

a small book about a big problem

A Small Book About a Big Problem: A Comprehensive Guide to Crafting Impactful Concise Non-Fiction

Author: Dr. Amelia Stone, Professor of Creative Non-Fiction and author of "The Art of the Short Essay," with 20 years of experience in teaching and writing concise, impactful narratives.

Publisher: Scholarly Press, a leading publisher specializing in academic and popular non-fiction, with a strong track record in disseminating impactful research and thought-provoking narratives on social issues.

Editor: Elias Vance, a seasoned editor with over 15 years of experience in crafting and polishing non-fiction texts, specializing in books addressing complex social and environmental issues.

Keywords: a small book about a big problem, concise writing, impactful non-fiction, short-form nonfiction, big problem, small book, impactful storytelling, problem-solving communication.

Summary: This guide provides a comprehensive overview of the process of writing "a small book about a big problem," encompassing best practices in selecting a topic, structuring the narrative, employing impactful language, and navigating the challenges of brevity. It explores the importance of clarity, precision, and engaging storytelling in tackling complex issues within a limited word count, addressing common pitfalls and providing practical solutions for authors seeking to create a compelling and effective "a small book about a big problem."

I. Choosing the Right "Big Problem" for Your "Small Book"

Selecting the right "big problem" is paramount. A successful "a small book about a big problem" requires a focused scope despite the expansive nature of the subject matter. Avoid trying to tackle everything at once. Instead, identify a specific aspect of the larger issue you can realistically address within the constraints of a smaller book. Thorough research is crucial; you must possess a deep understanding of the problem to effectively communicate its nuances to the reader. Consider the following:

Impact and Relevance: Is your chosen problem timely and relevant to a broad audience? Does it hold the potential to spark dialogue or inspire change?

Scope and Focus: Can you define a specific aspect of the problem that can be adequately explored within the length limitations of a small book?

Narrative Arc: Does your chosen focus allow for a compelling narrative arc, with a clear beginning, middle, and end? A "small book about a big problem" still needs a strong narrative structure to engage the reader.

II. Structuring Your Narrative: Clarity in Conciseness

Conciseness is key in "a small book about a big problem." Every sentence must serve a purpose. Avoid unnecessary jargon or overly academic language. Employ clear and concise language throughout. A well-structured outline is essential:

Introduction: Clearly define the problem and your approach. Hook the reader immediately.

Body Paragraphs: Present your arguments logically, supported by evidence and examples. Use subheadings to break up large sections and improve readability.

Conclusion: Summarize your key findings and offer a call to action or reflection.

III. The Power of Impactful Language: Engaging the Reader

Even though you're working with a smaller word count, you need to engage your reader emotionally and intellectually. Strong storytelling techniques can help even when dealing with complex issues. Consider the following:

Anecdotes and Case Studies: Use relatable examples to illustrate complex concepts and bring your subject matter to life.

Data Visualization: Use charts, graphs, or other visuals where appropriate to present data in a digestible format.

Strong Verbs and Precise Language: Choose your words carefully. Each word should contribute to the overall impact of your work.

IV. Common Pitfalls to Avoid

Numerous challenges arise when writing "a small book about a big problem." Here are some common mistakes to avoid:

Overgeneralization: Avoid making broad statements without sufficient evidence.

Lack of Focus: A scattered approach will confuse the reader. Maintain a sharp focus on your chosen aspect of the problem.

Ignoring Counterarguments: Acknowledging and addressing counterarguments strengthens your credibility.

Poorly Supported Claims: Ensure all claims are backed by evidence and

credible sources.

V. The Editing and Publication Process

The editing process is critical. Seek feedback from trusted readers and beta readers. Professional editing will refine your work and ensure clarity and consistency. Careful consideration of the target audience and the publisher's requirements is also crucial for successful publication. Consider self-publishing or traditional publishing routes, each with its own advantages and disadvantages.

Conclusion

Crafting "a small book about a big problem" is a challenging but rewarding endeavor. By carefully selecting your focus, structuring your narrative effectively, employing impactful language, and avoiding common pitfalls, you can create a concise yet powerful work that resonates with readers and contributes meaningfully to the ongoing conversation surrounding significant global issues. The rewards of distilling complex topics into digestible, impactful narratives are immense, allowing for wider reach and more effective communication of crucial information.

FAQs

1. What is the ideal length for a "small book about a big problem"?
Generally, 20,000-40,000 words is considered a small book, but this can vary depending on the topic and publisher.
1. How do I choose the right publisher for my book? Research publishers who specialize in your chosen genre and have a history of publishing successful books on similar topics.
1. What kind of research is necessary for this type of book? Thorough research is essential, including academic sources, reputable news articles, government reports, and expert interviews.
1. How can I make my book more engaging for readers? Use storytelling techniques, relatable examples, and clear, concise language to engage readers.

1. What are some effective ways to promote my small book? Leverage social media, author events, and book reviews to promote your work.
1. How do I handle criticism of my work? Be open to constructive criticism and use it to improve future writing.
1. How can I ensure accuracy in my writing? Fact-check all information thoroughly and cite your sources properly.
1. What is the role of visuals in a small book? Visuals, like charts and graphs, can help to communicate information more effectively.
1. How long does it typically take to write a small book? The writing process can take anywhere from several months to a year or more, depending on the scope and complexity of the topic.

a small book about a big problem: A Small Book about a Big Problem Edward T. Welch, 2017-09-25 A Small Book about a Big Problem by biblical counselor and psychologist Edward T. Welch guides readers to look carefully at how their anger affects them and others through short, daily meditations. In a fifty-day reading plan journey, Welch unpacks anger while encouraging and teaching readers to respond with patience to life's difficulties. This biblically wise resource is a useful tool for pastors, counselors, and lay helpers who are working with people who struggle with a short fuse. In A Small Book about a Big Problem, Welch invites readers to consider how everyone can find anger in their actions and attitudes, but Jesus, the Prince of Peace, is the only one who can empower his people to grow in patience, peace, and wholeness. How many times today have you been irritated? Frustrated? Anger is so common—yet it also hurts. It not only leaves a mark on us, but it also leaves a mark on others. The wounds we inflict on ourselves and others because of anger—loss of intimacy, trust, security, and enjoyment in our closest relationships—give us compelling reasons to look closely at our anger and lift our eyes to Christ.

a small book about a big problem: Crazy Busy Kevin DeYoung, 2013-09-23 Winner of the 2014 Christian Book of the Year Award I'M TOO BUSY! We've all heard it. We've all said it. All too often, busyness gets the best of us. Just one look at our jam-packed schedules tells us how hard it can be to strike a well-reasoned balance between doing nothing and doing it all. That's why award-winning author and pastor Kevin DeYoung addresses the busyness problem head on in his newest book, Crazy Busy — and not with the typical arsenal of time management tips, but rather with the biblical tools we need to get to the source of the issue and pull the problem out by the roots. Highly practical and super short, Crazy Busy will help you put an end to busyness as usual.

a small book about a big problem: The Big Problem of Small Change Thomas J. Sargent, François R. Velde, 2014-04-24 The Big Problem of Small Change offers the first credible and analytically sound explanation of how a problem that dogged monetary authorities for hundreds of years was finally solved. Two leading economists, Thomas Sargent and François Velde, examine the evolution of Western European economies through the lens of one of the classic problems of monetary history--the recurring scarcity and depreciation of small change. Through penetrating and clearly worded analysis, they tell the story of how monetary technologies, doctrines, and practices evolved from 1300 to 1850; of how the standard formula was devised to address an age-old dilemma without causing inflation. One big problem had long plagued commodity money (that is, money literally worth its weight in gold): governments were hard-pressed to provide a steady supply of small change because of its high costs of production. The ensuing shortages hampered trade and, paradoxically, resulted in inflation and depreciation of small change. After centuries of technological progress that limited counterfeiting, in the nineteenth century governments replaced the small change in use until then with fiat money (money not literally equal to the value claimed for it)--ensuring a secure flow of small change. But this was not all. By solving this problem, suggest Sargent and Velde, modern European states laid the intellectual and practical basis for the diverse forms of money that make the world go round today. This keenly argued, richly imaginative, and

attractively illustrated study presents a comprehensive history and theory of small change. The authors skillfully convey the intuition that underlies their rigorous analysis. All those intrigued by monetary history will recognize this book for the standard that it is.

a small book about a big problem: Sprint Jake Knapp, John Zeratsky, Braden Kowitz, 2016-03-10 A NEW YORK TIMES and WALL STREET JOURNAL bestseller 'A must read for entrepreneurs of all stripes' - Eric Ries, author of The Lean Startup From three partners at Google Ventures, a unique five-day process for solving tough business problems, proven at more than 100 companies. What's the most important place to focus your effort? How many meetings and discussions does it take before you can be sure you have the right solution? What will your idea look like in real life? How do you start? Now there's a surefire way to answer these important questions: the sprint. Designer Jake Knapp created the five-day process at Google, where sprints were used on everything from Google Search to Google X. He joined Braden Kowitz and John Zeratsky at Google Ventures, and together they have completed more than one hundred sprints with companies in mobile, e-commerce, healthcare, finance, and more. A practical guide to answering critical business questions, Sprint is a book for teams of any size, from small startups to Fortune 100s, from teachers to nonprofits. It's for anyone with a big opportunity, problem, or idea who needs to get answers today.

a small book about a big problem: A Little Life Hanya Yanagihara, 2016 Moving to New York to pursue creative ambitions, four former classmates share decades marked by love, loss, addiction, and haunting elements from a brutal childhood.

a small book about a big problem: A Giant Problem Tony DiTerlizzi, Holly Black, 2023-02-21 Celebrate the 20th anniversary of the #1 New York Times bestselling Spiderwick Chronicles and get ready for the series soon to be streaming on Disney+ with this seventh installment in the fantastical adventures featuring updated text. A Giant Problem was previously published under the series title Beyond the Spiderwick Chronicles. After his last tangle with the magical creatures in his stepsister's field guide, Nick is looking forward to kicking back and beating Laura at video games. But when even more fire-breathing giants begin to wake up, it's out of the frying pan and into the fire for the two siblings. Can they stop the giants before they destroy all of Florida?

a small book about a big problem: Problem Solving 101 Ken Watanabe, 2010-07-06 Problem Solving 101 started out as a simple guide to teach Japanese schoolchildren critical thinking skills. But it quickly became an international bestseller for readers of all ages, thanks to the powerful effectiveness of Ken Watanabe's unique methods. Full of useful diagrams and quirky drawings, Problem Solving 101 is packed with practical tools and brain training techniques that will improve your problem-solving and decision-making ability, and enable you to find better solutions faster. Simple enough for a high school student to understand but sophisticated enough for CEOs to apply to their most challenging problems, Problem Solving 101 has helped millions of people around the world to find successful solutions to even the toughest of problems. Once you've mastered the problem-solving skills in this book, you'll wonder how you ever got by without them.

a small book about a big problem: The Great Escape Angus Deaton, 2024-05-21 A Nobel Prize-winning economist tells the remarkable story of how the world has grown healthier, wealthier, but also more unequal over the past two and half centuries The world is a better place than it used to be. People are healthier, wealthier, and live longer. Yet the escapes from destitution by so many has left gaping inequalities between people and nations. In The Great Escape, Nobel Prize-winning economist Angus Deaton—one of the foremost experts on economic development and on poverty—tells the remarkable story of how, beginning 250 years ago, some parts of the world experienced sustained progress, opening up gaps and setting the stage for today's disproportionately unequal world. Deaton takes an in-depth look at the historical and ongoing patterns behind the health and wealth of nations, and addresses what needs to be done to help those left behind. Deaton describes vast innovations and wrenching setbacks: the successes of antibiotics, pest control, vaccinations, and clean water on the one hand, and disastrous famines and the HIV/AIDS epidemic on the other. He examines the United States, a nation that has prospered but is

today experiencing slower growth and increasing inequality. He also considers how economic growth in India and China has improved the lives of more than a billion people. Deaton argues that international aid has been ineffective and even harmful. He suggests alternative efforts—including reforming incentives to drug companies and lifting trade restrictions—that will allow the developing world to bring about its own Great Escape. Demonstrating how changes in health and living standards have transformed our lives, *The Great Escape* is a powerful guide to addressing the well-being of all nations.

a small book about a big problem: *I Have a Little Problem, Said the Bear* Heinz Janisch, 2009-01-01 The bear has a problem - and everyone's in a hurry to help him. Even if they haven't taken a moment to find out exactly what the problem is... repeating, rollicking refrains discuss the various solutions to a problem everyone's too busy to discuss in this fine story kids will find inviting and fun. AUTHOR: Silke Leffler was born in Vorarlberg, Austria. She spent her childhood and youth in Holland, Austria, Germany, and different countries in Africa. She studied textile design and worked for a design studio in England. Today, she works as a designer for textile companies and as an illustrator. She has been awarded the Austrian Book Trade prize for the most beautiful books of Austria for her books for children and youth. This is her second book for North-South Books. AGES: 4-7

a small book about a big problem: *Out of Office* Anne Helen Petersen, Charlie Warzel, 2022-01-05 The future isn't about where we will work, but how. For years we have struggled to balance work and life, with most of us feeling overwhelmed and burned out because our relationship to work is broken. This "isn't just a book about remote work. It's a book that helps us imagine a future where our lives — at the office and home — are happier, more productive, and genuinely meaningful" (Charles Duhigg, bestselling author of *The Power of Habit*). *Out of Office* is a book for every office worker — from employees to managers — currently facing the decision about whether, and how, to return to the office. The past two years have shown us that there may be another path forward, one that doesn't involve hellish daily commutes and the demands of jam-packed work schedules that no longer make sense. But how can we realise that future in a way that benefits workers and companies alike? Based on groundbreaking reporting and interviews with workers and managers around the world, *Out of Office* illuminates the key values and questions that should be driving this conversation: trust, fairness, flexibility, inclusive workplaces, equity, and work-life balance. Above all, they argue that companies need to listen to their employees — and that this will promote, rather than impede, productivity and profitability. As a society, we have talked for decades about flexible work arrangements; this book makes clear that we are at an inflection point where this is actually possible for many employees and their companies. *Out of Office* is about so much more than zoom meetings and hybrid schedules: it aims to reshape our entire relationship to the office.

a small book about a big problem: *Escaping the Build Trap* Melissa Perri, 2018-11-01 To stay competitive in today's market, organizations need to adopt a culture of customer-centric practices that focus on outcomes rather than outputs. Companies that live and die by outputs often fall into the build trap, cranking out features to meet their schedule rather than the customer's needs. In this book, Melissa Perri explains how laying the foundation for great product management can help companies solve real customer problems while achieving business goals. By understanding how to communicate and collaborate within a company structure, you can create a product culture that benefits both the business and the customer. You'll learn product management principles that can be applied to any organization, big or small. In five parts, this book explores: Why organizations ship features rather than cultivate the value those features represent How to set up a product organization that scales How product strategy connects a company's vision and economic outcomes back to the product activities How to identify and pursue the right opportunities for producing value through an iterative product framework How to build a culture focused on successful outcomes over outputs

a small book about a big problem: *The Secret* Rhonda Byrne, 2011-07-07 The

tenth-anniversary edition of the book that changed lives in profound ways, now with a new foreword and afterword. In 2006, a groundbreaking feature-length film revealed the great mystery of the universe—The Secret—and, later that year, Rhonda Byrne followed with a book that became a worldwide bestseller. Fragments of a Great Secret have been found in the oral traditions, in literature, in religions and philosophies throughout the centuries. For the first time, all the pieces of The Secret come together in an incredible revelation that will be life-transforming for all who experience it. In this book, you'll learn how to use The Secret in every aspect of your life—money, health, relationships, happiness, and in every interaction you have in the world. You'll begin to understand the hidden, untapped power that's within you, and this revelation can bring joy to every aspect of your life. The Secret contains wisdom from modern-day teachers—men and women who have used it to achieve health, wealth, and happiness. By applying the knowledge of The Secret, they bring to light compelling stories of eradicating disease, acquiring massive wealth, overcoming obstacles, and achieving what many would regard as impossible.

a small book about a big problem: Good and Angry David Powlison, 2016-09-12 In this groundbreaking book, David Powlison reframes the universal problem of anger through an in-depth exploration of God's anger and ours. Full of practical help for all who struggle with how to respond when life goes wrong, Good and Angry sets readers on a path toward the faithful and fruitful expression of anger.

a small book about a big problem: Running Scared Edward T. Welch, 2007-11-01 In this faith-bolstering book, best-selling author Edward T. Welch investigates the roots of fear in the human heart and the ramifications of living in the grips of anxiety, worry, and dread. Running Scared explores how fear inescapably takes root in all of our lives—and how our race for the good life finds us all too often “running scared.” Welch encourages readers to discover for themselves how the Bible is full of beautiful words of comfort and peace for fearful people. Everyone is afraid of something, and Welch guides readers to see how Jesus enters in to fear. Within thirty topical meditations, Welch offers sound biblical theology, gospel answers, and moment-by-moment, thoughtful encouragement for those in a heart and mind battlefield of rampant, panic-stricken fear. This comprehensive primer on the topic of fear, worry, and the rest of God will have readers retreating to Scripture for invariable constancy, stalwart care, and robust comfort rather than human independence, control, and self-protectiveness. Running Scared affirms that, through Scripture, God speaks directly to our fears, including: Money and possessions People and their judgments Death, pain, suffering, and punishment Welch's lively text provides convincing evidences that humanity's struggle against active and dormant fears are countless. He presents the good news that God provides both the remedy and the cure for this malady in the person of Jesus Christ, the work of the Holy Spirit, and through powerful, life-altering promises in Scripture. Far more than merely another psychology self-help guide, Running Scared serves as a biblical road map to a life of serenity and security.

a small book about a big problem: The Art Of Seduction Robert Greene, 2010-09-03 Which sort of seducer could you be? Siren? Rake? Cold Coquette? Star? Comedian? Charismatic? Or Saint? This book will show you which. Charm, persuasion, the ability to create illusions: these are some of the many dazzling gifts of the Seducer, the compelling figure who is able to manipulate, mislead and give pleasure all at once. When raised to the level of art, seduction, an indirect and subtle form of power, has toppled empires, won elections and enslaved great minds. In this beautiful, sensually designed book, Greene unearths the two sides of seduction: the characters and the process. Discover who you, or your pursuer, most resembles. Learn, too, the pitfalls of the anti-Seducer. Immerse yourself in the twenty-four manoeuvres and strategies of the seductive process, the ritual by which a seducer gains mastery over their target. Understand how to 'Choose the Right Victim', 'Appear to Be an Object of Desire' and 'Confuse Desire and Reality'. In addition, Greene provides instruction on how to identify victims by type. Each fascinating character and each cunning tactic demonstrates a fundamental truth about who we are, and the targets we've become - or hope to win over. The Art of Seduction is an indispensable primer on the essence of one of history's greatest weapons and the

ultimate power trip. From the internationally bestselling author of *The 48 Laws of Power*, *Mastery*, and *The 33 Strategies Of War*.

a small book about a big problem: *Four Thousand Weeks* Oliver Burkeman, 2022-04-07

a small book about a big problem: *I Choose To Try Again* Elizabeth Estrada, 2021-06-10 In this rhyming story, Kiara learns how to keep going even when things get too hard. Through colorful illustrations and rhythmic rhymes, Kiara reflects on her mistakes and realizes that mistakes help her grow. Instead of avoiding them, she learns from them so she can improve. Do you want your child to learn about perseverance and diligence? Your child will learn how easy it is to get back up after failing. *I Choose to Try Again* is a story with social emotional learning (SEL) in mind. It has been praised by teachers and therapists worldwide. This story told from Kiara's point of view will help open your child's mind to what it feels like to fail, and then try again. Kiara will teach your child how to be mentally strong. With Kiara in real life examples, your child will learn to develop their understanding of their own emotions. Throughout the story, Kiara will show you what perseverance looks like. *Teacher and Therapist Toolbox: I Choose* is an empowering series curated to empower young children to become aware of big emotions. A new book series developed in tandem with teachers and therapists to help children cope with a range of emotions and teach them that they indeed hold the power to choose their actions and reactions. Try not to say 'never.'. That brainwashes you to fail. It means that you won't have the chance To raise the victory sail. *I Choose to Try Again* was developed alongside counselors and parents to be used as a resource in a social emotional curriculum.

a small book about a big problem: *Fewer, Better Things* Glenn Adamson, 2019-11-14

a small book about a big problem: *Not My Problem* Ciara Smyth, 2021-06-03 Winner of the Waterstones Children's Book Prize for Older Readers Winner of the Laugh Out Loud Book Award Shortlisted for the Children's Book Ireland Award, Irish Books Award and the Polari Prize Nominated for the Carnegie Medal When Aideen agrees to help ambitious class swot Maebh Kowalska deal with her crazy workload, she doesn't expect to end up reluctantly pushing Maebh down the stairs. With this, Aideen becomes the school 'fixer': any problem a student has, Aideen will sort it out, from stealing confiscated mobiles to breaking into parties. All she asks for is a favour in return. But Aideen's own life is a mess - her mam's drinking again, her BFF Holly is avoiding her and she's skipping school. Spending more time with the uptight (but annoyingly cute) Maebh and chatterbox Kavi, Aideen starts to wonder: can every problem be solved?

a small book about a big problem: *A Small Book for the Anxious Heart* Edward T. Welch, 2019 Everyone wants less anxiety and fear. God speaks some of the most beautiful words in Scripture to anxious people. In *A Small Book for the Anxious Heart*, Edward T. Welch shares fifty short readings to teach us about God, lead us to trust him for today, and give us assurance that he is with us.

a small book about a big problem: *Good Economics for Hard Times* Abhijit V. Banerjee, Esther Duflo, 2019-11-12 FROM THE WINNERS OF THE 2019 NOBEL PRIZE IN ECONOMICS 'Wonderfully refreshing . . . A must read' Thomas Piketty In this revolutionary book, prize-winning economists Abhijit V. Banerjee and Esther Duflo show how economics, when done right, can help us solve the thorniest social and political problems of our day. From immigration to inequality, slowing growth to accelerating climate change, we have the resources to address the challenges we face but we are so often blinded by ideology. Original, provocative and urgent, *Good Economics for Hard Times* offers the new thinking that we need. It builds on cutting-edge research in economics - and years of exploring the most effective solutions to alleviate extreme poverty - to make a persuasive case for an intelligent interventionism and a society built on compassion and respect. A much-needed antidote to polarized discourse, this book shines a light to help us appreciate and understand our precariously balanced world.

a small book about a big problem: *Living Like You Mean It* Ronald J. Frederick, 2009-03-03 In *LIVING LIKE YOU MEAN IT*, author Ronald J. Frederick, does a brilliant job of describing why people are so afraid of their emotions and how this fear creates a variety of problems in their lives.

While the problems are different, the underlying issue is often the same. At the core of their distress is what Dr. Frederick refers to as feelings phobia. Whether it's the experience of love, joy, anger, sadness, or surprise, our inborn ability to be a fully feeling person has been hijacked by fear--and it's fear that's keeping us from a better life. The book begins with a questionnaire-style list that helps readers take an honest look at themselves and recognize whether and how they are afraid of their feelings. It then moves on to explore the origins of fear of feeling and introduces a four-part program for overcoming the fear: (1) Become aware of and learn to recognize feelings--anger, sadness, joy, love, fear, guilt/shame, surprise, disgust. (2) Master techniques for taming the fear. (3) Let the feeling work its way all the way through to its resolution. (4) Open up and put those feelings into words and communicate them confidently. With wisdom, humor, and compassion, the book uses stories and examples to help readers see that overcoming feelings phobia is the key to a better life and more fulfilling relationships.

a small book about a big problem: When I Am Afraid Edward T. Welch, 2012-01-30 If you are tired of dealing with anxiety and worry on your own, then this guide is just for you. As you go through each set of meditations, anxiety will gradually yield to hope, peace, and rest. Of course, this is a lifelong process, but going through this devotional guide, either on your own or with a small group, will kick-start the process.

a small book about a big problem: *Gloria's Big Problem* Sarah Stiles Bright, 2020-01-07 Gloria loves to sing, dance, and act in her bedroom, but not in public. No way. Gloria's big problem makes sure of that, following her wherever she goes and constantly reminding her that she's anxious and frightened, that she's not good enough, and that everyone will laugh at her. Anxious Gloria worries all the time, about everything. Until, one day, Gloria summons all her courage to try out for a community theater production. She marches herself to the audition, and her big problem marches right in behind her. She gets up on stage, and her big problem takes a seat in the front row and starts to laugh at her. And then at last she yells "STOP!", and her big problem shrinks to a little problem, and Gloria wins a part in the play.

a small book about a big problem: *How to Solve a Problem* Ashima Shiraishi, 2020-04-07 From Ashima Shiraishi, one of the world's youngest and most skilled climbers, comes a true story of strength and perseverance--in rock climbing and in life. To a rock climber, a boulder is called a problem, and you solve it by climbing to the top. There are twists and turns, falls and scrapes, and obstacles that seem insurmountable until you learn to see the possibilities within them. And then there is the moment of triumph, when there's nothing above you but sky and nothing below but a goal achieved. Ashima Shiraishi draws on her experience as a world-class climber in this story that challenges readers to tackle the problems in their own lives and rise to greater heights than they would have ever thought possible.

a small book about a big problem: *Liar's Poker* Michael Lewis, 2010-03-02 The author recounts his experiences on the lucrative Wall Street bond market of the 1980s, where young traders made millions in a very short time, in a humorous account of greed and epic folly.

a small book about a big problem: *Small Things Like These* Claire Keegan, 2021-10-19 ** A Book of the Year in The Times - The New Statesman - Observer - Financial Times - Irish Times - Irish Independent - Times Literary Supplement ** WINNER OF THE ORWELL PRIZE AND THE KERRY GROUP IRISH NOVEL OF THE YEAR AWARD SHORTLISTED FOR THE RATHBONES FOLIO PRIZE AND THE IRISH NOVEL OF THE YEAR AT THE DALKEY LITERARY AWARDS 'Exquisite.' Damon Galgut 'Masterly.' The Times 'Miraculous.' Herald 'Astonishing.' Colm Tóibín 'Stunning.' Sunday Independent 'Absolutely beautiful.' Douglas Stuart It is 1985, in an Irish town. During the weeks leading up to Christmas, Bill Furlong, a coal and timber merchant, faces into his busiest season. As he does the rounds, he feels the past rising up to meet him - and encounters the complicit silences of a people controlled by the Church.

a small book about a big problem: *The Blunders of Our Governments* Anthony King, Ivor Crewe, 2014-09-04 With unrivalled political savvy and a keen sense of irony, distinguished political scientists Anthony King and Ivor Crewe open our eyes to the worst government horror stories and

explain why the British political system is quite so prone to appalling mistakes.

a small book about a big problem: The Future of Capitalism Paul Collier, 2018-10-04
FEATURED IN BILL GATES'S 2019 SUMMER READING RECOMMENDATIONS From world-renowned economist Paul Collier, a candid diagnosis of the failures of capitalism and a pragmatic and realistic vision for how we can repair it Deep new rifts are tearing apart the fabric of Britain and other Western societies: thriving cities versus the provinces, the highly skilled elite versus the less educated, wealthy versus developing countries. As these divides deepen, we have lost the sense of ethical obligation to others that was crucial to the rise of post-war social democracy. So far these rifts have been answered only by the revivalist ideologies of populism and socialism, leading to the seismic upheavals of Trump, Brexit and the return of the far right in Germany. We have heard many critiques of capitalism but no one has laid out a realistic way to fix it, until now. In a passionate and polemical book, celebrated economist Paul Collier outlines brilliantly original and ethical ways of healing these rifts - economic, social and cultural - with the cool head of pragmatism, rather than the fervour of ideological revivalism. He reveals how he has personally lived across these three divides, moving from working-class Sheffield to hyper-competitive Oxford, and working between Britain and Africa, and acknowledges some of the failings of his profession. Drawing on his own solutions as well as ideas from some of the world's most distinguished social scientists, he shows us how to save capitalism from itself - and free ourselves from the intellectual baggage of the 20th century.

a small book about a big problem: Factfulness Hans Rosling, Anna Rosling Rönnlund, Ola Rosling, 2020-04-07 INSTANT NEW YORK TIMES BESTSELLER "One of the most important books I've ever read—an indispensable guide to thinking clearly about the world." - Bill Gates "Hans Rosling tells the story of 'the secret silent miracle of human progress' as only he can. But Factfulness does much more than that. It also explains why progress is so often secret and silent and teaches readers how to see it clearly." —Melinda Gates Factfulness by Hans Rosling, an outstanding international public health expert, is a hopeful book about the potential for human progress when we work off facts rather than our inherent biases. - Former U.S. President Barack Obama Factfulness: The stress-reducing habit of only carrying opinions for which you have strong supporting facts. When asked simple questions about global trends—what percentage of the world's population live in poverty; why the world's population is increasing; how many girls finish school—we systematically get the answers wrong. So wrong that a chimpanzee choosing answers at random will consistently outguess teachers, journalists, Nobel laureates, and investment bankers. In Factfulness, Professor of International Health and global TED phenomenon Hans Rosling, together with his two long-time collaborators, Anna and Ola, offers a radical new explanation of why this happens. They reveal the ten instincts that distort our perspective—from our tendency to divide the world into two camps (usually some version of us and them) to the way we consume media (where fear rules) to how we perceive progress (believing that most things are getting worse). Our problem is that we don't know what we don't know, and even our guesses are informed by unconscious and predictable biases. It turns out that the world, for all its imperfections, is in a much better state than we might think. That doesn't mean there aren't real concerns. But when we worry about everything all the time instead of embracing a worldview based on facts, we can lose our ability to focus on the things that threaten us most. Inspiring and revelatory, filled with lively anecdotes and moving stories, Factfulness is an urgent and essential book that will change the way you see the world and empower you to respond to the crises and opportunities of the future. --- "This book is my last battle in my life-long mission to fight devastating ignorance...Previously I armed myself with huge data sets, eye-opening software, an energetic learning style and a Swedish bayonet for sword-swallowing. It wasn't enough. But I hope this book will be." Hans Rosling, February 2017.

a small book about a big problem: Trump Vs. Cthulhu Mike Hock, 2018-11-06 Can the whole wide world fit in small hands? God Emperor Trump certainly believed so. That is, until an Elder God rose from the ocean. With the world now too focused on more dire matters, the Donald has to find a way to stay relevant, lest his Twitter fanbase crumble before his eyes. Luckily, Trump

has friends from across the pond, and they're more than happy to step into America's affairs. Comedy, romance, action, and more unravel in this epic tale of redemption and self-realization. With enough tentacles and toupees to fill anyone's appetite, TRUMP VS. CTHULHU is the first in a series of political satires from Yog-Sothothery Press. Don't say we didn't warn you.

a small book about a big problem: A Small Book about Why We Hide Edward T. Welch, 2021-09-27 As humans, we are prone to insecurities, fear of failure, and regrets, which we try to hide and cover up, resulting in isolation from both those around us and God. Through fifty devotionals, counselor Edward T. Welch shows us how God speaks with gentleness, depth, and hope that will lead us out of hiding and to live more openly, authentically, ...

a small book about a big problem: The Heart of Anger Christopher Ash, Steve Midgley, 2021-03-02 How should Christians understand anger, evaluate it, and respond for good? We all struggle with anger at times: Our plans suddenly fall through, we lose a prized possession, or our reputation is called into question. More often than not, when anger knocks at the doors of our hearts we easily allow it to take over. But what if getting to the heart of our anger also reveals the way to transform it? Christopher Ash and Steve Midgley address this question by bringing to bear what the whole Bible has to say about sinful anger—revealing that anger is the sinful response when something we value more than God is taken away or threatened. They reflect on biblical portraits of human anger, God's righteous anger, and how only the gospel of Jesus Christ brings true freedom—transforming a heart of anger into a heart filled with the love of God.

a small book about a big problem: Penguin Readers Level 3: A Wrinkle in Time (ELT Graded Reader) Madeleine L'Engle, 2022-09-08 Penguin Readers is an ELT graded reader series. Please note that the eBook edition does NOT include access to the audio edition and digital book. Written for learners of English as a foreign language, each title includes carefully adapted text, new illustrations and language learning exercises. Titles include popular classics, exciting contemporary fiction, and thought-provoking non-fiction, introducing language learners to bestselling authors and compelling content. The eight levels of Penguin Readers follow the Common European Framework of Reference for language learning (CEFR). Exercises at the back of each Reader help language learners to practise grammar, vocabulary, and key exam skills. Before, during and after-reading questions test readers' story comprehension and develop vocabulary. A Wrinkle in Time, a Level 3 Reader, is A2 in the CEFR framework. The text is made up of sentences with up to three clauses, introducing first conditional, past continuous and present perfect simple for general experience. It is well supported by illustrations, which appear on most pages. Meg's father has disappeared, and her family wants him back. One day, Meg and her little brother meet three strange women. The women know about Meg's father, and they want to help her.

a small book about a big problem: The Giving Tree Shel Silverstein, 2014-02-18 As The Giving Tree turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. Once there was a tree...and she loved a little boy. So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing On It*, *Don't Bump the Glump!*, and *Runny Babbit*. And don't miss the other Shel Silverstein ebooks, *Where the Sidewalk Ends* and *A Light in the Attic*!

a small book about a big problem: In Search of Work-Life Balance Russell Clayton Ph. D.,

2016-11-16 If only I could spend more time at home and (much) less time at work. If only I knew what to do to make that change. If only I could achieve that elusive goal of work-life balance. In the spare moments of calm and quiet before your head hits the pillow, do thoughts like these cross your mind? Do you long to be at home when you're working overtime for the eighth week in a row? Does your work pull you away from quality time with your spouse or kids, even when you're home? When you're home, are you really there? Forty percent of Americans work more than fifty hours per week. And many fall into the trap of working longer so that we might be able to provide more for our families. But is sacrificing our one finite resource-time-worth the cost? In *Search of Work-Life Balance* presents a biblically based, practical, and achievable way forward for anyone who's wrestling to find a functional balance between the necessity of work and the desire to spend time with those who matter the most.

a small book about a big problem: Friends, Lovers and the Big Terrible Thing Matthew Perry, 2022-11-01 'There's never been a more honest or raw memoir . . . and it may just save lives' Daily Mail 'Funny, fascinating, compelling . . . also a wonderful read for fans of Friends' The Times 'HI, MY NAME IS MATTHEW, although you may know me by my full name. My friends call me Matty.' So begins the riveting story of acclaimed actor Matthew Perry, taking us along on his journey from childhood ambition to fame to addiction and recovery in the aftermath of a life-threatening health scare. Before the frequent hospital visits and stints in rehab, there was five-year-old Matthew, who travelled from Montreal to Los Angeles, shuffling between his separated parents; fourteen-year-old Matthew, who was a nationally ranked tennis star in Canada; twenty-four-year-old Matthew, who nabbed a coveted role as a lead cast member on the talked-about pilot then called *Friends Like Us* . . . and so much more. In an extraordinary story that only he could tell - and in the heartfelt, hilarious, and warmly familiar way only he could tell it - Matthew Perry lays bare the fractured family that raised him (and also left him to his own devices), the desire for recognition that drove him to fame, and the void inside him that could not be filled even by his greatest dreams coming true. But he also details the peace he's found in sobriety and how he feels about the ubiquity of *Friends*, sharing stories about his castmates and other stars he met along the way. Frank, self-aware, and with his trademark humour, Perry vividly depicts his lifelong battle with addiction and what fuelled it despite seemingly having it all. 'An unflinching and often harrowing must-read for 90s pop culture fans' Guardian 'Written with Chandler's trademark sarcasm and self-deprecation' Telegraph 'A hopeful read . . . I started to think of [it] not as a celebrity memoir about addiction, but as an addiction memoir written by a man who understands his own history through the prism of showbiz' Independent

a small book about a big problem: Side by Side Edward T. Welch, 2015-04-16 Everyone needs help from time to time, especially in the midst of painful circumstances and difficult trials. In this short book, a highly respected biblical counselor and successful author offers practical guidance for all Christians—pastors and laypeople alike—who want to develop their “helping skills” when it comes to walking alongside hurting people. Written out of the conviction that friends are the best helpers, this accessible introduction to biblical counseling will equip believers to share their burdens with one another through gentle words of wisdom and kind acts of love. This book is written for those eager to see God use ordinary relationships and conversations between ordinary Christians to work extraordinary miracles in the lives of his people.

a small book about a big problem: The Handmaid's Tale Margaret Atwood, 2011-09-06 An instant classic and eerily prescient cultural phenomenon, from “the patron saint of feminist dystopian fiction” (New York Times). Now an award-winning Hulu series starring Elizabeth Moss. In this multi-award-winning, bestselling novel, Margaret Atwood has created a stunning Orwellian vision of the near future. This is the story of Offred, one of the unfortunate “Handmaids” under the new social order who have only one purpose: to breed. In Gilead, where women are prohibited from holding jobs, reading, and forming friendships, Offred’s persistent memories of life in the “time before” and her will to survive are acts of rebellion. Provocative, startling, prophetic, and with Margaret Atwood’s devastating irony, wit, and acute perceptive powers in full force, *The*

Handmaid's Tale is at once a mordant satire and a dire warning.

a small book about a big problem: Eleanor & Park Rainbow Rowell, 2012-11-05 Rainbow Rowell's timeless #1 New York Times Bestseller, now in paperback for the very first time. Bono met his wife in high school, Park says. So did Jerry Lee Lewis, Eleanor answers. I'm not kidding, he says. You should be, she says, we're 16. What about Romeo and Juliet? Shallow, confused, then dead. I love you, Park says. Wherefore art thou, Eleanor answers. I'm not kidding, he says. You should be. Set over the course of one school year in 1986, this is the story of two star-crossed misfits-smart enough to know that first love almost never lasts, but brave and desperate enough to try. When Eleanor meets Park, you'll remember your own first love—and just how hard it pulled you under.
