has remade our nation of immigrants, this is a new and definitive history of Asian Americans. But more than that, it is a new way of understanding America itself, its complicated histories of race and immigration, and its place in the world today--Jacket.

a peoples history of the united states audio: A People's History of Christianity Diana Butler Bass, 2009-03-03 For too long, the history of Christianity has been told as the triumph of orthodox doctrine imposed through power and hierarchy. In *A People's History of Christianity*, historian and religion expert Diana Butler Bass reveals an alternate history that includes a deep social ethic and far-reaching inclusivity: the other side of the story is not a modern phenomenon, but has always been practiced within the church. Butler Bass persuasively argues that corrective—even subversive—beliefs and practices have always been hallmarks of Christianity and are necessary to nourish communities of faith. In the same spirit as Howard Zinn's groundbreaking work *The People's History of the United States*, Butler Bass's *A People's History of Christianity* brings to life the movements, personalities, and spiritual disciplines that have always informed and ignited Christian worship and social activism. *A People's History of Christianity* authenticates the vital, emerging Christian movements of our time, providing the historical evidence that celebrates these movements as thoroughly Christian and faithful to the mission and message of Jesus.

a peoples history of the united states audio: A People's History of the Russian Revolution Neil Faulkner, 2017 The Russian Revolution may be the most misunderstood and misrepresented event in modern history, its history told in a mix of legends and anecdotes. In *A People's History of the Russian Revolution*, Neil Faulkner sets out to debunk the myths and pry fact from fiction, putting at the heart of the story the Russian people who are the true heroes of this tumultuous tale. In this fast-paced introduction, Faulkner tells the powerful narrative of how millions of people came together in a mass movement, organized democratic assemblies, mobilized for militant action, and overturned a vast regime of landlords, profiteers, and warmongers. Faulkner rejects caricatures of Lenin and the Bolsheviks as authoritarian conspirators or the progenitors of Stalinist dictatorship, and forcefully argues that the Russian Revolution was an explosion of democracy and creativity--and that it was crushed by bloody counter-revolution and replaced with a form of bureaucratic state-capitalism. Grounded by powerful first-hand testimony, this history marks the centenary of the Revolution by restoring the democratic essence of the revolution, offering a perfect primer for the modern reader.

a peoples history of the united states audio: A People's History of Science Clifford Conner, 2005-11-08 Challenges popular beliefs that credit such figures as Galileo, Newton, and Einstein with bringing about modern science, explaining how everyday laborers participated in creating science and continue to do so today, in an account that also documents how the development of science affects ordinary people. Original.

a peoples history of the united states audio: Gods, Gachupines and Gringos Richard Grabman, 2008 The first complete history of Mexico for general readers in many years, and maybe the very first intentionally non-academic history of Mexico, *Gods, Gachupines and Gringos* is a solidly researched introduction to a surprisingly multi-cultural, multi-faceted nation.

a peoples history of the united states audio: Cahokia Timothy R. Pauketat, 2010-07-27 The fascinating story of a lost city and an unprecedented American civilization located in modern day Illinois near St. Louis While Mayan and Aztec civilizations are widely known and documented,

relatively few people are familiar with the largest prehistoric Native American city north of Mexico—a site that expert Timothy Pauketat brings vividly to life in this groundbreaking book. Almost a thousand years ago, a city flourished along the Mississippi River near what is now St. Louis. Built around a sprawling central plaza and known as Cahokia, the site has drawn the attention of generations of archaeologists, whose work produced evidence of complex celestial timepieces, feasts big enough to feed thousands, and disturbing signs of human sacrifice. Drawing on these fascinating finds, Cahokia presents a lively and astonishing narrative of prehistoric America.

a peoples history of the united states audio: A True History of the United States Daniel A. Sjsursen, 2021-06-01 “Thought-provoking—a must read for [everyone] seeking a firm grasp of accurate American history. —Kirkus (starred review) Brilliant, readable, and raw. Maj. (ret.) Danny Sjsursen, who served combat tours in Iraq and Afghanistan and later taught history at West Point, delivers a true epic and the perfect companion to Howard Zinn’s *A People’s History of the United States*. Sjsursen shifts the lens and challenges readers to think critically and to apply common sense to their understanding of our nation’s past—and present—so we can view history as never before. *A True History of the United States* was inspired by a course that Sjsursen taught to cadets at West Point, his alma mater. With chapter titles such as *Patriots or Insurgents?* and *The Decade That Roared and Wept*, *A True History* is accurate with respect to the facts and intellectually honest in its presentation and analysis. Essential reading for every American with a conscience. Meticulously researched, Sjsursen provides a more complete sense of history and encourages readers to view our country objectively. Sjsursen’s powerful storytelling reveals balanced portraits of key figures and the role they played. Sjsursen exposes the dominant historical narrative as at best myth, and at times a lie . . . He brings out from the shadows those who struggled, often at the cost of their own lives, for equality and justice. Their stories, so often ignored or trivialized, give us examples of who we should emulate and who we must become. —Chris Hedges, author of *Empire of Illusion* and *America: The Farewell Tour*

a peoples history of the united states audio: Canada: A People's History Volume 1 CBC, Don Gillmor, 2002-10-01 How can we know where we’re going if we don’t know where we are coming from? This question applies as much to nations as it does to travellers, and it rings especially loudly in the ears of Canadians. *Canada: A People’s History* doesn’t tell us where we are going, but it shows us where we have come from This richly illustrated book, the first of two volumes, tells the epic story of Canada from its earliest days to the arrival of the industrial age in the 1870s. Here is the story of the people who created this vast nation. The courageous explorers who tracked the vast wilderness; the adventurous settlers, many of them exiles from their homelands; the native peoples, crucial allies in the Europeans’ wars for possession of this land; the visionary politicians, and the shortsighted ones; but most of all the ordinary people who rose to the extraordinary challenge of building Canada. These people are all given voice here, their stories blending with accounts of the major events of the day. This is the story of Canada for the new millennium, one that draws on solid scholarship and presents the human drama and excitement of days gone by, one that makes past times memorable.

a peoples history of the united states audio: Americana Bhu Srinivasan, 2018-12-04 An absorbing and original narrative history of American capitalism NAMED A BEST BOOK OF 2017 BY THE ECONOMIST From the days of the Mayflower and the Virginia Company, America has been a place for people to dream, invent, build, tinker, and bet the farm in pursuit of a better life. *Americana* takes us on a four-hundred-year journey of this spirit of innovation and ambition through a series of Next Big Things -- the inventions, techniques, and industries that drove American history forward: from the telegraph, the railroad, guns, radio, and banking to flight, suburbia, and sneakers, culminating with the Internet and mobile technology at the turn of the twenty-first century. The result is a thrilling alternative history of modern America that reframes events, trends, and people we thought we knew through the prism of the value that, for better or for worse, this nation holds dearest: capitalism. In a winning, accessible style, Bhu Srinivasan boldly takes on four centuries of American enterprise, revealing the unexpected connections that link them. We learn how Andrew

Carnegie's early job as a telegraph messenger boy paved the way for his leadership of the steel empire that would make him one of the nation's richest men; how the gunmaker Remington reinvented itself in the postwar years to sell typewriters; how the inner workings of the Mafia mirrored the trend of consolidation and regulation in more traditional business; and how a 1950s infrastructure bill triggered a series of events that produced one of America's most enduring brands: KFC. Reliving the heady early days of Silicon Valley, we are reminded that the start-up is an idea as old as America itself. Entertaining, eye-opening, and sweeping in its reach, Americana is an exhilarating new work of narrative history.
