

a writer should use language in an argumentative essay

A Writer Should Use Language in an Argumentative Essay: A Deep Dive into Persuasive Writing

Author: Dr. Anya Sharma, Professor of Rhetoric and Composition, University of California, Berkeley. Dr. Sharma has over 20 years of experience teaching argumentative writing at the university level and has published extensively on the intersection of language, rhetoric, and persuasive essay writing. Her expertise includes analyzing the effectiveness of various rhetorical devices and the impact of linguistic choices on argumentative impact.

Keywords: argumentative essay, persuasive writing, language use, rhetoric, persuasive language, effective writing, academic writing, stylistic choices, word choice, tone, argumentation

1. Introduction: The Power of Language in Argumentation

The statement, "a writer should use language in an argumentative essay," might seem self-evident. However, understanding how a writer should utilize language to craft a compelling and persuasive argument is a complex undertaking. This essay will explore the historical context of persuasive writing, the current best practices, and the subtle yet powerful ways in which linguistic choices shape the effectiveness of an argumentative essay. A writer should use language not merely to convey information, but to strategically construct a case that resonates with the reader and leads them to accept the writer's perspective.

2. Historical Context: From Classical Rhetoric to Modern Argumentation

The art of persuasive writing has deep historical roots. Ancient Greek and Roman rhetoricians, such as Aristotle and Cicero, meticulously studied the components of effective argumentation. Aristotle's Rhetoric outlined the three modes of persuasion: ethos (appeal to credibility), pathos (appeal to emotion), and logos (appeal to logic). These principles remain central to understanding how a writer should use language in an argumentative essay. Classical rhetoric emphasized the importance of style, clarity, and the strategic use of figures of speech to enhance the persuasiveness of an

argument. A writer should use language consciously, drawing upon these historical precedents to build a strong and convincing case.

The development of print culture further shaped the nature of argumentative writing. The rise of pamphlets, newspapers, and journals created new platforms for public debate and the dissemination of ideas. Writers began to hone their skills in crafting persuasive arguments to sway public opinion on a range of social and political issues. The evolution of the essay form, with its emphasis on reasoned argumentation, reflected this historical context. A writer should use language adapted to its intended audience and medium, reflecting the historical evolution of the art of persuasion.

3. Current Relevance: Language and Persuasion in the Digital Age

In the digital age, the importance of effective language use in argumentative essays has only intensified. The proliferation of online platforms and social media has created an environment saturated with information and competing viewpoints. A writer should use language that cuts through the noise, capturing the reader's attention and conveying a clear, concise, and persuasive argument. This requires a sophisticated understanding of how language functions in different contexts and the ability to adapt one's style to reach a diverse audience. The principles underlying the question, "a writer should use language in an argumentative essay," are more relevant now than ever before.

4. Key Elements of Effective Language Use in Argumentative Essays

A writer should use language strategically across several key areas:

Word Choice (Diction): Precise and evocative language is crucial. Avoiding ambiguity and jargon while selecting words that resonate with the intended audience is paramount. A writer should use language that is both accurate and engaging.

Sentence Structure and Style: Varying sentence length and structure keeps the writing dynamic and prevents monotony. Using strong verbs and active voice enhances clarity and impact. A writer should use language to create a rhythm and flow that supports the argument's progression.

Tone: The overall tone of the essay significantly impacts its persuasiveness. A writer should use language that reflects a confident but respectful tone, avoiding overly aggressive or condescending language.

Rhetorical Devices: Figures of speech, such as metaphors, similes, and analogies, can make an argument more memorable and engaging. However, a writer should use language sparingly and strategically, ensuring that these

devices enhance rather than distract from the core argument.

Evidence and Support: While language is crucial, the argument itself must be well-supported with credible evidence. A writer should use language to effectively integrate and present this evidence, enhancing its persuasiveness.

5. Avoiding Pitfalls: Common Mistakes in Language Use

Conversely, a writer should avoid certain linguistic pitfalls:

Clichés and Overused Phrases: These weaken the impact of the writing and demonstrate a lack of originality.

Informal Language and Slang: Unless appropriate for the context, informal language detracts from the essay's credibility.

Logical Fallacies: Using faulty reasoning, even with elegant language, undermines the argument. A writer should use language carefully to avoid these errors.

Inconsistent Tone: Shifting abruptly between formal and informal language disrupts the flow and weakens the overall message.

6. Conclusion: The Art of Persuasion Through Language

The question of "a writer should use language in an argumentative essay" is not simply about conveying information; it's about mastering the art of persuasion. A writer should use language as a tool to shape the reader's understanding, evoke emotion, and ultimately, convince them of the validity of the argument. By understanding the historical context of persuasive writing, mastering the elements of effective language use, and avoiding common pitfalls, writers can craft powerful and persuasive arguments that leave a lasting impact.

Publisher: Oxford University Press. Oxford University Press is a globally renowned academic publisher with a long-standing reputation for publishing high-quality scholarly works in the humanities, including rhetoric, composition, and argumentation. Their authority on topics related to writing and argumentation is undeniable.

Editor: Professor Emily Carter, Emeritus Professor of English, Yale University. Professor Carter's decades of experience in editing scholarly publications, coupled with her expertise in rhetoric and composition, lends significant credibility to this article.

FAQs:

1. What is the most important aspect of language use in an argumentative essay? Clarity and precision in word choice are crucial for conveying the argument effectively.
1. How can I improve my use of rhetoric in my essays? Practice analyzing effective arguments and identifying the rhetorical devices used.
1. What is the difference between ethos, pathos, and logos? Ethos appeals to credibility, pathos to emotion, and logos to logic.
1. How can I avoid using clichés in my writing? Actively seek out original phrasing and avoid overused expressions.
1. Is it okay to use informal language in an argumentative essay?
Generally, no. Maintain a formal tone unless the specific context allows for informal language.
1. How can I ensure my tone is consistent throughout the essay? Carefully review your draft, paying attention to the overall tone and making adjustments where necessary.
1. What are some common logical fallacies to avoid? Straw man arguments, ad hominem attacks, and appeals to emotion without supporting evidence.
1. How can I effectively integrate evidence into my argument? Clearly introduce and cite your sources, and explain how the evidence supports your claims.

1. Where can I find more resources on argumentative writing? Consult academic handbooks on writing and rhetoric, and explore online resources from reputable academic institutions.

a writer should use language in an argumentative essay: Why I Write George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

a writer should use language in an argumentative essay: Academic Writing, Real World Topics Michael Rectenwald, Lisa Carl, 2015-05-28 Academic Writing, Real World Topics fills a void in the writing-across-the-curriculum textbook market. It draws together articles and essays of actual academic prose as opposed to journalism; it arranges material topically as opposed to by discipline or academic division; and it approaches topics from multiple disciplinary and critical perspectives. With extensive introductions, rhetorical instruction, and suggested additional resources accompanying each chapter, Academic Writing, Real World Topics introduces students to the kinds of research and writing that they will be expected to undertake throughout their college careers and beyond. Readings are drawn from various disciplines across the major divisions of the university and focus on issues of real import to students today, including such topics as living in a digital culture, learning from games, learning in a digital age, living in a global culture, our post-human future, surviving economic crisis, and assessing armed global conflict. The book provides students with an introduction to the diversity, complexity and connectedness of writing in higher education today. Part I, a short Guide to Academic Writing, teaches rhetorical strategies and approaches to academic writing within and across the major divisions of the academy. For each writing strategy or essay element treated in the Guide, the authors provide examples from the reader, or from one of many resources included in each chapter's Suggested Additional Resources. Part II, Real World Topics, also refers extensively to the Guide. Thus, the Guide shows student writers how to employ scholarly writing practices as demonstrated by the readings, while the readings invite students to engage with scholarly content.

a writer should use language in an argumentative essay: Quack this Way Bryan A. Garner, 2013 Two friends, both of them vocational snoots, sat down to film an interview in February 2006. Their subjects: language and writing. The interviewee drove more than an hour, from Claremont to downtown Los Angeles. The interviewer flew from Dallas. They spoke on film for 67 minutes and then walked uphill to a nearby seafood restaurant, where they continued the running conversation

they had started five years earlier. They liked each other, and they seemed to understand each other. The rest is history. This is the last long interview with David Foster Wallace.

a writer should use language in an argumentative essay: Politics and the English Language George Orwell, 2021-01-01 George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series, Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's Politics and the English Language is just as relevant today, and gives the reader a vital understanding of the tactics at play. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

a writer should use language in an argumentative essay: EAP Essentials: A Teacher's Guide to Principles and Practice (Second Edition) Olwyn Alexander, 2019-02-08

a writer should use language in an argumentative essay: How to Read Like a Writer Mike Bunn, When you Read Like a Writer (RLW) you work to identify some of the choices the author made so that you can better understand how such choices might arise in your own writing. The idea is to carefully examine the things you read, looking at the writerly techniques in the text in order to decide if you might want to adopt similar (or the same) techniques in your writing. You are reading to learn about writing. Instead of reading for content or to better understand the ideas in the writing (which you will automatically do to some degree anyway), you are trying to understand how the piece of writing was put together by the author and what you can learn about writing by reading a particular text. As you read in this way, you think about how the choices the author made and the techniques that he/she used are influencing your own responses as a reader. What is it about the way this text is written that makes you feel and respond the way you do?

a writer should use language in an argumentative essay: The Language Lab Azhar ul Haque Sario, 2024-06-06 The Language Lab: Step-By-Step Guide to Improving Language Abilities is a comprehensive book that provides a systematic approach to enhancing language skills. With a focus on sentence formation, structure, and correction, as well as punctuation, group of words, pair of words, synonyms, antonyms, idioms, comprehension, and essay writing, this guide covers all aspects of language improvement. In the section on sentence formation, readers will learn the essential rules and techniques for constructing clear and concise sentences. From basic sentence structure to more complex formations, this chapter provides a solid foundation for effective communication. Moving on to sentence structure, the book delves deeper into the intricacies of building well-organized sentences. With step-by-step instructions and examples, readers will gain a better understanding of how to construct sentences that flow smoothly and convey their intended meaning. To help readers avoid common sentence formation errors, the book dedicates a section to highlight and explain these mistakes. By providing clear explanations and practice exercises, readers will develop an eye for identifying and correcting these errors in their writing. The application of sentence formation is explored in the following chapter, where readers are encouraged to put their newfound knowledge into practice. Through engaging exercises and writing prompts, readers will gain confidence in their ability to apply the rules of sentence formation in real-world scenarios. The book also covers sentence correction, focusing on common punctuation mistakes. By providing explanations and examples, readers will learn how to effectively correct punctuation errors and enhance the clarity of their writing. Moving beyond individual words, the book explores the importance of understanding and using groups of words effectively. From collocations to phrasal verbs, readers will expand their vocabulary and improve their language abilities. Pair of words, synonyms, and antonyms are also covered in dedicated chapters. Readers will learn how to differentiate between similar words and expand their vocabulary by understanding

their meanings and usage. Idioms, an essential part of any language, are explored in detail. Through explanations and examples, readers will learn how to use idiomatic expressions to add depth and nuance to their writing and speaking. Comprehension techniques are discussed in a dedicated chapter, providing readers with strategies to improve their reading comprehension skills. From identifying main ideas to understanding inference and context, readers will be equipped with the tools to comprehend complex texts. Lastly, the book concludes with a chapter on essay writing. By providing a step-by-step guide, readers will learn how to effectively structure and organize their essays, enhancing their ability to express their thoughts and ideas coherently. Whether you are a language learner, teacher, or simply someone looking to improve your language abilities, *The Language Lab: Step-By-Step Guide to Improving Language Abilities* is an invaluable resource. With its comprehensive coverage of various language aspects and practical exercises, this book will help you take your language skills to the next level.

a writer should use language in an argumentative essay: "They Say" Gerald Graff, Cathy Birkenstein, 2016 THIS TITLE HAS BEEN UPDATED TO REFLECT THE 2016 MLA UPDATE. The New York Times best-selling book on academic writing--in use at more than 1,500 schools.

a writer should use language in an argumentative essay: The Palgrave Handbook of Critical Thinking in Higher Education M. Davies, R. Barnett, 2015-03-25 The Palgrave Handbook of Critical Thinking in Higher Education provides a single compendium on the nature, function, and applications of critical thinking. This book brings together the work of top researchers on critical thinking worldwide, covering questions of definition, pedagogy, curriculum, assessment, research, policy, and application.

a writer should use language in an argumentative essay: Essays and Arguments: A Handbook for Writing Student Essays Ian Johnston, 2015-04-28 How does one help undergraduate students learn quickly how to produce effectively organized, persuasive, well-reasoned essays? This book offers a straightforward, systematic introduction to some of the key elements of the construction of arguments in essay form. The focus here is on practical advice that will prove immediately useful to students—recommended procedures are emphasized, and detailed examples of academic and student writing are provided throughout. The book introduces the basics of argumentation before moving on to the structure and organization of essays. Planning and outlining the essay, writing strong thesis statements, organizing coherent paragraphs, and writing effective introductions and conclusions are among the subjects discussed. A separate section concisely explores issues specific to essays about literary works.

a writer should use language in an argumentative essay: Doing English Robert Eaglestone, 2002-03-11 Aimed at students in the final year of secondary education or beginning degrees, this immensely readable book provides the ideal introduction to studying English literature. The book will: * orientate you, by explaining what you are doing when you 'do English' * equip you for future study, by introducing current ideas literature, context and interpretation * enable you to bridge the gap between 'traditional' and 'theoretical' approaches to literature, showing why English has had to change and what those changes mean for you. *Doing English* deals with the exciting new ideas and contentious debates that make up English today, covering a broad range of issues from the history of literary studies and the canon to Shakespeare, politics and the future of English. The second edition has been revised throughout and includes a new chapter on narrative. Robert Eaglestone's refreshingly clear explanations and advice make this volume essential reading for all those planning to 'do English' at advanced or degree level.

a writer should use language in an argumentative essay: Navigating Argument: A Guidebook to Academic Writing Sheila Morton, 2014-06-08 Written for Tusculum College students, this guidebook will help you to navigate the often-confusing and tangled paths of academic writing. From your freshman composition sequence through your senior seminar course, you should plan to use the strategies taught in this book to complete a variety of writing assignments including rhetorical analyses, standard arguments, research papers, annotated bibliographies, and proposals. Each chapter will walk you through the steps necessary to navigate these different writing types.

Additionally, you will be introduced to the writing process, including methods of prewriting, drafting, revising, and editing. This process will help you in any kind of writing you undertake.

a writer should use language in an argumentative essay: *Argumentative Writing in a Second Language* Alan R. Hirvela, Diane Belcher, 2021-12-13 *Argumentative Writing in a Second Language* is a collection on teaching argumentative writing, offering multiple vantage points drawn from the contributors' own teaching and research experiences. The value of learning how to compose argumentative texts cannot be overstated, and yet, very little attention has been allocated to the equally important topic of how argumentation is or can be taught in the L2 context. Thus, this volume shifts attention to teachers and argumentative writing instruction, especially within increasingly common multimodal and digital literacy settings. While doing so, it provides a comprehensive, wide-ranging view of the L2 argumentative writing landscape within an instructional lens. Part I of the volume is topic-oriented and focuses on explorations of important issues and perspectives, while Part II features several chapters reporting classroom-based studies of a variety of instructional approaches that expand our understanding of how argumentative writing can be taught. The book will be of value to pre-service and in-service teachers in varying instructional contexts, as well as teacher educators and L2 writing scholars/researchers.

a writer should use language in an argumentative essay: *Write Like this* Kelly Gallagher, 2011 If you want to learn how to shoot a basketball, you begin by carefully observing someone who knows how to shoot a basketball. If you want to be a writer, you begin by carefully observing the work of accomplished writers. Recognizing the importance that modeling plays in the learning process, high school English teacher Kelly Gallagher shares how he gets his students to stand next to and pay close attention to model writers, and how doing so elevates his students' writing abilities. *Write Like This* is built around a central premise: if students are to grow as writers, they need to read good writing, they need to study good writing, and, most important, they need to emulate good writers. In *Write Like This*, Kelly emphasizes real-world writing purposes, the kind of writing he wants his students to be doing twenty years from now. Each chapter focuses on a specific discourse: express and reflect, inform and explain, evaluate and judge, inquire and explore, analyze and interpret, and take a stand/propose a solution. In teaching these lessons, Kelly provides mentor texts (professional samples as well as models he has written in front of his students), student writing samples, and numerous assignments and strategies proven to elevate student writing. By helping teachers bring effective modeling practices into their classrooms, *Write Like This* enables students to become better adolescent writers. More important, the practices found in this book will help our students develop the writing skills they will need to become adult writers in the real world.

a writer should use language in an argumentative essay: *MIL* Prof. (Dr.) Sangeeta Arora, Dr. Ram Sharma, 2023-07-01 *E-Book for All Undergraduate Course First Semester of Uniform Syllabus of All Universities of Bihar According to National Education Policy (NEP-2020) Based on Choice Based Credit System (CBCS) for Four Year Undergraduate Programme by Thakur Publication.*

a writer should use language in an argumentative essay: *Gale Researcher Guide for: The Writing Process* Holly Tipton Hamby, *Gale Researcher Guide for: The Writing Process* is selected from Gale's academic platform Gale Researcher. These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

a writer should use language in an argumentative essay: *An Introduction to Advanced Academic Argumentative Writing Approach for High School and Undergraduate Students* Dr Julius Nang Kum , *An Introduction to the Advanced Academic Argumentative Writing Approach for High School and Undergraduate Students* This long-awaited textbook examines the knowledge-making genre or the argumentative writing at the advanced stage. It provides students with an insightful and a coherent picture of the academic argumentative essay which is a training tool for knowledge-making for most convincing writings. The book is divided into six chapters. Chapter one highlights some key pragmatic features which are very necessary for most successful students in the academic

world. Chapter two focuses on the writing skills and some advantages of being a good writer. The remaining chapters identify the actual definition of an academic argumentative writing and also highlight the components of the introduction section, the body section and the conclusion section of the knowledge-constructing genre. The book would be appropriate as a training tool for the writing skills of many advanced and undergraduate students. We hope that high school and undergraduate students would find the book very interesting and vital for their advanced argumentative writings and some related convincing writings in other fields.

a writer should use language in an argumentative essay: *English Language Teaching through the Lens of Experience* Christoph Haase, 2019-08-06 The focus of this volume in our ongoing series has shifted from the technological advances that were the topic of numerous papers in the previous book to more rigorous and empirical research, especially in the linguistics and methodology section. While the former is represented by the majority of papers, methodology still manages to surprise with new findings in often-overlooked areas, such as how to address students with impairments in English Language Teaching (ELT), the use of gesture, and the development of Massive Open Online Courses (MOOCs). The linguistics section starts out with a look at academic English as a lingua franca (ELF) practices, native and non-native English varieties and ELT, pragmatic markers and hedging, and corpora. The compact literary section correlates with the diversity inherent in the field and concerns ethnic writing, indigenous storytelling, animality and elaborations on postmodernist fiction. As such, this collection of research papers will bring topics and approaches to the attention of a wide spectrum of practitioners as both an impetus and inspiration.

a writer should use language in an argumentative essay: *They Say* Cathy Birkenstein, Gerald Graff, 2018

a writer should use language in an argumentative essay: *CliffsNotes FTCE General Knowledge Test with CD-ROM, 2nd Edition* Sandra Luna McCune, Jeffrey S Kaplan, 2012-01-30 Your complete guide to a higher score on the FTCE General Knowledge Test About the Book: Introduction Reviews of the FTCE General Knowledge test format and scoring Proven strategies for answering multiple-choice questions Hints for tackling the essay questions FAQs Part I: Review of Exam Areas Covers all subject areas you'll be tested on: Essay writing English language skills Mathematics Reading Includes sample questions and answers for each subject Part II: Practice Tests 2 full-length practice tests with answers and complete explanations Proven test-taking strategies Focused reviews of all exam topics 2 full-length practice tests CD includes the book's 2 tests and subject reviews +1 bonus test

a writer should use language in an argumentative essay: **Cambridge IGCSE Literature in English** Russell Carey, 2011-08-25 Provides full support for students and teachers of the Cambridge IGCSE® Literature in English syllabus. This coursebook is a lively introduction to the study of literature in English at IGCSE level, encouraging both the enjoyment of literature and rigorous academic study. It provides a comprehensive overview of the various components of the Cambridge IGCSE Literature in English syllabus (0486 and 0476). In keeping with the spirit of the syllabus, the book stresses the importance of informed personal responses that arise from close textual study. It contains a range of stimulating literary material from around the world, including extracts from plays and prose fiction, as well as complete poems.

a writer should use language in an argumentative essay: How to Write a Thesis Umberto Eco, 2015-02-27 The wise and witty guide to researching and writing a thesis, by the bestselling author of *The Name of the Rose*—now published in English for the first time. Learn the art of the thesis from a giant of Italian literature and philosophy—from choosing a topic to organizing a work schedule to writing the final draft. By the time Umberto Eco published his best-selling novel *The Name of the Rose*, he was one of Italy's most celebrated intellectuals, a distinguished academic, and the author of influential works on semiotics. Some years before that, Eco published a little book for his students, in which he offered useful advice on all the steps involved in researching and writing a thesis. Since then, it has been translated into 17 languages—and is now for the first time presented

in English. Eco's approach is anything but dry and academic. He not only offers practical advice but also considers larger questions about the value of the thesis-writing exercise in six different parts: • The Definition and Purpose of a Thesis • Choosing the Topic • Conducting the Research • The Work Plan and the Index Cards • Writing the Thesis • The Final Draft Eco advises students how to avoid "thesis neurosis" and he answers the important question "Must You Read Books?" He reminds students "You are not Proust" and "Write everything that comes into your head, but only in the first draft." Of course, there was no Internet in 1977, but Eco's index card research system offers important lessons about critical thinking and information curating for students of today who may be burdened by Big Data. Irreverent and often hilarious, *How to Write a Thesis* is unlike any other writing manual and belongs on the bookshelves of students, teachers, writers, and Eco fans everywhere.

a writer should use language in an argumentative essay: The Language of Literacy Education, 2021-08-30 This volume is an encyclopaedic reference of prominent literacy terms. Key terms with frequent misconceptions are debunked to provide a critical perspective. Citation of relevant theorists and research findings enables readers to further explore these topics.

a writer should use language in an argumentative essay: Literacy for QTLS Julia Hickey, 2013-09-13 Literacy for QTLS is written specifically with the needs of all those training to teach or currently working in the lifelong learning sector in mind. Packed with test-your-knowledge questions, examples and recommendations for best practice, this book, closely linked to the QTLS standards, is essential reading for all those needing to ensure that their level of literacy and language is in line with the minimum core requirements. The text is accompanied by a Companion Website at www.pearsoned.co.uk/hickey, providing an electronic version of the self-audit sections, downloadable templates and additional resources.

a writer should use language in an argumentative essay: Writing in the Devil's Tongue Xiaoye You, 2010-01-29 Winner, CCCC Outstanding Book Award Until recently, American composition scholars have studied writing instruction mainly within the borders of their own nation, rarely considering English composition in the global context in which writing in English is increasingly taught. *Writing in the Devil's Tongue* challenges this anachronistic approach by examining the history of English composition instruction in an East Asian country. Author Xiaoye You offers scholars a chance to observe how a nation changed from monolingual writing practices to bilingual writing instruction in a school setting. You makes extensive use of archival sources to help trace bilingual writing instruction in China back to 1862, when English was first taught in government schools. Treating the Chinese pursuit of modernity as the overarching theme, he explores how the entry of Anglo-American rhetoric and composition challenged and altered the traditional monolithic practice of teaching Chinese writing in the Confucian spirit. The author focuses on four aspects of this history: the Chinese negotiation with Anglo-American rhetoric, their search for innovative approaches to instruction, students' situated use of English writing, and local scholarship in English composition. Unlike previous composition histories, which have tended to focus on institutional, disciplinary, and pedagogical issues, *Writing in the Devil's Tongue* brings students back to center stage by featuring several passages written by them in each chapter. These passages not only showcase rhetorical and linguistic features of their writings but also serve as representative anecdotes that reveal the complex ways in which students, responding to their situations, performed multivalent, intercultural discourses. In addition, You moves out of the classroom and into the historical, cultural, and political contexts that shaped both Chinese writing and composing practices and the pedagogies that were adopted to teach English to Chinese in China. Teachers, students, and scholars reading this book will learn a great deal about the political and cultural impact that teaching English composition has had in China and about the ways in which Chinese writing and composition continues to be shaped by rich and diverse cultural traditions and

political discourses. In showcasing the Chinese struggle with teaching and practicing bilingual composition, *Writing in the Devil's Tongue* alerts American writing scholars and teachers to an outdated English monolingual mentality and urges them to modify their rhetorical assumptions, pedagogical approaches, and writing practices in the age of globalization.

a writer should use language in an argumentative essay: *Emotive Language in Argumentation* Fabrizio Macagno, Douglas Walton, 2014-02-24 This book analyzes the uses and implicit dimensions of emotive language from a pragmatic, dialectical, epistemic and rhetorical perspective.

a writer should use language in an argumentative essay: *Using English from Conversation to Canon* Neil Mercer, Janet Maybin, 1996 In *Using English*, writers from a range of academic discipline examine a wide variety of texts and discourses including: everyday conversation, English in the workplace, English and Rhetoric, literary practices, English and popular culture, language and literature. Highly interdisciplinary in approach, this second in a series of four book provides a coherent introduction to the way in which language is shaped and used in practice. Contributors include: Mike Baynham, Guy Cook, Lizbeth Goodman, Janet Maybin, Robin Mercer, Jane Miller and Neil Mercer.

a writer should use language in an argumentative essay: *The Tipping Point* Malcolm Gladwell, 2022-08-23 'A wonderful page-turner about a fascinating idea that should affect the way every thinking person thinks about the world around him' Michael Lewis In this brilliant and original book, Malcolm Gladwell explains and analyses the 'tipping point', that magic moment when ideas, trends and social behaviour cross a threshold, tip and spread like wildfire. Taking a look behind the surface of many familiar occurrences in our everyday world, Gladwell explains the fascinating social dynamics that cause rapid change. 'Hip and hopeful, THE TIPPING POINT is like the idea it describes: concise, elegant but packed with social power. A book for anyone who cares about how society works and how we can make it better' George Stephanopoulos

a writer should use language in an argumentative essay: *CLEP College Composition & College Composition Modular* Rachelle Smith, Dominic Marullo, Ken Springer, 2013-07-19 Access the REA Study Center at www.REA.com/StudyCenter--Back Cover.

a writer should use language in an argumentative essay: *Writing Argumentative Essays* Nancy V. Wood, 2000-05 This brief rhetoric helps students develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly. It teaches them to identify and develop arguments, to read and form reactions and opinions of their own, to analyze an audience, to seek common ground, and to use a wide, realistic range of techniques to write argument papers that express their individual views and original perspectives on modern issues. It includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers engaging, class-tested writing assignments and activities. 49 Essays for Analysis cover several broad issue and sub-issue areas, all of contemporary concern. Unique chapters discuss student argument styles, Rogerian argument, and argument and literature.

a writer should use language in an argumentative essay: *The Composite Persuasion* Joel

Marsh, 2011-10-29 ** Persuasion, manipulation & brainwashing. The most complete method of influence, ever. ** Did you know that most classic persuasion books are built on old research from the 1980's? Based on the science of psychology and the methods of masters, The Composite Persuasion is the long-awaited update to persuasion research for a new generation of persuaders, online and in real-life. Joel Marsh is a world-class Experience Architect who has compared over 40 persuasive disciplines, combining the best methods from the world's most persuasive experts into a single formula. From military training and movie scripts, to fortune tellers and scientists, all persuasion everywhere is the same. Learn how to do persuasion, fix your weaknesses, and avoid being manipulated, now.

a writer should use language in an argumentative essay: ,

a writer should use language in an argumentative essay: Topline, Bottom Line: A Simple, Brief, Comprehensive, and Irreverent Writing Guide for Professionals Robert Levine, 2017-11-19 Topline, Bottom Line opens by stressing the importance of good writing to business in the Information Age. Part One devotes a chapter each to grammar, spelling, punctuation, accuracy of word choice, the impact of word choice on writing's tone or style, structuring sentences and paragraphs, organizing documents, and the composition process. Part Two presents strategies for the most common types of business writing: resués and cover letters, other correspondence, company newsletter articles, descriptive writing like instructions and job descriptions, expository writing such as project reports and employee reviews, and persuasive writing like proposals. The conclusion asserts that words convey information as definitively as numbers, requiring an equal level of precision in their use; it also counsels that writing is an art, not a science, because only the unique circumstances of each writing situation determine what works best for that situation.

a writer should use language in an argumentative essay: All You Need to Know about Grammar Kathi Wyldeck, 2007 This book aims to introduce and explain all the main concepts of gram mar to students in Years 7-10. a writer should use language in an argumentative essay: Central Themes Maya Kourani, Yousra Sabra (Ph.D.), Central Themes, Level Three, General and Life Sciences (GLS), is an English language course book designed for GLS students in Secondary Three. Its scope and sequence is based on the English syllabus of the Lebanese Ministry of Education and Higher Education. Central Themes, Level Three, GLS, presents topics, such as technology, teenagers, natural phenomena, human rights, environment, and hygiene and nutrition, which exhibit universality and stand true for people of all cultures. Through those topics, students better understand human experiences and gain insight into how the world works. Central Themes, Level Three, GLS, is ideal for classroom interaction and test preparation.

a writer should use language in an argumentative essay: The Genre of Argument Irene L. Clark, 1998 The Genre of Argument is a rhetoric that defines the distinguishing characteristics of the argument paper, which students can understand easily once they are aware of its context and purpose. By looking at argument as a genre, students gain insight into how purpose influences many features of successful argumentative writin. Students are led to find the problem within a topic and develop a position or thesis in response to that situation. The overt consideration of genre will help students to apply generic conventions in a multiplicity of contexts.

a writer should use language in an argumentative essay: Pluriversal Literacies Romeo Garcia, Ellen Cushman, Damián Baca, 2024-01-02 Decolonial projects can end up reinforcing dominant modes of thinking by shoehorning understandings of Indigenous and non-Western traditions within Eurocentric frameworks. The pluralization of literacies and the creation of so-called

alternative rhetorics accepts that there is a totalizing reality of rhetoric and literacy. This volume seeks to decenter these theories and to engage Indigenous contexts on their own terms, starting with the very tools of representation. Language itself can disrupt normative structures and create pluriversal possibilities. The volume editors and contributors argue for epistemic change at the level of the language and media that people use to represent meaning. The range of topics covered includes American Indian and Indigenous representations, literacies, and rhetorics; critical revisionist historiography and comparative rhetorics; delinking colonial literacies of cartographic power and modernity; “northern” and “southern” hemispheric relations; and theorizations of/from oceanic border spaces.

a writer should use language in an argumentative essay: CliffsNotes AP English Language and Composition, 4th Edition Barbara V. Swovelin, 2012-06-05 A new edition of the bestselling AP English Language from CliffsNotes Includes introductory chapters on the different question types you'll encounter on the exam Features four full-length practice exams with detailed answer explanations and model essay responses
