abigail breslin greys anatomy: The Cultural Politics of Colorblind TV Casting Kristen J. Warner, 2015-06-05 This book fills a significant gap in the critical conversation on race in media by extending interrogations of racial colorblindness in American television to the industrial practices that shape what we see on screen. Specifically, it frames the practice of colorblind casting as a potent lens for examining the interdependence of 21st century post-racial politics and popular culture. Applying a 'production as culture' approach to a series of casting case studies from American primetime dramatic television, including ABC's *Grey's Anatomy* and The CW's *The Vampire Diaries*, Kristen Warner complicates our understanding of the cultural processes that inform casting and expounds the aesthetic and pragmatic industrial viewpoints that perpetuate limiting or downright exclusionary hiring norms. She also examines the material effects of actors of color who knowingly participate in this system and justify their limited roles as a consequence of

employment, and finally speculates on what alternatives, if any, are available to correct these practices. Warner's insights are a valuable addition to scholarship in media industry studies, critical race theory, ethnic studies, and audience reception, and will also appeal to those with a general interest in race in popular culture.

Jennifer Love Hewitt is a self-proclaimed love-aholic and hopeless romantic (her middle name is Love, after all!). She has been lucky and unlucky in love, and lived to tell -- and she's done it all in the spotlight. Much has been written about her love life--some true, most made up to sell magazines. Now Hewitt shares the real story of what she's learned navigating the dangerous dating waters. In The Day I Shot Cupid, Hewitt offers her hard-won wisdom and tells us how to embrace love with both feet on the ground. First, we have to shoot Cupid. We have to believe that happily-ever-after is hard work -- it's not all flowers and symphonies and floating hearts. Wise and wry and refreshingly honest, Hewitt talks about how to pick the right guy and how to know when to let the wrong ones go free, and she offers some surprising truths about the opposite sex. From twenty things to do after a breakup, to ten things to do before a date, to the perils of text flirting (Note: You are waiting. By the phone. For his response.), Hewitt uses stories and dating secrets to illustrate the idiotic, romantic, crazy, depressing, hilarious, awkward, glorious moments we all experience in relationships. Funny, quirky, and empowering, The Day I Shot Cupid deserves a place on every woman's nightstand, bookshelf, or coffee table, or tucked inside her oversized designer handbag.

She knows when to bless and to curse, to wonder and to judge, and she doesn't flinch. NOTHING IN NATURE IS PRIVATE is an arrival. It's the kind of book that makes you hopeful for American poetry.—Robert Hass I am excited by Claudia Rankine's poems, their elegance, their emotional force, their scrupulous intimation of multiple identities. abigail breslin greys anatomy: The End of the Alphabet Claudia Rankine, 2007-12-01 A "harrowing and hallucinogenic" collection of poems from author of the New York Times-bestselling National Book Award-finalist *Citizen: An American Lyric* (Library Journal). Claudia Rankine's book-length poem about rising racial tensions in America, *Citizen: An American Lyric*, won numerous prizes, including the The National Book Critic's Circle Award. Her new collection of poems—intrepid, obsessive, and erotic—tell the story of a woman's attempt to reconcile herself to her own despair. Drawing on voices from Jane Eyre to Lady MacBeth, Rankine welds the cerebral and the spiritual, the sensual and the grotesque. Whether writing about intimacy or alienation, what remains long after is her singular voice—its beguiling cadence and vivid physicality. There is an unprotected quality to this writing, as if each word has been pushed out along the precipice, daring us to go with it. Rankine's power lies in the intoxicating pull of that dare. From one of contemporary poetry's most powerful and provocative authors, *The End of the Alphabet* is a work where "wits at once keen and tenacious match themselves against grief's genius" (Boston Review).

As an imperious, acerbic old woman lies dying, she is tended by two other women and visited by a young man. Albee's frank dialogue about everything from incontinence to infidelity portrays aging without sentimentality. His scenes are charged with wit, pain, and laughter, and his observations tell us about forgiveness, reconciliation, and our own fates. But it is his probing portrait of the three women that reveals Albee's genius. Separate characters on stage in the first act, yet actually the same "everywoman" at different ages in the second act, these "tall women" lay bare the truths of our lives—how we live, how we love, what we settle for, and how we die. Edward Albee has given theatergoers, critics, and students of drama reason to rejoice.
