What happens when loving Jesus doesn't cure you of depression, anxiety, or suicidal thoughts? You might be crushed by shame over your mental illness, only to be told by well-meaning Christians to "choose joy" and "pray more." So you beg God to take away the pain, but nothing eases the ache inside. As darkness lingers and color drains from your world, you're left wondering if God has abandoned you. You just want a way out. But there's hope. In *I Love Jesus, But I Want to Die*, Sarah J. Robinson offers a healthy, practical, and shame-free guide for Christians struggling with mental illness. With unflinching honesty, Sarah shares her story of battling depression and fighting to stay alive despite toxic theology that made her afraid to seek help outside the church. Pairing her own story with scriptural insights, mental health research, and simple practices, Sarah helps you reconnect with the God who is present in our deepest anguish and discover that you are worth everything it takes to get better. Beautifully written and full of hard-won wisdom, *I Love Jesus, But I Want to Die* offers a path toward a rich, hope-filled life in Christ, even when healing doesn't look like what you expect.

abc financial golds gym: *In Sunshine Or in Shadow* Donald McRae, 2020-03 SHORTLISTED FOR THE WILLIAM HILL SPORTS BOOK OF THE YEAR PRIZE 'One of the most captivating boxing writers on the planet' Barry McGuigan 'A superb tale...His inspirational story celebrates peace and reconciliation' Daily Telegraph Multi-award-winning author Donald McRae's stunning new book is a powerful tale of hope and redemption across the sectarian divide in Northern Ireland - thanks to boxing. At the height of the Troubles, Gerry Storey ran the Holy Family gym from the IRA's heartland territory of New Lodge in Belfast. Despite coming from a family steeped in the Republican movement, he insisted that it would be open to all. He ensured that his boxers were given a free pass by paramilitary forces on both Republican and Loyalist sides, so they could find a way out of the province's desperate situation. In the immediate aftermath of the 1981 Hunger Strikes, Storey would

also visit the Maze prison twice a week to train the inmates from each community, separately. In itself, this would be a heroic story, but Storey went further than that: he became the trainer for world champion Barry McGuigan and Olympian Hugh Russell, who became one of the most famous photographers to document the Troubles. Even with all his success and the support of both sides, Storey still found himself subjected to three bomb attacks from those who were implacably hostile to any form of reconciliation. He also worked with the Protestant boxer Davy Larmour, who fought two bloody battles in the ring against Russell, his Catholic friend. At the same time, in Derry, the British and European lightweight champion Charlie Nash fought without bitterness after his brother was killed and his father was shot on Bloody Sunday - the most infamous day of the conflict. Now, Donald McRae reveals the extraordinary tale of those troubled times. After years of research and intimate interviews with the key characters in this story, he shows us how the violent business of boxing became a haven of peace and hope for these remarkable and compassionate men. In *Sunshine or in Shadow* is an inspirational story of triumph over adversity and celebrates the reconciliation that can take place when two fighters meet each other in the ring, rather than outside it. '[An] outstanding and important book, Don McRae's powerful storytelling shows the courage of the people of the North' Andy Lee

abc financial golds gym: I Choose Elena Lucia Osborne-Crowley, 2020-02-18 Aged fifteen and on track to be an Olympic gymnast, Lucia Osborne-Crowley was violently raped in Sydney on a night out, sparking a series of events that left her devastatingly ill for more than ten years of her life. Her path to healing began a decade later, when she told someone about her rape for the very first time. Lucia eventually found solace in writers like Elena Ferrante, and her work is about rediscovering vulnerability and resilience in the face of formerly unbearable trauma. The author explores what has been proved, but is not yet widely known, about how trauma affects the body, bringing to our attention its cyclical, intergenerational nature; how trauma intersects with deeply held beliefs about the credibility of women; and how trauma is played out again and again in the fabric of our cultures, governments, judicial systems and relationships.
