A People's History of the United States Audiobook: A Critical Analysis and Its Enduring Impact

Author: Howard Zinn

Author Expertise: Howard Zinn was a renowned historian, playwright, and activist. His expertise lay in American history, particularly focusing on the experiences of marginalized groups and challenging traditional narratives. His background as an activist significantly shaped his approach to historical writing, emphasizing social justice and the voices of the oppressed.

Publisher: HarperAudio

Publisher Credibility: HarperAudio is a prominent audiobook publisher with a long history of producing high-quality recordings across various genres. Their association with HarperCollins, a major publishing house, lends credibility to their productions, ensuring professional narration and sound engineering for the a people's history of the united states audiobook.

Editor: While a specific editor for the audiobook isn't publicly listed, the editorial team at HarperAudio would have overseen the production, ensuring accuracy in the adaptation of Zinn's work from print to audio format. This likely involved ensuring continuity, addressing any potential discrepancies between text and narration, and maintaining the integrity of Zinn's original message within the a people's history of the united states audiobook.

The Enduring Resonance of A People's History of the United States Audiobook

Howard Zinn's A People's History of the United States, initially published in 1980, remains a potent and controversial work. Its transformation into an audiobook has significantly broadened its reach, impacting current trends in historical discourse and social activism. Listening to the a people's history of the united states audiobook offers a unique experience, allowing for a more intimate engagement with Zinn's narrative, making it accessible to a wider audience, and thereby extending its influence.

Challenging the Traditional Narrative: A Bottom-Up Approach

The a people's history of the united states audiobook, unlike traditional accounts that focus primarily on political and military leaders, centers on the experiences of ordinary people – marginalized communities, workers, women, and people of color. Zinn meticulously details their struggles, contributions, and resistance against oppression throughout American history. This bottom-up perspective challenges the dominant narrative, forcing listeners to confront uncomfortable truths

about the nation's past. This perspective resonates particularly strongly in the current socio-political climate, marked by ongoing debates about racial justice, economic inequality, and social justice. The accessibility of the a people's history of the united states audiobook allows for a broader dissemination of these critical perspectives, fueling conversations and actions aimed at creating a more equitable society.

The Impact on Contemporary Discourse: Activism and Education

The a people's history of the united states audiobook has significantly impacted contemporary discourse in several ways. Firstly, its accessibility via the audio format has allowed it to reach a far wider audience than its print counterpart, especially among younger generations engaging with history through podcasts and audio learning platforms. Secondly, its narrative has significantly influenced the burgeoning field of critical race theory and discussions surrounding systemic oppression. The audiobook's detailed accounts of slavery, Jim Crow laws, and ongoing racial disparities provide a powerful context for understanding modern social movements and activism. This is not simply a recounting of the past; it's a potent tool for examining the roots of current inequalities and advocating for social change. The audiobook's impact extends to educational settings; its use in classrooms has sparked crucial dialogues, prompting students to critically examine traditional historical interpretations and fostering a deeper understanding of the complexities of American history.

Criticisms and Limitations: A Balanced Perspective

Despite its significant impact, A People's History of the United States audiobook has faced criticism. Some argue that Zinn's focus on marginalized groups overshadows the contributions and complexities of other historical actors. Others contend that his narrative presents a overly bleak and negative portrayal of American history, neglecting significant advancements and progress made throughout the years. The emphasis on conflict and oppression, while vital for a complete understanding, can be criticized for lacking nuance in the portrayal of individuals and events. It is important to note that the audiobook, like the original text, is a subjective interpretation of history, and it's crucial to engage with it alongside other historical accounts for a more comprehensive understanding of the past. A balanced approach requires consuming diverse perspectives and critically evaluating the biases inherent in all historical narratives. The a people's history of the united states audiobook should be considered a vital, but not exclusive, resource for understanding American history.

The Audiobook Experience: Accessibility and Engagement

The a people's history of the united states audiobook enhances accessibility. Listeners can consume the material while multitasking, making it more convenient for those with busy schedules. The audio format also allows for a more intimate and emotional connection to the narrative, as the narrator's voice brings Zinn's words to life. Furthermore, the audio format allows for a unique listening experience, fostering a personal and reflective engagement with the content. This enhanced accessibility, in turn, contributes to the a people's history of the united states audiobook's lasting influence on shaping historical understanding and activism.

Conclusion

The a people's history of the united states audiobook remains a powerful and influential work that continues to shape contemporary discourse on American history and social justice. While its narrative has faced criticism for its subjective perspective and focus on conflict, its accessibility via audio format has made its radical message available to a wider audience. By centering marginalized voices and challenging traditional narratives, the audiobook serves as a crucial tool for fostering critical thinking, inspiring activism, and promoting a more equitable understanding of the past and present. It is essential to approach it with a critical eye, engaging with multiple perspectives to gain a more complete understanding of American history.

FAQs

1. Is the a people's history of the united states audiobook suitable for all ages? While the audiobook is valuable for adults, some content might be challenging or disturbing for younger audiences due to its depiction of violence, oppression, and injustice. Parental guidance is advised.
1. What makes the audiobook format of A People's History unique? The audio format enhances accessibility, enabling listeners to engage with the material while multitasking. The narrator's voice brings the narrative to life, forging a deeper emotional connection.
1. How does a people's history of the united states audiobook differ from other historical accounts? Unlike traditional histories focusing primarily on leaders and major events, Zinn's work prioritizes the experiences of marginalized groups, offering a bottom-up perspective.
1. What are some common criticisms of A People's History of the United States? Some critics argue that the book overemphasizes conflict and neglects positive aspects of American history, and that its focus on marginalized groups might overshadow other significant historical actors and events.
1. Is a people's history of the united states audiobook suitable for educational purposes? Yes, it's frequently used in classrooms to spark critical thinking and discussions about diverse historical interpretations. However, it's crucial to use it in conjunction with other resources for a balanced perspective.

1. Where can I find the a people's history of the united states audiobook? It's available through major audiobook platforms like Audible, Spotify, and Google Play Books.
1. Is there a specific narrator for the a people's history of the united states audiobook? The specific narrator may vary depending on the version and platform, but reputable narrators are typically chosen to ensure high-quality listening experience.
1. How long does it take to listen to the a people's history of the united states audiobook? The audiobook's length varies based on narration speed, but it generally takes several hours to complete.
1. How has the a people's history of the united states audiobook impacted current social justice movements? The audiobook's accessibility and emphasis on marginalized voices have fueled discussions and actions related to racial justice, economic inequality, and other social justice issues.

a peoples history of the united states audiobook: A People's History of the United States
Howard Zinn, 2003-02-04 Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through

President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

a peoples history of the united states audiobook: *Voices of a People's History of the United States* Howard Zinn, Anthony Arnove, 2011-01-04 Here in their own words are Frederick Douglass, George Jackson, Chief Joseph, Martin Luther King Jr., Plough Jogger, Sacco and Vanzetti, Patti Smith, Bruce Springsteen, Mark Twain, and Malcolm X, to name just a few of the hundreds of voices that appear in *Voices of a People's History of the United States*, edited by Howard Zinn and Anthony Arnove. Paralleling the twenty-four chapters of Zinn's *A People's History of the United States*, *Voices of a People's History* is the long-awaited companion volume to the national bestseller. For *Voices*, Zinn and Arnove have selected testimonies to living history—speeches, letters, poems, songs—left by the people who make history happen but who usually are left out of history books—women, workers, nonwhites. Zinn has written short introductions to the texts, which range in length from letters or poems of less than a page to entire speeches and essays that run several pages. *Voices of a People's History* is a symphony of our nation's original voices, rich in ideas and actions, the embodiment of the power of civil disobedience and dissent wherein lies our nation's true spirit of defiance and resilience.

a peoples history of the united states audiobook: *A Young People's History of the United States* Howard Zinn, 2011-01-04 *A Young People's History of the United States* brings to US history the viewpoints of workers, slaves, immigrants, women, Native Americans, and others whose stories, and their impact, are rarely included in books for young people. *A Young People's History of the United States* is also a companion volume to *The People Speak*, the film adapted from *A People's History of the United States* and *Voices of a People's History of the United States*. Beginning with a look at Christopher Columbus's arrival through the eyes of the Arawak Indians, then leading the reader through the struggles for workers' rights, women's rights, and civil rights during the nineteenth and twentieth centuries, and ending with the current protests against continued American imperialism, Zinn in the volumes of *A Young People's History of the United States* presents a radical new way of understanding America's history. In so doing, he reminds readers that America's true greatness is shaped by our dissident voices, not our military generals.

a peoples history of the united states audiobook: *A People's History of the Supreme Court* Peter Irons, 2006-07-25 A comprehensive history of the people and cases that have changed history, this is the definitive account of the nation's highest court featuring a forward by Howard Zinn. Recent changes in the Supreme Court have placed the venerable institution at the forefront of current affairs, making this comprehensive and engaging work as timely as ever. In the tradition of Howard Zinn's classic *A People's History of the United States*, Peter Irons chronicles the decisions that have influenced virtually every aspect of our society, from the debates over judicial power to controversial rulings in the past regarding slavery, racial segregation, and abortion, as well as more current cases about school prayer, the Bush/Gore election results, and enemy combatants. To understand key issues facing the supreme court and the current battle for the court's ideological makeup, there is no better guide than Peter Irons. This revised and updated edition includes a foreword by Howard Zinn. A sophisticated narrative history of the Supreme Court . . . [Irons] breathes abundant life into old documents and reminds readers that today's fiercest arguments about rights are the continuation of the endless American conversation. -Publisher's Weekly (starred review)

a peoples history of the united states audiobook: *A People's History of the World* Chris Harman, 2017-05-02 Building on *A People's History of the United States*, this radical world history captures the broad sweep of human history from the perspective of struggling classes. An "indispensable volume" on class and capitalism throughout the ages—for readers reckoning with the history they were taught and history as it truly was (Howard Zinn) From the earliest human societies

to the Holy Roman Empire, from the Middle Ages to the Enlightenment, from the Industrial Revolution to the end of the twentieth century, Chris Harman provides a brilliant and comprehensive history of the human race. Eschewing the standard accounts of "Great Men," of dates and kings, Harman offers a groundbreaking counter-history, a breathtaking sweep across the centuries in the tradition of "history from below." In a fiery narrative, he shows how ordinary men and women were involved in creating and changing society and how conflict between classes was often at the core of these developments. While many scholars see the victory of capitalism as now safely secured, Harman explains the rise and fall of societies and civilizations throughout the ages and demonstrates that history moves ever onward in every age. A vital corrective to traditional history, *A People's History of the World* is essential reading for anyone interested in how society has changed and developed and the possibilities for further radical progress.

a peoples history of the united states audiobook: *A People's History of American Empire* Howard Zinn, Mike Konopacki, Paul Buhle, 2008-04 Adapted from the critically acclaimed chronicle of U.S. history, a study of American expansionism around the world is told from a grassroots perspective and provides an analysis of important events from Wounded Knee to Iraq.

a peoples history of the united states audiobook: *What's My Name, Fool?* Dave Zirin, 2011-02 In *Whats My Name, Fool?* sports writer Dave Zirin shows how sports express the worst - and at times the most creative, exciting, and political - features of our society. Zirin's sharp and insightful commentary on the personalities, politics, and history of American sports is unlike any sports writing being done today. Zirin explores how NBA brawls highlight tensions beyond the arena, how the bold stances taken by sports unions can chart a path for the entire labor movement, and the unexplored political stirrings of a new generation of athletes who are no longer content to just "play one game at a time." *Whats My Name, Fool?* draws on original interviews with former heavyweight champ George Foreman, Olympic athlete John Carlos, NBA player and anti-death penalty activist Etan Thomas, antiwar women's college hoopster Toni Smith, Olympic Project for Human Rights leader Lee Evans and many others. It also unearths a history of athletes ranging from Jackie Robinson to Muhammad Ali to Billie Jean King, who charted a new course through their athletic ability and their outspoken views.

a peoples history of the united states audiobook: *A People's History of the Civil War* David Williams, 2011-05-10 "Does for the Civil War period what Howard Zinn's *A People's History of the United States* did for the study of American history in general." —Library Journal Historian David Williams has written the first account of the American Civil War as viewed through the eyes of ordinary people—foot soldiers, slaves, women, prisoners of war, draft resisters, Native Americans, and others. Richly illustrated with little-known anecdotes and firsthand testimony, this path-breaking narrative moves beyond presidents and generals to tell a new and powerful story about America's most destructive conflict. *A People's History of the Civil War* is a "readable social history" that "sheds fascinating light" on this crucial period. In so doing, it recovers the long-overlooked perspectives and forgotten voices of one of the defining chapters of American history (Publishers Weekly). "Meticulously researched and persuasively argued." —The Atlanta Journal-Constitution

a peoples history of the united states audiobook: *A Patriot's History of the United States* Larry Schweikart, Michael Patrick Allen, 2004-12-29 For the past three decades, many history professors have allowed their biases to distort the way America's past is taught. These intellectuals have searched for instances of racism, sexism, and bigotry in our history while downplaying the greatness of America's patriots and the achievements of "dead white men." As a result, more emphasis is placed on Harriet Tubman than on George Washington; more about the internment of Japanese Americans during World War II than about D-Day or Iwo Jima; more on the dangers we faced from Joseph McCarthy than those we faced from Josef Stalin. *A Patriot's History of the United States* corrects those doctrinaire biases. In this groundbreaking book, America's discovery, founding, and development are reexamined with an appreciation for the elements of public virtue, personal liberty, and private property that make this nation uniquely successful. This book offers a long-overdue acknowledgment of America's true and proud history.

a peoples history of the united states audiobook: An Indigenous Peoples' History of the United States for Young People Roxanne Dunbar-Ortiz, 2019-07-23 2020 American Indian Youth Literature Young Adult Honor Book 2020 Notable Social Studies Trade Books for Young People, selected by National Council for the Social Studies (NCSS) and the Children's Book Council 2019 Best-Of Lists: Best YA Nonfiction of 2019 (Kirkus Reviews) · Best Nonfiction of 2019 (School Library Journal) · Best Books for Teens (New York Public Library) · Best Informational Books for Older Readers (Chicago Public Library) Spanning more than 400 years, this classic bottom-up history examines the legacy of Indigenous peoples' resistance, resilience, and steadfast fight against imperialism. Going beyond the story of America as a country "discovered" by a few brave men in the "New World," Indigenous human rights advocate Roxanne Dunbar-Ortiz reveals the roles that settler colonialism and policies of American Indian genocide played in forming our national identity. The original academic text is fully adapted by renowned curriculum experts Debbie Reese and Jean Mendoza, for middle-grade and young adult readers to include discussion topics, archival images, original maps, recommendations for further reading, and other materials to encourage students, teachers, and general readers to think critically about their own place in history.

a peoples history of the united states audiobook: An Indigenous Peoples' History of the United States (10th Anniversary Edition) Roxanne Dunbar-Ortiz, 2023-10-03 New York Times Bestseller Now part of the HBO docuseries *Exterminate All the Brutes*, written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United States* is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

a peoples history of the united states audiobook: Blood Crazy Simon Clark, 2014-10-28 It is a quiet, uneventful Saturday in Doncaster. Nick Aten, and his best friend Steve Price – troubled seventeen year olds – spend it as usual hanging around the sleepy town, eating fast food and planning their revenge on Tug Slatter, a local bully and their arch-enemy. But by Sunday, Tug Slatter becomes the last of their worries because somehow overnight civilization is in ruins. Adults have become murderously insane – literally. They're infected with an uncontrollable urge to kill the young. Including their own children. As Nick and Steve try to escape the deadly town covered with the mutilated bodies of kids, a group of blood-thirsty adults ambushes them. Just a day before they were caring parents and concerned teachers, today they are savages destroying the future generation. Will Nick and Steve manage to escape? Is their hope that outside the Doncaster borders the world is 'normal' just a childish dream? *Blood Crazy*, first published in 1995, is a gripping,

apocalyptic horror from Simon Clark.

a peoples history of the united states audiobook: A People's History of Computing in the United States Joy Lisi Rankin, 2018-10-08 Silicon Valley gets all the credit for digital creativity, but this account of the pre-PC world, when computing meant more than using mature consumer technology, challenges that triumphalism. The invention of the personal computer liberated users from corporate mainframes and brought computing into homes. But throughout the 1960s and 1970s a diverse group of teachers and students working together on academic computing systems conducted many of the activities we now recognize as personal and social computing. Their networks were centered in New Hampshire, Minnesota, and Illinois, but they connected far-flung users. Joy Rankin draws on detailed records to explore how users exchanged messages, programmed music and poems, fostered communities, and developed computer games like The Oregon Trail. These unsung pioneers helped shape our digital world, just as much as the inventors, garage hobbyists, and eccentric billionaires of Palo Alto. By imagining computing as an interactive commons, the early denizens of the digital realm seeded today's debate about whether the internet should be a public utility and laid the groundwork for the concept of net neutrality. Rankin offers a radical precedent for a more democratic digital culture, and new models for the next generation of activists, educators, coders, and makers.

a peoples history of the united states audiobook: Debunking Howard Zinn Mary Grabar, 2019-08-20 Howard Zinn's A People's History of the United States has sold more than 2.5 million copies. It is pushed by Hollywood celebrities, defended by university professors who know better, and assigned in high school and college classrooms to teach students that American history is nothing more than a litany of oppression, slavery, and exploitation. Zinn's history is popular, but it is also massively wrong. Scholar Mary Grabar exposes just how wrong in her stunning new book Debunking Howard Zinn, which demolishes Zinn's Marxist talking points that now dominate American education. In Debunking Howard Zinn, you'll learn, contra Zinn: How Columbus was not a genocidal maniac, and was, in fact, a defender of Indians Why the American Indians were not feminist-communist sexual revolutionaries ahead of their time How the United States was founded to protect liberty, not white males' ill-gotten wealth Why Americans of the "Greatest Generation" were not the equivalent of Nazi war criminals How the Viet Cong were not well-meaning community leaders advocating for local self-rule Why the Black Panthers were not civil rights leaders Grabar also reveals Zinn's bag of dishonest rhetorical tricks: his slavish reliance on partisan history, explicit rejection of historical balance, and selective quotation of sources to make them say the exact opposite of what their authors intended. If you care about America's past—and our future—you need this book.

a peoples history of the united states audiobook: The Untold History of the United States Oliver Stone, Peter Kuznick, 2013-10-15 Companion to the documentary series of the same name.

a peoples history of the united states audiobook: A People's History for the Classroom Bill Bigelow, Howard Zinn, 2008 Presents a collection of lessons and activities for teaching American history for students in middle school and high school.

a peoples history of the united states audiobook: *You Can't Be Neutral on a Moving Train* Howard Zinn, 2018-09-18 If you're both overcome and angered by the atrocities of our time, this will inspire a "new generation of activists and ordinary people who search for hope in the darkness" (Keeanga-Yamahtta Taylor). Is change possible? Where will it come from? Can we actually make a difference? How do we remain hopeful? Howard Zinn—activist, historian, and author of A People's History of the United States—was a participant in and chronicler of some of the landmark struggles for racial and economic justice in US history. In his memoir, You Can't Be Neutral on a Moving Train, Zinn reflects on more than thirty years of fighting for social change, from his teenage years as a laborer in Brooklyn to teaching at Spelman College, where he emerged in the civil rights movement as a powerful voice for justice. A former bombardier in World War II, he later became an outspoken antiwar activist, spirited protestor, and champion of civil disobedience. Throughout his

life, Zinn was unwavering in his belief that “small acts, when multiplied by millions of people, can transform the world.” With a foreword from activist and scholar Keeanga-Yamahtta Taylor, this revised edition will inspire a new generation of readers to believe that change is possible.

a peoples history of the united states audiobook: A People's History of Baseball Mitchell Nathanson, 2012-03-30 Baseball is much more than the national pastime. It has become an emblem of America itself. From its initial popularity in the mid-nineteenth century, the game has reflected national values and beliefs and promoted what it means to be an American. Stories abound that illustrate baseball's significance in eradicating racial barriers, bringing neighborhoods together, building civic pride, and creating on the field of play an instructive civics lesson for immigrants on the national character. In *A People's History of Baseball*, Mitchell Nathanson probes the less well-known but no less meaningful other side of baseball: episodes not involving equality, patriotism, heroism, and virtuous capitalism, but power—how it is obtained, and how it perpetuates itself. Through the growth and development of baseball Nathanson shows that, if only we choose to look for it, we can see the petty power struggles as well as the large and consequential ones that have likewise defined our nation. By offering a fresh perspective on the firmly embedded tales of baseball as America, a new and unexpected story emerges of both the game and what it represents. Exploring the founding of the National League, Nathanson focuses on the newer Americans who sought club ownership to promote their own social status in the increasingly closed caste of nineteenth-century America. His perspective on the rise and public rebuke of the Players Association shows that these baseball events reflect both the collective spirit of working and middle-class America in the mid-twentieth century as well as the countervailing forces that sought to beat back this emerging movement that threatened the status quo. And his take on baseball's racial integration that began with Branch Rickey's “Great Experiment” reveals the debilitating effects of the harsh double standard that resulted, requiring a black player to have unimpeachable character merely to take the field in a Major League game, a standard no white player was required to meet. Told with passion and occasional outrage, *A People's History of Baseball* challenges the perspective of the well-known, deeply entrenched, hyper-patriotic stories of baseball and offers an incisive alternative history of America's much-loved national pastime.

a peoples history of the united states audiobook: A People's History of the United States Howard Zinn, 2010-01-26 “It's a wonderful, splendid book—a book that should be read by every American, student or otherwise, who wants to understand his country, its true history, and its hope for the future.” —Howard Fast, author of *Spartacus* and *The Immigrants* “[It] should be required reading.” —Eric Foner, *New York Times Book Review Library Journal* calls Howard Zinn's iconic *A People's History of the United States* “a brilliant and moving history of the American people from the point of view of those...whose plight has been largely omitted from most histories.” Packed with vivid details and telling quotations, Zinn's award-winning classic continues to revolutionize the way American history is taught and remembered. Frequent appearances in popular media such as *The Sopranos*, *The Simpsons*, *Good Will Hunting*, and the History Channel documentary *The People Speak* testify to Zinn's ability to bridge the generation gap with enduring insights into the birth, development, and destiny of the nation.

a peoples history of the united states audiobook: U.S. History P. Scott Corbett, Volker Janssen, John M. Lund, Todd Pfannestiel, Sylvie Waskiewicz, Paul Vickery, 2024-09-10 *U.S. History* is designed to meet the scope and sequence requirements of most introductory courses. The text provides a balanced approach to U.S. history, considering the people, events, and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience). *U.S. History* covers key forces that form the American experience, with particular attention to issues of race, class, and gender.

a peoples history of the united states audiobook: A People's History of the United States Howard Zinn, Kathy Emery, Ellen Reeves, 2003 This brilliant and moving history of the American people (*Library Journal*) presents more than 500 years of American social and cultural history, going well beyond the wars and presidencies contained in traditional texts to tell the stories of working

men and women. Abridged for use in the classroom.

a peoples history of the united states audiobook: *A People's Future of the United States* Charlie Jane Anders, Lesley Nneka Arimah, Charles Yu, 2019-02-05 A glittering landscape of twenty-five speculative stories that challenge oppression and envision new futures for America—from N. K. Jemisin, Charles Yu, Jamie Ford, G. Willow Wilson, Charlie Jane Anders, Hugh Howey, and more. NAMED ONE OF THE BEST BOOKS OF THE YEAR BY PUBLISHERS WEEKLY In these tumultuous times, in our deeply divided country, many people are angry, frightened, and hurting. Knowing that imagining a brighter tomorrow has always been an act of resistance, editors Victor LaValle and John Joseph Adams invited an extraordinarily talented group of writers to share stories that explore new forms of freedom, love, and justice. They asked for narratives that would challenge oppressive American myths, release us from the chokehold of our history, and give us new futures to believe in. They also asked that the stories be badass. The result is this spectacular collection of twenty-five tales that blend the dark and the light, the dystopian and the utopian. These tales are vivid with struggle and hardship—whether it's the othered and the terrorized, or dragonriders and covert commandos—but these characters don't flee, they fight. Thrilling, inspiring, and a sheer joy to read, *A People's Future of the United States* is a gift for anyone who believes in our power to dream a just world. Featuring stories by Violet Allen • Charlie Jane Anders • Lesley Nneka Arimah • Ashok K. Banker • Tobias S. Buckell • Tananarive Due • Omar El Akkad • Jamie Ford • Maria Dahvana Headley • Hugh Howey • Lizz Huerta • Justina Ireland • N. K. Jemisin • Alice Sola Kim • Seanan McGuire • Sam J. Miller • Daniel José Older • Malka Older • Gabby Rivera • A. Merc Rustad • Kai Cheng Thom • Catherynne M. Valente • Daniel H. Wilson • G. Willow Wilson • Charles Yu

a peoples history of the united states audiobook: *A Renegade History of the United States* Thaddeus Russell, 2011-07-05 From the Publisher: In this groundbreaking book, noted historian Thaddeus Russell tells a new and surprising story about the origins of American freedom. Rather than crediting the standard textbook icons, Russell demonstrates that it was those on the fringes of society whose subversive lifestyles helped legitimize the taboo and made America the land of the free. In vivid portraits of renegades and their respectable adversaries, Russell shows that the nation's history has been driven by clashes between those interested in preserving social order and those more interested in pursuing their own desires - insiders versus outsiders, good citizens versus bad. The more these accidental revolutionaries existed, resisted, and persevered, the more receptive society became to change. Russell brilliantly and vibrantly argues that it was history's iconoclasts who established many of our most cherished liberties. Russell finds these pioneers of personal freedom in the places that usually go unexamined - saloons and speakeasies, brothels and gambling halls, and even behind the Iron Curtain. He introduces a fascinating array of antiheroes: drunken workers who created the weekend; prostitutes who set the precedent for women's liberation, including Diamond Jessie Hayman, a madam who owned her own land, used her own guns, provided her employees with clothes on the cutting-edge of fashion, and gave food and shelter to the thousands left homeless by the 1906 San Francisco earthquake; there are also the criminals who pioneered racial integration, unassimilated immigrants who gave us birth control, and brazen homosexuals who broke open America's sexual culture. Among Russell's most controversial points is his argument that the enemies of the renegade freedoms we now hold dear are the very heroes of our history books - he not only takes on traditional idols like John Adams, Thomas Jefferson, Andrew Carnegie, John Rockefeller, Thomas Edison, Franklin Roosevelt, and John F. Kennedy, but he also shows that some of the most famous and revered abolitionists, progressive activists, and leaders of the feminist, civil rights, and gay rights movements worked to suppress the vibrant energies of working-class women, immigrants, African Americans, and the drag queens who founded Gay Liberation. This is not history that can be found in textbooks - it is a highly original and provocative portrayal of the American past as it has never been written before.

a peoples history of the united states audiobook: *A People's History of Sports in the United States* Dave Zirin, 2009 A riotously entertaining chronicle of larger-than-life sporting

characters and dramatic contests, this is an alternative political history of the United States as seen through the games its people played. Replete with surprises for seasoned sports, it will also amaze anyone interested in history with the connections Zirin draws between politics and sports. A groundbreaking book, it looks at the history of sports in the US through the lens of politics and culture, and shows how athlete-rebels have used sports for social and political change.

a peoples history of the united states audiobook: *The Other Civil War* Howard Zinn, 2011-03-15 *The Other Civil War* offers historian and activist Howard Zinn's view of the social and civil background of the American Civil War—a view that is rarely provided in standard historical texts. Drawn from his New York Times bestseller *A People's History of the United States*, this set of essays recounts the history of American labor, free and not free, in the years leading up to and during the Civil War. He offers an alternative yet necessary account of that terrible nation-defining epoch.

a peoples history of the united states audiobook: *Teaching What Really Happened* James W. Loewen, 2018-09-07 “Should be in the hands of every history teacher in the country.”— Howard Zinn James Loewen has revised *Teaching What Really Happened*, the bestselling, go-to resource for social studies and history teachers wishing to break away from standard textbook retellings of the past. In addition to updating the scholarship and anecdotes throughout, the second edition features a timely new chapter entitled *Truth* that addresses how traditional and social media can distort current events and the historical record. Helping students understand what really happened in the past will empower them to use history as a tool to argue for better policies in the present. Our society needs engaged citizens now more than ever, and this book offers teachers concrete ideas for getting students excited about history while also teaching them to read critically. It will specifically help teachers and students tackle important content areas, including Eurocentrism, the American Indian experience, and slavery. Book Features: An up-to-date assessment of the potential and pitfalls of U.S. and world history education. Information to help teachers expect, and get, good performance from students of all racial, ethnic, and socioeconomic backgrounds. Strategies for incorporating project-oriented self-learning, having students conduct online historical research, and teaching historiography. Ideas from teachers across the country who are empowering students by teaching what really happened. Specific chapters dedicated to five content topics usually taught poorly in today's schools.

a peoples history of the united states audiobook: *The Broken Heart of America* Walter Johnson, 2020-04-14 A searing portrait of the racial dynamics that lie inescapably at the heart of our nation, told through the turbulent history of the city of St. Louis. From Lewis and Clark's 1804 expedition to the 2014 uprising in Ferguson, American history has been made in St. Louis. And as Walter Johnson shows in this searing book, the city exemplifies how imperialism, racism, and capitalism have persistently entwined to corrupt the nation's past. St. Louis was a staging post for Indian removal and imperial expansion, and its wealth grew on the backs of its poor black residents, from slavery through redlining and urban renewal. But it was once also America's most radical city, home to anti-capitalist immigrants, the Civil War's first general emancipation, and the nation's first general strike—a legacy of resistance that endures. A blistering history of a city's rise and decline, *The Broken Heart of America* will forever change how we think about the United States.

a peoples history of the united states audiobook: *A Little History of the United States* James West Davidson, 2015-09-15 How did a land and people of such immense diversity come together under a banner of freedom and equality to form one of the most remarkable nations in the world? Everyone from young adults to grandparents will be fascinated by the answers uncovered in James West Davidson's vividly told *A Little History of the United States*. In 300 fast-moving pages, Davidson guides his readers through 500 years, from the first contact between the two halves of the world to the rise of America as a superpower in an era of atomic perils and diminishing resources. In short, vivid chapters the book brings to life hundreds of individuals whose stories are part of the larger American story. Pilgrim William Bradford stumbles into an Indian deer trap on his first day in America; Harriet Tubman lets loose a pair of chickens to divert attention from escaping slaves; the

toddler Andrew Carnegie, later an ambitious industrial magnate, gobbles his oatmeal with a spoon in each hand. Such stories are riveting in themselves, but they also spark larger questions to ponder about freedom, equality, and unity in the context of a nation that is, and always has been, remarkably divided and diverse.

a peoples history of the united states audiobook: *A People's History of the Russian Revolution* Neil Faulkner, 2017 The Russian Revolution may be the most misunderstood and misrepresented event in modern history, its history told in a mix of legends and anecdotes. In *A People's History of the Russian Revolution*, Neil Faulkner sets out to debunk the myths and pry fact from fiction, putting at the heart of the story the Russian people who are the true heroes of this tumultuous tale. In this fast-paced introduction, Faulkner tells the powerful narrative of how millions of people came together in a mass movement, organized democratic assemblies, mobilized for militant action, and overturned a vast regime of landlords, profiteers, and warmongers. Faulkner rejects caricatures of Lenin and the Bolsheviks as authoritarian conspirators or the progenitors of Stalinist dictatorship, and forcefully argues that the Russian Revolution was an explosion of democracy and creativity--and that it was crushed by bloody counter-revolution and replaced with a form of bureaucratic state-capitalism. Grounded by powerful first-hand testimony, this history marks the centenary of the Revolution by restoring the democratic essence of the revolution, offering a perfect primer for the modern reader.

a peoples history of the united states audiobook: *A History of the American People* Paul Johnson, 2009-06-30 As majestic in its scope as the country it celebrates. [Johnson's] theme is the men and women, prominent and unknown, whose energy, vision, courage and confidence shaped a great nation. It is a compelling antidote to those who regard the future with pessimism.— Henry A. Kissinger Paul Johnson's prize-winning classic, *A History of the American People*, is an in-depth portrait of the American people covering every aspect of U.S. history—from politics to the arts. The creation of the United States of America is the greatest of all human adventures, begins Paul Johnson's remarkable work. No other national story holds such tremendous lessons, for the American people themselves and for the rest of mankind. In *A History of the American People*, historian Johnson presents an in-depth portrait of American history from the first colonial settlements to the Clinton administration. This is the story of the men and women who shaped and led the nation and the ordinary people who collectively created its unique character. Littered with letters, diaries, and recorded conversations, it details the origins of their struggles for independence and nationhood, their heroic efforts and sacrifices to deal with the 'organic sin' of slavery and the preservation of the Union to its explosive economic growth and emergence as a world power. Johnson discusses contemporary topics such as the politics of racism, education, the power of the press, political correctness, the growth of litigation, and the influence of women throughout history. Sometimes controversial and always provocative, *A History of the American People* is one author's challenging and unique interpretation of American history. Johnson's views of individuals, events, themes, and issues are original, critical, and in the end admiring, for he is, above all, a strong believer in the history and the destiny of the American people.

a peoples history of the united states audiobook: *A People's History of the United States* Howard Zinn, 2012-11 The Abridged Teaching Edition of *A People's History of the United States* has made Howard Zinn's original text available specifically for classroom use. With exercises and teaching materials to accompany each chapter, this edition spans American Beginnings, Reconstruction, the Civil War and through to the present, with new chapters on the Clinton Presidency, the 2000 elections, and the War on Terrorism.

a peoples history of the united states audiobook: *A True History of the United States* Daniel A. Sjrursen, 2021-06-01 "Thought-provoking—a must read for [everyone] seeking a firm grasp of accurate American history. —Kirkus (starred review) Brilliant, readable, and raw. Maj. (ret.) Danny Sjrursen, who served combat tours in Iraq and Afghanistan and later taught history at West Point, delivers a true epic and the perfect companion to Howard Zinn's *A People's History of the United States*. Sjrursen shifts the lens and challenges readers to think critically and to apply common

sense to their understanding of our nation's past—and present—so we can view history as never before. A True History of the United States was inspired by a course that Sjursen taught to cadets at West Point, his alma mater. With chapter titles such as Patriots or Insurgents? and The Decade That Roared and Wept, A True History is accurate with respect to the facts and intellectually honest in its presentation and analysis. Essential reading for every American with a conscience. Meticulously researched, Sjursen provides a more complete sense of history and encourages readers to view our country objectively. Sjursen's powerful storytelling reveals balanced portraits of key figures and the role they played. Sjursen exposes the dominant historical narrative as at best myth, and at times a lie . . . He brings out from the shadows those who struggled, often at the cost of their own lives, for equality and justice. Their stories, so often ignored or trivialized, give us examples of who we should emulate and who we must become. —Chris Hedges, author of *Empire of Illusion* and *America: The Farewell Tour*

a peoples history of the united states audiobook: By the People James W. Fraser, 2018

a peoples history of the united states audiobook: A History of US: An Age of Extremes Joy Hakim, 2012-10-31 Recommended by the Common Core State Standards for English Language Arts and Literacy as an exemplary informational text. For the captains of industry men like Andrew Carnegie, John D. Rockefeller, J. P. Morgan, and Henry Ford the Gilded Age is a time of big money. Technology boomed with the invention of trains, telephones, electric lights, harvesters, vacuum cleaners, and more. But for millions of immigrant workers, it is a time of big struggles, with adults and children alike working 12 to 14 hours a day under extreme, dangerous conditions. The disparity between the rich and the poor was dismaying, which prompted some people to action. In *An Age of Extremes*, you'll meet Mother Jones, Ida Tarbell, Big Bill Haywood, Sam Gompers, and other movers and shakers, and get swept up in the enthusiasm of Teddy Roosevelt. You'll also watch the United States take its greatest role on the world stage since the Revolution, as it enters the bloody battlefields of Europe in World War I. About the Series: Master storyteller Joy Hakim has excited millions of young minds with the great drama of American history in her award-winning series *A History of US*. Recommended by the Common Core State Standards for English Language Arts and Literacy as an exemplary informational text, *A History of US* weaves together exciting stories that bring American history to life. Hailed by reviewers, historians, educators, and parents for its exciting, thought-provoking narrative, the books have been recognized as a break-through tool in teaching history and critical reading skills to young people. In ten books that span from Prehistory to the 21st century, young people will never think of American history as boring again.

a peoples history of the united states audiobook: *History of the United States* Charles A. Beard, 2022-06-03 This is a very detailed account written in textbook style and intended for study. The book begins with data such as population growth for each state and then goes on to present factual details of settlement, growth, politics and so on.

a peoples history of the united states audiobook: A People's History of Poverty in America Stephen Pimpare, 2011-06-07 In *A People's History of Poverty in America*, political scientist Stephen Pimpare brings the human lives and real-life stories of those who struggle with poverty in America to the foreground, vividly describing life as poor and welfare-reliant Americans experience it, from the big city to the rural countryside. Prodigious research, *A People's History of Poverty in America* unearths rich, poignant, and often surprising testimonies—both heart-wrenching and humorous—that range from the early days of the United States to the present day. Pimpare shows us how the poor have found food, secured shelter, and created community, and, most important, he illuminates their battles for dignity and respect in the face of the judgment, control, and disdain that are all too often the price they must pay for charity and government aid. In telling these hidden stories, Pimpare argues eloquently for a fundamental rethinking of poverty, one that includes both a more nuanced understanding of the history of the American welfare state, and a meaningful—and truly accurate—new definition of the poverty line. Hailed by Kirkus Reviews as an “illuminating history of America's poor” and a “useful counter against those who blame the poor for their bad luck,” *A People's History of Poverty in America* reminds us that poverty is not in itself a

moral failure, but our failure to understand it may well be.

a peoples history of the united states audiobook: The Chinese in America Iris Chang, 2004-03-30 A quintessentially American story chronicling Chinese American achievement in the face of institutionalized racism by the New York Times bestselling author of *The Rape of Nanking* In an epic story that spans 150 years and continues to the present day, Iris Chang tells of a people's search for a better life—the determination of the Chinese to forge an identity and a destiny in a strange land and, often against great obstacles, to find success. She chronicles the many accomplishments in America of Chinese immigrants and their descendents: building the infrastructure of their adopted country, fighting racist and exclusionary laws and anti-Asian violence, contributing to major scientific and technological advances, expanding the literary canon, and influencing the way we think about racial and ethnic groups. Interweaving political, social, economic, and cultural history, as well as the stories of individuals, Chang offers a bracing view not only of what it means to be Chinese American, but also of what it is to be American.

a peoples history of the united states audiobook: Truth Has a Power of Its Own Howard Zinn, 2019-09-03 American history told from the bottom up by Howard Zinn himself—and the perfect all-ages introduction to his eye-opening viewpoint, published on Zinn's hundredth birthday *Truth Has a Power of Its Own* is an engrossing collection of conversations with the late Howard Zinn and “an eloquently hopeful introduction for those who haven't yet encountered Zinn's work” (Booklist). Here is an unvarnished, yet ultimately optimistic, tour of American history—told by someone who was often an active participant in it. Viewed through the lens of Zinn's own life as a soldier, historian, and activist and using his paradigm-shifting *A People's History of the United States* as a point of departure, these conversations explore the American Revolution, the Civil War, the labor battles of the nineteenth and twentieth centuries, U.S. imperialism from the Indian Wars to the War on Terrorism, World Wars I and II, the Cold War, and the fight for equality and immigrant rights—all from an unapologetically radical standpoint. Longtime admirers and a new generation of readers alike will be fascinated to learn about Zinn's thought processes, rationale, motivations, and approach to his now-iconic historical work. Zinn's humane (and often humorous) voice—along with his keen moral vision—shine through every one of these lively and thought-provoking conversations. Battles over the telling of our history still rage across the country, and there's no better person to tell it than Howard Zinn.

a peoples history of the united states audiobook: The Sum of Our Dreams Louis P. Masur, 2020 This volume delivers a concise, clear round-up of American history starting from America's colonial era to current days of political disagreements and social uncertainty. Covering central themes and events of American history, Masur evaluates the contested meanings of the American dream and questions its viability--

a peoples history of the united states audiobook: A People's History of Detroit Mark Jay, Philip Conklin, 2020-04-17 Recent bouts of gentrification and investment in Detroit have led some to call it the greatest turnaround story in American history. Meanwhile, activists point to the city's cuts to public services, water shutoffs, mass foreclosures, and violent police raids. In *A People's History of Detroit*, Mark Jay and Philip Conklin use a class framework to tell a sweeping story of Detroit from 1913 to the present, embedding Motown's history in a global economic context. Attending to the struggle between corporate elites and radical working-class organizations, Jay and Conklin outline the complex sociopolitical dynamics underlying major events in Detroit's past, from the rise of Fordism and the formation of labor unions, to deindustrialization and the city's recent bankruptcy. They demonstrate that Detroit's history is not a tale of two cities—one of wealth and development and another racked by poverty and racial violence; rather it is the story of a single Detroit that operates according to capitalism's mandates.
