

a pocket guide to writing in history

A Pocket Guide to Writing in History: A Comprehensive Review

Author: Professor Mary Beth Norton, a renowned historian specializing in early American history and historical methodology, is the ideal author for "A Pocket Guide to Writing in History." Her decades of experience teaching and writing history, coupled with her expertise in crafting clear and engaging historical narratives, make her uniquely qualified to create a practical and insightful guide. Her numerous publications, including influential works on women's history and the complexities of historical interpretation, underscore her authority on the subject.

Publisher: Oxford University Press (OUP), a globally recognized academic publisher with a long history of publishing high-quality historical scholarship, would be an appropriate publisher for "A Pocket Guide to Writing in History." OUP's reputation for rigorous peer review and commitment to scholarly accuracy ensures the guide's credibility and reliability within the academic community. Their established network for distributing academic texts ensures wide reach among students and scholars.

Editor: Professor Peter Stearns, a distinguished historian specializing in comparative history and the history of emotions, could act as an editor for the book. His extensive editing experience and deep understanding of historical writing styles and conventions would be invaluable in ensuring the book's clarity, accuracy, and consistency. His ability to provide feedback on both the theoretical aspects of historical writing and the practical aspects of crafting effective prose would strengthen the final product significantly.

Understanding the Need for "A Pocket Guide to Writing in History"

Historical writing presents unique challenges. Unlike other genres, historical narratives must grapple with evidence, interpretation, and the complexities of the past. Students and even seasoned historians often struggle with structuring arguments, presenting evidence persuasively, and navigating the ethical considerations inherent in representing the past. "A Pocket Guide to Writing in History" addresses this need by providing a concise yet comprehensive guide to the craft. Research indicates a significant gap in resources specifically tailored to the nuances of historical writing. Many existing style guides are either overly broad or lack the specific focus on the methodological challenges faced by history students and professionals. This guide fills that void.

Key Features of "A Pocket Guide to Writing in History"

This hypothetical "Pocket Guide" would cover the following essential aspects of historical writing:

1. Developing a Strong Thesis and Argument:

The guide would emphasize the importance of formulating a clear, arguable thesis statement. It would delve into strategies for developing a compelling narrative arc, structuring arguments logically, and supporting claims with robust evidence. This section would draw on established research in rhetoric and argumentation theory to provide practical tools for students. The guide would highlight the difference between descriptive and analytical historical writing, advocating for the latter's importance in scholarly work.

2. Engaging with Historical Sources:

A crucial aspect of the guide would involve detailed instruction on critically evaluating and interpreting historical sources. This would include primary source analysis (letters, diaries, official documents, etc.) and secondary source evaluation (books, articles, interpretations). It would discuss methods for verifying source credibility, identifying biases, and synthesizing information from diverse sources. This section could draw on empirical studies demonstrating the impact of source selection on historical interpretations.

3. Constructing a Narrative and Organizing Evidence:

The guide would provide practical advice on structuring historical narratives. It would discuss various organizational strategies (chronological, thematic, comparative) and explain how to effectively transition between different sections and ideas. The guide would emphasize the importance of building a cohesive and engaging narrative that maintains reader interest while accurately conveying complex information. Research on narrative structure in other disciplines could inform the development of this section.

4. Style, Tone, and Citation:

"A Pocket Guide to Writing in History" would offer guidance on developing a clear and concise writing style suitable for historical scholarship. This would include advice on active voice, precise language, and avoiding generalizations. It would discuss the importance of maintaining an objective tone while acknowledging the inevitable interpretations and biases inherent in historical writing. The guide would provide a comprehensive overview of

appropriate citation styles (e.g., Chicago, MLA) and emphasize the importance of academic integrity and avoiding plagiarism.

5. Ethical Considerations in Historical Writing:

The guide would address the ethical responsibilities of historians, including the careful handling of sensitive information, respectful representation of marginalized groups, and the avoidance of perpetuating harmful stereotypes. This section would draw on recent scholarship on historical ethics and promote responsible historical practice. Examples of ethical dilemmas in historical writing would be presented and analyzed.

Research Findings and Data Supporting the Guide's Claims

The guide's claims regarding effective historical writing would be supported by existing research in several fields. This includes:

Cognitive psychology: Research on memory and narrative construction informs how historians structure their arguments and present evidence effectively.

Rhetoric and argumentation theory: Principles of persuasive writing and logical reasoning are crucial for constructing strong historical narratives.

Historiography: Studies in historiographical methods offer insights into how historians engage with sources and construct interpretations.

Empirical studies of historical writing: Analysis of successful historical texts can identify recurring patterns and effective strategies.

Studies on historical ethics: Research in this area informs discussions on responsible historical practice and the avoidance of biases.

Summary of "A Pocket Guide to Writing in History"

"A Pocket Guide to Writing in History" would serve as an invaluable resource for students and professionals alike. It provides practical guidance on all aspects of historical writing, from developing a compelling thesis to navigating the ethical considerations inherent in representing the past. By combining theoretical insights with practical advice, the guide empowers writers to craft accurate, engaging, and responsible historical narratives. The integration of research findings from various disciplines strengthens the guide's authority and ensures its relevance to contemporary historical practice.

Conclusion

A well-structured, research-based "Pocket Guide to Writing in History" would

fill a crucial gap in the resources available to aspiring and established historians. By offering clear guidance on developing arguments, interpreting sources, constructing narratives, and addressing ethical considerations, this guide would significantly enhance the quality of historical writing across diverse contexts. The publisher's reputation for academic rigor and the author's and editor's expertise in the field would ensure the guide's credibility and impact on the scholarly community.

FAQs

1. What makes this guide different from existing style guides? This guide focuses specifically on the unique challenges and methods of historical writing, going beyond general style conventions.
1. Is this guide only for undergraduate students? No, it's valuable for undergraduate and graduate students, as well as professional historians seeking to refine their writing skills.
1. What citation styles are covered? The guide will cover commonly used styles like Chicago, MLA, and potentially others relevant to historical research.
1. Does the guide address different types of historical writing (e.g., essays, dissertations, articles)? Yes, it provides adaptable advice applicable to various formats and lengths of historical writing.
1. How does the guide address the issue of bias in historical writing? The guide dedicates a section to ethical considerations, exploring how to acknowledge and mitigate personal and source biases.
1. Are there exercises or examples included? Yes, the guide will include practical examples and exercises to help readers apply the concepts discussed.

1. What primary sources are discussed in detail? The guide covers a range of primary source types, including documents, letters, oral histories, and visual materials.
1. Is the guide accessible to international students? Yes, the language and style will be designed for clarity and accessibility across different linguistic backgrounds.
1. Where can I purchase the book? Information on purchasing will be available on the publisher's website (Oxford University Press).

a pocket guide to writing in history: The HTML Pocket Guide Bruce Hyslop, 2010-05-27 This handy low-priced book is packed with HTML/XHTML definitions and tips, including those for HTML5 elements in depth. Snappy writing and illustrative code samples walk readers through HTML uses and element definitions. Handy pocket size provides a convenient reference for HTML coders. A true companion to standards-compliant design. The HTML Pocket Guide is for both beginning users, who want an introduction to HTML, and more advanced users, who are looking for a convenient reference. While HTML5 is still under development, browser manufacturers are already supporting many of its features in Google Chrome, Firefox, Opera, Safari, and the upcoming Internet Explorer 9. So, now is the time to start learning about it. The HTML Pocket Guide is a valuable companion to creating standards-compliant markup that will help Web designers and developers quickly define content and meaning. Accessible, convenient, and inexpensive, this pocket guide is exactly what web designers and developers need.

a pocket guide to writing in history: Mind of Napoleon J. Christopher Herold, 2016-07-26 This collection of written and spoken statements of Napoleon serves not as an historical record or analysis, but as insight into the mind and character of a fascinating historical figure. It demonstrates the luminous strength and almost supernatural power of Napoleon's mind, displaying an exceptional energy in thought as well as action. The selections are edited and organized topically to offer a broad range of subjects—from "The Human Heart" to "The Art of War"—and to establish a coherent, unified pattern, providing a fresh perspective on the genius of Napoleon. The sources used fall into three categories: (1) Napoleon's writings, including autograph manuscripts and dictations of letters, orders, decisions, bulletins, proclamations, newspaper articles, memoirs, commentaries, etc.; (2) Napoleon's oral opinions as given at the Conseil d'Etat, including stenographic transcripts, official minutes, and unofficial notes taken by various councilors; (3) recorded conversations and

reminiscences of Napoleon's contemporaries from about 1800 to 1821.

a pocket guide to writing in history: *Writing on the Job* John C. Brereton, Margaret A. Mansfield, 1997 Offers sample documents and stylistic advice for writing letters, memos, manuals, minutes, and resumes.

a pocket guide to writing in history: *Public History* Thomas Cauvin, 2016-05-20 *Public History: A Textbook of Practice* is a guide to the many challenges historians face while teaching, learning, and practicing public history. Historians can play a dynamic and essential role in contributing to public understanding of the past, and those who work in historic preservation, in museums and archives, in government agencies, as consultants, as oral historians, or who manage crowdsourcing projects need very specific skills. This book links theory and practice and provides students and practitioners with the tools to do public history in a wide range of settings. The text engages throughout with key issues such as public participation, digital tools and media, and the internationalization of public history. Part One focuses on public history sources, and offers an overview of the creation, collection, management, and preservation of public history materials (archives, material culture, oral materials, or digital sources). Chapters cover sites and institutions such as archival repositories and museums, historic buildings and structures, and different practices such as collection management, preservation (archives, objects, sounds, moving images, buildings, sites, and landscape), oral history, and genealogy. Part Two deals with the different ways in which public historians can produce historical narratives through different media (including exhibitions,

film, writing, and digital tools). The last part explores the challenges and ethical issues that public historians will encounter when working with different communities and institutions. Either in public history methods courses or as a resource for practicing public historians, this book lays the groundwork for making meaningful connections between historical sources and popular audiences.

a pocket guide to writing in history: *Battle of Britain The Movie* Dilip Sarkar, Robert J Rudhall, 2023-06-30 Released in 1969, the film *Battle of Britain* went on to become one of the most iconic war movies ever produced. The film drew many respected British actors to accept roles as key figures of the battle, including Sir Laurence Olivier as Hugh Dowding and Trevor Howard as Keith Park. It also starred Michael Caine, Christopher Plummer and Robert Shaw as squadron leaders. As well as its large all-star international cast, the film was notable for its spectacular flying sequences which were on a far grander scale than anything that had been seen on film before. At the time of its release, *Battle of Britain* was singled out for its efforts to portray the events of the summer of 1940 in great accuracy. To achieve this, *Battle of Britain* veterans such as Group Captain Tom Gleave, Wing Commander Robert Stanford Tuck, Wing Commander Douglas Bader, Squadron Leader Bolesław Drobiński and Luftwaffe General Adolf Galland were all involved as consultants. This detailed description of the making of the film is supported by a mouth-watering selection of pictures that were taken during the production stages. The images cover not only the many vintage aircraft used in the film, but also the airfields, the actors, and even the merchandise which accompanied the film's release in 1969 – plus a whole lot more. There are numerous air-to-air shots of the Spitfires, Messerschmitts, Hurricanes and Heinkels that were brought together for the film. There are also images that capture the moment that *Battle of Britain* veterans, some of whom were acting as consultants, visited the sets. Interviews with people who worked on the film, such as Hamish Mahaddie, John Blake and Ron Goodwin, among others, bring the story to life.

a pocket guide to writing in history: *Writing History!* Matthias van Rossum, Susan Legêne, Sebas Rümke, Jeannette Kamp, 2020-01-09 Historians not only have knowledge of history, but by writing about it and engaging with other historians from the past and present, they make history themselves. This companion offers young historians clear guidelines for the different phases of historical research; how do you get a good historical question? How do you engage with the literature? How do you work with sources from the past, from archives to imagery and objects, art, or landscapes? What is the influence of digitalisation of the historical craft? Broad in scope, '*Writing History!*' also addresses historians' traditional support of policy makers and their activity in fields of public history, such as museums, the media, and the leisure sector, and offers support for developing the necessary skills for this wide range of professions.

a pocket guide to writing in history: *A Little Book for New Historians* Robert Tracy McKenzie, 2019-03-12 Veteran historian Robert Tracy McKenzie offers a concise, clear, and beautifully written introduction to the study of history. Laying out necessary skills, methods, and attitudes for historians in training, this resource is loaded with concrete examples and insightful principles that show how the study of history—when faithfully pursued—can shape your heart as well as your mind.

a pocket guide to writing in history: *A Pocket Guide to Public Speaking* Dan O'Hair, Hannah Rubenstein, Rob Stewart, 2015-11-27 This best-selling brief introduction to public speaking offers practical coverage of every topic typically covered in a full-sized text, from invention, research and organization, practice and delivery, to the different speech types. Its concise, inexpensive format makes it perfect not only for the public speaking course, but also for any setting across the curriculum, on the job, or in the community. This newly redesigned full-color edition offers even stronger coverage of the fundamentals of speechmaking, while also addressing the changing realities of public speaking in a digital world. It features fully updated chapters on online presentations and using presentation software, and a streamlined chapter on research in print and online.

a pocket guide to writing in history: *Why I Write* George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of

English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While *1984* and *Animal Farm* are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the *Orwell's Essays* series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

a pocket guide to writing in history: All the Frequent Troubles of Our Days Rebecca Donner, 2021-08-05 SELECTED AS A BBC RADIO 4 BOOK OF THE WEEK Born and raised in America, Mildred Harnack was twenty-six and living in Germany when she witnessed the meteoric rise of the Nazi party. She began holding secret meetings in her apartment, forming a small band of political activists set on helping Jews escape, denouncing Hitler and calling for revolution. When the Second World War began, she became a spy, couriering top-secret intelligence to the Allies. In this astonishing work of non-fiction, Harnack's great-great-niece Rebecca Donner draws on extensive archival research, fusing elements of biography, political thriller and scholarly detective story to tell a powerful, epic tale of an enigmatic woman nearly erased by history.

a pocket guide to writing in history: A Short Guide to Writing about History Richard Marius, 1995 This text helps students get beyond merely compiling dates and facts; it teaches them how to incorporate their own ideas into their papers and to tell a story about history that interests them and their peers. Covering brief essays and the documented resource paper, the text explores the writing and researching processes, different modes of historical writing (including argument), and offers guidelines for improving style as well as documenting sources. --From publisher's description.

a pocket guide to writing in history: Writing the History of Memory Stefan Berger, Bill Niven, 2014-02-13 How objective are our history books? This addition to the *Writing History* series examines the critical role that memory plays in the writing of history. This book includes: - Essays from an international team of historians, bringing together analysis of forms of public history such as museums, exhibitions, memorials and speeches - Coverage of the ancient world to the present, on topics such as oral history and generational and collective memory - Two key case studies on Holocaust memorialisation and the memory of Communism

a pocket guide to writing in history: The Essential Guide to Writing History Essays Katherine Pickering Antonova, 2020 *The Essential Guide to Writing History Essays* is a step-by-step guide to the typical assignments of any undergraduate or master's-level history program in North America. Effective writing is a process of discovery, achieved through the continual act of making choices--what to include or exclude, how to order elements, and which style to choose--each according to the author's goals and the intended audience. The book integrates reading and specialized vocabulary with writing and revision and addresses the evolving nature of digital media while teaching the terms and logic of traditional sources and the reasons for citation as well as the styles. This approach to writing not only helps students produce an effective final product and build from writing simple, short essays to completing a full research thesis, it also teaches students why and how an essay is effective, empowering them to approach new writing challenges with the freedom to find their own voice.

a pocket guide to writing in history: How to Suppress Women's Writing Joanna Russ, 1983-09 Discusses the obstacles women have had to overcome in order to become writers, and identifies the sexist rationalizations used to trivialize their contributions

a pocket guide to writing in history: The Written World Martin Puchner, 2017 The story of literature in sixteen acts, from Alexander the Great and the *Iliad* to ebooks and Harry Potter, this

engaging book brings together remarkable people and surprising events to show how writing shaped cultures, religions, and the history of the world--

a pocket guide to writing in history: The World Simon Sebag Montefiore, 2023-05-16 NEW YORK TIMES BESTSELLER • A magisterial world history unlike any other that tells the story of humanity through the one thing we all have in common: families • From the author of *The Romanovs* "Succession meets Game of Thrones." —The Spectator • "The author brings his cast of dynastic titans, rogues and psychopaths to life...An epic that both entertains and informs." —The Economist, Best Books of the Year Around 950,000 years ago, a family of five walked along the beach and left behind the oldest family footprints ever discovered. For award-winning historian Simon Sebag Montefiore, these poignant, familiar fossils serve as an inspiration for a new kind of world history, one that is genuinely global, spans all eras and all continents, and focuses on the family ties that connect every one of us. In this epic, ever-surprising book, Montefiore chronicles the world's great dynasties across human history through palace intrigues, love affairs, and family lives, linking grand themes of war, migration, plague, religion, and technology to the people at the heart of the human drama. It features a cast of extraordinary diversity: in addition to rulers and conquerors, there are priests, charlatans, artists, scientists, tycoons, gangsters, lovers, husbands, wives, and children. There is Hongwu, the beggar who founded the Ming dynasty; Ewuare, the Leopard-King of Benin; Henry Christophe, King of Haiti; Kamehameha, the conqueror of Hawaii; Zenobia, the Arab empress who defied Rome; Lady Murasaki, the first female novelist; Sayyida al-Hurra, the Moroccan pirate-queen. Here too are moderns such as Indira Gandhi, Margaret Thatcher, Barack Obama, Vladimir Putin, and Volodymyr Zelensky. Here are the Caesars, Medicis and Incas, Ottomans and Mughals, Bonapartes, Habsburgs and Zulus, Rothschilds, Rockefellers and Krupps, Churchills, Kennedys, Castros, Nehrus, Pahlavis and Kenyattas, Saudis, Kims and Assads. These powerful families represent the breadth of human endeavor, with bloody succession battles, treacherous conspiracies, and shocking megalomania alongside flourishing culture, moving romances, and enlightened benevolence. A dazzling achievement as spellbinding as fiction, *The World* captures the whole human story in a single, masterful narrative.

a pocket guide to writing in history: The Secret History Donna Tartt, 2004-04-13 A READ WITH JENNA BOOK CLUB PICK • INTERNATIONAL BESTSELLER • A contemporary literary classic and an accomplished psychological thriller ... absolutely chilling (Village Voice), from the Pulitzer Prize-winning author of *The Goldfinch*. Under the influence of a charismatic classics professor, a group of clever, eccentric misfits at a New England college discover a way of thought and life a world away from their banal contemporaries. But their search for the transcendent leads them down a dangerous path, beyond human constructs of morality. "A remarkably powerful novel [and] a ferociously well-paced entertainment.... Forceful, cerebral, and impeccably controlled." —The New York Times

a pocket guide to writing in history: Get Started in Writing Historical Fiction Emma Darwin, 2016-03-10 Do you have a compelling vision for a story set in the past? we set up the Just Write online community, at tyjustwrite.com, for budding authors and successful writers to connect and share.

a pocket guide to writing in history: *The Rust Programming Language (Covers Rust 2018)* Steve Klabnik, Carol Nichols, 2019-09-03 The official book on the Rust programming language, written by the Rust development team at the Mozilla Foundation, fully updated for Rust 2018. The Rust Programming Language is the official book on Rust: an open source systems programming language that helps you write faster, more reliable software. Rust offers control over low-level details (such as memory usage) in combination with high-level ergonomics, eliminating the hassle traditionally associated with low-level languages. The authors of The Rust Programming Language, members of the Rust Core Team, share their knowledge and experience to show you how to take full advantage of Rust's features--from installation to creating robust and scalable programs. You'll begin with basics like creating functions, choosing data types, and binding variables and then move on to more advanced concepts, such as: Ownership and borrowing, lifetimes, and traits Using Rust's memory safety guarantees to build fast, safe programs Testing, error handling, and effective refactoring Generics, smart pointers, multithreading, trait objects, and advanced pattern matching Using Cargo, Rust's built-in package manager, to build, test, and document your code and manage dependencies How best to use Rust's advanced compiler with compiler-led programming techniques You'll find plenty of code examples throughout the book, as well as three chapters dedicated to building complete projects to test your learning: a number guessing game, a Rust implementation of a command line tool, and a multithreaded server. New to this edition: An extended section on Rust macros, an expanded chapter on modules, and appendixes on Rust development tools and editions.

a pocket guide to writing in history: *A Pocket Guide to College Success* Jamie Shushan, 2016-11-11 Short and to-the-point, *A Pocket Guide to College Success*, offers practical coverage on the topics typically covered in a full-size college success text, from academic skills like managing your time, critical thinking, and note taking to life skills such as money management, stress reduction, and pursuing your career path. The second edition of *A Pocket Guide to College Success* provides additional support on the transition to college as well as features new coverage on motivation, mindset, and goal-setting to help students be successful from the start. With even more emphasis on asking questions, this text focuses on helping students ask the right questions to the right people so that they can drive their own college success. Each new copy of the text can be packaged with LaunchPad Solo for College Success, our online course space that includes videos, the LearningCurve adaptive online assessment tool, and more. A full package of instructional support materials provides instructors all the tools they will need to engage students in this course and increase student retention. Also available: ACES, a nationally norm-referenced student self-assessment of non-cognitive and cognitive skills.

a pocket guide to writing in history: *The Second Century* Mark T. Gilderhus, 2000 The *Second Century: U.S.-Latin American Relations since 1889* focuses on U.S. relations with Latin America during the second century, a period bounded by the advent of the New Diplomacy late in the nineteenth century and the end of the Cold War about one hundred years later. This text provides a balanced perspective as it presents both the United States's view that the Western Hemisphere needed to unite under a common democratic, capitalistic society, and the Latin American countries' response to U.S. attempts to impose these goals on their southern neighbors. This book examines the reciprocal interactions between the two regions, each with distinctive purposes, outlooks, interests, and cultures. It also places U.S.-Latin American relations within the larger context of global politics and economics. The *Second Century* is an excellent text for courses in Latin American history and diplomatic history.

a pocket guide to writing in history: *The Book Proposal Book* Laura Portwood-Stacer, 2021-07-13 A step-by-step guide to crafting a compelling scholarly book proposal—and seeing your book through to successful publication The scholarly book proposal may be academia's most mysterious genre. You have to write one to get published, but most scholars receive no training on how to do so—and you may have never even seen a proposal before you're expected to produce your

own. The Book Proposal Book cuts through the mystery and guides prospective authors step by step through the process of crafting a compelling proposal and pitching it to university presses and other academic publishers. Laura Portwood-Stacer, an experienced developmental editor and publishing consultant for academic authors, shows how to select the right presses to target, identify audiences and competing titles, and write a project description that will grab the attention of editors—breaking the entire process into discrete, manageable tasks. The book features over fifty time-tested tips to make your proposal stand out; sample prospectuses, a letter of inquiry, and a response to reader reports from real authors; optional worksheets and checklists; answers to dozens of the most common questions about the scholarly publishing process; and much, much more. Whether you're hoping to publish your first book or you're a seasoned author with an unfinished proposal languishing on your hard drive, The Book Proposal Book provides honest, empathetic, and invaluable advice on how to overcome common sticking points and get your book published. It also shows why, far from being merely a hurdle to clear, a well-conceived proposal can help lead to an outstanding book.

a pocket guide to writing in history: Salt Mark Kurlansky, 2011-03-18 From the award-winning and bestselling author of *Cod* comes the dramatic, human story of a simple substance, an element almost as vital as water, that has created fortunes, provoked revolutions, directed economies and enlivened our recipes. Salt is common, easy to obtain and inexpensive. It is the stuff of kitchens and cooking. Yet trade routes were established, alliances built and empires secured – all for something that filled the oceans, bubbled up from springs, formed crusts in lake beds, and thickly veined a large part of the Earth's rock fairly close to the surface. From pre-history until just a century ago – when the mysteries of salt were revealed by modern chemistry and geology – no one knew that salt was virtually everywhere. Accordingly, it was one of the most sought-after commodities in human history. Even today, salt is a major industry. Canada, Kurlansky tells us, is the world's sixth largest salt producer, with salt works in Ontario playing a major role in satisfying the Americans' insatiable demand. As he did in his highly acclaimed *Cod*, Mark Kurlansky once again illuminates the big picture by focusing on one seemingly modest detail. In the process, the world is revealed as never before.

a pocket guide to writing in history: Writing Humor (Lit Starts) San Francisco Writers' Grotto, 2022-07-05 A book of writing prompts from the San Francisco Writers' Grotto, authors of the best-selling 642 Things series. Focus on a single aspect of the craft of writing with help from the San Francisco Writers' Grotto. Writing Humor starts with a foreword by author Chris Colin, who offers pointers for developing your own comedic style. The rest of the book consists of prompts and space to think, providing opportunities to explore your voice in various hilarious scenarios. Among other ideas, you'll be asked to write: an account of a bachelor, from the perspective of his refrigerator a Craigslist ad for something you are desperate to sell a eulogy to a pair of jeans that no longer fit an evaluation of a coworker in the form of a school report card a list of embarrassing moments that are funny in hindsight Take to a café, on vacation, or on your morning commute and practice your creative writing a little bit at a time. Special Features Advice from a published writer, followed by prompts Part of a collection of single-subject writing prompt books by the San Francisco Writers' Grotto Check out the other books in the Lit Starts series: Writing Action, Writing Character, and Writing Dialogue.

a pocket guide to writing in history: The Future Is History Masha Gessen, 2017-10-03 WINNER OF THE 2017 NATIONAL BOOK AWARD IN NONFICTION FINALIST FOR THE NATIONAL BOOK CRITICS CIRCLE AWARDS WINNER OF THE NEW YORK PUBLIC LIBRARY'S HELEN BERNSTEIN BOOK AWARD NAMED A BEST BOOK OF 2017 BY THE NEW YORK TIMES BOOK REVIEW, LOS ANGELES TIMES, WASHINGTON POST, BOSTON GLOBE, SEATTLE TIMES, CHRISTIAN SCIENCE MONITOR, NEWSWEEK, PASTE, and POP SUGAR The essential journalist and bestselling biographer of Vladimir Putin reveals how, in the space of a generation, Russia surrendered to a more virulent and invincible new strain of autocracy. Award-winning journalist Masha Gessen's understanding of the events and forces that have wracked Russia in recent times is

unparalleled. In *The Future Is History*, Gessen follows the lives of four people born at what promised to be the dawn of democracy. Each of them came of age with unprecedented expectations, some as the children and grandchildren of the very architects of the new Russia, each with newfound aspirations of their own—as entrepreneurs, activists, thinkers, and writers, sexual and social beings. Gessen charts their paths against the machinations of the regime that would crush them all, and against the war it waged on understanding itself, which ensured the unobstructed reemergence of the old Soviet order in the form of today's terrifying and seemingly unstoppable mafia state. Powerful and urgent, *The Future Is History* is a cautionary tale for our time and for all time.

a pocket guide to writing in history: *History of Oral History* Leslie Roy Ballard, 2007-04-09
Gathered here are parts I and II of the *Handbook of Oral History*, which set the benchmark for knowledge of the field. The eminent contributors discuss the history and methodologies of a field that once was the domain of history scholars who were responding to trends within the academy, but which has increasingly become democratized and widely used outside the realm of historical research. This handbook will be both a traveling guide and essential touchstone for anyone fascinated by this dynamic and expanding discipline.

a pocket guide to writing in history: *Philosophy Between the Lines* Arthur M. Melzer, 2014-09-09
“Shines a floodlight on a topic that has been cloaked in obscurity . . . a landmark work in both intellectual history and political theory” (*The Wall Street Journal*). Philosophical esotericism—the practice of communicating one’s unorthodox thoughts “between the lines”—was a common practice until the end of the eighteenth century. Despite its long and well-documented history, however, esotericism is often dismissed today as a rare occurrence. But by ignoring esotericism, we risk cutting ourselves off from a full understanding of Western philosophical thought. Walking readers through both an ancient (Plato) and a modern (Machiavelli) esoteric work, Arthur M. Melzer explains what esotericism is—and is not. It relies not on secret codes, but simply on a more intensive use of familiar rhetorical techniques like metaphor, irony, and insinuation. Melzer explores the various motives that led thinkers in different times and places to engage in this strange practice, while also exploring the motives that lead more recent thinkers not only to dislike and avoid this practice but to deny its very existence. In the book’s final section, “A Beginner’s Guide to Esoteric Reading,” Melzer turns to how we might once again cultivate the long-forgotten art of reading esoteric works. The first comprehensive, book-length study of the history and theoretical basis of philosophical esotericism, *Philosophy Between the Lines* is “a treasure-house of insight and learning. It is that rare thing: an eye-opening book . . . By making the world before Enlightenment appear as strange as it truly was, [Melzer] makes our world stranger than we think it is” (George Kateb, Professor of Politics, Emeritus, at Princeton University). “Brilliant, pellucid, and meticulously researched.” —*City Journal*

a pocket guide to writing in history: *The Pocket Instructor: Literature* Diana Fuss, William A. Gleason, 2015-11-03
The first comprehensive collection of hands-on exercises that bring active learning to the literature classroom This is the first comprehensive collection of hands-on, active learning exercises for the college literature classroom, offering ideas and inspiration for new and veteran teachers alike. These 101 surefire lesson plans present creative and interactive activities to get all your students talking and learning, from the first class to final review. Whether you are teaching majors or nonmajors, genres or periods, canonical or noncanonical literature, medieval verse or the graphic novel, this volume provides practical and flexible exercises for creating memorable learning experiences. Help students learn more and retain that knowledge longer by teaching them how to question, debate, annotate, imitate, write, draw, map, stage, or perform. These user-friendly exercises feature clear and concise step-by-step instructions, and each exercise is followed by helpful teaching tips and descriptions of the exercise in action. All encourage collaborative learning and many are adaptable to different class sizes or course levels. A collection of successful approaches for teaching fiction, poetry, and drama and their historical, cultural, and literary contexts, this indispensable book showcases the tried and true alongside the fresh and innovative. 101 creative classroom exercises for teaching literature Exercises contributed by

experienced teachers at a wide range of colleges and universities Step-by-step instructions and teaching tips for each exercise Extensive introduction on the benefits of bringing active learning to the literature classroom Cross-references for finding further exercises and to aid course planning Index of literary authors, works, and related topics

a pocket guide to writing in history: Academy of Nutrition and Dietetics Pocket Guide to Eating Disorders Jessica Setnick, 2016-11 Organized according to the Nutrition Care Process, this guide provides assessment and intervention tools, sample PES statements and guidance on the RDN's scope of practice. Pharmacotherapy and nutrition support information, nutrition education topics, and advice on coordination of care are addressed. Covers care inside the hospital as well as in outpatient settings.

a pocket guide to writing in history: The Pocket Guide to Action Kyle Eschenroader, 2017-01-23 Action is the surest path not only to reaching goals, but to finding the kind of meaning and purpose we desire. It is a kind of back door to the promises of so many philosophies and religions. When we are action-oriented, we forget to notice the missing pieces of our modern world: anomie fades away, change doesn't seem so wildly fast, the news becomes white noise. This book provides insights on how to take action more.
