aaradhya bachchan leg problem: *The Gated Republic* Shankkar Aiyar, 2020-06-01 Seventy years since it became a republic, India has come a long way. But it is still failing on some key fronts. Piped drinking water for all continues to be a pipe dream; homes and businesses are haunted by power outages; the lack of proper primary health care renders the poorest more vulnerable; millions of children coming out of schools lack rudimentary skills; and the security of lives and enterprises, a source of great anxiety, depends on private contractors. Indians are seceding from dependence on the government for these most basic of services and are investing in the pay-and-plug economy. They have internalized the incapacity of the state to deliver these and are opting for private providers despite the costs. But can India sustain private republics amidst public failures in a landscape scarred by social and economic fault lines? What are the possible solutions? Can government reinvent itself? *The Gated Republic* presents an interrogative view of the history and future of private India.

Hysterical crowds camped outside his house to catch a glimpse of the superstar. And the frenzy unleashed by his public appearances was enough to give law-enforcers a nightmare. In the 1970s, Rajesh Khanna achieved the kind of fame that no film star had ever experienced before—or has since. But having climbed to the pinnacle of success, he then saw it all vanish. And through it all, he remained a fighter till the very end. aaradhya bachchan leg problem: The Chinar Leaves M.L. Fotedar, 2015-10-15 Memoir of one of Indira Gandhi's closest confidants One day, soon after M.L. Fotedar had joined Indira Gandhi as political secretary in July 1980, she told him to sit at 1 Akbar Road. This would enable him to meet the people who came to her with various requests. She suggested a small room to serve as his workspace. But it was one she was emotionally attached to -- it was used by her son Sanjay, who had recently died in an air crash. For the rest of Indira Gandhi's final term in office, this room would be the nerve centre of Fotedar's work. Ordinary people and senior party leaders would come there for him to filter their requests and complaints. From assessing future leaders -- be it V.P. Singh, Pranab Mukherjee or Ahmed Patel -- with remarkable foresight, to straightening up those who were being difficult, he did it all. The Chinar Leaves paints a portrait of a six-decade-long political career that began in Kashmir and gives insights into the murky world of national politics. Here are the stories of many careers that were made and unmade in the Congress. Among these are the saga of Narasimha Rao's no-holds-barred effort to stay in power, Amitabh Bachchan's falling out of favour with the Gandhi family, the machinations of succession after Indira Gandhi's death, Giani Zail Singh's tiff with Rajiv, and many more. Fotedar, for long the voice of political wisdom in the party, also passes his verdict on the current crop of Congress leadership and searches Indira Gandhi's will, to which he was a signatory, for the true successor to her legacy. As a record of Indian politics at a time of momentous events, this is a frank and sometimes shocking look at recent history from the man who exercised immense influence from behind the scenes and whose impact continues to this day.

By the mid-1990s Alan had gone freelance and, following the end of apartheid, was reunited with the SABC to cover

South Africa's return to world sport with the 1994 cricket tour to England and the 1995 Rugby World Cup. He also began what would become a long association with Singapore-based ESPN Star Sports (ESS) by commentating on the 1996 Indian cricket tour of England. By 1997 Alan had joined the ESS commentary team in India for the One Day International series between India and Sri Lanka where he was part of the commentary team, with Ravi Shastri, Sunil Gavaskar, Navjot Singh Sidhu, Harsha Bhogle and Geoffrey Boycott, otherwise known as A Few Good Men. In February 2000 he re-located to Singapore to work for ESS and for almost 16 years enjoyed broadcasting cricket, golf, rugby, tennis and a host of other sports across the Indian sub-continent. A return home to Wales in 2015 has reignited Alan's love for rugby but as you'll read in *Easier Said Than Done*, his love of sport means the shape or size of the ball is not an issue.

aaradhya bachchan leg problem: *Riot* Shashi Tharoor, 2011-12-03 Who killed twenty-four-year-old Priscilla Hart? This highly motivated, idealistic American student had come to India to volunteer in women's health programs, but had her work made a killer out of an enraged husband? Or was her death the result of a xenophobic attack? Had an indiscriminate love affair spun out of control? Had a disgruntled, deeply jealous colleague been pushed to the edge? Or was she simply the innocent victim of a riot that had exploded in that fateful year of 1989 between Hindus and Muslims? Experimenting masterfully with narrative form in this brilliant tour de force, internationally acclaimed novelist Shashi Tharoor chronicles the mystery of Priscilla Hart's death through the often contradictory accounts of a dozen or more characters, all of whom relate their own versions of the events surrounding her killing. Like his two previous novels, *Riot* probes and reveals the richness of India, and is at once about love, hate, cultural collision, the ownership of history, religious fanaticism, and the impossibility of knowing the truth.

She arrived with her English mother, Danish father, and her ten-year-old brother who had seen too many films and expected to be gunned down in the street. Switching from school to school, she eventually settled at Mamaroneck High and at the tender age of thirteen fell in love. With the theatre. The school production that year was *The Skin of Our Teeth* by Thornton Wilder. Sandi was one of three girls chosen to play Gladys Antrobus, and before long Gladys One, Gladys Two and Gladys Three had become firm friends. By the time of the play's performance, the 'Gladys Society' had stretched to twelve, to include every female member in the company and the drama teacher Miss Frey. Thirty years on, Sandi decided to return to the US to discover what happened to her fellow 'Gladyses' and, in the process, rediscover America. Part travelogue, part memoir, *The Gladys Society* is the often hilarious and sometimes moving account of her journey.

aaradhya bachchan leg problem: *The Making of Don* Krishna Gopalan, 2014-09 When Chandra Barot set out to make *Don*, it was not with the idea of giving birth to one of India's most

iconic thrillers but to make a good film for a good cause. No one involved with the making of the film foresaw the kind of overarching impact it would have, not only in terms of its success at the box office but in spawning a cult phenomenon that would stay strong more than three decades later-with its slick theme, fantastic music and unforgettable dialogues, that is what *Don* became. The journey of *Don* was not an easy one. Shot over four years, it faced several hurdles before making it to the theatres. While the casting and music of *Don* have now acquired legendary status, there were some close shaves before it all came together: Iftekhar's role of the cop was eyed by a big star of the 1960s; getting Kalyanji-Anandji to compose the score called for a delicate balancing act; it was only thanks to the shrewd advice of a mentor that the super-successful '*Khai ke paan Banaras wala*' was included at the very last minute. And, wonder of wonders, it was not Amitabh Bachchan who was paid the most for the film! Through a fast-paced narrative born out of interviews with the cast and crew, and supplemented with rare photographs from the director's archives, *The Making of Don* tells a tale that is as compelling as the one that finally made it to the big screen. Engaging and captivating, this is the story of one of Bollywood's most memorable classics.

How do movies reinforce—and sometimes overturn—social norms? As societies evolve, do the films that were once considered 'great' slip into obscurity? Which ones? Why? These questions, and many others like them, represent the mainstream of scholarly film studies today. In *Engaging Cinema*, Bill Nichols offers the first book for introductory film students that tackles these topics head-on. Published in a handy 'trade paperback' format, *Engaging Cinema* is inexpensive and utterly unique in the field—a perfect complement to or replacement for standard film texts.

aaradhya bachchan leg problem: *The Wrong Turn* Anjay Chopra, Namita Roy Ghose, 2017-02-02 1944, Kohima — a small, sleepy town in northeast India. Subhash Chandra Bose and his Indian National Army (INA) along with the Japanese, are on the brink of bringing the Empire to its knees and forcing the British out of India. But, inexplicably, the tables turn. The INA's advance is thwarted and the victory march to Delhi is halted. Seventy years later, the British admit that the Battle of Kohima was the greatest battle they had ever fought. Even more so than the battles of Waterloo and Dunkirk. Was it then that old Indian curse — betrayal? Someone from within Netaji's own ranks? Were there forces other than the British, waiting in the shadows closer to home, who stood to gain even more from the INA's defeat? Or was it just love that irrevocably altered the course of India's destiny? *The Wrong Turn: Love and Betrayal in the Time of Netaji*, is a sweeping tale of passion set against the freedom struggle. Debraj, the rakish playboy and scion of a distinguished Calcutta family, and Nishonko, the fiery revolutionary sworn to the cause of the INA,

must not only fight their common enemy, but also for the love of Aditi, the rebel with the healing touch. A haunting tale of love, friendship and betrayal of an entire nation, *The Wrong Turn* veers inexorably towards a poignant redemption.

No other industry name comes close to matching the breadth of her achievements. In an industry where the male star has traditionally driven the commercial success of films, Hema was an exception, with her name alone sufficing to ensure a film's box-office glory. She was, arguably, India's first female superstar. Apart from starring in mainstream super-hits like *Johny Mera Naam*, *Jugnu*, *Andaz*, *Seeta Aur Geeta*, *Sholay* and, more recently, *Baghban*, she received critical acclaim for her performances in *Lal Patthar*, *Khushboo*, *Kinara*, *Meera*, *Ek Chadar Maili Si* and *Razia Sultan*. But there is much more to her than just her Bollywood journey. From her efforts at reviving and sustaining classical dance to her graceful handling of her personal life and the controversies that have plagued her in her political avatar, from her relationships to her religious beliefs and her recent tryst with singing, *Hema Malini: Beyond the Dream Girl* covers it all. With detailed interviews and exclusive anecdotes from her family, friends and co-actors, this is an inside look at the remarkable life of one of our greatest cinema icons, someone who has truly lived life on her own terms.

Based on interviews with more than one hundred people in five countries, *The Art of Her Deal: The Untold Story of Melania Trump* is "an extraordinary work" (Salon) that draws an unprecedented portrait of the first lady. We see that behind the scenes Melania Trump is not only part of President Trump's inner circle, but for some key decisions she has been his single most influential advisor. Jordan interviewed key people in Melania's close circle who speak publicly for the first time and uncovered never-before-seen photos and tapes of the tall woman with "tiger eyes," as a judge in an early modeling contest said. *The Art of Her Deal* shows Melania's ascent from a modest life, tracing her journey from childhood under a communist dictator to her complicated relationship with Donald Trump. The picture that emerges is "that the first lady is not a pawn but a player... and a woman able to get what she wants from one of the most powerful and transparently vain men in the world" (NPR). And while it is her husband who became famous for the phrase "the art of the deal," this is the story of the art of her deal.

Forty-two days after his arrival he made his first break, travelling a thousand gruelling miles in an open boat. Recaptured, he went into solitary confinement and was sent eventually to Devil's Island, a hell-hole of disease and brutality. aaradhya bachchan leg problem: Meena Kumari Vinod Mehta, 2013-07-10 *The Life and Times of India's Greatest Tragedienne* Vinod Mehta's riveting account of Meena Kumari's life begins with her death, weeks after the release of her swan-song *Pakeezah*. He goes back in time to Meetawala Chawl in Dadar East, where she was born, and to the flats and mansions she lived in, the studios where she worked, the hospital where she died and the cemetery she was cremated in. Having never met the star, Mehta talks to all those who were close to her - her much-maligned husband Kamal Amrohi, her sisters, her in-laws, her colleagues and co-stars - to create a complex portrait of a woman who carefully cultivated the image of someone 'unfairly exploited and betrayed by her lovers and lady luck'. It was a picture that blended with her on-screen persona. The media had, after all, already anointed her Hindi cinema's 'great tragedienne'. First published in 1972, this revised edition comes with a fresh introduction by the author and introduces a legend of Indian cinema to a new readership.

His stylized dialogues and screen mannerisms are legion, and his guy-next-door-cum-superhero image has found a hysterically appreciative following among millions of moviegoers. Naman Ramachandran's marvellous biography recounts Rajini's career in meticulous detail, tracing his incredible cinematic journey from Apoorva Raagangal (1975) to *Kochadaiyaan* (2013). Along the way, the book provides rare insights into the Thalaivar's personal life, from his childhood days to his times of struggle—when he was still Shivaji Rao Gaekwad—and then his eventual stardom: revealing how a legend was born.

Marshall, Charles de Gaulle, Dwight D. Eisenhower, and Margaret Thatcher. Each of these leaders fundamentally shaped the outcome of the war in which their nation was embroiled. Is war leadership unique, or did these leaders have something in common, traits and techniques that transcend time and place and can be applied to the essential nature of conflict? Meticulously researched and compellingly written, *Leadership in War* presents readers with fresh, complex portraits of leaders who approached war with different tactics and weapons, but with the common goal of success in the face of battle. Both inspiring and cautionary, these portraits offer important lessons on leadership in times of struggle, unease, and discord. With his trademark verve and incisive observation, Roberts reveals the qualities that doom even the most promising leaders to failure, as well as the traits that lead to victory.
