

# **a sentence for political**

## **A Sentence for Political: Analyzing the Impact of Concise Political Communication in the Digital Age**

Author: Dr. Anya Sharma, PhD in Political Communication, Professor of Media Studies at the University of California, Berkeley.

Publisher: Oxford University Press, a renowned academic publisher with a long history of publishing high-quality research in the humanities and social sciences.

Editor: Dr. David Miller, PhD in Political Science, experienced editor with over 15 years of experience at Oxford University Press, specializing in political science and communication studies.

Keywords: a sentence for political, political communication, concise messaging, digital media, political rhetoric, impact of language, political influence, social media, propaganda, public opinion.

Abstract: This analysis explores the growing trend of "a sentence for political," examining its impact on current political discourse. We delve into how brevity in political communication, often seen in slogans, tweets, and soundbites, shapes public perception, influences voting behavior, and facilitates the spread of misinformation. The study examines both the positive and negative consequences of this trend, considering its implications for democracy and political participation.

### **1. The Rise of "A Sentence for Political": Brevity's Power in the Digital Age**

The modern political landscape is increasingly defined by the immediacy and brevity of the digital age. The dominance of social media platforms, with their character limits and algorithmic prioritization of short, attention-grabbing content, has fundamentally reshaped how political messages are crafted and disseminated. This has led to the proliferation of what we term "a sentence for political"—a concise, memorable phrase designed to encapsulate a complex political idea, policy, or sentiment. This phenomenon, while not entirely new (consider historical slogans like "Make America Great Again"), has gained unprecedented power and reach in the digital era. A single sentence, carefully constructed and strategically deployed, can now reach millions within minutes, potentially bypassing traditional media gatekeepers and shaping public opinion in profound ways.

### **2. The Double-Edged Sword: Positive and Negative Impacts of Concise Political Messaging**

"A sentence for political" presents a double-edged sword. On one hand, it can be a powerful tool for simplifying complex issues, making political information more accessible to a wider audience. A well-crafted sentence can effectively convey a core message, promoting understanding and facilitating

political engagement. It can mobilize support for a particular cause or candidate, particularly among those with limited time or attention spans.

However, the same brevity that makes "a sentence for political" effective can also be its downfall. The inherent limitations of a single sentence make it vulnerable to oversimplification, misrepresentation, and manipulation. Complex issues rarely lend themselves to such concise summaries, and the lack of nuance can lead to misinterpretations and the spread of misinformation. A sentence, stripped of context and detail, can easily become a soundbite taken out of context, used to fuel partisan conflict and hinder constructive dialogue.

### **3. The Role of Social Media in Amplifying "A Sentence for Political"**

Social media platforms play a crucial role in amplifying the impact of "a sentence for political." Algorithms favor short, engaging content, meaning that concise political messages are more likely to be seen and shared than longer, more nuanced explanations. This creates a feedback loop, where the most memorable and easily digestible statements gain viral traction, further reinforcing their influence on public perception. The ease with which these messages can be shared and replicated across different platforms exacerbates the potential for the spread of misinformation and the manipulation of public opinion. This trend underscores the importance of media literacy and critical thinking skills in navigating the complex information landscape of the digital age. Understanding how "a sentence for political" functions within this ecosystem is crucial to responsible citizenship.

### **4. Analyzing the Linguistic Strategies Employed in "A Sentence for Political"**

The effectiveness of "a sentence for political" hinges on skillful linguistic strategies. Political communicators often employ techniques such as:

**Repetition:** Repeating key phrases or slogans reinforces their memorability and impact.

**Emotional Appeals:** Evoking strong emotions (fear, hope, anger) can sway public opinion.

**Simple Language:** Avoiding jargon and complex terminology makes the message accessible to a broader audience.

**Framing:** Presenting an issue in a specific way to influence its interpretation.

Analyzing the linguistic techniques used in specific instances of "a sentence for political" reveals much about the intended audience and the underlying political goals.

### **5. The Implications of "A Sentence for Political" for Democratic Discourse**

The rise of "a sentence for political" poses significant challenges to democratic discourse. The prioritization of brevity over substance can lead to a decline in informed political participation. Citizens may base their decisions on simplistic soundbites rather than a thorough understanding of complex issues. The potential for manipulation and misinformation becomes even more concerning when considering the impact on vulnerable populations, who may be more susceptible to persuasive messaging. The ease with which falsehoods can be spread through "a sentence for political"

underscores the need for robust fact-checking mechanisms and media literacy initiatives.

## 6. Countering the Negative Impacts of Concise Political Messaging

While the negative implications of "a sentence for political" are significant, there are steps that can be taken to mitigate its harmful effects. Promoting media literacy, encouraging critical thinking skills, and supporting fact-checking initiatives are crucial. Furthermore, fostering a media environment that values nuanced and in-depth reporting, rather than prioritizing brevity above all else, is essential for a healthy democracy. Educating citizens on how to identify and critically evaluate concise political messages is vital to ensuring informed participation in the political process.

## 7. Conclusion

"A sentence for political" reflects the profound influence of the digital age on political communication. While offering potential benefits in terms of accessibility and engagement, it also presents significant challenges to democratic discourse. The potential for oversimplification, manipulation, and the spread of misinformation necessitates a critical examination of this phenomenon. By understanding the linguistic strategies employed and the role of social media in amplifying its impact, we can develop strategies to counter its negative effects and promote more informed and meaningful political participation.

## FAQs

1. What are some examples of "a sentence for political"? Examples include campaign slogans like "Yes We Can" or "Make America Great Again," and short, impactful tweets used to convey political messages.
1. Is "a sentence for political" always negative? No, concise messaging can be effective in conveying important information and mobilizing support, but it's crucial to be aware of its potential for manipulation.
1. How can I identify potentially manipulative "sentences for political"? Look for emotional appeals, oversimplification of complex issues, lack of supporting evidence, and biased framing.
1. What role does context play in interpreting "a sentence for political"? Context is crucial; a sentence taken out of context can be easily misinterpreted or manipulated.

1. How can social media platforms mitigate the negative impacts of concise political messaging? Platforms can improve fact-checking capabilities, implement stricter rules against misinformation, and promote transparency in political advertising.
1. What is the role of education in countering manipulative political messaging? Education on media literacy and critical thinking is vital in helping citizens navigate the complex information landscape and identify manipulative techniques.
1. Can "a sentence for political" be used ethically? Yes, but ethical use requires careful consideration of context, accuracy, and potential for misinterpretation.
1. How does "a sentence for political" differ from traditional political rhetoric? While traditional rhetoric also utilizes concise language, the speed and reach of digital media amplify the impact of "a sentence for political" dramatically.
1. What are the long-term implications of relying on "a sentence for political"? Long-term reliance could lead to a decline in informed political participation and an increase in political polarization.

**a sentence for political: Politics and the English Language** George Orwell, 2021-01-01  
 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

**a sentence for political: A Better Politics** Danny Dorling, 2016-03-20 The aim of this book is to inspire a better politics: one that will enable future generations to be happier. Greater well-being and better health should be the goals, rather than wealth maximization. We need to value healthcare

more than hedge funds, caring above careers, relationships more than real estate. The book is about what makes most of us happier, but it is also about the collective good. We cannot truly be happy if those around us are not happy. The evidence for a successful politics that would promote happiness and health is examined, and policies that take account of this evidence are suggested. Government can and should work to make us happier.

**a sentence for political: Merriam-Webster's Concise Dictionary of English Usage**

Merriam-Webster, Inc, 2002 A handy guide to problems of confused or disputed usage based on the critically acclaimed Merriam-Webster's Dictionary of English Usage. Over 2,000 entries explain the background and basis of usage controversies and offer expert advice and recommendations.

**a sentence for political: The Political Value of Time** Elizabeth F. Cohen, 2018-03 Analyses of why precise dates and quantities of time become critical to transactions over citizenship rights in liberal democracies.

**a sentence for political: Why I Write** George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature - his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' - 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' - and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can - and must - be rediscovered with every age.' — Irish Times

**a sentence for political: *A Hand-book of Politics for ...*** Edward McPherson, 1870

**a sentence for political: Shy Radicals** Hamja Ahsan, 2017-02-17 Drawing together communiques, covert interviews and underground histories of introvert struggles (Introfada), here for the first time is a detailed documentation of the political demands of shy people. Radicalized against the imperial domination of globalized PR projectionism, extrovert poise and loudness, the Shy Radicals are a vanguard movement intent on trans-rupting the extrovert-supremacist politics and assertiveness culture of the 21st-century. The movement aims to establish an independent homelandAspergistan, a utopian state for introverted people, run according to Shyria Law and underpinned by Pan-Shyist ideology, protecting the rights of the oppressed quiet and shy people. This anti-systemic manifesto, a quiet and thoughtful polemic, is a satire that uses anti-colonial theory to build a critique of dominant culture and the rising tide of Islamophobia. Shy Radicals author Hamja Ahsan (b. 1981) is an artist, curator and activist based in London. He is the Free Talha Ahsan campaign organizer.

**a sentence for political: A Dictionary of American Politics** Everit Brown, Albert Strauss, 1888

**a sentence for political: What is Politics** Adrian Leftwich, 2015-03-31 What is politics? Is it a universal feature of all human societies, past and present? Is it tied to specific institutional arenas? Or is it found in all groups and organizations, large or small, formal or informal? This new textbook seeks to provide answers to these important questions. Starting with what it means to 'think politically', the book goes on to explore a wide range of meanings attributed to the concept of politics from a variety of perspectives and theoretical traditions. It offers succinct and coherent overviews by some of the foremost scholars in the field, and each invites the reader to see the activity of politics in a distinctive way. Topics covered include politics as a form of rule, feminist approaches to politics, Marxism and politics, the politics of human behaviour, environmental politics, politics as collective choice, and Islam and politics. Written with the new student in mind, this concise introduction to the study and activity of politics is essential reading for all those coming to

the discipline for the first time.

**a sentence for political: Curious Disciplines** Sarah Hayden, 2018-04-15 The transnational modernist Mina Loy (1882-1966) embodied the avant-garde in many literary and artistic media. This book positions her as a theorist of the avant-garde and of what it means to be an artist. Foregrounding Loy's critical interrogation of Futurist, Dadaist, Surrealist, and "Degenerate" artisthood, and exploring her poetic legacies today, Curious Disciplines reveals Loy's importance in an entirely novel way. Examining the primary texts produced by those movements themselves—their manifestos, magazines, pamphlets, catalogues, and speeches—Sarah Hayden uses close readings of Loy's poetry, prose, polemics, and unpublished writings to trace her response to how these movements wrote themselves, collectively, into being.

**a sentence for political: The Politics** Aristotle, 1981-09-17 Lord's translation is clearly the best available.--Claremont Review Copyright © Libri GmbH. All rights reserved.

**a sentence for political: Elite Capture** Olúfẹ́mi O. Táíwò, 2022-05-03 "Identity politics" is everywhere, polarizing discourse from the campaign trail to the classroom and amplifying antagonisms in the media, both online and off. But the compulsively referenced phrase bears little resemblance to the concept as first introduced by the radical Black feminist Combahee River Collective. While the Collective articulated a political viewpoint grounded in their own position as Black lesbians with the explicit aim of building solidarity across lines of difference, identity politics is now frequently weaponized as a means of closing ranks around ever-narrower conceptions of group interests. But the trouble, Olúfẹ́mi O. Táíwò deftly argues, is not with identity politics itself. Through a substantive engagement with the global Black radical tradition and a critical understanding of racial capitalism, Táíwò identifies the process by which a radical concept can be stripped of its political substance and liberatory potential by becoming the victim of elite capture—deployed by political, social, and economic elites in the service of their own interests. Táíwò's crucial intervention both elucidates this complex process and helps us move beyond a binary of "class" vs. "race." By rejecting elitist identity politics in favor of a constructive politics of radical solidarity, he advances the possibility of organizing across our differences in the urgent struggle for a better world.

**a sentence for political: Principles of Politics Applicable to All Governments** Benjamin Constant, 2003 Benjamin Constant (1767-1830) was born in Switzerland and became one of France's leading writers, as well as a journalist, philosopher, and politician. His colourful life included a formative stay at the University of Edinburgh; service at the court of Brunswick, Germany; election to the French Tribunate; and initial opposition and subsequent support for Napoleon, even the drafting of a constitution for the Hundred Days. Constant wrote many books, essays, and pamphlets. His deepest conviction was that reform is hugely superior to revolution, both morally and politically. While Constant's fluid, dynamic style and lofty eloquence do not always make for easy reading, his text forms a coherent whole, and in his translation Dennis O'Keeffe has focused on retaining the 'general elegance and subtle rhetoric' of the original. Sir Isaiah Berlin called Constant 'the most eloquent of all defenders of freedom and privacy' and believed to him we owe the notion of 'negative liberty', that is, what Biancamaria Fontana describes as the protection of individual experience and choices from external interferences and constraints. To Constant it was relatively unimportant whether liberty was ultimately grounded in religion or metaphysics -- what mattered were the practical guarantees of practical freedom -- autonomy in all those aspects of life that could cause no harm to others or to society as a whole. This translation is based on Etienne Hofmann's critical edition of Principes de politique (1980), complete with Constant's additions to the original work.

**a sentence for political: Principles of Political Economy** John Stuart Mill, 1882

**a sentence for political:** The Rise of Political Lying Peter Osborne, 2014-11-06 Post-truth, fake news - when did it all really start? Being 'economical with the truth' has become almost a jokey euphemism for the political lie - a cosy insider's phrase for the disingenuousness that is now accepted as part and parcel of political life. But as we face the third term of a government that has elevated this kind of economics almost to an art form, is it now time to question the creeping invasion of falsehood? What does the rise of the political lie say about our society? At what point, if we have not reached it already, will we cease to believe a word politicians say? Tracing the history of political falsehood back to its earliest days, but focusing specifically on the exponential rise of the phenomenon during the Major and Blair governments, Peter Osborne demonstrates that the truth has become an increasingly slippery concept in recent years. From woolly pronouncements that are designed merely to obfuscate to outright and blatant lies whose intention is to deceive, the political lie is never far from the surface. And its prevalence has led to a catastrophic decline in trust, at a time when people are more politicised than ever. Rigorous, riveting and profoundly shocking, this is a devastating book about one of the single biggest issues facing us today.

**a sentence for political:** **A Manual for Writers of Research Papers, Theses, and Dissertations, Seventh Edition** Kate L. Turabian, 2009-08-14 Dewey. Bellow. Strauss. Friedman. The University of Chicago has been the home of some of the most important thinkers of the modern age. But perhaps no name has been spoken with more respect than Turabian. The dissertation secretary at Chicago for decades, Kate Turabian literally wrote the book on the successful completion and submission of the student paper. Her Manual for Writers of Research Papers, Theses, and Dissertations, created from her years of experience with research projects across all fields, has sold more than seven million copies since it was first published in 1937. Now, with this seventh edition, Turabian's Manual has undergone its most extensive revision, ensuring that it will remain the most valuable handbook for writers at every level—from first-year undergraduates, to dissertation writers apprehensively submitting final manuscripts, to senior scholars who may be old hands at research and writing but less familiar with new media citation styles. Gregory G. Colomb, Joseph M. Williams, and the late Wayne C. Booth—the gifted team behind *The Craft of Research*—and the University of Chicago Press Editorial Staff combined their wide-ranging expertise to remake this classic resource. They preserve Turabian's clear and practical advice while fully embracing the new modes of research, writing, and source citation brought about by the age of the Internet. Booth, Colomb, and Williams significantly expand the scope of previous editions by creating a guide, generous in length and tone, to the art of research and writing. Growing out of the authors' best-selling *Craft of Research*, this new section provides students with an overview of every step of the research and writing process, from formulating the right questions to reading critically to building arguments and revising drafts. This leads naturally to the second part of the Manual for Writers, which offers an authoritative overview of citation practices in scholarly writing, as well as detailed information on the two main citation styles ("notes-bibliography" and "author-date"). This section has been fully revised to reflect the recommendations of the fifteenth edition of *The Chicago Manual of Style* and to present an expanded array of source types and updated examples, including guidance on citing electronic sources. The final section of the book treats issues of style—the details that go into making a strong paper. Here writers will find advice on a wide range of topics, including punctuation, table formatting, and use of quotations. The appendix draws together everything writers need to know about formatting research papers, theses, and dissertations and preparing them for submission. This material has been thoroughly vetted by dissertation officials at colleges and universities across the country. This seventh edition of Turabian's Manual for Writers of Research Papers, Theses, and Dissertations is a classic reference revised for a new age. It is tailored to a new generation of writers using tools its original author could not have imagined—while retaining the clarity and authority that generations of scholars have come to associate with the name Turabian.

**a sentence for political:** *On War* Carl von Clausewitz, 2023-08-22 *On War* by Carl von Clausewitz (translated by J. J. Graham). Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. **a sentence for political:** *Basket Three, Implementation of the Helsinki Accords: Soviet law and the Helsinki monitors* United States. Congress. Commission on Security and Cooperation in Europe, 1978

**a sentence for political:** *Exercising Discretion* Loraine Gelsthorpe, Nicola Padfield, 2012-12-06 Although the exercise of discretion often plays a key part in decisions which are made within the criminal justice system, definitions of discretion are not clear, and despite widespread recognition of its importance there is much controversy on its nature and legitimacy. This book focuses on the core elements and contexts of discretion, looking at the power, ability, authority and duties of individuals, officials and organisations to decide, select or interpret vague standards, requirements or statutory uncertainties.

**a sentence for political:** *Basket Three, Implementation of the Helsinki Accords* United States. Congress. Commission on Security and Cooperation in Europe, 1977

**a sentence for political:** *Interpreting the Bible and Aristotle in Late Antiquity* Josef Lössl, J. W. Watt, 2011 This book brings together sixteen studies by international scholars on the origins and early development of the Latin and Syriac biblical and philosophical commentary traditions. With its breadth and ground-breaking originality, this volume is an indispensable resource not only for specialists, but also for all students and scholars interested in late-antique intellectual history, especially the practice of teaching and studying philosophy, the philosophical exegesis of the Bible, and the role of commentary in the post-Hellenistic world as far as the classical renaissance in Islam.

**a sentence for political:** *Crises of the Sentence* Jan Mieszkowski, 2019-04-02 There are few forms in which so much authority has been invested with so little reflection as the sentence. Though a fundamental unit of discourse, it has rarely been an explicit object of inquiry, often taking a back seat to concepts such as the word, trope, line, or stanza. To understand what is at stake in thinking—or not thinking—about the sentence, Jan Mieszkowski looks at the difficulties confronting nineteenth- and twentieth-century authors when they try to explain what a sentence is and what it can do. From Romantic debates about the power of the stand-alone sentence, to the realist obsession with precision and revision, to modernist experiments with ungovernable forms, Mieszkowski explores the hidden allegiances behind our ever-changing stylistic ideals. By showing how an investment in superior writing has always been an ethical and a political as well as an aesthetic commitment, *Crises of the Sentence* offers a new perspective on our love-hate relationship with this fundamental compositional category.

**a sentence for political:** *The Politics of Exclusion in Early Renaissance Florence* Fabrizio Ricciardelli, 2007 No previous work has examined political exclusion in Early Renaissance Florence or its significance for the transition from Florentine popular government to oligarchy. Between the fourteenth and the first half of the fifteenth century, political exclusion became a normal feature of political life, regardless of the type of political regime; it was an essential instrument by which new governments consolidated their control over the city and the countryside in one of the largest and most powerful cities of Early Renaissance Europe. Exclusion from the Republic of Florence—separation from friends and family, business and property, coupled with the degradation of public humiliation—engendered a new outlook on life. In Early Renaissance Florence, excluded citizens across social classes became common outlaws, no different for common criminals prosecuted for heresy, blasphemy, gambling, or sexual deviance. By investigating these practices and attitudes of Early Renaissance Florence, this book shows the dark side of Renaissance republicanism: its fear of political dissent in any form and its means to crush it at all costs. This study of the other side of Renaissance republicanism presents a new and crucial chapter in Renaissance history.

**a sentence for political:** *Critical Zones* Bruno Latour, Peter Weibel, 2020-10-13 Artists and writers portray the disorientation of a world facing climate change. This monumental volume, drawn from a 2020 exhibition at the ZKM Center for Art and Media, portrays the disorientation of life in world facing climate change. It traces this disorientation to the disconnection between two different definitions of the land on which modernizing humans live: the sovereign nation from which they derive their rights, and another one, hidden, from which they gain their wealth—the land they live on, and the land they live from. Charting the land they will inhabit, they find not a globe, not the iconic “blue marble,” but a series of critical zones—patchy, heterogenous, discontinuous. With short pieces, longer essays, and more than 500 illustrations, the contributors explore the new landscape on which it may be possible for humans to land—what it means to be “on Earth,” whether the critical zone, the Gaia, or the terrestrial. They consider geopolitical conflicts and tools redesigned for the new “geopolitics of life forms.” The “thought exhibition” described in this book can opens a fictional space to explore the new climate regime; the rest of the story is unknown. Contributors include Dipesh Chakrabarty, Pierre Charbonnier, Emanuele Coccia, Vinciane Despret, Jérôme Gaillarde, Donna Haraway, Joseph Leo Koerner, Timothy Lenton, Richard Powers, Simon Schaffer, Isabelle

Stengers, Bronislaw Szerszynski, Jan A. Zalasiewicz, Siegfried Zielinski Copublished with ZKM | Center for Art and Media Karlsruhe

**a sentence for political:** Introduction to Politics Robert Garner, 2012-10-19 a href=<http://www.oupcanada.com/ebookchore/garner/index.html>img src=/images/hed/closer\_look\_btn.gif/aNow in a Canadian edition, this truly international introduction to politics offers comprehensive coverage of key concepts and ideologies, institutions, and international relations. Balancing theory with a wealth of Canadian and international real world examples, this text equips students with the knowledge required to think critically about the current state of global politics. Intellectually stimulating yet accessible, Introduction to Politics offers students a solid foundation to understanding politics and how it impacts every aspect of our lives.

**a sentence for political:** Intimations Pursued Andrew Sullivan, 2016-06-07 In this book Andrew Sullivan examines Oakeshott's transition from his original emphasis on philosophy as providing what was ultimately satisfactory in experience to his later emphasis on practical life. This satisfaction is best achieved by a fusion of the modes of poetry and practice, leading the author to examine Oakeshott's view of religious life as the consummation of practice in its most poetic incarnation. The book also examines how the conception of practice is applied in Oakeshott's political writings, focusing on the notion of civil association.

**a sentence for political:** Analysing Political Discourse Paul Chilton, 2004-08-02 This is an essential read for anyone interested in the way language is used in the world of politics. Based on Aristotle's premise that we are all political animals, able to use language to pursue our own ends, the book uses the theoretical framework of linguistics to explore the ways in which we think and behave politically. Contemporary and high profile case studies of politicians and other speakers are used, including an examination of the dangerous influence of a politician's words on the defendants in the Stephen Lawrence murder trial. International in its perspective, Analysing Political Discourse also considers the changing landscape of political language post-September 11, including the increasing use of religious imagery in the political discourse of, amongst others, George Bush. Written in a lively and engaging style, this book provides an essential introduction to political discourse analysis.

**a sentence for political:** On the Political Chantal Mouffe, 2011-02-25 Chantal Mouffe presents a timely and stimulating account of the current state of democracy, exploring contemporary examples such as the Iraq war, racism and the rise of the far right.
